(13) To procure the temporary (not in excess of one year) or intermittent services of experts or consultants, or organizations thereof: *Provided,* That such authority shall not include the authority to procure stenographic reporting services. Sec. 208 (b) (5 U. S. C. 630h (b)).

b. *Title III.* (1) To negotiate contracts without advertising for any service to be rendered by any university, college, or other educational institution. Sec. 302 (c) (5).

2. *Other applicable statutes, regulations, and Executive orders:* c. *Illustrations in field printing.* (1) To make the certifications as to the use of illustrations in the General Services Administration field printing prescribed by the Government Printing and Binding Regulations, published by the Joint Committee on Printing, Congress of the United States: *Provided,* That the additional cost of the illustrations in such printing in any case shall not exceed $500. This authority may not be redelegated.

d. *Legal activities.* (1) To consider, ascertain, determine, adjust and settle the following claims:

(a) Any claim, demand, or request for adjustment in the nature of a claim, other than those described in paragraph 1. a. (2) above, arising out of or incident to any contract, agreement, lease, or permit executed pursuant to competent authority covering the procurement by purchase, construction, or otherwise, or disposal of personal property, real property, and services: *Provided, however,* That this authority shall not impair or affect authority otherwise vested in contracting officers to decide questions of fact under disputes clauses of contracts, or any responsibility vested in the Board of Review.

(b) Any claim under the Federal Tort Claims Act, as amended (60 Stat. 843 (1946), 28 U. S. C. 267), and any claim in tort by General Services Administration on behalf of the Government.

(2) To apply for a court order for delivery of property subject to forfeiture proceedings under Section 304 of the Act of August 27, 1935, as amended. This authority may be redelegated to the Regional Counsel only. (49 Stat. 880, 40 U. S. C. 304i.)

(3) To certify true copies of delegations of authority by the Administrator and redelegations by other General Services Administration officials, and to provide such further certification as may be necessary to effectuate the intent of such delegations and redelegations in form for recording in any jurisdiction, as may be required.

(4) To authenticate and attest copies of records created by General Services Administration, to furnish authenticated copies of such records, and to charge fees therefor.

(5) To determine whether the release of authenticated copies of any records in the custody of the Administrator is legal and not prejudicial to the national interest or security of the United States and to furnish properly authenticated copies of such records in response to subpoenas duces tecum in appropriate cases.

f. *Purchases.* (1) To make purchases of office supplies, equipment, and nonpersonal services, not available from General Services Administration stores stock, or through the use of supply and service contracts executed by the Federal Supply Service.

Effective date. This delegation of authority shall become effective immediately.

FRANKLIN FLOETE,
Administrator.

JULY 24, 1958.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Narcotics

[21 CFR Ch. II]

(—) 3-HYDROXYMORPHINAN AND OTHER DRUGS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the provisions of the Act of March 8, 1946 (60 Stat. 38; 26 U. S. C. 4731), section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1103), and by virtue of the authority vested in me by the Secretary of the Treasury (12 F. R. 1480), that a determination is proposed to be made that each of the following named new drugs has an addiction-forming or addiction-sustaining liability similar to morphine and is an opiate:

(—) 3-Hydroxymorphinan
2'-Hydroxy-2,5,9-trimethyl - 6,7-benzmorphan
3 - Allyl-1-methyl-4-phenyl - 4 - propionoxypiperidine
Dimethylaminoethyl diphenyl-a-ethoxyacetate

Consideration will be given to any written data, views or arguments, pertaining to the addiction-forming or addiction-sustaining liability of the above-named drugs, which are received by the Commissioner of Narcotics prior to September 2, 1958. Any person desiring to be heard on the addiction-forming or addiction-sustaining liability of the above-named drugs will be accorded the opportunity at a hearing in the office of the Commissioner of Narcotics, 1300 E Street NW., Washington 25, D. C., at 10:00 o'clock a. m., September 2, 1958, provided that such person furnishes written notice of his desire to be heard, to the Commissioner of Narcotics, Washington 25, D. C., not later than 20 days from the publication of this notice in the FEDERAL REGISTER. If no written notice of a desire to be heard shall be received within 20 days from the date of publication of this notice in the FEDERAL REGISTER, no hearing shall be held, but the Commissioner of Narcotics shall proceed to make a recommendation to the Secretary of the Treasury for a finding under section 1 of the act of March 8, 1946.

(60 Stat. 38; 26 U. S. C. 4731)

[SEAL] H. J. ANSLINGER,
Commissioner of Narcotics.

POST OFFICE DEPARTMENT

[39 CFR Part 46]

RURAL PATRONS, AFFIXING OF STAMPS DURING MONTH OF DECEMBER

NOTICE OF PROPOSED RULEMAKING

It is proposed to amend the Department's regulations to require patrons on rural routes to affix stamps to all greeting cards and letter mail during the month of December each year. The amendment to Title 39, Chapter I, Code of Federal Regulations, which follows will achieve the desired purpose.

The proposed change relates to a proprietary function of Government, and is therefor exempt from the rulemaking requirements of 5 U. S. C. 1003. However, the Postmaster General desires to voluntarily observe the requirements in this case so that postal patrons may have an opportunity to present written views concerning the proposed regulation. Consideration will be given the regulation in the light of such comments as may be received. Such written views may be submitted to Mr. P. R. Gallagher, Director, Delivery Services Branch, Bureau of Operations, Post Office Department, Washington 25, D. C., at any time prior to August 30, 1958.

In § 46.4 *Payment of postage,* insert the following as the second sentence of paragraph (a): "During the month of December, however, patrons are required to affix stamps to all greeting cards and letter mail."

NOTE: The corresponding Postal Manual section is 156.41.

(R. S. 161, 396, as amended; sec. 1, 39 Stat. 423; 5 U. S. C. 22, 369, 39 U. S. C. 191)

[SEAL] LEO G. KNOLL,
Acting General Counsel.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR Part 192]

OIL AND GAS LEASES

PROPOSED RULE MAKING

Notice is hereby given that, pursuant to the authority vested in the Secretary of the Interior by the act of February 25, 1920 (41 Stat. 437; 30 U. S. C., sec. 181, et seq.), as amended and supplemented, it is proposed to amend 43 CFR 192.3, 192.4 and 192.42 hereinafter set forth. The proposed amendment of § 192.3 (a) would include within the accountable acreage limitations the acreage included in applications or offers to lease. The acreage limitations have been construed consistently to apply to lease applications and offers as well as to leases almost since the enactment of the Mineral Leasing Act. (Circular 1036, October 16, 1925, 51 L. D. 239; Circular 1073, June 18, 1926, 51 L. D. 475.)

Interested parties may submit in triplicate written comments and suggestions with respect to the proposed amendments to the Director, Bureau of Land Management, Washington 25, D. C., within 30 days from the date of publication hereof in the FEDERAL REGISTER.

Dated: July 24, 1958.

FRED A. SEATON,
Secretary of the Interior.

1. Paragraphs (a) and (c) of § 192.3 are amended to read as follows, and new paragraphs (d) and (e) are added thereto:

§ 192.3 *Acreage limitations.* (a) No person, association, or corporation, except as in the act provided, may hold more than 46,080 acres in any one State, or more than 100,000 acres in the Territory of Alaska, whether directly through the ownership of leases or interests in leases and applications or offers therefor or indirectly as a member of an association or associations, or as a stockholder of a corporation or corporations, holding leases or interests therein and applications or offers therefor. Leases or offers or applications for leases committed to any unit or cooperative plan approved or prescribed by the Secretary of the Interior shall not be included in computing accountable acreage. Leases or offers or applications for leases subject to an operating, drilling, or development contract approved by the Secretary of the Interior pursuant to section 17 (b) of the act, other than communitization agreements, shall be excepted in determining the accountable acreage of the lessees or operators.

* * * * *

(c) No lease will be issued and no transfer or operating agreement will be approved until it has been shown that the offeror, transferee, or operator is entitled to hold the acreage or obtain the operating rights.

(d) At any time upon request by the authorized officer of the Bureau of Land Management, the record title holder of any lease or a lease operator or a lease offeror may be required to file in the appropriate land office duplicate statements under oath, showing (1) the serial number and the date of each lease of which he is the record holder, or under which he holds operating rights, and each application or offer for lease held or filed by him in the particular State or Territory setting forth the acreage covered thereby, and (2) the nature, extent and acreage interests, including royalty interests held by him in any oil and gas lease of which the reporting party is not the lessee of record, whether by corporate stock ownership, interest in unincorporated associations and partnerships, or in any other manner.

(e) (1) If any person holding or controlling only leases or interests in leases is found to hold accountable acreage in violation of the provisions of this section and of the act, the last lease or leases or interest or interests acquired by him which created the excess acreage holding may be cancelled or forfeited or the person holding or controlling such leases or interests may be compelled to dispose of them. The entire lease or interest causing the excess holding will be cancelled or forfeited or required to be disposed of even though only part of the acreage in the lease or interest constitutes excess holding.

(2) If any person holding or controlling leases or interests in leases only, or applications or offers for leases only, or both leases or interest in leases and applications or offers, below the acreage limitation provided in this section, files an application or offer, or a group of applications or offers (filed simultaneously), which causes him to exceed the acreage limitation, the application or offer, or group of applications or offers, causing the excess holding, will be rejected in its entirety.

(3) If any person holding or controlling both leases or interests in leases and applications or offers for leases, or only applications or offers for leases, below the acreage limitation provided in this section, acquires a lease or leases, or interests therein, which cause him to exceed the acreage limitation, his most recently filed application or offer, or applications or offers, then containing acreage in excess of the limitation provided in this section will be rejected in its or their entirety. For the purpose of this subparagraph, time of filing shall be determined by the time of filing marked on the application or offer or, if the same time is marked on two or more applications or offers, by the serial number of the applications or offers.

(4) The provisions of this paragraph shall not limit any action which the Department may take with respect to excess acreage holdings in cases not otherwise covered by this paragraph.

2. Paragraph (a) of § 192.4 is amended to read as follows:

(a) Acreage held under a nonrenewable option, valid only for three years or such longer period as may be authorized by the Secretary, shall not be chargeable under § 192.3, but no optionee may hold options on leases or offers to lease at any one time for more than 200,000 acres in any one State, or in the Territory of Alaska.

3. Paragraph (e) of § 192.4 is amended to read as follows:

(e) Each optionee must file in the appropriate land office within 90 days after June 30 and December 31 of each year duplicate statements under oath, showing as of the prior June 30 and December 31, respectively (1) name of optionee and serial number of lease, application or offer for lease subject to option; (2) date and expiration date of each option; (3) number of acres covered by each option, and (4) aggregate number of options held in each State, and total acreage thereof. Option statements covering lands in the State of California shall be filed in the land office at Sacramento, California, and statements covering lands in Alaska shall be filed in the land office at Anchorage, Alaska.

4. Subparagraph (3) of paragraph (e) of § 192.42 is amended and subdivided to read as follows:

(e) Each offer, when first filed, shall be accompanied by: * * *

(3) (i) Except in a case where an officer of a corporation signs an offer on behalf of the corporation (as to which see paragraph (f) of this section), evidence of the authority of the attorney in fact or agent to sign the offer and lease, if the offer is signed by such attorney or agent on behalf of the offeror.

(ii) If such offeror is an individual, a statement over the offeror's signature setting forth the offeror's citizenship and whether the offeror's direct and indirect interests in oil and gas leases, applications, and offers therefor, exceed 46,080 chargeable acres in the same State, or exceed 100,000 acres in the Territory of Alaska.

(iii) A signed statement by the offeror that he is the sole party in interest in the offer and the lease, if issued; if not he shall set forth the names and the nature and extent of the interest therein

of the other interested parties, the nature of the agreement between them, if oral, and a copy of such agreement, if written. Such statement must be signed by all of the interested parties including the offeror, and all interested parties must furnish evidence of their qualifications to hold such lease interest.

5. Paragraph (g) (1) of § 192.42 is supplemented by adding a new subdivision thereto as follows:

(viii) The offer is required to be rejected pursuant to § 192.3 (e).

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 984]

WALNUTS GROWN IN CALIFORNIA, OREGON, AND WASHINGTON

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO REVISION OF ADMINISTRATIVE RULES AND REGULATIONS

Notice is hereby given that the Secretary is considering the revision of § 984.463 and the addition of a new section, § 984.479, in the administrative rules and regulations (7 CFR 984.401–984.488) pertaining to operating procedures of the Walnut Control Board applicable to walnut handlers pursuant to Marketing Agreement No. 105, as amended, and Order No. 84, as amended (7 CFR Part 984), regulating the handling of walnuts grown in California, Oregon, and Washington, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

It is proposed that § 984.463 *Disposition of substandard walnuts* be revised to set forth specific control procedures applicable to the disposal of substandard walnuts by handlers and thereby enable the Walnut Control Board to more effectively carry out its functions.

Proposed new § 984.479 would specify the records to be maintained by handlers pursuant to § 984.79 of the marketing agreement and order.

Consideration will be given to data, views, or arguments pertaining to these proposals which are filed with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, U. S. Department of Agriculture, Washington 25, D. C., not later than the tenth day after publication of this notice in the FEDERAL REGISTER.

Proposed § 984.463 as revised and proposed new § 984.479 are as follows:

§ 984.463 *Disposition of substandard walnuts.* (a) (1) No handler may dispose of substandard walnuts which he holds except:

(i) By crushing them into oil, feeding them to livestock or destroying them; or

(ii) To a crusher approved by the Control Board to receive them for crushing into oil at a location where oil crushing facilities are available, or to a livestock feeder approved by the Control Board to receive them for feeding to livestock at a location where the walnuts are to be fed.

(2) During each marketing year the Control Board shall maintain an approved list of crushers and livestock feeders and of the locations within the area of production to which substandard walnuts may be shipped. The Board may deny approval to any applicant or remove any crusher or feeder from the approved list when such denial or removal is deemed necessary to insure control of substandard walnut disposition.

(3) Applications for approval to crush or feed substandard walnuts should be submitted to the Board annually on a form prescribed by the Board and which includes the location and a description of the crushing or feeding facilities to be used and a certification to the Control Board and the Secretary of Agriculture that the applicant will:

(i) Crush or feed such walnuts at the approved location.

(ii) Use such walnuts for no other purpose than for crushing into oil or livestock feeding.

(iii) Permit such inspection of his premises and of walnuts received and held by him, and such examination of his books and records covering walnut transactions as the Control Board may require.

(iv) Keep written records of his receipts, holdings and use of substandard walnuts available for examination by authorized representatives of the Control Board and the U. S. Department of Agriculture for a period of two years after the end of the marketing year in which the recorded transactions are completed.

(b) Each handler who uses substandard walnuts for oil production or livestock feeding or destroys them shall report the quantity and use of such substandard walnuts on WCB Form No. 20a not later than the 10th day of each month with respect to the substandard walnuts used or destroyed during the preceding month.

(c) Each handler who disposes of substandard walnuts to a crusher or livestock feeder approved by the Control Board, for oil production or livestock feeding, shall upon shipment furnish to the Control Board on a form specified by the Board a report giving the date, name and address of the handler and of the buyer, the quantity of substandard walnuts shipped, the intended use, the location to which shipped, and such other information as the Control Board may require.

§ 984.479 *Books and other records.* (a) Pursuant to § 984.79, each handler shall maintain true and complete records of all shelled and unshelled walnuts or walnut material, by categories, received, held, or disposed of by him. Such records shall include the following:

(1) The name and addresses of the persons from whom received, and the quantities received from each such person.

(2) The names and addresses of the persons to whom disposal is made, and the quantities disposed of to each such person.

(3) The quantities used by a handler for manufacturing, production of oil, and livestock feeding, or in other outlets.

(4) The quantities held on August 1, and January 1 of each marketing year.

(b) The records shall be maintained and in such form as to permit verification of all transactions involved and shall be made available during normal business hours to authorized representatives of the Walnut Control Board or the Secretary of Agriculture.

Dated: July 24, 1958.

[SEAL] S. R. SMITH,
Director,
Fruit and Vegetable Division.

[F. R. Doc. 58-5792; Filed, July 29, 1958; 8:48 a. m.]

[7 CFR Part 993]

DRIED PRUNES PRODUCED IN CALIFORNIA

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO APPROVAL OF BUDGET OF EXPENSES FOR PRUNE ADMINISTRATIVE COMMITTEE FOR 1958–59 CROP YEAR AND FIXING RATE OF ASSESSMENT FOR SUCH CROP YEAR

Notice is hereby given that the Secretary is considering the approval of a budget of expenses for the Prune Administrative Committee for the 1958–59 crop year and the fixing of a rate of assessment for that year, as hereinafter set forth. The amount of the budget and rate of assessment were unanimously recommended by the aforesaid committee in accordance with the provisions of Marketing Agreement No. 110, as amended, and Order No. 93, as amended (7 CFR Part 993; 22 F. R. 8254), regulating the handling of dried prunes produced in California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Consideration will be given to any data, views, or arguments pertaining thereto which are filed in triplicate with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., and received not later than the close of business on the eighth day after publication of this notice in the FEDERAL REGISTER. In the event that the said eighth day after publication should fall on a legal holiday, Saturday, or Sunday, such submissions must be received by the Director not later than the close of business on the next following business day.

The proposed budget of expenses and rate of assessment are as follows:

§ 993.309 *Budget of expenses of the Prune Administrative Committee and rate of assessment for the 1958–59 crop year*—(a) *Budget of expenses.* Expenses in the amount of $88,660 are reasonable and are likely to be incurred by the Prune Administrative Committee for its maintenance and functioning for the crop year beginning August 1, 1958 and ending July 31, 1959.

(b) *Rate of assessment.* Each handler shall pay to the Prune Administrative

Committee, in accordance with the provisions of § 993.50 (e), an assessment of 65 cents for each ton of dried prunes received by him as the first handler thereof during the crop year beginning August 1, 1958 and ending July 31, 1959, which assessment rate is hereby fixed as each handler's pro rata share of the aforesaid expenses.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 25, 1958.

[SEAL] S. R. SMITH,
Director,
Fruit and Vegetable Division.

[F. R. Doc. 58-5824; Filed, July 29, 1958; 8:55 a. m.]

[7 CFR Part 993]

DRIED PRUNES PRODUCED IN CALIFORNIA

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO SPECIAL REGULATION OF PRUNES FOR 1958–59 CROP YEAR

Notice is hereby given that the Secretary is considering the making of a finding and determination that the estimated season average price for prunes for the crop year which begins August 1, 1958, would be in excess of the price level contemplated by the provisions of section 2 (1) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), if the below-parity regulatory provisions of Marketing Agreement No. 110, as amended, and Order No. 93, as amended (7 CFR Part 993; 22 F. R. 8254), regulating the handling of dried prunes produced in California, effective under the act, were made operative for the 1958–59 crop year.

In conjunction with the proposed finding and determination, it is intended that the Secretary will order that the provisions of paragraphs (b), (c), (d), (e) and (f) of § 993.50 of said marketing agreement and order shall apply to all handling of prunes, and that pack regulations (7 CFR 993.501–993.518; 23 F. R. 3373) be suspended, during the remaining portion of the 1958–59 crop year beginning with the effective time of this proposed regulation. The invoking of such provisions would tend to effectuate the declared policy of the act for such crop year and would be in accordance with the authorization contained in § 993.50 (a).

In its meeting of June 17, 1958, the Prune Administrative Committee (established pursuant to the marketing agreement and order) considered data relevant to the formulation of a marketing policy for the 1958–59 crop year and unanimously recommended that the provisions of § 993.50 be made effective for that year. The 1958 production of prunes is indicated to be much below average. Moreover, it is definitely indicated that the total available supply of prunes in 1958–59 will be considerably less than the normal requirements for domestic and export markets and for carryout. The prospective supply and demand situation indicates that the estimated season average price to producers for prunes for 1958–59 would exceed parity if the handling of prunes were regulated pursuant to the below-parity regulatory provisions of this marketing program. However, the act authorizes no action which has for its purpose the maintenance of prices to farmers above parity.

Salable and surplus percentages of 90 and 10 percent, respectively, were established (22 F. R. 6645) for the 1957–58 crop year which ends July 31, 1958. The last sentence of § 993.59 (a) (1) provides that the salable and surplus percentages fixed for any crop year shall remain in full force and effect throughout the remainder of that crop year and during the following crop year until such percentages are fixed for the following crop year. However, it is proposed that there be no volume percentages established for the 1958–59 crop year. Therefore, if the provisions of § 993.50 are made effective after July 31, 1958, it is proposed to terminate the applicability of the volume percentages established in the 1957–58 crop year to handlers' acquisitions of prunes in the 1958–59 crop year and to order that any and all surplus tonnage prunes held by handlers and referable to their acquisitions of prunes during the crop year which begins on August 1, 1958, shall, as soon as practicable after the effective time of the proposed special regulation of prunes, be released to the respective handlers for disposition in accordance with the provisions of § 993.50 (c).

Consideration will be given to any data, views, or arguments pertaining to this notice which are filed in triplicate with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., and received not later than the close of business on the eighth day after publication of this notice in the FEDERAL REGISTER. In the event that the eighth day after publication should fall on a legal holiday, Saturday, or Sunday, such submissions must be received by the Director not later than the close of business on the next following business day.

Dated: July 25, 1958.

[SEAL] S. R. SMITH,
Director,
Fruit and Vegetable Division.

[F. R. Doc. 58-5823; Filed, July 29, 1958; 8:54 a. m.]

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 17]

BAKERY PRODUCTS; DEFINITIONS AND STANDARDS OF IDENTITY

NOTICE OF PROPOSAL TO AMEND DEFINITION AND STANDARD OF IDENTITY FOR BREAD TO ADD WHEAT GLUTEN TO THE LIST OF OPTIONAL INGREDIENTS

Notice is hereby given that Hercules Powder Company, Wilmington, Delaware, has filed a petition proposing that the definition and standard of identity for bread be amended to provide for adding wheat gluten, meeting specified functional tests, as an optional ingredient. The petition sets out that the purpose to be served by the added wheat gluten is to make a stronger dough with improved gas-retaining properties capable of yielding better finished baked products; for example, hamburger buns with a stronger hinge, which do not break easily when opened.

Pursuant to the authority of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919; 21 U. S. C. 341, 371) and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (22 F. R. 1045), all interested persons are hereby invited to present their views in writing regarding the proposal published below. Such views and comments should be submitted in quintuplicate, addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, Health, Education, and Welfare Building, 330 Independence Avenue SW., Washington 25, D. C., prior to the thirtieth day following the date of publication of this notice in the FEDERAL REGISTER.

The petitioner proposes that paragraph (a) of the definition and standard of identity for bread (21 CFR 17.1) be amended by adding thereto a new subparagraph, as follows:

(15) Wheat gluten derived from wheat flour from which starch has been removed by washing with water until the gluten contains not less than 75 percent protein on a moisture-free basis (not less than 13.16 percent nitrogen using the factor 5.7); provided that the gluten is not denatured during drying as determined by the test hereinafter set forth; and provided further that the term "wheat flour" shall mean the food whose standard of identity is prescribed by § 15.1 of this chapter, except that the percent of ash therein, calculated to a moisture-free basis, is not more than 2.3. To determine whether the wheat gluten is denatured use a laboratory sigma mixer of 1 pint capacity (Carl Heinrich Company, Boston, Massachusetts). Place 100 cubic centimeters of water at 25° C. in the mixer and start the mixer. Add 30 grams of wheat gluten gradually so as to aid dispersion. Time of addition is noted and the sample observed continuously until such time as the approach of dough formation is marked by a visual change in consistency of the slurry. When the gluten begins to agglomerate and separate from the water, the mixer is stopped. If the resulting pieces of agglomerated gluten can be combined into one large dough mass showing the homogeneity, elasticity, and film-forming properties of an undenatured gluten, the dough-forming point has been reached. If not, mixing is resumed until the material does show the above properties. The mixing time required for the formation of the dough is noted. If a sample of gluten forms a dough within 60 minutes the gluten has not been denatured during drying. If the gluten does not form a dough after mixing for 1

hour under the above-controlled conditions the gluten is deemed to have been denatured during drying.

Dated: July 23, 1958.

[SEAL] JOHN L. HARVEY,
Deputy Commissioner of Food and Drugs.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

NORTH DAKOTA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JULY 22, 1958.

The United States Army Corps of Engineers has filed an application, Serial No. M-021926 (ND) for the withdrawal of the lands described below, from all forms of appropriation including the mining but not the mineral leasing laws. The applicant desires the land for use in connection with the Garrison Dam and Reservoir Project as provided for by the Flood Control Act of December 22, 1944 (58 Stat. 887, 897).

For a period of thirty days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

ALASKA

NOTICE OF PROPOSED TRANSFER OF JURISDICTION

JULY 23, 1958.

Notice is hereby given that the Office of Territories, Department of Interior, has made application, Anchorage 043764, for transfer of jurisdiction of interest to the Office of Territories, under section 7 of the Public Works Act of August 24, 1949 (63 Stat. 629; 48 U. S. C. 486e), in the following described lands for a public works project AAA 50-A-315, Unit 2, for construction of the Tustumena School, near the Town of Kasilof, Alaska;

T. 3 N., R. 11 W., S. M.,
Sec. 31, SW¼SE¼NW¼;
Containing 10 acres more or less.

The purpose of this notice is to give persons having bona fide objection to the transfer, the opportunity to file with the Manager of the Anchorage Land Office, Alaska, a protest within thirty days from the date of the notice, together with evidence that a copy of the protest has been served on the District Director, Office of Territories, Juneau, Alaska.

IRVING W. ANDERSON,
Manager.

[F. R. Doc. 58-5779; Filed, July 29, 1958; 8:46 a. m]

ARKANSAS

NOTICE OF PROPOSED WITHDRAWAL

JULY 24, 1958.

The Department of the Army, Corps of Engineers, has filed an application for the withdrawal from all forms of appropriation under public land laws, including the United States Mining and Mineral Leasing Laws, subject to valid existing rights, the lands hereafter described.

The land is required for use in conjunction with the construction, operation and maintenance of the Dardanelle Lock and Dam Project, Arkansas, and will be subject to inundation by the Dardanelle Lock and Dam Project.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Washington 25, D. C.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary of the Interior on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The land involved in the application is:

FIFTH PRINCIPAL MERIDIAN, ARKANSAS

T. 8 N., R. 23 W.,
Sec. 27, E½SE¼SW¼.

The area described contains 20 acres.

H. K. SCHOLL,
Manager.

DEPARTMENT OF AGRICULTURE

Commodity Stabilization Service and Commodity Credit Corporation

CHAIRMAN, ALASKA ASC COMMITTEE

DELEGATION OF AUTHORITY WITH RESPECT TO CERTAIN COMMODITY CREDIT CORPORATION ACTIVITIES

In order to provide for the execution of certain documents in connection with Commodity Credit Corporation transactions in the Territory of Alaska, a delegation of authority is provided below, pursuant to authority vested in me by the bylaws of Commodity Credit Corporation.

The authority herein delegated shall be exercised in conformity with the bylaws, regulations, and programs of Commodity Credit Corporation, and the policies adopted by the Board of Directors of the Corporation.

Definitions. The term "CCC" shall mean Commodity Credit Corporation.

The term "ASC" shall mean Agricultural Stabilization and Conservation.

The term "committee member" shall mean any member of an ASC county committee within the Territory of Alaska.

Delegation. The Chairman, Alaska ASC Committee or, upon written designation by him, any county committee member may sign or countersign CCC sight drafts properly issued pursuant to any ASC-administered program in which the use of CCC sight drafts is prescribed.

Issued this 17th day of July 1958.

[SEAL] CLARENCE D. PALMBY,
Acting Executive Vice President, Commodity Credit Corporation.

DEPARTMENT OF COMMERCE

Federal Maritime Board

A. KIRSTEN AND SARTORI AND BERGER

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 46 U. S. C. 814):

Agreement No. 7822-1, between A. Kirsten and Sartori and Berger, modifies approved joint service Agreement No. 7822, covering the establishment and maintenance of a joint cargo service in the trade between Great Lakes ports of the United States and Canada, the St. Lawrence River, Nova Scotia, New Brunswick and Newfoundland, on the one hand, and Continental ports of Europe within the Bordeaux/Hamburg Range and the port of London. The purpose of the modification is to provide that notice required to cancel the agreement on November 1st of any year shall be given by September 1st of that year instead of by July 1st as presently provided.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: July 25, 1958.

By order of the Federal Maritime Board.

GEO. A. VIEHMANN,
Assistant Secretary.

[F. R. Doc. 58-5813; Filed, July 29, 1958; 8:52 a. m.]

CITY OF OAKLAND, CALIFORNIA AND HOWARD TERMINAL

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 46 U. S. C. 814):

Agreement No. 8085-C, between the City of Oakland, California, and Howard Terminal, provides for the cancellation of approved Agreement No. 8085, as amended and extended by Agreements Nos. 8085-A and 8085-A-1, covering the lease by the City of Oakland of its Grove Street Pier, Market Street Pier and certain area adjacent thereto, the lease of which is now covered by Agreement No. 8305, approved May 26, 1958.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: July 25, 1958.

By order of the Federal Maritime Board.

GEO. A. VIEHMANN,
Assistant Secretary.

[F. R. Doc. 58-5814; Filed, July 29, 1958; 8:52 a. m.]

ASSOCIATED-BANNING CO. ET AL.

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notice is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916 (39 Stat. 733, 46 U. S. C. 814):

Agreement No. 7576-2, between Associated-Banning Company, Indies Terminal Company, Marine Terminals Corporation (of Los Angeles), et al., modifies the basic agreement of the Master Contracting Stevedores Association of Southern California, No. 7576, the objects and purposes of which are to promote fair and honorable business practices among the parties thereto in the performance of car loading, car unloading and accessorial services in connection therewith at docks and terminals at Southern California ports. The purpose of the modification is (1) to change the present name of the Association to "Southern California Carloading Tariff Bureau," and (2) to substitute "Federal Maritime Board" for "U. S. Maritime Commission" or "Maritime Commission", wherever such latter designations appear in the agreement.

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to the agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: July 25, 1958.

By order of the Federal Maritime Board.

GEO. A. VIEHMANN,
Assistant Secretary.

FEDERAL POWER COMMISSION

[Project No. 2114]

PUBLIC UTILITY DISTRICT NO. 2 OF GRANT COUNTY, WASHINGTON

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE

JULY 23, 1958.

Public notice is hereby given that Public Utility District No. 2 of Grant County, Washington, of Ephrata, Washington, has filed application under the Federal Power Act (16 U. S. C. 791a-825r) for amendment of the license for water-power Project No. 2114, located on the Columbia River in Chelan, Douglas, Kittitas, Grant, Yakima, and Benton Counties, Washington, to include therein two 230-kilovolt, three-phase, single-circuit, steel-tower transmission lines, designated as Priest Rapids-Midway 230 kv Lines Nos. 1 and 2, and extending closely parallel to each other in an easterly direction from Priest Rapids Powerhouse of Project No. 2114 to a point about one mile north of the existing Midway Substation of the Bonneville Power Administration, thence by separate routes across the Columbia River to Midway Substation. The total length of No. 1 line is approximately 7.0 miles and that of No. 2 line is about 7.5 miles. The transmission lines are to be located in Grant and Benton Counties, Washington.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last date upon which protests or petitions may be filed is August 27, 1958. The application is on file with the Commission for inspection.

[SEAL] JOSEPH H. GUTRIDE,
Secretary.

[F. R. Doc. 58-5782; Filed, July 29, 1958; 8:46 a. m.]

[Docket No. IT-5762]

EL PASO ELECTRIC CO.

NOTICE OF APPLICATION

JULY 23, 1958.

Take notice that El Paso Electric Company (Company), incorporated under the laws of the State of Texas, with its principal place of business at El Paso, Texas, on July 14, 1958, filed an application for authorization, pursuant to section 202 (e) of the Federal Power Act, to increase the amount and rate of electric energy which the Company may transmit from the United States to Mexico.

By order issued August 31, 1949, in the above docket, the Company was authorized to transmit electric energy from the United States to Mexico in an amount not to exceed 30,000,000 kilowatt-hours per year at a rate not to exceed 7,500 kilowatts over facilities covered by a Presidential Permit to the Company, signed by the President of the United States on May 21, 1946, in the above docket, for sale to Compania Mexicana Productora de Luz y Fuerza, S. A. (Mexican Co.) for use and resale in Juarez, Mexico, and vicinity. Upon expiration of the Company's contract with Mexican Co., the aforementioned order was modified, by order issued May 23, 1951, in the above docket, to the extent and only to the extent of authorizing the Company to transmit electric energy from the United States to Mexico for sale to Comision Federal de Electricidad, an agency of the Republic of Mexico, in place of Mexican Co. The Company now seeks to increase to 158,000,000 kwh the maximum amount and to 30,000 kva the maximum rate of electric energy which may be exported annually to Comision Federal de Electricidad, Division Norte, over the Company's existing facilities specified in the aforementioned Permit and over certain proposed facilities for which the Company, in its above-mentioned application, seeks an amendment of said Permit.

Information on file with the Commission indicates that the Company's present authorization to export electric energy is inadequate to supply the needs of Comision Federal de Electricidad, Division Norte.

Any person desiring to be heard or to make any protest with reference to said application should, on or before August 14, 1958, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file with the Commission and available for public inspection.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5783; Filed, July 29, 1958; 8:46 a. m.]

[Docket No. G-14740]

SOUTHERN NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 24, 1958.

Take notice that on March 24, 1958, as supplemented on June 30, 1958, Southern Natural Gas Company (Applicant) filed in Docket No. G-14740 an application, pursuant to section 7 (c) of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the construction and operation of certain facilities to serve natural gas from Applicant's Vicksburg lateral pipeline on an interruptible basis to Mississippi Valley Portland Cement Company (Cement Company) for use in a new plant presently being constructed near Redwood, Mississippi, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The proposed facilities consist of approximately 4.5 miles of 6⅝-inch loop pipeline on Applicant's Vicksburg lateral from a point some 2.85 miles south of its Onward compressor station in a southerly direction to the northern terminus of the proposed loop line which is the subject of an application in Docket No. G-14587. Also proposed is a tap and meter station at milepost 17.95 on Applicant's existing Vicksburg lateral, south of the Yazoo River crossing, for service to the cement plant.

The total estimated cost of the proposed facilities is $154,640, which will be defrayed by Applicant from funds on hand.

Cement Company will construct its own 3.5 mile service line from the proposed meter station to the new cement plant. The estimated daily fuel requirement of Cement Company is 3,500 Mcf.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on August 18, 1958 at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and Procedure (18 CFR 1.8 or 1.10) on or before August 14, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5787; Filed, July 29, 1958; 8:47 a. m.]

[Docket No. G-15505]

MAGNOLIA PETROLEUM CO.

ORDER FOR HEARING AND SUSPENDING PROPOSED CHANGES IN RATES

JULY 23, 1958.

Magnolia Petroleum Company (Magnolia) on June 24, 1958, tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of Change, undated.
Purchaser: Shell Oil Company.
Rate schedule designation: Supplement No. 4 to Magnolia's FPC Gas Rate Schedule No. 146. Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 149. Supplement No. 3 to Magnolia's FPC Gas Rate Schedule No. 151.
Effective date: July 25, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed favored-nation increase Magnolia states that: The sales are installment sales, the contracts resulted from arm's length bargaining, long-term contracts would not have been entered into had Magnolia not been contractually assured that the price adjustments would be included as a part of the sale price, the sale is of a commodity rather than a service such as rendered by a pipe line company, the prices were determined under a "supply and demand" formula, the proposed prices do not exceed the current market prices in the area where produced and the increases are necessary because of increasing costs. Shell resells the gas to Texas Eastern Transmission Corporation under a rate now in effect subject to refund.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that Supplement No. 4 to Magnolia's FPC Gas Rate Schedule No. 146; Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 149, and Supplement No. 3 to Magnolia's FPC Gas Rate Schedule No. 151, be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in Supplement No. 4 to Magnolia's FPC Gas Rate Schedule No. 146; Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 149, and Supplement No. 3 to Magnolia's FPC Gas Rate Schedule No. 151.

(B) Pending such hearing and decision thereon, said supplements be and they are each hereby suspended and the use thereof deferred until July 26, 1958, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5785; Filed, July 29, 1958; 8:47 a. m.]

[Docket No. G-15506]

PAN AMERICAN PETROLEUM CORP.

ORDER FOR HEARING AND SUSPENDING PROPOSED CHANGES IN RATES

JULY 23, 1958.

Pan American Petroleum Corporation (Pan American) on June 27, 1958, tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Comission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of Change, dated June 23, 1958.
Purchaser: Texas Eastern Transmission Corporation.
Rate schedule designation: Supplement No. 13 to Pan American's FPC Gas Rate Schedule No. 58. Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 59. Supplement No. 14 to Pan American's FPC Gas Rate Schedule No. 63. Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 66. Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 86.
Effective date: July 28, 1958 (effective date is the first day after expiration of the required thirty days' notice).

Pan American submits copies of letters from Texas Eastern (executed by both parties) in which it is agreed that the redetermined rate for the five-year period commencing February 5, 1958 is 13.8733 cents per Mcf. (The redetermined rate is the average of the three highest prices paid by three different transporters for substantially similar volumes of similar gas produced in a portion of Texas Railroad Commission District No. 2.) In support of the proposed increases Pan American states that the price is a matter of contractual obligation arising from a contract resulting from arm's length negotiation in a competitive market, it would be inequitable and confiscatory for the Commission not to approve the increases as fair and reasonable, lack of approval would deprive Pan American of property without due process, the appropriate regulatory standard for judging the justness and reasonableness of an independent producer price is the current market price and recently negotiated contracts in the area having higher average base prices.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that Supplement No. 13 to Pan American's FPC Gas Rate Schedule No 58; Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 59; Supplement No. 14 to Pan American's FPC Gas Rate Schedule No. 63; Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 66, and Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 86 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges, contained in Supplement No. 13 to Pan American's FPC Gas Rate Schedule No. 58; Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 59; Supplement No. 14 to Pan American's FPC Gas Rate Schedule No. 63; Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 66, and Supplement No. 12 to Pan American's FPC Gas Rate Schedule No. 86.

(B) Pending such hearing and decision thereon, said supplements be and they are hereby each suspended and the use thereof deferred until December 28, 1958, and until such further time as they may be made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE *Secretary.*

[F. R. Doc. 58-5784; Filed, July 29, 1958; 8:47 a. m.]

[Docket No. G-15507]

PAN AMERICAN PETROLEUM CORP. ET AL.

ORDER FOR HEARING AND SUSPENDING PROPOSED CHANGE IN RATES

JULY 23, 1958.

Pan American Petroleum Corporation (Operator) et al. (Pan American), on June 27, 1958, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge is contained in the following designated filing:

Description: Notice of Change, dated June 23, 1958.
Purchaser: Texas Eastern Transmission Corporation.
Rate schedule designation: Supplement No. 15 to Pan American's FPC Gas Rate Schedule No. 87.
Effective date: July 28, 1958 (effective date is the first day after expiration of the required thirty days' notice).

Pan American submits copies of letters from Texas Eastern (executed by both parties) in which it is agreed that the redetermined rate for the five-year period commencing February 5, 1958 is 13.8733 cents per Mcf. (The redetermined rate is the average of the three highest prices paid by three different transporters for substantially similar volumes of similar gas produced in a portion of Texas Railroad Commission District No. 2.) In support of the proposed increase Pan American states that the price is a matter of contractual obligation arising from a contract resulting from arm's length negotiation in a competitive market, it would be inequitable and confiscatory for the Commission not to approve the increase as fair and reasonable, lack of approval would deprive Pan American of property without due process, the appropriate regulatory standard for judging the justness and reasonableness of an independent producer price is the current market price and recently negotiated contracts in the area having higher average base prices.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 15 to Pan American's FPC Gas Rate Schedule No. 87 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 15 to Pan American's FPC Gas Rate Schedule No. 87.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until December 28, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the rate schedule nor supplement hereby suspended shall be changed until this proceeding has been disposed or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(D) Interested State Commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5786; Filed, July 29, 1958; 8:47 a. m.]

[Docket No. G-15508]

MIDSTATES OIL CORP.

ORDER FOR HEARING AND SUSPENDING PROPOSED CHANGE IN RATES

JULY 24, 1958.

Midstates Oil Corporation (Midstates) on June 25, 1958, tendered for filing a proposed change in the rate schedule covering the sale of its natural gas subject to the jurisdiction of the Commission. The proposed change is contained in the following designated filings:

Description:
(1) Instrument of Ratification and Adoption, dated June 6, 1956.
(2) Contract, dated July 16, 1956.
(3) Letter, dated July 16, 1956.
(4) Letter, dated July 24, 1957.

Buyer: Texas Eastern Transmission Corporation.

Rate schedule designation:
(1) Midstate's FPC Gas Rate Schedule No. 64.
(2) Supplement No. 1 to Midstate's FPC Gas Rate Schedule No. 64.
(3) Supplement No. 2 to Midstate's FPC Gas Rate Schedule No. 64.
(4) Supplement No. 3 to Midstate's FPC Gas Rate Schedule No. 64.

Effective date: August 1, 1958 (effective date is the date proposed by Midstates).

Midstates submitted, as an initial rate schedule, the ratification and adoption of the contract comprising Bert Fields et al., FPC Gas Rate Schedule No. 9 covering the sale of gas from the Williams Unit No. 1, Waskom Field, Harrison County, Texas, to Texas Eastern Transmission Corporation. The latter rate schedule is involved in a suspension proceeding in Docket No. G-13404. Heretofore, Midstates' gas produced from the Williams Unit has been sold for Midstates' account by Fields under Fields' Rate Schedule No. 9, pursuant to the terms and provisions of an operating agreement between the two parties.

Accompanying the ratification was a sample billing statement for the first month (August 1958) on sales by Midstates for its own account, reflecting a price of 14.4 cents per Mcf at 14.65 psia. This is the same rate that is effective subject to refund in Docket No. G-13403. The effective price under Fields' Rate Schedule No. 9 prior to the favored-nation increase to 14.4 cents per Mcf was 13.44896 cents per Mcf.

The changed schedule so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Midstates Oil Corporation's FPC Gas Rate Schedule No. 64 and Supplement Nos. 1, 2 and 3 thereto be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed rate and charge contained in Midstates Oil Corporation's FPC Gas Rate Schedule No. 64 and Supplement Nos. 1, 2, and 3 thereto.

(B) Pending such hearing and decision thereon, said rate schedule and the supplements thereto be and they are each hereby suspended and the use thereof deferred until August 2, 1958, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) The rate schedule and the supplements thereto hereby suspended shall not be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[Docket No. G-15525]

B. B. ORR

ORDER ACCEPTING FOR FILING CERTAIN RATE SCHEDULES, SUBJECT TO CERTAIN SPECIFIED CONDITIONS, AND PROVIDING FOR HEARING

JULY 23, 1958.

B. B. Orr (Orr), on May 5, 1958, filed certificate applications in Docket Nos. G-15048 and G-15049 covering proposed sales of gas from two wells located in the Smith Lindsey Unit, Waskom Field, Harrison County, Texas, to Mississippi River Fuel Corporation (Mississippi River). In support of his application in Docket No. G-15049, Orr submitted the gas sales contract theretofore filed as Bayview Oil Corporation (Operator), et al.'s FPC Gas Rate Schedule No. 7, the basic contract having been executed April 23, 1951, and sales thereunder to Mississippi River having commenced October 26, 1951. The contract dedicates gas produced from certain leased acreage in Waskom Field. By the Commission's letter of May 26, 1958, Orr was notified that his filing of the Bayview contract was rejected as incomplete on his own behalf. On June 10, 1958, Orr resubmitted the contract of April 23, 1951, and amendments thereto for filing as his FPC Gas Rate Schedule No. 3, and Supplements Nos. 1 through 4; and on June 23, 1958, Orr purported to complete such rate filing by submitting the related assignments, Supplements Nos. 5 through 7, by which he acquired [1] the lease interests of certain of the acreage dedicated to the basic contract, and from which acreage Orr proposes to sell gas to Mississippi River.

In response to Orr's request for temporary authorization to commence the two proposed sales in both Docket Nos. G-15048 and G-15049, the Commission's letter of May 26, 1958, authorized the sales in the former docket. The letter of May 26, 1958, on the other hand, did not grant the requested temporary authorization in Docket No. G-15049, because, as stated above, the related rate filing was incomplete. Following Orr's submittal on June 10, 1958, of the 1951 Bayview contract as his Rate Schedule No. 3, as aforesaid, the Commission, by letter on June 17, 1958, granted Orr temporary authorization to make sales under the Bayview contract as assigned in part to him; subject, however, to the conditions of the hearing and refund orders and the orders making rate changes effective, subject to refund, in Docket Nos. G-9417 and G-13421, involving Supplements Nos. 4 and 6 to Bayview's said Rate Schedule No. 7. The temporary authorization was also conditioned upon the submittal by Orr of a complete rate schedule for the proposed sales, and thereafter Orr submitted the three assignments as aforesaid.

The 1951 Bayview contract provides for a June 7, 1954 rate of 13.0 cents per Mcf (plus ¼ cent per Mcf for dehydration and an amount for partial reimbursement of the Texas Occupation Tax) and a schedule of periodic escalations of ½ cent per Mcf. The escalations to 13.5 and 14.0 cents contractually due October 26, 1955, and October 26, 1957, as filed by Bayview as proposed changes in rates, were made subject to hearing, suspended, and thereafter made effective subject to refund by orders issued in Docket Nos. G-9417 and G-13421, respectively. Thus, under Bayview's Rate Schedule No. 7, the presently effective rate, subject to refund, is 14 cents per Mcf commencing March 26, 1958.

In submitting his Rate Schedule No. 3 Orr included a billing statement indicating that the escalated rate of 14 cents per Mcf (plus the aforesaid dehydration and tax adjustments) would be applied upon commencement of sales by him. However, the 14 cents per Mcf rate is subject to the rate conditions contained in the certificate authorization, as aforementioned.

We will, therefore, permit Orr's FPC Gas Rate Schedule No. 3 and Supplements Nos. 1 through 7 to become effective upon commencement of deliveries by Orr subject to hearing and refund as provided herein.

The increased rate and charge of 14 cents per Mcf plus the afore-mentioned adjustments has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

[1] Assignments dated April 12, 1954, November 29, 1954, and March 3, 1955.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes in rates and charges contained in Orr's FPC Gase Rate Schedule No. 3 and Supplements Nos. 1 through 7 thereto.

The Commission orders:

(A) Orr's FPC Gas Rate Schedule No. 3 and Supplements Nos. 1-7, are hereby accepted for filing, effective as of the date of initial delivery thereunder by Orr, subject to the conditions imposed by paragraphs (B) through (H) herein.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 7, and 15 thereof, the Commission's rules of practice and procedure, and the regulations thereunder (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge of 14 cents per Mcf (plus the aforementioned adjustments) contained in Orr's FPC Gas Rate Schedule No. 3 and Supplements Nos. 1 through 7 thereto.

(C) Upon execution by Orr of a surety bond described in paragraph (G) below and acceptance thereof, evidenced by a letter addressed to Orr by the Secretary, the 14 cents per Mcf (plus the aforementioned adjustments) rate, charge and classification set forth in Orr's FPC Gas Rate Schedule No. 3 and Supplements Nos. 1 through 7 thereto, shall be effective upon commencement of delivery pursuant to temporary authority granted in Docket No. G-15049, as aforesaid.

(D) Nothing contained herein shall be construed as a waiver of the requirements of section 7 of the Natural Gas Act, or of section 157 of the Commission's rules and regulations thereunder, requiring applications for certificates of public convenience and necessity; and this order is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against either B. B. Orr, or Bayview Oil Corporation.

(E) Orr shall refund to those entitled thereto the portion of the increased rates and charges hereby made effective found by the Commission in this proceeding not justified, with interest at the rate of six percent per annum from the date of payment to Orr until refunded; shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rates or charges, for each billing period, specifying by whom and in whose behalf such amounts were paid, and shall report (original and four copies), in writing and under oath, to the Commission monthly, or quarterly if Orr so elects and so notifies the Commission within 30 days from the issuance of this order, for each billing period and for each purchaser the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate of 13 cents per Mcf (plus ¼ cent for dehydration and an amount for partial reimbursement of the Texas Occupation Tax) and under the rates allowed by this order to become effective, together with the difference in the revenues so computed.

(F) As a condition of this order, within 15 days from the date of issuance thereof, Orr shall execute and file with the Secretary of this Commission a surety bond in the amount and conditioned as set out in paragraph (G) hereof, accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved.

(G) By said surety bond, Orr, his surety, and his heirs, executors, administrators, and assigns, jointly and severally, shall be held and firmly bound unto the Federal Power Commission for the use and benefit of those entitled thereto in the sum of $900, and said bond shall contain the following provisions:

The condition of this obligation is such that:

Whereas, B. B. Orr (herein called Orr), on June 10, 1958, filed with the Federal Power Commission (herein called the Commission) his FPC Gas Rate Schedule No. 3 and Supplements Nos. 1 through 7 thereto, proposing to increase rates and charges over which the Commission has exercised jurisdiction; and

Whereas, by order issued July 23, 1958, the Commission ordered a hearing to be held concerning the lawfulness of the proposed rates, charges, and classifications, subject to the Commission's jurisdiction, as therein set forth; and

Whereas, the Commission, on July 23, 1958, issued its order making the rates, charges, and classifications set forth in Orr's FPC Gas Rate Schedule No. 3 and Supplements Nos. 1 through 7 thereto, effective upon commencement of deliveries thereunder, subject to Orr's furnishing a bond in the sum of $900 satisfactory to the Commission, and required that Orr refund any portion of the increased rates and charges made effective upon commencement of deliveries thereunder, found by the Commission in Docket No. G-15525 not justified;

Now, therefore, if Orr, his surety, and his heirs, executors, administrators, and assigns, in conformity with the terms and conditions of the order issued July 23, 1958, by the Federal Power Commission, In the Matter of B. B. Orr, Docket No. G-15525, shall:

(1) Well and truly repay at such times and in such amounts, to the persons entitled thereto, and in such manner as may be required by the final order of the Commission in said proceeding, subject to court review thereof, any portion of such rates and charges collected by Orr after commencement of deliveries, as such final order may find not justified, together with interest thereon at the rate of six (6) percent per annum from the date of payment thereof to Orr until refunded; and

(2) Comply otherwise with the terms and conditions of said order issued

, and with the provisions of the Natural Gas Act relating thereto, then this obligation shall be terminated, otherwise to remain in full force and effect.

(H) If Orr, in conformity with the terms and conditions of paragraph (E) of this order, make the refunds as may be required by order of the Commission, the bond shall be discharged, otherwise it shall remain in full force and effect.

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5806; Filed, July 29, 1958; 8:51 a. m.]

[Docket No. G-15526]

MAGNOLIA PETROLEUM CO.

ORDER FOR HEARING AND SUSPENDING PROPOSED CHANGES IN RATES

JULY 24, 1958.

Magnolia Petroleum Company (Magnolia), on June 24, 1958, tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of Change, undated.
Purchaser: Hassle Hunt Trust.
Rate schedule designation: Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 150. Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 152.
Effective date: July 25, 1958 (effective date is the first day after expiration of the required thirty days notice).

In support of the proposed periodic increases Magnolia states that: The sales are installment sales, the contracts resulted from arm's-length bargaining, long-term contracts would not have been executed had Magnolia not been contractually assured that the price adjustments would be included as a part of the schedule of prices, the sale is of a commodity rather than a service, the prices were determined under a "supply and demand" formula, the proposed prices do not exceed the current market prices in the areas where produced, and the increases are necessary because of increasing costs.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 150 and Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 152 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary

concerning the lawfulness of the proposed increased rates and charges contained in Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 150 and Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 152.

(B) Pending such hearing and decision thereon, said supplements be and they are each hereby suspended and the use thereof deferred until December 25, 1958, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until this proceeding has been disposed of, or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission (Commissioners Kline and Hussey dissenting).

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[Notice 45]

MOTOR CARRIER ALTERNATE ROUTE DEVIATION NOTICES

JULY 25, 1958.

The following letter-notices of proposals to operate over deviation routes for operating convenience only with no service at intermediate points have been filed with the Interstate Commerce Commission, under the Commission's Special Rules Revised, 1957 (49 CFR 211.1 (c) (8)) and notice thereof to all interested persons is hereby given as provided in such rules (49 CFR 211.1 (d) (4)).

Protests against the use of any proposed deviation route herein described may be filed with the Interstate Commerce Commission in the manner and form provided in such rules (49 CFR 211.1 (e)) at any time but will not operate to stay commencement of the proposed operations unless filed within 30 days from the date of publication.

Successively filed letter-notices of the same carrier under the Commission's Deviation Rules Revised, 1957, will be numbered consecutively for convenience in identification and protests if any should refer to such letter-notices by number.

MOTOR CARRIERS OF PROPERTY

No. MC 126 (Deviation No. 1), HUEY MOTOR EXPRESS, 1040 Flint Street, Cincinnati, Ohio, filed July 3, 1958. Attorney for said carrier, Robert H. Kinker, seventh floor, McClure Building, Frankfort, Ky. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Louisville, Ky., and Milton, Ky., as follows: From junction U. S. Highways 42 and 31E in Louisville over U. S. Highway 31E to junction Indiana Highway 62, thence over Indiana Highway 62 to junction U. S. Highway 421, thence over U. S. Highway 421 to junction Kentucky Highway 36 in Milton and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Louisville, Ky., and Milton, Ky., over the following pertinent route: From junction U. S. Highways 42 and 31E in Louisville over U. S. Highway 42 to junction U. S. Highway 421 near Bedford, Ky., thence over U. S. Highway 421 to junction Kentucky Highway 36 in Milton.

No. MC 126 (Deviation No. 2), HUEY MOTOR EXPRESS, 1040 Flint Street, Cincinnati, Ohio, filed July 14, 1958. Attorney for said carrier, Robert H. Kinker, seventh floor, McClure Building, Frankfort, Ky. Carrier proposes to operate as a *common carrier*, by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Milton, Ky., and Cincinnati, Ohio, as follows: From junction Kentucky Highway 36 and U. S. Highway 421 in Milton over U. S. Highway 421 to junction U. S. Highway 50, thence over U. S. Highway 50 to junction U. S. Highway 42 in Cincinnati and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Milton, Ky., and Cincinnati, Ohio, over the following pertinent route: From Milton over Kentucky Highway 36 to junction U. S. Highway 42 near Carrollton, Ky., thence over U. S. Highway 42 to Cincinnati.

No. MC 200 (Deviation No. 8), RISS & COMPANY, INC., 15 West 10th Street, Kansas City, Mo., filed July 7, 1958. Attorney for said carrier, Ivan E. Moody, 15 West 10th Street, Kansas City, Mo. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Tiffin, Ohio, and Strongsville, Ohio, as follows: From Tiffin over Ohio Highway 18 to junction U. S. Highway 20 at Bellevue, Ohio, thence over U. S. Highway 20 to junction Ohio Highway 82 at a point south of Elyria, Ohio, thence over Ohio Highway 82 to junction U. S. Highway 42 at Strongsville and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Tiffin, Ohio, and Strongsville, Ohio, over the following pertinent route: From Tiffin over U. S. Highway 224 to junction U. S. Highway 42 at Lodi, Ohio, thence over U. S. Highway 42 to Strongsville.

No. MC 200 (Deviation No. 9), RISS & COMPANY, INC., 15 West 10th Street, Kansas City 5, Mo., filed July 7, 1958. Attorney for said carrier, Ivan E. Moody, 15 West 10th Street, Kansas City 5, Mo. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Wichita, Kans., and Fort Smith, Ark., as follows: From Wichita over Kansas Highway 96 to junction Kansas Highway 47, to junction U. S. Highway 75, thence over U. S. Highway 75 to junction U. S. Highway 160, thence over U. S. Highway 160 to junction U. S. Highway 169, thence over U. S. Highway 169 to junction U. S. Highway 60, thence over U. S. Highway 60 to junction U. S. Highway 69, thence over U. S. Highway 69 to Muskogee, Okla., thence over U. S. Highway 64 to Fort Smith and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Wichita, Kans., and Fort Smith, Ark., over the following pertinent route: From Wichita over Kansas Highway 96 to Fredonia, Kans., thence over Kansas Highway 47 to junction U. S. Highway 75, thence over U. S. Highway 75 to junction Kansas Highway 37, thence over Kansas Highway 37 to junction U. S. Highway 169, thence over U. S. Highway 169 to junction U. S. Highway 160, thence over U. S. Highway 160 to Parsons, Kans., thence over U. S. Highway 59 to junction Kansas Highway 96, thence over Kansas Highway 96 to the Missouri-Kansas State line, thence over Missouri Highway 96 to junction unnumbered highway near Carl Junction, Mo., thence over unnumbered highway to junction U. S. Highway 57, thence over U. S. Highway 57 to Joplin, Mo., thence over U. S. Highway 71 to Fort Smith.

No. MC 2309 (Deviation No. 2), GILLETTE MOTOR TRANSPORT, INC., 2311 Butler Street, Dallas 19, Tex., filed July 11, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Tulsa, Okla., and Miami, Okla., as follows: From Tulsa over the Will Rogers Turnpike and access routes to Miami and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Tulsa, Okla., and Miami, Okla., over U. S. Highway 66.

No. MC 14421 (Deviation No. 2), CHICAGO DUBUQUE MOTOR TRANSPORTATION COMPANY, 51 Shield Street, P. O. Box 388, Dubuque, Iowa, filed July 3, 1958. Attorney for said carrier, Edward G. Bazelon, 39 South La Salle Street, Chicago 3, Ill. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between junction Wisconsin Highway 35 and the bridge commonly known as the Wisconsin-Lansing Bridge, near Lansing, Iowa, and La Crescent, Minn., as follows: From junction Wisconsin Highway 35 and the bridge commonly known as the Wisconsin-Lansing Bridge over the Wisconsin-Lansing Bridge to Lansing, Iowa, thence over Iowa Highway 182 to the Minnesota-Iowa State line, thence over Minnesota Highway 26 to La Crescent and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between junction Wisconsin Highway 35 and the bridge commonly known as the Wisconsin-Lansing Bridge, near Lansing, Iowa, and La Crescent, Minn., over the following pertinent route: From junction Wisconsin Highway 35 and the said bridge, over Wisconsin Highway 35 to junction combined U. S. Highways 14 and 61, thence over U. S. Highway 61 to La Crescent.

No. MC 29938 (Deviation No. 2), WRIGHT TRUCKING, INC., 16 Main Street, Lowell, Mass., filed July 14, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between the Eastern Terminus of the Connecticut Turnpike at East Lyme, Conn., and the Connecticut-New York State line, as follows: From the Eastern Terminus of the Connecticut Turnpike over the Connecticut Turnpike and access routes to the Connecticut-New York State line and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities over the following pertinent route: Between Lowell, Mass., and Newark, N. J., as follows: From Lowell over Massachusetts Highway 3A (formerly U. S. Highway 3) to junction U. S. Highway 3, thence over U. S. Highway 3 to Boston, Mass., thence over U. S. Highway 1 via Dedham and North Attleboro, Mass., and Wakefield and Westerly, R. I., to junction Alternate U. S. Highway 1 (formerly U. S. Highway 1) near Stonington, Conn., thence over Alternate U. S. Highway 1 via Stonington to junction U. S. Highway 1, thence over U. S. Highway 1 to junction unnumbered highway (formerly U. S. Highway 1) near Poquonoc Bridge, Conn., thence over unnumbered highway via Groton, Conn., to junction U. S. Highway 1, thence over U. S. Highway 1 to junction Alternate U. S. Highway 1 (formerly U. S. Highway 1), thence over Alternate U. S. Highway 1 via New London, Conn., to junction U. S. Highway 1 near East Lyme, Conn., thence over unnumbered highway (formerly U. S. Highway 1) via Laysville, Conn., to junction U. S. Highway 1 near Old Lyme, Conn., thence over U. S. Highway 1 to junction unnumbered highway (formerly U. S. Highway 1) near Old Saybrook, Conn., thence over unnumbered highway via Old Saybrook to junction U. S. Highway 1, thence over U. S. Highway 1 to junction Alternate U. S. Highway 1 (formerly U. S. Highway 1) near Branford, Conn., thence over Alternate U. S. Highway 1 via Branford to junction U. S. Highway 1, thence over U. S. Highway 1 to junction unnumbered highway (formerly U. S. Highway 1) thence over unnumbered highway via East Haven, Conn., to junction U. S. Highway 1, thence over U. S. Highway 1 via New Haven, Conn., to junction Alternate U. S. Highway 1 (formerly U. S. Highway 1) near Milford, Conn., thence over Alternate U. S. Highway 1 via Milford to junction U. S. Highway 1, thence over U. S. Highway 1 via Fairfield, Conn., to junction unnumbered highway (formerly U. S. Highway 1) near Darien, Conn., thence over unnumbered highway via Darien to junction U. S. Highway 1, thence over U. S. Highway 1 to Newark.

No. MC 61471 (Deviation No. 1), BENJAMIN MOTOR EXPRESS, INC., 2-32 Vine Street, Everett 49, Mass., filed July 14, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Lyme, Conn., and the Western Terminus of the Connecticut Turnpike at the Connecticut-New York State line, as follows: From East Lyme over the Connecticut Turnpike and access routes to the Western Terminus of the said Turnpike and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Boston, Mass., and New York, N. Y., over U. S. Highway 1.

No. MC 69281 (Deviation No. 1), THE DAVIDSON TRANSFER & STORAGE CO., 6201 Pulaski Highway, Baltimore 3, Md., filed July 21, 1958. Carrier proposes to operate as a *common carrier*, by motor vehicle of *general commodities*, with certain exceptions, over two deviation routes, between Baltimore, Md., and Lancaster, Pa., as follows: (A) From Baltimore over U. S. Highway 1 to Conowingo, Md., thence over U. S. Highway 222 (Pennsylvania Highway 22) to Lancaster; and (B) from Baltimore over U. S. Highway 40 to Perryville, Md., thence over U. S. Highway 222 (Pennsylvania Highway 22) to Lancaster; and return over the same routes, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Baltimore, Md., and Lancaster, Pa., over the following pertinent route: From Baltimore over U. S. Highway 111 to York, Pa., thence over U. S. Highway 30 to Lancaster.

No. MC 72300 (Deviation No. 2), AMERICAN CARLOADING CORPORATION, 111 North Fourth Street, St. Louis 2, Mo., filed July 7, 1958. Carrier proposes to operate as a *common carrier*, by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between St. Louis, Mo., and Aurora, Ill., as follows: From St. Louis over U. S. Highway 66 to junction Illinois Highway 47, thence over Illinois Highway 47 to junction U. S. Highway 34, thence over U. S. Highway 34 to junction Illinois Highway 31, thence over Illinois Highway 31 to Aurora and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities over the following pertinent routes: From St. Louis, Mo., over U. S. Highway 66 to Chicago, Ill.; and from Aurora, Ill., over Illinois Highway 65 to junction U. S. Highway 34, thence over U. S. Highway 34 to Chicago, Ill.; and return over the same routes.

No. MC 72300 (Deviation No. 3), AMERICAN CARLOADING CORPORATION, 111 North Fourth Street, St. Louis 2, Mo., filed July 14, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle, of *general commodities*, with certain exceptions, over a deviation route, between St. Louis, Mo., and South Bend, Ind., as follows: From St. Louis over U. S. Highway 66 to junction Illinois Highway 48, thence over Illinois Highway 48 to junction U. S. Highway 54, thence over U. S. Highway 54 to junction Illinois Highway 17, thence over Illinois Highway 17 to junction Indiana Highway 2, thence over Indiana Highway 2 to South Bend, and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities over the following pertinent routes: From St. Louis, Mo., over U. S. Highway 66 to Chicago, Ill.; from Joliet, Ill., over U. S. Highway 6 to junction Indiana Highway 2, thence over Indiana Highway 2 to South Bend, Ind., and thence over U. S. Highway 33 to Elkhart, Ind.; and from Joliet, Ill., over Illinois Highway 4A to junction Illinois Highway 7, thence over Illinois Highway 7 to Chicago, Ill.; and return over the same routes.

No. MC 72300 (Deviation No. 4), AMERICAN CARLOADING CORPORATION, 111 North Fourth Street, St. Louis 2, Mo., filed July 10, 1958. Carrier proposes to operate as a *common carrier*, by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between St. Louis, Mo., and Rockford, Ill., as follows: From St. Louis over U. S. Highway 67 to junction Illinois Highway 78, thence over Illinois Highway 78 to junction U. S. Highway 52, thence over U. S. Highway 52 to junction Illinois Highway 72, thence over Illinois Highway 72 to junction Illinois Highway 26, thence over Illinois Highway 26 to junction U. S. Highway 20, thence over U. S. Highway 20 to Rockford and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities over the following pertinent routes: From St. Louis,

Mo., over U. S. Highway 66 to Chicago, Ill.; from Chicago, Ill., over U. S. Highway 330 via DeKalb, Ill., to junction U. S. Highway 51, thence over U. S. Highway 51 to Rochelle, Ill., thence return over U. S. Highway 51 to Rockford, Ill., and thence over Illinois Highway 2 to South Beloit, Ill.; from Chicago, Ill., over U. S. Highway 20 to Starks, Ill., thence over Illinois Highway 72 to junction U. S. Highway 51, and thence to South Beloit, Ill., as specified above; and from Chicago, Ill., over the above specified route to DeKalb, Ill., thence over Illinois Highway 23 to Marengo, Ill., thence over U. S. Highway 20 to Rockford, Ill., and thence to South Beloit, Ill., as specified above; and return over the same routes.

No. MC 75981 (Deviation No. 1), WATT BROS., INC., P. O. Box 267, Central Falls, R. I., filed July 3, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Waterford, Conn., and the Western Terminus of the Connecticut Turnpike at the Connecticut-New York State line, as follows: From Waterford over the Connecticut Turnpike and access routes to the Western Terminus of the said Turnpike and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities over the following pertinent route: Between Boston, Mass., and Newark, N. J., as follows: From Boston over U. S. Highway 1 via Pawtucket, R. I., to Providence, R. I., thence over Rhode Island Highway 3 to junction Alternate Rhode Island Highway 3, thence over Alternate Rhode Island Highway 3 to junction Rhode Island Highway 3, thence over Rhode Island Highway 3 to Hopkinton, R. I., thence over Rhode Island Highway 84 to junction Rhode Island-Connecticut State line, thence over Connecticut Highway 84 to New London, Conn., thence over U. S. Highway 1 to New York, N. Y., thence via the Holland Tunnel to Jersey City, N. J., and thence over U. S. Highway 9 to Newark.

No. MC 108473 (Deviation No. 2), ST. JOHNSBURY TRUCKING CO., INC., 38 Main Street, St. Johnsbury, Vt., filed July 7, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between the Eastern Terminus of the Connecticut Turnpike at Killingly, Conn., and the Western Terminus of the said Turnpike at the Connecticut-New York State line, as follows: From the Eastern Terminus of the Connecticut Turnpike over the Connecticut Turnpike and access routes to the Western Terminus of the said Turnpike and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Boston, Mass., and New York, N. Y., over the following pertinent routes: From Boston over U. S. Highway 1 via Providence, R. I. to Westerly, R. I. (also from Providence over Rhode Island Highway 3 to junction Alternate Rhode Island Highway 3, thence over Alternate Rhode Island Highway 3 to junction Rhode Island Highway 3, thence over Rhode Island Highway 3 via Hopkinton, R. I., to Westerly), thence over U. S. Highway 1 to Groton, Conn. (also from Hopkinton over Rhode Island Highway 84 to the Rhode Island-Connecticut State line, thence over Connecticut Highway 84 to junction U. S. Highway 1 near Groton), and thence over U. S. Highway 1 via New Haven, Conn., to New York; from Boston to Providence as specified above, thence over U. S. Highway 6 via Willimantic, Conn., to junction Alternate U. S. Highway 6, thence over Alternate U. S. Highway 6 to junction Connecticut Highway 17 (formerly Connecticut Highway 15) thence over Connecticut Highway 17 to New Haven, Conn., and thence to New York as specified above; from Boston to Providence as specified above, thence over U. S. Highway 44 via Putnam and East Hartford, Conn., to Hartford, Conn., thence over U. S. Highway 5 to New Haven, and thence to New York as specified above; and from Boston over Massachusetts Highway 9 to Worcester, Mass., thence over Massachusetts Highway 12 to junction U. S. Highway 20, thence over U. S. Highway 20 to Springfield, Mass., thence over U. S. Highway 5 to East Hartford, Conn., and thence to New York as specified above.

No. MC 111625 (Deviation No. 1), BERMAN'S MOTOR EXPRESS, INC., P. O. Box 288, Binghamton, N. Y., filed July 3, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between the Eastern Terminus of the Massachusetts Turnpike and the Western Terminus of the said Turnpike at the Massachusetts-New York State line, as follows: From the Eastern Terminus of the Massachusetts Turnpike over the Massachusetts Turnpike and access routes to the Western Terminus of the said Turnpike and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities over the following pertinent routes: From Binghamton, N. Y., over New York Highway 7 to Duanesburg, N. Y., thence over U. S. Highway 20 to junction Massachusetts Highway 9, and thence over Massachusetts Highway 9 to Boston, Mass. (also from junction U. S. Highway 20 and Massachusetts Highway 9, over U. S. Highway 20 to Boston); and from New Lebanon, N. Y., over New York Highway 22 south approximately ten miles to junction unnumbered highway, thence over unnumbered highway to the New York-Massachusetts State line, thence over unnumbered highway to junction Massachusetts Highway 41, thence over Massachusetts Highway 41 to West Stockbridge, Mass., and thence over Massachusetts Highway 102 to East Lee, Mass.; and return over the same routes.

MOTOR CARRIERS OF PASSENGERS

No. MC 1501 (Deviation No. 14), THE GREYHOUND CORPORATION, 5600 Jarvis Avenue, Chicago 31, Ill., filed July 7, 1958. Attorney for said carrier, Raymond H. Warns, 5600 Jarvis Avenue, Chicago 31, Ill. Carrier proposes to operate as a *common carrier* by motor vehicle of *passengers* over two deviation routes, (A) between Chicago, Ill., and Rockford, Ill., as follows: From the point of access to the Northern Illinois Toll Highway in Chicago over the Northern Illinois Toll Highway to a point immediately north of Cherry Valley, Ill. (junction Illinois Highway 5), thence over Illinois Highway 5 to Rockford; and (B) between Chicago, Ill., and Beloit, Wis., as follows: From the point of access to the Northern Illinois Toll Highway in Chicago over the Northern Illinois Toll Highway to the Rockton Road connection with U. S. Highway 51 immediately south of South Beloit, Ill., thence over U. S. Highway 51 to Beloit; and return over the same routes, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport passengers between Chicago, Ill., and Beloit, Wis., over the following pertinent route: From Chicago over U. S. Highway 20 to junction Illinois Highway 5 at Belvidere, Ill., thence over Illinois Highway 5 to junction U. S. Highway 51 at Rockford, and thence over U. S. Highway 51 to Beloit.

By the Commission.

[SEAL] HAROLD D. McCOY, *Secretary*.

[F. R. Doc. 58-5795; Filed, July 29, 1958; 8:49 a. m.]

[Notice 227]

MOTOR CARRIER APPLICATIONS

JULY 25, 1958.

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers and by brokers under sections 206, 209, and 211 of the Interstate Commerce Act and certain other procedural matters with respect thereto (49 CFR 1.241).

All hearings will be called at 9:30 o'clock a. m., United States standard time (or 9:30 o'clock a. m., local daylight saving time), unless otherwise specified.

APPLICATIONS ASSIGNED FOR ORAL HEARING OR PRE-HEARING CONFERENCE

MOTOR CARRIERS OF PROPERTY

No. MC 1124 (Sub No. 148), filed May 20, 1958. Applicant: HERRIN TRANSPORTATION COMPANY, a Corporation, 2301 McKinney Avenue, Houston, Tex. Applicant's attorney: Leroy Hallman, 617 First National Bank Building, Dallas 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Class A and B explosives*, (1) Between New Orleans, La., and Crestview, Fla., from New Orleans over U. S. Highway 90 to junction U. S. Highway 90–A, thence over U. S. Highway 90–A to junction U. S. Highway 90, thence over U. S. Highway 90 to Crestview, and return over the same route, serving no intermediate points; and (2) between Baton Rouge, La., to Crestview, Fla., from Baton Rouge over U. S. Highway 190 to junction U. S. Highway 90 near Slidell, La., thence over U. S. Highways 90 and 90–A as specified above to Crestview, and return over the same route, serving no intermediate points. Applicant is authorized to conduct operations in Arkansas, Louisiana, Mississippi, Tennessee and Texas.

HEARING: September 25, 1958, at the Federal Office Building, 600 South Street, New Orleans, La., before Examiner Lawrence A. Van Dyke.

No. MC 2229 (Sub No. 89), filed May 26, 1958. Applicant: RED BALL MOTOR FREIGHT, INC., 1210 South Lamar Street, P. O. Box 3148, Dallas, Tex. Applicant's attorney: Reagan Sayers, Century Life Building, Fort Worth 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over a regular route, transporting: *General commodities*, including *Class A and B explosives*, but excluding those of unusual value, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between Center, Tex., and Timpson, Tex., over Texas Highway 87, serving no intermediate points, as an alternate route for operating convenience only, and serving the termini, for joinder purposes only. Applicant is authorized to conduct operations in Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

NOTE: Duplication with present authority to be eliminated.

HEARING: September 29, 1958, at the Federal Office Building, Franklin and Fannin Streets, Houston, Tex., before Joint Board No. 77, or, if the Joint Board waives its right to participate, before Examiner Mack Myers.

No. MC 2229 (Sub No. 90), filed May 26, 1958. Applicant: RED BALL MOTOR FREIGHT, INC., 1210 South Lamar Street, P. O. Box 3148, Dallas, Tex. Applicant's attorney: Reagan Sayers, Century Life Building, Fort Worth 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over a regular route, transporting: *General commodities*, including *Class A and B explosives*, but excluding those of unusual value, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between Pineland, Tex., and Hemphill, Tex., over Texas Farm-to-Market Highway 83, serving all intermediate points, and coordinating the above-proposed service with service being rendered under applicant's present authority. Applicant is authorized to conduct operations in Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

HEARING: September 29, 1958, at the Federal Office Building, Franklin and Fannin Streets, Houston, Tex., before Joint Board No. 77, or, if the Joint Board waives its right to participate, before Examiner Mack Myers.

No. MC 2229 (Sub No. 91), filed May 26, 1958. Applicant: RED BALL MOTOR FREIGHT, INC., 1210 South Lamar Street, P. O. Box 3148, Dallas, Tex. Applicant's attorney: Reagan Sayers, Century Life Building, Fort Worth 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over a regular route, transporting: *General commodities*, including *Class A and B explosives*, but excluding those of unusual value, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, serving all intermediate points between Beaumont, Tex., and Lufkin, Tex., over U. S. Highway 69. Applicant is authorized to conduct operations in Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

NOTE: Applicant is presently authorized to operate over U. S. Highway 69 between Beaumont, Tex., and Lufkin, Tex., without service at intermediate points. Applicant states that the purpose of the instant application is to authorize intermediate service between the termini.

HEARING: September 30, 1958, at the Federal Office Building, Franklin and Fannin Streets, Houston, Tex., before Joint Board No. 77, or, if the Joint Board waives its right to participate, before Examiner Mack Myers.

No. MC 9895 (Sub No. 100), filed June 13, 1958. Applicant: R. B. "DICK" WILSON, INC., East 45th Avenue at Jackson Street, Denver, Colo. Applicant's attorney: Alvin J. Meiklejohn, Jr., Suite 526, Denham Building, Denver 2, Colo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Aircraft fuels*, in bulk, in tank vehicles, from Nebraska City, Nebr., and points within 10 miles thereof to points in Oklahoma, Iowa, Missouri, Kansas, South Dakota, North Dakota, and Wyoming. Applicant is authorized to conduct operations in Wyoming, Colorado, Kansas, Nebraska, South Dakota, Utah, and Idaho.

HEARING: September 26, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 11207 (Sub No. 193), filed May 21, 1958. Applicant: DEATON TRUCK LINE, INC., 3409 10th Avenue, North, P. O. Box 1271, Birmingham, Ala. Applicant's attorney: John W. Cooper, 818–821 Massey Building, Birmingham 3, Ala. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Composition pipe, and connections, fittings, and accessories therefor*, from Marrero, La., to points in Mississippi on and south of U. S. Highway 80. Applicant is authorized to conduct operations in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas.

HEARING: September 30, 1958, in the Federal Office Building, 600 South Street, New Orleans, La., before Joint Board No. 28, or, if the Joint Board waives its right to participate, before Examiner Lawrence A. Van Dyke.

No. MC 17481 (Sub No. 17), filed May 22, 1958. Applicant: MOORE MOTOR FREIGHT LINES, INC., 2091 Kasota Avenue, St. Paul 14, Minn. Applicant's representative: A. R. Fowler, Associated Motor Carrier Tariff Bureau, 2288 University Avenue, St. Paul 14, Minn. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between points in the Minneapolis-St. Paul, Minn., Commercial Zone, as defined by the Commission, and Chaska, Minn. Applicant is authorized to conduct regular route operations in Illinois, Minnesota, and Wisconsin, and irregular route operations in Illinois, Indiana, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, and Wisconsin.

HEARING: September 12, 1958, in Room 926, Metropolitan Building, Second Avenue, South and Third Streets, Minneapolis, Minn., before Joint Board No. 145, or, if the Joint Board waives its right to participate, before Examiner Richard H. Roberts.

No. MC 26739 (Sub No. 23), filed July 8, 1958. Applicant: CROUCH BROS., INC., Transport Building, St. Joseph, Mo. Applicant's attorney: Charles W. Singer, 1825 Jefferson Place NW., Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, traction engines* and *stationary engines* (not including tractors with vehicle beds, bed frames or fifth wheels, and those which, because of size or weight require use of special equipment), and *attachments* and *parts* therefor when transported in the same vehicle, from Waterloo and Dubuque, Iowa, and points in Peru Township, Dubuque County, Iowa, to points in Kansas, Missouri, and Oklahoma. RESTRICTION: The service requested herein to points in Kansas west of U. S. Highway 75 can be subjected to the condition that all traffic transported thereunder shall move through St. Joseph, Mo. Applicant is authorized to conduct operations in Missouri, Kansas, Iowa, Illinois, Nebraska, Oklahoma, and Arkansas.

NOTE: Applicant is authorized to transport contractors' machinery and equipment, farm implements and machinery, agricultural machinery, and farm tractors from and to all of the above-described points, under which authorities applicant claims the right to transport all types of tractors manufactured at and distributed from the plants of Deere & Company located at or near Dubuque and Waterloo, Iowa. Applicant states the purposes of the application are as follows: (1) to clarify applicant's authority to perform the above transportation; (2) to present proof of public convenience and necessity to receive, as a result of this proceeding, such additional authority as may be required; and (3) to remove the necessity of operating through certain gateways on movements to points in Oklahoma and a portion of Missouri.

HEARING: September 29, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 28573 (Sub No. 12), filed May 5, 1958. Applicant: GREAT NORTHERN RAILWAY COMPANY, a Corporation, 175 East Fourth Street, St. Paul 1, Minn. Applicant's attorney: R. W. Cronon, 175 East Fourth Street, St. Paul 1, Minn. This BMC 78 application filed to change the wording to remove any and all restrictions in a part of applicant's authorized common carrier operations in Certificate No. MC 28573 and sub numbers 1, 5A, 5B and 9 authorizing applicant to transport *general*

commodities, between Williston, N. Dak., and points in Montana, and between points in Montana, which restrict or confine service of applicant to that which is auxiliary to or supplemental of its rail service, which impose keypoints, through bill of lading, or prior or subsequent rail haul limitations, or in any way prohibit applicant from performing, as part of its transportation service, an all-motor service on motor-truck billing at motor-truck rates, either locally or in conjunction with other motor carriers, from, to and between the points heretofore authorized to be served in the certificates of public convenience and necessity referred to above. Applicant is authorized to transport general commodities in Minnesota, Montana, North Dakota, and Oregon.

HEARING: September 30, 1958, at the Montana Board of Railroad Commissioners, Helena, Mont., before Examiner Richard H. Roberts.

No. MC 29955 (Sub No. 13), filed June 16, 1958. Applicant: ENGLAND BROS. TRUCK LINES, INC., 300 North Second Street, Fort Smith, Ark. Applicant's attorney: Leroy Hallman, First National Bank Building, Dallas 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission and commodities requiring special equipment, between Dallas, Tex., and Little Rock, Ark.: From Dallas over U. S. Highway 67 to Little Rock, and return over the same route, serving no intermediate points, as an alternate route for operating convenience only in connection with applicant's authorized regular route operations. Applicant is authorized to conduct operations in Arkansas, Missouri, Tennessee, Oklahoma, and Texas.

HEARING: September 22, 1958, at the Arkansas Commerce Commission, Justice Building, State Capitol, Little Rock, Ark., before Joint Board No. 152, or, if the Joint Board waives its right to participate, before Examiner Lawrence A. Van Dyke.

No. MC 30837 (Sub No. 234), filed June 20, 1958. Applicant: KENOSHA AUTO TRANSPORT CORPORATION, 4519 76th Street, Kenosha, Wis. Applicant's attorney: Paul F. Sullivan, 1821 Jefferson Place NW., Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Crane carrier trucks and truck chassis*, in initial movements, in driveaway service, from Industry (City of Industry), Calif., to points in the United States. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 4, 1958, in Room 226, Old Mint Building, Fifth and Mission Streets, San Francisco, Calif., before Examiner F. Roy Linn.

No. MC 30837 (Sub No. 235), filed June 20, 1958. Applicant: KENOSHA AUTO TRANSPORT CORPORATION, 4519 76th Street, Kenosha, Wis. Applicant's attorney: Paul F. Sullivan, 1821 Jefferson Place NW., Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Truck and trailer bodies*, (unmounted), from Riverside, Calif., to Birmingham, Ala., to Jacksonville, Tex., Portland, Oreg., and Tacoma and Seattle, Wash. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 4, 1958, in Room 226, Old Mint Building, Fifth and Mission Streets, San Francisco, Calif., before Examiner F. Roy Linn.

No. MC 52657 (Sub No. 522), filed June 5, 1958. Applicant: ARCO AUTO CARRIERS, INC., 7530 South Western Avenue, Chicago 20, Ill. Applicant's attorney: G. W. Stephens, 121 West Doty Street, Madison, Wis. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Trailers*, other than those designed to be drawn by passenger automobiles, in initial movements, in truckaway and driveaway service, from Council Bluffs, Iowa, and points within ten miles of Council Bluffs to points in the United States, including all ports of entry on the International Boundary Line between the United States and Canada, and to points in the Territory of Alaska. (B) *Loading and unloading devices, hoists* and *tail or end gates; truck and trailer bodies*, from Council Bluffs, Iowa, and points within 10 miles of Council Bluffs to points in the United States, including all ports of entry on the International Boundary Line between the United States and Canada, and to points in the Territory of Alaska. (C) *Trailers*, other than those designed to be drawn by passenger automobiles, which at the time of transportation are loaded with shipments of truck or trailer bodies, in initial and secondary movements, in truckaway and driveaway service, from Council Bluffs, Iowa, and points within 10 miles of Council Bluffs to points in the United States, including all ports of entry on the International Boundary Line between the United States and Canada, and to points in the Territory of Alaska. (D) *Tractors*, in secondary movements, in driveaway service, only when drawing trailers moving in initial and secondary driveaway service, as described in Paragraphs (A) and (C) above, from Council Bluffs, Iowa, and points within ten miles of Council Bluffs to points in Alabama, Arizona, Arkansas, California, Colorado, Georgia, Idaho, Kansas, Louisiana, Maine, Mississippi, Montana, Nevada, New Hampshire, New Mexico, North Dakota, Oklahoma, Oregon, South Carolina, Tennessee, Texas, Utah, Vermont, Washington, Wyoming, and the District of Columbia, all ports of entry located on the International Boundary Line between the United States and Canada, and to points in the Territory of Alaska. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 25, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 52751 (Sub No. 14), filed June 12, 1958. Applicant: ACE LINES, INC., 2420 Minnehaha Avenue, Minneapolis, Minn. Applicant's representative: William A. Landau, 1307 East Walnut Street, Des Moines 16, Iowa. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Building materials*, and *farm machinery and parts thereof*, between points in South Dakota on the one hand, and, on the other, points in Illinois, Iowa, and Minnesota. Applicant is authorized to conduct operations in Minnesota, North Dakota, South Dakota, Iowa, and Illinois.

NOTE: Applicant states that it is authorized and now performs the proposed service by joinder of present rights through the gateway of Nassau, Minn., and points within 25 miles of Nassau. Elimination of the gateway restriction is proposed insofar as the stated traffic is concerned.

HEARING: September 17, 1958, at the Federal Office Building, Fifth and Court Avenues, Des Moines, Iowa, before Examiner Gerald F. Colfer.

No. MC 59117 (Sub No. 9), filed July 1, 1958. Applicant: ELLIOTT TRUCK LINE, INC., P. O. Box 1, Vinita, Okla. Applicant's attorney: W. T. Brunson, Leonhardt Building, Oklahoma City 2, Okla. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fertilizer solutions*, in specially equipped tank trailers, from Sterlington, La., to the plant site of the Grand River Chemical Division plant of Deere & Company near Pryor, Okla., and Atlas, Mo. Applicant is authorized to conduct operations in Missouri, Oklahoma, Kansas, Arkansas, Texas, and Mississippi.

HEARING: October 10, 1958, in the Federal Building, Oklahoma City, Okla., before Examiner Lawrence A. Van Dyke.

No. MC 92983 (Sub No. 303), filed July 7, 1958. Applicant: ELDON MILLER, INC., 330 East Washington Street, P. O. Box 232, Iowa City, Iowa. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Sugar*, in bulk, in tank vehicles, from Des Moines, Iowa, to points in Illinois, Kansas, Nebraska, Minnesota, Missouri, and Wisconsin. Applicant is authorized to conduct operations in Alabama, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Nebraska, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, South Carolina, South Dakota, Tennessee, Virginia, West Virginia, Wisconsin, and Wyoming.

HEARING: September 23, 1958, at the Federal Office Building, Fifth and Court Avenues, Des Moines, Iowa, before Examiner Gerald F. Colfer.

No. MC 96025 (Sub No. 24), filed July 8, 1958. Applicant: DEWELL WILLIAM HOSKINS, doing business as HOSKINS TRUCK SERVICE, P. O. Box 66, Malvern, Ark. Applicant's attorney: Louis Tarlowski, Rector Building, Little Rock, Ark. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, traction engines*, and *stationary engines*, (not including tractors with vehicle beds, bed frames, or fifth wheels, and those which because of size or weight require the use of specal equipment) and *attachments* and *parts therefor* when transported in the same vehicle, from

Waterloo and Dubuque, Iowa, and points in Peru Township, Dubuque County, Iowa, to points in Arkansas and Louisiana, and *damaged or rejected shipments* of the above specified commodities on return. Applicant is authorized to conduct operations in Arkansas, Tennessee, Oklahoma, Kansas, Missouri, and Iowa.

NOTE: Applicant states that it is now authorized to transport farm tractors from Waterloo and Dubuque, Iowa, to points in Arkansas and Louisiana. Under this authority applicant claims the right to transport all types of tractors manufactured at and distributed from the plants of Deere & Company, located at Dubuque and Waterloo, Iowa. The purpose of the application is to clarify applicant's authority to perform this transportation, and if additional authority is required, to receive it as a result of the proceeding, through the presentation of evidence of public convenience and necessity.

HEARING: September 29, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 98749 (Sub No. 7), filed June 24, 1958. Applicant: DURWARD L. BELL, doing business as BELL TRANSPORT COMPANY, 100 South Second Street, Longview, Tex. Applicant's attorney: Joe T. Lanham, Suite 1009 Perry-Brooks Building, Austin 1, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Kerosenes and gasolines*, in bulk, in tank vehicles, from the plant sites of the La Gloria Oil and Gas Company, at or near Tyler, Tex., the Premier Oil & Refining Company, at or near Greggton, Tex., the Skelly Oil Refinery, at or near Longview, Tex., the H. L. Hunt Refinery, at or near Harleton, Tex., the Waskom Natural Gas Refinery, at or near Waskom, Tex., and the American Petrofina Refinery at or near Mount Pleasant, Tex., to the plant site of the Texas Eastern Transmissions Company, at a point three and one-half miles northeast of Carthage, Tex., on U. S. Highway 79. Applicant is authorized to conduct operations in Arkansas, California, Colorado, Illinois, Indiana, Kentucky, Louisiana, Michigan, Minnesota, Missouri, Nebraska, Ohio, Oregon, Tennessee, Texas, Washington, and Wisconsin.

HEARING: September 24, 1958, at the Federal Office Building, Franklin and Pannin Streets, Houston, Tex., before Joint Board No. 77, or, if the Joint Board waives its right to participate, before Examiner Mack Myers.

No. MC 100449 (Sub No. 8), filed July 7, 1958. Applicant: FRANCIS MALLINGER, doing business as MALLINGER TRUCK LINES, 428 Avenue C, Fort Dodge, Iowa. Applicant's representative: William A. Landau, 1307 East Walnut Street, Des Moines 16, Iowa. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Sewer pipe, drain tile, flue lining, wall coping, mortar mix*, and *fire clay*, from Lehigh, Iowa, to points in the Upper Peninsula of Michigan and those in Lake and Porter Counties, Ind. Applicant is authorized to conduct operations in Iowa, Minnesota, Nebraska, South Dakota, Wisconsin, and North Dakota.

HEARING: September 19, 1958, at the Federal Office Building, Fifth and Court Avenues, Des Moines, Iowa, before Examiner Gerald L. Colfer.

No. MC 105678 (Sub No. 13), filed June 27, 1958. Applicant: SECO TRUCKING CO., a Corporation, 219 North Jackson Avenue, Mason City, Iowa. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Explosives and explosive supplies*, except liquid nitroglycerin, from Atlas, Mo., and points within ten (10) miles thereof, to points in Illinois, North Dakota, and South Dakota; *blasting agents, ammonium nitrate*, and *nitro-carbo-nitrate*, from Atlas, Mo., and points within ten (10) miles thereof, to points in Iowa, Minnesota, Wisconsin, Illinois, Nebraska, North Dakota, and South Dakota; and *returned and rejected shipments* of the above-specified commodities, on return. Applicant is authorized to transport similar items, and fertilizer, in Pennsylvania, Illinois, Missouri, Iowa, Nebraska, South Dakota, Minnesota, Michigan, North Dakota, and Wisconsin.

HEARING: September 22, 1958, at the Federal Office Building, Fifth and Court Avenues, Des Moines, Iowa, before Examiner Gerald F. Colfer.

No. MC 106398 (Sub No. 103), filed May 19, 1958. Applicant: NATIONAL TRAILER CONVOY, INC., 1916 North Sheridan Road, P. O. Box 8096, Dawson Station, Tulsa, Okla. Applicant's attorney: Thomas E. James, 1020 Brown Building, P. O. Box 858, Austin, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Outboard boats*, not exceeding 18 feet in length, in special designed boat trailers, from points in Oklahoma and Texas, except Denison, Texas, and points within 10 miles thereof to points in the United States, and *empty containers or other such incidental facilities* (not specified) and *damaged* or *refused* shipments of the above commodities on return. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 15, 1958, at the Baker Hotel, Dallas, Tex., before Examiner Mack Myers.

No. MC 106398 (Sub No. 106), filed June 23, 1958. Applicant: NATIONAL TRAILER CONVOY, INC., 1916 North Sheridan Road, Tulsa 15, Okla. MAIL: P. O. Box 8096, Dawson Station, Tulsa, Okla. Applicant's attorney: John E. Lesow, 3737 North Meridian Street, Indianapolis 8, Ind. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Portable concrete batch mixers*, from Brownwood, Tex., and points within ten (10) miles thereof, to points in the United States, and *damaged or refused shipments* of the above-specified commodities on return. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 17, 1958, at the Baker Hotel, Dallas, Tex., before Examiner Mack Myers.

No. MC 106839 (Sub No. 3), filed May 16, 1958. Applicant: JURISICH & LARSEN MOTOR FREIGHT LINES, INC., 1155 Constance Street, New Orleans 13, La. Authority sought to operate as a *common carrier*, by motor vehicle, over a regular route, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between New Orleans, La., and Kreole, Miss., over U. S. Highway 90, serving all intermediate points, including Bay St. Louis, Pass Christian, Long Beach, Gulfport, Mississippi City, Biloxi, Ocean Springs, and Pascagoula, Miss., and the off-route points of Moss Point, Waveland, and Van Cleave, Miss. Applicant is authorized to conduct operations in Mississippi and Louisiana.

HEARING: September 29, 1958, in the Federal Office Building, 600 South Street, New Orleans, La., before Joint Board No. 28, or, if the Joint Board waives its right to participate, before Examiner Lawrence A. Van Dyke.

No. MC 107002 (Sub No. 126), filed July 11, 1958. Applicant: W. M. CHAMBERS TRUCK LINE, INC., 920 Louisiana Boulevard (P. O. Box 547), Kenner, La. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cement*, in bulk, between points in Texas, Louisiana, Arkansas, Oklahoma, Tennessee, Mississippi, Alabama, Georgia, and Florida. Applicant is authorized to conduct operations in Louisiana, Mississippi, Tennessee, Arkansas, Alabama, Kentucky, Florida, Georgia, Texas, Oklahoma, North Carolina, South Carolina, Missouri, Pennsylvania, Illinois, Connecticut, Maine, Indiana, Maryland, Michigan, Massachusetts, Minnesota, New York, New Jersey, Ohio, Rhode Island, Wisconsin, and Virginia.

HEARING: October 3, 1958, at the Federal Office Building, 600 South Street, New Orleans, La., before Examiner Lawrence A. Van Dyke.

No. MC 108207 (Sub No. 58), filed May 26, 1958. Applicant: FROZEN FOOD EXPRESS, a Corporation, 318 Cadiz Street, Dallas, Tex. Applicant's attorney: Leroy Hallman, First National Bank Building, Dallas 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fresh fruits and vegetables, nursery stock* and *cut flowers* (to be transported in the same vehicle and at the same time as other regulated commodities which applicant is authorized to transport), between points in California, Arizona, New Mexico, Texas, and Oklahoma. Applicant is authorized to conduct operations in Texas, Louisiana, Illinois, Michigan, Missouri, Arkansas, Tennessee, Oklahoma, Mississippi, Wisconsin, Minnesota, California, Iowa, Kansas, Nebraska, Ohio, Pennsylvania, Kentucky, Indiana, Arizona, and New Mexico.

HEARING: September 11, 1958, at the Baker Hotel, Dallas, Tex., before Examiner Mack Myers.

No. MC 108380 (Sub No. 50), filed January 21, 1958. Applicant: JOHNSTON'S FUEL LINERS, INC., P. O. Box 112, Newcastle, Wyo. Applicant's attorney: Truman A. Stockton, Jr., The 1650 Grant Street Building, Denver 3, Colo.

Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Petroleum* and *petroleum products*, in bulk, in tank vehicles, from Mandan, N. Dak., to points in South Dakota east of a line beginning at the North Dakota-South Dakota State line and extending along U. S. Highway 83 to its junction with U. S. Highway 183, and thence along U. S. Highway 183 to the South Dakota-Nebraska State line. Applicant is authorized to transport similar commodities in Colorado, Idaho, Montana, Nebraska, North Dakota, South Dakota, Utah, and Wyoming.

HEARING: September 25, 1958, at the North Dakota Public Service Commission, Bismarck, N. Dak., before Joint Board No. 158, or, if the Joint Board waives its right to participate, before Examiner Richard H. Roberts.

No. MC 109584 (Sub No. 42), (CORRECTION) filed June 10, 1958, published at page 5222, issue of July 9, 1958. Applicant: ARIZONA–PACIFIC TANK LINES, a Corporation, 717 North 21st Avenue, Phoenix, Ariz. Applicant's attorney: R. Y. Schureman, 639 South Spring Street, Los Angeles 14, Calif. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Sulphuric acid*, in bulk, in tank vehicles, from Chandler, Ariz., and points within five (5) miles thereof, including Chandler, to points in California, Colorado, New Mexico, Nevada, Texas, and Utah; and (2) *Rejected and contaminated shipments of sulphuric acid*, from the above-specified destination points to their respective origin points. Applicant is authorized to conduct operations in Arizona, California, Colorado, Idaho, Nevada, New Mexico, Oregon, Texas, Utah, and Washington.

NOTE: The effect of this correction is to strike the return movement of rejected and contaminated shipments of turpentine.

HEARING: September 11, 1958, at the Arizona Corporation Commission, Phoenix, Ariz., before Examiner F. Roy Linn.

No. MC 110042 (Sub No. 4), filed May 26, 1958. Applicant: RAY & NELSON TRANSPORTATION CO., a Corporation, 1103 East 25th Street, Kearney, Nebr. Applicant's attorney: Joseph C. Tye, Pratt Building, Kearney, Nebr. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New Automobiles and trucks* (without title), and *used automobiles and trucks*, in initial and secondary movements, in truckaway service, from South Bend and Dyer, Ind., to Kearney, Nebr. Applicant is authorized to transport new automobiles from Detroit, Mich., to North Platte and Kearney, Nebr., and farm tractors from Detroit to points in Nebraska.

HEARING: September 24, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 110505 (Sub No. 42), filed July 8, 1958. Applicant: RINGLE TRUCK LINES, INC., 601 South Grant Avenue, Fowler, Ind. Applicant's attorney: Robert C. Smith 512 Illinois Building, Indianapolis 4, Ind. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, traction engines* and *stationary engines* (not including tractors with vehicle beds, bed frames or fifth wheels, and those which, because of size or weight require use of special equipment), and *attachments* and *parts* therefor when transported in the same vehicle, from Waterloo and Dubuque, Iowa, and points in Peru Township, Dubuque, County, Iowa, to points in Michigan, Indiana, Ohio, and Kentucky. Applicant is authorized to conduct operations in Indiana, Illinois, Ohio, Kentucky, Iowa, Missouri, West Virginia, Wisconsin, Pennsylvania, Nebraska, Tennessee, Alabama, Michigan, Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Rhode Island, South Carolina, Vermont, Virginia, the District of Columbia, Arkansas, Kansas, Minnesota, Louisiana, North Dakota, and South Dakota.

NOTE: Applicant is authorized to transport farm tractors from Waterloo, Iowa, to points in Michigan, Indiana, Ohio, and Kentucky; also from points in Iowa within 5 miles of Dubuque to points in Indiana, Ohio, and Kentucky; also agricultural machinery and parts from points in Iowa except Fort Dodge, and points within one (1) mile thereof, to points in Shelby County, Ill., and from Shelbyville, Ill., to points in Michigan. Applicant states the purposes of the application are: (1) To clarify applicant's authority to perform the above transportation; (2) to present proof of public convenience and necessity to receive, as a result of this proceeding, such additional authority as may be required; and (3) to remove the necessity of operating through the Shelbyville, Ill., gateway on movements from points in Iowa within five miles of Dubuque, Iowa, to points in Michigan.

HEARING: September 29, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 110700 (Sub No. 1), filed May 23, 1958. Applicant: DANIEL NERO, 816 Jackson Street, Easton, Pa. Authority sought to operate as a *contract carrier*, by motor vehicle, over a regular route, transporting: *Baked goods*, (1) from Easton, Pa., to Brooklyn, N. Y., from Easton over U. S. Highway 22 to the Pennsylvania-New Jersey State line, thence over U. S. Highway 22 to the junction of Alternate U. S. Highways 1–9, thence over Alternate U. S. Highways 1–9 to the Holland Tunnel, thence through the Holland Tunnel to the junction of Canal Street in New York City, thence over Canal Street to Bowery Avenue, thence over Bowery Avenue to the junction of Delancey Street, thence over Delancey Street to the Williamsburg Bridge, thence across the Williamsburg Bridge to Brooklyn, serving no intermediate points; (2) *empty containers or other such incidental facilities* (not specified) used in transporting the above commodity, from Brooklyn, N. Y., to Easton, Pa., over the above specified route, serving no intermediate points. Applicant is authorized to conduct operations in Pennsylvania and New Jersey.

HEARING: September 8, 1958, at the Penn Sherwood Hotel, 3900 Chestnut Street, Philadelphia, Pa., before Examiner John P. McCarthy.

No. MC 110814 (Sub No. 8), filed May 15, 1958. Applicant: W. L. LINKENHOGER, G. N. LINKENHOGER, AND J. L. LINKENHOGER, doing business as WESTERN LINES, P. O. Box 2040, Corpus Christi, Tex. Applicant's attorney: Joe T. Lanham, Perry-Brooks Building, Austin, Tex. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Petroleum* and *petroleum products, including compounded oils and greases having a petroleum base*, in packages or containers; and *also including the following: brake fluids, compounds; compounds, anti-freeze; compounds, buffing or polishing; compounds, cleaning liquids; compounds, iron or steel rust preventive or removing liquid; compounds, tree or weed killing; gasoline additives; deodorants; insecticides, other than agricultural, liquid; insecticides, agricultural, liquid; paraffin wax*, in boxes, barrels or containers; *sprayers, containers* (cartons, boxes, cans or drums); from Beaumont, Tex., to points in New Mexico, Oklahoma, Arkansas, and Louisiana; and from West Port Arthur, Tex., to points in New Mexico and Oklahoma, and *empty containers or other such incidental facilities* (not specified) used in transporting the above-specified commodities on return. Applicant is authorized to conduct operations in Iowa, Kansas, Missouri, Nebraska, Oklahoma, and Texas.

HEARING: September 9, 1958, at the Baker Hotel, Dallas, Tex., before Examiner Mack Myers.

No. MC 111008 (Sub No. 10), filed May 2, 1958. Applicant: JESSE KIRK, JR., doing business as JESSE KIRK, JR. TRUCK LINE, North Travis Street, P. O. Box 461, Cameron, Tex. Applicant's attorney: Don G. Humble, P. O. Box 569, Cameron, Tex. Authority sought to operate as a *common or contract carrier*, by motor vehicle, over irregular routes, transporting: *Salt* and *salt products*, from Jefferson Island (Iberia County), La., to points in Texas west of U. S. Highway 81 from the Red River to Hillsboro, Tex., and thence west of U. S. Highway 77 to Brownsville, Tex., and *empty containers or other such incidental facilities* (not specified) used in transporting the above-specified commodities on return. Applicant is authorized to transport similar commodities in Arkansas, Louisiana, New Mexico, and Texas.

NOTE: A proceeding has been instituted under section 212 (c) in No. MC 111008 (Sub No. 9), to determine whether applicant's status is that of a common or contract carrier.

HEARING: September 22, 1958, at the Federal Office Building, Franklin and Fannin Streets, Houston, Tex., before Joint Board No. 32, or, if the Joint Board waives its right to participate, before Examiner Mack Myers.

No. MC 111326 (Sub No. 6), filed July 8, 1958. Applicant: WARREN TRANSPORT, INC., 224 Witry Street, Waterloo, Iowa. Applicant's attorney: Charles W. Singer, 1825 Jefferson Place NW., Washington 6, D. C. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, traction engines* and *stationary engines* (not including tractors with vehicle beds, bed frames or fifth wheels, and those which, because of size or weight require use of special equipment), and *attachments* and *parts* therefor when transported in the same vehicle, from Dubuque and Waterloo, Iowa, and points in Peru Township, Dubuque County, Iowa, to points in Illinois, Wisconsin, the Upper Peninsula of Michigan, and in Porter and Lake Counties, Ind.

NOTE: Applicant is authorized to transport farm tractors and related farm tractor parts from and to the above-described points, under which authority applicant claims the right to transport all types of tractors manufactured at and distributed from the plants of Deere & Company located at or near Dubuque and Waterloo, Iowa. Applicant states the purposes of the application are: (1) to clarify applicant's authority to perform the above transportation; and (2) to present proof of consistency with the public interest to receive, as a result of this proceeding, such additional authority as may be required.

HEARING: September 29, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 111472 (Sub No. 57), filed June 2, 1958. Applicant: DIAMOND TRANSPORTATION SYSTEM, INC., 1919 Hamilton, Racine, Wis. Applicant's attorney: Glenn W. Stephens, 121 West Doty Street, Madison 3, Wis. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Mountable spreaders*, from Appleton, Wis., to points in New Jersey, North Carolina, Utah, Nevada, and California; (2) *agricultural machinery, implements and parts*, from Appleton, Wis., to points in New York, Vermont, New Jersey, Florida, Texas, and Idaho.

NOTE: A proceeding has been instituted under section 212 (c) to determine whether applicant's status is that of a contract or common carrier in No. MC 111472 (Sub No. 53). Applicant is authorized to conduct operations throughout the United States.

HEARING: September 10, 1958, at the Wisconsin Public Service Commission, Madison, Wis., before Examiner Richard H. Roberts.

No. MC 111878 (Sub No. 1), filed June 9, 1958. Applicant: FRANK BABBITT, doing business as BABBITT BROS. TRANSFER CO., 623 17th Avenue, Bloomer, Wis. Applicant's attorney: Donald A. Morken, 1100 First National-Soo Line Building, Minneapolis 2, Minn. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Milk* and *milk products*, in bulk, in tank vehicles, from Bloomer, Wis., and points in Wisconsin within 75 miles thereof, to points in Alabama, Arkansas, Colorado, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, and West Virginia. (2) *Liquid cleaning compound*, in bulk, in tank vehicles, between Philadelphia, Pa., and points within 25 miles thereof, on the one hand, and, on the other, points in Michigan, Illinois, Wisconsin, Minnesota, Iowa, and Nebraska. (3) *Wine, apple juice* and *grape juice*, in bulk, in tank vehicles, from points in New York to points in Illinois, Wisconsin, and Minnesota. (4) *Fruit juice*, in bulk, in tank vehicles, from points in Florida to points in Illinois, Minnesota, and Wisconsin.

NOTE: Applicant holds common carrier authority in Certificate No. MC 111878 to transport milk and milk products, in bulk, in tank vehicles, from Bloomer, Wis., and points in Wisconsin within 75 miles thereof, to specified points and points within the Commercial Zones of each, as defined by the Commission in Texas, Nebraska, Oklahoma, Pennsylvania, Colorado, Kansas, Iowa, Minnesota, Illinois, and Missouri. Applicant states that no duplicate authority is sought and if the above described authority is issued as applied for, the existing authority may be cancelled.

HEARING: September 15, 1958, in Room 926, Metropolitan Building, Second Avenue South and Third Streets, Minneapolis, Minn., before Examiner Richard H. Roberts.

No. MC 112020 (Sub No. 46), filed June 16, 1958. Applicant: COMMERCIAL OIL TRANSPORT, a Corporation, 1030 Stayton Street, Fort Worth, Tex. Applicant's attorney: Leroy Hallman, First National Bank Building, Dallas 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid resins*, in bulk, in tank vehicles, from Tyler, Tex., and points within 10 miles thereof, to points in Louisiana. Applicant is authorized to conduct operations in Texas, Louisiana, Arkansas, Oklahoma,, Kansas, Missouri, Nebraska, Illinois, Iowa, Colorado, Indiana, Mississippi, Michigan, Ohio, Wisconsin, New York, Tennessee, and Kentucky.

HEARING: September 9, 1958, at the Baker Hotel, Dallas, Tex., before Joint Board No. 32, or, if the Joint Board waives its right to participate, before Examiner Mack Myers.

No. MC 112497 (Sub No. 112), filed June 13, 1958. Applicant: HEARIN TANK LINES, INC., 6440 Rawlins Street, Baton Rouge, La. Applicant's attorney: Harry C. Ames, Jr., Transportation Building, Washington, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Molten sulphur*, in bulk, in tank vehicles, from McKamie, Ark., to Tulsa, Okla. Applicant is authorized to conduct operations in Louisiana, Mississippi, Arkansas, Florida, Georgia, Alabama, Tennessee, Texas, Missouri, South Carolina, Kentucky, North Carolina, Ohio, California, New York, Illinois, Indiana, New Mexico, and Oklahoma.

HEARING: October 10, 1958, at the Federal Building, Oklahoma City, Okla., before Joint Board No. 217, or, if the Joint Board waives its right to participate, before Examiner Lawrence A. Van Dyke.

No. MC 112497 (Sub No. 115), filed July 7, 1958. Applicant: HEARIN TANK LINES, INC., 6440 Rawlins Street, Baton Rouge, La. Applicant's attorney: Harry C. Ames, Jr., Transportation Building, Washington, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid acids and chemicals*, in bulk, in tank vehicles, from points in Ascension Parish, La., to points in Arizona, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Missouri, New Mexico, and Oklahoma. Applicant is authorized to conduct operations in Alabama, Arkansas, California, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Mississippi, Missouri, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, and Virginia.

HEARING: October 2, 1958, at the Federal Office Building, 600 South Street, New Orleans, La., before Examiner Lawrence A. Van Dyke.

No. MC 113514 (Sub No. 38), filed June 27, 1958. Applicant: SMITH TRANSIT, INC., 305 Simons Building, Dallas, Tex. Applicant's attorney: W. D. White, 1900 Mercantile Dallas Building, Dallas 1, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Silica gel catalyst*, in bulk, in specialized equipment, between points in Texas, on the one hand, and, on the other, points in Oklahoma, Arkansas, and Louisiana. Applicant is authorized to conduct operations in Alabama, Arizona, Arkansas, Colorado, Kansas, Louisiana, Mississippi, Missouri, New Mexico, Oklahoma, Texas, and Utah.

NOTE: Applicant is under common control with Chemical Express, a contract carrier conducting operations under Permit No. MC 115135 Sub 1 dated January 28, 1957. Dual operations under Section 210 may be involved.

HEARING: September 19, 1958, at the Baker Hotel, Dallas, Tex., before Examiner Mack Myers.

No. MC 113779 (Sub No. 68), filed June 6, 1958. Applicant: YORK INTERSTATE TRUCKING, INC., 9020 La Porte Expressway, P. O. Box 12385, Houston 17, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Phosphoric acid* and *phosphatic fertilizer solutions*, in bulk, in tank vehicles, from Dallas, Texas and points within 10 miles thereof to points in Arkansas, Louisiana, New Mexico, Mississippi, and Oklahoma and *contaminated* and *rejected* shipments of the above commodities on return. Applicant is authorized to conduct operations in Alabama, Arizona, Arkansas, California, Colorado, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Carolina, Oklahoma, Oregon, South Dakota, Tennessee, Texas, Utah, Virginia, Washington, West Virginia, Wisconsin, and Wyoming.

HEARING: September 16, 1958, at the Baker Hotel, Dallas, Tex., before Examiner Mack Myers.

No. MC 113779 (Sub No. 69), filed June 9, 1958. Applicant: YORK INTERSTATE TRUCKING, INC., 9020 Laporte Expressway, P. O. Box 12385, Houston 17, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Phosphoric acid* and *phosphatic fertilizer solutions*, from Texas City, Tex., and points within ten (10) miles thereof, to points in Arkansas, Louisiana, Mississippi, New Mexico, and Oklahoma, and

contaminated and rejected shipments of the above-described commodities, on return. Applicant is authorized to conduct operations in all of the United States except Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New York, Rhode Island, Vermont, and the District of Columbia.

HEARING: September 26, 1958, at the Federal Office Building, Franklin and Fannin Streets, Houston, Tex., before Examiner Mack Myers.

No. MC 113779 (Sub No. 71), filed June 19, 1958. Applicant: YORK INTERSTATE TRUCKING, INC., 9020 Laporte Expressway (P. O. Box 12385), Houston 17, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Glycols*, in bulk, in tank vehicles, from Sugarland, Tex., and points within 10 miles thereof, to points in New Mexico; and *contaminated and rejected shipments* of glycols, on return. Applicant is authorized to conduct operations in all of the United States except Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New York, Rhode Island, Vermont, and the District of Columbia.

HEARING: September 26, 1958, at the Federal Office Building, Franklin and Fannin Streets, Houston, Tex., before Joint Board No. 33, or, if the Joint Board waives its right to participate, before Examiner Mack Myers.

No. MC 113855 (Sub No. 28), filed May 26, 1958. Applicant: INTERNATIONAL TRANSPORT, INC., Highway 52 South, Rochester, Minn. Applicant's attorney: Franklin J. Van Osdel, First National Bank Building, Fargo, N. Dak. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wood blocking, dolly poles, wooden skids and timbers, laminated rafters and beams, prefabricated timbers and trusses, wood posts, laminated wood, wood decking* and *used construction poles*, from points in Washington and Oregon, to points in North Dakota, South Dakota, Minnesota, Wisconsin, and Iowa. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 26, 1958, at the North Dakota Public Service Commission, Bismarck, N. Dak., before Examiner Richard H. Roberts.

No. MC 113855 (Sub No. 29), filed July 8, 1958. Applicant: INTERNATIONAL TRANSPORT, INC., Highway 52 South, Rochester, Minn. Applicant's attorney: Alan Foss, First National Bank Building, Fargo, N. Dak. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, traction engines* and *stationary engines* (not including tractors with vehicle beds, bed frames or fifth wheels, and those which because of size or weight require the use of special equipment), and *attachments* and *parts therefor* when transported in the same vehicle, from Waterloo and Dubuque, Iowa, and points in Peru Township, Dubuque County, Iowa, to points in Idaho, Washington, Wyoming, Oregon, California, Nevada, Utah, Arizona, New Mexico, Montana, that portion of Minnesota north of a line beginning at East Grand Forks, Minn., and extending in an easterly direction along U. S. Highway 2 to junction U. S. Highway 71, thence in a northeasterly direction along U. S. Highway 71 to the boundary of the United States and Canada near International Falls, Minn., including the points named and points on the indicated portions of the highways specified, and ports of entry on the international boundary line between the United States and Canada, located in Minnesota and North Dakota, with traffic destined to said ports of entry in North Dakota and Minnesota restricted to foreign commerce.

NOTE: Applicant states that under separate authorities, it is now authorized to transport agricultural machinery, and implements, other than hand, and farm tractors, from Waterloo and Dubuque, Iowa, to all points named above, except those in North Dakota and Minnesota. Applicant is authorized to transport heavy machinery, machine parts, farm implements, and road construction equipment to Minnesota, and farm tractors and farm machinery and parts to a portion of North Dakota. Under these authorities, applicant claims the right to transport all types of tractors manufactured at, or distributed from Waterloo and Dubuque, Iowa. The purposes of this application are (1) to clarify applicant's authority to perform the above transportation, (2) to present proof of public convenience and necessity for the service and to receive, as a result of this proceeding, such additional authority as may be required, and (3) to remove the necessity of operating through the East Grand Forks, Minn., gateway on movements to said ports of entry in North Dakota.

HEARING: September 29, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 113908 (Sub No. 38), filed June 25, 1958. Applicant: ERICKSON TRANSPORT CORPORATION, MPO Box 706, Springfield, Mo. Applicant's attorney: Turner White III, 808 Woodruff Building, Springfield, Mo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid sugar*, in bulk, in tank vehicles, from Des Moines, Iowa, to points in Illinois, Kansas, Nebraska, Minnesota, Missouri, and Wisconsin. Applicant is authorized to conduct operations in Illinois, Indiana, Ohio, Kentucky, South Dakota, Iowa, Missouri, Kansas, Minnesota, Nebraska, Texas, and Michigan.

HEARING: September 18, 1958, at the Federal Office Building, Fifth and Court Avenues, Des Moines, Iowa, before Examiner Gerald F. Colfer.

No. MC 114004 (Sub No. 22), filed June 2, 1958. Applicant: ARKANSAS TRUCKING CO., INC., 8828 New Benton Highway, P. O. Box 1715, Little Rock, Ark. Applicant's attorney: Ed E. Ashbaugh, 902 Wallace Building, Little Rock, Ark. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Trailers designed to be drawn by passenger automobiles*, in truckaway and driveaway service, in secondary movements, between points in the United States. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 18, 1958, at the Arkansas Commerce Commission, Justice Building, State Capitol, Little Rock, Ark., before Examiner Lawrence A. Van Dyke.

No. MC 114211 (Sub No. 11), filed July 8, 1958. Applicant: DONALDSON TRANSFER COMPANY, a Corporation, 213 Witry Street, Waterloo, Iowa. Applicant's attorney: Charles W. Singer, 1825 Jefferson Place NW., Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, traction engines*, and *stationary engines* (not including tractors with vehicle beds, bed frames or fifth wheels, and those which because of size or weight require the use of special equipment), and *attachments* and *parts* therefor, when transported in the same vehicle, from Waterloo and Dubuque, Iowa, and points in Peru Township, Dubuque County, Iowa, to points in Colorado, Illinois, Iowa, Kansas, Minnesota, Nebraska, North Dakota, and South Dakota, restricted against transportation in foreign commerce. Applicant is authorized to conduct operations in Illinois, Iowa, Nebraska, Kansas, Colorado, Minnesota, South Dakota, Wisconsin, North Dakota, Missouri, and Indiana.

NOTE: Under separate authorities, applicant is authorized to transport tractors, road-making machinery, and contractors' equipment and supplies, and agricultural machinery, agricultural implements, and parts thereof, from and to all of the points described above, under which authorities applicant claims the right to transport all types of tractors manufactured at and distributed from the plants of Deere & Company located at or near Waterloo and Dubuque, Iowa. Applicant states the purposes of the application are as follows: (1) to clarify applicant's authority to perform the above transportation; (2) to present proof of public convenience and necessity to receive, as a result of this proceeding, such additional authority as may be required; and (3) to remove the necessity of operating through the Fort Dodge, Iowa, gateway on movements to points in North Dakota.

HEARING: September 29, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald L. Colfer.

No. MC 114647 (Sub No. 4), filed June 16, 1958. Applicant: ROBERT E. PLETCHER, doing business as PLETCHER TRANSFER & STORAGE, 111 North Fourth Street, Forest City, Iowa. Applicant's representative: William A. Landau, 1307 East Walnut Street, Des Moines 16, Iowa. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Trailers*, designed to be drawn by passenger automobiles, in initial movements, by truckaway and driveaway service, from Forest City, Iowa, to points in Illinois, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, and Wisconsin. Applicant is authorized to conduct operations in Iowa and Minnesota.

HEARING: September 18, 1958, at the Federal Officer Building, Fifth and Court Avenues, Des Moines, Iowa, before Examiner Gerald F. Colfer.

No. MC 115162 (Sub. No. 42), filed July 8, 1958. Applicant: WALTER POOLE, doing business as POOLE TRUCK LINE, Evergreen, Ala. Applicant's attorney: Hugh R. Williams, 2284 Fairview Avenue, Montgomery, Ala.

Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, traction engines* and *stationary engines*, (not including tractors with vehicle beds, bed frames or fifth wheels, and those which because of size or weight require the use of special equipment) and *attachments* and *parts therefor* when transported in the same vehicle, from Dubuque and Waterloo, Iowa, and points in Peru Township, Dubuque County, Iowa, to points in Mobile and Monroe Counties, Ala.

NOTE: Applicant states that it is now authorized to transport farm tractors from and to the points described above. Under this authority, applicant claims the right to transport all types of tractors manufactured at and distributed from the plants of Deere & Company located at Dubuque and Waterloo, Iowa. The purposes of the application are (1) to clarify applicant's authority to perform the above transportation, and (2) to present proof of public convenience and necessity to receive as a result of this proceeding, such additional authority as may be required.

HEARING: September 29, 1958, at the Rome Hotel, Omaha, Nebr., before Examiner Gerald F. Colfer.

No. MC 115733 (Sub No. 2), filed May 9, 1958. Applicant: SAM LATTNER DISTRIBUTING CO., a corporation, P. O. Box 351, Groesbeck, Tex. Applicant's attorney: Albert G. Walker, 202 Capital National Bank Building, Austin, Tex. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *New furniture*, in crates, cartons and other containers, between Mexia, Tex., and points within 5 miles thereof, on the one hand, and, on the other, points in New Mexico, Oklahoma, Arkansas, and Louisiana. Applicant is authorized to conduct operations in Texas, New Mexico, Colorado, Nebraska, Kansas, Oklahoma, Missouri, Illinois, Arkansas, Louisiana, Mississippi, and Tennessee.

HEARING: September 16, 1958, at the Baker Hotel, Dallas, Tex., before Examiner Mack Myers.

No. MC 116073 (Sub No. 4), filed June 30, 1958. Applicant: JOHN C. BARRETT, doing business as MOORHEAD PHILLIPS SERVICE, 1335 Center Avenue, Moorhead, Minn. Applicant's attorney: Lee F. Brooks, First National Bank Building, Fargo, N. Dak. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Mobile trailer homes*, in initial movements, from Ironwood and Chesaning, Mich., to points in the United States.

HEARING: September 12, 1958, in Room 926, Metropolitan Building, Second Avenue, South and Third Streets, Minneapolis, Minn., before Examiner Richard H. Roberts.

No. MC 116073 (Sub No. 5), filed June 30, 1958. Applicant: JOHN C. BARRETT, doing business as MOORHEAD PHILLIPS SERVICE, 1335 Center Avenue, Moorhead, Minn. Applicant's attorney: Lee F. Brooks, First National Bank Building, Fargo, N. Dak. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Mobile trailer homes*, in initial movements, from Britton, S. Dak., to points in the United States.

HEARING: September 22, 1958, at the U. S. Court Rooms, Fargo, N. Dak., before Examiner Richard H. Roberts.

No. MC 116073 (Sub No. 6), filed June 30, 1958. Applicant: JOHN C. BARRETT, doing business as MOORHEAD PHILLIPS SERVICE, 1335 Center Avenue, Moorhead, Minn. Applicant's attorney: Lee F. Brooks, First National Bank Building, Fargo, N. Dak. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New and used mobile trailer homes*, in secondary movements, between points in Minnesota and North Dakota, on the one hand, and, on the other, points in the United States.

HEARING: September 23, 1958, at the U. S. Court Rooms, Fargo, N. Dak., before Examiner Richard H. Roberts.

No. MC 116077 (Sub No. 43), filed May 12, 1958. Applicant: ROBERTSON TANK LINES, INC., 5700 Polk Avenue, Houston, Tex. Applicant's attorneys: Charles D. Mathews and Thomas E. James, 1020 Brown Building, P. O. Box 858, Austin, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Anhydrous hydrogen chloride*, in manifold cylinder trailers, from points in Tarrant County, Tex., to points in Louisiana, Arkansas, Oklahoma, Mississippi, Alabama, and Florida, and *empty shipper-owned vehicles* on return. S. Highway 183 to junction U. S. Highway 64, thence over U. S. Highway 64 to junction U. S. Highway 54, thence over U. S. Highway 54 to Guymon; (b) From junction U. S. Highways 183 and 270, near Fort Supply, Okla., over U. S. Highway 270 to junction U. S. Highway 64, near Forgan, Okla.; and (c) From junction U. S. Highways 270 and 283, near May, Okla., over U. S. Highway 283 to junction U. S. Highway 64, and return over the above routes, serving all intermediate points; (2) Between Woodward, Okla., and Arnett, Okla., from Woodward over Oklahoma Highway 15 to junction U. S. Highway 283, near Shattuck, Okla., thence over U. S. Highway 283 to Arnett, and return over the same route, serving all intermediate points; and (3) Between junction U. S. Highways 283 and 60, approximately six (6) miles west of Arnett, Okla., and Shattuck, Okla., as follows: From junction U. S. Highways 283 and 60, approximately six (6) miles west of Arnett, over U. S. Highway 60 to Canadian, Tex., thence over U. S. Highway 83 to Perryton, Tex., thence over Texas Highway 15 to junction U. S. Highway 283, thence over U. S. Highway 283 to Shattuck, and return over the same route, serving all intermediate points.

HEARING: October 13, 1958, in the Federal Building, Oklahoma City, Okla., before Joint Board No. 16, or, if the Joint Board waives its right to participate, before Examiner Lawrence A. Van Dyke.

No. MC 117489, filed June 30, 1958. Applicant: JOHN N. SHEPPARD AND RICHARD T. SHEPPARD, doing business as SHEPPARD TRUCKING, Route 4, Box 664, Oshkosh, Wis. Applicant's representative: Adolph E. Solie, 716 First National Bank Building, Madison 3, Wis. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pre-cast concrete products*, such as roof slabs, window sills, coping, mausoleum crypt slabs, perlite slabs, and forms, including the necessary accompanying clips, mastic, plaster, perlite, and other installation materials used in connection with the installation thereof, when shipped with the commodities specified above, from Oshkosh, Wis., to points in Iowa, Minnesota, the Upper Peninsula of Michigan, that part of Illinois on and west of U. S. Highway 51 from the Wisconsin-Illinois State line to junction U. S. Highway 36 at Decatur, Ill., and on and north of U. S. Highway 36 from Decatur to the Illinois-Missouri State line, and points in Florence County, Wis., and *rejected and damaged shipments* of the above-specified commodities and *empty containers and other such incidental facilities* (not specified) used in transporting the commodities specified in this application on return.

NOTE: Applicant states he proposes to transport the above-specified commodities to job sites (for installation) in the above-specified States.

HEARING: September 11, 1958, at the Wisconsin Public Service Commission, Madison, Wis., before Examiner Richard H. Roberts.

No. MC 117499, filed July 7, 1958. Applicant: EDGAR P. ROBERT, 652 Fremaux, Slidell, La. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Brick and tile products*, from Slidell, La., to points in Hancock, Harrison, Jackson, Stone, Pearl River, Perry, Lamar, Marion, Walthall, Pike, Amite, and Wilkinson Counties, Miss.

HEARING: September 30, 1958, at the Federal Office Building, 600 South Street, New Orleans, La., before Joint Board No. 28, or, if the Joint Board waives its right to participate, before Examiner Lawrence A. Van Dyke.

No. MC 117501, filed July 7, 1958. Applicant: HAROLD L. NELSON, 1215 Boone Street, Boone, Iowa. Applicant's representative: William A. Landau, 1307 East Walnut Street, Des Moines 16, Iowa. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Aeration equipment for grain elevators*, from Boone, Iowa to points in Colorado, Illinois, Indiana, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, Oklahoma, South Dakota, Texas, and Wisconsin; (2) *agricultural fans*, from Piqua, Ohio, to Boone, Iowa.

NOTE: Applicant states that the proposed operations are to be limited to a transportation service to be performed under continuing contract with Rolfes Grain Aeration Company, Boone, Iowa.

HEARING: September 19, 1958, at the Federal Office Building, Fifth and Court Avenues, Des Moines, Iowa, before Examiner Gerald F. Colfer.

MOTOR CARRIERS OF PASSENGERS

No. MC 28572 (Sub No. 7), filed May 5, 1958. Applicant: GREAT NORTHERN RAILWAY COMPANY, a Corporation, 175 East Fourth Street, St. Paul 1, Minn. Applicant's attorney: H. V. Rhedin (same address). Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Passengers, express, mail, newspapers, milk and cream*, and *baggage of passengers*, in same or separate vehicles, (1) between Williston, N. Dak., and Watford City, N. Dak., from Williston over U. S. Highway 2 to junction U. S. Highway 85, thence over U. S. Highway 85 to Watford City, and return over the same route; and (2) between junction of North Dakota Highway 23 and U. S. Highway 85, north of Alexander, N. Dak., and Richey, Mont., from the junction of North Dakota Highway 23 and U. S. Highway 85, over North Dakota Highway 23 to the Montana-North Dakota State line, thence over Montana Highway 23N to Sidney, Mont., thence over Montana Highway 23 to Richey, and return over the same route, serving all intermediate points on the above-described routes which are stations on the rail line of Great Northern Railway Company and off-route points (which are stations on the rail line of applicant) of Lambert, Mont., and Charbonneau and Rawson, N. Dak. Applicant is authorized to perform similar operations in Montana and North Dakota.

HEARING: September 29, 1958, at the Montana Board of Railroad Commissioners, Helena, Mont., before Joint Board No. 84, or, if the Joint Board waives its right to participate, before Examiner Richard H. Roberts.

No. MC 117414, filed May 23, 1958. Applicant: BALOGH COACH LINES, INC., 1607 10th Avenue North, Grand Forks, N. Dak. Applicant's representative: E. J. Hanson, Chamber of Commerce, Grand Forks, N. Dak. Authority sought to operate as a *common carrier*, by motor vehicle, over a regular route, transporting: *Passengers and their baggage*, and *express* and *newspapers*, in the same vehicle with passengers, between Grand Forks, N. Dak., and Devils Lake, N. Dak., from Grand Forks over U. S. Highway 2 to Devils Lake, and return over the same route, serving all intermediate points; (2) between junction of North Dakota Highway 18 and U. S. Highway 2 and Larimore, N. Dak., over North Dakota Highway 18; (3) between junction of U. S. Highway 2 and Grand Forks County Road (generally referred to as the Mekineck Road) and Grand Forks Air Base, over Grand Forks County Road.

NOTE: The approach to the Air Base is one-fourth mile north of U. S. Highway 2 and thence west of U. S. Government property to the entrance to the Base.

HEARING: September 25, 1958, at the North Dakota Public Service Commission, Bismarck, N. Dak., before Joint Board No. 300, or, if the Joint Board waives its right to participate, before Examiner Richard H. Roberts.

No. MC 117460, filed June 16, 1958. Applicant: JELCO, INC., Route No. 4, Sparta, Wis. Applicant's attorney: Leo J. Goodman, Sidney Hotel Building, Sparta, Wis. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Passengers and their baggage*, in round-trip charter operations, beginning and ending at Sparta, Monroe County, Viroqua, Vernon County, and Mauston, Juneau County, Wis., and extending to Minneapolis and St. Paul, Minn., and Chicago, Ill. Beginning and ending at Beloit, Rock County, Wis., and extending to Rockford and Chicago, Ill.

HEARING: September 11, 1958, at the Wisconsin Public Service Commission, Madison, Wis., before Examiner Richard H. Roberts.

APPLICATIONS IN WHICH HANDLING WITHOUT ORAL HEARING IS REQUESTED

MOTOR CARRIERS OF PROPERTY

No. MC 2512 (Sub No. 25), filed July 7, 1958. Applicant: WILSON TRANSFER, INC., Bay Center, Wash. Applicant's attorney: John M. Hickson, 1225 Failing Building, Portland 4, Oreg. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, except those of unusual value, high explosives, commodities in bulk, and those requiring special equipment, in less than truck load lots only, between Portland, Oreg., on the one hand, and, on the other, Illwaco, Wash., and points within twenty (20) miles thereof. Applicant is authorized to conduct operations in California, Oregon, and Washington.

NOTE: Applicant states that the purpose of the instant application is to modify and change its present authority in Certificate No. MC 2512, dated January 16, 1957, by eliminating therefrom the present restriction that the movement of General Commodities, between Portland, Oreg., and the above-mentioned points in Washington must be in truck load lots.

No. MC 6575 (Sub No. 2), filed July 15, 1958. Applicant: G. ARREDONDO TRANSFER CO., 1220 Santa Rita Street, Laredo, Tex. Applicant's attorney: Maynard F. Robinson, Frost National Bank Building, San Antonio, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities, including commodities of unusual value, Class A, B and C explosives, household goods as defined by the Commission, commodities in bulk other than liquids and commodities which require special equipment because of size or weight*, between Laredo, Texas, and points within 5 miles thereof and the port of entry on the international boundary line between the United States and Mexico at or near Laredo, Tex. Applicant is authorized to transport General commodities, except those commodities listed above, between points in Texas within 5 miles of Laredo, including Laredo.

No. MC 66562 (Sub No. 1435), (AMENDMENT) filed June 26, 1958, published in the FEDERAL REGISTER of July 16, 1958, page 5411. Applicant: RAILWAY EXPRESS AGENCY, INCORPORATED, 219 East 42d Street, New York 17, N. Y. Applicant's attorney: William H. Marx, Law Department, Railway Express Agency, Incorporated (Same address as applicant). In letter dated July 18, 1958, applicant's attorney requests that "covering in addition to the motor carrier movement by applicant, an immediately prior or immediately subsequent movement by rail or air." be deleted from the restriction.

NOTE: The subject application is being handled, at the present, at the request of applicant, under the "no hearing" procedure.

No. MC 66562 (Sub No. 1439), filed July 15, 1958. Applicant: RAILWAY EXPRESS AGENCY, INCORPORATED, 219 East 42d Street, New York 17, N. Y.

Applicant's attorney: James E. Thomas, Alston, Sibley, Miller, Spann & Shackelford, 1220 The Citizens and Southern National Bank Building, Atlanta 3, Ga. Authority sought to operate as a *common carrier*, by motor vehicle, over a regular route, transporting: *General commodities, including Class A and B explosives*, moving in express service, between Greensboro, N. C., and Goldsboro, N. C., from Greensboro over North Carolina Highway 6 to junction U. S. Highway 70, thence over U. S. Highway 70 to Goldsboro (also from junction U. S. Highways 70 and 301 over U. S. Highway 301 to Selma, N. C., thence over U. S. Highway 70–A to junction U. S. Highway 70), and return over the same route, serving the intermediate points of Durham and Raleigh, N. C., and the off-route point of Selma, N. C. Applicant indicates the proposed service is subject to the following RESTRICTIONS: 1. The service to be performed by applicant shall be limited to service which is auxiliary to or supplemental of air or railway express service. 2. Shipments transported by applicant shall be limited to those moving on a through bill of lading or express receipt covering, in addition to a motor crarier movement by applicant, an immediately prior or immediately subsequent movement by air or rail. Applicant is authorized to conduct operations throughout the United States.

No. MC 88082 (Sub No. 3), filed July 17, 1958. Applicant: ST. MARYS TRUCKING CO., INC., P. O. Box 206, 400 South Webb Street, St. Marys, Ohio. Applicant's representative: Earl J. Thomas, Thomas Building, 5844–5850 North High Street, Worthington, Ohio. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pre-fabricated poultry houses*, from St. Marys, Ohio, to points in Indiana. Applicant is authorized to conduct operations in Indiana, Ohio, Illinois, and West Virginia.

No. MC 109451 (Sub No. 90), filed July 9, 1958. Applicant: ECOFF TRUCKING, INC., 112 Merrill Street, Fortville, Ind. Applicant's attorney: Robert C. Smith, 512 Illinois Building, Indianapolis 4, Ind. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Ethyl acetate and denatured alcohol solvents*, in bulk, in tank vehicles, from Ficklin, Ill., to points in the Minneapolis-St. Paul, Minn., Commercial Zone, as defined by the Commission. Applicant is authorized to conduct operations in Alabama, Florida, Georgia, Illinois, Indiana, Iowa, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, New Hampshire, Ohio, Pennsylvania, Tennessee, West Virginia, and Wisconsin.

NOTE: A proceeding has been instituted under section 212 (c) to determine whether applicant's status is that of a common or contract carrier, assigned Docket No. MC 109451 (Sub No. 82).

No. MC 112020 (Sub No. 47), filed July 16, 1958. Applicant: COMMERCIAL OIL TRANSPORT, a Corporation, 1030 Stayton Street, Fort Worth, Tex. Applicant's attorney: Ralph W. Pulley, Jr., First National Bank Building, Dallas 2, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Corn syrup*, in bulk, in tank vehicles, from Dallas, Tex., to points in New Mexico. Applicant is authorized to conduct operations in Texas, Louisiana, Arkansas, Oklahoma, Kansas, Nebraska, Missouri, Illinois, Iowa, Indiana, Colorado, Michigan, Mississippi, Ohio, Wisconsin, New York, Kentucky, and Tennessee.

No. MC 117512, filed July 14, 1958. Applicant: LEE JOHNSON, 1027 Utah, West Plains, Mo. Applicant's attorney: Joseph R. Nacy, 117 West High Street, Jefferson City, Mo. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *Iron ore*, in bulk, in dump trucks, (A) from the mine site of Shook & Fletcher Supply Co. located approximately 4.6 miles south of Montier, Mo., to the loading dock of Shook & Fletcher Supply Co. on the St. Louis-San Francisco Ry. Co., at or near Montier, Mo., from the mine site of Shook & Fletcher Supply Co. over Shannon County Supplemental Route "T" to junction unnumbered county road, thence over unnumbered county road to the loading dock of Shook & Fletcher Supply Co. on the St. Louis-San Francisco Ry. Co., at or near Montier, serving no intermediate points. (B) From the mine site of Shook & Fletcher Supply Co. located approximately 12 miles south of West Plains, Mo., to West Plains, from the mine site of Shook & Fletcher Supply Co. over Howell County Supplemental Route "JJ" to junction U. S. Highway 160, thence over U. S. Highway 160 to West Plains, serving no intermediate points.

MOTOR CARRIERS OF PASSENGERS

No. MC 3700 (Sub No. 40), filed July 18, 1958. Applicant: MANHATTAN TRANSIT COMPANY, U. S. 46, East Paterson, N. J. Applicant's attorney: Robert E. Goldstein, 24 West 40th Street, New York 18, N. Y. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Passengers and their baggage*, in the same vehicle with passengers, in special round-trip operations, during the racing seasons, (1) beginning and ending at Paterson, Clifton, and Passaic, N. J., and extending to Delaware Park Race Track, Stanton, Del., Pimlico Race Track, Baltimore, Md., Laurel Race Track, Laurel, Md., and Bowie Race Track, Bowie, Md.; (2) beginning and ending at Clifton and Passaic, N. J., and extending to Aqueduct Race Track, New York, N. Y., Belmont Race Track, Elmont, N. Y., Jamaica Race Track, New York, N. Y., Yonkers Race Track, Yonkers, N. Y., Roosevelt Raceway, Westbury, N. Y., Delaware Park Race Track, Stanton, Del., Laurel Race Track, Laurel, Md., Pemlico Race Track, Baltimore, Md., and Bowie Race Track, Bowie, Md. Applicant is authorized to conduct operations in New Jersey, New York, Connecticut, Pennsylvania, District of Columbia, Delaware, Maine, Maryland, Massachusetts, North Carolina, New Hampshire, Rhode Island, Tennessee, Vermont, and Virginia.

PETITION

No. MC 2892, PETITION dated July 8, 1958, FOR WAIVER OF RULE 1.101 (e) AND FOR REOPENING AND RECONSIDERATION OF "GRANDFATHER" APPLICATION IN DOCKET NO. MC 74628, ROLAND C. AMES MOTOR TRANSPORTATION, INC., Woodsville, N. H. Petitioner's attorney: Mary E. Kelley, 10 Tremont Street, Boston, Mass. Pursuant to appropriate transfer proceedings, Certificate MC 74628 dated July 31, 1941, issued to David Barcomb, doing business as Ideal Trucking Company, Hardwick, Vt., was merged with Certificate of petitioner, Roland C. Ames Motor Transportation, Inc. The Barcomb certificate authorized, among other things, the transportation of general commodities with exceptions "between points within 36 miles of Hardwick, Vt., including Hardwick, Vt." Holders of the authority in question, on the assumption that Burlington, Vt., and other points on the shore of Lake Champlain in the vicinity of Burlington, were embraced within the 36-mile radius of Hardwick, have continuously served such points in the belief they were authorized to do so. As the result of recent proceeding in No. MC–F 6786, Quinn Freight Lines, Inc.—Control and Merger—Roland C. Ames Motor Transportation, Inc., the question arose with respect to petitioner's right to serve Burlington, Vt., or to and from the Burlington, Vt., area. It is recited, among other things, that the "grandfather" rights granted to Barcomb resulted from informal conferences, with no uniformity with respect to maps or methods of computing distances in the determination of mileages and that it appears inconceivable that it was intended Barcomb should be granted authority to serve all points in northern Vermont except a limited area along the shore of Lake Champlain. Wherefore, petitioner seeks to waive the provisions of Rule 1.101 (3) of the Commission's general rules of practice and accept the instant petition for reopening and reconsideration of the Barcomb "grandfather" application with respect to authority to serve the Burlington, Vermont, area.

APPLICATIONS UNDER 212 (c) CONVERSION PROCEEDINGS

No. MC 102718 (Sub No. 4), SPENCER WADDELL (Columbus, Ga.); No. MC 106614 (Sub No. 1), THOMAS GUADAGNO (Teaneck, N. J.). The above-numbered proceedings were instituted under section 212 (c) on the Commission's own initiative, on February 17, 1958, to determine the carriers' status pertaining to their contract authority issued on or before August 22, 1957. Such proceedings were instituted because the carriers failed to file verified statements in response to a Questionnaire mailed September 20, 1957. Such statements have now been filed and the order entered February 17, 1958, instituting proceedings is hereby vacated and set aside as of September 2, 1958.

APPLICATIONS UNDER SECTIONS 5 AND 210a (b)

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5 (a) and 210a (b) of the Interstate Commerce Act and certain other procedural matters with respect thereto (49 CFR 1.240).

MOTOR CARRIERS OF PROPERTY

No. MC–F 6954 (correction) (UNION PACIFIC MOTOR FREIGHT CO.—PURCHASE (PORTION)—MASKELYNE TRANSFER AND STORAGE, INC.) published in the July 16, 1958, issue of the FEDERAL REGISTER on page 5414. The following restrictions were eliminated from the authority sought to be transferred: "The service performed by carrier shall be limited to service which is auxiliary to, or supplemental of, rail service of the Union Pacific Railroad Company, hereinafter called the railroad; no service shall be rendered to or from any point not a station on the rail lines of the railroad; shipments transported shall be limited to those which are received from, or delivered to, the railroad under a through bill of lading covering, in addition to a motor carrier movement by carrier, a prior or subsequent movement by rail; all contractual arrangements between carrier and the railroad shall be reported to the Commission and shall be subject to revision by it if and as it may be found necessary in order that such arrangement shall be fair and equitable to the parties; and such further conditions as the Commission, in the future, may find it necessary to impose to restrict carrier's operation to service which is auxiliary to, or supplemental of, the rail service of the railroad."

No. MC–F 6961. Authority sought for purchase by INTERSTATE TRUCK SERVICE, INC., 605–611 South First Street, Martins Ferry, Ohio, of the operating rights of HILMER GARDE, doing business as GLENCOE TRANSFER, Glencoe, Ohio, and for acquisition by DAVID L. BENNETT, Bethlehem Boulevard, Wheeling, W. Va., and GEORGE L. HANNAN, JR., Warwood Terrace, Wheeling, W. Va., of control of such rights through the transfer. Applicants' attorney: Wilmer A. Hill, Transportation Building, Washington, D. C. Operating rights sought to be transferred: *General commodities*, with certain exceptions excluding household goods and including commodities in bulk, as a *common carrier* over a regular route between Glencoe, Ohio, and Wheeling, W. Va., serving all intermediate points and the off-route points of Willow Grove and Warnock, Ohio; *general commodities*, with certain exceptions excluding household goods and including commodities in bulk, over irregular routes, between Glencoe, Ohio, and points within five miles of Glencoe, on the one hand, and, on the other, Pittsburgh, Pa., and Parkersburg, W. Va. Vendee is authorized to operate as a *common carrier* in Ohio, West Virginia, Pennsylvania, Maryland, Indiana, Kentucky, New York, Delaware, Massachusetts, New Jersey, Tennessee, Virginia, and the District of Columbia. Application has been filed for temporary authority under section 210a (b).

No. MC–F 6962. Authority sought for purchase by BRUCE JOHNSON TRUCKING COMPANY, INC., P. O. Box 5233 and/or Creosote Road, Charlotte 6, N. C., of the operating rights of GRIFFIN AND GRIST TRUCKING COMPANY, 125 Creosote Road, Charlotte 6, N. C. Applicants' attorney: Charles Basil Caudle, 718 Johnston Building, Charlotte, N. C. Operating rights sought to be transferred: *The commodities* listed in A and B of the appendix to the report in *Modification of Permits—Packing House Products*, 46 M. C. C. 23, as a *common carrier*, over irregular routes, from Charlotte, N. C., to points in South Carolina; *frozen foods*, from Charlotte, N. C., to points in South Carolina. Vendee is authorized to operate as a *common carrier* in South Carolina, North Carolina, Georgia, Virginia, Tennessee, and New Jersey. Application has not been filed for temporary authority under section 210a (b).

No. MC–F 6963. Authority sought for control by SCHWERMAN TRUCKING CO., 620 South 29th Street, Milwaukee 46, Wis., of SCHWERMAN TRUCKING CO. OF N. Y., INC., 620 South 29th Street, Milwaukee 46, Wis., and for acquisition by FRED SCHWERMAN, SR., FRED J. SCHWERMAN, RICHARD D. SCHWERMAN and CARL SCHWERMAN, all of Milwaukee, of control of SCHWERMAN TRUCKING CO. OF N. Y., INC., through the acquisition by SCHWERMAN TRUCKING CO. Applicant's attorney: Adolph E. Solie, 715 First National Bank Building, Madison 3, Wis. Operating rights sought to be transferred: Authority applied for by SCHWERMAN TRUCKING CO. OF N. Y., INC., in a pending application, covering the transportation of *cement*, as a *contract carrier*, over irregular routes, from two plant sites located in the vicinity of Hudson, N. Y., to points in Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont. SCHWERMAN TRUCKING CO. is authorized to operate as a *contract carrier* in Indiana, Illinois, and Wisconsin. Application has not been filed for temporary authority under section 210a (b).

No. MC–F 6964. Authority sought for purchase by SCHWERMAN TRUCKING CO. OF INDIANA, INC., 620 South 29th Street, Milwaukee 46, of a portion of the operating rights of SCHWERMAN TRUCKING CO., 620 South 29th Street, Milwaukee 46, Wis., and for acquisition by FRED SCHWERMAN, SR., FRED J. SCHWERMAN, RICHARD D. SCHWERMAN, and CARL SCHWERMAN, all of Milwaukee, of control of such rights through the purchase. Applicants' attorney: Adolph E. Solie, 715 First National Bank Building, Madison 3, Wis. Operating rights sought to be transferred: *Cement and mortar*, as a *contract carrier*, over irregular routes, from Buffington, Ind., to points in Illinois and Wisconsin within 160 miles of Buffington; *fly ash*, in bulk, in tank vehicles, from Chicago, Ill., to certain points in Wisconsin. Vendee is authorized to operate as a *contract carrier* in Indiana, Illinois, Ohio, and Kentucky. Application has not been filed for temporary authority under section 210a (b).

No. MC–F 6965. Authority sought for purchase by DEALERS TRANSIT, INC., 12601 South Torrence Avenue, Chicago 33, Ill., of a portion of the operating rights of SQUARE DEAL CARTAGE COMPANY, 13401 Eldon Avenue, Detroit 34, Mich., and for acquisition by WALTER F. CAREY, 6125 Middlebelt Road, Birmingham, Mich., and BERT B. BEVERIDGE, 707 North Ocean Drive, Del Ray Beach, Fla., of control of such rights through the purchase. Applicants' attorney: George S. Dixon, 2150 Guardian Building, Detroit 26, Mich. Operating rights sought to be transferred: *Freight trailers* and *trailer chassis*, restricted to initial movements, in truck-away, tow-away, and drive-away service, as a *common carrier* over irregular routes, from points in the Cincinnati, Ohio, Commercial Zone, as defined by the Commission, the St. Louis, Mo.-East St. Louis, Ill., Commercial Zone, as defined by the Commission, Springfield, Mo., and Charlotte, N. C., to points in the United States including the District of Columbia; *new trailers and semi-trailers*, other than those designed to be drawn by passenger automobiles, and *chassis therefor*, in initial movements in truck-away service, from Elizabeth and Linden, N. J., Fort Smith, Ark., and points within ten miles of Fort Smith, to points in the United States; *truck bodies* and *trailer bodies* and *accessories and equipment therefor*, moving in connection therewith, knocked down and set up, from points in the Cincinnati, Ohio, Commercial Zone as defined by the Commission, to points in the United States. Vendee is authorized to operate as a *common carrier* in all States in the United States and the District of Columbia. Application has not been filed for temporary authority under section 210a (b).

By the Commission.

[SEAL] HAROLD D. MCCOY, *Secretary.*

TARIFF COMMISSION

WATCH MOVEMENTS

REPORT TO PRESIDENT

JULY 25, 1958.

The United States Tariff Commission today submitted to the President its third periodic report on the developments in the trade in watch movements since the "escape clause" action, on July 27, 1954, modifying the concession thereon granted in the trade agreement with Switzerland signed January 9, 1936. This report was made pursuant to paragraph 1 of Executive Order 10401 of October 14, 1952 (3 CFR, 1952 Supp., p. 105). That order prescribes procedures for the periodic review of escape-clause actions. Such review is limited to the determination of whether a concession that has been modified or withdrawn can be restored in whole or in part without causing or threatening serious injury to the domestic industry concerned.

In submitting its third report to the President under Executive Order 10401 with respect to watch movements, the Commission advised the President that the conditions of competition between imported and domestic watch movements had not so changed as to warrant the institution of a formal investigation under the provisions of paragraph 2 of Executive Order 10401. This means that, in the Commission's view, the developments in the trade in watch movements do not warrant a formal inquiry into the question of whether a reduction in the duties on watch movements could be made without resulting in serious injury to the domestic industry.

Copies of the Commission's report are available upon request as long as the limited supply lasts. Requests should be addressed to the U. S. Tariff Commission, Eighth and E Streets NW., Washington 25, D. C.

[SEAL] DONN N. BENT,
Secretary.

TOWELING OF FLAX, HEMP, OR RAMIE

REPORT TO PRESIDENT

JULY 25, 1958.

The United States Tariff Commission today submitted to the President its first periodic report on the developments in the trade in toweling of flax, hemp, or ramie since the "escape clause" action on July 25, 1956, withdrawing the concession granted in the General Agreement on Tariffs and Trade on such toweling classifiable under paragraph 1010 of the Tariff Act of 1930. This report was made pursuant to paragraph 1 of Executive Order 10401 of October 14, 1952 (3 CFR, 1952 supp., p. 105). That order prescribes procedures for the periodic review of escape-clause actions. Such review is limited to the determination of whether a concession that has been modified or withdrawn can be restored in whole or in part without causing or threatening serious injury to the domestic industry concerned.

In submitting its first report to the President under Executive Order 10401 with respect to toweling of flax, hemp, or ramie, the Commission advised the President that the conditions of competition between imported and domestic toweling had not so changed as to warrant the institution of a formal investigation under the provisions of paragraph 2 of Executive Order 10401. This means that, in the Commission's view, the developments in the trade in toweling of flax, hemp, or ramie do not warrant a formal inquiry into the question of whether a reduction in the duty on such toweling could be made without resulting in serious injury to the domestic industry.

Copies of the Commission's report are available upon request as long as the limited supply lasts. Requests should be addressed to the U. S. Tariff Commission, Eighth and E Streets NW., Washington 25, D. C.

Washington, Thursday, July 31, 1958

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 1020—APRICOTS GROWN IN DESIGNATED COUNTIES IN WASHINGTON

DETERMINATION RELATIVE TO EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1958–59 FISCAL PERIOD

Notice was published in the July 17, 1958, daily issue of the FEDERAL REGISTER (23 F. R. 5465) that consideration was being given to the proposals regarding the expenses and the fixing of the rate of assessment for the fiscal period ending March 31, 1959, under the marketing agreement and Order No. 120 (7 CFR Part 1020; 22 F. R. 3514), regulating the handling of apricots grown in designated counties in Washington, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.). After consideration of all relevant matters presented, including the proposals set forth in such notice which were submitted by the Washington Apricot Marketing Committee (established pursuant to said marketing agreement and order), it is hereby found and determined that:

§ 1020.202 *Expenses and rate of assessment for the 1958–59 fiscal period*—(a) *Expenses.* The expenses that are reasonable and likely to be incurred by the Washington Apricot Marketing Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, to enable such committee to perform its functions, in accordance with the provisions thereof, during the fiscal period beginning April 1, 1958, and ending March 31, 1959, will amount to $10,306.00.

(b) *Rate of assessment.* The rate of assessment, which each handler who first handles apricots shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said marketing agreement and order is hereby fixed at one and one-half dollars ($1.50) per ton of apricots so handled by such handler during such fiscal period.

It is hereby further found that it is impracticable and contrary to the public interest to postpone the effective time hereof until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) shipments of apricots are now being made; (2) the rate of assessment is applicable to all apricots shipped during the aforesaid fiscal period; and (3) it is essential that the specification of assessment rate be issued immediately so as to enable the said Washington Apricot Marketing Committee to perform its duties and functions in accordance with said marketing agreement and order.

Terms used in the marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 28, 1958.

[SEAL] FLOYD F. HEDLUND,
Deputy Director,
Fruit and Vegetable Division.

PART 1022—SWEET CHERRIES GROWN IN DESIGNATED COUNTIES IN WASHINGTON

DETERMINATION RELATIVE TO EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1958–59 FISCAL PERIOD

Notice was published in the July 17, 1958, daily issue of the FEDERAL REGISTER (23 F. R. 5466) that consideration was being given to the proposals regarding the expenses and fixing of the rate of assessment for the fiscal period ending March 31, 1959, under the marketing agreement and Order No. 122 (7 CFR Part 1022; 22 F. R. 3835), regulating the handling of sweet cherries grown in designated counties in Washington, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.). After consideration of all relevant matters presented, including the proposals set forth in such notice which

were submitted by the Washington Cherry Marketing Committee (established pursuant to said marketing agreement and order), it is hereby found and determined that:

§ 1022.203 *Expenses and rate of assessment for the 1958–59 fiscal period*—(a) *Expenses.* The expenses that are reasonable and likely to be incurred by the Washington Cherry Marketing Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, to enable such committee to perform its functions, in accordance with the provisions thereof, during the fiscal period beginning April 1, 1958, and ending March 31, 1959, will amount to $10,340.00.

(b) *Rate of assessment.* The rate of assessment, which each handler who first handles cherries shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said marketing agreement and order is hereby fixed at one and one-half dollars ($1.50) per ton of cherries so handled by such handler during such fiscal period.

It is hereby further found that it is impracticable and contrary to the public interest to postpone the effective time hereof until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) shipment of cherries are now being made; (2) the rate of assessment is applicable to all cherries shipped during the aforesaid fiscal period; and (3) it is essential that the specification of assessment rate be issued immediately so as to enable the said Washington Cherry Marketing Committee to perform its duties and functions in accordance with said marketing agreement and order.

Terms used in the marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 28, 1958.

[SEAL] FLOYD F. HEDLUND, *Deputy Director, Fruit and Vegetable Division.*

[F. R. Doc. 58–5872; Filed, July 30, 1958; 8:54 a. m.]

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

MISCELLANEOUS AMENDMENTS TO CHAPTER

The following amendments are effective August 1, 1958:

PART 21—FIRST CLASS

Section 21.1 *Rates* is amended to read as follows:

§ 21.1 *Rates.*

Kind of mail	*Rate*
All first-class mail except postal and post cards and drop letters.	4 cents per ounce.
Drop letters	3 cents per ounce.
Single postal cards and post cards	3 cents each.
Double postal cards and post cards (reply portion of double post card does not have to bear postage when originally mailed).	6 cents (3 cents each portion).
Business reply mail (see § 21.2 (c)):	
Cards	5 cents each.
Other than cards:	
Weight not over two ounces	4 cents per ounce plus 2 cents per piece.
Weight over two ounces	4 cents per ounce plus 5 cents per piece.
Airmail	See § 26.1.

NOTE: The corresponding Postal Manual section is 131.1.

(R. S. 161, 396, as amended; sec. 2, 45 Stat. 940, as amended, sec. 201, 62 Stat. 1261, as amended: 5 U. S. C. 22, 369, 39 U. S. C. 280, 303, 463a)

PART 22—SECOND CLASS

In § 22.1 *Second-class rates* amend paragraph (c) to read as follows:

(c) *Transient rate.*

1. Copies mailed by public. 2. Sample copies in excess of 10 percent allowance. 3. Copies to persons not included in list of subscribers.	2 cents for first 2 ounces; 1 cent each additional ounce or fraction thereof, or the fourth-class rate, whichever is lower.

NOTE: The corresponding Postal Manual section is 132.13.

(R. S. 161, 396, as amended, sec. 2, 65 Stat. 672, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 289a)

PART 23—CONTROLLED CIRCULATION PUBLICATIONS

Section 23.1 *Rates* is amended to read as follows:

§ 23.1 *Rates.*

12 cents per pound, minimum 1 cent per piece.

NOTE: The corresponding Postal Manual section is 133.1.

(R. S. 161, 396, as amended, sec. 203, 62 Stat. 1262, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 291b)

PART 24—THIRD CLASS

a. In § 24.1 *Rates* make the following changes in the table:

1. Amend the single rate data applicable to books and catalogs, etc., to read as follows:

3 cents first 2 ounces, 1½ cents each additional ounce or fraction.

2. Amend the single rate data applicable to "circulars and other printed matter, merchandise" to read as follows:

3 cents first 2 ounces, 1½ cents each additional ounce or fraction.

3. As to articles of odd size or form, amend the rate data by striking out "3 cents" and inserting in lieu thereof "6 cents."

NOTE: The corresponding Postal Manual section is 134.1.

b. In § 24.2 *Classification* amend paragraph (a) (5) by striking out "(8 ounces)."

NOTE: The corresponding Postal Manual section is 134.21e.

c. In § 24.3 *Weight and size limitations* amend paragraph (a) to read as follows:

(a) *Weight.* Each piece may weigh up to but not including 16 ounces, except for items described in § 24.2 (a) (3) and (4) and letters for the blind. (See Part 28.)

NOTE: The corresponding Postal Manual section is 134.31.

(R. S. 161, 396, as amended; sec. 3, 65 Stat. 673, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 290a–1)

PART 25—FOURTH CLASS

a. In § 25.1 *Rates* make the following changes:

1. In paragraph (a) the caption of the first column of the table is amended to read as follows: "Weight, 16 ounces or over but not exceeding—."

2. In paragraph (a) delete the phrase "Over 8 ounces to—" which appears at the top of the pounds column of the table.

3. In paragraph (b) the caption of the first column of the table is amended to read as follows: "Weight, 16 ounces or over but not exceeding—."

4. Paragraph (c) is amended to read as follows:

(c) *Educational materials.*

Kind of mail	Rate (without regard to zone)	
	First pound	Each additional pound or fraction
Books: 16-millimeter films and 16-millimeter film catalogs (rate applies for films and catalogs except when mailed to commercial theaters); printed music, printed objective test materials, phonograph recordings, and manuscripts for books, periodicals and music. (See § 25.2 (a) (4))	*Cents* 9	*Cents* 5

NOTE: The corresponding Postal Manual section is 135.11, 135.12, and 135.13.

5. Paragraph (d) is amended to read as follows:

(d) *Library materials.* (These rates are restricted to public libraries, institutions of learning, and certain nonprofit organizations or associations.)

Kind of mail	Rate (without regard to zone)	
	First pound	Each additional pound or fraction
Library books, 16-millimeter films, filmstrips, transparencies and slides, microfilms, sound recordings, and catalogs of such materials, printed music, bound volumes of academic theses or periodicals, phonograph recordings, and other library materials (rate restricted to mailings by or to certain organizations. (See § 25.2 (a) (5))	*Cents* 1	*Cent* 1

NOTE: The corresponding Postal Manual section is 135.14.

b. In § 25.2 *Classification* make the following changes:

1. Amend paragraph (a) (3) to read as follows:

(3) Catalogs and similar printed advertising matter in bound form, having 24 or more pages, at least 22 of which are printed, weighing 16 ounces or more but not exceeding 10 pounds, and individually addressed, may be mailed at the zone rates in § 25.1 (b).

NOTE: The corresponding Postal Manual section is 135.213.

2. Amend paragraph (a) (4) to read as follows:

(4) The rates in § 25.1 (c) are for:

(i) Books of 24 pages or more, at least 22 of which are printed, permanently bound for preservation consisting wholly of reading matter or scholarly bibliography or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books. Advertising includes paid advertising and the publisher's own advertising. The advertising may be in display, classified, or editorial style.

(ii) 16-millimeter films, which must be positive prints in final form for viewing, and 16-millimeter film catalogs of 24 pages or more, at least 22 of which are printed, except films and film catalogs sent to commercial theaters.

(iii) Printed music whether in bound form or in sheet form.

(iv) Printed objective test materials and accessories thereto used by or in behalf of educational institutions in the testing of ability, aptitude, achievement, interests, and other mental and personal qualities with or without answers, test scores, or identifying information recorded thereon in writing or by mark.

(v) Phonograph recordings.

(vi) Manuscripts for books, periodical articles and music.

NOTE: The corresponding Postal Manual section is 135.214.

3. Amend paragraph (a) (5) to read as follows:

(5) The rates in § 25.1 (d) apply to:

(i) The following items when loaned or exchanged between schools, colleges, or universities and public libraries, nonprofit religious, educational, scientific, philanthropic, agricultural, labor, veterans or fraternal organizations or associations or when sent between libraries, organizations or associations stated herein and their members, readers or borrowers:

(*a*) Books consisting wholly of reading matter or scholarly bibliography or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(*b*) Printed music, whether in bound form or in sheet form.

(*c*) Bound volumes of academic theses in typewritten or duplicated form.

(*d*) Bound volumes of periodicals.

(*e*) Phonograph recordings.

(*f*) Other library materials in printed, duplicated, or photographic form or in the form of unpublished manuscripts.

(ii) 16-millimeter films, filmstrips, transparencies, slides, microfilms, all of which must be positive prints in final form for viewing; sound recordings; and catalogs of such materials having 24 or more pages, at least 22 of which are printed, when sent to or from schools, colleges, universities, or public libraries, and to or from nonprofit religious, educational, scientific, philanthropic, agricultural, labor, veterans', or fraternal organizations or associations.

NOTE: The corresponding Postal Manual section is 135.215.

c. In § 25.3 *Weight and size limits* amend the first sentence of paragraph (a) to read as follows:

(a) *Weight.* Each addressed piece must weigh 16 ounces or more but not in excess of the following limits:

NOTE: The corresponding Postal Manual section is 135.31.

d. In § 25.5 *Written additions* make the following changes:

1. Amend paragraph (a) (4) to read as follows:

(4) The wrapper or cover on articles mailed at the rates in § 25.1 (c) must be marked Educational Materials.

NOTE: The corresponding Postal Manual section is 135.51d.

2. Amend paragraph (a) (5) to read as follows:

(5) The wrapper or cover on articles mailed at the rates in § 25.1 (d) must be marked Library Materials.

NOTE: The corresponding Postal Manual section is 135.51e.

e. Section 25.9 *Nonprofit organization* is amended to read as follows:

§ 25.9 *Library materials; identification of mailer or addressee.* Each parcel mailed under the provisions of §§ 25.1 (d) and 25.2 (a) (5) must show in the address or the return address the name of a school, college, university, public library, or the name of a nonprofit religious, educational, scientific, philanthropic, agricultural, labor, veterans', or fraternal organization or association. No permit is required.

NOTE: The corresponding Postal Manual section is 135.9.

(R. S. 161, 396, as amended, 3879, as amended; sec. 204, 62 Stat. 1262, as amended, sec. 1, 69 Stat. 610, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 240, 240a, 292a)

PART 26—AIRMAIL

In § 26.1 *Rates* amend the first chart therein to read as follows:

Weight		Rate
8 ounces or less.	Air postal or post cards.	5 cents each.
	Letters and packages	7 cents an ounce.
	Business reply mail (See § 21.2 (c)):	
	Air Cards	7 cents each.
	Airmail other than cards:	
	Weight not over 2 ounces.	7 cents an ounce, plus 2 cents per piece.
	Weight over 2 ounces.	7 cents an ounce, plus 5 cents per piece.

NOTE: The corresponding Postal Manual section is 136.1.

(R. S. 161, 396, as amended; sec. 201, 62 Stat. 1261, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 463a)

[SEAL] HERBERT B. WARBURTON, *General Counsel.*

PART 111—POSTAL UNION MAIL

PART 141—OUTGOING MAIL (TREATMENT ABROAD AND RETURN TO UNITED STATES)

MISCELLANEOUS AMENDMENTS

The proposed amendments to Parts 111 and 141 published in the FEDERAL REGISTER of July 4, 1958, at page 5122 (23 F. R. 5122), are hereby adopted as regulations of the Post Office Department with the following additional amendments:

1. In § 111.1 *All categories* amend subdivision (iii) of paragraph (c) (5) by striking out "3 cents" in the first sentence thereof and inserting in lieu thereof "4 cents".

2. In § 111.2 *Specific categories* amend the last sentence of subdivision (ii) of paragraph (b) (4) to read as follows: "Prepayment of the two halves shall be by means of United States postage stamps (3 cents for Canada and Mexico and 5 cents for other countries) affixed to each half."

All of the regulations as adopted, shall be effective August 1, 1958, with the exception that the new rates prescribed in that part of the amendment to paragraph (d) (1) of § 111.2 as they apply to books, and the new rate prescribed in the amendment to subdivision (i) of paragraph (d) (6) of § 111.2, shall become effective September 1, 1958.

The regulations as adopted read as follows:

a. In § 111.1 *All categories* make the following changes in paragraph (a):

1. In the chart, opposite both Canada and Mexico, and under "Airmail rates—Letters and letter packages, per ½ oz.", strike out "'.06" and insert in lieu thereof "'.07".

2. Amend footnote 4 to read as follows:

4 Per ounce (letters). Single post cards, 5 cents each.

b. In § 111.1 *All categories* amend subdivision (iii) of paragraph (c) (5) by striking out "3 cents" in the first sentence thereof and inserting in lieu thereof "4 cents".

c. In § 111.2 *Specific categories* make the following changes:

1. Amend paragraph (a) (1) to read as follows:

(1) *Rates.* The surface rate for letters and letter packages to Canada and Mexico is 4 cents per ounce. To all other countries it is 8 cents for the first ounce and 5 cents for each additional ounce. For airmail rates, see § 111.1 (a).

NOTE: The corresponding Postal Manual section is 221.211.

2. In paragraph (b) amend subdivisions (i) and (ii) of subparagraph (1) to read as follows:

(i) *Surface.* Canada and Mexico, 3 cents single; reply-paid, 3 cents each half. All other countries, 5 cents single; reply-paid, 5 cents each half.

(ii) *Airmail.* Canada and Mexico, 5 cents single; reply-paid, 7 cents on message half, 3 cents on reply half. St. Pierre and Miquelon, 8 cents single; reply-paid, 8 cents on message half, 5 cents on reply half. All other countries, 10 cents single; reply-paid, letter rate (10, 15, or 25 cents) on message half and 5 cents on reply half. There is no provision whereby you may prepay the reply half for return to the United States by airmail. See § 121.3 (b) of this chapter regarding prepayment of foreign reply-paid cards to be transmitted to other countries by airmail.

NOTE: The corresponding Postal Manual section is 221.221 a and b.

3. In paragraph (c) amend subparagraph (1) to read as follows:

(1) *Rates.* Surface rate for commercial papers for all countries is 4 cents for the first 2 ounces and 2 cents for each additional 2 ounces or fraction of 2 ounces. Minimum charge is 10 cents. For airmail rates, see § 111.1 (a).

NOTE: The corresponding Postal Manual section is 221.231.

4. That part of paragraph (d) (1) which precedes subdivision (i), and subdivision (i) are amended to read as follows:

(1) *Surface rates.* Surface rates for printed matter to all countries are 4 cents for the first 2 ounces and 2 cents for each additional 2 ounces, except as follows:

(i) For rates on second-class matter mailed by publishers or registered news agents, see § 22.1 (d) of this chapter.

NOTE: The corresponding Postal Manual section is 221.241a.

5. In subdivision (i) of paragraph (d) (6) strike out "8 cents" and insert in lieu thereof "12 cents".

NOTE: The corresponding Postal Manual section is 221.246a.

6. In paragraph (f) amend subparagraph (1) by striking out "3 cents" and inserting in lieu thereof "4 cents".

NOTE: The corresponding Postal Manual section is 221.261.

7. In paragraph (g) amend subparagraph (1) to read as follows:

(1) *Rates.* Surface rate for all countries accepting small packets is 4 cents for each 2 ounces or fraction. Minimum charge, 20 cents per packet. For airmail rates, see § 111.1 (a). See subparagraph (8) of this paragraph for list of countries which do not accept small packets.

NOTE: The corresponding Postal Manual section is 221.271.

8. In paragraph (h) amend subparagraph (1) to read as follows:

(1) *Rates.* The surface rate is 4 cents for each 2 ounces or fraction. Minimum charge, 10 cents per package. For airmail rates, see § 111.1 (a).

NOTE: The corresponding Postal Manual section is 221.281.

9. In paragraph (i) amend the first sentence of subdivision (ii) of subparagraph (2) by striking out "3 cents" and inserting in lieu thereof "4 cents".

NOTE: The corresponding Postal Manual section is 221.292b.

10. Amend the last sentence of subdivision (ii) of paragraph (b) (4) to read as follows: "Prepayment of the two halves shall be by means of United States postage stamps (3 cents for Canada and Mexico and 5 cents for other countries) affixed to each half."

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

11. In § 141.1 *Postal Union mail* amend subdivisions (i) and (iv) of paragraph (c) (2) to read as follows:

(i) On any 8-ounce merchandise package, return postage equal to the amount of postage originally paid.

* * * * *

(iv) On second-class matter returned from Canada, if you are the publisher or registered news agent, return postage of 2 cents for the first 2 ounces and 1 cent for each additional ounce.

NOTE: The corresponding Postal Manual section is 251.132a and d.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

[SEAL] HERBERT B. WARBURTON, *General Counsel.*

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter C—Drugs

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

CERTIFICATION FEES

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507 (b) (5), 59 Stat. 463, as amended; 21 U. S. C. 357 (b) (5)) and delegated to the Commissioner of Food and Drugs by the Secretary (22 F. R. 1045), the regulations for the certification of animal feed containing antibiotic drugs (21 CFR 146.8, 146.26) are amended as indicated below:

1. Section 146.8 *Fees* is amended in paragraph (f) by deleting the period at the end thereof and adding the following phrase "and § 146.26."

2. Section 146.26 *Animal feed containing penicillin* * * * is amended by adding the following new paragraph:

(c) [Reserved.]

(d) *Fees.* The fees for the services rendered with respect to each application for an exemption from certification under the regulations in paragraph (b) of this section, and for each amendment thereto, shall be:

(1) $5.00 for each medicated feed formula containing one or more new-drug substances described in an initial application.

(2) $5.00 for changes in one or more new-drug substances contained in a medicated feed formula described in an amendment to such application.

The fee prescribed by this paragraph shall accompany each application and each amendment to such application unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

Effective date. This order shall become effective on September 1, 1958.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since the fees set forth herein are necessary in order to provide, equip, and maintain an adequate certification service for the antibiotic and antibiotic-containing drugs.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371. Interprets or applies sec. 507, 59 Stat. 463, as amended; 21 U. S. C. 357)

Dated: July 28, 1958.

[SEAL] GEO. P. LARRICK, *Commissioner of Food and Drugs.*

Chapter IV—Commodity Stabilization Service and Commodity Credit Corporation, Department of Agriculture

Subchapter B—Loans, Purchases, and Other Operations

[1958 C. C. C. Grain Price Support Bulletin 1, Supp. 2, Wheat]

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1958-CROP WHEAT LOAN AND PURCHASE AGREEMENT PROGRAM

The 1958 C. C. C. Grain Price Support Bulletin 1 (23 F. R. 2663), issued by the Commodity Credit Corporation and containing the regulations of a general nature with respect to price support operations for certain grains and other commodities produced in 1958 was supplemented by 1958 C. C. C. Grain Price Support Bulletin 1, Supplement 1, Wheat (23 F. R. 3485), containing specific requirements applicable to price support operations on the 1958 wheat crop. These regulations are further supplemented by the addition of paragraph (d) to § 421.3043 as follows:

(d) *Support rates.* Basic support rates for wheat placed under loan or delivered under purchase agreements are set forth in this paragraph.

(1) *Basic support rates at designated terminal markets.* Basic support rates per bushel for grade No. 1 wheat stored in approved warehouses at the terminal markets listed below are as follows.

Terminal market	Rate per bushel: Wheat produced in commercial area	Rate per bushel: Wheat produced in noncommercial area
Astoria, Oreg.	$2.07	$1.55
Portland, Oreg.	2.07	1.55
Longview, Wash.	2.07	1.55
Seattle, Wash.	2.07	1.55

(2) *Basic county support rates.* (i) The following basic county support rates per bushel are established for grade No. 1 wheat. Both farm-storage and country warehouse-storage loans, except as otherwise provided in paragraph (b) of this section will be made at the support rate established for the county in which the wheat is stored: *Provided, however,* That if the wheat produced in the commercial wheat-producing area and stored outside the commercial wheat-producing area or if the wheat is produced in the noncommercial wheat-producing area and stored in the commercial wheat-producing area, the rate shall be the applicable rate where stored adjusted to the percentage level applicable to where the wheat was produced.

(ii) If two or more approved warehouses are located at the same or adjoining towns, villages or cities having the same domestic interstate freight rate, such towns, villages or cities shall be deemed to constitute one shipping point and the same support rate shall apply even though such warehouses are not all located in the same county. Such support rate shall be the highest support rate in the county involved.

(3) *Premiums and discounts for classification, grade, variety and protein content.*

	Cents per bushel
(i) Classification premiums and discounts:	
(a) Premiums:	
Hard Amber Durum[1]	+10
Amber Durum[1]	+5
(b) Discounts:	
Yellow Hard Winter	−2
Red Durum	−20
Soft Red Winter Wheat and White Wheat (except the varieties Baart and Bluestem of the sub-class Hard White) stored in the States of Arizona, California, Idaho, Nevada, Oregon, Utah, Washington and in counties in neighboring States where the natural movement of wheat is toward West Coast terminals	−2
Mixed Wheats (do not apply more than 1 of the Mixed Wheat discounts):	
Mixed Wheat (including Mixed Wheat containing less than 5 percent of wheats of the classes Durum and/or Red Durum)	−2
Mixed Wheat (containing from 5 percent to 10 percent of wheats of the classes Durum and/or Red Durum)	−6
Mixed Wheat (containing more than 10 percent of wheats of the classes Durum and/or Red Durum)	−15
(ii) Grade premium and discount:	
(a) Premium:	
No. 1 Heavy (Hard Red Spring)	+1
(b) Discounts:	
No. 2	−1
No. 3	−3
No. 4 on basis of test weight	−6
No. 5 on basis of test weight	−9
No. 4 or No. 5 because of containing Durum and/or Red Durum[2][3]	−6
Smut—Degree basis:	
Light Smutty	−2
Smutty	−6
Smut—Percentage basis:	
One-half of 1 percent	−1
1 percent or over	−3
Garlic—Degree basis:	
Light garlicky	−6
Garlicky	−15
(iii) Variety discount	−20
The following varieties listed by class will be subject to discount of 20 cents per bushel. This discount is in addition to any other applicable discount:	

[1] Not applicable to any of the undesirable varieties listed in the variety discount schedule.

[2] These discounts are in addition to any other applicable numerical grade discount.

[3] Not applicable to any of the mixed wheats or Red Durum. For discounts applicable to mixed wheat containing Durum and/or Red Durum, see subdivision (i) of this subparagraph.

Hard Red Winter	Hard Red Spring	Durum	White	Soft Red Winter
Stafford	Henry (except in Wisconsin and Washington.	Pentad	Rex	Kawvale.

NOTE: CCC Grain Form 32, "Wheat Varieties Certification" must be signed by the producer to determine whether or not a variety discount is applicable.

(iv) Protein premiums: [1]

Protien content (percent)	Hard Red Winter	Hard Red Spring	Hard White Wheat of the varieties Baart and Bluestem
	Cents per bushel	*Cents per bushel*	*Cents per bushel*
10.0–10.9	0	0	1
11.0–11.9	0	1	2
12.0–12.9	1	2	3
13.0–13.9	2	3	4
14.0–14.4	3	4	5
14.5–14.9	4	5	6
15.0–15.4	5	6	7
15.5–15.9	6	7	8
16.0–16.4	7	8	9
16.5–16.9	8	10	11
17.0–17.4	9	12	13
Over 17.4	(2)	(2)	(2)

[1] Not applicable to any of the undesirable varieties listed in the variety discount schedule.
[2] Two-cent premium for each ½ percent of protein over 17.4 percent.

(4) *Applicability of weed control provisions.* Where the State committee determines that State, district or county weed control laws as administered, affect the wheat crop, the support rate in the case of farm storage shall be 10 cents below the applicable county support rate unless the producer obtains a certificate from the appropriate weed control official indicating that the wheat complies with the weed control laws. In the case of warehouse storage, whenever the State committee of the Sate in which the wheat is stored determines that State, district or county weed control laws, as administered, affect wheat stored in approved warehouses, the rate shall be 10 cents below the applicable support rate unless the producer obtains a certificate from either the appropriate State, county or district weed control official or the storing warehouseman that the wheat complies with the weed control laws, and in the case of the warehouseman, that he will save CCC harmless from loss or penalty because of the weed control laws. The certificate of the warehouseman may be in substantially the following form:

CERTIFICATION

This is to certify that the grain evidenced by warehouse receipt No. ------ issued to ---------- is not subject to seizure or other action under weed control laws or regulations in effect at point of storage. It is further certified and agreed that should such grain be taken over by CCC in settlement of a loan or be purchased under the purchase agreement program that the undersigned will save CCC from loss or penalty under weed control laws or regulations in effect at the point the grain was stored under the above warehouse receipt.

Acting Executive Vice President,
Commodity Credit Corporation.

[F. R. Doc. 58-5761; Filed, July 30, 1958; 8:45 a. m.]

PART 464—TOBACCO

SUBPART—TOBACCO LOAN PROGRAM

Set forth below is schedule of advance rates, by grades, for the 1958 crop of types 11–14, flue-cured tobacco, under the tobacco loan program formulated by Commodity Credit Corporation and Commodity Stabilization Service, published 23 F. R. 5645.

§ 464.1021 *1958 Crop—Flue-cured Tobacco, Types 11–14, Advance Schedule.*[1]

[Dollars per hundred pounds, farm sales weight]

Grade	Advance rate	Grade	Advance rate
A1F	82.12	B1L	70.12
A2F	78.12	B2L	68.12
A1R	75.12	B3L	66.12
A2R	70.12	B4L	61.12

[1] The advance rates listed above are applicable only to tied flue-cured tobacco identified on a "Within Quota" (white) marketing card; rates for untied flue-cured tobacco similarly identified are five dollars ($5.00) per hundred pounds less for each grade than for tied tobacco; and rates for tobacco identified on a "Limited Support—Within Quota" (blue) marketing card are 50 percent of the applicable rates for tobacco identified on a "Within Quota" (white) marketing card, plus six cents ($0.06) per hundred pounds. The Cooperative Association through which price support is made available is authorized to deduct 12 cents per hundred pounds to apply against the overhead costs. Only the original producer is eligible to receive advances. Tobacco graded "W" (unsafe order), "U" (unsound), N2L, N2F, N2R, N2GL, N2GF, N2GR, "Decayed", "Botched", "Nested", or "Off-type" will not be accepted.

TITLE 26—INTERNAL REVENUE, 1954

Chapter I—Internal Revenue Service, Department of the Treasury

Subchapter A—Income Tax

[T. D. 6301]

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

EXEMPT ORGANIZATIONS

Correction

In Federal Register Document 58–5219, published at page 5192, July 9, 1958, the following changes should be made in § 1.522–2 (b):

1. In subparagraph (2), the reference in the third sentence should read "as provided in 26 CFR 39.22 (d)–3 (Regulations 118)".

2. The eighth line of subparagraph (4) should read "solescence, amortization, and depletion".

Subchapter F—Procedure and Administration

[T. D. 6299]

PART 301—PROCEDURE AND ADMINISTRATION

Correction

In Federal Register Document 58–5025, July 1, 1958, the following changes should be made:

1. In § 301.7512, the 16th line of section 7512 should read "livered in hand to an officer, partner, or".

2. In § 301.7512–1, the seventh line of paragraph (c) should read "sec. 7512, I.R.C.". The taxes de-".

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1692]

[M–014987]

MONTANA

RESERVING LANDS WITHIN NATIONAL FORESTS FOR USE OF FOREST SERVICE AS ADMINISTRATIVE SITES, RECREATION AREAS, OR FOR OTHER PUBLIC PURPOSES

By virtue of the authority vested in the President by the act of June 4, 1897 (30 Stat. 34, 36; 16 U. S. C. 473) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands within the national forests hereafter designated are hereby withdrawn from all forms of appropriation under the public land laws, including the mining but not the mineral-leasing laws, nor the act of July 31, 1947 (61 Stat. 681; 30 U. S. C. 601–604) as amended, and reserved for use of the Forest Service, Department of Agriculture, as administrative sites, recreation areas, or for other public purposes as indicated:

MONTANA PRINCIPAL MERIDIAN

BEAVERHEAD NATIONAL FOREST

Antone Administrative Site

T. 12 S., R. 5 W.,
Sec. 21, NE¼NE¼.
The area described contains 40 acres.

Wise River Ranger Station

T. 1 N., R. 11 W.,
Sec. 34, SE¼SE¼.
T. 1 S., R. 11 W.,
Sec. 3, lots 1, 7, 8, SE¼NE¼, SE¼ and those portions of lots 2, 3, 4, 5, 6, SW¼NE¼, and S½NW¼ not included in HES No. 223.
The areas described aggregate approximately 460 acres.

Selway Lookout Administrative Site

T. 8 S., R. 15 W.,
Sec. 17, SE¼NE¼NE¼.
The area described contains 10 acres.

Crow Creek Campground

T. 6 N., R. 1 W.,
Sec. 4, NW¼SE¼SE¼, and N½SW¼SE¼SE¼.
The areas described aggregate 15 acres.

Glendale Campground

T. 6 N., R. 1 W.,
Sec. 14, SW¼SW¼SE¼, and W½SE¼SW¼SE¼.
The areas described aggregate 15 acres.

Jenkins Gulch Campground

T. 6 N., R. 1 W.,
Sec. 4, S½NE¼NE¼SW¼, SE¼SE¼NE¼SW¼, N½SE¼SW¼, NW¼SW¼NW¼SE¼, and S½SW¼NW¼SE.
The areas described aggregate 35 acres.

Trout Creek Recreational Area

T. 11 N., R. 1 W.,
Sec. 2, lots 5, 6, and N½SW¼;
Sec. 3, SW¼SW¼.
The areas described aggregate 190 acres.

Beaver Creek Recreational Area

T. 13 N., R. 1 W.,
Sec. 27, NE¼NE¼, SW¼NE¼, NE¼SW¼, and N½SW¼SW¼;
Sec. 28, SE¼SE¼.
The areas described aggregate 180 acres.

Crystal Creek Picnic Area

T. 8 N., R. 2 W.,
Sec. 4, lots 4 and 11.
The areas described aggregate 75.45 acres.

McClellan Creek Recreational Area

T. 8 N., R. 2 W.,
Sec. 9, lots 6, 7, N½NW¼SE¼, and N½SW¼NW¼SE¼.
The areas described aggregate 56.12 acres.

Meriwether Campground

T. 13 N., R. 2 W.,
Sec. 19, E½.
The area described contains 320 acres.

Strawberry Lookout Administrative Site

T. 8 N., R. 3 W.,
Sec. 1, S½SE¼NE¼.
The area described contains 20 acres.

Colorado Mountain Lookout Administrative Site

T. 9 N., R. 5 W.,
Sec. 26, SW¼NW¼SW¼, and NW¼SW¼SW¼;
Sec. 27, SE¼NE¼SE¼, and NE¼SE¼SE¼.
The areas described aggregate 40 acres.

Ten Mile Recreational Area

T. 9 N., R. 5 W.,
Sec. 17, W½NW¼SW¼, NW¼SW¼SW¼, SE¼NE¼SE¼, NE¼SE¼SE¼, and S½SE¼SE¼;
Sec. 20, NE¼NE¼, SE¼NW¼NE¼, S½NE¼, SE¼SE¼NW¼, NW¼NE¼SE¼, N½NW¼SE¼, and SW¼NW¼SE¼;
Sec. 21, SW¼NW¼.
The areas described aggregate 290 acres.

Ontario Creek Recreational Area

T. 8 N., R. 6 W.,
Sec. 17, SW¼NW¼SW¼, and NW¼SW¼SW¼;
Sec. 18, SE¼NE¼SE¼, and NE¼SE¼SE¼.
The areas described aggregate 40 acres.

Treasure Mountain Lookout Administrative Site

T. 8 N., R. 6 W.,
Sec. 6, lots 2, 3, 6, and 7.
The areas described aggregate 134.02 acres.

Little Blackfoot Recreational Area

T. 9 N., R. 6 W.,
Sec. 30, SE¼NW¼, NE¼SW¼, and N½SE¼SW¼.
The areas described aggregate 100 acres.

Kading Pasture Administrative Site

T. 8 N., R. 7 W.,
Sec. 21, lot 2, SE¼SE¼NW¼, NE¼SW¼, N½SE¼SW¼, and W½NW¼SE¼.
The areas described aggregate 134.80 acres.

HELENA NATIONAL FOREST

Aspen Grove Campground

T. 14 N., R. 7 W.,
Sec. 7, NW¼ of lot 5, lots 7 and 8, S½N½N½NW¼SE¼, S½N½NW¼SE¼, S½NW¼SE¼, and SE¼NE¼SW¼.
The areas described aggregate 136.22 acres.

Snowbank Summer Home Area

T. 15 N., R. 8 W.,
Sec. 9, S½NW¼NE¼, and N½SW¼NE¼.
The areas described aggregate 40 acres.

Heart Lake Recreational Area

T. 16 N., R. 8 W., Unsurveyed,
Sec. 17, SW¼SW¼;
Sec. 18, S½SE¼;
Sec. 19, N½NE¼;
Sec. 20, NW¼NW¼.
The areas described aggregate 240 acres.

Blackfoot Canyon Recreational Area

T. 14 N., R. 9 W.,
Sec. 29, NE¼NE¼NE¼.
The area described contains 10 acres.

Beaver Creek Campground

T. 15 N., R. 9 W.,
Sec. 33, SW¼SE¼.
The area described contains 40 acres.

Meadow Creek Recreational Area

T. 16 N., R. 9 W., Unsurveyed,
Sec. 18, SW¼SW¼;
Sec. 19, NW¼NW¼.
T. 16 N., R. 10 W., Unsurveyed,
Sec. 13, SE¼SE¼;
Sec. 24, NE¼NE¼.
The areas described aggregate approximately 120 acres.

Indian Creek Recreational Area

T. 12 N., R. 1 E.,
Sec. 8, S½S½;
Sec. 17, N½NE¼.
The areas described aggregate 240 acres.

Vigilante Campground

T. 12 N., R. 1 E.,
Sec. 30, SE¼, less patented land in HES 398.
The area described contains 150 acres.

KOOTENAI NATIONAL FOREST

Lake Creek Campground

T. 26 N., R. 30 W.,
Sec. 5, S½SW¼SE¼;
Sec. 8, N½NW¼NE¼.
The areas described aggregate 40 acres.

Sylvasite Administrative Site

T. 34 N., R. 33 W., Unsurveyed,
Beginning at Corner No. 6 of H. E. S. No. 845 thence
S. 20°00' E. 11.75 chains,
S. 38°00' E. 25.90 chains,
S. 13°30' E. 4.50 chains,
S. 25°00' W. 13.50 chains,
S. 12° 00' E. 12.50 chains,
S. 86°00' W. 12.40 chains,
N. 15°00' W. 54.87 chains,
N. 47°00' E. 12.40 chains to the point of beginning.
The area described contains approximately 90 acres.

The total area described in this order is 3,261.61 acres.

This order shall be subject to existing withdrawals for other than national forest purposes so far as they affect any of the lands, and shall take precedence over, but not otherwise affect the existing reservation of the lands for national forest purposes.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 25, 1958.

[Public Land Order 1693]

[78919]

UTAH

POWER SITE RESTORATION NO. 545; PARTLY REVOKING EXECUTIVE ORDER OF JULY 2, 1910, WHICH CREATED POWER SITE RESERVE NO. 34

By virtue of the authority vested in the President by section 1 of the act of June 25, 1910 (36 Stat. 847; 43 U. S. C. 141) and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

The Executive Order of July 2, 1910, creating Power Site Reserve No. 34, as construed by Interpretation No. 156 of October 10, 1930, is hereby revoked so far as it affects the following-described lands:

SALT LAKE MERIDIAN, UTAH

T. 26 S., R. 20 E.,
Sec. 36, W. ¾ of lot 4 and NE¼SE¼.

The areas described aggregate approximately 70 acres.

Upon this revocation, the grant made to the State of Utah by the act of July 16, 1894 (28 Stat. 107) or the act of January 25, 1927 (44 Stat. 1026; 43 U. S. C. 870), whichever is applicable, will attach to the lands, subject to any valid existing rights.

ROGER ERNST,
Assistant Secretary of the Interior.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Rules Amdt. 1-4; FCC 58-731]

PART 1—PRACTICE AND PROCEDURE

USE OF CERTAIN FREQUENCIES BY STANDARD BROADCAST STATIONS

In the matter of amendment of § 1.351 of Commission rules and regulations for standard broadcast stations specifying the frequencies 940 kc and 1550 kc.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 28th day of July 1958;

The Commission having under consideration an amendment of § 1.351 of its rules and regulations in order to expedite action on applications for standard broadcast stations which have heretofore been placed in a deferred action status pending a final decision in Docket No. 8333 concerning daytime skywave;

It appearing, that as presently written § 1.351 of the rules requires that action be withheld on certain applications for new Class II standard broadcast stations or for changes in existing stations on all frequencies listed in paragraphs (a) and (b) of § 3.25 of the rules governing standard broadcast stations because such proposed operations might result in increased interference to Class I broadcast stations in the United States;

It further appearing, that two of the frequencies listed in § 3.25 (b) of the rules, i. e., 940 kc and 1550 kc, are not assigned to Class I–B stations in the United States and that the inclusion of these two frequencies in the provisions of § 1.351 is undesirable;

It further appearing, that the Commission is of the view that exempting the frequencies 940 kc and 1550 kc from the requirements of § 1.351 will be conducive to the orderly and expeditious dispatch of its functions and is, therefore, in the public interest;

It further appearing, that the amendments herein ordered are procedural in nature, and, therefore, compliance with the requirements of sections 4 (a) and (b) of the Administrative Procedure Act is not required;

It is ordered, That, pursuant to sections 4 (i) and (j) and 303 (r) of the Communications Act of 1934, as amended, § 1.351 of the Commission's rules and regulations is amended, effective September 10, 1958, as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

1. Section 1.351 is amended as follows: Insert the words "except 940 kc and 1550 kc" after words "any of the frequencies" wherever they appear in paragraphs (a), (b), (c), and (d) of § 1.351.

2. Section 1.351 as amended will read as follows:

§ 1.351 *Standard broadcast applications on which action will be withheld pending conclusion of the proceeding in Docket No. 8333.* Action will be withheld on the following types of applications:

(a) Applications proposing daytime or limited time assignments on any of the frequencies, except 940 kc and 1550 kc, specified in § 3.25 (a) and (b) of this chapter.

(b) Applications by existing daytime or limited time stations presently assigned to any of the frequencies, except 940 kc and 1550 kc, specified in § 3.25 (a) and (b) of this chapter, proposing:

(1) A change in operation resulting in an increase in radiation towards the normally protected contour of a United States Class I station on the channel; or

(2) A change in transmitter location resulting in a material reduction in the distance from that station to the normally protected contour of a United States Class I station on the channel.

(c) Applications for new stations, and those for changes in frequency assignment of existing stations, proposing unlimited time Class II assignments which would operate differently during the day and night in the continental United States on any of the frequencies, except 940 kc and 1550 kc, specified in § 3.25 (b) of this chapter, or in Alaska, Hawaii, Virgin Islands, and Puerto Rico on any of the frequencies, except 940 kc and 1550 kc, specified in § 3.25 (a) and (b) of this chapter.

(d) Applications for changes in existing stations other than frequency, proposing unlimited time Class II facilities which would operate differently during the day and night in the continental United States on any of the frequencies, except 940 kc and 1550 kc, specified in § 3.25 (b) of this chapter, or proposing unlimited Class II facilities in Alaska, Hawaii, Virgin Islands and Puerto Rico on any of the frequencies, except 940 kc and 1550 kc, specified in § 3.25 (a) and (b) of this chapter, where the resulting daytime and nighttime operations are different; and it is either

(1) Proposed to change daytime operation resulting in any increase in radiation towards the normally protected contour of a United States Class I station on the channel; or

(2) It is proposed to change transmitter location resulting in a material reduction in the distance from that station to the normally protected contour of a United States Class I station on the channel.

[F. R. Doc. 58-5856; Filed, July 30, 1958; 8:51 a. m.]

[Docket No. 12337; FCC 58-713]

[Rules Amdt. 3-118]

PART 3—RADIO BROADCAST SERVICES

TELEVISION BROADCAST STATIONS, LITTLE ROCK-PINE BLUFF, ARK.; TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, Television Broadcast Stations (Little Rock-Pine Bluff, Arkansas).

1. The Commission has before it for consideration the proposal set out in its Notice of Proposed Rule Making (FCC 58-184) released on February 28, 1958, and published in the FEDERAL REGISTER on March 5, 1958 (23 F. R. 1573) to shift Channel 7 from Pine Bluff to Little Rock, Arkansas, in response to a petition from Central South Sales Company, licensee of Station KATV on Channel 7 at Pine Bluff, as follows:

City	Channel No.	
	Present	Proposed
Little Rock, Ark	*2–, 4, 11+, 17–, 23+, 7–, 36	*2–, 4, 7–, 11+, 17–, 23+, 36
Pine Bluff, Ark		

Central South also requested the Commission to modify its license for Station KATV to specify operation on Channel 7– at Little Rock in lieu of Pine Bluff.

2. Comments favoring the proposal were filed by Central South Sales Company, American Broadcasting Company, and the Pine Bluff Chamber of Commerce. Opposition comments were filed by Arkansas Television Company, licensee of Station KTHV on Channel 11, Little Rock, and by the City of Pine Bluff.

3. Central South submits that it operates Station KATV from a site about 26 miles from Little Rock and 14 miles from Pine Bluff and provides city-grade coverage to both communities; that Pine Bluff, a community with a population of only 37,162 persons, is only 36 miles from the much larger City of Little Rock which has a population of 146,310 persons;[1] and that two stations are in operation in Little Rock, each with a national television network affiliation. Central South urges that Pine Bluff has only 12,832 television receivers and has not demonstrated its capacity to support a VHF facility. It states that in spite of its sales efforts its income from Pine Bluff advertisers for the period of January through September, 1957, was only $55,371.76, whereas its monthly loss on the Pine Bluff studios for the same period was $105,329.75 and that as of December 31, 1957, the company shows an operating deficit of $384,083. Central South argues that because of the proximity and substantially larger size of Little Rock, studios must be maintained there and it must therefore depend on Little Rock for its primary source of advertising support as well as for its local program material. It contends that it must compete with the two Little Rock stations but since its channel is assigned to Pine Bluff it is at a substantial competitive disadvantage in many respects; that the network with which it is affiliated is at a disadvantage in obtaining national spot revenue because of the Pine Bluff identification and in obtaining local Little Rock advertising; and that KATV is hampered in rendering a wide public service. Central South further urges that the proposal would provide a third competitive facility in Little Rock in conformance with the stated objectives of the Commission and with previous decisions in similar situations, such as the Tulsa-Muskogee and Galveston-Houston cases. Petitioner submits that it will continue to offer a balanced public service program designed to meet the requirements of its entire service area, including Little Rock and Pine Bluff. As evidence of this intention; it submits an agreement with the Pine Bluff Chamber of Commerce which includes such provisions as retention of studio facilities in Pine Bluff, etc.

4. ABC submits that Pine Bluff is a much smaller market than Little Rock, the 100th market in the country; that Pine Bluff receives service from the two Little Rock stations; and that because of its small size and the fact that it is overshadowed by the Little Rock stations, Pine Bluff appears unable to support a television station of its own. ABC urges that its experience and that of KATV's national spot representative demonstrate that the Pine Bluff identification adversely affects the sale of time to national advertisers and to Little Rock merchants; that the proposal would permit KATV to compete on an equal basis with the Little Rock stations; that it would increase the opportunites for more effective competition among a greater number of stations and conform to previous decisions concerning a station in a small city located near a larger city and dependent to a great extent upon revenues derived from coverage of the larger city.

5. Arkansas Television Company (KTHV) opposes the shift of Channel 7 to Little Rock. KTHV argues that Central South attempted to operate KATV as a Little Rock outlet soon after the initial grant in June, 1953, and did not devote any attention to trying to make the station successful as a Pine Bluff station. KTHV contends that the figures given by KATV to show that Pine Bluff cannot support a local station are misleading since income from other sources, such as network, national, and regional business and its revenues from Little Rock are not mentioned; whereas the allocating of Pine Bluff local sales against local expenses gives a distorted version of the situation. It contends that the Pine Bluff operation may be profitable. KTHV submits that the population of Pine Bluff in July, 1956, was 39,795 and that the increases in industry and population indicate that this city is an expanding one and could support a station. It urges that the proposal would deprive Pine Bluff of its only television outlet and would be contrary to the mandate of section 307 (b) of the Communications Act; that it would serve only the private financial interest of the petitioner; and that the retention of KATV's main studio in Pine Bluff is the best way to insure maintenance of an outlet in that city for local expression. Finally, KTHV urges that this proceeding really involves a modification of KATV's license coming under sections 308 and 309 of the act, requiring the exercise of the Commission's licensing or adjudicatory power and not its rule-making or legislative power and that as a result of this KTHV requests a formal adjudicatory hearing.

6. The City of Pine Bluff, Arkansas, in opposing the subject proposal, contends that since the inception of Station KATV, its owners have operated it chiefly as a Little Rock facility; that although the primary trade and industry areas of the City of Pine Bluff are south and east of the city, the licensee located its transmission facilities in the opposite direction, i. e., toward Little Rock, in order to invade and capture as much of the Little Rock advertising market as possible; that at about the same time station KATV went on the air it acquired principal offices and main studio facilities in Little Rock; that as a consequence of the Little Rock character of the operation of station KATV, no serious effort has been made to cover events of public interest in Pine Bluff, although events of a similar character are carried regularly on the news programs originating from the Little Rock studios of KATV; and that the staff maintained by KATV at its Pine Bluff offices does not include full time news reporters or full time advertising salesmen, and that as a result the local revenues of KATV have suffered a severe decline. The city asks that before any action is taken on the subject proposal, public hearings be held in the City of Pine Bluff.

7. In its reply comments KATV states that it recognizes that two procedural steps are involved in this proceeding: the rulemaking channel allocation and the subsequent modification of its license, and urges that the rights of KTHV and others in a hearing on the modification of license are protected. KATV urges that its location of site towards Little Rock was on advice of engineering counsel and serves the public interest; that it has done everything possible to make the station a success, including sales efforts, lower rates, "company membership" in Pine Bluff organizations, etc.; that in spite of all this it has sustained losses from December, 1953, to December, 1957, of $483,738;[2] and that its offer of agreement with the Pine Bluff Chamber of Commerce was made in good faith. Finally, KATV asserts that KTHV opposes the move of Channel 7 to Little Rock because it wishes to avoid competition for business and from network and other program sources.

8. In its reply KTHV contends that if account is taken of purchase price of over $400,000 for the studio facilities of UHF Station KRTV at Little Rock, it appears that the claimed deficit of $384,083 may be an accounting entry only, arising from the treatment of advances for capital expenditures as accounts payable and current liabilities and that a very serious question exists as to the validity of KATV's case for financial distress and its claim that Pine Bluff will not support a VHF operation. KTHV contends that the Muskogee-Tulsa case, and others, differs from the

[1] According to the 1950 U. S. Census, the population of the city of Little Rock, was 102,213 and the Metropolitan area population was 196,685.

[2] In its reply comments KATV recomputed its four-year losses and found them to aggregate $483,738 instead of the earlier figure of $384,083.

instant case with respect to close alliance between the two cities, ability of the smaller city to support a station, and the absence of opposition from the local government.

9. We have carefully considered the subject proposal to shift Channel 7 from Pine Bluff to Little Rock and all the comments and data submitted by the interested parties and have concluded that the public interest would best be served by shifting the channel as requested. In several previous television allocations proceedings, we have considered requests for the removal of a channel from a small city located close to a much larger city and within the coverage range of stations operating in the larger city. The instant case is very similar to others such as Galveston-Houston (16 Pike & Fischer RR 1605) and Muskogee-Tulsa (15 Pike & Fischer RR 1720). Pine Bluff is a city with a population of 37,162, while Little Rock has a city population of 102,162 and a metropolitan area population of 196,685. Both operating Little Rock stations serve Pine Bluff since the distance between the communities is only 38 miles. The Pine Bluff station must of necessity compete in the Little Rock market with the Little Rock stations for audience, both national and local revenues and programs, and in doing so is at a competitive disadvantage because of its identification as a Pine Bluff station. Under these circumstances we do not believe that the retention of Channel 7 at Pine Bluff would insure the preservation of a local station in Pine Bluff. On the other hand we are of the view that the adoption of the proposal would provide for greater competition among more stations and thus would more fully satisfy the requirements of section 307 (b) of the Communications Act and the objectives of the television allocation plan as outlined in the Report and Order in Docket 11532.

10. We do not believe that an evidentiary hearing is warranted in the instant case, and the requests of KTHV and the City of Pine Bluff for such a hearing are denied. The requirements of the Communications Act of 1934, as amended, and the Administrative Procedure Act have been fully met by the rule making procedures that we followed in this case. All interested parties have been afforded ample opportunity to submit comments in the subject proceeding, and all comments have been carefully considered. An unnecessary delay in finalizing the proposal would result from the initiation of an evidentiary proceeding.

11. Authority for the adoption of the amendment proposed herein is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r), 307, (b) and 316 (a) of the Communications Act of 1934, as amended.

12. In view of the foregoing: *It is ordered*, That, effective September 2, 1958, the Table of Assignments contained in § 3.606 of the Commission's rules and regulations is amended, insofar as the communities named are concerned, as follows:

Amend the entries under the State of Arkansas as follows:

City	*Channel No.*
Little Rock	*2−, 4, 7−, 11+, 17−, 23+
Pine Bluff	36

13. We also believe that the public interest would be served by insuring continuance of Channel 7− service to Pine Bluff and to the Little Rock area without interruption. We are, therefore, modifying Central South Sales Company's license for Station KATV to specify operation on Channel 7− at Little Rock in lieu of Pine Bluff. The transmitter site now used by Central South for Station KATV conforms to all technical requirements for operation on Channel 7− at Little Rock; and making this frequency available to Central South at Little Rock will require no interruption in its present service to Pine Bluff and to the Little Rock area. This action is not being taken to assist a particular broadcaster but because we believe that it has the greater likelihood of providing the public with continued service.

14. Accordingly: *It is further ordered*, That, effective September 2, 1958, pursuant to section 316 (a) of the Communications Act of 1934, as amended, the outstanding license of Central South Sales Company for the operation of Station KATV is modified to specify location at Little Rock, Arkansas, in lieu of Pine Bluff, Arkansas, subject to the following conditions:

(a) Central South Sales Company should advise the Commission in writing by August 20, 1958, whether it accepts the modification of its license for operation of Station KATV at Little Rock, subject to the conditions listed herein or desires a hearing pursuant to section 316 (a);

(b) Central South Sales Company should submit to the Commission by August 20, 1958, all necessary information for the preparation of a modified authorization specifying location of Station KATV at Little Rock, Arkansas;

(c) Operation as a Little Rock station shall not commence until authorization has been specifically granted by the Commission and until all pertinent equipment performance measurements which may be necessary are submitted and approved by the Commission; and

(d) In the event that Central South Sales Company is unable to commence operation of Station KATV at Little Rock, Arkansas, in full conformance with the Commission's Rules by the effective date specified above, the Commission will consider a request for continued operation of the Station, in accordance with the terms and conditions of the current KATV authorization, until operation at Little Rock, Arkansas, can be commenced.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies secs. 301, 303, 307, 48 Stat. 1081, 1082, 1083; 47 U. S. C. 301, 303, 307)

Adopted: July 23, 1958.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5858; Filed, July 30, 1958; 8:51 a. m.]

[Docket No. 12392; FCC 58-712]

[Rules Amdt. 3-117]

PART 3—RADIO BROADCAST SERVICES

TELEVISION BROADCAST STATIONS, CONCORD, N. H., AND BENNINGTON, VT.; TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, Television Broadcast Stations (Concord, New Hampshire and Bennington, Vermont).

1. The Commission has before it for consideration its Notice of Proposed Rule Making (FCC 58-332), issued on April 10, 1958, and published in the FEDERAL REGISTER on April 15, 1958 (23 F. R. 2431) in response to a petition filed by Springfield Television Broadcasting Corporation, licensee of Station WWLP, Channel 22, Springfield, Massachusetts, proposing to substitute Channel 76 for 75 at Concord, New Hampshire and Channel 69− for 74+ at Bennington, Vermont.

2. No comments were filed in opposition to the proposal. In support of the proposal petitioner urges that the proposed assignments will conform to all the requirements of the rules; that it would make Channel 74 available for translator use in Springfield, Vermont, a community not large enough to support a television station of its own; and that no outstanding authorizations or pending applications will be affected by the changes proposed. The Commission is of the view that the proposal would serve the public interest.

3. Authority for the adoption of the amendment proposed herein is contained in sections 4 (i), 301, 303 (c), (d), and (r) and 307 (b) of the Communications Act of 1934, as amended.

4. In view of the foregoing: *It is ordered*, That effective September 2, 1958, the Table of Assignments contained in § 3.606 of the Commission's rules and regulations, is amended, insofar as the communities named are concerned, as follows:

City	*Channel No.*
Concord, N. H.	76
Bennington, Vt.	69−

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies secs. 301, 303, 307, 48 Stat. 1081, 1082, 1083; 47 U. S. C. 301, 303, 307)

Adopted: July 23, 1958.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

* Commissioner Lee dissenting.

[Rules Amdt. 5-7]

[Docket No. 12347; FCC 58-716]

PART 5—EXPERIMENTAL RADIO SERVICES

STUDENT AUTHORIZATIONS

In the matter of amendment of Part 5 of the Commission's rules to provide for the issuance of short term authorizations for use by students.

1. On March 12, 1958, the Commission issued a Notice of Proposed Rule Making (23 F. R. 1833) in the above entitled matter.

2. Comments were received from the General Electric Company which unqualifiedly endorsed the Commission's proposal. The Academy of Model Aeronautics also endorsed the Commission's proposal and in addition urged the Commission to expedite action on several other docket proceedings dealing with the Citizens Radio Band. These additional comments are not germane to this proceeding, and will not be considered further herein.

3. A comment was also received from the American Telephone and Telegraph Company (hereinafter referred to as AT & T). AT & T states that it concurs in the Commission's proposal to permit students to use radio in school or school approved projects. However, it calls attention to the proceedings in Dockets 11959 and 11995 and its petition of March 31, 1958, relative to the reallocation of the frequency band 460–461 Mc from the Citizens Radio Service to the Domestic Public Land Mobile Service. In view of these proceedings, AT & T requests that no assignment to students be made on frequencies between 460–461 Mc until the pending proceedings are terminated and the status of the band 460 to 461 Mc is settled.

4. The Commission appreciates AT & T's concern regarding assignments in the band 460 to 461 Mc. However, it should be noted that the Commission is continuing to assign frequencies between 460–461 Mc to Class A Citizens Radio Stations during the pendency of the above mentioned proceedings. Furthermore, since the authorizations to be issued under these new rules will be of short duration, no useful purpose will be served at this time by denying students the use of these frequencies. The availability of these frequencies for students' use will of course be reconsidered after a decision is reached in Dockets 11959 and 11995.

5. The Commission has changed the limits of the 460 Mc band to conform them to the new limits of the Citizens band as set forth in its recent Third Report and Order in Docket No. 11959 (23 F. R. 4782). The new limits are 460 Mc to 461 Mc and 462.525 Mc to 467.475 Mc.

6. The Commission believes that the public interest will be served by the adoption of the amendment set forth below. Authority for this action is contained in section 4 (i), 301 and 303 (f) of the Communications Act of 1934, as amended (47 USC 154 (i), 301 and 303 (f)).

7. Accordingly: *It is ordered*, That effective August 25, 1958, Part 5 of the Commission's rules is amended as set forth below.

Adopted: July 23, 1958.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

Amend Part 5 of the Commission's rules, Experimental Radio Services as follows:

1. Add the following new subpart:

Subpart H—Student Authorizations

Sec.
5.401 Eligibility for license.
5.402 Filing of applications.
5.403 Waiver of construction permit.
5.404 Waiver of operator requirement.
5.405 Power limitation.
5.406 Frequencies.
5.407 Measurements required.
5.408 Waiver of technical and operating requirements.
5.409 Non-interference condition.
5.410 Record of operation.
5.411 Notification.

AUTHORITY: §§ 5.401 to 5.411 issued under sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply secs. 301, 303, 48 Stat. 1081, 1082; 47 U. S. C. 301, 303.

SUBPART H—STUDENT AUTHORIZATIONS

§ 5.401 *Eligibility for license.* The Commission may issue an authorization under this subpart to students for the purpose of presenting experiments or technical demonstrations for school or school approved projects which require the use of radio for a limited period of time. Such authorizations may, in the discreation of the Commission, be granted to students of seventh grade or higher level.

§ 5.402 *Filing of applications.* (a) Notwithstanding the requirements in Subpart B of this part, an application for a student authorization may be filed in letter form, in duplicate, with the original signed under oath or affirmation. The application shall contain the information set forth in paragraph (b) of this section.

(b) The application shall contain the following information:

(1) Name and address of applicant.

(2) A statement that the applicant is a citizen of the United States.

(3) Applicant's school and grade.

(4) A detailed description in narrative form of the project including the type and purpose of operation.

(5) Place of operation—street address, name of building, or other specific location.

(6) Date(s) of operation including the exact hours, when known, as well as the duration of each period of operation.

(7) Equipment to be used. If manufactured, list name of manufacturer and type number. For other equipment, describe in detail and furnish a circuit diagram.

(8) Frequency(ies) desired and range of frequencies which could be employed.

(9) The method by which the frequency of operation will be determined.

(10) Frequency tolerance.

(11) The means by which this tolerance will be maintained.

(12) DC plate power input to final radio frequency stage. If not known, indicate any known power rating of equipment and state whether this is power output of transmitter or radiated power, and whether average or peak.

(13) Type of emission including a description of the modulation that will be applied, if modulated.

(14) Description of the antenna to be used, including height above ground.

(c) The application shall be accompanied by a signed statement from the principal of the school, or a member of its faculty, on appropriate letterhead, stating that the project has the approval of the school and indicating the person under whose general supervision the project will be conducted.

§ 5.403 *Waiver of construction permit.* Subject to the requirements of §§ 5.401 and 5.402, the provisions contained in section 319 (d) of the Communications Act are waived insofar as such provisions require the issuance of a construction permit prior to the issuance of the student authorization provided for in this subpart.

§ 5.404 *Waiver of operator requirement.* Subject to the requirements of §§ 5.401 and 5.402, the provisions contained in section 318 of the Communications Act are waived insofar as such provisions require that a station authorized under this subpart be operated by a person holding an operator's license: *Provided, however*, That the Commission, in its discretion, may require that operations authorized pursuant to this subpart be conducted by, or in the presence of, a licensed operator of the appropriate grade.

§ 5.405 *Power limitation.* No authorization under this subpart will be issued unless the description of the project shows that the dc plate power input to the final radio frequency stage does not exceed 5 watts: *Provided, however*, That a greater power may be authorized if a satisfactory showing is made that such greater power is necessary and that appropriate measures will be taken to prevent interference.

§ 5.406 *Frequencies.* (a) Frequencies in the bands listed below are available for assignment in authorizations issued under this subpart:

27.23 Mc to 27.28 Mc.
460 Mc to 461 Mc.
462.525 Mc to 467.475 Mc.
2450 Mc to 2500 Mc.

(b) In each case, the carrier frequency must be far enough inside the band so as to keep the sideband energy within the band limits specified.

§ 5.407 *Measurements required.* The frequency of operation must be measured or checked prior to each time of operation.

§ 5.408 *Waiver of technical and operating requirements.* Subject to the provisions of §§ 5.405, 5.406, and 5.407, the provisions in Subparts C and D of this part are waived insofar as such pro-

visions require a station authorized under this subpart to observe the technical and operating requirements set forth therein.

§ 5.409 *Non-interference condition.* Each authorization issued to a student under this subpart is subject to the condition that no harmful interference, as defined in § 5.4 (h), is caused to any authorized station.

§ 5.410 *Record of operation.* (a) The licensee holding an authorization issued under this subpart shall maintain a record of operation containing the following information:

(1) The date and time of each period of operation.

(2) The frequency of operation as measured or checked at the beginning of each period of operation.

(3) A brief description of the experimentation being conducted.

(b) Each entry shall be signed by the person operating the equipment.

(c) These records shall be retained for one month after the termination of the authorization.

§ 5.411 *Notification.* (a) The holder of an authorization issued under this subpart shall notify the Engineer in Charge of the district in which the station will be operated in advance of each scheduled operation.

(b) The notice to the Engineer in Charge shall be in writing and shall contain the following information:

(1) Place of operation.

(2) Date(s) of operation, including exact time if known.

(3) Frequency(ies) to be used.

(4) Call letters of station.

[F. R. Doc. 58-5857; Filed, July 30, 1958; 8:51 a. m.]

[Docket No. 12228; FCC 58-727]

[Rules Amdt. 19-6]

PART 19—CITIZENS RADIO SERVICE

TYPE APPROVAL OF RECEIVER-TRANSMITTER COMBINATIONS

In the matter of amendment of the Commission's rules and regulations governing the Citizens Radio Service regarding requirements necessary for type approval of equipment.

1. On October 23, 1957, the Commission adopted a Notice of Proposed Rule Making in the above-entitled matter which was published in the FEDERAL REGISTER of October 29, 1957 (22 F. R. 8541). The Commission subsequently extended the time for filing comments in this matter from November 15, 1957, to February 21, 1958, and later, to March 10, 1958, in response to two successive requests from the Vocaline Company of America, Inc. Time for filing reply comments now has expired.

2. As outlined in the Notice of Proposed Rule Making initiating these proceedings, the purpose of the amendment in question was to resolve a situation wherein the Commission found itself called upon to type-approve Citizens Radio transmitting equipment which was inseparable physically from receiving equipment which did not meet the Commission's requirements limiting receiver radiation. It was recognized that there existed a considerable danger that prospective licensees in the Citizens Radio Service might be lead, by innocent misconstruction of the meaning of the Commission's type approval of such equipment, into purchasing or operating receiving equipment which fails of compliance with other parts of the Commission's rules. The proposed amendment is, in this light, a protective measure.

3. Only one party, the Vocaline Company of America, Inc., filed comments in connection with this proceeding. Vocaline's comments oppose adoption of the proposed amendment on the grounds that its requirements would increase the cost of equipment that Vocaline produces for use in the Citizens Radio Service. Additionally, Vocaline petitioned that the Commission exempt from the requirements of Part 15 of the rules "superregenerative radio transceivers that tune in the frequency range of 30 to 890 megacycles and operate with power of 3 watts or less." This includes equipment manufactured for and used in other services for which the special conditions and considerations relevant to the Citizens Radio Service obviously do not obtain. To the extent that the Vocaline petition thus pertains to issues and equipments not embraced in this Docket (Docket 12228), the petition of the Vocaline Company of America, Inc., hereby is denied.

8. The Commission is mindful that adoption of the amendment proposed in this proceeding for the Citizens Radio Service may provoke certain difficulties for Vocaline and its distributors insofar as a certain model of remotely controlled transceivers is concerned. It is noted, however, that two types of Vocaline transmitters have been type approved by the Commission for the Citizens Radio Service. Moreover, there are presently a large number of other type approved Citizens Radio transceivers which now are available on the market. The Commission, then, fails to find either that Vocaline will suffer irreparable injury or that the continued development of the Citizens Radio Service will be endangered by adoption of the proposed amendment. Rather, it appears that the desirability of providing the measure of protection for the public afforded by the proposed amendment decisively outweighs the arguments of Vocaline.

9. In view of the foregoing: *It is ordered*, Under authority contained in sections 4 (i), 303 (e), (f), and (r) of the Communications Act of 1934, as amended, that Part 19 of the Commission's rules is hereby amended, effective August 25, 1958, as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: July 23, 1958.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

Add a new § 19.46 as follows:

§ 19.46 *Type approval of receiver-transmitter combinations.* Type approval will not be issued for transmitting equipment for operation under this part when such equipment is enclosed in the same cabinet, is constructed on the same chassis in whole or in part, or is identified with a common type or model number with a radio receiver, unless such receiver has been certificated to the Commission as complying with the requirements of Part 15 of this chapter.

[F. R. Doc. 58-5860; Filed, July 30, 1958; 8:52 a. m.]

[Docket No. 12402; FCC 58-717]

[Rules Amdt. 20-2]

PART 20—DISASTER COMMUNICATIONS SERVICE

CONELRAD PLAN

In the matter of Amendment to Part 20 of the Commission's rules and regulations to effectuate the Commission's CONELRAD Plan for the Disaster Communications Services.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of July 1958;

The Commission has before it for consideration its Notice of Proposed Rule Making in the above matter released April 21, 1958, FCC 58-373 and published in the FEDERAL REGISTER April 24, 1958 (23 F. R. 2747).

No comments have been filed in this matter.

These amendments to Part 20 of the Commission's rules are promulgated under authority of sections 303 (r) and 606 (c) of the Communications Act as amended and Executive Order 10312 signed by the President December 10, 1951.

Accordingly: *It is ordered*, That Part 20 of the Commission's rules is amended to include the rules set forth below, effective August 25, 1958.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

Add the following new subpart.

SUBPART E—CONELRAD

Sec.
20.40 Scope and objective.
20.41 Alerting.
20.42 Operation during a CONELRAD Radio Alert.
20.43 Special conditions.
20.44 Radio All Clear.
20.45 Tests.
20.46 Record entries.

AUTHORITY: §§ 20.40 to 20.46 issued under sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082 as amended, sec. 606, 48 Stat. 1104 as amended; 47 U. S. C. 303, 606. E. O. 10312, 16 F. R. 12452; 3 CFR, 1951 Supp.

§ 20.40 *Scope and objective.* (a) This subpart applies to all radio stations in the Disaster Communications Service located within the continental United States, and is for the purpose of providing for the alerting and operation of radio stations in this service during periods of enemy air attack or imminent threat thereof.

(b) The objective of these CONELRAD rules is to minimize the navigational aid that an enemy might obtain from the electromagnetic radiations from radio stations in the Disaster Communications Service while simultaneously providing for a continued radio service under controlled conditions when such operation is essential to the public welfare.

§ 20.41 *Alerting.* (a) Licensees of radio stations in the Disaster Communications Service are responsible for making provisions to receive the CONELRAD Radio Alert and the CONELRAD Radio All Clear.

(b) The CONELRAD Radio Alert will be initiated by the Commanding Officer of the Air Division (Defense) or higher military authority.

(c) Disaster Communications Service mobile radio systems, including fixed stations associated therewith, and fixed service systems where applicable, may if desired, be alerted at a single point, normally the control point or the control center. The control point thus receiving the CONELRAD Radio Alert will be responsible for the dissemination of the CONELRAD Radio Alert to all stations integrated into the radio system or systems and insuring that all associated stations execute CONELRAD requirements immediately. Relaying of a CONELRAD Radio Alert is considered a transmission of extreme emergency affecting the national safety.

(d) The CONELRAD Radio Alert for the Disaster Communications Service may be received by one or more of the following methods:

(1) By monitoring any standard, FM, or TV broadcast station by aural or automatic means, to receive the CONELRAD Radio Alert.

(2) By reception of the CONELRAD Radio Alert from a point that has received the CONELRAD Radio Alert from a standard, FM, or TV broadcast station.

(3) Radio station licensees desiring to receive the CONELRAD Radio Alert by a means not covered by subparagraph (1) or (2) of this paragraph may request authority from the Secretary, Federal Communications Commission to receive the Alert in another manner. The request must include reasons why methods described in subparagraph (1) or (2) of this paragraph are not suitable and must fully describe the proposed method for receiving the Alert.

NOTE: Every standard, FM, and TV broadcast station will be notified of the CONELRAD Radio Alert by telephone calls or by radio broadcasts. Immediately upon receipt of the Radio Alert each standard, FM, and TV broadcast station will proceed as follows on its normally assigned frequency:

(1) Discontinue the normal program.

(2) Cut the transmitter carrier for approximately five seconds. (Sound carrier only for TV stations.)

(3) Return carrier to the air for approximately 5 seconds.

(4) Cut transmitter carrier for approximately 5 seconds.

(5) Return carrier to the air.

(6) Broadcast 1000 cycle (approximate) steady state tone for fifteen seconds.

(7) Broadcast the CONELRAD Radio Alert message as follows: "We interrupt our normal program to cooperate in security and Civil Defense measures as requested by the United States Government. This is a CONELRAD Radio Alert. Normal broadcasting will now be discontinued for an indefinite period. Civil Defense information will be broadcast in most areas at 640 and 1240 on your regular radio receiver."

(8) The CONELRAD Radio Alert message will then be repeated.

(1) through (6) above is for the purpose of attracting the listeners' attention, or, if desired, to operate an automatic alert receiver or warning device. (Caution: (1) through (6) is a warning that a Radio Alert may follow; the actual Radio Alert signal is the spoken word in the form of the CONELRAD Radio Alert message.)

The CONELRAD Radio Alert message as set forth in (7) above, is worded in a manner suitable for reception by the public; however, the message is also the CONELRAD Radio Alert. When this CONELRAD Radio Alert message is received, all licensees must immediately comply with the CONELRAD operating procedure. The precise CONELRAD Radio Alert message, above, will be broadcast only in the event of an actual alert. In the event of a CONELRAD test or drill, broadcast stations will make an announcement that a test or drill is taking place.

(e) Base, fixed, and mobile stations in the Disaster Communications Service not directly receiving the CONELRAD Radio Alert must use caution in returning to the air after an "out of service" period, to insure that a CONELRAD Radio Alert is not in progress before making any transmissions.

§ 20.42 *Operation during a CONELRAD Radio Alert.* (a) Radio Stations in the Disaster Communications Service, upon receipt of a CONELRAD Radio Alert, will interrupt any communications in progress, leave the air and maintain radio silence for the duration of the CONELRAD Radio Alert, except for transmissions handled in accordance with the following restrictions unless otherwise ordered by the Federal Communications Commission:

(1) No transmissions shall be made unless they are of an extreme emergency nature affecting the national safety or the safety of people and property.

(2) All transmissions shall be as short as possible and the stations' carrier shall be removed from the air during periods of no message transmission.

(3) No station identification shall be given either by announcement of regularly assigned call signals or by announcement of geographical location. If identification is necessary to carry on the service, the use of special identifiers is authorized. A record of all such identifiers shall be maintained in accordance with § 20.25 (b) (4).

§ 20.43 *Special conditions.* Licensees of radio stations or systems in the Disaster Communications Service, who for technical or operational reasons believe that compliance with § 20.42 cannot be met, may request a waiver of § 20.42. Such request must be made by letter to the Secretary, Federal Communications Commission, Washington 25, D. C., stating why § 20.42 cannot be complied with. The Commission upon investigation may modify the CONELRAD operating requirements of the station or system if it is found to be essential to the defense of the nation or the public welfare.

§ 20.44 *Radio All Clear.* The CONELRAD Radio All Clear will be initiated by the Air Division (Defense) Commander or higher military authority and will be disseminated over the same channels as the CONELRAD Radio Alert.

Broadcast stations will transmit the CONELRAD Radio All Clear message on normally assigned frequencies as follows:

The CONELRAD operating procedures have been ordered discontinued. All radio stations are authorized to return to normal operation on their regularly assigned frequencies.

I repeat

The CONELRAD operating procedures have been ordered discontinued. All radio stations are authorized to return to normal operation on their regularly assigned frequencies.

Radio stations and systems licensed in the Disaster Communications Service may resume normal operation when the CONELRAD Radio All Clear message is received unless otherwise restricted by order of the Federal Communications Commission.

§ 20.45 *Tests.* Tests of the CONELRAD alerting and operating systems may be conducted at appropriate intervals. Stations not normally in operation during the period of a test will not be required to take part. Tests of the operating system will not require the station to close down and will be conducted in a manner that will not interfere with the transmission of normal traffic. Reports of the results of such tests may be required in a form to be prescribed by the Commission.

§ 20.46 *Record entries.* Appropriate entries of all CONELRAD tests, drills, and operations shall be made in the station records.

[F. R. Doc. 58-5861; Filed, July 30, 1958; 8:52 a. m.]

[FCC 58-718; Rules Amdt. 65-f]

PART 65—COMMUNICATIONS FELLOWSHIPS FOR STUDENTS FROM OTHER AMERICAN REPUBLICS

DELETION OF PART

In the matter of deletion of Part 65 of the Commission's rules and regulations.

At a session of the Federal Communications Commission held at its offices at Washington, D. C., on the 23d day of July 1958.

The Commission having under consideration the deletion of Part 65 of its rules and regulations entitled "Communications Fellowships For Students From Other American Republics;" and

It appearing that since adoption of Part 65 it has become obsolete and fellowships are now awarded through programs conducted by the Department of State and the United Nations. The Federal Communications Commission cooperates in these programs under Presidential Executive Orders and maintains for this purpose its Technical Assistance Division; and

It further appearing that other legislation provides the means for study in this country and to continue carrying Part 65 in Title 47 of the Code of Federal Regulations will result in confusion with other United States exchange programs; and

It further appearing that Part 65 involves benefits, has become obsolete and therefore the notice and procedure provided for in section 4 of the Administrative Procedure Act are not necessary and this Order may be made effective immediately; and

It further appearing that authority for the proposed deletion is contained in sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended; therefore

It is ordered, That, effective July 23, 1958, Part 65 of the Commission's Rules is deleted in its entirety.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 929]

[Docket No. AO-260-A3]

MILK IN EASTERN SOUTH DAKOTA MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of this recommended decision of the Deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to proposed amendments to the tentative marketing agreement, and order regulating the handling of milk in the Eastern South Dakota marketing area. Interested parties may file written exceptions to this decision with the Hearing Clerk, United States Department of Agriculture, Washington, D. C., not later than the close of business the 15th day after publication of this decision in the FEDERAL REGISTER. The exceptions should be filed in quadruplicate.

The hearing on the record of which the proposed amendments, as hereinafter set forth, to the tentative marketing agreement and to the order, were formulated, was conducted at Watertown, South Dakota, on December 4–5, 1957, pursuant to notice thereof which was issued October 18, 1957 (22 F. R. 8383).

The material issues on the record of the hearing relate to:

1. Expansion of the marketing area.
2. Instituting a marketwide pool for distributing returns to producers.
3. Qualifications for attaining pool plant status.
4. Payments on unpriced milk disposed of in the marketing area from nonpool plants.
5. The level of the Class I price.
6. Reducing the Class I butterfat differential.
7. Application of location differentials on class prices and in paying producers.
8. Classifying milk transferred or diverted to a nonpool plant.
9. Using a base and excess plan in paying producers.
10. Miscellaneous administrative and conforming changes.

Findings and conclusions. The following findings and conclusions on the material issues are based on evidence presented at the hearing and the record thereof.

1. The marketing area should include all of the territory within the counties of Beadle, Brown, Codington, Day and Spink, all in the State of South Dakota. The marketing area is now limited to the cities of Aberdeen, Huron, Redfield and Watertown, which are, respectively, in Beadle, Brown, Spink, and Codington Counties. Population of these 4 cities, according to the 1950 census, was 53,000. For the 5 counties, herein recommended as the marketing area, the 1950 population was 97,000.

The expanded marketing area will conform more closely with the sales territory of regulated handlers and will bring under regulation unregulated distributors who now enjoy a competitive advantage over regulated handlers. The principal unregulated handler who would be affected by the change is the Crescent Dairy of Webster. Milk from this plant is distributed in Day, Brown, Codington, and Spink Counties in competition with presently regulated handlers. As an unregulated handler the Crescent Dairy has not been required to pay class prices under the order to which its principal competitors have been subject, and the price paid by this handler for milk for fluid use has been consistently below that provided by the order. Effective May 1, 1956, the Crescent Dairy raised the price

...id to producers for "base milk" of 3.5 ...rcent butterfat from $3.67 to $4.09 per ...ndredweight. The comparable price ...r Class I milk under the Eastern South ...kota order from May 1956 through De...mber 1957 ranged from $4.44 to $4.90. The price advantage enjoyed by the Crescent Dairy has tended to bring about instability in the marketing of milk in the proposed enlarged area and has impaired the effectiveness of the Eastern South Dakota order.

Fairmont Foods Company distributes Grade A milk in the Eastern South Dakota marketing area from its plant at Moorhead, Minnesota. The sales from this plant in the marketing area in the past have been insufficient to qualify it as a fully regulated plant under the order. Likewise, it is indicated that the sales from this plant in the enlarged marketing area would not qualify it as a pool plant, but would subject it to partial regulation as a nonpool plant under the marketwide pool order.

Grade A milk products sold for fluid consumption throughout the proposed marketing area must be approved by local or state health authorities who are governed by health ordinances, practices and procedures patterned after the United States Public Health Ordinance and Code. Movements of Grade A milk, both in bulk and packaged form, between various localities in the marketing area take place through the reciprocal approval of the responsible health authorities. Ratings by the United States Public Health Service are recognized as a basis for approval of outside sources of milk. Moreover, a state law provides that after June 30, 1958, no milk other than Grade A may be sold in South Dakota. This will result in the extension of regulation under the order to those who now distribute ungraded milk in the area and who will have met the requirements for obtaining approval as Grade A operations by June 30.

Aberdeen, Huron, Watertown, Webster, and Redfield are the principal points at which milk from producers is purchased and packaged for distribution throughout the marketing area. However, a substantial proportion of the distribution from these cities is in nearby communities and in the rural areas of the counties in which they are located. Because of this, the best interests of the market would be served by defining the marketing area on the basis of county rather than city boundaries.

It was proposed by producers and handlers that Hughes County, in which is located the city of Pierre, be included in the marketing area. Tyler's Dairy of Pierre, which operates the only Grade A plant in Hughes County, receives milk regularly from three dairy farmers. In addition, this handler purchases milk in half-gallon paper containers and supplemental supplies of milk in bulk from the Oak Grove Dairy, Norwood, Minnesota.

Pierre, with a 1950 population of 5,700, is the largest city between Huron in the Eastern South Dakota marketing area and Rapid City in the Black Hills marketing area. Its distance from Huron is 116 miles, from Rapid City 183 miles and from Sioux Falls 226 miles. The population of Pierre has increased appreciably since 1950 due to the Missouri River Development work in the vicinity. The growth in population has brought about an increase in the quantities of milk distributed in the area. In recent years milk has been distributed in Pierre from plants in Huron and Redfield under the Eastern South Dakota order, from a plant in Sioux Falls under the Sioux Falls-Mitchell order and from the Fairmont Foods plant at Moorhead, Minnesota. Tyler Dairy competes with these handlers only in Pierre and in a nearby smaller community.

Tyler's Dairy does not have a price advantage over regulated handlers in the procurement of milk. This handler pays producers $4.65 per hundredweight for 3.5 percent milk for Class I purposes. The average Class I price under the Eastern South Dakota order for the 12 months ending October 1957 was $4.55.

Hughes County is relatively far removed from the primary sales distribution area of Eastern South Dakota handlers and under existing marketing conditions it would not be practicable to include it in the marketing area. Accordingly, Hughes County should not be included in the marketing area.

Handlers stated that the marketing area considered at the hearing was not large enough in that it did not include various places wherein milk from their plants is distributed and therefore would not regulate some handlers with whom they compete. The volume of milk sold in localities outside the marketing area from pool plants as defined under the proposed order is not in itself justification for the inclusion of such localities in the marketing area. Neither was it established that marketing conditions in these localities are such that their exclusion would be inappropriate or unjustified at this time.

It is neither administratively feasible nor necessary to include all territory in the marketing area in which handlers to be regulated distribute milk. Furthermore, it would not be possible to designate a marketing area of reasonable size which would include all sales outlets of each and every handler that would be subject to regulation. As additional territory would be added, the problems associated with the extension of regulation to distributors that make a substantial portion of their fluid milk sales outside the market would be increased many fold. By providing for a marketing area as proposed herein, regulation is at a minimum for milk distributors with a large proportion of their sales outside the marketing area and their operations will not be unduly disturbed with respect to the major portion of their sales in communities wherein they compete with other distributors who would not be regulated at all by the proposed order.

It was urged at the hearing that the order provide specifically that any territory within the boundaries of the designated marketing area which is occupied by government (Municipal, State or Federal) reservations, installations, institutions or other establishments should be considered as within the marketing area. It is clearly intended that all such territory be included in the marketing area. However, so that there will be no doubt as to the intent of the marketing area definition, it should be indicated that the designated places in the Eastern South Dakota marketing area shall include territory within such boundaries which is occupied by government (Municipal, State or Federal) reservations, installations, institutions, or other establishments.

2. The order should be amended to provide for a marketwide equalization pool as a means of distributing to producers the proceeds from the sale of their milk. Such a pool will assure each producer supplying the market that he will receive a return based on his pro rata share of the Class I sales of the entire market. The "blend" price that a producer receives will depend on the overall utilization of all producer milk received at the pool plants of all regulated handlers during the month. Although each handler subject to the order will be required to pay uniform prices for producer milk in accordance with the classification of such milk pursuant to the order, the minimum blend prices payable to producers will be the same for all producers in the market irrespective of the use made of such milk by the individual handler.

Under the individual-handler type of pool now contained in the order the minimum prices payable to producers is uniform to all producers delivering to the same handler. The price that a producer receives depends on the proportion of his milk used in Class I and in Class II milk by a handler. Although each handler now subject to the order is required to pay uniform minimum prices to all producers who deliver to him during each month, the minimum uniform prices payable to producers by the several handlers differ according to the variation among handlers in the proportion of milk used in each class.

Although the potential supply of producer milk in the production area for the Eastern South Dakota market is adequate for the market's needs, the individual handler pool has tended to deter the obtaining of such adequate supply on a year-round basis. Some handlers' receipts of producer milk during the months of low production are inadequate for their Class I needs and they have been reluctant to take on additional producers. A reason for this practice has been that the additional reserve supplies that such handlers would be required to carry in the months of seasonally high production would lower the uniform prices to their producers under the individual handler pool. This, it was suggested, put such handlers at a disadvantage with other handlers who are limiting their purchases from producers and thereby paying higher uniform prices during the flush production months. This reluctance to take on additional producers has brought about an uneconomic procurement pattern for the Eastern South Dakota market and has impeded the maintenance of an adequate reserve supply of milk for the order market.

The uniformity of payments to all producers as provided under a marketwide pool will permit a handler either to maintain a manufacturing operation in his plant to handle the seasonal and daily reserve supplies of milk or to limit the operation at his plant to the handling of milk for Class I purposes without affecting the blend prices payable to his producers as against other producers in the market. The facilities in the various plants in the area for handling producer milk which is in excess of that needed for Class I purposes varies considerably at the present time. While a number of plants in the market are exclusively Class I operations and handle no surplus milk, there are several plants that are now equipped to handle substantial quantities of milk for manufacturing purposes. The facilities for handling milk for manufacturing purposes were considerably less extensive in April 1955 when the present order was promulgated.

There are currently separate cooperative associations of producers in each of the 4 cities in the present marketing area. Under the individual handler pool there has been limited movement of bulk milk between handlers in the different cities in the marketing area. Instead producer associations have frequently been called upon to market outside the order the milk of their members not needed for Class I purposes by order handlers. A marketwide pool will provide a greater incentive for the Eastern South Dakota producer associations to obtain the optimum utilization of milk for the whole market because of their sharing equally in benefits of the Class I sales for the total market. Likewise, a marketwide pool will make it possible for the producer associations to assist in diverting seasonal reserve milk, thus keeping on the market those producers who are needed to fulfill the year-round requirements of the market. It assists in apportioning among all producers the lower returns from reserve milk where otherwise this burden may be placed on individual groups of producers. A marketwide pool will thereby contribute to market stability and the attainment of an adequate and dependable supply of producer milk.

Because all producers will receive payment at the rate of the marketwide uniform price each month and because the payment due from each handler for producer milk at the applicable class prices may be more or less than he is required to pay directly to producers, a method of equalizing this difference is necessary. A producer-settlement fund should be established for this purpose. A handler whose obligation for producer milk received during the month is greater than the amount he is required to pay producers for such milk at the applicable uniform price would pay the difference into the producer-settlement fund, and each handler whose obligation for producer milk is less than the applicable uniform price value would receive payment of the difference from the fund. Provision for the establishment and maintenance of the producer-settlement fund as set forth in the attached order is similar to that contained in all other Federal orders with marketwide pools.

Experience has indicated that it is desirable to set aside a reasonable reserve or balance in such fund at the end of each month. Such a reserve is necessary in order to provide for contingencies such as the failure of a handler to make payment of his monthly billing to the fund or the payment to a handler from the fund by reason of an audit adjustment. The reserve, which would be operated as a revolving fund and adjusted each month, is established in the attached order at not less than four nor more than five cents per hundredweight of producer milk in the pool for the month. The unobligated balance in the producer-settlement fund remaining from the preceding month would be added to the values used in calculating the uniform prices each month. The amount of the reserve which is provided herein should be adequate to enable the producer-settlement fund to perform its function efficiently.

As indicated elsewhere in this decision, compensatory payments received by the market administrator from any handler would be deposited in the producer-settlement fund. Money thus deposited into the producer-settlement fund would be included in the uniform price computation and thereby be distributed to all producers on the market.

If at any time the balance in the producer-settlement fund is insufficient to cover payments due to all handlers from the producer-settlement fund, payments to such handlers would be reduced uniformly per hundredweight of milk. The handlers may then reduce payments to producers by an equivalent amount. The remaining amounts due such handlers from the fund would be paid as soon as the balance in the fund becomes adequate to meet such payments, and handlers would then complete payments to producers. In order to reduce the possibility of this occurring, milk received by any handler who has failed to make the payments required to the producer-settlement fund for the preceding month would be eliminated in the computation of the uniform price.

3. The order should be revised to prescribe standards based on association with the market for qualifying a plant as a pool plant. As indicated elsewhere in this decision, marketwide pooling of producer returns is considered essential to the stable and orderly functioning of the Eastern South Dakota market. Since a marketwide pool results in payment to all producers on an average utilization for the market, individual handlers will be relieved of any responsibility for maintaining a high Class I utilization in order to support their payments to producers. Whatever utilization of milk a handler may have, his rate of payment to producers will be the same as that of all other handlers in the market. Thus, it is possible that his status with respect to the pool may become a determining factor in guiding a handler's operation.

The basis for determining which plants shall be pool plants under the Eastern South Dakota order, and thereby fully subject to regulation, should be clearly set forth in the order and apply uniformly to all plants, wherever located. Pool plant status should not be determined solely on an occasional shipment of milk to the market, or on approval by a specified health authority. Such a method for determining which plants shall be subject to regulation would not provide a workable basis for administering the order in conjunction with the other provisions recommended in this decision.

Since the production of high quality milk involves extra expenses, it is important that the amount of milk produced under Grade A inspection be no more than the minimum necessary to provide the market with an adequate and dependable supply of quality milk. To encourage more than enough production of such milk would represent an economic waste, since the expenditures incurred in producing Grade A milk not needed on the market would result in no extra value to consumers.

Essential to the operation of a marketwide pool is the establishment of performance standards to apply uniformly to all plants. Any plant, regardless of its location, should have equal opportunity to comply with the standards and thereby to participate in the marketwide pool and have its producers share in the Class I sales of the market. Any producer who meets the necessary health department requirements should be permitted, under the order, to sell his milk to plants meeting the standards of qualification. Whether or not plants and producers choose to supply the Eastern South Dakota market will depend on the economic circumstances with which they are confronted, such as prices, transportation costs, and alternative outlets.

Performance standards should be such that any plant which has as its major function the supplying of milk to the market would pool its sales and share in the marketwide equalization. On the other hand, plants only casually, or incidentally, associated with the market should not be subject to complete regulation. Neither should they be permitted or required to equalize their sales with all handlers in the market. If a milk plant were to be permitted to share on a pro rata basis the Class I utilization of the entire market without being genuinely associated with the market, then the differentials paid by users of Class I milk would be dissipated without accomplishing their intended purpose. If a plant were to be qualified and fully regulated merely by making a token shipment of milk or cream into the market for sale as Class I milk, then any milk plant which found itself in a position where it was selling a smaller share of its milk in Class I then the average for all regulated handlers might make such shipment and receive equalization payments from the pool. The only qualification such a plant would be required to meet would be compliance with the necessary health department standards.

Since reserve milk is an essential part of any fluid milk business there will always be some excess milk in the plants of handlers supplying other markets. This

will be particularly true in the months of flush production. Plants selling primarily to other markets, or plants shipping milk on an opportunity basis to any market where supplies happen to be short, do not represent sources of milk on which the Eastern South Dakota market may depend. If such a plant, by selling a token quantity of Class I milk in the marketing area, were allowed to pool its surplus, the operator thereof could gain an unwarranted advantage in paying producers by receiving equalization payments from the Eastern South Dakota order pool. Such a distribution of equalization payments would, in fact, reduce the blend price to producers regularly supplying the market, thereby having an adverse effect on the milk supplies upon which the market depends. This could result in the need for higher Class I prices than would otherwise be required to supply the market adequately.

Because of the difference in marketing practices and functions between distributing plants and supply plants, two sets of performance standards have been provided. A "distributing plant" under the order would be defined as a plant in which milk is processed or packaged and from which any fluid milk product (as hereinafter defined) is disposed of during the month on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets (except pool plants) located in the marketing area. A "supply plant" would be defined to mean a plant (except a distributing plant) from which Grade A milk, skim milk or cream is shipped during the month to a distributing plant which is qualified as a pool plant.

In order to qualify as a pool plant, a distributing plant should be required to distribute at least 10 percent of its milk from producers and other plants during the month as Class I milk on retail or wholesale routes to outlets in the marketing area.

A distributing plant having more than 90 percent of its business outside the marketing area or in other outlets should not be considered as essentially associated with the market. It is not considered advisable to bring such a plant under full regulation because of the minor share of its business which is in the marketing area. Full regulation in such case would not be necessary to accomplish the purpose of the order, and might well place such plant at a competitive disadvantage in relation to its competitors in supplying the unregulated market.

Such a minimum is necessary to avoid the possibility that a plant otherwise not associated with the market might qualify itself for equalization payments to its own advantage, and to the disadvantage of the market, by means of minor sales in the marketing area.

It is contemplated that only plants primarily engaged in route distribution of fluid milk products should be qualified as pool plants under this definition. In order to preserve this distinction, a further condition is placed on distributing plants that their total distribution of Class I milk on routes to wholesale or retail outlets, both inside and outside the marketing area, must amount during the month to at least 35 percent of their receipts of milk from dairy farmers and from other plants. Any plant which does not qualify on this basis should be deemed to be primarily a supply plant and its pool status should be judged by the standards applied to such plants.

A plant from which milk for Class I uses is distributed regularly in the marketing area under normal circumstances may be expected to dispose of its milk in such a way as to exceed by a reasonable margin the minimum performance standards necessary to qualify as a pool plant. There may be from time to time plants supplying milk to the marketing area which would not qualify for pool status. Such plants would be subject to payments hereinafter discussed if they are not fully subject to regulation.

The performance standards for supply plants to qualify for pool plant status should reflect the fact that currently the quantity of milk produced for the Eastern South Dakota market is adequate on an annual basis for the needs of the market. At times, especially during the months of seasonally high production, distributors in the market have not needed all of the milk available from producers in order to keep their Class I outlets fully supplied. In order to assure that all the producers' milk which is pooled with the market will be available for Class I, supply plant standards should be set at levels which require that such milk will be available.

In order to qualify for pool plant status a supply plant should ship to distributing plants which are pool plants at least 35 percent of its receipts of milk from dairy farmers in any month in the form of fluid milk products. A supply plant from which a proportionately lesser quantity of milk is disposed of in this manner should not, under the present conditions in the Eastern South Dakota market, be considered as primarily associated with the regulated market.

It is recognized that if there is any demand for milk from supply plants it will be greatest during the season of low production. For sustained periods during the months of flush production supplies of milk received at plants located in or near the marketing area may be sufficient to supply the Class I outlets. During this part of the year it would be more economical to leave the most distant milk in the country for manufacture and use local supplies for Class I use. The performance provisions should not force milk to be transported to distributing plants in the months of seasonally high production in order to maintain the eligibility of supply plants to pool.

To avoid this, provision should be made whereby a supply plant may maintain pool plant status throughout the year if it supplies a substantial portion of its producer milk to distributing plants during the months when milk production tends to be lowest. The proposed standards require that a supply plant provide distributing plants which are pool plants with milk to the extent of 50 percent of its producer milk receipts during the period of September through November to maintain automatic pool status for the months of March through June.

A handler operating a distributing plant or a supply plant which does not meet the standards for a pool plant should be required to file reports for such plant and submit to audits by the market administrator to verify the status of such plant.

Some handlers in the market receive milk from both Grade A and ungraded producers. Where such an operation takes place, it is generally the practice of the handler to maintain the ungraded operation physically apart from that of his Grade A operation. The handler who operates an ungraded plant which is in the adjoining or same building as his Grade A plant should not be restricted in the operation of his ungraded plant to any greater degree than the operator of any other ungraded plant. However, proper safeguards should be provided in the order to insure that the ungraded and graded portions of a plant operated by the same handler are maintained as separate entities. It is concluded, therefore, that if a portion of a plant is physically apart from the Grade A portion of such plant, is operated separately and is not approved by any health authority for the receiving, processing or packaging of any fluid milk product for Grade A disposition, it should not be considered a part of a pool plant. However, if the graded and ungraded operations of a plant are not maintained separately, the entire operation of such plant would be considered as that of a pool plant, and all ungraded milk received at such plant would be considered as other source milk received at a pool plant.

4. The order should provide that payment be made into the producer-settlement fund with respect to unpriced milk which is allocated to Class I milk in a pool plant.

Receipt of milk in excess of Class I disposition is necessary to operate a fluid milk business. Because of seasonal fluctuations in production without corresponding changes in demand, this excess or reserve milk must be marketed in manufactured form in competition with products made from ungraded milk. The existence of this reserve Grade A milk, which must be marketed at a lower price, is the primary cause of the instability which may affect fluid milk markets.

Considerable volumes of Grade A milk must be disposed of as surplus by various unregulated plants from which the Eastern South Dakota order handlers may obtain milk. When milk is available in substantial volumes from nonpool sources, handlers under the order could obtain such milk at prices reflecting its value as surplus milk, which prices would approximate the Class II price under the order. During the seasonally high production months of March through June, the compensation payment on other source milk allocated to Class I milk should be the difference between the minimum price of producer milk used for surplus (Class II) and the Class I price adjusted to the location of the plant from which such other source milk was

received from farmers. This rate will reflect generally the difference in the value between unregulated and regulated milk for Class I use at that time.

During the months of July through February, when milk supplies tend to be shorter than in other months, it is not likely that other source fluid milk products will be available to the market at surplus prices. It may reasonably be expected that during such months milk would be available from unregulated sources at prices more nearly at the level of the uniform price under the order. The compensation payment during these months should be the difference between the marketing area uniform price to producers and the Class I price adjusted to the location of the plant from which such fluid milk products are supplied. The relationship between the supply of and demand for milk in the market in the July through February period tends to fluctuate from year to year according to marketing conditions. These conditions will generally prevail also in surrounding markets that are potential sources of supply for unpriced milk. Thus, the rate of compensation payment based on the difference between Class I and uniform prices will adjust itself automatically in these months in accordance with the proportion of Class I milk to the total milk pooled and this will tend to affect also conditions in the area from which unpriced milk is obtained.

The rates which are here found to be appropriate for the Eastern South Dakota marketing area give recognition to general competitive conditions in the purchase and sale of fluid milk products. However, such conditions do not prevail uniformly in all instances since all transactions are not made under the same circumstances and it would not be administratively feasible to adjust prices or payments to individual transactions.

It is therefore necessary to have definite and specified rates applicable to all handlers similarly situated. The rates herein provided were proposed by producers and are those which will best effectuate the intent of the act under current marketing conditions in the area. No other rates were proposed at the hearing with respect to compensatory payments on unpriced milk.

Other source milk used in the form of nonfat dry milk solids should be considered to be from a source at the location of the pool plant where it is used. In some instances there will be none and in other cases insignificant transportation charges per hundredweight experienced by handlers on such other source milk under the skim milk equivalent basis of accounting provided in the order. By following this procedure, the compensation payment on other source milk derived from nonfat dry milk solids will be comparable to that on any other source milk which is allocated to Class I milk.

In addition to that other source milk which would enter the marketing area through pool plants, some milk is distributed in the marketing area from nonpool plants. The largest distribution of nonpool milk in the Eastern South Dakota marketing area is from a plant in Moorhead, Minnesota. At this location and at various other locations in nearby Minnesota substantial quantities of milk are available throughout the year. It would not be possible to stabilize the Eastern South Dakota market under the classified pricing program if distribution in the marketing area of unpriced milk from nonpool plants without compensation payments were allowed. Since such milk may be procured for distribution in the Eastern South Dakota marketing area on the same basis as other source milk at pool plants it should be classified and priced the same as unpriced milk distributed through any other channels.

No compensation payment should be required on milk classified and priced as Class I under another Federal milk marketing order. The minimum prices for Class I milk under other Federal orders where Eastern South Dakota order handlers might obtain supplemental supplies approximate the Eastern South Dakota order Class I price as adjusted for location of the supplying plants. Since handlers operating plants under other Federal orders must pay for producer milk on a utilization basis, they would not be in a position to dispose of their surplus producer milk in the Eastern South Dakota marketing area for Class I use at less than Class I prices.

Handlers proposed that no compensatory payment be required on other source milk received at a pool plant during a month when receipts of producer milk are below 110 percent of Class I sales. If such a provision were incorporated in the order, it would not be expected to have any effect in the seasonally high production months of March through June. During the months of July through February the compensatory payment rate herein provided of the difference between the Class I price and uniform price would adjust itself automatically to changes in the relationship between the producer milk supply and the Class I sales of the market. Thus, with producer milk receipts at a ratio of less than 110 percent of Class I sales the compensatory payment rate would be relatively negligible or completely nonexistent. In view of this, there is no need for providing in the order that the compensatory payment provision shall be inoperative when producer receipts are below 110 percent of Class I sales. Moreover, such a provision would be harmful to the best interests of the market by encouraging handlers to limit their purchases of producer milk and thereby bring about an uneconomic procurement pattern for the Eastern South Dakota market at the expense of nearby dairy farmers.

5. No change should be made in the Class I price at this time.

Handlers proposed that the Class I price be reduced 46 cents for milk sold outside the marketing area. They argued that such a reduction in price is necessary to enable them to compete with unregulated Grade A milk and ungraded milk.

The Class I price under the Eastern South Dakota order is established at a level which will insure an adequate supply of Grade A milk for the market. Reducing the price for Class I milk disposed of outside the marketing area would degress the overall returns to producers, thereby having an adverse effect on the milk supplies upon which the market depends.

The enlarged marketing area as proposed herein encompasses the territory in which regulated handlers distribute the major portion of their receipts from producers. Handlers should not be encouraged by means of an "out of area price" to seek additional Class I outlets at the expense of producers primarily associated with the Eastern South Dakota order market. Such uneconomical movements of milk, resulting in lower returns to producers, would seriously jeopardize stability and orderly operation in the Eastern South Dakota market.

In addition to the competition from unregulated Grade A milk, handlers claimed they need to reduce their prices for Grade A milk in areas where ungraded milk is offered for sale. Extra costs are involved in meeting the sanitary requirements relative to the maintenance of a dairy herd for the production of Grade A milk. Recognition of the higher quality and greater value of milk sold as Grade A in the sales territory served by Eastern South Dakota handlers is indicated in those communities wherein both Grade A and ungraded milk are sold by the preference of consumers for Grade A milk. In view of this, there is no justification for reducing the Class I price for milk sold outside the marketing area to enable handlers to purchase Grade A milk at prices which approximate the ungraded milk price. Moreover, in accordance with a recently enacted law, ungraded milk for human consumption may not be offered for sale in South Dakota after June 30, 1958.

The two price system proposed by handlers would have the effect of having consumers of milk in the marketing area subsidize buyers of milk in communities outside the marketing area. There is no sound economic basis to discriminate against purchasers in the sales territories wherein Eastern South Dakota order handlers have the greater part of their Class I sales in favor of buyers elsewhere.

Evidence was also received on a proposal that would reduce the Class I price 23 cents and on another that would base the Class I price on the price for Class II milk plus a differential of $1.40.

At the present time the Class I price is computed by adding $1.40 to the higher of the Class II price or the Midwest Condensery price. Eliminating the condensery price as a factor in calculating the Class I price would result in a price approximating that in the Sioux Falls-Mitchell order, which price averages about 15 cents below the Eastern South Dakota Class I price.

The argument of handlers that a lower Class I price is necessary to enable them to compete with unregulated handlers and handlers regulated by other orders was not substantiated at the hearing. In fact, the testimony presented did not establish that the Class I price now provided under the individual handler pool order would not be appropriate under

the marketwide pool herein recommended.

6. The Class I butterfat differential should be computed by multiplying the average of the daily quotations for Grade A (92-score) butter at Chicago for the preceding month by 0.120. The differential is now obtained by adding 2.8 cents to the Class II butterfat differential, which results in a Class I butterfat differential approximating the Chicago butter price average times 0.160.

The Class I butterfat differential in the Eastern South Dakota order is high in relation to the Class I butterfat differential in other markets. Under the Chicago order, for example, handlers pay a butterfat differential on Class I milk approximating the Chicago 92-score butter price times 0.120.

The high Class I butterfat differential, it was indicated, has been one of the principal reasons for the rapid and continuing decline in the proportion of butterfat contained in the Class I disposition in the market. This decrease of butterfat in Class I utilization is reflected especially in the low butterfat content of fluid milk distributed in the marketing area.

In Eastern South Dakota, as in other markets, whole milk in fluid form is the most significant item making up the Class I sales in the market. The average butterfat content of fluid whole milk distributed in the marketing area currently ranges between 3.3 and 3.5 percent, tending generally to be but little above the required minimum in the State of South Dakota of 3.25 percent.

A high butterfat differential as now contained in the order tends to be a deterrent to increasing the butterfat content of fluid milk products distributed by regulated handlers. The change proposed herein gives recognition to the increasing value of the nonfat solids portion of the milk for fluid purposes in relation to the butterfat portion. The lower rate of the butterfat differential should give some encouragement to the sale of higher fat milk and of cream.

7. A schedule of location differentials should be incorporated in the order to provide an appropriate adjustment of order prices at the location of any plant from which milk is moved to the marketing area. With the same class prices applicable, milk received at a plant outside the marketing area and moved to the marketing area for processing and packaging may be expected to be more costly to a handler than milk received directly from producers at his processing plant in the marketing area. In the same manner, additional transportation costs would be incurred by the operator of a plant from which packaged milk is moved a relatively long distance to the marketing area. Unless provision is made in the order for the application of location differentials, producers delivering milk to plants located at some distance from the marketing area would be paid the same uniform prices as producers delivering to plants in the marketing area.

It is economically more feasible to meet the needs of the market for fluid purposes from those farms or plants nearest the market before bringing in milk from more distant plants. The value of milk to the market for fluid purposes is greater at the location of a plant in the marketing area which packages it for distribution than at a plant from which milk must be moved to the marketing area for Class I uses. Recognition in the order through the medium of a location differential should be given to this difference in value.

So as to be equitable to all handlers, the minimum Class I price to be paid for producer milk should not be dependent upon the type of plant receiving the milk. However, to the extent that milk is received elsewhere from producers and brought to the marketing area by a handler, the handler has assumed a transportation cost which might otherwise be borne by producers. Accordingly, the Class I price should be adjusted downward in the case of a plant which assumes the cost of hauling milk to the marketing area.

It is customary, in both regulated and unregulated markets, for handlers to pay producers delivering milk to plants farther removed from the market a lesser price per hundredweight than is paid producers delivering directly to plants in the marketing area. To the extent that this represents a lower price because of the location of the milk, such difference in value should be recognized under the order.

Official notice is here taken of Order No. 17, regulating the handling of milk in the Black Hills, South Dakota, marketing area. The location differential in that order reduces the price for Class I milk received from producers at a pool plant located more than 100 miles from the four principal cities in the marketing area by 15 cents for the first 110 miles or less and by 1.5 cents for each additional 10 miles or fraction thereof that such plant is from the nearest of the post offices in such cities.

Aberdeen, Huron and Watertown are the principal cities in the Eastern South Dakota marketing area and are so situated with respect to the overall marketing area so that basing location differential mileage zones from the nearest of them would be equitable to all handlers. The post office in each of these cities would be an appropriate point from which the mileage used in applying the location differentials might be measured. Computing the differential from the nearest of such cities will reflect the value of the milk in relation to the nearest potential outlet and it may reasonably be expected that milk which is moved for regular distribution or as a supplementary source of supply would be nearer to the city to which the shipments were made. This method of arriving at location differential adjustments will result in values for milk at plants at different locations in such a manner as to promote the economical allocation of available supplies in accordance with location of such supplies with respect to the major consuming centers in the marketing area.

Because the Eastern South Dakota marketing area is spread over a relatively large territory and because milk distributed in the marketing area is moved great distances, it would be inappropriate to have location differentials applicable at plants which are less than 100 miles from any of the principal cities in the marketing area. Accordingly, it is concluded that the Class I price under the Eastern South Dakota order should be reduced by 15 cents for the first 110 miles and 1.5 cents for each additional 10 miles or fraction thereof with respect to producer milk received at a plant which is not less than 100 miles from the nearest of the Post Offices of Aberdeen, Huron, and Watertown.

The location differential here recommended is economically sound and will be applicable to all handlers wherever located. The proposed rates are fundamentally the same as those contained in various other orders and are representative of the cost of hauling milk by an efficient means to the market.

Prices paid producers supplying plants to which location differentials apply should be reduced to reflect the lower value of such milk f. o. b. the point to which delivered.

No adjustment should be made in the Class II price because of the location of the plant to which the milk is delivered. There is little difference in the value of milk for manufactured uses associated with location of the plant receiving the milk. This is because of the low cost per hundredweight of milk involved in transporting manufactured products. The prices paid for ungraded milk received at various sections of the milkshed do not indicate any difference in value associated with location.

After a handler receives milk for Class II use, he should be expected to handle and dispose of the milk by the most advantageous possible method. Prices paid producers for such milk should not be made dependent upon the method employed by the handler in disposing of such milk. To do otherwise would remove part of the incentive for keeping handling costs at a minimum. To insure that milk will not be moved unnecessarily at producers' expense, the order should contain a provision to determine whether milk transferred between plants may receive the location differential credit. This should provide that for the purpose of calculating such location differential credit the skim milk and butterfat in fluid milk products transferred in bulk form be assigned to any Class II use remaining in the transferee plant after a maximum assignment of 5 percent of the direct producer receipts to Class II milk at such plant.

8. The marketwide pool order will facilitate the transfer and diversion of fluid milk products from pool plants to nonpool plants. At the present time, under the individual handler pool order, the diversion by a cooperative association of the milk of its members is not subject to the order and does not affect the blend price paid by a handler at a specified plant. However, the transfer or diversion by a handler of excess producer milk for manufacturing purposes under the individual handler pool order affects the blend price returned to his producers but not to other producers on the market. As provided in the proposed marketwide pool order, milk transferred by a cooperative association or

proprietary handler to a nonpool plant would affect returns to all producers on the market. In view of this, it is important that the transfer provisions of the order specify clearly the manner in which milk that is transferred or diverted from a pool plant to a nonpool plant should be classified under the marketwide pool herein proposed.

Fluid milk products transferred or diverted to a nonpool plant should be classified as Class I milk unless certain conditions are met. The operator of the nonpool plant, if requested, should make his books and records available to the market administrator for the purpose of verifying the receipts and utilization of milk in such nonpool plant. Provision for verification by the market administrator is reasonable and necessary to insure proper application of the classification procedures prescribed in the order.

In order to classify such transfers or diversions as Class II milk the fluid milk products disposed of from the receiving nonpool plant should not exceed the receipts of skim milk and butterfat in milk received during the month from dairy farmers directly supplying such plant. However, if the fluid milk products disposed of from the receiving nonpool plant exceed the receipts of skim milk and butterfat from dairy farmers regularly supplying such plant, the difference should be assigned to the fluid milk products transferred or diverted from a pool plant and classified as Class I milk. If the transfers and diversions to the nonpool plant during the month are from two or more plants subject to the provisions of this and other orders issued pursuant to the act, the skim milk and butterfat assigned to Class I milk at each such pool plant under the Eastern South Dakota order should be not less than that obtained by prorating the assignable Class I milk at the nonpool plant over the receipts from all plants subject to the provisions of this and other orders issued pursuant to the act.

The method herein recommended for classifying transfers and diversions from pool plants to nonpool plants accords equitable treatment to order handlers and gives appropriate recognition to handlers in other regulated markets in the classification of milk transferred to a common nonpool plant. Giving priority to dairy farmers directly supplying a nonpool plant recognizes that they are the regular and dependable source of supply of milk for fluid use at such plant. The proposed method of classification will safeguard the primary functions of the transfer provisions of the order by promoting orderly disposal of reserve supplies and in assuring that shipments to nonpool plants will be classified in an equitable manner.

The provision for classifying fluid milk products as Class II milk should not be extended to include milk transferred or diverted to nonpool plants located more than 150 miles from the nearest of the post offices of Aberdeen, Huron, and Watertown. The area thus described is adequate to dispose of reserve milk for Class II use. Fluid milk products moving greater distances are normally for Class I use.

When milk or skim milk in bulk has been transferred or diverted to a nonpool plant located not more than 150 miles from Aberdeen, Huron, and Watertown, the market administrator is required to verify the utilization claimed by such nonpool plant. It may reasonably be expected that the market administrator will be able to make such verification within such "surplus disposal area" without incurring undue expense. It would not, however, be administratively feasible or otherwise justifiable to have a surplus disposal area of unlimited expanse or to cover a geographical area which is larger than that provided herein. Making such provision might tend to make unreasonable demands on the market administrator in connection with the verification of occasional or irregular shipments to nonpool plants located beyond the area wherein handlers who would be subject to the order normally dispose of reserve supplies of milk for Class II purposes.

9. A "base and excess" plan of distributing the returns for milk among producers should be employed in connection with the market-wide pool.

Base and excess plans, although they vary among cooperative associations and handlers have been commonly used throughout the marketing area. The base and excess method of distributing milk returns during the months of heaviest production has wide support among producers.

Because of the seasonal variations in the production of milk for the Eastern South Dakota market, there is need for an incentive to increase production in the fall and winter months relative to spring and summer months. This can best be accomplished through a uniformly administered base and excess plan incorporated in the order.

Some handlers and cooperative associations have difficulty in utilizing efficiently all milk delivered to them in the months of seasonally high production. By providing returns related directly to a producer's ability to deliver additional milk in the fall and winter as compared with deliveries during the season of flush production, a more even milk production pattern will be encouraged.

The base-excess plan herein recommended would establish for each producer a base that would depend upon his deliveries of milk to pool plants during the months of September, October and November. During these months, as well as all other months in the period of July through February, producers would receive the marketwide blend or uniform price for all milk which they deliver to pool plants.

For each of the months of March through June separate uniform prices for "base milk" and "excess milk" would be computed so that Class I sales would first be allotted to base milk. Base milk would be milk received at a pool plant from a producer during any of the months of March through June which is not in excess of an amount equal to the daily base of such producer multiplied by the number of days in such month. Class II disposition in the market would first be allotted to excess milk. If Class I disposition is more than the base milk received from producers in any m... such additional Class I milk would b... allocated to excess milk and the ... blend price increased accordingly.

The daily base of each producer would be calculated by the market administrator by dividing the total pounds of producer milk received at all pool plants from such producer during the months of September through November by the number of days on which such milk is received from such producer.

It may be expected that new producers coming on the market during or after the base forming period would be needed to supply the Class I needs of the market. These producers should be permitted to share in the proceeds from the sale of Class I milk during the base operating period even though they did not establish bases during the preceding September through November period. A producer who delivered milk during the base forming period but desires to change his level of production should not be required to receive payment for the high production at the excess price. Such a producer should be permitted to relinquish his base and establish the base of a new producer if he so desires. This would add greater flexibility to the plan and would accommodate cases of abnormally low production during the base forming period due to unusual circumstances.

For those producers who do not deliver milk during the base forming period or who deliver milk on less than 60 days during the base forming period or who desire to relinquish established bases, the daily base would be calculated for each of the months of March through June by dividing the pounds of producer milk received from such producer during the month by the number of days in such month and multiplying the quotient by 50 percent for the months of March and April and by 40 percent for May and June. The above percentages will allow new producers to share in the Class I market during the base operating period but will not encourage new producers to come on the market at that time if their production is not needed to supply the Class I needs of the market.

If a plant were a nonpool plant during the preceding September through November period and became a pool plant during any of the months of March through June of the following year, provision should be made for assigning bases to the dairy farmers regularly supplying such plant. This would be effectuated most equitably by according such dairy farmers the same treatment as other producers in establishing bases. This would be accomplished by providing that for the purpose of calculating the daily base of a producer deliveries of any dairy farmer during the preceding September through November to a nonpool plant that is a pool plant in any of the months of March through June shall be considered producer milk received at a pool plant.

It was proposed by producers that the months of January and February be included in the base operating period and the months of August and December be included in the base forming period. The record does not show that the receipts of milk in these months is

abnormal in relation to receipts in other months. Moreover, including these months in the base forming and base paying periods would make the plan unduly restrictive and would not improve the effectiveness of the base-excess plan. September, October and November are normally the months in which the production of milk for the Eastern South Dakota market is lowest and the base forming period should be limited to these months.

Location differentials heretofore discussed should be applied to prices paid producers for base milk. Since excess milk will represent principally producer milk classified in Class II to which no location differential is applicable, the producer price for excess milk should not be subject to the location differential provision of the order.

It is necessary to provide certain rules in connection with the establishment and transfer of bases in order to provide reasonable administrative workability of the plan. Such rules should outline specifically the method for calculating the base for each producer and set forth clearly the procedure to be followed for transferring bases. It is desirable that the need for administrative discretion and restrictive conditions in connection with the application of the base rules be kept at a minimum. To accomplish this, it is necessary that transfer of bases be limited to the entire base of a producer.

The free transfer of entire bases as proposed by producers and recommended herein will facilitate the operation and contribute toward carrying out the intent of the base-excess plan. The purpose of the base-excess plan is to encourage fall production by providing for each producer to share in the Class I market during the spring months of high production along with other producers in proportion to his deliveries to the market during the preceding fall months. Providing for unrestricted base transfer will give added assurance to a producer that he will have the full benefit of the base he has made whether or not he is able to continue milk production for his own account through the following months of flush production. This assurance should increase the effectiveness of the base-excess plan in encouraging production of milk during the months of the year when it is most needed on the market. Bases should be transferred on the first day of a month following receipt of a statement on an approved form showing the holder of such base, the person to whom it is to be transferred, and signed by both parties.

No provision is now made in the order for distributing to producers the returns for their milk through a base and excess plan. It would be desirable, therefore, to allow producers a reasonable period of time to make such changes as might be necessary to adjust their production patterns toward obtaining the optimum benefits under a base and excess plan. The earliest possible date on which the amended order could become effective would be during the 1958 base making period. In view of this, Eastern South Dakota producers would not have had adequate notice that would enable them to make any changes affecting their production in the fall of this year. On the basis of these facts and from the viewpoint of administrative feasibility it is concluded that the base and excess method of paying producers should not be utilized under the order during the 1959 base operating period. Accordingly, during the months of March through June 1959 each producer would be paid not less than the monthly marketwide uniform price for his total deliveries. This would be accomplished by providing that all milk delivered by producers to pool plants during the 1959 base operating period shall be considered base milk.

10. (a) The entire order should be redrafted to incorporate conforming and clarifying changes and to facilitate application of its various provisions.

In designating which persons would be subject to regulation and the application of order provisions to them, new or revised definitions are provided in the atached order, including those for "producer", "fluid milk product", "producer milk" and "other source milk". The definitions for "pool plant", "distributing plant", and "supply plant" are discussed elsewhere in this decision.

"Producer" should mean any person, except a producer-handler, who produces milk in compliance with the Grade A inspection requirements of a duly constituted health authority which milk is received at a pool plant.

"Fluid milk product" should mean milk, skim milk, buttermilk, milk drinks (plain or flavored), cream (except frozen cream) and any mixture in fluid form of skim milk and cream (except ice cream mixes and sterilized products in hermetically sealed containers). The items designated as fluid milk products pursuant to this definition are those products which when disposed of by handlers are considered as Class I milk.

"Producer milk" should be defined as all skim milk and butterfat contained in milk received at a pool plant directly from producers.

When producer milk is not needed in the market for Class I purposes, the movement of such milk to nonpool plants for manufacturing purposes should be facilitated. Allowing for unlimited diversion during those months when reserve supplies of milk are heaviest will contribute to this end. Unlimited diversion is neither necessary nor desirable during the other months of the year when producer milk regularly associated with the market is needed to supply the Class I needs of the market. It is necessary, however, to provide for limited diversion during such months to enable handlers to divert producer milk on such occasions as weekends or holidays when the milk is not needed in the market for Class I purposes.

Provision should be made so that the producer milk regularly received at a pool plant may be diverted for the account of a handler to a nonpool plant any day during the flush production months and on not more than the number of days that milk was delivered to a pool plant from the farm of the producer during any other months and still retain producer milk status under the order. Milk diverted in the manner herein prescribed should be deemed to have been received at the plant from which it was diverted.

"Other source milk" should be defined as all skim milk and butterfat contained in or represented by fluid milk products utilized by the handler in his operations except producer milk, fluid milk products received from pool plants, and inventory at the beginning of the month. Thus, other source milk would represent skim milk and butterfat which is not subject to the pricing provisions of this order during the month. It would include all milk products from plants other than pool plants, milk received from a producer-handler and all manufactured dairy products from any source which are reprocessed or converted into another product during the month. It would include those manufactured products from a plant's own production which are made and are reprocessed or converted into another product during the same or a later month.

(b) During the months of March through June the maximum shrinkage that may be classified in Class II should be 5 percent of the receipts of skim milk from producers and other sources. Handlers testified that it has been necessary during these months of seasonally high production to dump small quantities of skim milk for which no outlet was available.

It would not be practicable to permit in an unlimited manner the dumping of skim milk by pool plant handlers. Neither would it be appropriate to classify in other than Class II small quantities of skim milk for which no better outlet is available. The necessary relief to handlers in this matter will be appropriately afforded by the increased shrinkage allowance (from 2 to 5 percent) herein provided on skim milk dumped during the spring months of heavy production.

(c) The Class II price in the Eastern South Dakota order is based on prices paid for butter and nonfat dry milk solids. Producers proposed that the formula used to compute this price be rewritten to conform with the language used in other Midwestern Federal orders. Since this change would not affect the annual level of the Class II price, it should be made at this time. The Class II price would be the price obtained as follows: (1) Multiply the Chicago butter price by 4.24; (2) Multiply by 8.2 the weighted average of carlot prices per pound for spray process nonfat dry milk solids for human consumption f. o. b. manufacturing plants in the Chicago area, as published by the Department for the period from the 26th day of the preceding month through the 25th day of the current month; (3) Add into one sum the amounts computed in (1) and (2) above and subtract 80 cents therefrom.

The method used in computing the Class II butterfat differential should also be changed. The differential is now computed by multiplying the Chicago butter price by 0.125 and subtracting 0.8 cents therefrom. Computing the differential by multiplying the Chicago butter

price for the current month by 0.110 will not change the level of the Class II butterfat differential and will simplify the calculation thereof.

(d) A proposal made by handlers would give other source milk priority over producer milk in allocating the Class I sales of regulated handlers. This would have the effect of assigning the lowest value utilization for the market to dairy farmers associated with it. The inclusion of such a provision in the order would tend to nullify the purpose for which orders are issued and would be inconsistent with the intent of the act. Accordingly, the proposal to give other source milk priority over producer milk to the Class I sales of regulated handlers is hereby denied.

(e) The date by which handlers are required to submit to the market administrator their monthly reports should be changed from the 6th day to the 7th day of the following month. Handlers stated that the extra day is necessary because a number of reports and statements are required of them from various sources immediately following the close of each month, and being required to file monthly reports with the market administrator by the 6th has frequently worked a hardship on them. There was no opposition to this handler proposal and it is expected that the extra day for preparing reports will enable handlers to provide the market administrator in a more complete and accurate manner the data needed to compute the monthly uniform price under the marketwide pool.

(f) Under the marketwide pool, it will be necessary for the market administrator to receive reports and payments when due in order to calculate the blend price and make disbursement of money to handlers for the equalization of producer pay rates. The order should be adjusted, therefore, to permit disclosure of the names of handlers delinquent in such matters as soon as the delinquency occurs. Also, interest should be charged on money overdue the market administrator. The interest rate provided in the attached order is 6 percent per annum. Such an interest rate is not a penalty but represents a fair price for the use of the money. Charging interest will avoid giving the handler any incentive to retain money temporarily for use in his business at no cost until compliance can be enforced.

(g) One of the formulas used in computing the basic formula price, which is used in calculating the Eastern South Dakota order Class I price, is the average of the prices paid for milk received from dairy farmers at specified plants in Wisconsin and Michigan known as the "Midwestern Condenseries". One of the 13 plants now listed in the order (Pet Milk Company, Hudson, Michigan) is no longer in operation. Accordingly, only the 12 of the 13 plants in the Midwestern Condensery group now operating are listed in the attached proposed order as the plants whose prices paid to dairy farmers shall be used in determining the basic formula price under the order.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of certain interested parties in the market. These briefs and the evidence in the record were considered in making the findings and conclusions set forth above. To the extent that the suggested findings and conclusions set forth in the briefs are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or reach such conclusions are denied.

General findings. (a) The tentative marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditons thereof, will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions, which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Recommended marketing agreement and order amending the order. The following order amending the order regulating the handling of milk in the Eastern South Dakota marketing area is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be the same as those contained in the order, as hereby proposed to be amended.

DEFINITIONS

§ 929.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

§ 929.2 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States or any other officer or employee of the United States authorized to exercise the powers or to perform the duties of the said Secretary of Agriculture.

§ 929.3 *Department.* "Department" means the United States Department of Agriculture or any other Federal agency authorized to perform the price reporting functions of the United States Department of Agriculture.

§ 929.4 *Person.* "Person" means any individual, partnership, corporation, association, or other business unit.

§ 929.5 *Cooperative association.* "Cooperative association" means any cooperative marketing association which the Secretary determines, after application by the association:

(a) To be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act"; and

(b) To have full authority in the sale of milk of its members and to be engaged in making collective sales of or marketing milk or its products for its members.

§ 929.6 *Eastern South Dakota marketing area.* "Eastern South Dakota marketing area", hereinafter called the "marketing area", means all the territory within the boundaries of the counties of Beadle, Brown, Codington, Day and Spink, all in the State of South Dakota, including territory within such boundaries which is occupied by government (Municipal, State or Federal) reservations, installations, institutions, or other establishments.

§ 929.7 *Producer.* "Producer" means any person, except a producer-handler, who produces milk in compliance with Grade A inspection requirements of a duly constituted health authority, which milk is received at a pool plant.

§ 929.8 *Distributing plant.* "Distributing plant" means a plant in which any Grade A fluid milk product is processed or packaged and disposed of during the month on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets (except pool plants) located in the marketing area.

§ 929.9 *Supply plant.* "Supply plant" means a plant from which Grade A milk, skim milk or cream is shipped during the month to a pool plant qualified pursuant to § 929.10.

§ 929.10 *Pool plant.* "Pool plant" means:

(a) A distributing plant from which a volume of Class I milk equal to not less than 35 percent of the Grade A milk received at such plant from dairy farmers and from other plants is disposed of during the month on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets (except pool plants) and not less than 10 percent of such receipts are so disposed of to such outlets in the marketing area: *Provided*, That if a portion of a plant is physically apart from the Grade A portion of such plant, is operated separately and is not approved by any health authorities for the receiving, processing or packaging of any fluid milk product for Grade A disposition, it shall not be considered as part of a pool plant pursuant to this section.

(b) A supply plant from which the volume of fluid milk products shipped during the month to pool plants qualified pursuant to paragraph (a) of this section is not less than 35 percent of the Grade A milk received at such plant from dairy farmers during such month: *Provided*, That if such shipments are not less than 50 percent of the receipts of Grade A milk directly from dairy farmers at such plant during the immediately preceding period of September through November, such plant shall be a pool plant for the months of March through June, unless written applica-

tion is filed with the market administrator on or before the 15th day of any of the months of March, April, May or June to be designated a nonpool plant for such month and for each subsequent month through June of the same year: *And provided further*, That if a portion of a plant is physically apart from the Grade A portion of such plant, is operated separately and is not approved by any health authority for the receiving, processing or packaging of any fluid milk product for Grade A disposition, it shall not be considered as part of a pool plant pursuant to this section.

§ 929.11 *Nonpool plant.* "Nonpool plant" means any plant other than a pool plant which receives milk from dairy farmers or is a milk manufacturing, processing or bottling plant.

§ 929.12 *Handler.* "Handler" means: (a) Any person in his capacity as the operator of one or more distributing or supply plants, or (b) any cooperative association with respect to the milk from producers diverted by the association for the account of such association from a pool plant to a nonpool plant.

§ 929.13 *Producer-handler.* "Producer-handler" means any person who operates a dairy farm and a distributing plant but who receives no milk from other dairy farmers or from sources other than pool plants.

§ 929.14 *Producer milk.* "Producer milk" means the skim milk and butterfat contained in milk received at a pool plant directly from producers: *Provided*, That milk diverted from a pool plant to a nonpool plant for the account of either the operator of the pool plant or a cooperative association shall be deemed to have been received by the diverting handler at the plant from which diverted: *And provided further*, That in any of the months of July through March milk diverted from the farm of a producer on more than the number of days that milk was delivered to a pool plant from such farm during the month shall not be deemed to have been received by the diverting handler at the plant from which diverted on such days.

§ 929.15 *Fluid milk product.* "Fluid milk product" means milk, skim milk, buttermilk, milk drinks (plain or flavored), cream (except frozen cream) and any mixture in fluid form of skim milk and cream (except ice cream, ice cream mixes, and sterilized products hermetically sealed containers).

§ 929.16 *Other source milk.* "Other source milk" means all skim milk and butterfat contained in or represented by:

(a) Receipts during the month in the form of fluid milk products except (1) fluid milk products received from pool plants, (2) producer milk, or (3) inventory at the beginning of the month; and

(b) Products other than fluid milk products from any source (including those produced at the plant), which are reprocessed or converted to another product in the plant during the month.

§ 929.17 *Base milk.* "Base milk" means milk received at a pool plant from a producer during any of the months of March through June that is not in excess of such producer's daily base computed pursuant to § 929.90 multiplied by the number of days in such month: *Provided*, That all milk received at a pool plant from a producer during any of the months of March through June 1959 shall be base milk.

§ 929.18 *Excess milk.* "Excess milk" means the amount of milk received at a pool plant from a producer during any of the months of March through June that is in excess of base milk received from such producer during such month.

§ 929.19 *Chicago butter price.* "Chicago butter price" means the simple average as computed by the market administrator of the daily wholesale selling prices (using the midpoint of any range as one price) per pound of Grade A (92-score) bulk creamery butter at Chicago as reported during the month by the Department.

MARKET ADMINISTRATOR

§ 929.25 *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

§ 929.26 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend amendments to the Secretary.

§ 929.27 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including but not limited to the following:

(a) Within 30 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon his duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount, and with reasonable surety thereon, covering each employee who handles funds entrusted to the market administrator;

(d) Pay out of the funds provided by § 929.87 the cost of his bond and of the bonds of his employees, his own compensation, and all other expenses necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided for in this part, and upon request by the Secretary, surrender the same to such other person as the Secretary may designate;

(f) Publicly announce at his discretion, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate the name of any person who, after the date upon which he is required to perform such acts, has not made reports pursuant to §§ 929.30 and 929.31, or payments pursuant to §§ 929.62, 929.80, 929.84, 929.86 and 929.87;

(g) Submit his books and records to examination by the Secretary and furnish such information and reports as may be required by the Secretary;

(h) Verify all reports and payments of each handler by audit of such handler's records and of the records of any other handler or person upon whose utilization the classification of skim milk or butterfat for such handler depends, or by such investigation as the market administrator deems necessary;

(i) Prepare and disseminate to the public such statistics and such information as he deems advisable and as do not reveal confidential information;

(j) Publicly announce on or before:

(1) The 5th day of each month, the minimum price for Class I milk pursuant to § 929.51 (a) and the Class I butterfat differential pursuant to § 929.52 (a), both for the current month; and the minimum price for Class II milk pursuant to § 929.51 (b) and the Class II butterfat differential pursuant to § 929.52 (b), both for the preceding month; and

(2) The 10th day after the end of each of the months of July through February, the uniform price pursuant to § 929.72 and the producer butterfat differential pursuant to § 929.81; and

(3) The 10th day after the end of each of the months of March through June, the uniform price for base milk and excess milk pursuant to § 929.73 and the butterfat differential pursuant to § 929.81; and

(k) On or before the 10th day after the end of each month, report to each cooperative association, which so requests, the percentage of the milk caused to be delivered by the cooperative association or its members to the pool plant(s) of each handler during the month, which was utilized in each class. For the purpose of this report, the milk so delivered shall be allocated to each class for each handler in the same ratio as all producer milk received by such handler during the month.

REPORTS, RECORDS AND FACILITIES

§ 929.30 *Reports of receipts and utilization.* On or before the 7th day after the end of each month each handler, except a producer-handler, shall report to the market administrator for such month in the detail and on forms prescribed by the market administrator:

(a) The quantities of skim milk and butterfat contained in or represented by receipts of producer milk, and the aggregate quantities of base and excess milk;

(b) The quantities of skim milk and butterfat contained in or represented by

fluid milk products received from other pool plants;

(c) The quantities of skim milk and butterfat contained in or represented by other source milk;

(d) The quantities of skim milk and butterfat contained in or represented by producer milk diverted to nonpool plants pursuant to § 929.14;

(e) Inventories of fluid milk products on hand at the beginning and end of the month; and

(f) The utilization of all skim milk and butterfat required to be reported pursuant to this section, including a separate statement of the disposition of Class I milk outside the marketing area.

§ 929.31 *Other reports.* (a) Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may prescribe.

(b) Each handler, except a producer-handler, shall report to the market administrator in detail and on forms prescribed by the market administrator:

(1) On or before the 20th day after the end of the month for each of his pool plants his producer payroll for such month which shall show for each producer:

(i) His name and address,

(ii) The total pounds of milk received from such producer including for the months of March through June, the total pounds of base and excess milk,

(iii) The number of days, if less than the entire month, for which milk was received from such producer,

(iv) The average buttrefat content of such milk, and

(v) The net amount of such handler's payment, together with the price paid and the amount and nature of any deductions;

(2) On or before the first day other source milk is received in the form of any fluid milk product at his pool plant, his intention to receive such product, and on or before the last day such product is received, his intention to discontinue receipt of such milk;

(3) Prior to his diversion of producer milk to a nonpool plant, his intention to divert such milk, the proposed date or dates of such diversion and the plant to which such milk is to be diverted; and

(4) Such other information with respect to the utilization of butterfat and skim milk as the market administrator may prescribe.

§ 929.32 *Records and facilities.* Each handler shall maintain and make available to the market administrator or to his representative during the usual hours of business such accounts and records of his operations, together with such facilities as are necessary for the market administrator to verify or establish the correct data with respect to:

(a) The receipt and utilization of all skim milk and butterfat handled in any form during the month;

(b) The weights and butterfat and other content of all milk, skim milk, cream, and other milk products handled during the month;

(c) The pounds of skim milk and butterfat contained in or represented by all milk products on hand at the beginning and end of each month; and

(d) Payments to producers and cooperative associations including the amount and nature of any deductions and the disbursement of money so deducted.

§ 929.33 *Retention of records.* All books and records required under this order to be made available to the market administrator shall be retained by the handler for a period of 3 years to begin at the end of the month to which such books and records pertain: *Provided*, That if, within such 3-year period, the market administrator notifies the handler in writing that the retention of such books and records is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case, the market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 929.40 *Skim milk and butterfat to be classified.* The skim milk and butterfat which are required to be reported pursuant to § 929.30 shall be classified each month by the market administrator, pursuant to the provisions of §§ 929.41 through 929.46.

§ 929.41 *Classes of utilization.* Subject to the conditions set forth in § 929.44 the classes of utilization shall be as follows:

(a) *Class I milk.* Class I milk shall be all skim milk (including concentrated and reconstituted skim milk) and butterfat (1) disposed of in the form of a fluid milk product and (2) not accounted for as Class II milk.

(b) *Class II milk.* Class II milk shall be all skim milk and butterfat (1) used to produce any product other than a fluid milk product; (2) contained in inventory of fluid milk products on hand at the end of the month; and (3) in shrinkage allocated to receipts of producer milk and other source milk (except milk diverted to a nonpool plant pursuant to § 929.14) but not in excess of 2 percent of such receipts of butterfat, 2 percent of such receipts of skim milk in the months of July through February and 5 percent of such receipts of skim milk in the months of March through June.

§ 929.42 *Shrinkage.* The market administrator shall allocate shrinkage over a handler s receipts as follows:

(a) Compute the total shrinkage of skim milk and butterfat for each handler; and

(b) Prorate the resulting amounts between the receipts of skim milk and butterfat contained in producer milk and other source milk.

§ 929.43 *Responsibility of handlers and reclassification of milk.* All skim milk and butterfat shall be Class I milk unless the handler who first receives such skim milk or butterfat can prove to the market administrator that such skim milk or butterfat should be classified otherwise.

§ 929.44 *Transfers.* Skim milk or butterfat disposed of each month from a pool plant shall be classified:

(a) As Class I milk, if transferred in the form of a fluid milk product to another pool plant unless utilization as Class II milk is claimed for both plants on the reports submitted for the month to the market administrator pursuant to § 929.30: *Provided*, That the skim milk or butterfat so assigned to Class II milk shall be limited to the amount thereof remaining in Class II milk in the plant of the transferee-handler after the subtraction of other source milk pursuant to § 929.46 and any additional amounts of such skim milk or butterfat shall be classified as Class I milk: *And provided further*, That if other source milk was received at either or both plants the skim milk or butterfat so transferred shall be classified at both plants so as to allocate the greatest possible Class I utilization to the producer milk at both plants;

(b) As Class I milk, if transferred to a producer-handler in the form of a fluid milk product;

(c) As Class I milk, if transferred or diverted in the form of a fluid milk product to a nonpool plant located more than 150 miles, by the shortest highway distance as determined by the market administrator, from the nearest of the Post Offices of Aberdeen, Huron, and Watertown, South Dakota; and

(d) As Class I milk, if transferred or diverted in the form of a fluid milk product in bulk to a nonpool plant located not more than 150 miles, by the shortest highway distance as determined by the market administrator, from the nearest of the Post Offices of Aberdeen, Huron, and Watertown, unless:

(1) The transferring or diverting handler claims classification in Class II milk in his report submitted to the market administrator pursuant to § 929.30 for the month within which such transactions occurred;

(2) The operator of such nonpool plant maintains books and records showing the utilization of all skim milk and butterfat received at such plant which are made available if requested by the market administrator for the purpose of verification; and

(3) The skim milk and butterfat in the fluid milk products (except in ungraded cream disposed of for manufacturing uses) disposed of from such nonpool plant do not exceed the receipts of skim milk and butterfat in milk received during the month from dairy farmers who the market administrator determines constitute the regular sources of supply for such plant: *Provided*, That any skim milk or butterfat in fluid milk products (except in ungraded cream disposed of for manufacturing uses) disposed of from the nonpool plant which is in excess of receipts from such dairy farmers shall be assigned to the fluid milk products so transferred or diverted and classified as Class I milk: *And provided further*, That if the total skim milk and

butterfat which were transferred or diverted during the month to such nonpool plant from all plants subject to the classification and pricing provisions of this order and other orders issued pursuant to the act is more than the skim milk and butterfat available for assignment to Class I milk pursuant to the preceding proviso hereof, the skim milk and butterfat assigned to Class I milk at a pool plant shall be not less than that obtained by prorating the assignable Class I milk at the transferor plant over the receipts at such plant from all plants subject to the classification and pricing provisions of this and other orders issued pursuant to the act.

§ 929.45 *Computation of the skim milk and butterfat in each class.* For each month the market administrator shall correct for mathematical and for other obvious errors the reports of receipts and utilization for each pool plant and shall compute the pounds of butterfat and skim milk in each class at each such plant: *Provided*, That if any of the water contained in the milk from which a product is made is removed before the product is utilized or disposed of by a handler, the pounds of skim milk disposed of in such product shall be considered to be an amount equivalent to the nonfat milk solids contained in such product plus all of the water reasonably associated with such solids in the form of whole milk.

§ 929.46 *Allocation of skim milk and butterfat classified.* After making the computations pursuant to § 929.45, the market administrator shall determine the classification of producer milk received at the pool plants of each handler each month as follows:

(a) Skim milk shall be allocated in the following manner:

(1) Subtract from the total pounds of skim milk in Class II milk the pounds of skim milk assigned to producer milk pursuant to § 929.41 (b) (3);

(2) Subtract from the remaining pounds of skim milk in each class, in series beginning with Class II milk, the pounds of skim milk in other source milk received in the form of fluid milk products which were not subject to the Class I pricing provisions of an order issued pursuant to the act;

(3) Subtract from the remaining pounds of skim milk in each class, in series beginning with Class II milk, the pounds of skim milk in other source milk other than that received in the form of fluid milk products;

(4) Subtract from the remaining pounds of skim milk in Class II milk an amount equal to such remainder, or the product obtained by multiplying the pounds of skim milk in producer milk by 0.05, whichever is less;

(5) Subtract from the remaining pounds of skim milk in each class in series beginning with Class II milk, the pounds of skim milk in other source milk which were received in the form of fluid milk products which are subject to the Class I pricing provisions of another order issued pursuant to the act;

(6) Add to the pounds of skim milk remaining in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (4) of this paragraph;

(7) Subtract from the remaining pounds of skim milk in each class the skim milk in fluid milk products received from other pool plants according to the classification of such products as determined pursuant to § 929.44 (a);

(8) Subtract from the remaining pounds of skim milk in each class, in series beginning with Class II milk, the pounds of skim milk contained in inventory of fluid milk products on hand at the beginning of the month; and

(9) Add to the pounds of skim milk remaining in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph and if the remaining pounds of skim milk in both classes exceed the pounds of skim milk contained in producer milk, subtract such excess from the remaining pounds of skim milk in series beginning with Class II. Any amount of excess so subtracted shall be called "overage".

(b) Butterfat shall be allocated in accordance with the same procedure prescribed for skim milk in paragraph (a) of this section.

(c) Determine the weighted average butterfat content of producer milk remaining in each class computed pursuant to paragraphs (a) and (b) of this section.

MINIMUM PRICES

§ 929.50 *Basic formula price.* The higher of the prices computed pursuant to paragraph (a) or (b) of this section, rounded to the nearest cent, shall be the basic formula price.

(a) The average of the basic or field prices per hundredweight reported to have been paid or to be paid for milk of 3.5 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department:

Present Operator and Location

Borden Company, Mt. Pleasant, Mich.
Borden Company, New London, Wis.
Borden Company, Orfordville, Wis.
Carnation Company, Oconomowoc, Wis.
Carnation Company, Richland, Center, Wis.
Carnation Company, Sparta, Mich.
Pet Milk Company, Belleville, Wis.
Pet Milk Company, Coopersville, Mich.
Pet Milk Company, New Glarus, Wis.
Pet Milk Company, Wayland, Mich.
White House Milk Company, Manitowoc, Wis.
White House Milk Company, West Bend, Wis.

(b) The price computed pursuant to § 929.51 (b).

§ 929.51 *Class prices.* Subject to the provisions of §§ 929.52 and 929.53 the class prices per hundredweight shall be as follows:

(a) *Class I milk price.* The Class I milk price shall be the basic formula price for the preceding month, plus $1.40.

(b) *Class II milk price.* The Class II milk price shall be the price obtained by adding the amounts computed pursuant to subparagraphs (1) and (2) of this paragraph, and subtracting 80 cents therefrom.

(1) Multiply the Chicago butter price by 4.24.

(2) Multiply by 8.2 the weighted average of carlot prices per pound for spray process nonfat dry milk solids for human consumption, f. o. b. manufacturing plants in the Chicago area, as published by the Department for the period from the 26th day of the preceding month through the 25th day of the current month.

§ 929.52 *Butterfat differentials to handlers.* For milk containing more or less than 3.5 percent butterfat, the class prices for the month calculated pursuant to § 929.51 shall be increased or decreased, respectively, for each one-tenth percent butterfat at the appropriate rate, rounded to the nearest one-tenth cent, determined as follows:

(a) *Class I price.* Multiply the Chicago butter price for the preceding month by 0.120.

(b) *Class II prices.* Multiply the Chicago butter price for the current month by 0.110.

§ 929.53 *Location differentials to handlers.* For producer milk which is received at a pool plant located 100 miles or more from the Post Offices of Aberdeen, Huron, and Watertown, South Dakota, by the shortest hard surfaced highway distance as determined by the market administrator, and which is classified as Class I milk, the price specified in § 929.51 (a) shall be reduced by 15 cents for the first 110 miles or less and by 1.5 cents for each additional 10 miles or fraction thereof that such plant is from the nearest of the Post Offices of Aberdeen, Huron, and Watertown: *Provided*, That for the purpose of calculating the location differential adjustment applicable pursuant to this section, fluid milk products that are transferred in bulk form between pool plants shall be assigned to any remainder of Class II milk in the transferee plant after making the calculations prescribed in § 929.46 (a) (4) and the comparable steps in (b) for such plant, such assignment to transferor plants to be made in sequence according to the location differential applicable to each plant, beginning with the plant having the largest differential.

§ 929.54 *Use of equivalent prices.* If for any reason a price quotation required by this order for computing class prices or for other purposes is not available in the manner described, the market administrator shall use a price determined by the Secretary to be equivalent to the price which is required.

APPLICATION OF PROVISIONS

§ 929.60 *Producer-handler.* Sections 929.40 through 929.46, 929.50 through 929.52, 929.70 through 929.73 and 929.80 through 929.87 shall not apply to a producer-handler.

§ 929.61 *Plants subject to other Federal orders.* The provisions of this part shall not apply to a distributing plant or a supply plant during any month in which such plant would be subject to the classification and pricing provisions of another order issued pursuant to the act unless such plant is qualified as a pool plant pursuant to § 929.10 and a greater volume of fluid milk products is disposed of from such plant to retail or wholesale outlets and to pool plants in the Eastern South Dakota marketing area than in

the marketing area regulated pursuant to such other order: *Provided*, That the operator of a distributing plant or a supply plant which is exempt from the provisions of this order pursuant to this section shall, with respect to the total receipts and utilization or disposition of skim milk and butterfat at the plant, make reports to the market administrator at such time and in such manner as the market administrator may require (in lieu of the reports required pursuant to § 929.30) and allow verification of such reports by the market administrator.

§ 929.62 *Handlers operating nonpool plants.* Each handler in his capacity as the operator of a nonpool plant shall, on or before the 13th day after the end of each month, pay to the market administrator for deposit into the producer-settlement fund an amount obtained by multiplying the total hundredweight of butterfat and skim milk disposed of as Class I milk from such plant to retail or wholesale outlets (including sales by vendors and plant stores) in the marketing area during the month by the rate determined pursuant to § 929.63.

§ 929.63 *Rate of payment on unpriced milk.* The rate of payment per hundredweight to be made by handlers on unpriced other source milk allocated to Class I shall be any plus amount obtained by subtracting from the Class I price adjusted by the Class I butterfat and location differentials applicable at a pool plant of the same location as the nonpool plant supplying such other source milk;

(a) During the months of March through June, the Class II price adjusted by the Class II butterfat differential; and

(b) During the months of July through February, the uniform price pursuant to § 929.72 adjusted by the Class I butterfat differential.

DETERMINATION OF UNIFORM PRICE

§ 929.70 *Computation of value of milk for each handler.* The value of producer milk received during each month by each handler shall be a sum of money computed by the market administrator as follows:

(a) Multiply the pounds of milk in each class by the applicable class price and add together the resulting amounts;

(b) Add the amounts computed by multiplying the pounds of overage deducted from each class pursuant to § 929.46 (a) (9) and the corresponding step of (b) by the applicable class prices;

(c) Add the amount obtained in multiplying the difference between the Class II price for the preceding month and the Class I price for the current month by the lesser of (1) the hundredweight of producer milk classified in Class II less shrinkage during the preceding month or (2) the hundredweight of milk subtracted from Class I pursuant to § 929.46 (a) (8) and the corresponding step of (b);

(d) Add an amount calculated by multiplying the hundredweight of skim milk and butterfat subtracted from Class I milk pursuant to § 929.46 (a) (2) and (3) and the corresponding step of (b) by the rate of payment on unpriced milk determined pursuant to § 929.63 at the nearest nonpool plant(s) from which an equivalent amount of other source skim milk or butterfat was received: *Provided*, That if the source of any Class I products at a pool plant are not clearly established or if such skim milk is in the form of nonfat dry milk solids, they shall be considered to have been received from a source at the location of the pool plant where they are classified.

§ 929.71 *Computation of aggregate value used to determine uniform price.* For each month the market administrator shall compute an aggregate value from which to determine the uniform price per hundredweight for producer milk of 3.5 percent butterfat content, f. o. b. plants located within 100 miles of the post offices of Aberdeen, Huron, and Watertown, South Dakota, as follows:

(a) Combine into one total the values computed pursuant to § 929.70 for all handlers who made the reports prescribed in § 929.30 for such month, except those in default of payments required pursuant to § 929.84 for the preceding month;

(b) Add or subtract for each one-tenth percent that the average butterfat content of producer milk represented by the values included under paragraph (a) of this section is less or more, respectively, than 3.5 percent, an amount computed by multiplying such differences by the butterfat differential to producers, and multiplying the result by the hundredweight of such producer milk;

(c) Add an amount equal to the sum of the location differential deductions to be made pursuant to § 929.82; and

(d) Add an amount equal to one-half of the unobligated cash balance in the producer-settlement fund.

§ 929.72 *Computation of uniform price.* For each of the months of July through February, the market administrator shall compute a uniform price for producer milk of 3.5 percent butterfat content f. o. b. pool plants located within 100 miles of the post offices of Aberdeen, Huron, and Watertown, South Dakota, as follows:

(a) Divide the aggregate value computed pursuant to § 929.71 by the total hundredweight of producer milk included in such computations; and

(b) Subtract not less than 4 cents nor more than 5 cents from the price computed pursuant to paragraph (a) of this section. The resulting figure shall be the uniform price for producer milk.

§ 929.73 *Computation of uniform price for base milk and excess milk.* For each of the months of March through June, the market administrator shall compute the uniform prices per hundredweight for base milk and for excess milk, each of 3.5 percent butterfat content, f. o. b. pool plants located within 100 miles of the post offices of Aberdeen, Huron, and Watertown, South Dakota, as follows:

(a) From the reports submitted by handlers pursuant to § 929.30 determine the aggregate classification of producer milk included in the computation of value pursuant to § 929.71 and the total hundredweight of such milk that is base milk and that is excess milk;

(b) Determine the value of such excess milk on a 3.5 percent butterfat basis by multiplying the total hundredweight of such milk that is not greater than the total Class II milk pursuant to paragraph (a) of this section by the Class II milk price and by adding thereto the value obtained by multiplying the hundredweight of such excess milk that is greater than the quantity of such Class II milk by the Class I milk price;

(c) Divide the value of excess milk obtained in paragraph (b) of this section by the total hundredweight of such milk, and subtract not less than 4 nor more than 5 cents from the price thus computed. The resulting figure shall be the uniform price for excess milk;

(d) Subtract the value of excess milk obtained in paragraph (b) of this section from the aggregate value of all milk obtained in § 929.71; and

(e) Divide the amount obtained in paragraph (d) of this section by the total hundredweight of base milk obtained in paragraph (a) of this section, and subtract not less than 4 cents nor more than 5 cents from the price thus computed. The resulting figure shall be the uniform price for base milk.

§ 929.74 *Notification of handlers.* On or before the 10th day of each month the market administrator shall notify each handler with respect to his pool plants:

(a) The amount and value of milk in each class computed pursuant to §§ 929.46 and 929.70 and the totals of such amounts and values;

(b) The uniform price computed pursuant to § 929.72 or § 929.73, whichever is applicable;

(c) The amount due such handler from the producer-settlement fund;

(d) The total amounts to be paid by such handler pursuant to §§ 929.80 and 929.84; and

(e) The amount to be paid by such handler pursuant to § 929.87.

PAYMENT FOR MILK

§ 929.80 *Time and method of payment for producer milk.* (a) Each handler shall pay each producer for producer milk for which payment is not made to a cooperative association pursuant to paragraph (b) of this section, as follows:

(1) On or before the last day of each month, for producer milk received during the first 15 days of the month, at not less than the Class II price for the preceding month; and

(2) On or before the 15th day after the end of each month, for milk received during such month, an amount computed at not less than the uniform prices per hundredweight pursuant to §§ 929.72 and 929.73 subject to the butterfat differential computed pursuant to § 929.81 plus or minus adjustments for errors made in previous payments to such producer; and less (i) payment made pursuant to paragraph (1) hereof, (ii) location differential deductions pursuant to § 929.82, and (iii) proper deductions authorized by such producer.

(b) Each handler shall make payment to a cooperative association for producer milk which it caused to be delivered to such handler, if such cooperative association is authorized to collect such payments for its members and exercises such authority, an amount equal to the sum of the individual payments otherwise payable for such producer milk, as follows:

(1) On or before the 26th day of each month for producer milk received during the first 15 days of the month; and

(2) On or before the 13th day after the end of each month for milk received during such month.

(c) In making the payments for producer milk pursuant to this section, each handler shall furnish each producer or cooperative association from whom he has received milk with a supporting statement in such form that it may be retained by the recipient, that shall show:

(1) The month and identity of the handler and of the producer;

(2) The daily and total pounds and the average butterfat content of milk received from each producer, including for the months of March through June, the pounds of base milk and excess milk;

(3) The minimum rate or rates at which payment to the producer is required pursuant to the order;

(4) The rate that is used in making the payment, if such rate is other than the applicable minimum rate;

(5) The amount or the rate per hundredweight and nature of each deduction claimed by the handler; and

(6) The net amount of payment to such producer or cooperative association.

§ 929.81 *Butterfat differentials to producers.* The uniform prices for producer milk shall be increased or decreased for each one-tenth of one percent that the butterfat content of such milk is above or below 3.5 perecnt, respectively, at the rate determined by multiplying the total pounds of butterfat in the producer milk allocated to Class I and Class II milk during the month pursuant to § 929.46 by the respective butterfat differential for each class, dividing the sum of such values by the total pounds of such butterfat, and rounding the resultant figure to the nearest one-tenth of a cent.

§ 929.82 *Location differentials to producers.* The uniform price pursuant to § 929.72 and the uniform price for base milk pursuant to § 929.73 for producer milk received at a pool plant located 100 miles or more from the Post Offices of Aberdeen, Huron and Watertown, South Dakota, by the shortest hard-surfaced highway distance as determined by the market administrator, shall be reduced by 15 cents for the first 110 miles or les and by 1.5 cents for each additional 10 miles or fraction thereof that such plant is from the nearest of the Post Offices of Aberdeen, Huron and Watertown, South Dakota.

§ 929.83 *Producer-settlement fund.* The market administrator shall maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made to such fund and out of which he shall make all payments from such fund pursuant to §§ 929.62, 929.84, 929.85, and 929.86: *Provided*, That the market administrator shall offset the payment due to a handler against payments due from such handler.

§ 929.84 *Payments to the producer-settlement fund.* On or before the 12th day after the end of each month each handler shall pay to the market administrator the amount by which the obligation pursuant to § 929.80 of such handler to producers for milk received at a pool plant during the month is less than the value of such producer milk pursuant to § 929.70: *Provided*, That to this amount shall be added one-half of 1 percent of any amount due the market administrator pursuant to this section for each month or any portion thereof that such payment is overdue.

§ 929.85 *Payments out of the producer-settlement fund.* On or before the 13th day after the end of each month the market administrator shall pay to each handler the amount by which the obligation pursuant to § 929.80, of such handler for producer milk received during the month exceeds the value of such producer milk pursuant to § 929.70: *Provided*, That if the balance in the producer-settlement fund is insufficient to make all payments pursuant to this section the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. A handler who has not received the balance of such payments from the market administrator shall not be considered in violation of § 929.80 if he reduces his payments to producers by not more than the amount of the reduction in payment from the producer-settlement fund.

§ 929.86 *Adjustment of accounts.* Whenever verification by the market administrator of reports of payments of any handler discloses errors made in payments to or from the producer-settlement fund, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 15 days of such billing make payments to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler, the market administrator shall, within 15 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer or to a cooperative association discloses payment of less than is required by § 929.80, the handler shall make up such payment to the producer or cooperative association not later than the time of making payment next following such disclosure.

§ 929.87 *Expense of administration.* As his pro rata share of the expense of the administration of the order, each handler shall pay to the market administrator on or before the 15th day after the end of each month 5 cents per hundredweight or such lesser amount as the Secretary may prescribe with respect to butterfat and skim-milk contained in (a) producer milk, (b) other source milk at a pool plant which is allocated to Class I milk pursuant to § 929.46, and (c) Class I milk disposed of in the marketing area (except to a pool plant) from a nonpool plant not subject to the classification and pricing provisions of another order issued pursuant to the act.

§ 929.88 *Termination of obligations.* The provisions of this section shall apply to any obligation under this part for the payment of money.

(a) The obligation of any handler to pay money required to be paid under the terms of this part shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain, but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more produeers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market administrator or his representatives all books and records required by this part to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or wilful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or set-off by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler within the applicable

period of time, files pursuant to section 8c (15) (A) of the act, a petition claiming such money.

DETERMINATION OF BASE

§ 929.90 *Daily base.* The daily base for each producer shall be determined by the market administrator and shall be the amount obtained by dividing the total pounds of producer milk received from such producer at all pool plants during the months of September through November immediately preceding by the number of days on which such milk is received from such producer: *Provided*, That for the purpose of calculating the daily base of a producer pursuant to this section, the number of days included in his producer milk deliveries shall be the number of days of production of producer milk and the deliveries of any dairy farmer during the preceding September through November to a nonpool plant that is a pool plant in any of the months of March through June shall be considered producer milk received at a pool plant: *Provided further*, That if no milk is received from a producer at a pool plant during the months of September through November or if milk is received on less than 60 days during such months, the daily base of such producer shall be calculated for each of the months of March through June by dividing the pounds of producer milk received from such producer during the month by the number of days in such month and multiplying the quotient by 50 percent for the months of March and April and by 40 percent for May and June: *And provided further*, That any producer for whom a daily base has been established pursuant to this section based on deliveries of 60 or more days during the preceding months of September through November may, in lieu thereof, by notifying the market administrator prior to March 31, be accorded a daily base calculated pursuant to the immediately preceding proviso of this section.

§ 929.91 *Base rules.* The following rules shall apply in connection with the establishment of bases:

(a) A base shall apply to deliveries of milk by the producer for whose account that milk was delivered during the months of September through November.

(b) An entire base shall be transferred from a person holding such base to any other person effective as of the first day of any month following receipt by the market administrator of an application for such transfer. Such application shall be on a form approved by the market administrator and shall be signed by the baseholder and by the person to whom such base is to be transferred: *Provided*, That if a base is held jointly, the entire base shall be transferable only upon receipt of such application signed by all joint holders.

§ 929.92 *Announcement of established bases.* On or before February 15 of each year the market administrator shall notify each producer and the handler receiving milk from such producer of the daily base established by such producer.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

§ 929.100 *Effective time.* The provisions of this part, or any amendments to this part, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated.

§ 929.101 *Suspension or termination.* The Secretary shall suspend or terminate any or all of the provisions of this part, whenever he finds that it obstructs or does not tend to effectuate the declared policy of the act. This part shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

§ 929.102 *Continuing power and duty of the market administrator.* (a) If, upon the suspension or termination of any or all of the provisions of this part, there are any obligations arising hereunder, the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(b) The market administrator or such other person as the Secretary may designate shall (1) continue in such capacity until discharged by the Secretary; (2) from time to time account for all receipts and disbursements and deliver all funds or property on hand together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct; and (3) if so directed by the Secretary execute such assignment or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

§ 929.103 *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions of this part the market administrator, or such person as the Secretary may designate shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions of this part, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 929.110 *Separability of provisions.* If any provision of this part, or its application to any person or circumstances, is held invalid, the application of such provision, and of the remaining provisions of this part, to other persons or circumstances shall not be affected thereby.

§ 929.111 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions of this part.

Issued at Washington, D. C., this 25th day of July 1958.

[SEAL] F. R. BURKE,
Acting Deputy Administrator.

[F. R. Doc. 58-5845; Filed, July 30, 1958; 8:49 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 12336; FCC 58-714]

TELEVISION BROADCAST STATIONS; WALKER-BRAINERD, MINN.

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, Television Broadcast Stations (Walker-Brainerd, Minnesota).

1. The Commission has under consideration the proposal set forth in its Notice of Proposed Rule Making (FCC 58-183) released on February 28, 1958, and published in the FEDERAL REGISTER on March 5, 1958 (23 F. R. 1574) to shift Channel 12— from Brainerd to Walker, Minnesota, in response to a petition filed by Central Minnesota Television Company, permittee of television Station KCMT, Alexandria, Minnesota, and applicant for a new television station at Bemidji, Minnesota.

2. Comments were filed by Central Minnesota Television Company; Mr. Levi Johnson, Mayor of Brainerd, Minnesota; Mr. Verner F. Anderson, Secretary-Manager of Brainerd Chamber of Commerce; and Brainerd Broadcasting Company, licensee of radio Station KLIZ, Brainerd, Minnesota. A number of letters were submitted from individuals and civic organizations in central and northcentral Minnesota, urging the adoption of the Central Minnesota proposal.

3. Central Minnesota submits that Walker is the largest community in the center of an area of central Minnesota which has no immediate prospect of receiving television service and that a Channel 12 station at Walker, operating with power of 150 kw and an antenna height of 900 feet above average terrain would provide Grade B service to approximately 135,850 people and would provide Grade B or better service to cities such as Brainerd, Aitkin, Grand Rapids, and Bemidji, Minnesota. Petitioner states that in order to maintain the required 190 mile separation from the transmitter site specified in the pending application of Two-States Television Company, Inc. (BPCT-2433),[1] for a Channel 12 station

[1] This application was granted by the Commission on June 11, 1958.

at Mankato, Minnesota, a Channel 12 station at Brainerd would have to be located at least 24 miles north of Brainerd and that the use of Channel 9 at Bemidji would require a transmitter site some three miles north of Bemidji. Central Minnesota urges that the public interest would be better served by the operation of a VHF station further north of Brainerd than the area presently available for a Channel 12 Brainerd operation and further south of the area where Channel 9 at Bemidji must be used; that since Channel 9 cannot be moved to the south and meet separation requirements, Channel 12 should be moved from Brainerd to Walker in order to make more effective use of available television frequencies and to provide a larger number of people with a first television service. If Channel 12 is assigned to Walker, Central Minnesota states that it will amend its application for a new station at Bemidji[1] to specify Channel 12 at Walker.

4. Central Minnesota further submits that it is investigating the possibility of locating the proposed transmitter site south of Walker in the direction of Brainerd so as to provide Brainerd with a Grade A signal and that it may be economically feasible to utilize greater height and power than was used in computing the predicted coverage; that it would not be feasible to construct a station on Channel 9 at Bemidji in view of the sparsely populated nature of the area north of Bemidji as compared to the area south of that community; and that since the Commission's mileage separation requirements would necessitate the seleection of a site at least 24 miles north of Brainerd on Channel 12, it would appear logical to assign the Channel to Walker. Central Minnesota urges that a station at Walker would serve an important industrial, educational, and recreational area containing such communities as Brainerd with a population of 12,637, Bemidji with a population of 10,001, and Walker, the county seat of Cass County.

5. Mayor Johnson, Mr. Anderson, and Brainerd Broadcasting urge that the channel should remain in Brainerd, on the grounds that to shift the channel to Walker would deprive the city of Class A service; that it is an important and fast growing community, and that an application for a station in Brainerd will be filed in the near future.[2] In its reply comments, Central Minnesota contends that Grade A service will be provided the city of Brainerd if a site only 14 miles south of Walker is found, using their proposed power and antenna height; that the opponents of the proposal based their opposition on a misunderstanding of the proposal; that more persons would receive a first service from the proposed station than from a station in Brainerd; and that the Brainerd Broadcasting Company has not made good on its representations to file an application for Channel 12.

6. We have carefully examined the contentions of the parties and have concluded that the public interest would be best served by the retention of Channel 12 at Brainerd. Brainerd is a city of 12,637 persons and has been assigned Channel 12. Petitioner is anxious to construct a new television station in this general area and proposes that Channel 12 be shifted to the community of Walker, which has a population of only 1,160, in order to obtain the largest possible coverage within the Grade B contour, a large portion of which would be a first service, and in order to serve the city of Bemidji, as well as Brainerd. In order to conform with the requirements of the rules, Channel 12 would have to be located approximately 24 miles north of Brainerd. Petitioner submits that it is willing to choose a site as much as 14 miles south of Walker in order to provide Brainerd with a Grade A signal based upon assumed facilities of 150 kw and an antenna height of 900 feet. It concedes that the only impact of the shift in channel as it affects Brainerd is that there will no longer be the need to provide Brainerd with the required city-grade signal of 77 dbu. While the Commission would like to make possible the inauguration of a new television service in this area, we do not believe that we would be justified in shifting the channel from the much larger city of Brainerd to the small community of Walker. In reaching this conclusion, we are not unmindful of the contentions advanced by the proponent concerning the greater population to be served and the larger area which would receive a first service. A station designed to serve Brainerd could, if a satisfactory site were chosen, serve substantially the same area with a first service as would a station designed to serve Walker. With the facilities proposed by Central Minnesota, a station on Channel 12 could be located 24 miles from Walker (and 30 miles from Brainerd), place the required city-grade signal over Brainerd, and also provide Bemidji with Grade B signals. Bemidji has been assigned Channel 9, but no applications have as yet been filed for this assignment. In the event a station is eventually constructed at Bemidji on Chanpel 9, it would serve almost all of the area which would be served by a Walker station and unserved by a Brainerd station on the same channel. Further, we do not believe that the retention of Channel 12 at Brainerd presents a serious impediment to any party interested in serving this general area.

7. In view of the foregoing, we are convinced that the adoption of the proposal of Central Minnesota would not serve the public interest, convenience, and necessity, and conclude that Channel 12 should remain in Brainerd.

8. Accordingly: *It is ordered*, That the petition of Central Minnesota Television Company is denied, and this proceeding is terminated.

Adopted: July 23, 1958.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5863; Filed, July 30, 1958; 8:52 a. m.]

[1] This application (BPCT-2376) is for Channel 13. On September 19, 1957, the Commission adopted a Report and Order in Docket No. 12114 (FCC 57-1026) substituting Channel 9 for Channel 13 at Bemidji and shifting Channel 13 to Hibbing, Minnesota.

[2] As of this date, no such application has been filed.

NOTICES

DEPARTMENT OF THE TREASURY

Bureau of the Mint

[Delegation Order No. 1, Rev. 1]

OFFICERS OF THE BUREAU OF THE MINT

DELEGATION OF AUTHORITY TO MEET EMERGENT CONDITIONS

1. By virtue of the authority vested in me by Treasury Department Order No. 129 (Revision No. 2), there is hereby delegated to the Superintendents of the United States Mints at Philadelphia, Pennsylvania, Denver, Colorado, and the United States Assay Office at New York, New York, and to the Officer in Charge of the United States Mint, San Francisco, California, upon the proclamation by the President of the existence of a state of civil defense emergency or in the event of an enemy attack upon any point within the continental limits of the United States, so much of the authority vested in the Director of the Mint by delegation from the Secretary of the Treasury as relates to the functions performed by the respective officers within their functional and geographical areas of jurisdiction. The purpose of this delegation is to provide a temporary expedient to meet emergent conditions. The respective officers will be notified when they are to cease to exercise the authority herein delegated.

2. The following officers of the Bureau of the Mint, in the order of succession enumerated, upon the proclamation by the President of the existence of a state of civil defense emergency or in the event of an enemy attack upon any point within the continental limits of the United States, shall, if I am absent or disabled, or if there is a vacancy in the office, act as Director of the Mint.

Assistant Director;
Chief Accountant;
Assistant Chief Accountant;
Internal Auditor;
Technical Consultant;
Officer in Charge, United States Bullion Depository, Fort Knox, Kentucky.

3. The following officer of the Bureau of the Mint, in the order of succession enumerated, shall act as Director of the

Mint, during my absence or disability, or when there is a vacancy in the office.

Assistant Director.

Dated: July 28, 1958.

[SEAL] WM. H. BRETT,
Director of the Mint.

[F. R. Doc. 58-5884; Filed, July 30, 1958; 8:55 a. m.]

[Delegation Order No. 2]

OFFICER IN CHARGE, UNITED STATES MINT, SAN FRANCISCO, CALIF.

DELEGATION OF FUNCTIONS

All of the duties and functions of the Superintendent and of the Assayer of the United States Mint in San Francisco, California, vested in me by the Secretary of the Treasury by Treasury Order No. 179-2 of June 19, 1958 are hereby delegated to the Officer in Charge, United States Mint, San Francisco, California.

This order shall be effective on August 1, 1958.

Dated: July 24, 1958.

[SEAL] WM. H. BRETT,
Director of the Mint.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

IDAHO

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JULY 25, 1958.

The Department of Agriculture has filed an application, Serial No. Idaho 05278, for the withdrawal of the lands described below, from all forms of appropriation under the General Mining Laws, subject to valid existing claims. The applicant desires the land for administrative sites, public service sites, recreation areas and roadside zones.

For a period of thirty days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, P. O. Box 2237, Boise, Idaho.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

BOISE MERIDIAN, IDAHO

North Fork Payette River (Idaho No. 15) Highway Roadside Zone

A strip of land 200 feet on each side of the center line of Idaho Highway No. 15, through the following legal subdivisions:

T. 9 N., R. 3 E.,
Sec. 4, Lots 1, 2, 3;
Sec. 8, E½NE¼;
Sec. 9, Lots 1, 2, 3, 4;
Sec. 16, Lots 1, 2, 3, 4, 8, 9;
Sec. 21, Lots 5, 6;
Sec. 28, Lots 5, 6, 7, 10;
Sec. 32, Lot 8.
T. 10 N., R. 3 E.,
Sec. 4, Lots 6, 9, 15, SE¼NE¼SW¼;
Sec. 9, Lots 2, 3, 6, 7;
Sec. 16, Lots 2, 3, 6;
Sec. 20, Lots 1, 2;
Sec. 21, Lot 6;
Sec. 29, Lot 2;
Sec. 32, Lots 2, 3, 5;
Sec. 33, Lot 2.
Total area 593 acres, more or less.

Idaho City (Idaho No. 21) Highway Roadside Zone

A strip of land 200 feet on each side of the center line of Idaho Highway No. 21 through the following legal subdivisions:

T. 4 N., R. 4 E.,
Sec. 2, SE¼NW¼;
Sec. 15, SW¼NE¼;
Sec. 21, SE¼SE¼;
Sec. 28, N½NE¼NE¼.
T. 5 N., R. 4 E.,
Sec. 35, SE¼NW¼.

Sec. 31, SE¼SE¼;
Sec. 32, NE¼NE¼, W½NE¼, SW¼SW¼, E½SW¼.
T. 10 N., R. 11 E. Unsurveyed,
Sec. 33, N½N½;
Sec. 34, SW¼NW¼.
Total area 1,525 acres, more or less.

Elk Creek (No. 50) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 50 through following legal subdivisions:

T. 7 N., R. 6 E.,
Sec. 19, SE¼SE¼;
Sec. 20, Unpatented portions of Lots 1, 5, 8, NE¼NE¼;
Sec. 21, NW¼NW¼;
Sec. 30, Lots 2, 3, 4, NE¼NE¼, W½NE¼, SE¼NW¼;
Sec. 31, Lots 1, 2.
Total area 81 acres, more or less.

Pikes Fork (No. 75) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 75 through the following legal subdivisions:

T. 7 N., R. 8 E.,
Sec. 6, Lots 2, 3, 5.
T. 8 N., R. 8 E.,
Sec. 12, SE¼NE¼, SE¼SW¼, N½SE¼;
Sec. 13, NE¼NW¼, S½NW¼, NW¼SW¼;
Sec. 14, SE¼SE¼;
Sec. 23, NE¼NE¼, W½NE¼, E½SW¼;
Sec. 26, NW¼NW¼;
Sec. 27, S½NE¼, N½SW¼;
Sec. 28, SE¼SW¼, NE¼SE¼, SW¼SE¼;
Sec. 31, SE¼SE¼;
Sec. 32, S½NE¼, N½SW¼;
Sec. 33, N½NW¼.

T. 6 N., R. 9 E.,
Sec. 5, S½SE¼;
Sec. 6, SE¼SW¼;
Sec. 7, Lot 2, NE¼NW¼;
Sec. 8, N½NW¼;
Sec. 9, SW¼NE¼, N½NW¼, NE¼SE¼;
Sec. 10, SW¼SW¼;
Sec. 13, S½NW¼, W½SE¼;
Sec. 14, S½NW¼;

Sec. 24, W½NE¼, E½SE¼;
Sec. 25, E½NE¼, E½SE¼;
Sec. 36, E½NE¼.
T. 7 N., R. 10 E.,
Sec. 3, Lot 4;
Sec. 4, SE¼NE¼, W½SE¼;
Sec. 9, W½NE¼, E½SE¼;
Sec. 16, W½NE¼, NW¼SE¼.
T. 8 N., R. 10 E.,
Sec. 27, SW¼SW¼;
Sec. 28, N½SW¼, N½SE¼;
Sec. 29, SE¼SE¼;
Sec. 31, Lot 2, NE¼SW¼, N½SE¼;
Sec. 32, NW¼NE¼, SE¼NW¼, N½SW¼;
Sec. 34, E½NW¼, W½SW¼.
Total area 497 acres, more or less.

Beaver Creek-Swanholm (No. 76) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 76 through the following legal subdivisions:

T. 7 N., R. 7 E.,
Sec. 1, N½SE¼;
Sec. 2, NE¼SE¼.
T. 6 N., R. 8 E.,
Sec. 3, Lots 1, 2, 3.
T. 7 N., R. 8 E.,
Sec. 6, Lot 5, NE¼SW¼, S½SE¼;
Sec. 8, S½NE¼, N½NW¼;
Sec. 9, SW¼NW¼, N½SW¼, SW¼SE¼;
Sec. 14, SW¼SW¼;
Sec. 15, SW¼NW¼, N½SW¼, W½SE¼;
Sec. 22, SE¼NE¼, W½SE¼;
Sec. 23, W½NW¼;
Sec. 27, W½NE¼, E½SW¼;
Sec. 34, E½NW¼, E½SW¼;
Sec. 35, S½SW¼, S½SE¼.
T. 6 N., R. 9 E.,
Sec. 3, Lot 4, SE¼NW¼, E½SW¼;
Sec. 10, SW¼NE¼, NE¼NW¼, W½SE¼;
Sec. 14, W½SW¼;
Sec. 15, E½NE¼;
Sec. 23, W½NW¼, E½SW¼;
Sec. 26, SE¼NW¼, NE¼NW¼, NE¼SW¼.
T. 7 N., R. 9 E.,
Sec. 28, SE¼SW¼, SW¼SE¼;
Sec. 29, S½SW¼, N½SE¼;
Sec. 30, SE¼SE¼;
Sec. 31, Lot 2, N½NE¼, SE¼NW¼;
Sec. 33, N½NE¼, SE¼NE¼;
Sec. 34, SW¼NW¼, W½SW¼.
Total area 902 acres, more or less.

Smith Prairie-Fall Creek (No. 77) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 77 through the following legal subdivisions:

T. 2 N., R. 8 E.,
Sec. 25, NE¼NE¼, W½NE¼, S½NW¼;
Sec. 26, S½NE¼, S½NW¼, W½SE¼.
T. 2 N., R. 9 E.,
Sec. 19, Lot 4.
Total area 90 acres, more or less.

South Fork Salmon River (No. 88-A) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 88-A through the following legal subdivisions:

T. 16 N., R. 6 E.,
Sec. 1, W½SW¼;
Sec. 11, SE¼NE¼, E½SE¼;
Sec. 12, W½NW¼;
Sec. 14, E½NE¼, E½SE¼;
Sec. 23, SW¼NE¼, E½NE¼, W½SE¼;
Sec. 26, E½NW¼, E½SW¼;
Sec. 35, Lots 1, 2, W½NE¼, NW¼SE¼.
Total area 218 acres, more or less.

Slide Gulch (No. 91-A) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 91-A through the following legal subdivisions:

T. 3 N., R. 6 E.,
Sec. 2, Lot 3, SE¼NW¼, SW¼SW¼, E½SW¼;

Sec. 32, N½NE¼, N½NW¼;
Sec. 34, N½NE¼, N½NW¼.
T. 1 S., R. 7 E.,
Sec. 12, Lot 1, W½NE¼, NW¼SE¼.
T. 1 N., R. 8 E.,
Sec. 19, Lots 3, 5;
Sec. 30, Lots 5, 6, 11;
Sec. 31, Lots 1, 7, 10, SE¼NE¼.
T. 1 S., R. 8 E.,
Sec. 1, Lots 3, 4, 5, 6;
Sec. 5, Lot 1;
Sec. 6, Lots 1, 4, 5;
Sec. 8, Lot 1;
Sec. 11, Lots 1, 2, 3, 7, 8;
Sec. 12, Lot 3;
Sec. 14, Lot 2;
Sec. 15, Lots 1, 2, 3, 4, 5;
Sec. 21, SE¼SW¼, S½SE¼;
Sec. 22, S½S½;
Sec. 23, SW¼SW¼.
Total area 441 acres, more or less.

Old Long Valley (No. 139) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 139 through the following subdivisions:

T. 9 N., R. 2 E.,
Sec. 1, Lot 2, SW¼NE¼, SE¼SW¼, W½SE¼;
Sec. 12, NE¼NW¼;
Sec. 13, E½SW¼.
T. 10 N., R. 2 E.,
Sec. 16, N½NE¼, SE¼NW¼, W½SW¼;
Sec. 20, unpatented portions of SW¼NE¼ and NE¼SW¼;
Sec. 25, Lot 4, SW¼NW¼, W½SW¼;
Sec. 36, N½SW¼, SE¼SW¼.
T. 9 N., R. 3 E.,
Sec. 31, Lot 4.
T. 11 N., R. 3 E.,
Sec. 5, Lot 1, W½SE¼;
Sec. 8, W½NE¼, NE¼SE¼, E½W½SE¼;
Sec. 17, W½NE¼, NE¼SW¼;
Sec. 30, Unpatented portion of NE¼NE¼.
T. 12 N., R. 3 E.,
Sec. 2, NE¼SW¼, E½SE¼;
Sec. 11, SE¼SE¼;
Sec. 14, N½NE¼, W½SE¼;
Sec. 32, E½SE¼.
Total area 211 acres, more or less.

Middle Fork Payette River (No. 145) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 145 through the following legal subdivisions:

T. 10 N., R. 4 E.,
Sec. 12, NE¼SE¼, S½SW¼SE¼.
T. 10 N., R. 5 E.,
Sec. 6, Lots 6, 7, S½NE¼, SE¼NW.
T. 11 N., R. 5 E.,
Sec. 2, Lots 1, 2, SW¼NE¼, W½SE¼;
Sec. 10, E½NE¼, SW¼NE¼, NE¼SW¼, S½SW¼;
Sec. 11, N½NW¼;
Sec. 15, NW¼NW¼;
Sec. 21, S½SW¼NW¼, W½SW¼;
Sec. 28, W½NW¼;
Sec. 29, W½SE¼, SE¼SW¼;
Sec. 31, S½SE¼SE¼;
Sec. 32, E½NW¼, N½SW¼.
T. 12 N., R. 5 E.,
Sec. 25, SE¼SE¼.
T. 12 N., R. 6 E.,
Sec. 4, SW¼NW¼, W½SW¼;
Sec. 8, E½NE¼, E½SE¼;
Sec. 17, E½NE¼, E½SW¼;
Sec. 19, N½NE¼;
Sec. 20, NW¼NW¼;
Secs. 30, Lots 3, 4, NE¼NE¼, NW¼NE¼, SW¼NE¼, SE¼NW¼, NE¼SW¼.
T. 13 N., R. 6 E.,
Sec. 2, Lots 3, 6, SE¼NW¼, N½SW¼;
Sec. 3, N½SE¼, SW¼SE¼;
Sec. 9, E½SE¼;
Sec. 10, SW¼NW¼, E½NW¼;
Sec. 16, W½NE¼, NW¼SE¼.
T. 14 N., R. 6 E.,
Sec. 12, NW¼NW¼, E½NW¼, W½SW¼, S½SE¼;
Sec. 13, W½NW¼, W½SW¼;
Sec. 23, SW¼SE¼;
Sec. 26, NW¼NE¼, E½SW¼;
Sec. 34, S½SE¼;
Sec. 35, W½NW¼.
T. 15 N., R. 6 E.,
Sec. 24, N½SW¼, SE¼SW¼, SW¼SE¼;
Sec. 25, NW¼NE¼, SE¼NW¼, E½SW¼;
Sec. 36, W½NW¼, NW¼SW¼.
Total area 1,097 acres, more or less.

Clear Creek-Stanley (No. 146) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road 146 through the following legal subdivisions:

T. 9 N., R. 7 E.,
Sec. 12, NE¼SW¼, W½SW¼, E½NW¼;
Sec. 13, N½SW¼NW¼, NW¼NW¼, SW¼SW¼NW¼;
Sec. 14, NE¼SE¼, W½SE¼;
Sec. 23, NE¼NW¼, S½NW¼, W½SW¼;
Sec. 27, E½NE¼, unpatented portion of SW¼NE¼.
T. 10 N., R. 7 E.,
Sec. 25, SE¼SW¼, N½SE¼;
Sec. 36, E½NW¼, NE¼SW¼, S½SW¼.
T. 10 N., R. 8 E.,
Sec. 3, Lot 4, SW¼NW¼;
Sec. 4, S½NE¼, W½SE¼;
Sec. 9, NE¼, S½NW¼, W½SW¼, N½SE¼;
Sec. 16, NW¼NW¼;
Sec. 17, S½NE¼, E½SW¼;
Sec. 19, SW¼SW¼, NE¼SW¼;
Sec. 20, NE¼NW¼, S½NW¼;
Sec. 30, Lots 1, 2, 3.
T. 11 N., R. 8 E.,
Sec. 2, Lot 4, SW¼NW¼, W½SW¼;
Sec. 10, E½NE¼, E½SE¼;
Sec. 11, NW¼NW¼;
Sec. 15, E½NE¼, E½SE¼;
Sec. 22, E½NE¼, E½SE¼;
Sec. 27, E½NE¼, NE¼SE¼, S½SE¼;
Sec. 34, SE¼NW¼, E½SW¼.
T. 12 N., R. 8 E.,
Sec. 35, S½NE¼, S½SW¼;
Sec. 36, N½NE¼, S½NW¼.
T. 12 N., R. 9 E.,
Sec. 3, SW¼NE¼, W½SE¼;
Sec. 9, S½SE¼;
Sec. 10, NE¼NW¼, S½NW¼, NW¼SW¼;
Sec. 16, E½NW¼, N½SW¼;
Sec. 20, NE¼NE¼, SW¼NE¼, E½SW¼;
Sec. 29, W½NW¼;
Sec. 30, Lot 4, S½NE¼, SE¼SW¼.
T. 13 N., R. 9 E.,
Sec. 34, S½SE¼;
Sec. 35, S½SW¼, SW¼SE¼;
Sec. 36, S½NE¼, N½SW¼.

T. 12 N., R. 10 E.,
Sec. 5, E½SW¼, W½NE¼;
Sec. 8, SE¼NW¼, NE¼NW¼, W½SE¼;
Sec. 17, NW¼NE¼, NE¼SE¼;
Sec. 21, S½NW¼.
T. 13 N., R. 10 E.,
Sec. 31, S½NE¼, S½NW¼;
Sec. 32, W½SE¼, SE¼NW¼.
Total area 1,624 acres, more or less.

Knox-Yellow Pine (No. 148) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 148 through the following legal subdivisions:

T. 15 N., R. 6 E.,
Sec. 1, Lot 5.
T. 15 N., R. 7 E.,
Sec. 1, SE¼SE¼;
Sec. 11, S½NE¼, NW¼SW¼;
Sec. 12, NW¼NE¼, W½NE¼NE¼, S½NW¼;
Sec. 10, S½S½;
Sec. 17, N½NE¼, N½NW¼.
T. 16 N., R. 7 E.,
Sec. 1, Lot 1, SE¼NE¼, W½SE¼;
Sec. 12, E½NW¼;
Sec. 13, W½NW¼, W½SW¼;
Sec. 23, SE¼NE¼, NE¼SE¼;
Sec. 24, SW¼NW¼, N½SW¼;
Sec. 25, W½NE¼, E½SE¼;
Sec. 36, NE¼NE¼.
T. 17 N., R. 7 E.,
Sec. 36, SE¼NE¼, E½SE¼.
T. 15 N., R. 8 E.,
Sec. 6, Lots 4, 5.
T. 16 N., R. 8 E.,
Sec. 31, Lots 1, 3, 4.
T. 17 N., R. 8 E.,
Sec. 5, Lot 2, SW¼NE¼, W½SE¼;
Sec. 8, E½NW¼, E½SW¼;
Sec. 17, W½NW¼, W½SW¼;
Sec. 20, NW¼, W½SW¼;
Sec. 30, Lots 2, 3, 4, N½NE¼, E½NW¼;
Sec. 31, Lot 1.
T. 18 N., R. 8 E.,
Sec. 4, Lot 2, SW¼NE¼;
Sec. 9, W½SE¼;
Sec. 20, SW¼NE¼, E½NE¼, W½SE¼;
Sec. 29, E½SW¼;
Sec. 32, SE¼NW¼, E½SW¼.
T. 19, N., R. 8 E.,
Sec. 21, SE¼SE¼;
Sec. 27, NW¼NE¼, N½NW¼;
Sec. 28, NE¼NE¼, S½NW¼NW¼, SW¼NW¼, SW¼SW¼;
Sec. 33, N½SW¼, N½SW¼SE¼.
Total area 1,088 acres, more or less.

Bear Valley-Pen Basin (No. 149) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 149, through the following legal subdivisions:

T. 12 N., R. 7 E.,
Sec. 1, Lots 1, 3, 4, S½NE¼.
T. 13 N., R. 7 E.,
Sec. 1, Lot 4, SW¼NW¼, W½SW¼;
Sec. 11, Unpatented portion of E½SE¼, SW¼NE¼;
Sec. 14, E½NE¼, E½SE¼;
Sec. 23, W½NE¼, SW¼SE¼;
Sec. 26, W½SW¼;
Sec. 34, W½NE¼;
Sec. 35, SW¼SW¼, S½SE¼;
Sec. 36, SW¼SW¼.
T. 14 N., R. 7 E.,
Sec. 12, SE¼NE¼, N½SE¼, SW¼SE¼;
Sec. 13, W½NE¼, N½SW¼, SW¼SW¼;
Sec. 23, NE¼NE¼, SW¼NE¼, W½SE¼;
Sec. 26, E½NW¼, E½SW¼;
Sec. 35, W½NW¼, E½SW¼.
T. 15 N., R. 7 E.,
Sec. 12, E½NE¼, E½SE¼;
Sec. 13, E½NE¼.
T. 12 N., R. 8 E.,
Sec. 3, Lot 4, SW¼NW¼;
Sec. 5, Lots 1, 2, 3, 4;
Sec. 9, E½NE¼, E½SE¼;
Sec. 16, E½NE¼, E½SE¼;
Sec. 21, E½NE¼, NE¼SE¼, SE¼SE¼;
Sec. 27, W½NW¼, W½SW¼;
Sec. 34, N½NW¼, N½SE¼;
Sec. 35, SW¼SW¼.
T. 13 N., R. 8 E.,
Sec. 33, S½SW¼, S½SE¼;
Sec. 34, NE¼SW¼, S½SW¼, N½SE¼;
Sec. 35, SW¼NE¼, SW¼NW¼, N½SW¼;
Sec. 36, N½NE¼, N½NW¼.
T. 14 N., R. 8 E.,
Sec. 6, Lot 2, SE¼NW¼, E½SW¼;
Sec. 7, Lots 1, 2.
T. 15 N., R. 8 E.,
Sec. 19, NE¼NE¼;
Sec. 20, S½NW¼, E½SW¼;
Sec. 29, E½NW¼, E½SW¼;
Sec. 31, S½NE¼, W½SE¼;
Sec. 32, W½NW¼.
T. 13 N., R. 9 E.,
Sec. 30, Lots 1, 2;
Sec. 31, Lot 1, N½NE¼, NE¼NW¼;
Sec. 32, W½NW¼NW¼, W½E½NW¼NW¼;
Sec. 33, S½NW¼, N½SE¼;
Sec. 34, S½SW¼, SW¼SE¼.
Total area 1,290 acres, more or less.

Scott Mountain-Deadwood (No. 762) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 762 through the following legal subdivisions:

T. 9 N., R. 6 E.,
Sec. 2, Lots 2, 4, SW¼SW¼;
Sec. 3, Lot 1, E½SE¼;
Sec. 10, NE¼NE¼, SE¼SE¼;
Sec. 11, E½NE¼, W½NW¼, W½SW¼, NE¼SE¼;
Sec. 15, NE¼NE¼, W½NE¼, E½SW¼;
Sec. 21, SE¼NE¼, N½SE¼, SW¼SE¼;
Sec. 22, N½NW¼;
Sec. 28, SW¼NE¼, NE¼NW¼, W½SE¼;
Sec. 33, Lot 4, E½NW¼.
T. 10 N., R. 6 E.,
Sec. 1, Lot 1, S½NE¼, S½NW¼, W½SW¼;
Sec. 2, SE¼SE¼;
Sec. 11, N½NE¼, SE¼NW¼, E½SW¼;
Sec. 14, W½NW¼, SW¼SW¼;
Sec. 15, SE¼NE¼, NE¼SE¼;
Sec. 22, SE¼SE¼;
Sec. 23, W½NE¼, NW¼, S½SW¼, W½SE¼;
Sec. 26, SW¼SW¼;
Sec. 27, N½NE¼, SW¼NE¼, E½SE¼;
Sec. 34, SE¼SE¼;
Sec. 35, S½N½SW¼, S½SW¼.
T. 11 N., R. 6 E.,
Sec. 25, SE¼SE¼;
Sec. 36, W½NE¼, SE¼NW¼, NE¼SW¼, S½SE¼.
T. 11 N., R. 7 E.,
Sec. 17, N½NE¼, E½SW¼;
Sec. 20, W½NW¼, W½SW¼;
Sec. 30, E½NE¼.
Total area 911 acres, more or less.

Deadwood River (No. 150) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 150 through the following legal subdivisions:

T. 11 N., R. 7 E.,
Sec. 5, Lot 2, SE¼NE¼, E½SE¼.
Sec. 8, E½NE¼, E½SE¼;
Sec. 17, NE¼NE¼.
T. 12 N., R. 7 E.,
Sec. 3, Lot 3, SW¼NW¼, E½SW¼;
Sec. 10, E½NW¼, W½SW¼;
Sec. 15, NW¼NW¼;
Sec. 16, S½NE¼, SE¼SW¼;
Sec. 20, NE¼SE¼, SW¼SE¼;
Sec. 21, E½NW¼NW¼;
Sec. 29, NW¼NE¼, SE¼NW¼, NW¼SW¼;
Sec. 32, W½NE¼, NW¼SE¼, SW¼SE¼.
T. 13 N., R. 7 E.,
Sec. 34, NE¼NE¼, SW¼NE¼, SE¼SW¼, NE¼SE¼.
Total area 368 acres, more or less.

Cow Creek Bridge (No. 152) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 152 through the following subdivisions:

T 1 S., R. 8 E.,
Sec. 6, Lot 3, SW¼SW¼, E½SW¼.
Total area 24 acres, more or less.

Squaw Valley (No. 154) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 154 through the following subdivisions:

T. 12 N., R. 1 E.,
Sec. 2, E½SE¼;
Sec. 14, E½NW¼.
Total area 15 acres, more or less.

Neal (No. 151) Forest Development Road, Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 151 through the following subdivisions:

T. 2 N., R. 5 E.,
Sec. 1, SW¼NW¼, NE¼SW¼,
Sec. 2, N½SW¼,
Sec. 3, SE¼SW¼, S½SE¼.
T. 3 N., R. 5 E.,
Sec. 19, Lots 1, 2, 3;
Sec. 30, NE¼NW¼.
T. 2 N., R. 6 E.,
Sec. 2, Lots 7, 10;
Sec. 12, Lots 6, 11, W½SE¼.
T. 3 N., R. 6 E.,
Sec. 31, Lot 9, NE¼SW¼, SE¼SE¼;
Sec. 33, Lots 7, 9, S½NW¼, NW¼SE¼;
Sec. 34, Lots 5, 6, 7, 8.
Total area 163 acres, more or less.

Middle Fork Boise River (No. 631) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of a center line of Forest Development Road No. 631 through the following legal subdivisions:

T. 3 N., R. 4 E.,
Sec. 11, Lots 1, 2, 3, 4, NW¼SW¼;
Sec. 12, Lots 1, 3;
Sec. 13, Lots, 1, 4, 5, 6, SE¼NE¼.
T. 3 N., R. 5 E.,
Sec. 1, Lots 1, 2, 5, 9, 10, NW¼SW¼;
Sec. 2, Lot 1, SE¼NE¼, NE¼SE¼;
Sec. 7, S½SE¼;
Sec. 8, SW¼SE¼;
Sec. 10, Lots 1, 2, 3;
Sec. 11, SW¼NW¼;
Sec. 17, Lot 8, N½NE¼, SW¼NE¼, N½NW¼;
Sec. 18, Lots 2, 10, NW¼NE¼, E½NW¼.
T. 4 N., R. 6 E.,
Sec. 13, Lots 1, 2, 5, SE¼SW¼;
Sec. 22, Lots 1, 2, 5, 8;
Sec. 23, Lots 1, 2, 3, 4, 5;
Sec. 27, Lots 2, 3, 4;
Sec. 28, Lots 1, 2, 3, 6, 7, SE¼SW¼;
Sec. 29, Lots 1, 2, 3, 4;
Sec. 30, Lots 3, 6;
Sec. 31, Lots 3, 4, 6;
Sec. 33, Lot 2.
T. 4 N., R. 7 E.,
Sec. 4, Lots 1, 10;
Sec. 5, Lot 7;
Sec. 7, Lots 3, 4, 7, 10;
Sec. 8, Lots 1, 5, 6, 7, 8;
Sec. 18, Lots 1, 4.
T. 5 N., R. 7 E.,
Sec. 23, Lots 2, 3, SE¼NE¼;
Sec. 24, Lots 1, 2, 3, 4;
Sec. 26, Lots 2, 3, 5, 6, 7;
Sec. 34, Lots 1, 5, 7, 10, 11, 12;
Sec. 35, Lot 3.
T. 5 N., R. 8 E.,
Sec. 9, Lot 1;
Sec. 10, Lots 1, 2, 6, 7;

Sec. 11, Lots 1, 4, 5, 6;
Sec. 12, Lots 1, 2, 3, 4;
Sec. 17, Lots 6, 7;
Sec. 18, Lots 3, 5, 6, 9;
Sec. 19, Lot 2.
T. 5 N., R. 9 E.,
Sec. 3, Lots 4, 5;
Sec. 4, Lots 4, 5, 6, 8;
Sec. 5, Lot 1;
Sec. 6, Lot 11, SE¼SE¼;
Sec. 7, N½NE¼, NE¼NW¼.
T. 6 N., R. 9 E.,
Sec. 25, S½SE¼;
Sec. 34, SW¼SE¼, W½SE¼SE¼;
Sec. 35, S½NE¼, NW¼SW¼;
Sec. 36, NW¼NE¼, S½NW¼, unpatented portion of NE¼NW¼.
T. 6 N., R. 10 E.,
Sec. 25, S½SW¼, S½SE¼;
Sec. 26, S½SW¼, S½SE¼;
Sec. 27, SE¼SW¼, S½SE¼;
Sec. 29, SW¼NW¼, SW¼SE¼;
Sec. 30, Lot 3, SE¼NE¼, SW¼NE¼;
Sec. 32, NE¼NE¼;
Sec. 33, S½NW¼, N½SE¼;
Sec. 34, W½NW¼, NW¼SW¼;
Sec. 36, N½NE¼.
T. 5 N., R. 11 E.,
Sec. 3, Lot 5, SW¼NW¼;
Sec. 4, Lots 5, 9, S½NW¼;
Sec. 5, Lots 2, 8;
Sec. 6, Lots 1, 2.
T. 6 N., R. 11 E.,
Sec. 31, Lot 1, E½NW¼, NE¼SW¼, SW¼SE¼, SE¼SE¼;
Sec. 32, S½SW¼, S½SE¼.
Total area 2,305 acres, more or less.

Ditch Creek R. S. (No. 650) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of a center line of Forest Development Road No. 650 through the following legal subdivisions:

T. 12 N., R. 4 E.,
Sec. 2, S½NW¼.
T. 13 N., R. 5 E.,
Sec. 15, SW¼SW¼;
Sec. 20, SW¼;
Sec. 21, E½NE¼, SW¼, N½SE¼;
Sec. 22, NW¼NW¼;
Sec. 28, NW¼NW¼;
Sec. 29, N½NE¼.
Total area 93 acres, more or less.

Banner Creek (No. 681) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of a center line of Forest Development Road No. 681 through the following legal subdivisions:

T. 8 N., R. 7 E.,
Sec. 12, S½S½;
Sec. 13, NE¼NE¼;
Sec. 14, N½NE¼, SE¼NW¼, W½SW¼.
T. 8 N., R. 8 E.,
Sec. 17, W½NE¼, N½NW¼, W½SE¼;
Sec. 18, Lot 1, NE¼NW¼;
Sec. 20, Lots 1, 5, W½SW¼;
Sec. 29, E½NW¼, E½SW¼;
Sec. 32, W½NW¼, W½SW¼.
Total area 107 acres, more or less.

Fall Creek-Rocky Bar (No. 709) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 709 through the following legal subdivisions:

T. 3 N., R. 8 E.,
Sec. 1, SE¼NE¼, E½SE¼;
Sec. 12, E½NE¼, SE¼SW¼, NE¼SE¼, W½SE¼;
Sec. 13, W½NE¼, NE¼NW¼, W½SE¼;
Sec. 24, E½NE¼, NE¼SE¼.
T. 1 N., R. 9 E.,
Sec. 2, Lot 4;
Sec. 9, W½SE¼, W½NE¼.
T. 2 N., R. 9 E.,
Sec. 35, NW¼NW¼.
T. 3 N., R. 9 E.,
Sec. 6, Lot 5, SE¼NW¼;
Sec. 30, Lots 1, 2, 3, E½SW¼;
Sec. 31, Lot 2, E½NW¼, E½SW¼.
T. 4 N., R. 9 E.,
Sec. 1, Lot 1, SW¼NE¼, E½SW¼, W½SE¼;
Sec. 3, Lots 1, 2, SW¼NE¼, SE¼SW¼, W½SE¼;
Sec. 9, SE¼SE¼;
Sec. 10, E½NW¼, NW¼SW¼, SW¼SW¼;
Sec. 12, W½NE¼, NW¼SE¼, NE¼SE¼;
Sec. 16, N½NE¼, S½NW¼, W½SW¼;
Sec. 20, E½NE¼, W½SE¼;
Sec. 29, NW¼NE¼, SW¼NW¼, E½NW¼;
Sec. 30, E½SE¼;
Sec. 31, W½NE¼, W½SE¼.
T. 5 N., R. 9 E.,
Sec. 25, S½SW¼;
Sec. 34, E½SE¼;
Sec. 35, NE¼NE¼, SW¼NE¼, S½NW¼;
Sec. 36, E½NW¼, NW¼NW¼, NW¼SE¼, SE¼SE¼.
T. 4 N., R. 10 E.,
Sec. 7, E½NE¼SW¼, E½W½NE¼SW¼.
Total area 1,061 acres, more or less.

Second Fork (No. 701) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of a center line of Forest Development Road No. 701 through the following legal subdivisions:

T. 12 N., R. 2 E.,
Sec. 20, N½SE¼, SE¼SE¼;
Sec. 21, SW¼NW¼, E½NW¼;
Sec. 28, S½NW¼;
Sec. 29, NE¼NE¼, S½NE¼, W½SE¼;
Sec. 31, SE¼NE¼, NE¼SE¼, SE¼NW¼ SE¼;
Sec. 32, NE¼NW¼, W½NW¼.
Total area 97 acres, more or less.

Gold Fork (No. 702) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of a center line of Forest Development Road No. 702 through the following legal subdivisions:

T. 15 N., R. 5 E.,
Sec. 3, SW¼NE¼, W½SE¼;
Sec. 10, NE¼NW¼, NE¼SW¼, S½SW¼;
Sec. 21, W½NE¼, E½SE¼;
Sec. 28, E½NE¼.
Total area 141 acres, more or less.

Cottonwood-Thorn Creek (No. 707) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 707 through the following legal subdivisions:

T. 4 N., R. 5 E.,
Sec. 1, NE¼SE¼, W½SE¼;
Sec. 3, Lot 3, SW¼NE¼, E½SW¼;
Sec. 10, NE¼, NE¼SW¼, E½NW¼;
Sec. 11, S½NE¼, N½SW¼;
Sec. 12, N½NW¼;
Sec. 15, W½NE¼, E½SE¼;
Sec. 22, Lot 1, NE¼SE¼;
Sec. 23, Lot 8;
Sec. 26, Lots 1, 5, 6.
T. 4 N., R. 6 E.,
Sec. 6, Lots 2, 5.
T. 5 N., R. 6 E.,
Sec. 21, SE¼SE¼;
Sec. 22, W½NW¼, W½SW¼;
Sec. 28, E½NE¼, S½SW¼, W½SE¼;
Sec. 29, SE¼SE¼;
Sec. 31, SE¼SE¼;
Sec. 32, N½NE¼, SE¼NW¼, W¼SW¼.
Total area 243 acres, more or less.

Packer John (No. 788) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 788 through the following legal subdivisions:

T. 10 N., R. 4 E.,
Sec. 4, SW½;
Sec. 17, NE¼NE¼, W½NE¼, E½SW¼, SW¼SE¼;
Sec. 20, N½NE¼.
Total area 44 acres, more or less.

Boise Ridge (No. 798) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of center line of Forest Development Road No. 798 through the following legal subdivisions:

T. 4 N., R. 3 E.,
Sec. 3, Lot 4, W½SW¼;
Sec. 9, NE¼;
Sec. 22, W½SE¼;
Sec. 26, Lots 1, 2, N½NW¼;
Sec. 27, N½NE¼;
Sec. 35, N½NE¼.
T. 5 N., R. 3 E.,
Sec. 2, Lots 3, 4;
Sec. 3, Lot 1, SW¼NE¼, W½SE¼;
Sec. 10, E½NW¼, E½SW¼;
Sec. 27, N½NW¼, SE¼NW¼, E½SW¼;
Sec. 34, E½NW¼, W½SW¼.
T. 6 N., R. 3 E.,
Sec. 25, S½NE¼, S½NW¼.
T. 7 N., R. 3 E.,
Sec. 1, Lot 3, SE¼NW¼, W½SE¼;
Sec. 13, S½NE¼, N½SE¼;
Sec. 24, E½NW¼, NE¼SW¼, W½SW¼;
Sec. 25, NW¼NE¼, SE¼NE¼.
T. 6 N., R. 4 E.,
Sec. 8, NW¼NW¼;
Sec. 18, NE¼NE¼, E½SW¼, NW¼SE¼;
Sec. 19, Lot 4, W½NW¼, W½SW¼;
Sec. 30, Lot 1.
T. 7 N., R. 4 E.,
Sec. 30, Lot 3, E½SW¼, S½SE¼;
Sec. 31, NE¼NE¼;
Sec. 32, W½NW¼, W½SW¼.
Total area 780 acres, more or less.

South Side Payette River (No. 800) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 800 through the following legal subdivisions:

T. 8 N., R. 4 E.,
Sec. 1, Lots 3, 4, 5, 6, SE¼NW¼.
T. 8 N., R. 5 E.,
Sec. 6, Lots 9, 10, 13;
Sec. 8, Lot 6;
Sec. 9, Lots 7, 8, 13, 14;
Sec. 10, SW¼SW¼;
Sec. 15, W½SE¼;
Sec. 22, NE¼NE¼.
Total area 92 acres, more or less.

Summit Flat (No. 751) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 751 through the following legal subdivisions:

T. 7 N., R. 6 E.,
Sec. 1, Lot 2, SW¼NE¼.
T. 8 N., R. 6 E.,
Sec. 22, E½SW¼, N½SE¼;
Sec. 23, N½SW¼, S½SE¼;
Sec. 25, S½NW¼, E½SW¼;
Sec. 27, NW¼;
Sec. 28, SE¼NE¼, E½SE¼;
Sec. 31, Lot 2, S½NE¼;
Sec. 32, N½NE¼, N½NW¼;
Sec. 33, NE¼NE¼, S½NE¼, S½NW¼, NW¼SW¼;
Sec. 36, W½NE¼, NE¼NW¼, W½SE¼.
T. 7 N., R. 7 E.,
Sec. 18, Lots 2, 3, SE¼SW¼;
Sec. 19, E½NW¼, S½NE¼.
Total area 218 acres, more or less.

Bull Trout Lake (No. 780) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 780 through the following legal subdivisions:

T. 11 N., R. 10 E. (unsurveyed),
Sec. 3, E½SW¼;
Sec. 9, NE¼NE¼;
Sec. 10, N½NW¼.
Total area 27 acres, more or less.

Idaho City-Alexander Flat (No. 712) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 712 through the following legal subdivisions:

T. 5 N., R. 6 E.,
Sec. 3, Lots 6, 9, 10, 12, NE¼SE¼;
Sec. 4, Lot 10, NW¼SE¼, E½SE¼.
T. 5 N., R. 8 E.,
Sec. 5, Lot 1, SE¼NE¼, E½SE¼;
Sec. 8, W½NE¼.
T. 6 N., R. 6 E.,
Sec. 30, S½NE¼.
T. 6 N., R. 8 E.,
Sec. 32, E½SE¼, E½W½SE¼;
Sec. 33, SW¼SW¼.
Total area 132 acres, more or less.

Artillery Dome (No. 822) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 822 through the following legal subdivisions:

T. 15 N., R. 8 E.
Sec. 2, SW¼NE¼, S½NW¼;
Sec. 3, S½NE¼, S½SW¼;
Sec. 4, SE¼SW¼, S½SE¼;
Sec. 7, E½E½SW¼, SW¼SE¼;
Sec. 9, E½NW¼, NW¼SW¼, SW¼SW¼;
Sec. 11, N½SE¼SE¼, SW¼SE¼SE¼;
Sec. 13, S½S½NE¼, S½S½NW¼;
Sec. 14, W½NE¼NE¼;
Sec. 17, NE¼NE¼, SW¼NE¼, S½NW¼;
Sec. 18, E½NE¼.
T. 15 N., R. 9 E.,
Sec. 10, NE¼NE¼, W½NE¼, NW¼SW¼, SW¼SW¼;
Sec. 11, N½NE¼, N½NW¼;
Sec. 12, S½NE¼;
Sec. 18, E½SW¼;
Sec. 19, NE¼NW¼, W½NE¼, N½SE¼;
Sec. 20, S½SW¼, S½SE¼;
Sec. 21, W½SW¼, W½NW¼.
T. 15 N., R. 10 E.,
Sec. 5, S½SW¼;
Sec. 6, SE¼SE¼;
Sec. 7, Lot 3, E½NE¼, NE¼SW¼, NW¼SE¼.
Total area 317 acres, more or less.

Bogus Basin (No. 836) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 836 through the following legal subdivisions:

T. 5 N., R. 3 E.,
Sec. 28, NE¼NW¼;
Sec. 29, NE¼SW¼, S½SW¼, N½SE¼;
Sec. 31, Lot 2, NE¼NE¼, S½NE¼, SE¼NW¼;
Sec. 32, N½NW¼.
Total area 154 acres, more or less.

Danskin Logging Road (No. 879) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 879 through the following legal subdivisions:

T. 8 N., R. 5 E.,
Sec. 2, Lot 5.
T. 9 N., R. 5 E.,
Sec. 24, N½NE¼, S½NW¼;
Sec. 25, SW¼NW¼, W½SW¼;
Sec. 35, E½NE¼, E½SE¼;
Sec. 36, NW¼NW¼.
Total area 75 acres, more or less.

Cabin Creek (No. 919) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 919 through the following legal subdivisions:

T. 16 N., R. 6 E.,
Sec. 36, NE¼SE¼, S½SE¼.
T. 16 N., R. 7 E.,
Sec. 9, E½SE¼;
Sec. 10, NE¼NE¼, S½NE¼, S½NW¼;
Sec. 11, N½NE¼, N½NW¼;
Sec. 16, NE½NE¼, W½NE¼, NE¼SW¼, NW¼SW¼;
Sec. 17 SE¼SE¼;
Sec. 19, S½SE¼;
Sec. 20, NE¼NW¼, W½NW¼;
Sec. 30, Lots 3, 4, E½NW¼;
Sec. 31, Lots 1, 2, 3.
Total area 163 acres, more or less.

Dixie-Atlanta (No. 921) Forest Development Road Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Development Road No. 921 through the following legal subdivisions:

T. 1 S., R. 8 E.,
Sec. 1, Lot 8;
Sec. 12, Lot 2, SE¼NW¼;
Sec. 14, W½NE¼, W½SE¼.
T. 2 N., R. 10 E.,
Sec. 6, SE¼SE¼;
Sec. 7, Lots 1, 4, 7, 10.
T. 4 N., R. 10 E.,
Sec. 4, Lot 4;
Sec. 5, Lot 1, SW¼NE¼, W½SE¼;
Sec. 8, Lot 2, NW¼NE¼;
Sec. 20, NE¼SE¼, W½SE¼;
Sec. 21, SW¼NW¼, E½NW¼;
Sec. 28, SW¼NW¼, N½SW¼, SE¼SW¼;
Sec. 29, NE¼;
Sec. 33, NW¼NE¼, E½NE¼, E½SE¼;
Sec. 34, SW¼SW¼.
T. 5 N., R. 10 E.,
Sec. 12, SE¼SE¼;
Sec. 13, NE¼NE¼, W½NE¼, N½SW¼, SW¼SW¼;
Sec. 14, SE¼SE¼;
Sec. 22, NE¼SE¼, SW¼SE¼;
Sec. 23, N½NE¼, S½NW¼;
Sec. 27, NW¼NE¼, E½NW¼, NE¼SW¼, S½SW¼;
Sec. 28, SE¼SE¼;
Sec. 33, N½NE¼, SE¼NW¼, E½SW¼.
T. 5 N., R. 11 E.,
Sec. 5, SW¼NE¼, SE¼NW¼, NW¼SW¼;
Sec. 6, N½SE¼, SW¼SE¼;
Sec. 7, Lots 3, 4, W½NE¼, NE¼SW¼.
Total area 804 acres, more or less.

Gardena-Placerville (No. 926) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 926 through the following legal subdivisions:

T. 7 N., R. 3 E.,
Sec. 13, N½SW¼, W½SE¼;
Sec. 14, NE¼SE¼.
Total area 37 acres, more or less.

Alder Creek (No. 928) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 928 through the following legal subdivisions:

T. 7 N., R 4 E.,
Sec. 2, Lot 2, SW¼NE¼, W½SE¼;
Sec. 11, Lot 1, NW¼NE¼.
T 8 N., R. 4 E.,
Sec. 22, W½NE¼, E½SE¼;
Sec. 23, SW¼SW¼;
Sec. 26, NW¼NW¼, E½NW¼, NE¼SW¼, W½SE¼;
Sec. 35, Unpatented portions of NE¼NE¼, W½NE¼, W½SE¼.
Total area 104 acres, more or less.

Horseshoe Bend-Grimes Pass (No. 799) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 799 through the following legal subdivisions:

T. 6 N., R. 3 E.,
Sec. 1, SE¼SW¼, NE¼SE¼, SW¼SE¼.
T. 7 N., R. 4 E.,
Sec. 32, Lot 4, SW¼, SW¼SE¼.
T. 6 N., R. 5 E.,
Sec. 7, N½NE¼.
T. 8 N., R. 5 E.,
Sec. 22, Lot 1;
Sec. 23, Lots 8, 9, SE¼SW¼.
Total area 74 acres, more or less.

Cascade-Knox (No. 22) Forest Highway Roadside Zone

A strip of land 200 feet on each side of the center line of Forest Highway No. 22 through the following legal subdivisions:

T. 15 N., R. 5 E.,
Sec. 13, SE¼SE¼;
Sec. 23, S½SW¼, NW¼SE¼;
Sec. 24, NW¼NE¼, S½NW¼;
Sec. 27, E½NE¼NE¼, W½NW¼NE¼, NE¼NW¼, SW¼NW¼;
Sec. 32, N½SE¼;
Sec. 33, N½NE¼, SW¼NW¼.
T. 15 N., R. 6 E.,
Sec. 2, Lot 5;
Sec. 10, SE¼NE¼, W½SE¼;
Sec. 15, E½NW¼, N½SW¼;
Sec. 16, S½SW¼, N½SE¼;
Sec. 17, S½SW¼, S½SE¼;
Sec. 18, Lot 3, NE¼SW¼, S½SE¼.
Total area 323 acres, more or less.

Grimes Creek (No. 847) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 847 through the following legal subdivisions:

T. 5 N., R. 3 E.,
Sec. 11, Lot 4, S½SW¼, S½SW¼SE¼;
Sec. 14, NW½NE¼, N½NW¼;
Sec 15, N½NE¼.
T. 5 N., R. 4 E.,
Sec. 9, S½SE¼;
Sec. 10, N½SW¼;
Sec. 17, NW¼NW¼;
Sec. 18, NE¼NE¼, S½NE¼, SE¼NW¼;
Sec. 22, SE¼SW¼;
Sec. 27, NE¼NW¼.
Total area 92 acres, more or less.

Sage Hen Basin (No. 851) Forest Development Road Roadside Zone

A strip of land 100 feet on each side of the center line of Forest Development Road No. 851 through the following legal subdivisions:

T. 11 N., R. 2 E.,
Sec. 3, Lot 3, SE¼NW¼, W½SW¼;
Sec. 9, SE¼NE¼, S½SE¼;
Sec. 10, W½NW¼;
Sec. 16, W½NE¼, SW¼SW¼, E½SW¼;
Sec. 20, NW¼SE¼.
Total area 65 acres, more or less.

Swanholm Creek Public Service Site

T. 6 N., R. 9 E.,
Sec. 26, SE¼SE¼NW¼, E½NE¼SW¼, N½NW¼SE¼.
Total area 50 acres.

Atlanta Public Service Site

T. 6 N., R. 11 E.,
Sec. 34, Lot 7;
Sec. 35, Lots 8, 10, 11.
Total area 92 24 acres.

Lowman Public Service Site

T. 9 N., R. 7 E.,
Sec. 27, Lot 2.
Total area 27.40 acres.

Mountain View Public Service Site

T. 9 N., R. 7 E.,
Sec. 26, SW¼SW¼SW¼;
Sec. 27, Lot 6
(except for that portion of H. E. S. 490 lying in Lot 6);
Sec. 34, Lot 1.
Total area 39.63 acres.

Parks Creek Public Service Site

T. 9 N., R. 7 E.,
Sec. 13, SW¼SE¼NW¼, SE¼SW¼NW¼, NW¼NE¼SW¼, NE¼NW¼SW¼;
Total area 40 acres.

Helende Public Service Site

T. 9 N., R. 8 E.,
Sec. 23, Lot 2.
Total area 30.15 acres.

Casner Creek Public Service Site

T. 9 N., R. 9 E.,
Sec. 14, Lots 3, 4.
Total area 51.95 acres.

Kettle Creek Public Service Site

T. 9 N., R. 9 E.,
Sec. 19, Lots 8, 11, E½NW¼NW¼NW¼.
Total area 29 acres.

Swinging Bridge Public Service Site

T. 10 N., R. 3 E.,
Sec. 29, Lot 3.
Total area 50 acres.

Camp Creek Public Service Site

T. 10 N., R. 10 E.,
Sec. 26, SE¼NE¼SW¼NE¼, NE¼SE¼SW¼NE¼, S½SE¼SW¼NE¼, SW¼NW¼SE¼NE¼, NW¼SW¼SE¼NE¼, W½W½NE¼SE¼, S½SW¼NW¼SE¼, E½NW¼SE¼.
Total area 50 acres.

Warm Springs Public Service Site

T. 10 N., R. 10 E.,
Sec. 31, Lots 2, 3, W½SW¼NE¼SW¼, W½SE¼SW¼.
Total area 105.76 acres.

Bull Trout Lake Public Service Site

T. 11 N., R. 10 E. (unsurveyed),
Sec. 9, SW¼NW¼NE¼, S½NE¼, SE¼NE¼NW¼, E½SE¼NW¼, NE¼SE¼;
Sec. 10, W½SW¼NW¼, W½NW¼SW¼.
Total area 200 acres, more or less.

Warm Lake Public Service Site

T. 15 N., R. 6 E.,
Sec. 1, S½;
Sec. 2, S½;
Sec. 11, All;
Sec. 12, All;
Sec. 13, All;
Sec. 14, All;
Sec. 23, N½;
Sec. 24, N½.
T. 15 N., R. 7 E.,
Sec. 6, S½;
Sec. 7, All;
Sec. 18, All;
Sec. 19, N½.
Total area 5,279.83 acres.

Boise Peak Recreation Area

T. 4 N., R. 3 E.,
Sec. 10, S½S½N½NW¼.
Total area 10 acres.

Bogus Basin Recreation Area

T. 5 N., R. 3 E.,
Sec. 15, SW¼;
Sec. 17, SE¼SE¼;
Sec. 21, All;
Sec. 22, N½NW¼, SW¼NW¼;
Sec. 28, Lot 1.
Total area 1,003.94 acres.

Dead Horse Flat Recreation Area

T. 9 N., R. 7 E.,
Sec. 36, Lots 4, 5, SE¼SE¼NE¼.
Total area 55.35 acres.

Lick Creek Recreation Area

T. 9 N., R. 7 E.,
Sec. 35, Lots 1, 2.
Total area 74.10 acres.

Alexander Flat Recreation Area

T. 5 N., R. 8 E.,
Sec. 8, Lots 1, 3, S½SE¼SW¼;
Sec. 17, Lots 1, 5.
Total area 102.37 acres.

Simmons Creek Recreation Area

T. 5 N., R. 8 E.,
Sec. 17, Lot 8, W½NW¼SW¼, NW¼SW¼SW¼;
Sec. 18, Lots 4, 10, N½SE¼SE¼, N½SW¼SE¼SE¼;
Sec. 19, Lot 1, NW¼NW¼NE¼.
Total area 156.43 acres.

Hot Springs Recreation Area

T. 8 N., R. 5 E.,
Sec. 6, Lot 7.
Total area 49.40 acres.

Station Camp Recreation Area

T. 8 N., R. 5 E.,
Sec. 6, Lot 4.
Total area 29.60 acres.

Banks No. 2 Camp Recreation Area

T. 9 N., R. 3 E.,
Sec. 32, Lots 5, 6, 7;
Sec. 33, W½W½NW¼SW¼.
Total area 62.50 acres.

Banks Camp Recreation Area

T. 9 N., R. 3 E.,
Sec. 28, Lot 11;
Sec. 29, Lot 3.
Total area 51.04 acres.

Forks of Pine Creek Recreation Area

T. 9 N., R. 6 E.,
Sec. 21, NW¼SE¼.
Total area 40 acres.

Pine Creek Recreation Area

T. 9 N., R. 6 E.,
Sec. 15, E½E½SE¼SW¼, W½SW¼SE¼, W½E½SW¼SE¼.
Total area 40 acres.

Pine Flat Recreation Area

T. 8 N., R. 6 E.,
Sec. 1, Lot 8.
T. 8 N., R. 7 E.,
Sec. 6, Lot 5.
T. 9 N., R. 7 E.,
Sec. 31; S½E½E½SW¼SW¼, S½W½SE¼SW¼.
Total area 93.96 acres.

Big Eddy Recreation Area

T. 10 N., R. 3 E.,
Sec. 4, Lot 12.
Total area 18.60 acres.

Canyon Camp Recreation Area

T. 10 N., R. 3 E.,
Sec. 21, Lots 2, 3.
Total area 31 acres.

Cold Springs Recreation Area

T. 10 N., R. 3 E.,
Sec. 16, Lot 7.
Total area 32.40 acres.

Williams Creek Recreation Area

T. 10 N., R. 3 E.,
Sec. 29, Lot 6, 7, NE¼SW¼SE¼.
Total area 87.10 acres.

Tie Creek Recreation Area

T. 10 N., R. 4 E.,
Sec. 12, S½NW¼SE¼, N½SW¼SE¼.
Total area 40 acres.

Hardscrabble Recreation Area

T. 11 N., R. 5 E.,
Sec. 31, SE¼NE¼SE¼, NE¼SE¼SE¼.
Total area 20 acres.

Middle Fork Recreation Area

T. 11 N., R. 5 E.,
Sec. 29, S½SW¼NE¼.
Total area 20 acres.

One Spoon Recreation Area

T. 10 N., R. 5 E.,
Sec. 7, Lots 1, 2.
Total area 77.33 acres.

Rattlesnake Camp Recreation Area

T. 11 N., R. 5 E.,
Sec. 20, S½NE¼SE¼, N½SE¼SE¼.
Total area 40 acres.

Silver Creek Bridge Recreation Area

T. 11 N., R. 5 E.,
Sec. 1, Lots 3, 4.
Total area 81.80 acres.

Trail Creek Recreation Area

T. 11 N., R. 5 E.,
Sec. 21, S½NW¼NW¼, N½SW¼NW¼.
Total area 40 acres.

Boiling Springs Recreation Area

T. 12 N., R. 5 E.,
Sec. 21, NE¼NE¼SE¼.
Total area 10 acres.

Fir Springs Recreation Area

T. 12 N., R. 7 E.,
Sec. 21, SW¼NE¼NW¼, SE¼NW¼NW¼, SW¼NW¼.
Total area 60 acres.

Granite Springs Recreation Area

T. 12 N., R. 7 E.,
Sec. 29, E½SE¼SW¼, W½SW¼SE¼.
Total area 40 acres.

Vulcan Hot Springs Recreation Area

T. 14 N., R. 6 E.,
Sec. 11, W½NE¼, W½E½NE¼, E½E½NW¼.
Total area 160 acres.

Green Table Recreation Area

T. 15 N., R. 5 E.,
Sec. 33, SW¼NE¼NW¼, SE¼NW¼NW¼, NE¼SW¼NW¼, NW¼SE¼NW¼.
Total area 40 acres.

Porcupine Flat Recreation Area

T. 15 N., R. 5 E.,
Sec. 27, W½W½NE¼NE¼, E½NW¼NE¼.
Total area 30 acres.

Curtis Creek Recreation Area

T. 15 N., R. 6 E.,
Sec. 15, SW¼NW¼NE¼, NW¼SW¼NE¼.
Total area 20 acres.

Summit Camp Recreation Area

T. 15 N., R. 7 E.,
Sec. 10, SW¼NE¼SE¼, S½NW¼SE¼, E½SW¼SE¼, SE¼SE¼.
Total area 90 acres.

Alpine Camp Recreation Area

T. 15 N., R. 8 E.,
Sec. 13, SW¼NE¼NE¼, NW¼SE¼NE¼.
Total area 20 acres.

Penn Basin Recreation Area

T. 15 N., R. 8 E.,
Sec. 19, S½SE¼NE¼NE¼, E½SE¼NE¼;

Sec. 20, SW¼SW¼NW¼NW¼, W½W½SW¼NW¼.
Total area 37.5 acres.

Green Springs Recreation Area

T. 15 N., R. 9 E.,

[No. 59-1]

OREGON

RESTORATION ORDER UNDER FEDERAL POWER ACT

JULY 17, 1958.

Pursuant to Determination No. DA-456, Oregon, of the Federal Power Commission and in accordance with Order No. 541 section 2.5 of the Director, Bureau of Land Management, approved April 21, 1954 (19 F. R. 2473), as amended, and pursuant to authority delegated by Oregon State Supervisor, Bureau of Land Management, under Part III, Redelegation of Authority to Specified Classes of Employees, effective April 6, 1956 (21 F. R. 2253), it is ordered as follows:

1. The lands hereinafter described, so far as they are withdrawn and reserved for power purposes, are hereby restored to disposition under the public land laws, subject to the provision of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. 818), as amended; subject to the condition that in the event the said lands are required for power purposes, any improvements or structures placed thereon which are found to interfere with such development shall be removed or relocated as may be necessary to eliminate such interference at no cost to the United States, its permittees or licensees; and subject further to the prior rights of the licensee for Project No. 1971 and its successors to use the lands for project purposes as provided by the license for Project No. 1971.

WILLAMETTE MERIDIAN, OREGON

T. 12 S., R. 45 E.,
Sec. 11: SE¼SE¼;
Sec. 12: NW¼SW¼.
80.00 acres public land.

2. The lands described in paragraph 1, shall be subject to application by the State of Oregon for a period of 90 days from the date of publication of this order in the FEDERAL REGISTER for rights of way for public highways or as a source of material for construction and maintenance of such highways in accordance with and subject to the provisions of section 24 of the Federal Power Act, as amended, and conditions set forth in paragraph 1.

3. (a) The lands lie in the Snake River Canyon, approximately 13 miles north of Huntington, Oregon. The lands will border on a portion of the lake to be formed by the Brownlee Dam and have been classified for recreational purposes pursuant to the act of June 14, 1926 (44 Stat. 741), as amended by the act of June 4, 1954 (68 Stat. 173: 43 U. S. C. 869) and under authority of section 7 of the act of June 28, 1934 (48 Stat. 1272, 43 U. S. C. 315 f), as amended. This classification segregates the land from all appropriation under all other public land laws including location under mining laws, and applications under the Small Tract Act of June 1, 1938 (52 Stat. 609) as amended by the act of June 8, 1954 (68 Stat. 237; 43 U. S. C. 682a).

(b) Subject to any valid existing rights, the lands are hereby opened to filing of applications by qualified applicants under the Recreation Act of June 14, 1926, supra, as amended, which limits applicants in this instance to the State of Oregon, Federal and State instrumentalities, and political subdivisions including counties and municipalities and nonprofit associations and nonprofit corporations. Applications filed under any other public land laws will not be accepted.

4. Inquiry concerning the above lands should be addressed to Manager, Land Office, Bureau of Land Management, 809 N. E. Sixth Avenue, Portland 12, Oregon.

ELTON M. HATTAN,
Lands and Minerals Officer.

[F. R. Doc. 58-5833; Filed, July 30, 1958; 8:46 a. m.]

[No. 59-1]

OREGON

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JULY 17, 1958.

Corps of Engineers, United States Army, has filed an application, Serial No. Oregon 05286, for the withdrawal of the land described below, subject to valid existing rights, from all forms of appropriation, including grazing leases or permits, minerals leases, and location of mining claims.

The applicant desires the land for construction of a lock and dam to provide power, flood control, and navigational facilities on the Columbia River in the John Day Project.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, 809 N. E. Sixth Avenue, Portland 12, Oregon.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

ALASKA

SMALL TRACT PUBLIC SALE NO. 4—ACS

JULY 28, 1958.

1. Pursuant to authority delegated to me by Bureau Order No. 541, dated April 21, 1954, (19 F. R. 2473), I hereby offer the small tracts described below for public sale under the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a), as amended.

2. The attached list of tracts will be offered for sale at a public auction to be held in the schoolroom building Kenai, Alaska, beginning at 9:00 a. m. on Saturday, August 16, 1958. Bids may be made personally by the applicant or his agent at the sale or may be mailed. Bids sent by mail will be considered only if received at the Land Office, 131 Fifth Avenue, Anchorage, Alaska, prior to 3:00 p. m. on Friday, August 15, 1958. Sealed bids

will be opened in the presence of the public in the schoolroom during the progress of the sale. No sealed bid will be accepted if it is less than the minimum acceptable bid listed for the tract. No oral bid will be accepted unless it is at least $5.00 greater than the highest sealed bid, or if there be none, if it is less than the minimum acceptable bid for the tract. Sealed bids must be in units of $5.00, and oral bidding will be in increments of $5.00 unless otherwise specified at the sale. See the attached list of tracts for the minimum acceptable bids.

3. Persons who have previously acquired a tract under the Small Tract Act are not qualified to purchase a tract at the sale unless they can make a showing satisfactory to the Bureau of Land Management that the acquisition of another tract is warranted.

4. Each bid sent by mail must clearly show (a) the name and post office address of the bidder, (b) Small Tract Public Sale No. 4—AOS, and (c) the land description of the tract for which the bid is made, described in accordance with the attached list. Each bid must be accompanied by the full amount bid in the form of a certificate or cashier's check, post office money order(s), or bank draft made payable to the Bureau of Land Management. Each bid must be enclosed in a separate envelope, but payment need accompany only the highest bid, providing all other bids designate the envelope containing the payment. Each envelope must carry on its reverse side the following information and nothing else: (a) "Small Tract Public Sale No. 4—AOS, August 16, 1958", (b) the description of the tract for which the bid is made, in accordance with the attached list.

5. Each tract will be awarded to the highest qualified bidder. If the highest bid is oral, the bidder will be required to make payment for the tract at the close of bidding, and a personal check will be acceptable for that purpose. Any person who is declared high bidder for any tract will automatically be disqualified from consideration for other tracts at the sale.

6. Inquiries concerning these lands should be addressed to the Manager, Anchorage Land Office, 131 Fifth Avenue, Anchorage, Alaska, and should be accompanied by a stamped, self-addressed return envelope.

7. The Kenai, Ninilchik, Anchor River and Homer tracts are located on the west side of the Kenai Peninsula. The Ninilchik, Anchor River and Homer tracts are located approximately fifty-five, seventy-five and ninety miles, respectively, south of Kenai on the Sterling Highway. It should be noted, that whereas the general localities of these small tract units are accessible by road, some of the individual tracts subject to this sale may not be so situated.

8. The individual tracts vary in size as shown in the attached list. Right-of-way easements for roads and public utilities will be reserved if so shown in the original classification order and all minerals in the lands will be reserved to the United States. Desirability of these tracts varies greatly with some being excellent throughout, while others contain wet, steep, inaccessible, or other undesirable characteristics. Prospective bidders are cautioned to carefully inspect the tract before offering to buy, as all sales are final. Tracts to be included in the sale are shown on the attached list.

9. A qualified purchaser of each tract in this sale will, upon tendering full payment thereof, receive a receipt as evidence of the sale. Patent will be issued to the purchaser at a later date without any further compliance or action upon the purchasers part. There are no building requirements upon these tracts.

L. T. MANN,
Operations Supervisor, Anchorage.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The Bureau of Land Management has filed an application, Serial Number 020439 for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including the mining laws, but excluding provisions of the mineral leasing laws and the Materials Act. The applicant desires the land for an administrative site and a fire control station.

For a period of sixty days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, P. O. Box 1050, Fairbanks, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

CANTWELL AREA

Beginning at a point on the centerline of the Denali Highway which bears N. 0°25'30" E., 1,200 feet, and East, 100 feet from Corner No. 3, U. S. S. 3203 A and B; thence by metes and bounds

West, 430 feet;
North, 660 feet;
East, 430 feet to a point on the centerline of the Denali Highway;

South, 660 feet along said centerline to the point of beginning.
Containing approximately 6.5 acres.

RICHARD L. QUINTUS,
Operations Supervisor, Fairbanks.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The Department of the Army has filed an application, Serial Number 020174 for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws. The applicant desires the land for use as a trainfire area and for various types of training. Congressional approval is required under provisions of Public Law 85-337.

For a period of sixty days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, P. O. Box 1050, Fairbanks, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

FAIRBANKS AREA

A track of land located approximately 20 miles southeast of Fairbanks, Fourth Judicial Division, Territory of Alaska, and more precisely described as follows:

Commencing at a point identical with the northeast corner of the Eielson Air Force Base at approximately latitude 64°42'18" N., longitude 146°56'05" W.; thence West 5.25 miles, more or less, along the north boundary of said Air Force Base to a point at approximately latitude 64°42'18" N., longitude 147°-06'45" W.; thence North 7.5 miles, more or less, to a point at approximately latitude 64°49' N., longitude 147°06'45" W.; thence East 18.25 miles, more or less, to a point at approximately latitude 64°49' N., longitude 146°30' W.; thence South 2.5 miles, more or less, to a point at approximately latitude 64°47' N., longitude 146°30' W.; thence East 8.75 miles, more or less, to a point at approximately latitude 64°47'10" N., longitude 146°-10'24" W.; thence South 12.6 miles, more or less, to a point at approximately latitude 64°36'24" N., longitude 146°10'24" W.; thence Southwesterly 6.2 miles, more or less, to a point at approximately latitude 64°33'-46" N., longitude 146°20'54" W.; thence West 11.8 miles, more or less, to a point at approximately latitude 64°33'46" N., longitude 146°44'18" W.; thence Northwesterly 6.7 miles, more or less, to a point identical with the southeast corner of the Eielson Air Force Base at approximately latitude 64°36'12" N., longitude 146°56'05" W.; thence North 7 miles along the east boundary of said Air Force Base to the point of beginning. containing 256,000 acres, more or less.

RICHARD L. QUINTUS,
Operations Supervisor, Fairbanks.

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The Department of the Air Force has filed an application, Serial No. Fairbanks 019801, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws. The applicant desires the land for an addition to Clear Air Force Station.

Congressional approval of this application will be required under provisions of Public Law 85-337.

For a period of sixty days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, P. O. Box 1050, Fairbanks, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

T. 7 S., R. 8 W., FAIRBANKS MERIDIAN

Sec. 5: Lot 1, SE¼NE¼, SE¼;
Sec. 4: Lot 4, Lot 3, S½NW¼, SW¼;
Sec. 8: E½NW¼, that portion of the NE¼ lying west of the Alaska Railroad right-of-way.
Containing 709.59 acres.

RICHARD L. QUINTUS,
Operations Supervisor, Fairbanks.

[Washington 03197]

WASHINGTON

RESTORATION ORDER UNDER FEDERAL POWER ACT

JULY 24, 1958.

Pursuant to the following-listed determination of the Federal Power Commission, and in accordance with Redelegation Order No. 541, dated April 21, 1954 (54 F. R. 3200), it is ordered as follows:

Subject to valid existing rights, and existing withdrawals, the lands in Washington hereinafter described, so far as they are withdrawn for power purposes, are hereby restored, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. 818), as amended, and subject to the conditions that the United States, its permittees or licensees, in the operation of licensed project No. 2042, shall not be held liable for any damages caused by flooding of any improvements of the grantee placed thereon in the lands hereinafter described in the Commission's finding.

Determination No.; Type of Withdrawal; and Type of Restoration

DA-154-Washington, U. S. Forest Service; Project No. 2042; Forest Exchange.

WILLAMETTE MERIDIAN, WASHINGTON

T. 34 N., R. 44 E.,
Sec. 7: NE¼SE¼.

The above lands are under the jurisdiction of the Department of Agriculture, and are within the Kaniksu National Forest, State of Washington. The State of Washington has waived its preference right of application as provided by section 24 of the Federal Power Act.

The lands have been open to applications and offers under the mineral leasing laws. Beginning at 10:00 a. m. on the 29th day of August, 1958, they will become subject to such other forms of application, location, offer and selection as may by law be made of national forest lands.

This restoration is made in furtherance of a proposed Forest Exchange for land within the same forest, under the provisions of the Act of March 20, 1922 (42 Stat. 465) as amended, by which the offered lands will benefit a Federal land program. This restoration is therefore not subject to the provisions contained in the Act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284) as amended, granting preference rights to Veterans of World War II and others.

FRED J. WEILER,
State Supervisor.

[Docket No. 12537; FCC 58-701]

DARWIN BROADCASTING CO. (KHCD)

ORDER TO SHOW CAUSE

In the matter of revocation of License of Henry Chester Darwin, tr/as Darwin Broadcasting Company (KHCD), Clifton, Arizona.

The Commission having under consideration the matter of certain violations of the Communications Act of 1934, as amended, and the Commission's rules relating to the operation of standard broadcast Station KHCD, licensed to Henry Chester Darwin, tr/as Darwin Broadcasting Company, Clifton, Arizona; and

It appearing, that pursuant to the provisions of § 1.61 of the Commission's rules, notices of violations of the Commission's rules in the operation of the station were given the licensee as follows:

(a) Notice dated January 22, 1957, specifying that as the result of an inspection made on January 16, 1957, said licensee had violated the following sections of the Commission's rules:

3.40 (b) (3) (4)—antenna base not suitably protected
3.45 (c)—many ground radials missing
3.47—no audio performance measurements available
3.55, 3.56—transmitter and/or modulation monitor defective
3.57—operating power below tolerance
3.58 (d)—required weekly remote antenna meter check not logged;

(b) Notices dated February 18, 1957, and March 6, 1957, specifying that said licensee had violated § 1.61 of the Commission's rules by failing to respond to the above-mentioned Violation Notice, dated January 22, 1957;

(c) Notice dated July 22, 1957, specifying that as the result of a special inspection made on July 15, 1957, said licensee was still in violation of substantially the same Commission rules as contained in the January 22, 1957, notice, namely, §§ 3.40, 3.45, 3.47, 3.55, 3.56 and 3.57 and, in addition, Section 3.931 (no provision for receiving CONELRAD alerts);

(d) Notice dated May 8, 1958 specifying that as the result of a special inspection made on April 30, 1958 said licensee had violated the following sections of the Commission's rules:

3.39—no indication that remote meter check has been made as required
3.40 (b) (3) (iv)—antenna base fencing inadequate
3.40 (b) (3) (v)—slant wire unprotected at transmitter house
3.40 (e)—insufficient spare tubes available
3.45 (c)—non-compliance with terms of license in that ground system is practically non-existent
3.47—no audio performance measurements available
3.55, 3.56—transmitter and/or modulation monitor defective
3.57—operating power above tolerance
3.66—remote meters not within 2% of base meters
3.92—no station authorization posted or available
3.93—failure to employ a full-time first-class operator
3.111—operating log entries fictitious
3.931—no provision for receiving CONELRAD alerts; and

It further appearing that despite the fact that three separate Official Notices of Violation were served on the licensee, that two notices were served indicating failure of the licensee to reply to the Notices of Violation, and that responses from the licensee stated that remedial measures had been taken to attain compliance, the operation of Station KHCD, Clifton, Arizona was continued in wilful violation of said Commission rules; and

It further appearing that on the 8th day of January 1958, said licensee entered into a lease agreement with Herb Jepko and Associates at Clifton, Arizona, by the terms of which the licensee leased Station KHCD to said Herb Jepko and Associates for one year beginning January 1, 1958, and ending December 31, 1958, the lessee having the option to renew said lease for one year beginning January 1, 1959 and ending December 31, 1959, for the annual rental of $2,000, payable in monthly installments; and that said lessee was permitted by said licensee to take over the operation and control of said station on that date, all in wilful contravention of the provisions of section 310 (b) of the Communications Act of 1934, as amended:

It is ordered This 23d day of July 1958, pursuant to the provisions of section 312 (a) and (c) of the Communications Act of 1934, as amended, that the said Henry Chester Darwin show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing [1] to be held at a time and place to be specified by subsequent order; and

It is further ordered, That the Secretary send a copy of this Order by Certified Mail—Return Receipt Requested to the said Henry Chester Darwin, tr/as Darwin Broadcasting Company, Clifton, Arizona, and a second copy to him at his present address, 1100 Mogford Street, Midland, Texas.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5866; Filed, July 30, 1958; 8:53 a. m.]

[Docket Nos. 12544, 12545; FCC 58-706]

BAY AREA ELECTRONIC ASSOCIATES AND SONOMA COUNTY BROADCASTERS

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of John F. Egan and Robert Sherman, d/b as Bay Area Electronic Associates, Santa Rosa, Cali-

[1] Section 1.62 of the Commission's rules provides that a licensee, in order to avail himself of the opportunity to be heard, shall, in person or by his attorney, file with the Commission, within thirty (30) days of the receipt of the order to show cause, a written statement stating that he will appear at the hearing and present evidence on the matter specified in the order. If the licensee fails to file such an appearance within the time specified, the right to a hearing shall be deemed to have been waived. Where a hearing is waived, a written statement in mitigation or justification may be submitted within thirty (30) days of the receipt of the order to show cause. If such statement contains, with particularity, factual allegations denying or justifying the facts upon which the show cause order is based, the Hearing Examiner may call upon the submitting party to furnish additional information, and shall request all opposing parties to file an answer to the written statement and/or additional information. The record will then be closed and an initial decision issued on the basis of such procedure. Where a hearing is waived and no written statement has been filed within the thirty (30) days of the receipt of the order to show cause, the allegations of fact contained in the order to show cause will be deemed as correct and the sanctions specified in the order to show cause will be invoked.

fornia, Docket No. 12544, File No. BP-11319; Alfred M. Pettler, Samuel Elkins, Herbert Stiller, Martin D. Rockey and Sanford Spillman, d/b as Sonoma County Broadcasters, Santa Rosa, California, Docket No. 12545, File No. BP-11809; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of July 1958;

The Commission having under consideration the above-captioned applications of Bay Area Electronic Associates and Sonoma County Broadcasters, each for a construction permit for a new standard broadcast station to operate on 1580 kilocycles, daytime only, with powers of 500 and 250 watts, respectively, at Santa Rosa, California;

It appearing, that, except as indicated by the issues specified below, Bay Area Electronic Associates is financially qualified, and each of the applicants is legally, technically, and otherwise qualified to construct and operate its respective proposal, but that operation of both stations as proposed would result in mutually destructive interference; that both proposals would involve objectionable interference to Stations KSJO, San Jose, California, and KWIP, Merced, California; that it has not been determined whether the proposal of Sonoma County Broadcasters is in compliance with § 3.28 (c) of the Commission rules inasmuch as said applicant has not filed, as requested, data on interference received from Stations KSJO and KWIP; and that, on the basis of the information in its application, Sonoma County Broadcasters is not financially qualified to construct and operate its proposed station because the balance sheet of Alfred M. Pettler does not show sufficient quick assets to meet his commitment of $28,500 to said applicant and to his existing business; and

It appearing that, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the instant applicants were advised by letter dated May 21, 1958, of the aforementioned deficiencies and that the Commission was unable to conclude that a grant of either application would be in the public interest; and

It appearing that each applicant filed a timely reply in which it stated that it would prosecute its application; and

It further appearing that in its said reply, dated June 19, 1958, Sonoma County Broadcasters stated that it would file additional engineering and financial data, but that such data have not been filed with the Commission; and

It further appearing that, in a telegram received by the Commission on June 24, 1958, the general manager of Station KSJO requested a 30 day extension of time to reply to the Commission's above-referenced letter on the ground that "impending technical problems make required action difficult at this time," but that we are of the opinion that the request fails to set forth sufficient reasons to warrant our delaying further action on the instant proposals and that the request, therefore, should be denied; and

It further appearing that, in view of the foregoing, the Commission is of the opinion that a hearing on the instant applications is necessary;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations which would receive primary service from each of the instant proposals, and the availability of other primary service to such areas and populations.

2. To determine whether each of the instant proposals would involve objectionable interference with Stations KSJO, San Jose, California, and KWIP, Merced, California, or any other existing station, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine, in light of Issue 2, whether, because of the interference received from Stations KSJO and KWIP, the proposal of Sonoma County Broadcasters would comply with the provisions of § 3.28 (c) of the Commission rules, and, if not, whether circumstances exist which would warrant a waiver of said section.

4. To determine whether Sonoma County Broadcasters is financially qualified to construct and operate its proposed station.

5. To determine which of the instant proposals would better serve the public interest, convenience, and necessity in the light of the evidence adduced under the foregoing issues and record made with respect to the significant differences between the two applicants as to:

a. The background and experience of each of the instant applicants to own and operate its proposed station.

b. The proposals of each of the instant applicants with respect to the management and operation of its proposed station.

c. The programming service proposed by each of the instant applicants.

6. To determine, in light of the evidence adduced pursuant to the foregoing issues, which, if either, of the applications should be granted.

It is further ordered, That Patrick H. Peabody and Joseph Gamble Stations, Inc., licensees of Stations KSJO, San Jose, California, and KWIP, Merced, California, respectively, are made parties to the hearing; and

It is further ordered, That, to avail themselves of the opportunity to be heard, the applicants and respondents herein, pursuant to § 1.140 of the Commission rules, in person or by attorney, shall, within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order; and

It is further ordered, That the issues in this proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon sufficient allegations of fact in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give assurance that the proposals set forth in the application will be effectuated.

It is further ordered, That the above-referenced request on behalf of Station KSJO for an extension of thirty days to reply to the Commission's letter of May 21, 1958, is denied.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5867; Filed, July 30, 1958; 8:53 a. m.]

[Docket Nos. 12546, 12547; FCC 58-703]

NEWARK BROADCASTING CORP. AND WMGM BROADCASTING CORP.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Newark Broadcasting Corporation, Newark, New Jersey, Docket No. 12546, File No. BPH-2427; WMGM Broadcasting Corporation, New York City, N. Y., Docket No. 12547, File No. BPH-2442; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of July 1958;

The Commission having under consideration the above-captioned applications of the Newark Broadcasting Corporation and the WMGM Broadcasting Corporation for construction permits for new Class B FM broadcast stations to operate on 100.3 megacycles, Channel No. 262, in Newark, New Jersey, and New York City, N. Y., respectively;

It appearing, that, except as indicated hereinafter, both of the applicants are legally, technically, financially, and otherwise qualified to operate their proposed stations, but that the operation of both stations as proposed would result in mutually destructive interference; and

It further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicants were advised by letter dated June 24, 1958, of the aforementioned interference and that the Commission was unable to conclude that a grant of either application would be in the public interest; and

It further appearing, that both applicants replied, indicating that they would appear at a hearing on their applications; and

It further appearing that the Commission, after consideration of the above is of the opinion that a hearing on these applications is necessary; and

It further appearing that the WMGM Broadcasting Corporation is a wholly owned subsidiary of Loew's Incorporated, defendant in the case of the United States of America v. Lowe's Incorporated, Civil Action No. 119-24, now pending in

the United States District Court for the Southern District of New York in which Loew's Incorporated is charged with violation of section I of the Sherman Act (15 U. S. C., Section I) and that, in the event of favorable action on the application of the WMGM Broadcasting Corporation in the hearing ordered below, a grant of the application shall be without prejudice to such action as the Commission may deem necessary, if any, as a result of a final determination in the pending litigation; and

It further appearing that the Newark Broadcasting Corporation, licensee of standard broadcast station WVNJ, Newark, New Jersey, proposes to mount the FM antenna on the center tower of the directional antenna system of Station WVNJ; and

It further appearing that the WMGM Broadcasting Corporation proposes an RCA, Type No. BTF-5B, 5-kw transmitter which has not been type accepted by the Commission;

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations within the 50 uv/m and 1 mv/m contours of the operations proposed, respectively, by the Newark Broadcasting Corporation and the WMGM Broadcasting Corporation and the availability of other such FM broadcast service to the said areas and populations.

2. To determine, in the light of the nature of the respective operations proposed and of the areas and populations to be served, together with the other evidence presented under issue 1, whether considerations with respect to section 307 (b) of the Communications Act of 1934, as amended, are applicable to the above-entitled proceeding, and, if so, whether a choice between the applications herein can be reasonably based thereon and if so, whether a grant to one or the other of the applicants would provide the more fair, efficient and equitable distribution of service to the communities involved.

3. To determine, in the event it is concluded that a choice between the two applications cannot be made on considerations relating to section 307 (b), which of the operations proposed in the above-captioned applications would better serve the public interest in the light of the evidence adduced with respect to the significant differences between the applicants as to:

a. The background and experience of each of the above-named applicants to own and operate its proposed station.

b. The proposals of each of the above-named applicants with respect to the management and operation of the proposed stations.

c. The programming service proposed in each of the above-mentioned applications.

4. To determine in the light of the evidence adduced pursuant to the foregoing issues, which of the applications should be granted.

It is further ordered, That to avail themselves of the opportunity to be heard, the applicants herein, pursuant to § 1.140 (c) of the Commission's rules, in person or by an attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

It is further ordered, That in the event of a grant of the application of the WMGM Corporation as a result of the hearing proceeding, such grant shall be without prejudice to such action as the Commission may deem necessary, if any, as a result of a final determination in the proceeding entitled United States of America v. Loew's Incorporated, Civil Action No. 119-24, in the United States District Court for the Southern District of New York.

It is further ordered, That in the event of a grant of the application of the Newark Broadcasting Corporation the construction permit shall contain a condition requiring that Station WVNJ request permission from the Commission to determine power of WVNJ by the indirect method; that during the installation period of the FM antenna WVNJ shall maintain the directional antenna system as closely as possible to values appearing in the license; and that upon completion of the installation WVNJ shall submit sufficient data to show that the directional antenna pattern remains substantially unchanged, but if there is any change in the antenna or common point resistance, WVNJ shall submit Forms 302 to report the change.

It is further ordered, That in the event of a grant of the application of the WMGM Broadcasting Corporation the construction permit shall contain a condition requiring the submission of sufficient data in accordance with § 3.250 of the Commission's rules for type acceptance of the transmitter.

It is further ordered, That the issues in the above-entitled proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon a sufficient allegation of facts in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give reasonable assurance that the proposals set forth in the application will be effectuated.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5868; Filed, July 30, 1958; 8:53 a. m.]

[Docket Nos. 12548, 12549; FCC 58-709]

FALCON BROADCASTING CO. AND SIERRA MADRE BROADCASTING CO.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of George A. Baron tr/as Falcon Broadcasting Company, Vernon, California, Docket No. 12548, File No. BPH-2382; Max H. Isoard tr/as Sierra Madre Broadcasting Company, Sierra Madre, California, Docket No. 12549, File No. BPH-2403; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of July 1958;

The Commission having under consideration the above-captioned applications of George A. Baron tr/as Falcon Broadcasting Company and Max H. Isoard tr/as Sierra Madre Broadcasting Company for construction permits for new Class A FM broadcast stations to operate on 107.1 megacycles, Channel No. 296, in Vernon and Sierra Madre, California, respectively;

It appearing that George A. Baron is legally, technically and otherwise qualified, except that there is some question as to his ability to finance the construction and initial operation of the station; and

It further appearing that Max H. Isoard is legally, technically, financially and otherwise qualified; and

It further appearing that operations of both stations as proposed would result in mutually destructive interference; and

It further appearing that the Bible Institute of Los Angeles, Inc., licensee of Station KBBI, Los Angeles, contends (1) that KBBI would suffer objectionable interference from each proposal; (2) that the application of the Falcon Broadcasting Company would not comply with the Commission's rules, namely, § 3.203 (a) in that a Class A station is designed to render service primarily to a community or to a city or town other than the principal city of an area, whereas, it is stated that Vernon has a population of only 432 persons and the station proposes to serve primarily the principal City of Los Angeles; § 3.203 (b) in that Class A stations are not permitted in cities having more than 6 Class B stations, whereas, the transmitting site is in Los Angeles which has more than 6 Class B stations; and § 3.313 (c) wherein it is stated that stations normally will not be authorized to operate in the same city or nearby cities with a frequency separation of less than 800 kilocycles, whereas, the frequency separation between the proposed channel and the assignment of Station KBBI is only 400 kilocycles; (3) that the application of the Sierra Madre Broadcasting Company would not comply with the Commission's rules, namely, § 3.203 (a) in that a Class A station's normally protected contour is the 1 mv/m contour, whereas, the proposed operation would suffer serious limitations within the 1 mv/m contour from the authorized operation of KBBI; § 3.313 (c) in that a frequency separation of only 400 kilocycles will exist between the proposed channel and the assignment of KBBI in place of 800 kilocycles; and the proposal would result in an inefficient distribution of facilities.

It further appearing that, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicants were advised by letter dated

April 29, 1958, of the aforementioned matters and that the Commission was unable to conclude that a grant of either application would be in the public interest; and

It further appearing that both applicants replied, indicating that they would appear at a hearing on their applications; and

It further appearing that the Falcon Broadcasting Company in a letter dated May 27, 1958, stated that an amendment was being prepared and would be filed as soon as completed, but that such an amendment has not yet been received; and

It further appearing that the Sierra Madre Broadcasting Company in a letter dated May 23, 1958, requested an extension of sixty days in which to review further the situation; and

It further appearing that the Commission is of the opinion that the orderly dispatch of the Commission's business requires that these applications be designated for hearing without further delay inasmuch as any applicant may amend after designation for hearing on a showing of good cause, pursuant to § 1.311 of the Commission's rules; and

It further appearing that the Commission, after consideration of the foregoing is of the opinion that a hearing on the instant applications is necessary; and

It further appearing that the Falcon Broadcasting Company proposes a Gates Type No. FM–1B, 1-kw transmitter which has not been type accepted by the Commission;

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations within the 50 uv/m and 1 mv/m contours of the operations proposed, respectively, by the Falcon Broadcasting Company and the Sierra Madre Broadcasting Company and the availability of other such FM broadcast service to the said areas and populations.

2. To determine whether the Falcon Broadcasting Company is financially qualified to construct and operate its proposed station.

3. To determine the nature and extent of the interference, including areas and populations affected thereby, if any, that each of the instant proposals would cause to Station KBBI.

4. To determine the nature and extent of the interference, including areas and populations affected thereby, if any, to be caused to the proposals of the Falcon Broadcasting Company and the Sierra Madre Broadcasting Company from operation of Station KBBI and whether the proposals would be in compliance with § 3.203 (a) of the Commission's rules which defines the 1 mv/m contour of a Class A station as the normally protected contour.

5. To determine whether the proposal of the Falcon Broadcasting Company is designed to render service primarily to Vernon, which is not the principal city of the area, and is in compliance with § 3.203 (a) of the Commission's rules which defines a Class A station as one designed to render service primarily to a community or to a city or town other than the principal city of an area, and the surrounding rural area.

6. To determine whether the proposal of the Falcon Broadcasting Company to locate its transmitter site in the city of Los Angeles is in compliance with § 3.203 (b) of the Commission's rules which prohibits Class A stations in cities where there are more than six Class B stations.

7. To determine whether the proposals of the Falcon Broadcasting Company and the Sierra Madre Broadcasting Company to operate on a channel only 400 kilocycles removed from the channel assigned to Station KBBI are in accordance with § 3.313 (c) of the Commission's rules which states that stations normally will not be authorized to operate in the same city or in nearby cities with a frequency separation of less than 800 kilocycles.

8. To determine whether the proposed operations of either the Falcon Broadcasting Company and the Sierra Madre Broadcasting Company would represent an inefficient use of the frequency.

9. To determine, in the light of the nature of the respective operations proposed and of the areas and populations to be served, together with the other evidence presented under issue 1, whether considerations with respect to section 307 (b) of the Communications Act of 1934, as amended, are applicable to the above-entitled proceeding, and, if so, whether a choice between the applications herein can be reasonable based thereon and if so, whether a grant to one or the other of the applicants would provide the more fair, efficient and equitable distribution of service to the communities involved.

10. To determine, in the event it is concluded that a choice between the two applications cannot be made on considerations relating to section 307 (b), which of the operations proposed in the above-captioned applications would better serve the public interest in the light of the evidence adduced with respect to the significant differences between the applicants as to:

a. The background and experience of each of the above-named applicants to own and operate its proposed station.

b. The proposals of each of the above-named applicants with respect to the management and operation of the proposed stations.

c. The programming service proposed in each of the above-mentioned applications.

11. To determine in the light of the evidence adduced pursuant to the foregoing issues, which of the applications should be granted.

It is further ordered, That the Bible Institute of Los Angeles, licensee of Station KBBI, Los Angeles, California, is made a party to the hearing.

It is further ordered, That the request by the Falcon Broadcasting Company for additional time to submit an amendment to its application is denied.

It is further ordered, That the request by the Sierra Madre Broadcasting Company for additional time to review further the situation is denied.

It is further ordered, That to avail themselves of the opportunity to be heard, the applicants herein, pursuant to § 1.140 (c) of the Commission's rules, in person or by an attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

It is further ordered, That in the event of a grant of the application of the Falcon Broadcasting Company, the construction permit shall contain a condition requiring the submission of sufficient data in accordance with § 3.250 of the Commission's rules for type acceptance of the transmitter.

It is further ordered, That the issues in the above-entitled proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon a sufficient allegation of facts in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give reasonable assurance that the proposals set forth in the application will be effectuated.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58–5869; Filed, July 30, 1958; 8:53 a. m.]

[Docket Nos. 12550, 12551; FCC 58–710]

PACIFICA FOUNDATION AND UNIVERSITY OF JUDAISM

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Pacifica Foundation, Pasadena, California, Docket No. 12550, File No. BPED–353; University of Judaism-West Coast Branch of the Jewish Theological Seminary, Los Angeles, California, Docket No. 12551, File No. BPED–357; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of July 1958;

The Commission having under consideration the above-captioned applications of Pacifica Foundation and the University of Judaism for construction permits for new noncommercial educational FM broadcast stations in Pasadena and Los Angeles, California, respectively, to operate on 90.7 and 90.5 megacycles, respectively;

It appearing that both of the applicants are legally, financially, technically and otherwise qualified to operate their proposed stations, but that the operation of both stations as proposed would result in mutually destructive interference; and

It further appearing that the frequency, 90.5 megacycles, requested by the University of Judaism is 10.6 megacycles

reserved from the frequency (101.1 megacycles) assigned Station KHJ–FM, Los Angeles, which frequency difference is only 0.1 megacycle removed from the standard intermediate frequency of 10.7 megacycles used in FM broadcast receivers, and that, therefore, operation of the University of Judaism may result in interference between the two operations; and

It further appearing that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicants were advised by letter dated May 7, 1958, of the aforementioned interference and that the Commission was unable to conclude that a grant of either application would be in the public interest; and

It further appearing that both applicants replied, indicating that they would appear at a hearing on their applications; and

It further appearing that the University of Judaism in a letter dated June 4, 1958, stated that an amendment to its application concerning additional engineering data was being prepared and would be submitted to the Commission when completed, but that such an amendment has not yet been received; and

It further appearing that the Commission is of the opinion that the orderly dispatch of the Commission's business requires that these applications be designated for hearing without further delay inasmuch as any applicant may amend after designation for hearing on a showing of good cause, pursuant to § 1.311 of the Commission's rules; and

It further appearing that the Commission, after consideration of the above is of the opinion that a hearing on these applications is necessary; and

It further appearing that the frequency requested by the University of Judaism (90.5 megacycles) is only 0.2 megacycle removed from the frequency (90.7 megacycles) for which Station KSPC, Claremont, California, Pomona College, licensee, is licensed (KSPC has a construction permit for a change in facilities and to change frequency to 88.9 megacycles), and operation of the University of Judaism's station on 90.5 megacycles would result in mutually destructive interference with KSPC's licensed operation on 90.7 megacycles; and

It further appearing that the frequency requested by Pacifica Foundation (90.7 megacycles) is the same frequency for which Station KSPC, Claremont, California, Pomona College, licensee, is licensed (KSPC has a construction permit for a change in facilities and to change frequency to 88.9 megacycles), and operation of the Pacifica Foundation's station on 90.7 megacycles would result in mutually destructive interference with KSPC's licensed operation on 90.7 megacycles; and

It further appearing that Pacifica Foundation proposes to use a composite transmitter which has not been type accepted by the Commission;

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations within the 50 uv/m and 1 mv/m contours of the operations proposed, respectively, by the Pacifica Foundation and the University of Judaism and the availability of other such FM broadcast service to the said areas and populations.

2. To determine whether the proposed operation of the University of Judaism on 90.5 megacycles would result in interference with the operation of Station KHJ–FM on 101.1 megacycles due to the 10.6-megacycle difference between the two frequencies, and if so, the extent of such interference.

3. To determine, in the light of the nature of the respective operations proposed and of the areas and populations to be served, together with the other evidence presented under issue 1, whether considerations with respect to section 307 (b) of the Communications Act of 1934, as amended, are applicable to the above-entitled proceeding, and, if so, whether a choice between the applicants herein can be reasonably based thereon and if so, whether a grant to one or the other of the applicants would provide the more fair, efficient and equitable distribution of service to the communities involved.

4. To determine, in the event it is concluded that a choice between the two applications cannot be made on considerations relating to section 307 (b), which of the operations proposed in the above-captioned applications would better serve the public interest in the light of the evidence adduced with respect to the significant differences between the applicants as to:

a. The background and experience of each of the above-named applicants to own and operate its proposed station.

b. The proposals of each of the above-named applicants with respect to the management and operation of the proposed stations.

c. The programming service proposed in each of the above-mentioned applications.

5. To determine in the light of the evidence adduced pursuant to the foregoing issues, which of the applications should be granted.

It is further ordered, That the request by the University of Judaism for additional time to submit an amendment to its application is denied.

It is further ordered, That to avail themselves of the opportunity to be heard, the applicants herein, pursuant to § 1.140 (c) of the Commission's rules, in person or by an attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

It is further ordered, That in the event of a grant of the application of the University of Judaism, the construction permit shall contain a condition stating that program tests will not be authorized until Station KSPC begins program tests on another frequency and that a station license will not be granted until Station KSPC is granted a station license for another frequency.

It is further ordered, That in the event of a grant of the application of Pacifica Foundation, the construction permit shall contain a condition stating that program tests will not be authorized until Station KSPC begins program tests on another frequency and that a station license will not be granted until Station KSPC is granted a station license for another frequency.

It is ordered, That in the event of a grant of the application of Pacifica Foundation, the construction permit shall contain a condition requiring the submission of sufficient data in accordance with § 3.350 of the Commission's rules for type acceptance of the transmitter.

It is further ordered, That the issues in the above-entitled proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon a sufficient allegation of facts in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give reasonable assurance that the proposals set forth in the application will be effectuated.

Released: July 28, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58–5870; Filed, July 30, 1958; 8:53 a. m.]

FEDERAL POWER COMMISSION

[Docket No. G–15527]

SKELLY OIL CO.

ORDER FOR HEARING AND SUSPENDING PROPOSED CHANGE IN RATES

JULY 25, 1958.

Skelly Oil Company (Skelly) on June 26, 1958, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change, dated June 24, 1958.

Purchaser: West Lake Natural Gas Company.

Rate schedule designation: Supplement No. 2 to Skelly's FPC Gas Rate Schedule No. 126.

Effective date: July 27, 1958 (the stated effective date is the first day after the expiration of the thirty days notice).

In support of the proposed increase Skelly states: that the price provision of the contract in its entirety, not merely the amount to be paid during any given period, resulted from good faith arm's length bargaining and in complete absence of circumstances under which Skelly could have exacted an unreasonable price, to deny the operation of the increase would be to reduce the originally

agreed price, the arrangement of a lower initial price with step-ups permits initial delivery at a price lower than the contemplated average price over the contract life and is economically desirable to the buyer, the seller and the public, the proposed price is just and reasonable, does not exceed or is lower than the prices of other similar gas in West Texas and Eastern New Mexico.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 2 to Skelly's FPC Gas Rate Schedule No. 126 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. 1), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 2 to Skelly's FPC Gas Rate Schedule No. 126.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until July 28, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended nor the rate schedule sought to be altered thereby shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission (Commissioners Kline and Hussey dissenting).

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5841; Filed, July 30, 1958; 8:48 a. m.]

[Docket No. G-13246, etc.]

MICHIGAN WISCONSIN PIPE LINE CO. ET AL.

ORDER REVERSING RULING OF THE PRESIDING EXAMINER AND FIXING DATE OF HEARING

JULY 25, 1958.

In the matters of Michigan Wisconsin Pipe Line Company, Docket No. G-13246; Northern Indiana Public Service Company, Docket Nos. G-12871, G-12872; Northern Illinois Gas Company, Docket No. G-13408; Michigan Gas Utilities Company, Docket No. G-13858.

On July 11, 1958, Staff Counsel filed an appeal from a ruling of the presiding examiner made on July 8, 1958, during the course of the hearing in the above-docketed proceedings. The effect of such ruling is to permit Michigan Wisconsin Pipe Line Company (Michigan Wisconsin) to present evidence with respect to a new proposed tariff embodying a two-part demand and commodity rate which counsel for Michigan Wisconsin stated on the record the company contemplated filing but, at the time had not filed with the Commission.[1] The presiding examiner also allowed Michigan Wisconsin and others to present evidence with respect to the requirements of customer companies on the basis of both Michigan Wisconsin's presently effective flat rate tariff and the new proposed two-part demand commodity rate form and rate level.

Upon consideration of Staff Counsel's appeal and the replies thereto, it appears that the allocation of the newly available supplies of gas on the basis of the proposed two-part rate would unduly prevent completion of these allocation proceedings at the earliest possible date as contemplated by the Commission in its order of May 16, 1958. Our action in reversing the ruling of the presiding examiner with respect to the admission of evidence concerning the proposed two-part rate is not necessarily to be construed as disapproval of the proposed rate form or rate level. However, notice of filing of the proposed new two-part rate must be given to all customer companies of Michigan Wisconsin, including those companies which are not parties to the present proceedings, and in the event such filing is accepted by the Commission all customers should be afforded an opportunity to make their views known with respect thereto.

The Commission finds: It is necessary and appropriate in the public interest to reverse the ruling of the presiding examiner made on July 8, 1958, in this proceeding permitting testimony with respect to the proposed two-part rate of Michigan Wisconsin.

The Commission orders:

(A) In accordance with the above finding, the ruling of the examiner made on July 8, 1958, should be and hereby is reversed, and no testimony with respect to Michigan Wisconsin's proposed two-part rate should be admitted into evidence at any further hearing of these proceedings and testimony with respect thereto adduced heretofore should be stricken from the record.

(B) The allocation of the newly available supplies of gas to Michigan Wisconsin should be made and determined by the examiner on the basis of Michigan Wisconsin's existing and presently effective tariff embodying a straight or flat commodity rate.

(C) The hearing in these proceedings heretofore postponed by the Commission's order of July 14, 1958, should be and hereby is ordered to be resumed on July 29, 1958, at 10:00 a. m., e. d. s. t.

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5852; Filed, July 30, 1958; 8:50 a. m.]

[1] On July 18, 1958, Michigan Wisconsin did file a proposed new tariff embodying a two-part demand and commodity form of rate. No action, however, has been taken by the Commission with respect to such filing.

[Docket No. G-3318]

SAM E. WILSON, JR.[2]

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 25, 1958.

Take notice that Sam E. Wilson, Jr. (Applicant), an individual with principal place of business in Corpus Christi, Texas, filed on September 27, 1954, in Docket No. G-3318, as amended on December 14, 1956 and February 21, 1957, an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application and amendments thereto which are on file with the Commission and open for public inspection.

At the time his application was filed, Applicant was selling natural gas in interstate commerce from production from certain leases, units or acreage located in the areas hereinafter designated to the respective purchasers as indicated for resale.

Source of Gas and Purchaser

Sibley Field, Webster Parish, La.; United Gas Pipe Line Company.

Bayliss Lease, Longwood Field, Caddo Parish, La.; United Gas Pipe Line Company.

Ocker Brothers Lease, Sam E. Wilson Field, Aransas County, Tex.; Western Natural Gas Company (for resale to Transcontinental Pipe Line Company).

Hynes "A" Lease, Refugio Fox Field, Refugio County, Tex.; Panhandle Oil Corporation (for resale to Tennessee Gas Transmission Company).

On December 14, 1956, Applicant filed a letter stating (1) that sales of gas from the Wilson Field in Aransas County, Texas, had been discontinued as of February 1955, because "• • • the well was depleted and the gas zone abandoned • • •", (2) that the last sale of gas from the Refugio Fox Field was made "• • • during the month of July 1955, as the well that was producing gas was practically depleted" and (3) "• • • Sam E. Wilson, Jr., has disposed of all his oil and gas producing properties in connection with the above docket."

On February 21, 1957, Applicant filed an amendment to his application requesting authority to abandon service to United Gas Pipe Line Company (United) from his leases in the Sibley Field for the reason that such leases, and the gas-depleted properties referred to above, had been conveyed to Tennessee Gas Transmission Company (Tennessee) by an instrument dated November 27, 1956, two copies of which were attached to the amendment. Tennessee filed an application in Docket No. G-12054 for a certificate of public convenience and necessity authorizing Tennessee to continue to make the sales to United which Applicant had been making prior to the assignment of his gas-sales contracts and gas-producing properties to Tennessee. The Commission's order issued April 7, 1958, in Docket No. G-12054, granted Tennessee a certificate to sell gas to United from Sibley Field, and dismissed as moot (1) that portion of Applicant's pending application in Docket No. G-3318 which relates to service to United from the Sibley Field and (2) Applicant's request, filed February 21, 1957, for authority to abandon service to United.

The foregoing information indicates that Applicant has disposed of all the gas-producing properties which are subject to consideration in Docket No. G-3318, and that prior to his assignment of such acreage to other parties, all of the wells—except those in the Sibley Field with respect to which Tennessee has already received certificate authorization to continue the sales to United—had become so depleted that no sales were being made therefrom. Under these circumstances, Applicant's letter of December 14, 1956, is being treated as an application to abandon service, pursuant to section 7 (b) of the Natural Gas Act, with reference to all acreage mentioned in the application in Docket No. G-3318 except the acreage identified in that portion of the application which has already been dismissed as moot by the Commission's order in Docket No. G-12054.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on August 28, 1958, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 4401 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5853; Filed, July 30, 1958; 8:50 a. m.]

[2] On June 7, 1954, Applicant was the operator of the Bayliss Lease in the Longwood Field, Caddo Parish, Louisiana; consequently, with respect to the Bayliss Lease only, Applicant filed for himself and as agent for General American Oil Company and John Costello.

GENERAL SERVICES ADMINISTRATION

[Delegation of Authority No. 348]

SECRETARY OF DEFENSE

DELEGATION OF AUTHORITY TO REPRESENT INTERESTS OF GOVERNMENT IN APPLICATION OF SAN DIEGO GAS AND ELECTRIC COMPANY FOR INCREASES IN GAS, ELECTRIC AND STEAM RATES BEFORE CALIFORNIA PUBLIC UTILITIES COMMISSION

1. Pursuant to the provisions of sections 201 (a) (4) and 205 (d) and (e) of the Federal Property and Administrative Services Act of 1949; 63 Stat. 377, as amended, authority to represent the interests of the executive agencies of the Federal Government in the matter of Applications of San Diego Gas and Electric Company for increases in gas, electric and steam rates, Applications Nos. 39679, 39680 and 39681, before the California Public Utilities Commission, is hereby delegated to the Secretary of Defense.

2. The Secretary of Defense is hereby authorized to redelegate any of the authority contained herein to any officer, official or employee of the Department of Defense.

3. The authority conferred herein shall be exercised in accordance with the policies, procedures and controls prescribed by the General Services Administration, and shall further be exercised in cooperation with the responsible officers, officials and employees of such Administration.

4. This delegation of authority shall be effective March 3, 1958.

FRANKLIN FLOETE, *Administrator.*

JULY 25, 1958.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-3074]

CORNUCOPIA GOLD MINES

ORDER SUMMARILY SUSPENDING TRADING

JULY 25, 1958.

In the matter of trading on the American Stock Exchange in the $0.05 par value common stock of Cornucopia Gold Mines; File No. 1-3074.

The Common Stock, $0.05 par value, of Cornucopia Gold Mines being listed and registered on the American Stock Exchange; and

The Commission being of the opinion that recent events render it impossible for the investing public to reach an informed judgment at this time as to the value of registrant's securities or for trading in such securities to be conducted in an orderly and equitable manner; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such exchange and that such action is necessary and appropriate for the protection of investors; and also being of the opinion that such suspension is necessary in order to prevent fraudulent, deceptive, or manipulative acts or practices, with the result that it will be unlawful under section 15 (c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule 15c2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of, such security otherwise than on a national securities exchange.

It is ordered, Pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934 that trading in said securities on the American Stock Exchange be summarily suspended in order to prevent fraudulent, deceptive, or manipulative acts or practices for a period of ten days from July 25, 1958, to August 3, 1958, inclusive.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[F. R. Doc. 58-5842; Filed, July 30, 1958; 8:48 a. m.]

[File No. 1-3074]

CORNUCOPIA GOLD MINES

ORDER AND NOTICE OF HEARING

JULY 25, 1958.

I. Cornucopia Gold Mines, a Washington corporation (hereinafter referred to as Cornucopia or the registrant), registered its common stock, $0.05 par value, on the American Stock Exchange, then known as The New York Curb Exchange, on June 10, 1939, pursuant to an application on Form 10 filed under sections 12 (b) and 12 (c) of the Securities Exchange Act of 1934 and the certification of the said Exchange filed under section 12 (d) of the said act, and the rules and regulations of the Commission promulgated thereunder.

II. On May 29, 1958, Cornucopia filed copies of preliminary proxy soliciting material, including financial statements of Cornucopia and six alleged subsidiaries, pursuant to section 14 (a) of the act and rules and regulations promulgated thereunder. The Commission has reason to believe that the information in such preliminary proxy soliciting material is false, misleading and omissive in material respects, more particularly as follows:

1. The information with regard to the terms of the transactions between registrant and "Proctor Associates", as defined on page 3, for the acquisition of controlling interests in Troop Water Heater Company, Deposit Courier, Inc. Carl W. Schutter Corporation, Carl W.

Schutter Realty Corporation and Century Controls Corporation.

2. The information with regard to the terms of the transactions between the registrant and Carl W. Schutter for the acquisition of Carl W. Schutter's interest in Carl W. Schutter Corporation and Carl W. Schutter Realty Corporation.

3. Statements on page 1 of the proxy statement to the effect that the program of the registrant has already resulted in the acquisition of the six alleged subsidiaries.

4. Statements under the caption "History and Business of Cornucopia Gold Mines", particularly with respect to the present status of mining properties and the nature of the work to be performed and the amount to be spent thereon.

5. Statements in the second full paragraph on page 4 regarding the principles followed in determining the number of Cornucopia shares to be issued in pursuance of the plan of acquisition.

6. The accuracy of statements in the last paragraph on page 4, relating to the "sole authority" of the board of directors to authorize the issuance of stock for property, and the reasons for submitting "the new program" to stockholders.

7. The accuracy of the statement in the note on page 4 to the effect that 365,333 shares of Century Controls Corporation is subject to management control of Cornucopia, under an irrevocable proxy agreement effective until September 1, 1959.

8. The accuracy of the statement in the first paragraph on page 8 regarding the fair current market value of the building and land of C. W. Schutter Realty Corporation.

9. The accuracy of information on page 11 with respect to mortgage held by Carl W. Schutter on the plant facilities of C. W. Schutter Realty Corporation.

10. The accuracy of statements on pages 15 and 16 concerning the plan, purpose and effect of increasing the capitalization of Cornucopia.

11. The accuracy of statements on page 17 concerning stock under option to Franco Modigliani.

12. The accuracy of statements under the caption "Election of Independent Auditors."

13. The accuracy of the representation that the nominees named for election are bona fide nominees.

14. The adequacy and accuracy of statements under the caption "Interests of Management and Others in Certain Transactions", and the failure to state information with regard to material interests of (1) directors and officers of the registrant, (2) nominees for election as directors, and (3) associates of the foregoing persons in material transactions to which the registrant or any of its alleged subsidiaries was a party or in any material proposed transactions to which the registrant or any of its alleged subsidiaries were to be a party.

15. The adequacy and accuracy of statements under the caption "Necessity of Stockholders' Approval of the Actions Herein Proposed."

16. The failure to disclose the true financial conditions of the allegedly acquired corporations and to furnish financial statements properly certified and prepared in accordance with the applicable provisions of Regulation S–X.

17. The failure to fully disclose on page 8 the circumstances surrounding the acceptance of the plan of management with the creditors of Century Controls Corporation, a New York corporation by the creditors of the said corporation.

18. The failure to state that Alabama Acceptance Corporation has filed a petition in bankruptcy, has not been discharged, and that questions have been raised in those proceedings regarding the transfer of assets of Alabama Acceptance Corporation to Cornucopia.

III. On May 29, 1958, Cornucopia filed a report on Form 10–K with the Commission pursuant to section 13 (a) of the Securities Exchange Act of 1934. The Commission has reason to believe that the report is false, misleading and omissive in material respects, more particularly as follows:

1. The accuracy of the answer "None" to Item 4 and the failure to state changes in the registrant's business.

2. The failure to state that certain of the named directors have never signified their willingness to serve as directors of the registrant.

3. Statements made in the certificate of Levison and Company regarding the nature and scope of the examination made of the financial accounts and records of Cornucopia, and the failure to furnish financial statements properly certified and prepared in accordance with the applicable provisions of Regulation S–X.

4. The adequacy and accuracy of the answer to Item 3 and the second footnote on page 2 of Form 10–K, and the failure to properly file a report on Form 8–K describing the change in control of Cornucopia.

IV. Registrant has failed to file with the Commission required reports on Form 8–K pursuant to section 13 of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder, more particularly as follows:

1. The failure to report an agreement made by Murray A. Talenfeld and Burton H. Talenfeld, two of five voting trustees of a voting trust, which held 25.1 percent of the outstanding stock of registrant, whereby they agreed to vote as directed by Earle Belle, one of the voting trustees of the said trust.

2. The failure to report the acquisition of a significant amount of assets acquired or to be acquired otherwise than in the ordinary course of business, whereby the registrant acquired or proposes to acquire a controlling interest in the Deposit Courier, Inc., a New York corporation, Troop Water Heater Company, a Pennsylvania corporation, Carl W. Schutter Corporation, a New York corporation, Carl W. Schutter Realty Corporation, a New York corporation, and Century Controls Corporation, a Delaware corporation, from Alabama Acceptance Corporation on or about January 27, 1958, and to include the required financial statements, together with copies of the contracts of acquisition as exhibits.

3. The failure to report the acquisition of Steiner Manufacturing Company, a Pennsylvania corporation, which was acquired pursuant to a contractual arrangement entered into in January of 1958, and to include the required financial statements, together with copies of the contract or contracts of acquisition as exhibits.

4. The failure to report an order of the Supreme Judicial Court in Equity of the Commonwealth of Massachusetts, No. 68,686, whereby the voting trustees of approximately 1,000,000 shares of the voting stock of Cornucopia were required to give a proxy irrevocable otherwise than by Court order, to Henry Parkman, Esq., to vote the said stock in accordance with trusts specified in the order, dated February 12, 1958, and the failure to report the substitution of Mr. Howard W. Robbins, Esq., for Mr. Parkman, deceased, per order of the Supreme Judicial Court in Equity of the Commonwealth of Massachusetts.

5. The failure to report proceedings under Chapter 11 of the Bankruptcy Act entered into by registrant's subsidiary, Century Controls Corporation, filed in the United States District Court, Eastern District of New York on or about December 10, 1957, confirmed on or about January 30, 1958.

6. The failure to report that on November 18, 1957, the registrant entered into an agreement whereby a placement fee of 10 percent is to be paid by the registrant on loans obtained or guaranteed by Eastern Investment and Development Corporation for the registrant or any of its subsidiary companies.

V. *It is ordered*, That a public hearing pursuant to section 19 (a) (2) of the act, be held at 10:00 a. m., e. d. s. t. September 2, 1958, in Room 193 at the offices of the Commission, 425 Second Street NW., Washington, D. C., to determine whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months, or to withdraw, the registration of the common stock of registrant on the American Stock Exchange for failure to comply with section 13 of the act and the rules and regulations adopted thereunder, and for filing with the Commission proxy material which appears to be false and misleading in material respects and which failed to comply with the disclosure requirements of Regulation 14 adopted pursuant to section 14 (a) of the act, as set forth in paragraphs II through IV above.

It is further ordered, That Robert K. Hislop is hereby designated and assigned as Hearing Officer in this proceeding and is authorized to exercise the powers and perform the duties specified in the rules of practice of the Commission and any other duties which he may be authorized to perform in accordance with law.

Notice of such hearing is hereby given to registrant, the American Stock Exchange and to any other person or persons whose participation in such proceedings may be necessary or appropriate in the public interest or for the protection of investors. Any such further persons desiring to be heard in such proceedings should file with the Hearing Officer or the Secretary of the Commission on or before August 18, 1958, his application therefor as provided by the rules of practice of the Commission, setting forth therein any of the above matters or issues of fact or law upon which he desires to be heard and any additional issues he deems raised by the aforesaid order.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

PETRA RODRIGUEZ VICENTE

AMENDED NOTICE OF INTENTION TO RETURN VESTED PROPERTY

Whereas, a Notice of Intention To Return Vested Property was published in the FEDERAL REGISTER on March 10, 1956 (21 F. R. 1545) with respect to the return of the property described below to Otto Orsikowsky;

Whereas, it subsequently appeared that Otto Orsikowsky died on December 15, 1954, in Madrid, Spain, and that his widow Mrs. Petra Rodriguez Vicente, became his proper successor-in-interest by inheritance;

Whereas, Mrs. Petra Rodriguez Vicente has been substituted as claimant in this matter;

Whereas, the cash item of "$1,685.33 in the Treasury of the United States" referred to under "Property and Location" in the aforesaid Notice of Intention has been increased by the sum of $16.25, representing an interest receipt;

Now, therefore, pursuant to section 32 of the Trading With the Enemy Act, as amended, the said Notice of Intention To Return Vested Property is hereby amended by deleting under the heading "Claimant" the name and address of Otto Orsikowsky, and deleting under the heading "Property and Location" the property described thereunder, and substituting in lieu thereof the following:

Claimant, Property, and Location

Mrs. Petra Rodrigues Vicente, Madrid, Spain; $1,701.58 in the Treasury of the United States; One (1) Konversionskasse fur Deutsche Auslandsschulden fractional certificate, 3 percent Series D Bond No. 69597, in the principal amount of $100.00, presently in the custody of the Federal Reserve Bank of New York; Three (3) Konversionskasse fur Deutsche Auslandsschulden fractional certificates, 3 percent Series B Bonds Nos. 283455, 283456 and 283457, in the principal amount of $20.00 each, and one (1) Konversionskasse fur Deutsche Auslandsschulden fractional certificate, 3 percent Series B Bond No. 035217, in the principal amount of $2.50, all of which are presently in the custody of the Federal Reserve Bank of New York.

Claim No. 63104. Vesting Order No. 9068.

All other provisions of said Notice of Intention to Return Vested Property, and all actions taken by or on behalf of the Attorney General of the United States in reliance thereon, pursuant thereto, and under the authority thereof, are hereby ratified and confirmed.

Executed at Washington, D. C., on July 22, 1958.

For the Attorney General.

[SEAL] PAUL V. MYRON, *Deputy Director, Office of Alien Property.*

  - Akron-Stark County 5896, 6203, 6702
  - Cincinnati 6755
  - Cleveland 5896
- Oklahoma; Red River Valley 6284, 6600
- Pennsylvania; Philadelphia 6510, 6628
- Rhode Island; Southeastern New England area 6465
- South Dakota; Eastern South Dakota 6379
- Texas:
  - Central West Texas 6284, 6600
  - Red River Valley 6284, 6600
- Wisconsin; Northeastern Wisconsin 6510, 6568

Minerals, reserved, disposal of; fair market value areas 6572

Naval stores (turpentine and rosin); redesignation of subchapter 6339

Nectarines; marketing of nectarines grown in California 5895
- Limitation of shipments 5896

Oranges. *See* Citrus Fruits.

Organization, functions, and authority:
- Agricultural Research Service, amendments 6328
- Commodity Stabilization Service; Internal Audit Division 6310

Packers and Stockyards Branch; stockyards, commission merchants, etc., notices respecting posting, rates, etc.:
- Posted stockyards, etc.; designation or removal:
  - Clinton Cattle Commission Co 6726
  - Cyprus Auction Yard 5930
  - Jonesboro Stockyards, Inc 5930
  - Owens Brothers Livestock Commission Co 5930
- Rates and charges; petition for modification by market agencies at Sioux City Stock Yards 6270

Peaches; marketing of peaches grown in Colorado (Mesa County) 6202

Peanuts; marketing quotas, farm acreage allotments, etc.:
- 1956 and subsequent crops 6756
- 1957 and subsequent crops 6545, 6756

Pears; marketing of Beurre D'Anjou, Beurre Bosc, Winter Nelis, etc., varieties of pears grown in Oregon, Washington, and California, regulation by grades and sizes 5838

Peas; marketing of peas grown in Colorado 6198

Pigeons. *See* Poultry.

Plant quarantine, control of diseases, and pests, etc.:
- Domestic quarantine notices; Khapra beetle, designation of premises as regulated areas 6229
- Foreign quarantine notices; prescribing size limitations for cacti, cycads, yuccas, dracaenas, and plants of similar growth habits, proposed rule making 6143

Plums; marketing of plums grown in California, limitation of shipments 6740

Potatoes; marketing of Irish potatoes grown in various States:
- Colorado 6102, 6373
- Idaho (certain designated counties) 6231
- Limitation of shipments 6171, 6742

AGRICULTURE DEPARTMENT—Continued Page

Potatoes; marketing of Irish potatoes—Continued
- Oregon; Malheur County 6231
- Limitation of shipments 6171, 6742
- Washington 6198
- Limitation of shipments 6199, 6617

Poultry (chickens, ducks, geese, guineas, pigeons, turkeys, etc.); national improvement plan, proposed rule making:
- Auxiliary provisions of poultry and turkey improvement plans 6676
- Chickens and certain other poultry improvement plan 6676
- Turkey improvement plan 6676

Prunes; marketing of dried prunes produced in California 6339, 6341, 6592

Raisins; marketing of raisins produced from grapes grown in California 6374, 6591

Rosin. *See* Naval stores.

Sheep. *See* Livestock.

Soil bank program, regulations:
- Acreage reserve program for various commodities (corn, cotton, peanuts, rice, wheat, and tobacco):
  - 1956 program; Supplement IV, compensation for certain losses under program 6174
  - 1958 program; set-offs 6227
- Conservation reserve program:
  - Conservation reserve contract 5956
  - Manner and time of payments 5956
  - Waiver; revocation 5956
- Soil bank base acreages. *See* Marketing quotas, acreage allotments, etc.
- Violations procedure; amount of forfeiture or refund for harvesting crops from acreage reserve 5886

Standards, for various agricultural commodities, *see specific commodities.*

Sugars; production, marketing, etc.:
- Prices, determination of; sugar beets, 1958 crop 5895
- Proportionate shares for farms; beet sugar area, domestic, 1958 crop:
  - Idaho 5853
  - Kansas 6497
  - Minnesota 5854
  - Montana 5855
  - Nevada 5856
  - New Mexico 5857
  - North Dakota 5858
  - Ohio 5860
  - South Dakota 5861
  - Texas 5862
  - Utah 6496
  - Wyoming 6491
- Wage rates, determination of; sugarcane, Florida, July 1, 1958–July 1, 1959 6220

Support prices, for various agricultural commodities. *See main heading* Commodity Credit Corporation.

Tobacco:
- Inspection; extension of inspection and price support services to new markets and additional sales on designated markets 6316
- Marketing quotas, farm acreage allotments, etc.; burley, flue-cured, fire-cured, dark air-cured and Virginia sun-cured tobacco, 1958–59 marketing year 6090
- Referenda, direction concerning, for fire-cured (Type 21) tobacco and Virginia sun-cured (Type 37) tobacco 6610

Turkeys. *See* Poultry.

Turpentine. *See* Naval stores.

Vegetables:
- *See also specific vegetables.*
- Marketing of vegetables grown in various States, *see specific vegetables.*

Viruses, serums, toxins, etc.:
- Anti-hog-cholera serum. *See* Hog cholera.
- Hog cholera; anti-hog-cholera serum and hog cholera virus, handling of, in interstate and foreign countries, 5879, 6325, 6326

Walnuts; marketing of walnuts grown in California, Oregon, and Washington 6325

Warehouses, for various agricultural commodities, regulations respecting:
- Cotton warehouses 6325
- Redesignation of subchapter 6326

AIR FORCE DEPARTMENT: Page
- Aircraft restricted areas over military installations, designation in coordination with Air Force. *See main heading* Civil Aeronautics Administration.
- Appointment without compensation and statements of financial interests under Defense Production Act of 1950 6267
- Claims:
  - Claims against United States, maritime claims; purpose, claims payable, limitation of settlement, etc 5992
  - Claims in favor of United States, maritime claims; claims exceeding $500,000, demands, etc 5993
- Procurement, Armed services procurement regulations. *See main heading* Defense Department.

AIR POLLUTION, resulting from Federal activities; prevention of (Executive Order 10779) 6487

ATOMIC ENERGY COMMISSION—Continued Page

Production and utilization facilities, licensing of:
Construction and/or operation; licenses or permits for various companies for reactors and critical experiment facilities at specified locations:
Aerojet-General Nucleonics, San Ramon, Calif.. 6189, 6271, 6758
Babcock & Wilcox Co., Lynchburg, Va. 6380
General Dynamics Corp., Torrey Pines Mesa, Calif. 6725
General Electric Co., Vallecitos Atomic Laboratory, Alameda County, Calif. 6329, 6533, 6637
Industrial Reactor Laboratories, Inc., Plainsboro, N. J. 6758
National Advisory Committee for Aeronautics. 5881
North American Aviation, Inc., withdrawal of facility license application. 5882
University of Arizona. 6365
University of California, Regents of; withdrawal of facility license application. 5882
University of Florida, Gainsville, Fla., amendment to permit. 6004
University of Michigan. 6364
University of Oklahoma, Norman, Okla. 5965
Westinghouse Electric Corp., Waltz Mill, Pa. 6758
Export licenses for reactors; applications, permits, etc.:
American Intercontinental Trade and Service Co. (AMITAS) Inc.; Centre d'Etudes de l'Energie Nucleaire (CEN), Brussels, Belgium. 6381
American Machine & Foundry Co.; Osterreichische Studiengesellschaft Fur Atomenergie Gesellschaft, Austria. 5931
Innocente Mangili Adriatica, Inc.; Politecnico Di Milano, Milano, Italy. 6381
Waste disposal services, radioactive; various companies, applications for license to provide services:
American Mail Line, Ltd. 5882
Isotopes Specialties Co. 6726
New England Tank Cleaning Co. 6724
Walker Trucking Co. 6723

B

BOARDS; Career Executive Board, membership (Executive Order 10777). 6097

C

CANAL ZONE GOVERNMENT:
Operation and navigation of Panama Canal and adjacent waters; load and trim of vessels. 6281
Public lands, military and naval reservations; leasing of public lands in Canal Zone, deletion. 6555
CAREER EXECUTIVE BOARD, increase in membership (Executive Order 10777). 6097
CAREER EXECUTIVE PROGRAM (Executive Order 10777). 6097

CENSUS BUREAU:
Authority, delegation of, from Secretary of Commerce to Director; contracts for supplies and services. 6329

CIVIL AERONAUTICS ADMINISTRATION:
Air traffic control; security control of air traffic, designated air defense identification zones and defense areas:
Alaskan (Coastal) ADIZ. 6493
Western Defense Area. 6493
Airworthiness directives (specifying products of unsound conditions, and conditions, limitations, or inspections under which products may continue to be operated) amended or issued; July 1958. 6343
Civil airways, designation of; alterations:
Colored civil airways (amber, blue, green, red). 5865, 5897
VOR civil airways. 5866
Control areas, control zones, reporting points, and positive control route segments, designation of; alteration:
Control areas:
Colored civil airways (amber, blue, green, red). 5870
Extension of control areas. 5870
VOR civil airway control areas. 5871

CIVIL AERONAUTICS ADMINISTRATION—Con. Page

Control areas, control zones, etc.—Continued
Control zones:
Additional control zones. 5871
Five-mile radius zones. 5871
Three-mile radius zones. 5871
Introduction; basis and purpose, and explanation of terms. 5872
Positive control route segments, designation of. 5873
Reporting points:
Colored civil airways (amber, blue, green, red). 5871
VOR domestic reporting points. 5872
Instrument flight rules:
Altitudes; minimum en route IFR altitudes, particular routes and intersections:
Colored civil airways (amber, blue, green, red). 5897
Direct routes, United States. 5897
VOR civil airways. 5898
Instrument approach procedures, standard (including ceiling, visibility, and weather minimums for take-off and landing at particular airports); procedure alterations:
Instrument landing system procedures. 6181, 6450, 6620, 6750
Radar procedures. 6451
Radio range procedures:
Low or medium frequency range, automatic direction finding, and very high frequency omnirange procedures. 5954, 6180, 6448, 6618, 6750
Terminal very high frequency omnirange procedures. 6450
Organization and functions; changes in addresses of Flight Operations and Airworthiness District Offices. 6004
Restricted areas:
Designation of restricted areas over Army, Navy, and Air Force installations in various States, and Puerto Rico; alterations:
Delaware. 6179
Florida. 6179
Georgia. 6492
Maine. 6492
Massachusetts. 6492
Mississippi. 6179
Nevada. 6179
New Hampshire. 6492
New Jersey. 6179
North Carolina. 6179
Puerto Rico. 6179
Virginia. 6492
Prohibitions; substitution of "controlling agency" for "using agency". 6179

CIVIL AERONAUTICS BOARD:
Accident, investigation of; Little Rock, Arkansas. 6333
Air carriers:
Accounts of. *See* Economic regulations.
Foreign. *See* Foreign aircraft within United States.
Irregular. *See* Irregular air carriers and off-route rules.
Scheduled. *See* Scheduled air carriers.
Air traffic rules:
Instrument flight rules, cruising altitudes. 6342
Reports; voluntary pilot report of near mid-air ("near-miss") collisions, proposed special regulation. 5998
Visual flight rules (VFR):
Basic VFR minimum weather. 6177
Special VFR minimum weather. 6177
Airmen; certificates and ratings. *See* Certificates and ratings.
Airworthiness requirements for various types of aircraft:
Airplane airworthiness:
Normal, utility, and acrobatic categories; equipment, anti-collision light system, proposed rule making. 5996
Transport categories:
Equipment; anti-collision light system, proposed rule making. 5996
Fire prevention; compliance with smoke and fire detector provisions of regulations for cargo and passenger compartments (SR-401C). 6319
Supplemental oxygen requirements. 6743

CIVIL AERONAUTICS BOARD—Continued Page

Airworthiness requirements, etc.—Continued
Rotorcraft airworthiness:
Normal category; equipment, anti-collision light system, proposed rule making. 5996
Transport categories; equipment, anti-collision light system, proposed rule making. 5996
Certificates and ratings; airmen:
Dispatcher, aircraft, certificates. 5864, 6103
Engineer, flight, certificates. 6548
Pilot and instructor certificates:
Pilot certificates to graduates of certificated flying schools, issuance of. 6663
United States pilot certificates, issuance to holders of foreign pilot certificates. 6374
Economic regulations, for air carriers:
Accounts, uniform system of:
Air carrier groupings and standard name abbreviations; Trans Caribbean Airways, proposed rule making. 6629
Balance sheet classifications, proposed rule making. 6629
Definitions, proposed rule making. 6629
General accounting provisions:
Capitalization of interest. 5953
Proposed rule making. 6629
General reporting provisions, proposed rule making. 6629
Profit and loss classification, proposed rule making. 6629
Standard air carrier operation abbreviations; Trans Caribbean Airways, proposed rule making. 6629
Agreements, filing of; contracts of agreements between affiliated carriers. 6103
Foreign aircraft within United States; operations permitted by foreign air carriers, proposed rule making. 5930
Hearings, investigation, etc.:
Accident, investigation of. *See* Accident.
Companies and cases, list of, *see list at end of this agency.*
Irregular air carriers and off-route rules:
Equipment; supplemental oxygen requirements for sustenance and first-aid. 6748
Fire prevention; compliance with smoke and fire detector provisions of regulations for cargo and passenger compartments (SR-401C). 6319
Flight crew requirements; pilot recent experience, withdrawal of proposed rule making. 6601
Reports; voluntary pilot report of near mid-air ("near-miss") collisions, proposed special regulation. 5998
Operation rules, for various types of aircraft:
See also Foreign air carriers; Irregular air carriers; Scheduled air carriers.
General operation rules; voluntary pilot report of near mid-air ("near-miss") collisions, proposed special regulation. 5998
Rotorcraft airworthiness. *See* Airworthiness.
Scheduled air carriers:
Interstate air carrier certification and operation rules:
Airmen; flight crew member and dispatcher qualifications, pilot recent experience, withdrawal of proposed rule making. 6601
Fire prevention; compliance with smoke and fire detector provisions of regulations for cargo and passenger compartments (SR-401C). 6319
Instruments and equipment; all operations, supplemental oxygen requirements for sustenance and first-aid. 6744
Operations outside continental limits of United States, certification and operation rules:
Fire prevention; compliance with smoke and fire detector provisions of regulations for cargo and passenger compartments (SR-401C). 6319
Passenger operation rules:
Aircraft requirements; instrument and equipment, supplemental oxygen requirements for sustenance and first-aid. 6746
Airman rules; initial pilot flight training and recent experience, withdrawal of proposed rule making. 6601

PARALLEL TABLES OF STATUTORY AUTHORITIES AND RULES

Following is a list of current additions to the Parallel Tables of Statutory Authorities and Rules appearing in Title 1 of the Code of Federal Regulations. These additions are made as a result of the rules published in the FEDERAL REGISTER during August 1958. In order to determine the FEDERAL REGISTER page numbers of the CFR titles and parts involved, users should consult the Codification Guide.

It should be noted that recent legislation not yet assigned within the U. S. Code is carried by public law number at the end of the list.

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

MISCELLANEOUS AMENDMENTS TO CHAPTER

NONIMMIGRANTS

The following amendments to Chapter I of Title 8 of the Code of Federal Regulations are hereby prescribed:

PART 206—REVOCATION OF APPROVAL OF PETITIONS

1. The introductory material of § 206.1 *Automatic revocation* is amended by deleting the reference "214h" and inserting in lieu thereof the reference "214".

2. Paragraph (d) is added to § 206.1 *Automatic revocation* to read as follows:

(d) When it shall appear to a district director that the approval of a petition has been automatically revoked, he shall cause a notice of such revocation to be sent promptly to the consular office having jurisdiction over the visa application and a copy of such notice to be mailed to the petitioner's last known address.

3. Section 206.2 *Revocation on notice* is amended by deleting the reference "214h" and inserting in lieu thereof the reference "214".

4. Sections 206.11 *Notice of revocation* and 206.22 *Notice of revocation* are revoked.

5. Section 206.21 *Revocation on notice; procedure* is renumbered and amended to read as follows:

§ 206.3 *Procedure.* Revocation of approval of a petition under § 206.2 shall be made only upon notice to the petitioner who shall be given an opportunity to offer evidence in support of the petition and in opposition to the grounds alleged for revocation of the approval. If, upon reconsideration, the approval previously granted is revoked, the petitioner shall be informed of the decision with the reasons therefor and shall have 10 days from the receipt of notification of the decision within which to appeal as provided in Part 6 of this chapter if the petition initially was approved for classification under section 205 of the act, or as provided in Part 7 of this chapter if the petition initially was approved for classification under section 204 or 214 (c) of the act, and the consular office having jurisdiction over the visa application shall be notified of the revocation.

PART 212—DOCUMENTARY REQUIREMENTS: NONIMMIGRANTS; WAIVERS; ADMISSION OF CERTAIN INADMISSIBLE ALIENS; PAROLE

Subparagraph (5) of paragraph (a) *Visa and passport waivers* of § 212.1 *Documentary requirements for nonimmigrants* is amended by deleting the reference "§ 214c.1" and inserting in lieu thereof the reference "§ 214.2 (c) (1)".

PART 214—NONIMMIGRANT CLASSES

1. The headnote to Part 214—Admission of Nonimmigrants: General is amended to read as set forth above.

2. Part 214 is amended to read as follows:

Sec.
214.1 General requirements for admission, extension, and maintenance of status.
214.2 Special requirements for admission, extension, and maintenance of status.
214.3 Petitions for approval of schools.
214.4 Petitions for temporary workers.

AUTHORITY: §§ 214.1 to 214.4 issued under sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 101, 212, 214, 66 Stat. 166, 182, 189; 8 U. S. C. 1101, 1182, 1184.

§ 214.1 *General requirements for admission, extension, and maintenance of status.* Every nonimmigrant alien applicant for admission or extension of stay in the United States shall establish that he is admissible to the United States or that a ground of inadmissibility has been waived under section 212 (d) (3) of the act; present a passport, valid for the period set forth in section 212 (a) (26) of the act, except as otherwise provided in this chapter, and, upon admission, a valid visa, except when either or both documents have been waived; agree that he will abide by all the terms and conditions of his admission or extension, and that he will depart at the expiration of the period of his admis-

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

(As of January 1, 1958)

All Supplements and revised books have been issued and are now available except the following:

sion or extension or on abandonment of his authorized nonimmigrant status; and post a bond on Form I–317 or I–377 in the sum of not less than $500 if required by the district director, special inquiry officer, or the Board of Immigration Appeals at the time of admission or extension, to insure the maintenance of the alien's nonimmigrant status and his departure from the United States. Nonimmigrants other than of the classes

defined in section 101 (a) (15) (C) or (D) of the act (members of which classes are ineligible for extensions of stay) or Title V of the Agricultural Act of 1949, as amended, who are maintaining nonimmigrant status and whose period of admission has not expired shall apply on Form I–539 and may be granted or denied, without appeal, extensions of their periods of temporary admission, and, in the case of a nonimmigrant alien of the class defined in section 101 (a) (15) (F) of the act, authorization of employment or practical training by an officer in charge of a suboffice or a district director.

§ 214.2 *Special requirements for admission, extension, and maintenance of status.* The general requirements in § 214.1 are modified for the following nonimmigrant classes:

(a) *Foreign government officials.* The determination by a consular officer prior to admission and the recognition by the Secretary of State subsequent to admission shall prima facie establish the classification of a nonimmigrant defined in section 101 (a) (15) (A) of the act.

(b) *Visitors.* The classification of visitors in the act has been subdivided for visa, admission, and extension purposes into visitors for business (B–1) and visitors for pleasure (B–2).

(c) *Transits*—(1) *Without visas.* Any alien, except a citizen and resident of the Union of Soviet Socialist Republics, Estonia, Latvia, Lithuania, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, Albania, Peoples Republic of China, Peoples Democratic Republic of Korea (North Korea Regime), German Democratic Republic, and North Vietnam (Viet Minh), applying for immediate and continuous transit through the United States, must establish that he is admissible; that he has confirmed and onward reservations to at least the next country beyond the United States (except that, if seeking to join a vessel or aircraft in the United States as a crewman, the vessel or aircraft will depart directly foreign, and his departure will be completed within a maximum of 5 calendar days after his arrival), and that he has a document establishing his ability to enter some country other than the United States. Except for transit from one part of foreign contiguous territory to another part of the same territory, application for direct transit without a visa must be made at one of the following ports of entry: Boston, Mass.; New York, N. Y.; Norfolk, Va.; Baltimore, Md.; Philadelphia, Pa.; Miami, Fla.; Tampa, Fla.; New Orleans, La.; San Antonio, Tex.; Dallas, Tex.; Houston, Tex.; Brownsville, Tex.; Los Angeles, Calif.; San Francisco, Calif.; Honolulu, T. H.; Seattle, Wash.; Portland, Oreg.; St. Paul, Minn.; Chicago, Ill.; Detroit, Mich.; Anchorage, Alaska; San Juan, P. R.; Charlotte Amalie, V. I.; Christiansted, V. I.; Agana, Guam. The acceptance of the transit privilege constitutes an agreement by the alien and the carrier that at all times he is not aboard an aircraft which is in flight through the United States he shall be in the custody directed by the district director having administrative jurisdiction over the port of entry and, should he violate any of the terms of such admission, an agreement by the alien immediately to depart voluntarily from the United States without recourse to any type of hearing or proceeding provided for in this chapter.

(2) *United Nations Headquarters District.* An alien of the class defined in section 101 (a) (15) (C) of the act, whose nonimmigrant visa by its own terms is limited to transit to and from the United Nations Headquarters District, shall be admitted, if otherwise admissible, on the additional conditions that he proceeds directly to New York City and remains there continuously, departing therefrom only if required in connection with his departure from the United States, and that he has a document establishing his ability to enter some country other than the United States following his sojourn in the United Nations Headquarters District.

(d) *Crewmen.* The provisions of Parts 252 and 253 of this chapter shall govern the landing of crewmen as nonimmigrants of the class defined in section 101 (a) (15) (D) of the act.

(e) *Traders and investors.* A trader or dependent admitted to the United States under the Immigration Act of 1924 prior to December 24, 1952, shall annually, on the anniversary date of his original admission, submit Form I–126 to the district director having jurisdiction over his residence.

(f) *Students.* A student shall not be eligible for admission to the United States or extension of stay unless he presents Form I–20 properly filled out by the school to which he is destined and personally executes the reverse of the form. Form I–20 presented by a student returning from a temporary absence may be retained by him and used for any number of reentries within six months from date of issuance.

(g) *Representatives to international organizations.* The determination by a consular officer prior to admission and the recognition by the Secretary of State subsequent to admission shall prima facie establish the classification of a nonimmigrant defined in section 101 (a) (15) (G) of the act.

(h) *Temporary employees.* An alien of the classes defined in section 101 (a) (15) (H) of the act must be the beneficiary of an approved visa petition filed in his behalf.

(i) *Representatives of information media.* The admission of an alien of the class defined in section 101 (a) (15) (I) of the act constitutes an agreement by the alien not to change the information medium or his employer until he obtains permission to do so from the district director having jurisdiction over his residence.

(j) *Exchange aliens.* An exchange alien shall not be eligible for admission to the United States or extension of stay unless he presents Form DSP–66 properly filled out by the sponsor of his program and personally executes the reverse of the form. Form DSP–66 presented by an exchange alien returning from a temporary absence may be retained by him and used for any number of reentries within six months from date of issuance.

(k) *Mexican agricultural workers.* An alien, native and citizen of Mexico, bona fide resident of that country for the preceding year, shall, upon fingerprinting, be issued a Form I–100C and admitted for agricultural employment at a port of entry (reception center) provided the immigration officer is satisfied that the alien will, and the alien agrees to, abide by the following conditions: that he will engage only in employment specified in Title V of the Agricultural Act of 1949, as amended, the Migrant Labor Agreement of 1951, as amended, and the contract of employment approved by the Secretary of Labor; that he will depart upon the expiration of the period for which he was admitted; and that he will carry with him at all times during his authorized stay in the United States the Form I–100C issued to him at the time of admission or extension and surrender it at the port of entry through which he departs to Mexico, except that such form may be retained by an agricultural worker, still maintaining status, returning temporarily to Mexico, provided a furlough letter is presented, signed by his employer and endorsed by a representative of the United States Employment Service and Mexican consul when the furlough exceeds 15 days or is during the last 15 or 30 days respectively of a contract less than or exceeding six weeks. Pursuant to the authority contained in section 212 (d) (3) of the act, the bar to admissibility contained in paragraph (16) or (17) of section 212 (a) of the act is hereby waived for an alien who establishes that he is otherwise admissible as an agricultural worker except for his previous removal or deportation because of entry without inspection or lack of required documents.

§ 214.3 *Petitions for approval of schools.* Any institution or place of study seeking approval for the attendance of alien students shall file with the district director having administrative jurisdiction over the place in which it is located a Form I–17. The petitioner shall be notified of the decision, and, if denied, of the reasons therefor and of the right to appeal within 10 days from the receipt of such notification in accordance with the provisions of Part 7 of this chapter. Whenever a district director having administrative jurisdiction over the place in which an approved institution of learning or place of study is located has reason to believe that it is no longer entitled to approval, he shall send it a notice containing the reasons why it is proposed within 30 days of the delivery of the notice to enter a decision withdrawing the approval previously granted. Within such 30-day period, which may be extended, the institution or place of study may submit to the district director written representations, under oath and supported by documentary evidence, setting forth reasons why the approval should not be withdrawn. After consideration of the facts presented, the district director shall notify the institution or place of study in writing of his

decision and, if said decision is to withdraw the approval previously granted, the reasons therefor, and that it has 10 days from receipt of notification of decision in which to appeal in accordance with Part 7 of this chapter. The report on the initial registration and termination of each nonimmigrant student shall be made on Form I–21.

§ 214.4 *Petitions for temporary workers.* The petition to import an alien to perform services, labor, or training under section 214 (c) of the Act shall be filed on Form I–129B. The petitioner shall be notified of the decision and, if the petition is denied, of the reasons therefor and of his right to appeal within 10 days from the receipt of such notification in accordance with Part 7 of this chapter.

PART 214a—ADMISSION OF NONIMMIGRANTS: FOREIGN GOVERNMENT OFFICIAL

Part 214a is revoked.

PART 214b—ADMISSION OF NONIMMIGRANTS: TEMPORARY VISITOR FOR BUSINESS OR PLEASURE

Part. 214b is revoked.

PART 214c—ADMISSION OF NONIMMIGRANTS: TRANSIT ALIENS

Part 214c is revoked.

PART 214d—ADMISSION OF NONIMMIGRANTS: CREWMEN

Part. 214d is revoked.

PART 214e—ADMISSION OF NONIMMIGRANTS: TREATY TRADER

Part 214e is revoked.

PART 214f—ADMISSION OF NONIMMIGRANTS: STUDENTS

Part 214f is revoked.

PART 214g—ADMISSION OF NONIMMIGRANTS: FOREIGN GOVERNMENT REPRESENTATIVES TO INTERNATIONAL ORGANIZATIONS

Part 214g is revoked.

PART 214h—ADMISSION OF NONIMMIGRANTS: TEMPORARY SERVICES, LABOR OR TRAINING

Part 214h is revoked.

PART 214i—ADMISSION OF NONIMMIGRANTS: REPRESENTATIVES OF INFORMATION MEDIA

Part 214i is revoked.

PART 214j—ADMISSION OF NONIMMIGRANTS: EXCHANGE ALIENS

Part 214j is revoked.

PART 214k—ADMISSION OF AGRICULTURAL WORKERS UNDER SPECIAL LEGISLATION

Part 214k is revoked.

PART 214m—ADMISSION OF NONIMMIGRANTS: NATO ALIENS

Part 214m is revoked.

PART 237—DEPORTATION OF EXCLUDED ALIENS

Part 237 is amended to read as follows:

Sec.
237.1 Stay of deportation of exeluded alien.
237.2 Cost of maintenance not assessed.
237.3 Imposition of penalty.
237.4 Notice to transportation line of alien's exclusion.

AUTHORITY: §§ 237.1 to 237.4 issued under sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 233, 237, 243, 280, 66 Stat. 197, 201, 214, 230; 8 U. S. C. 1223, 1227, 1255, 1330.

§ 237.1 *Stay of deportation of excluded alien.* The district director in charge of the port of arrival may stay the immediate deportation of an excluded alien pursuant to sections 237 (a) and (d) of the act under such conditions as he may prescribe.

§ 237.2 *Cost of maintenance not assessed.* A claim pursuant to section 237 (a) (2) (B) of the act shall be established to the satisfaction of the district director in charge of the port of arrival, from whose adverse decision no appeal shall lie. The district director shall afford the line a reasonable time within which to submit affidavits and briefs to support its claim.

§ 237.3 *Imposition of penalty.* Penalties for violation of sections 233 and 237 of the act shall be imposed in accordance with the provisions of Part 280 of this chapter. A bond or undertaking submitted to obtain clearance as provided in section 237 (b) of the act shall be on Form I–310.

§ 237.4 *Notice to transportation line of alien's exclusion.* An excluded alien shall, immediately or as promptly as the circumstances permit, be offered for deportation to the master, commanding officer, purser, person in charge, agent, owner, or consignee of the vessel or aircraft on which the alien is to be deported, as determined by the district director, with a written notice specifying the cause of exclusion, the class of travel in which such alien arrived and is to be deported, and with the return of any documentation which will assist in effecting his deportation. If special care and attention is required, the provisions of § 243.11 of this chapter shall apply.

PART 242—PROCEEDINGS TO DETERMINE DEPORTABILITY OF ALIENS IN THE UNITED STATES: APPREHENSION, CUSTODY, HEARING, AND APPEAL

1. The second and fourth sentences of paragraph (b) *Authorized officer* of § 242.2 *Apprehension, custody, and detention* are amended to read as follows: "The alien may appeal to the Board of Immigration Appeals from any such determination. • • • Upon the filing of such a notice of appeal, the district director shall immediately transmit to the Board of Immigration Appeals all records and information pertaining to his action and shall notify the regional commissioner."

2. Paragraph (c) of § 242.2 *Apprehension, custody, and detention* is amended to read as follows:

(c) *Revocation.* When an alien who having been arrested and taken into custody has been released, such release may be revoked at any time in the discretion of the district director, in which event the alien may be taken into physical custody and detained. If detained, unless a breach has occured, any outstanding bond shall be revoked and cancelled.

PART 299—IMMIGRATION FORMS

Section 299.1 *Prescribed forms* is amended in the following respects:

1. The following forms and reference thereto is added to the list of forms and is inserted between forms "Customs 7507 and FS–256a":

Form No., Title and Description	
DSP–66	Certificate of Eligibility for Exchange Visitor Status.

2. The following form and reference thereto is deleted:

Form No., Title and Description	
I–24	Application by Alien Student for Permission to Accept Employment.

PART 310—REQUISITION OF FORMS BY CLERKS OF COURT

Part 310 is revoked.

PART 312—EDUCATIONAL REQUIREMENTS FOR NATURALIZATION

Part 312 is revoked.

PART 316—GOOD MORAL CHARACTER

Part 316 is revoked.

PART 317—TEMPORARY ABSENCE OF PERSONS PERFORMING RELIGIOUS DUTIES

Part 317 is revoked.

PART 322—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: CHILDREN OF CITIZEN PARENT

Part 322 is amended to read as follows:

§ 322.1 *Petition.* An application to file a petition for naturalization under section 322 or 323 of the act in behalf of a child shall be submitted on Form N–402. The petition for naturalization shall be filed on Form N–407, in duplicate. A child under this part is not required to establish any particular period of residence in a State.

(Sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 322, 323, 332, 66 Stat. 246, 252; 8 U. S. C. 1433, 1434, 1443)

PART 324—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: WOMEN WHO HAVE LOST UNITED STATES CITIZENSHIP BY MARRIAGE

Sections 324.11 *Former citizen at birth or by naturalization; procedural requirements* and 324.12 *A woman, citizen of the United States at birth, who lost or is believed to have lost citizenship by marriage and whose marriage has terminated; procedural requirements* are amended to read as follows:

§ 324.11 *Former citizen at birth or by naturalization.* A former citizen of the United States of the class described in section 324 (a) of the act shall submit an application to file a petition for naturalization on Form N–400 and supplemental Form N–400A. The petition for naturalization of such person shall be filed on Form N–405, in duplicate. There shall be inserted after averment 10 of Form N–405 at the time of the filing an averment of the petitioner's loss of citizenship, as follows:

I was formerly a citizen of the United States by ----------
(Indicate whether by birth or naturalization)
on ---------- and lost my
(Month, day, year)
citizenship by marriage on ----------
(Month, day, year)
to ---------- a citizen
(Name of husband)
or subject of ----------
(Name of foreign country)
I have not acquired any other nationality by an affirmative act other than by marriage.

§ 324.12 *A woman, citizen of the United States at birth, who lost or is believed to have lost citizenship by marriage and whose marriage has terminated.* A woman, formerly a citizen of the United States at birth, who applies in the United States to regain her citizenship under section 324 (c) of the act, shall submit a preliminary application to take the oath of allegiance on Form N–401. The eligibility of the applicant to take the oath shall be investigated by a member of the Service who shall make an appropriate recommendation to the naturalization court. The application to the court shall be made on Form N–408, in triplicate. The original shall be retained as a part of the court record and numbered consecutively in a separate series, and the duplicate forwarded to the appropriate district director with duplicates of other naturalization papers. After the applicant has taken the oath of allegiance, the clerk of court shall furnish the applicant, upon demand, the triplicate copy of Form N–408, properly certified, for which a fee not exceeding $5.00 may be charged. No charge shall be made by the clerk of court for the filing of Form N–408. If the applicant does not demand the triplicate Form N–408, it shall be transmitted to the appropriate district director with the duplicate thereof. The oath of allegiance may be taken before any diplomatic or consular officer of the United States, abroad, in accordance with such regulations as may be prescribed by the Secretary of State.

PART 325—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: NATIONALS BUT NOT CITIZENS OF THE UNITED STATES

Part 325 is revoked.

PART 327—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: PERSONS WHO LOST UNITED STATES CITIZENSHIP THROUGH SERVICE IN ARMED FORCES OF FOREIGN COUNTRY DURING WORLD WAR II

Part 327 is amended to read as follows:

§ 327.1 *Petition.* A former citizen of the United States of the class described in section 327 of the act shall submit an application to file a petition for naturalization on Form N–400 and supplemental Form N–400A. The petition for naturalization of such person shall be filed on Form N–405, in duplicate, with supplemental Form N–405A in triplicate, in any naturalization court. The original of Form N–405A shall be retained as part of the court record. After the oath of allegiance has been taken by the petitioner, the duplicate and triplicate copies of Form N–405A, bearing a copy of the oath duly attested and certified by the clerk, shall be forwarded by the clerk to the appropriate district director. The district director shall file the duplicate copy with the Service record and transmit the triplicate copy to the Department of State. The petitioner shall pay to the clerk of the court of the naturalization court at the time of filing the petition a fee of $10, unless exempted therefrom under section 344 (h) of the act.

(Sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 327, 332, 344, 66 Stat. 248, 252, 264; 8 U. S. C. 1438, 1443, 1455)

PART 328—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: PERSONS WITH THREE YEARS SERVICE IN ARMED FORCES OF THE UNITED STATES

Part 328 is amended to read as follows:

Sec.
328.1 Continuous service.
328.2 Service not continuous.
328.3 Petition.

AUTHORITY: §§ 328.1 to 328.3 issued under sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 328, 332, 66 Stat. 249, 252; 8 U. S. C. 1439, 1443.

§ 328.1 *Continuous service.* A person of the class described in section 328 (a) of the act, whose service in the armed forces of the United States aggregating three years has been continuous, shall establish that he is in the United States pursuant to a lawful admission for permanent residence, whether or not such admission occurred before or after service in the armed forces, if the petition is filed within six months after termination of such service. Such person shall establish his residence in the United States, good moral character, attachment to the principles of the Constitution, and favorable disposition to the good order and happiness of the United States, from the date of termination to the date of the filing of his petition, and from the latter date to the date of his admission to citizenship, by affidavits and testimony of at least two United States citizen verifying witnesses.

§ 328.2 *Service not continuous.* A person of the class described in section 328 (c) of the act whose service aggregating three years was not continuous shall establish the qualifications prescribed in that section during the periods when not serving in the armed forces by the affidavits and testimony of at least two United States citizen verifying witnesses.

§ 328.3 *Petition.* A person of the class described in section 328 of the act shall submit an application to file a petition for naturalization on Form N–400. The duly authenticated copies of the records and the certified statements of the executive departments described in section 328 of the act shall be requested by the applicant on Form N–426, in triplicate, and submitted to the Service with Form N–400. A person of the class described in § 328.1 or § 328.2 may file his petition for naturalization in any naturalization court, regardless of his place of residence. The petition for naturalization shall be filed on Form N–405, in duplicate. There shall be inserted after averment 10 of Form N–405, at the time of the filing thereof, a description of the petitioner's service, as follows:

I entered the ---------- on
(Branch of Service)
---------- under Serial No. ------
(Month, day, year)
and am now serving honorably (was honorably discharged on ----------).
(Month, day, year)
The petition shall be verified by at least two United States citizen witnesses, as provided in § 334.21 of this chapter.

PART 329—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: VETERANS OF THE UNITED STATES ARMED FORCES WHO SERVED DURING WORLD WAR I OR WORLD WAR II OR ENLISTED UNDER ACT OF JUNE 30, 1950, AS AMENDED

1. The headnote to Part 329 is amended to read as set forth above.

2. Part 329 is amended to read as follows:

Sec.
329.1 World War I.
329.2 Petition.

AUTHORITY: §§ 329.1 and 329.2 issued under sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 329, 332, 402 (e), 66 Stat. 250, 252, 276; 8 U. S. C. 1440 and note, 1443.

§ 329.1 *World War I.* For the purpose of section 329 of the act, World War I commenced on April 6, 1917, and ended on November 11, 1918.

§ 329.2 *Petition.* A person of the class described in section 329 or 402 (e) of the act shall submit an application to file a petition for naturalization on Form N–400. The certification required by section 329 (b) (4) of the act to prove service shall be requested by the applicant on Form N–426, in triplicate, and submitted to the Service with Form N–400. The petition for naturalization shall be filed on Form N–405, in duplicate, in any naturalization court, regardless of the residence of the petitioner. There shall be inserted after averment 10 of Form N–405, at the time of filing thereof, an averment as follows:

I served honorably in an active duty status in ----------, under
(Branch of Service)
Service No. ------ from ----------, 19--, to ----------, 19--, and was separated under honorable conditions on ----------, 19--. I entered such service at ----------,
(City)

(State)

PART 330—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: SEAMEN

Part 330 is amended to read as follows:

§ 330.1 *Petition.* A person of the class described in section 330 (a) (1) of the act shall submit an application to file a

petition for naturalization on Form N–400 and supplemental Form N–400B. The petition for naturalization shall be filed on Form N–405, in duplicate, in a naturalization court having jurisdiction over the petitioner's place of residence. There shall be attached to and made a part of the original and duplicate petition for naturalization at the time of filing an affidavit of the petitioner on Form N–421, in duplicate, sworn to before the clerk of court or an officer of the Service fully describing the vessel or vessels on which the petitioner has served and the periods of service. The duly authenticated copies of the records or certificates described in section 330 (a) (1) of the act shall be accepted as proof of good moral character, attachment to the principles of the Constitution, and favorable disposition to the good order and happiness of the United States for that portion of the service performed within the period of five years immediately preceding the date of the petition.

(Sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 330, 332, 66 Stat. 251, 252; 8 U. S. C. 1441, 1443)

PART 334—PETITION FOR NATURALIZATION

1. Section 334.11 is amended to read as follows:

§ 334.11 *Petition for naturalization and preliminary application.* A person who desires to apply for naturalization shall, before filing his petition for naturalization, execute and submit preliminary application Form N–400. The Service shall notify the applicant when and where to appear with his witnesses for preliminary investigation and filing his petition for naturalization.

2. Section 334.12 *Notification to appear for preliminary investigation and to file petition for naturalization* is revoked.

3. Paragraph (a) of § 334.17 *Transfer of petition for naturalization* is amended to read as follows:

(a) *Application for transfer.* An application to transfer a petition for naturalization shall be made on Form N–455, in quadruplicate, to the district director exercising administrative jurisdiction over the place where the court in which the petition is filed is located.

PART 334a—DECLARATION OF INTENTION

Part 334a is amended to read as follows:

§ 334a.1 *Filing and disposition.* Each prospective declarant shall, before making and filing his declaration of intention, submit an application on Form N–300. A clerk of court or his authorized deputy shall not accept a declaration of intention for filing until he has received from the Service the applicant's approved Form N–300 authorizing the issuance of the declaration and showing that the applicant is residing in the United States pursuant to a lawful admission for permanent residence. The declaration of intention shall be executed under oath on Form N–315, in triplicate, before the clerk of any court exercising naturalization jurisdiction or his authorized deputy, regardless of the place of residence of the applicant, and only in the office of said clerk. The applicant may sign the declaration and the photographs affixed thereto in any language or by mark if unable to write and shall pay the clerk of court the statutory fee of $5.00 at the time the declaration of intention is filed. The original declaration of intention shall be retained and filed of record by the clerk of court and the triplicate delivered to the applicant. Declarations of intention shall be numbered consecutively in the order in which they are filed in a series separate from petitions and filed chronologically in separate volumes, indexed, and made a part of the records of the naturalization court.

(Sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 332, 334, 66 Stat. 252, 254, 344; 8 U. S. C. 1443, 1445, 1455)

PART 335b—PROOF OF QUALIFICATIONS FOR NATURALIZATION: WITNESSES; DEPOSITIONS

Part 335b is amended to read as follows:

Sec.
335b.1 Proof of residence and other qualifications.
335b.2 Substitution of witnesses.
335b.3 Depositions.

AUTHORITY: §§ 335b.1 to 335b.3 issued under sec. 103, 66 Stat. 173; 8 U. S. C. 1103. Interpret or apply secs. 332, 335, 66 Stat. 252, 255; 8 U. S. C. 1443, 1446.

§ 335b.1 *Proof of residence and other qualifications.* If oral testimony is taken at the preliminary examination or at the final hearing from witnesses other than the verifying witnesses to cover the petitioner's qualifications during the statutory period, affidavits on Form N–451 shall be executed by them, in duplicate, before the designated examiner or the clerk of the court, one copy of which shall be attached to the original petition and the other to the duplicate petition.

§ 335b.2 *Substitution of witnesses.* When the witnesses who verified the petition have not been excused from appearance at the final hearing and the petitioner is unable to produce them, other witnesses may be presented upon notice given by the petitioner to the district director within a reasonable time in advance of the date set for final hearing. If any of the verifying witnesses appear to be incompetent and the petitioner has acted in good faith in producing them, other witnesses may be substituted upon similar notice. A final hearing shall not be held until after examination of the substitute witnesses by a Service representative and an affidavit on Form N–451 has been executed, in duplicate, by the witnesses before such representative or the clerk of the court in the manner described in § 335b.1.

§ 335b.3 *Depositions*—(a) *In the United States.* Depositions may be used to prove compliance with the requirements for naturalization during any period except the minimum period of State residence. Such depositions shall be taken only upon written interrogatories on Form N–462A. Except as otherwise provided in this section, they shall be made in the United States before an employee of the Service authorized to administer oaths and take depositions under Part 332d of this chapter, unless there is a likelihood of unusual delay or hardship, in which case the district director may authorize such depositions to be taken before a postmaster, without charge, or before a notary public or other person authorized to administer oaths for general purposes. In cases in which the depositions are taken other than before an employee of the Service or a postmaster, the petitioner, independently of the Service, shall arrange with the officer who will take the depositions to defray all costs and expenses incident thereto. The petitioner or his attorney or representative may be present when the depositions are taken. Depositions taken under this section shall be sent to the district director having administrative supervision over the territory in which the petition is pending and by him forwarded to the clerk of the naturalization court prior to the final hearing for filing with the petition.

(b) *Outside the United States.* Petitioners for naturalization who are exempt from the usual requirement of residence and physical presence in the United States, but who are required to establish good moral character, attachment to the principles of the Constitution, and favorable disposition to the good order and happiness of the United States for the period applicable to their cases, and who were absent from or were not residents of the United States during such period, may establish their qualifications during the periods of absence by depositions taken outside the United States in the manner described in paragraph (a) of this section. Such depositions shall be taken before any employee of the United States designated for that purpose by the Commissioner. The petitioner shall be informed that he will be required to defray all costs and expenses of the person taking the depositions, as may be authorized by law, and that the petitioner shall arrange with the deponents for the payment of such costs and expenses independently of the Service.

PART 336—PROCEEDINGS BEFORE NATURALIZATION COURT

Sections 336.11, 336.12 and 336.17 are amended to read as follows:

§ 336.11 *Notice to Service; personal representation of Government at naturalization proceedings.* At least 30 days prior to the holding of any naturalization proceedings referred to in section 336 (d) of the act, the clerk of the naturalization court shall give written notice to the appropriate district director of the time, date, and place of such proceedings. Such notice may be waived by the district director. Final naturalization hearings or other naturalization proceedings shall, whenever practicable, be attended personally by naturalization examiners or other members of the Service, who shall present to the court the views and recommendations of the designated examiner and the regional commissioner as appropriate. A Service officer shall personally attend every final hearing at which a petition or

formal application for naturalization is to be recommended for denial. If the recommendation of the regional commissioner does not agree with that of the designated examiner, a member of the Service other than the person who conducted the preliminary examination shall, wherever practicable, represent the Service before the court. Such representative may cross-examine the petitioner and his witnesses and may call other witnesses and produce evidence concerning any matter affecting the petitioner's eligibility for naturalization. When necessary, the representative in attendance shall have a stenographic report made of the testimony.

§ 336.12 *Written report in lieu of personal representation.* If a preliminary investigation or preliminary examination has been conducted pursuant to Part 332 or Part 335 of this chapter, and it is impracticable thereafter for a Service representative to be present at the final naturalization hearing, written notice of that fact shall be given by the Service to the court. The petitions set down for hearing shall be listed on the appropriate forms prescribed by § 336.13. If continuance of the petition is desired, the basis therefor shall be set forth. The forms and memoranda shall be transmitted to the clerk of court, who shall submit the appropriate lists and orders to the court in accordance with the procedure described in § 336.13.

§ 336.17 *Substitution of witnesses.* See § 335b.2 of this chapter.

PART 402a—SPECIAL CLASSES OF PERSONS WHO MAY BE NATURALIZED: ALIENS ENLISTED IN THE UNITED STATES ARMED FORCES UNDER ACT OF JUNE 30, 1950, AS AMENDED BY SECTION 402 (e) OF THE IMMIGRATION AND NATIONALITY ACT

Part 402a is revoked.

(Sec. 103, 66 Stat. 173; 8 U. S. C. 1103)

This order shall become effective on the date of its publication in the FEDERAL REGISTER. Compliance with the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) as to notice of proposed rule making and delayed effective date is unnecessary in this instance because the rules prescribed by the order are editorial in nature.

Dated: July 25, 1958.

J. M. SWING,
Commissioner of Immigration and Naturalization.

[F. R. Doc. 58–5906; Filed, July 31, 1958; 8:50 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

Subchapter B—Trade Practice Conference Rules

[File No. 21–327]

PART 132—MACARONI AND NOODLE PRODUCTS INDUSTRY

Due proceedings having been held under the trade practice conference procedure in pursuance of the act of Congress approved September 26, 1914, as amended (Federal Trade Commission Act), and other provisions of law administered by the Commission:

It is now ordered, That the trade practice rules as hereinafter set forth, which have been approved by the Commission in this proceeding, be promulgated as of August 1, 1958.

Statement by the Commission. Trade practice rules for the macaroni and noodle products industry, as hereinafter set forth, are promulgated by the Federal Trade Commission under the trade practice conference procedure. Such rules constitute a revision of, and supersede, the trade practice rules for the macaroni, noodles, and related products industry as promulgated by the Commission July 7, 1938.

The industry for which these rules are established is composed of persons, firms, corporations, and organizations engaged in the manufacture, sale or distribution of macaroni, spaghetti, vermicelli or noodles. So-called Chinese noodles are not included.

Proceedings for the establishment of these rules were instituted pursuant to an industry application. Proposed revised rules for the industry were published by the Commission and made available to all industry members and other interested or affected parties upon public notice whereby they were afforded opportunity to present their views, including such pertinent information, suggestions, or amendments as they desired to offer, and to be heard in the premises. Pursuant to such notice, a public hearing was held in Washington, D. C., on June 18, 1958, and all matters there presented, or otherwise received in the proceeding, were duly considered.

Thereafter, and upon full consideration of the entire matter, final action was taken by the Commission whereby it approved the rules as hereinafter set forth.

The rules as approved become operative thirty (30) days after the date of promulgation.

The rules. These rules promulgated by the Commission are designed to foster and promote the maintenance of fair competitive conditions in the interest of protecting industry, trade, and the public. It is to this end, and to the exclusion of any act or practice which fixes or controls prices through combination or agreement, or which unreasonably restrains trade or suppresses competition, or otherwise unlawfully injures, destroys, or prevents competition, that the rules are to be applied.

Sec.
132.0 Definitions.
132.1 Concurrent jurisdiction of Food and Drug Administration over labeling.
132.2 Deception (General).
132.3 Misrepresentation of protein, caloric and starch content of products.
132.4 Misuse of words "macaroni," "spaghetti," "vermicelli," "egg-macaroni" and "noodles," or "egg noodles," etc.
132.5 Misrepresentation of semolina, durum or farina products.
132.6 Misrepresentation as to the egg content of product.
132.7 Deception as to ingredients of products.
132.8 Defamation of competitors or false disparagment of their products.
132.9 Prohibited sales below cost.
132.10 Imitation of trade-marks, trade names, etc.
132.11 Fictitious prices, etc.
132.12 Deceptive invoicing, etc.
132.13 Prohibited discrimination.
132.14 Commercial bribery.
132.15 Exclusive deals.
132.201 Industry committee.

AUTHORITY: §§ 132.0 to 132.201 issued under sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45.

§ 132.0 *Definitions.* As used in this part the terms "industry member" and "industry products" shall have the following meanings, respectively:

(a) *Industry member.* Any person, firm, corporation or organization engaged in the manufacture, sale or distribution of industry products as defined in paragraph (b) of this section.

(b) *Industry products.* All kinds and types of macaroni, spaghetti, vermicelli and noodle products. So-called Chinese noodles are not included.

§ 132.1 *Concurrent jurisdiction of Food and Drug Administration over labeling.* (a) Definitions and standards for macaroni and noodles products promulgated under the Federal Food, Drug and Cosmetic Act by the Food and Drug Administration will, when revelant, be taken into consideration in the administration of trade practice rules for the industry.

(b) The Commission has jurisdiction over the advertising of industry products, and both it and the Food and Drug Administration have jurisdiction over the labeling of such products. In order to avoid unnecessary overlapping and possible conflict of effort, the two agencies have adopted a working arrangement under which the Commission regulates the advertising of such products and the Food and Drug Administration regulates the labeling thereof, with recognition that there may be unusual situations in which the Commission will exercise its concurrent jurisdiction over the labeling of such products.

(c) Nothing in this part is to be construed as relieving anyone of the necessity of complying with the provisions of the Federal Food, Drug and Cosmetic Act with respect to the labeling of industry products, and with the definitions and standards for such products as established by the Food and Drug Administration.

§ 132.2 *Deception (general).* It is an unfair trade practice for any industry member to use or cause to be used any advertisement[1] of industry products

[1] The word "advertisement" as here used includes any written or verbal statement, notice, presentation, illustration, or depiction, other than labeling, which is directly or indirectly designed to effect the sale of any industry product, or to create an interest in the purchase of any such product, whether same appears in a newspaper, magazine, or other periodical, in a catalog, letter, or sales promotional literature, in a radio or television broadcast, or in any other media.

which contains any statement, representation, illustration, or depiction which directly, or by implication or through failure to disclose material information, has the capacity and tendency or effect of misleading or deceiving purchasers or prospective purchasers with respect to the grade, quality, quantity, substance, character, nature, origin, size, material, content, coloring, digestibility, nutritional properties, therapeutic value, effect on body weight, preparation, or manufacture of any industry products, or which has the capacity and tendency or effect of deceiving purchasers or prospective purchasers in any other material respect. [Rule 1]

§ 132.3 *Misrepresentation of protein, caloric and starch content of products.* It is an unfair trade practice for a member of the industry to make any representation in any advertisement[1] which has the capacity and tendency or effect of deceiving purchasers or prospective purchasers as to:

(a) The protein, caloric or starch content of any industry product, or

(b) The protein, caloric or starch content of any industry product, or portion thereof when prepared for consumption in accordance with the member's directions or recommendations, or

(c) The protein, caloric or starch content of any industry product compared to other industry products or to specific foods or to food generally.

NOTE: Among practices to be considered as subject to the inhibitions of this section, are representations in any advertisement[1] that an industry product is a high protein food, or is a food of low starch or caloric content.

[Rule 2]

§ 132.4 *Misuse of words "macaroni," "spaghetti," "vermicelli," "egg-macaroni" and "noodles," or "egg noodles," etc.* It is an unfair trade practice for an industry member to represent in an advertisement[1] any product as being macaroni, spaghetti, vermicelli, egg-macaroni, noodles or egg noodles when such is not the fact, or to misrepresent the identity of any industry product. [Rule 3]

§ 132.5 *Misrepresentation of semolina, durum, or farina products.* It is an unfair trade practice for an industry member to represent in any advertisement[1] an industry product as being a semolina, durum or farina product when such is not true in fact.

NOTE: Nothing in this section is to be construed as inhibiting a representation that an industry product is:

(a) A semolina product when the wheat content thereof is solely of semolina, or

(b) A durum product or a durum wheat product when the wheat content thereof is solely of durum wheat, or

(c) A farina product when the wheat content thereof is solely of farina.

[Rule 4]

§ 132.6 *Misrepresentation as to the egg content of product.* It is an unfair trade practice for an industry member to misrepresent in any advertisement[1] the egg content of any industry product.

NOTE: It is the consensus of the industry that any representation as to the egg content of an industry product should be on a moisture free basis.

[Rule 5]

§ 132.7 *Deception as to ingredients of products.* It is an unfair trade practice for an industry member to misrepresent in any advertisement[1] the presence, absence, amount or proportion of any ingredient in any industry product. [Rule 6]

§ 132.8 *Defamation of competitors or false disparagement of their products.* The defamation of competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable credit standing, or by other false representations, or the false disparagement of the grade, quality, or manufacture of the products of competitors, or of their business methods, selling prices, values, credit terms, policies, services, or conditions of employment, is an unfair trade practice. [Rule 7]

§ 132.9 *Prohibited sales below cost.* (a) The practice of selling products of the industry at a price less than the cost thereof to the seller, with the purpose or intent, and where the effect is, or where there is a reasonable probability that the effect will be, to substantially injure, suppress, or stifle competition or tend to create a monopoly, is an unfair trade practice.

(b) This section is not to be construed as prohibiting all sales below cost, but only such selling below the seller's cost as is resorted to and pursued with the wrongful intent or purpose referred to and where the effect is, or where there is reasonable probability that the effect will be, to substantially injure, suppress, or stifle competition or to create a monopoly. Among the situations in which the requisite purpose or intent would ordinarily be lacking are cases in which such sales were (1) of seasonal goods near the conclusion of the season; (2) of perishable goods in respect to which deterioration is imminent; (3) of obsolescent goods; (4) made under judicial process; or (5) made in bona fide discontinuance of business in the goods concerned.

(c) As used in paragraphs (a) and (b) of this section, the term "cost" means the respective seller's cost and not an average cost in the industry whether such average cost be determined by an industry cost survey or some other method. It consists of the total outlay or expenditure by the seller in the acquisition, production, and distribution of the products involved, and comprises all elements of cost such as labor, material, depreciation, taxes (except taxes on net income and such other taxes as are not properly applicable to cost), and general overhead expenses, incurred by the seller in the acquisition, manufacture, processing, preparation for marketing, sale, and delivery of the products. Not to be included are dividends or interest on borrowed or invested capital, or nonoperating losses, such as fire losses and losses from the sale or exchange of capital assets. Operating cost should not be reduced by items of nonoperating income, such as income from investments, and gain on the sale of capital assets.

(d) Nothing in this section shall be construed as relieving an industry member from compliance with any of the requirements of the Robinson-Patman Act. [Rule 8]

§ 132.10 *Imitation of trade-marks, trade names, etc.* The imitation or simulation in advertising of the trade-marks, trade names, containers, brands, or labels of competitors, with the capacity and tendency or effect of misleading or deceiving purchasers or prospective purchasers, is an unfair trade practice. [Rule 9]

§ 132.11 *Fictitious prices, etc.* The publishing or circulating by any member of the industry of false or misleading price quotations, terms or conditions of sale, or reports as to production or sales, with the capacity and tendency or effect of misleading or deceiving purchasers or prospective purchasers, or the advertising, sale or offering for sale of industry products at prices purporting to be reduced from what are in fact fictitious prices, or at purported reductions in prices when such purported reductions are in fact fictitious or are otherwise misleading or deceptive, is an unfair trade practice. [Rule 10]

§ 132.12 *Deceptive invoicing, etc.* It is an unfair trade practice for any member of the industry to issue invoices, billings or sales slips, which, by reason of misstatements therein or omissions therefrom, have the capacity and tendency or effect of deceiving purchasers or prospective purchasers in any material respect. [Rule 11]

§ 132.13 *Prohibited discrimination*[2]—(a) *Prohibited discriminatory prices, rebates, refunds, discounts, credits, etc., which effect unlawful price discrimination.* It is an unfair trade practice for any member of the industry engaged in commerce, in the course of such commerce, to grant or allow, secretly or openly, directly or indirectly, any rebate, refund, discount, credit or other form of price differential, where such rebate, refund, discount, credit, or other form of price differential, effects a discrimination in price between different purchasers of goods of like grade and quality where either or any of the purchases involved therein are in commerce, and where the effect thereof may be substantially to lessen competition or tend to create a monopoly in any line of commerce, or to injure, destroy, or prevent competition with any person who either grants or knowingly receives the benefit of such

[1] See footnote on p. 5821.

[2] As used in this section, the word "commerce" means "trade or commerce among the several States and with foreign nations, or between the District of Columbia or any Territory of the United States and any State, Territory, or foreign nation, or between any insular possessions or other places under the jurisdiction of the United States, or between any such possession or place and any State or Territory of the United States or the District of Columbia or any foreign nation, or within the District of Columbia or any Territory or any insular possession or other place under the jurisdiction of the United States."

discrimination, or with customers of either of them: *Provided, however:*

(1) That the goods involved in any such transaction are sold for use, consumption, or resale within any place under the jurisdiction of the United States, and are not purchased by schools, colleges, universities, public libraries, churches, hospitals, and charitable institutions not operated for profit, as supplies for their own use.

(2) That nothing contained in this paragraph shall prevent differentials which make only due allowance for differences in the cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which such commodities are to such purchasers sold or delivered.

NOTE: Cost justification under the above proviso depends upon net savings in cost based on all facts relevant to the transactions under the terms of this subparagraph. For example, if a seller regularly grants a discount based upon the purchase of a specified quantity by a single order for a single delivery, and this discount is justified by cost differences, it does not follow that the same discount can be cost justified if granted to a purchaser of the same quantity by multiple orders or for multiple deliveries.

(3) That nothing contained in this section shall prevent persons engaged in selling goods, wares, or merchandise in commerce from selecting their own customers in bona fide transactions and not in restraint of trade.

(4) That nothing contained in this paragraph shall prevent price changes from time to time where made in response to changing conditions affecting the market for or the marketability of the goods concerned, such as but not limited to distress sales under court process, or sales in good faith in discontinuance of business in the goods concerned.

(5) That nothing contained in this section shall prevent the meeting in good faith of an equally low price of a competitor.

NOTE: See subsection (b) of section 2 of the Clayton Act as amended, which is set forth in the note following paragraph (g) of this section.

(b) *Prohibited brokerage and commissions.* It is an unfair trade practice for any member of the industry engaged in commerce, in the course of such commerce, to pay or grant, or to receive, or accept, anything of value as a commission, brokerage, or other compensation, or any allowance or discount in lieu thereof, except for services rendered in connection with the sale or purchase of goods, wares or merchandise, either to the other party to such transaction or to an agent, representative, or other intermediary therein where such intermediary is acting in fact for or in behalf, or is subject to the direct or indirect control, of any party to such transaction other than the person by whom such compensation is so granted or paid.

(c) *Prohibited advertising or promotional allowances, etc.* It is an unfair trade practice for any member of the industry engaged in commerce to pay or contract for the payment of advertising or promotional allowances or any other thing of value to or for the benefit of a customer of such member in the course of such commerce as compensation or in consideration for any services or facilities furnished by or through such customer in connection with the processing, handling, sale, or offering for sale of any products or commodities manufactured, sold, or offered for sale by such member, unless such payment or consideration is available on proportionally equal terms to all other customers competing in the distribution of such products or commodities.

NOTE 1: Industry members giving advertising allowances to competing customers must exercise precaution and diligence in seeing that all of such allowances are used in accordance with the terms of their offers.

NOTE 2: When an industry member gives allowances to competing customers for advertising in a newspaper or periodical, the fact that a lower advertising rate for equivalent space is available to one or more, but not all, such customers, is not to be regarded by the industry member as warranting the retention by such customer or customers of any portion of the allowance for his or their personal use or benefit.

(d) *Prohibited discriminatory services or facilities.* It is an unfair trade practice for any member of the industry engaged in commerce to discriminate in favor of one purchaser against another purchaser or purchasers of a commodity bought for resale, with or without processing, by contracting to furnish or furnishing, or by contributing to the furnishing of, any services or facilities connected with the processing, handling, sale, or offering for sale of such commodity so purchased upon terms not accorded to all competing purchasers on proportionally equal terms.

NOTE: See subsection (b) of section 2 of the Clayton Act as amended, which is set forth in the note following paragraph (g) of this section.

(e) *Clarification of requirements for supplying of marketing services, facilities or allowances.* The following is presented for the purpose of clarifying the requirements of paragraphs (c) and (d) of this section with respect to the supplying of marketing services, facilities or allowances by industry members to their customers, but it is not intended to imply by such presentation that other methods which assure of proportional equality of treatment of competing customers may not also be used:

An industry member may simultaneously offer to each of his customers competing in the resale of his products the same kind of promotional service, facility or allowance of a cost value equal to a uniform percentage of the sales (or purchases) of the industry member's products by each customer during a specified and identical period of time: *Provided, however,* That when the service, facility or allowance offered is of a type which under reasonable terms and conditions is not usable or suitable to the facilities and business of all customers, and is offered to any one customer, the member offer each of those customers to whom the service, facility or allowance is not usable or suitable an alternate type of promotional service, facility or allowance which is of equivalent measurable cost, is usable by the customer, and is suitable to his facilities and business, and promptly inform all competing customers of the kind and amount of services, facilities or allowances which he has offered to each and the respective terms and conditions under which such services, facilities or allowances are to be furnished by the industry member: *And provided further,* That when the offer of any service, facility or allowance to any customer is conditioned on such customer supplying some reciprocal service, facility or payment, a reciprocal service, facility or payment be required in the offers to all other customers and there be an equality of ratio among all customers as to the measurable cost of that which is supplied by the industry member and the reciprocal service, facility or payment required of any customer. The industry member must take every reasonable precaution to see that services, facilities or allowances which he furnishes to customers are used in accord with the terms of his offer; and upon failure of the customer to perform any obligation on his part the industry member must cease supplying the customer any further service, facility or allowance.

(f) *Inducing or receiving an illegal discrimination in price.* It is an unfair trade practice for any member of the industry engaged in commerce, in the course of such commerce, knowingly to induce or receive a discrimination in price which is prohibited by the foregoing provisions of this section.

NOTE: This paragraph is a restatement of section 2 (f) of the Clayton Act as amended. In a complaint proceeding under this section, in order to make out a prima facie violation, the Commission must show that the favored buyer induced or received the lower price knowing, or knowing facts from which he should have known, that such price was violative of section 2 (a) of said act and not justified under subparagraph (2), (4), or (5) of paragraph (a) of this section. When, in any such proceeding, the issue is limited to the question of whether the price differential involved made only due allowance for differences in cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which the goods were sold and delivered, the Commission may establish a prima facie case in a number of ways, including:

(1) By showing that the buyer paying the lower price knew that the methods by, and quantities in, which the goods were sold and delivered to him by the seller were the same as in the case of the competing buyer or buyers paying the higher price or prices; or

(2) By showing, when there is a difference in the methods or quantities in which the goods were sold and delivered by the seller to the buyer than in the case of the competing buyer or buyers paying the higher price or prices, that the buyer paying the lower price or prices knew the nature and extent of such differences and knew or should have known that they could not have resulted in sufficient cost savings of the kind and character specified as to justify the price differential.

(g) *Purchases by U. S. Government—applicability of Robinson-Patman Anti-discrimination Act to same.* (1) In an opinion submitted to the Secretary of War under date of December 28, 1936, the U. S. Attorney General advised that the Robinson-Patman Antidiscrimina-

tion Act "is not applicable to Government contracts for supplies." (38 Opinions, Attorney General 539)

NOTE: This section is based on the provisions of section 2 of the Clayton Act as amended by the Robinson-Patman Act.

(2) Subsection (b) of section 2 of the Clayton Act as amended, which reads as follows, is in amplification of the note to subparagraph (5) of paragraph (a) of this section and of the note to paragraph (d) of this section.

Upon proof being made, at any hearing on a complaint under this section, that there has been discrimination in price or services or facilities furnished, the burden of rebutting the prima facie case thus made by showing justification shall be upon the person charged with a violation of this section, and unless justification shall be affirmatively shown, the Commission is authorized to issue an order terminating the discrimination: *Provided, however,* That nothing herein contained shall prevent a seller rebutting the prima facie case thus made by showing that his lower price or the furnishing of services or facilities to any purchaser or purchasers was made in good faith to meet an equally low price of a competitor, or the services or facilities furnished by a competitor.

[Rule 12]

§ 132.14 *Commercial bribery.* It is an unfair trade practice for any industry member, directly or indirectly, to give, or offer to give, or permit or cause to be given, money or anything of value to agents, employees, or representatives of customers or prospective customers, or to agents, employees, or representatives of competitors' customers or prospective customers, without the knowledge of their employers or principals, as an inducement to influence their employers or principals to purchase or contract to purchase products manufactured or sold by such industry member or the maker of such gift or offer, or to influence such employers or principals to refrain from dealing in the products of competitors or from dealing or contracting to deal with competitors, or to effect any other advantage in favor of the industry member making such gift or offer with respect to the sale of industry products to such employers or principals. [Rule 13]

§ 132.15 *Exclusive deals.* It is an unfair trade practice for any member of the industry engaged in commerce,[2] in the course of such commerce, to lease or make a sale or contract for sale of any industry product, for use, consumption, or resale within any place under the jurisdiction of the United States, or fix a price charged therefor, or discount from, or rebate upon, such price, on the condition, agreement, or understanding that the lessee or purchaser thereof shall not use or deal in the goods of a competitor or competitors of the lessor or seller, where the effect of such lease, sale, or contract for sale, or such condition, agreement, or understanding, may be to substantially lessen competition or tend to create a monopoly in any line of commerce. [Rule 14]

§ 132.201 *Industry committee.* The provisions of § 16.1 of this subchapter shall be applicable to an industry committee established under this part.

Issued: July 29, 1958.

Promulgated by the Federal Trade Commission August 1, 1958.

[SEAL] ROBERT M. PARRISH,
Secretary.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 16—BULK MAILINGS

PART 22—SECOND CLASS

PART 23—CONTROLLED CIRCULATION PUBLICATIONS

MISCELLANEOUS AMENDMENTS

The proposed amendments to Parts 16, 22, and 23, published in the FEDERAL REGISTER of June 13, 1958, at page 4316 (23 F. R. 4316) are hereby amended and adopted as regulations of the Post Office Department, as set forth below.

1. In § 16.1 *Second-class publications,* amend subdivision (vi) of paragraph (c) (4) to read as follows:

(vi) *Maximum weight in a sack.* The total weight of publications placed in one sack must not exceed 80 pounds.

NOTE: The corresponding Postal Manual section is 126.134f.

(R. S. 161, 396, as amended; sec. 5, 18 Stat. 232, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 283)

2. a. In § 22.2 *Qualifications for second-class privileges,* make the following changes:

In paragraph (d), amend subparagraphs (7) and (8) to read as follows:

(7) Second-class imprint, reading: Second-class postage paid at _____. When a publication is mailed at two or more offices the imprint must read Second-class postage paid at _____ and at additional mailing offices.

(8) Notice of pending application, when copies are mailed while an application is pending, reading: Application to mail at second-class postage rates is pending at _____.

NOTE: The corresponding Postal Manual section is 132.25g and h.

b. In § 22.3 *Applications for second-class privileges,* amend paragraph (b) to read as follows:

(b) *Acceptance after application is filed.* Publishers or news agents may not mail at the second-class rates until the application for second-class privileges is approved by the Postal Services Division, Bureau of Operations. Postmasters may not accept mailings at the second-class rates until they receive a written authorization from the Postal Services Division. Postage at the applicable third- or fourth-class rates may be paid in money on mailings made while an application is pending. The postmaster will keep a record of such mailings on Form 3503, and if second-class privileges are authorized by the Postal Services Division, he will be instructed to return to the publishers or news agents the difference between the third- or fourth-class rates and the second-class rates. Form 3503 will not be kept and the difference will not be returned when postage is paid by stamps affixed.

NOTE: The corresponding Postal Manual is 132.32.

c. In § 22.5 *Second-class mailing privileges for news agents,* amend paragraph (b) to read as follows:

(b) *Information required from news agents.* News agents must furnish postmasters evidence that copies of publications offered for mailing are entitled to second-class postage rates, and that they are sent to actual subscribers or to other news agents for the purpose of sale. A second-class imprint in the copies is sufficient evidence that a publication is entitled to be mailed at second-class rates. The addresses on bulk packages must show that the packages are sent to other news agents.

NOTE: The corresponding Postal Manual section is 132.52.

d. Section 22.8 is amended to read as follows:

§ 22.8 *Cancellation of second-class privileges.* (a) When any publication has been accorded second-class mail privileges, the same shall not be suspended or annulled until a hearing shall have been granted to the parties interested.

(b) A copy of the procedures governing administrative hearings relative to the denial, suspension or annulment of second-class mail privileges may be obtained from the Bureau of Operations, Postal Services Division.

NOTE: The corresponding Postal Manual section is 132.8.

(R. S. 161, 396, as amended; sec. 5, 18 Stat. 232, as amended, sec. 1, 31 Stat. 1107, sec. 2, 65 Stat. 672; 5 U. S. C. 22, 369, 39 U. S. C. 232, 283, 289a)

3. In § 23.3 *Identification statements,* amend paragraph (f) to read as follows:

(f) Controlled circulation imprint, reading Accepted as controlled circulation publication at _____.

NOTE: The corresponding Postal Manual section is 133.3f.

(R. S. 161, 396, as amended; sec. 203, 62 Stat. 1262; 5 U. S. C. 22, 369, 39 U. S. C. 291b)

[SEAL] HERBERT B. WARBURTON,
General Counsel.

[F. R. Doc. 58-5898; Filed, July 31, 1958; 8:49 a. m.]

PART 21—FIRST CLASS

BUSINESS REPLY MAIL

In § 21.2 *Classification,* amend paragraph (c) to read as follows:

(c) *Business reply mail*—(1) *Purpose.* Specially printed business reply cards, envelopes, cartons, and labels may be distributed for use by mailers in sending mail to the distributor without prepayment of postage.

[2] See footnote on p. 5822.

(2) *Permit.* (i) A permit to distribute business reply cards, envelopes, cartons and labels is required. An application on Form 3614, Application to Distribute Business Reply Cards, Envelopes, and Labels, must be submitted at the post office where the mail will be returned. There is no charge for the permit. If matter bearing the business reply imprint is distributed from a central office to be returned to branches or dealers in other cities, one permit obtained from the post office where the central office is located may be used to cover all the business reply mail.

(ii) Upon receipt of the application, the postmaster will complete the permit portion of the form and deliver it to the applicant. The application portion of the form will be filed in the post office by the permit number. Permits issued at each post office will be numbered consecutively starting with No. 1 for the first permit. Each post office will keep an alphabetical card record of each permit.

(3) *Postage.* (i) Postage is collected on each piece of business reply mail at the time it is delivered. Postage due stamps for the amount due will be affixed to the mail or to Form 3582-A, Postage Due Bill. The stamps will be canceled and delivered to the addressee with the mail when he pays the amount due. Business reply mail will not be mixed with other mail in direct packages or sacks for individuals or concerns.

(ii) The amount to be collected is computed as follows:

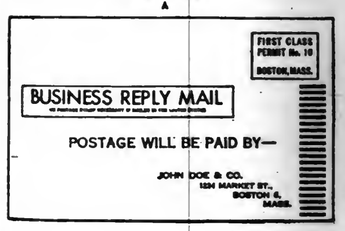
(a) Post cards: The rate for post cards or air post cards, whichever is applicable, plus 2 cents each (see §§ 21.1 and 26.6). Cards which do not conform to the specifications for post cards (see par. (a) (7) of this section) are subject to the postage chargeable under (b) below.

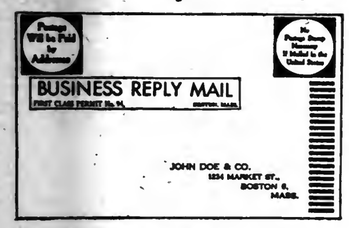
(b) Envelopes and packages:

(1) Weight of piece not over two ounces: First-class or air mail rate of postage, whichever is applicable, plus 2 cents each (see §§ 21.1 and 26.1).

(2) Weight of piece over two ounces: First-class or air mail rate, whichever is applicable, plus 5 cents each (see §§ 21.1 and 26.1).

(4) *Form of imprint and address.* The card, envelope, carton or label must be printed on the address side in one of the forms illustrated. The addition of extraneous matter is not permitted.





AIR MAIL
C

Use alternating red and blue parallelograms for the border.

(5) *Distribution.* Business reply cards, envelopes, cartons, and labels may be distributed:

(i) In any quantity for return by surface or airmail.

(ii) To any post office in the United States and its Territories and possessions, including military post offices overseas; except in the Canal Zone, where they may not be returned without prepayment of postage. They shall not be sent to any foreign country.

(iii) In any manner except by depositing in receptacles provided by patrons for receipt of mail.

(6) *Responsibility of distributor.* The distributor guarantees payment on delivery of postage on returned business reply mail. Any concern distributing business reply cards, envelopes, cartons or labels under one permit for return to its branches or dealers, guarantees to pay postage on any returns refused by any authorized addressee.

NOTE: The corresponding Postal Manual Section is 131.23.

(R. S. 161, 396, as amended; Sec. 2, 45 Stat. 940, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 303)

[SEAL] HERBERT B. WARBURTON,
General Counsel.

[F. R. Doc. 58-5904; Filed, July 31, 1958; 8:45 a. m.]

MISCELLANEOUS AMENDMENTS TO CHAPTER

The following miscellaneous amendments are made to this chapter:

PART 111—POSTAL UNION MAIL

a. In § 111.1 *All categories,* make the following changes:

1. In paragraph (c) insert the following as the second sentence of subparagraph (2): "Precanceled stamps may be used under the same conditions as in the domestic mails. Airmail stamps may be used on airmail articles only."

2. Amend paragraph (c) (4) to read as follows:

(4) *Mailings without postage.* The following types of mail are accepted for other countries without postage affixed:

(i) Diplomatic and consular mail addressed to countries of the Postal Union of the Americas and Spain (see § 101.2 of this chapter), subject to the following conditions:

(*a*) *Diplomatic.* Free postage and free registration are granted to all surface correspondence (official and personal) of members of the diplomatic corps of PUAS countries when addressed to the PUAS countries. The weight and size limits specified in § 111.2 apply.

(*b*) *Consular.* Free postage and free registration are granted to the official surface correspondence of consuls or vice consuls of PUAS countries when—

(*1*) Addressed for delivery in the country represented by the mailing official;

(2) Addressed to the Embassy or Legation of the official's country located in any of those countries; or

(3) Addressed to such an official of any of those countries located in those countries.

(*c*) *Marking.* Envelopes, labels, etc., used by members of the PUAS diplomatic corps for postage free mail must show in the upper left corner of the address side the name of the Ambassador or Minister or names of the Embassy or Legation, with post office address. In the upper right corner should be the words "Diplomatic Mail" over the word "Free". In the case of consulates, the name and address of the consul or consulate as well as the name of the country must appear over the words "Official Correspondence" in the upper left corner. The words "Consular Mail" must be written above "Free" in the upper right corner.

(*d*) *Special services.* Diplomatic and consular mail entitled to free postage is also entitled to free registration but without the right to indemnity. If air or special delivery service is desired both the postage and any special fees must be prepaid.

(ii) Federal Government official mail, under the following conditions:

(*a*) *Penalty and franked mail.* Ordinary (unregistered) surface mail prepared in accordance with the provisions of §§ 27.1 and 27.2 of this chapter when addressed to PUAS countries, except Argentina, Brazil, Spain, and Spanish Possessions. This mail must not exceed the domestic weight limit of 4 pounds, except when it is exempt from that limit by regulation (see § 27.2 (e) (1) of this chapter), in which case the weight limits prescribed in § 111.2 apply. The maximum dimensions prescribed in § 111.2 apply in all cases. If registration, air or special delivery service is desired, both the postage and fee must be prepaid.

(b) *Postage and fees paid mail.* All official mail of authorized departments and agencies prepared in accordance with the provisions of § 27.2 (c) (2) of this chapter will be given the postal service indicated on its cover. There is no limitation as to the countries to which this mail may be addressed, provided the service desired is available. The weight and size limits prescribed in §§ 111.2 and 112.1 apply.

(iii) Pan American Union ordinary (unregistered) surface mail bearing the return card of the Union, weighing not more than 4 pounds, and with the indicia Free Under Postal Convention in the upper right corner, when addressed to PUAS countries except Canada. If registration, air or special delivery service is desired, both the postage and fee must be prepaid.

(iv) Pan American Sanitary Bureau ordinary (unregistered) surface mail bearing the return card of the Bureau, weighing not more than 4 pounds, and with the indicia Free Under Postal Convention in the upper right corner, when addressed to PUAS countries except Canada. If registration, air or special delivery service is desired, both the postage and fee must be prepaid.

(v) Postal service official mail (including registered and airmail). Use penalty envelopes or labels for mail addressed to (*a*) postal administrations or post offices in any country, (*b*) the International Bureau of the Universal Postal Union at Berne, Switzerland, and (*c*) to any addressee in the PUAS countries except Argentina, Brazil, Spain, and Spanish Possessions. In all other cases use penalty envelopes or labels with the addition of the endorsement Postage and Fees Paid. Larger post offices having sufficient need may requisition a rubber stamp from the Department on Form 1567.

3. In paragraph (c), redesignate subparagraphs (6) and (7) as subparagraphs (7) and (8), respectively, and insert new subparagraph (6) to read as follows:

(6) *Foreign reply-paid cards.* Reply-paid post cards bearing foreign stamps or imprinted postage and the heading Carte postale réponse (reply post card) are accepted as fully prepaid for surface transmission to the country represented by the foreign postage. The initial half of the card may be left attached to the reply half if the sender so desires. See § 121.3 (c) of this chapter regarding additional United States postage required to transmit such cards by airmail. If these conditions are not met the cards are treated as unprepaid.

4. In paragraph (d) make the following changes in subparagraph (1):

1. Amend subdivision (v) to read as follows:

(v) Live or dead animals and insects, except: (*a*) Live bees, leeches, and silk worms; (*b*) dead insects or reptiles when thoroughly dried; and (*c*) parasites and predators of injurious insects intended for the control of such insects and exchanged between officially recognized agencies.

2. Redesignate subdivision (viii) as subdivision (x), and insert new subdivision (viii) to read as follows:

(viii) Communications having the character of actual and personal correspondence, except in the form of letters or post cards.

5. In paragraph (e) (1) amend subdivision (ii) to read as follows:

(ii) The form is not, under any circumstances, to be employed on parcel post packages, nor are parcel post forms to be used on postal union mail.

6. In paragraph (e) (1) amend the first sentence of subdivision (iv) to read as follows: "When the revised form is used in its entirety, there is no need to enclose the paper form of customs declaration (see subparagraph (2) of this paragraph) in the package, except in the case of Argentina."

7. In paragraph (e) (2) amend subdivision (iii) to read as follows:

(ii) Form 2976–A is not to be used on parcel post packages, nor are parcel post forms described in § 112.4 to be used on postal union articles.

b. In § 111.2 *specific categories*, amend (o) of paragraph (d) (4) (ii) to read as follows:

(o) Reproductions of handwriting or typewriting obtained by means of the printing press, mimeograph, multigraph, or similar mechanical process are acceptable as printed matter provided a minimum of 20 identical copies are mailed at one time.

NOTE: The corresponding Postal Manual section is 221.244 (b) (15).

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 112—PARCEL POST

In § 112.3 *Prohibitions and restrictions*, amend paragraph (a) (8) to read as follows:

(8) Articles which may in any way damage or destroy the mail or injure the persons handling them. This includes liquids which may cause injury by contact with the skin or give off irritating vapors; also explosives and inflammable liquids having a flash point by the Tagliabue open tester of 80° F. or lower, and inflammable solids which are likely, under conditions incident to transportation, to cause fires through friction, through absorption of moisture, or through spontaneous chemical changes.

NOTE: The corresponding Postal Manual section is 222.31 h.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 113—MAIL SENT VIA DEPARTMENT OF STATE

a. Section 113.1 is amended to read as follows:

§ 113.1 *Who may use.* The facilities of the Department of the State are available for sending personal mail to authorized United States Government personnel stationed in other countries.

NOTE: The corresponding Postal Manual section is 223.1.

b. In § 113.2 *Mailing conditions*, make the following changes:

1. Amend the first sentence of paragraph (d) (2) to read as follows: "Prints and parcel post are acceptable for surface transmission only, except as provided in subparagraph (3) of this paragraph."

2. In paragraph (d), redesignate subparagraphs (3), (4), and (5) as (4), (5), and (6), respectively, and insert new subparagraph (3), to read as follows:

(3) Airmail packages containing only an emergency supply of prescription medicine or other urgently needed health items, such as prescription eyeglasses, hearing aids, orthopedic shoes, or dentures, may exceptionally be transmitted through Department of State facilities. Senders must mark the wrapper to indicate the nature of the contents. For rapid transmission of other personal packages, senders must use the regular international air service, affixing customs declarations and addressing directly to the recipient in the foreign country.

3. Rescind subparagraph (6) of paragraph (d).

NOTE: The corresponding Postal Manual section is 223.24.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 121—AIR SERVICE

a. In § 121.3 *Prepayment*, redesignate paragraphs (a) and (b) as paragraphs (b) and (c), respectively, and insert new paragraph (a) to read as follows:

(a) *How paid.* Prepay airmail postage by means of airmail stamps, ordinary postage stamps, or meter stamps.

NOTE: The corresponding Postal Manual section is 231.3.

b. In § 121.5 *Air letter sheets*, make the following changes:

1. Amend the section caption to read as follows: § 121.5 *Air letters (aerogrammes)*.

2. Amend paragraph (b) to read as follows:

(b) *Private manufacture.* Air letters without imprinted postage may be manufactured, subject to prior approval by the Department, by private individuals or firms, for their own use or for sale to the public. These sheets must average not less than 150 to the pound (approximately 9 per ounce) and be similar in size, color, and border markings to the regular form issued by the Post Office Department. They must bear the same printed endorsements on the address and reverse sides as the regular form. In addition, the words "Authorized for mailing as air letter—P. O. Permit No. ------" (the number to be filled in when issued) must appear in smaller type on the outside of the flap or near one of the edges on the reverse side, so that they will be visible when the sheet is folded for mailing. The quality and strength of the paper must be sufficient to guard against the likelihood of damage in the course of postmarking and handling, and to assure that the writing on the inner side will not interfere with the legibility of the address. Manufacturers must submit 10 samples of proposed air letter sheets to the Director, International Service Division, Bureau of Transportation, Post Office Department, Washington 25, D. C., for approval before engaging in their production. Approved private air letters must be prepaid 10 cents each when mailed, except those addressed to Canada and Mexico, which require 6 cents prepayment, and those for St. Pierre and Miquelon, which require 8 cents.

NOTE: The corresponding Postal Manual section is 231.52.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 269, 372)

PART 122—REGISTRATION

a. In § 122.4 *Fees*, amend paragraph (a) to read as follows:

(a) *Postal union mail.* For postal union mail the fee is 50 cents, except that for Canada the fees are 50 cents for liability up to $10 and 75 cents for liability up to $25. (See § 152.2 of this chapter for indemnity provisions.)

NOTE: The corresponding Postal Manual section is 232.41.

b. In § 122.7 *Restricted delivery*, amend paragraph (b) to read as follows:

(b) *Articles mailed in other countries.* Registered postal union articles which are accompanied with a return receipt and bear the notation "Deliver to addressee only," underlined in red, are delivered only to the addressee. At least two attempts are made to deliver these articles.

NOTE: The corresponding Postal Manual section is 232.72.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 123—INSURANCE

In § 123.4 *Special endorsements*, amend paragraph (b) (2) to read as follows:

(2) To most countries it is required that the insured value of the parcel be shown on the wrapper and on the dispatch note (From 2972). In some instances the insured value must be shown also in gold francs. Conversion of United States currency into gold francs is made on the basis of 33 cents (approximately) equals 1 gold franc. To determine the gold franc equivalent, multiply the amount in United States currency by 3. For example, $5.25 is equal to 15.75 gold francs.

NOTE: The corresponding Postal Manual section is 233.522.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 125—SPECIAL DELIVERY (EXPRESS)

a. Section 125.1 *Availability*, is amended to read as follows:

§ 125.1 *Availability.* For availability of this service, see § 111.1a of this chapter. The service applies to all postal union articles (ordinary and registered, surface and air) unless otherwise indicated. For example, to Canada it applies only to articles paid at the letter rate. Parcel post cannot be sent special delivery but may be prepaid for special handling (see Part 126 of this chapter).

NOTE: The corresponding Postal Manual section is 235.1.

b. In § 125.3 *Payment*, amend paragraph (b) to read as follows:

(b) *How paid.* Prepay the special delivery fee by special-delivery stamps, ordinary postage stamps, or meter stamps. Airmail stamps may be used if the article is to be sent by air. Special-delivery stamps may be used only for payment of the special-delivery fee. The special-delivery fee must be prepaid in addition to the regular postage.

NOTE: The corresponding Postal Manual section is 235.32.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 131—POSTAL CHARGES

Section 131.5 *Letters in parcels* is amended to read as follows:

§ 131.5 *Letters in parcels or in AO mail.* A letter found in a parcel or in an article of AO mail is charged double the postage (surface or air) applicable to a single-rate letter to the country concerned.

NOTE: The corresponding Postal Manual section is 241.5.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 132—NONPOSTAL CHARGES AND IMPORT REGULATIONS

In § 132.1 *Customs treatment and collection of duty*, amend paragraph (c) (3) to read as follows:

(3) *Unaccompanied articles, tourist purchases.* If a package addressed to you contains purchases made while you were traveling abroad and is offered for delivery assessed with duty, you may receive the package without payment of the duty if the value of the articles is within your tourist exemption and if you will present to the delivering postal employee a completed customs Form 3351 or 6059–C executed by yourself. If you cannot produce the above mentioned customs form, but claim the package to be free under a tourist exemption to which you are entitled, the package will be delivered without collection of the duty upon execution by you of the Declaration of Claimant for Free Entry of Mail Parcels Under Tourist Exemptions printed on the reverse side of the duplicate copy of the mail entry accompanying the package.

NOTE: The corresponding Postal Manual section is 242.133.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 141—OUTGOING MAIL (TREATMENT ABROAD AND RETURN TO UNITED STATES

In § 141.2 *Parcel post*, amend paragraph (a) to read as follows:

(a) *Treatment.* Your parcel if undeliverable will be treated in accordance with your instructions on Forms 2966, 2922 and 2972. Returned parcels may be marked with the reason for nondelivery as stated in § 141.1 (b) (2). If you do not want your parcel forwarded to the addressee outside the country of address, you may mark it Do not forward to a third country, preferably in a language known in the country of address. Insured parcels are not forwarded or returned to a third country unless they can be forwarded or returned as insured. Some foreign postal authorities hold undeliverable parcels and request disposal instructions. You will be notified of such a request through your post office.

NOTE: The corresponding Postal Manual section is 251.21.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 142—INCOMING MAIL (TREATMENT IN THE UNITED STATES

a. In § 142.1 *Postal Union mail*, make the following changes:

1. Amend that part of paragraph (b) which precedes subparagraph (1) to read as follows: "The Post Office will hold articles at your disposal for 30 days, except under the following circumstances:".

2. Amend paragraph (c) to read as follows:

(c) *Disposal.* Articles known to be undeliverable are returned to origin, except for printed matter of no apparent value which is discarded unless it bears a request for return and the address of the sender.

NOTE: The corresponding Postal Manual section is 252.12 and .13.

b. In § 142.2 *Parcel post*, make the following changes:

1. Paragraph (a) (2) is amended to read as follows:

(2) *To another country.* A parcel will not be forwarded to you in another country unless the forwarding postage is paid in advance, except by surface transportation to the country of mailing where postage can be collected on delivery. A domestic third-or-fourth-class parcel will not be forwarded to another country but will be returned to the sender or otherwise treated as undeliverable matter.

2. In paragraph (b), amend the first sentence to read as follows: "The Post Office will hold a parcel at your disposal for 30 days unless it bears contrary instructions of the sender."

NOTE: The corresponding Postal Manual section is 252.21 and .22.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 143—FORWARDING DOMESTIC MAIL ABROAD

In § 143.1 *Forwarding domestic mail abroad*, add the following sentence: "See Part 144 of this chapter concerning forwarding to other countries of mail addressed to crew members or passengers on board ships."

NOTE: The corresponding Postal Manual section is 253.1

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 144—FORWARDING MAIL TO SHIP PASSENGERS AND CREW MEMBERS IN OTHER COUNTRIES

a. The part heading of Part 144 is amended to read as set forth above.

b. In § 144.1 *Forwarding mail to ship passengers and crew members*, make the following changes:

1. Amend the section caption to read as follows: § 144.1 *Forwarding mail to ship passengers and crew members in other countries.*

2. Amend that part of the section preceding paragraph (a) to read as follows: "Ordinary (unregistered) articles of correspondence (except those which appear to contain merchandise) addressed to crew members or passengers on board a ship may be forwarded in the international mail, by surface or air, in one envelope addressed to a ship or travel agency under the following conditions:"

NOTE: The corresponding Postal Manual section is 254.1.

3. Add new paragraph (e) to read as follows:

(e) Articles may be redirected and forwarded individually as prescribed in Parts 142 and 143, without the use of the forwarding envelope described in this part of this chapter.

NOTE: The corresponding Postal Manual section is 254.15.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372

PART 152—INDEMNITY CLAIMS AND PAYMENTS

In § 152.2 *Indemnity payments*, make the following changes:

1. Amend paragraph (a) (1) to read as follows:

(1) *Canada.* You may be paid not to exceed $25.00, based on actual value, for loss (contents and wrapper) in either Canada or the United States and for damage or rifling of contents when responsibility rests with the United States.

2. Amend paragraph (b) (3) to read as follows:

(3) *Ecuador and Portugal (including Madeira and the Azores.)* You may be paid up to $50.00, based on actual value, for loss, rifling, or damage (in case of Portugal, only for loss of both contents and wrapper), in accordance with the registry fee paid.

3. In paragraph (b) (4), strike out "Liberia".

NOTE: The corresponding Postal Manual section is 262.21 and .22.

4. In paragraph (d), amend subparagraph (1) to read as follows:

(1) Indemnity in excess of the value of the contents of an insured or registered parcel or greater than that corresponding to the actual amount of loss, rifling or damage referred to in paragraph (a), (b), and (c) of this section, except in the case of loss of registered postal union mail. Allowance must be made for depreciation or for needed repairs and in the absence of purchase receipts or invoices, the contents must be described in sufficient detail.

5. In paragraph (d), strike out the second sentence of subparagraph (11) and insert in lieu thereof the following: "However, in the event of loss, rifling, or damage in this country of mail erroneously accepted for insurance to other countries, limited indemnity may specially be paid as if the parcel had been addressed to a domestic destination, i. e., on the basis of the indemnity limits for domestic insured mail. If erroneously accepted as registered mail limited indemnity may be specially paid under the conditions in paragraph (a) of this section."

6. In paragraph (d) add new subparagraph (19) to read as follows: (19) For loss of articles registered free.

NOTE: The corersponding Postal Manual section is 262.24.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 161—SHIPPER'S EXPORT DECLARATION

In § 161.4 *How obtained*, strike out "55 cents" and insert in lieu thereof "75 cents".

NOTE: The corresponding Postal Manual section is 271.4.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372)

PART 162—COMMERCE DEPARTMENT REGULATIONS (COMMODITIES AND TECHNICAL DATA)

In § 162.2 *General licenses*, make the following changes:

1. Add the following to paragraph (a): "No marking is required on wrappers of packages containing printed matter and technical data mailed under general licenses G-PUB, GTDP, GTDU and GTDS."

2. In paragraph (b) make the following changes:

a. Delete "Laos (Communist-controlled areas)" and Poland.

b. The parenthetical phrase "(for Hong Kong)" appearing in the second sentence is amended so as to include therein "and Macao".

NOTE: The corresponding Postal Manual section is 272.21 and .22.

3. Add the following to paragraph (e): "No general license symbol is required on the wrapper."

NOTE: The corresponding Postal Manual section is 272.25.

4. In paragraph (f), amend subparagraph (4) to read as follows:

(4) No general license symbol is required on the wrappers of packages mailed under licenses GTDP, GTDU and GTDS.

5. In paragraph (h) add the following to the first sentence: "and Macao".

NOTE: The corresponding Postal Manual section is 272.264 and .28.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372

PART 163—STATE DEPARTMENT REGULATIONS: (ARMS AND TECHNICAL DATA)

In § 163.3 *Technical data exempt from license*, amend the reference "22 CFR 75.140 complied with" to read as follows: "22 CFR 125.41 complied with".

NOTE: The corresponding Postal Manual section is 273.3.

(R. S. 161, 396, as amended, 398, as amended; 5 U. S. C. 22, 369, 372

[SEAL] LEO G. KNOLL,
Acting General Counsel.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

[Fourth Section Order 18900]

PART 143—LONG-AND-SHORT-HAUL AND AGGREGATE-OF-INTERMEDIATES RATES

FOURTH SECTION APPLICATIONS FOR RELIEF

At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D. C., on the 15th day of July A. D. 1958.

Upon further consideration of the matters and things involved in fourth-section order no. 18900, entered by Division 2 on April 11, 1958, and upon consideration of a petition dated June 18, 1958, filed by R. E. Boyle, Jr., Chairman, Southern Freight Association, T. H. Maguire, Chairman, Executive Committee-Western Traffic Association, and E. V. Hill, Chairman, Traffic Executive Association-Eastern Railroads, for modification of fourth-section order no. 18900, which order and petition are hereby referred to and made a part hereof, and for good cause shown:

It is ordered, That fourth-section order no. 18900 (23 F. R. 2969), entered as aforestated, be, and it is hereby, modified and amended so as to provide that the order, which by its present terms is to become effective August 1, 1958, shall become effective December 31, 1958, instead.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12)

By the Commission, Division 2.

[SEAL] HAROLD D. McCOY,
Secretary.

[F. R. Doc. 58-5896; Filed, July 31, 1958; 8:49 a. m.]

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1694]

[Fairbanks 014521]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF BUREAU OF PUBLIC ROADS AS A HIGHWAY MAINTENANCE DEPOT

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Alaska are hereby withdrawn from all forms of appropriation under the public land laws, including the mining but not the mineral-leasing laws and not the act of July 31, 1947 (61 Stat. 681; 69 Stat. 367; 30 U. S. C. 601–604) as amended, and reserved for use of the Bureau of Public Roads as a highway maintenance depot:

BLACK RAPIDS AREA

Beginning at a point from which P. I. Sta. "S" 1699+12.1 on the Richardson Highway, approximate latitude 63°25' N., longitude 145°46' W., bears N. 78°19'30" E., 125.44 feet thence,

S. 59°35'00" W., 330.0 feet;
S. 30°25'00" E., 660.0 feet;
N. 59°35'00" E., 518.2 feet to a point on the centerline of the Richardson Highway;
Northerly, 600 feet, approximately; along the centerline of the Richardson Highway to Sta. "S" 1699+50;
S. 59°35'00" W., 150 feet to the point of beginning.

The tract described contains 7.56 acres.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 25, 1958.

[F. R. Doc. 58-5880; Filed, July 31, 1958; 8:45 a. m.]

[Public Land Order 1695]

[958795]

ALASKA

REVOKING EXECUTIVE ORDER NO. 3406 OF FEBRUARY 13, 1921, WHICH ESTABLISHED EAST FORELAND LIGHTHOUSE RESERVATION; WITHDRAWING A PORTION OF RELEASED LANDS FOR USE OF COAST GUARD

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Executive Order No. 3406 of February 13, 1921, which withdrew lands in Alaska for the East Foreland Lighthouse Reserve, now described as U. S. Survey No. 1615, is hereby revoked.

2. Subject to valid existing rights, the following-described lands, which are a portion of the lands included in paragraph 1 of this order, are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral-leasing laws, but not the act of July 31, 1947 (61 Stat. 681; 69 Stat. 367; 30 U. S. C. 601–604) as amended, and reserved for use of the United States Coast Guard for lighthouse purposes:

SEWARD MERIDIAN

T. 7 N., R. 12 W.,
Sec. 4, lots 5, 6, and W½SE¼SW¼;
Sec. 5, lot 1;
Sec. 8, lot 1;
Sec. 9, lots 1 and 2.

The areas described aggregate 151.99 acres.

3. The lands released from Executive Order No. 3406 by this order are described as follows:

SEWARD MERIDIAN

T. 7 N., R. 12 W.,
Sec. 3, lots 1, 2, 3, 8, 9, 10, 11, 12, NW¼NE¼, S½NW¼, and NW¼SW¼;
Sec. 4, lots 1, 2, 3, 4, 7, 8, and E½SE¼SW¼;
Sec. 9, lots 3, 4, 7, 8, NE¼, E½NW¼, E½SW¼, and NW¼SE¼;
Sec. 10, lot 7;
Sec. 16, lots 1, 2, 10, 11, 12, 13, and NE¼NW¼.
T. 8 N., R. 12 W.
Sec. 34, lots 1, 2, 4 and 5;
Sec. 35, lot 31.

The areas described aggregate 1347.89 acres.

4. All the lands are within the exterior boundaries of the Kenai National Moose Range as established by Executive Order No. 8979 of December 16, 1941, but are within a "strip" of land six miles in width which by that order was left subject to settlement location, sale, entry, and to other forms of lease and disposal under the public land laws, with the proviso that the lands in such excepted areas should be classified, and those classified as not suitable for settlement should no longer be available for that purpose.

5. As the lands in section 16 are reserved for the support of the common schools in Alaska pursuant to the act of March 4, 1915 (38 Stat. 1214; 48 U. S. C. 353, 354) as amended, paragraph 8 hereof does not apply to those lands.

6. In accordance with the provisions of the act of July 28, 1956 (70 Stat. 709, 711; 48 U. S. C. 46–3 (b)), the Territory of Alaska shall have, until 10:00 a. m. on October 25, 1958, a preferred right of selection of the lands, subject to prior existing valid rights and to equitable claims subject to allowance and confirmation.

7. No application for the lands may be allowed under the homestead, small tract, or any other nonmineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

8. Subject to any existing valid rights and the requirements of applicable law, the restored lands are hereby opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Alaska Home Site, and Small Tract Laws by qualified veterans of World World II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284) as amended, presented prior to 10:00 a. m. on October 25, 1958, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on January 24, 1959, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a. m. on January 24, 1959, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

b. The lands have been open to applications and offers under the mineral leasing laws pursuant to the regulations in 43 CFR 192.9. They will be open to location under the United States mining laws beginning at 10:00 a. m. on January 24, 1959.

9. Persons claiming veterans preference rights under paragraph 8a (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Anchorage, Alaska.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 25, 1958.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Rules Amdt. 2]

PART 2—FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

TABLE OF FREQUENCY ALLOCATIONS

In the matter of amendment of § 2.104 of the Commission's Rules and Regulations to effect certain editorial changes therein.

The Commission having under consideration the desirability of making certain editorial changes in the table of frequency allocations above 25 Mc of its Rules and Regulations to correct certain errors, omissions and inconsistencies which do not involve any substantive change in the table; and

It appearing that the amendments adopted herein are editorial in nature, and, therefore, prior publication of Notice of Proposed Rule Making under the provisions of section 4 of the Administrative Procedure Act is unnecessary, and the amendments may become effective immediately; and

It further appearing that the amendments adopted herein are issued pursuant to authority contained in sections 4 (i), 5 (d) (1), and 303 (r) of the Communications Act of 1934, as amended, and section 0.341 (a) of the Commission's Statement of Organization, Delegations of Authority and Other Information:

It is ordered, This 28th day of July 1958, that effective August 1, 1958, the table of frequency allocations above 25 Mc in § 2.104 (a) (5) is amended and recapitulated to read as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: July 29, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Pear Order 10]

PART 939—BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU VARIETIES OF PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 939.310 *Pear Order 10*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 39, as amended (7 CFR Part 939), regulating the handling of the Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in Oregon, Washington, and California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations and information submitted by the Control Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of such pears, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than August 4, 1958. A reasonable determination as to the composition of the available supplies of such pears, and therefore the extent of grade and size regulation warranted, must await the development of the crop; recommendation as to the need for, and the extent of, regulation of shipments of such pears were made by said committee on July 17, 1958, after consideration of all information then available relative to the supply and demand conditions for such pears, at which time such recommendations and supporting information were submitted to the Department and notice thereof given to handlers and growers; necessary supplemental information was not available to the Department until July 25, 1958; shipments of the current crop of such pears are expected to begin on or about August 11, 1958, and this regulation should be applicable to all shipments of such pears in order to effectuate the declared policy of the act; and compliance with this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., August 4, 1958, and ending at 12:01 a. m., P. s. t., July 1, 1959, no handler shall ship:

(i) Any Beurre D'Anjou pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 193 size: *Provided,* That, Beurre D'Anjou pears may be shipped when bearing unhealed broken skin punctures measuring not to exceed three-sixteenth (3/16) of one inch in diameter or depth, as the case may be, if they otherwise grade at least U. S. No. 1, and are of a size not smaller than the 135 size: *Provided, further,* That Beurre D'Anjou pears grown in the Medford or Hood River-White Salmon-Underwood Districts which fail to meet the requirement with respect to shape specified in the U. S. No. 2 grade, only because of healed hail marks, may be shipped if such pears are not very seriously misshapen and are of a size not smaller than the 193 size.

(ii) Any Beurre Bosc pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 180 size: *Provided,* That, Beurre Bosc pears grown in the Placerville District which fail to meet the requirement with respect to shape specified in the U. S. No. 2 grade, only because of healed hail marks, may be shipped if such pears are not very seriously misshapen and are of a size not smaller than the 180 size: *Provided, further,* That, Beurre Bosc pears grown in the Medford District which fail to meet the requirement with respect to shape specified in the U. S. No. 2 grade, only because of healed hail marks, or frost injury, may be shipped if such pears are not very seriously misshapen and are of a size not smaller than the 180 size;

(iii) Any Doyenne du Comice pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 180 size: *Provided,* That, Doyenne du Comice pears grown in the Medford District which fail to meet the requirement with respect to shape specified in the U. S. No. 2 grade, only because of healed hail marks, if such pears are not very seriously misshapen or which fail to meet the requirement with respect to russeting specified in the U. S. No. 2 grade, may be shipped if such pears are of a size not smaller than the 180 size;

(iv) Any Winter Nelis pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 225 size: *Provided,* That, Winter Nelis pears grown in the Medford District which fail to meet the requirement with respect to shape specified in the U. S. No. 2 grade, only because of healed hail marks, may be shipped if such pears are not very seriously misshapen and are of a size not smaller than the 225 size; and

(v) Any Beurre Easter pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 165 size.

(2) When used herein, "U. S. No. 1," "U. S. No. 2," "hail marks," "russeting," and "frost injury," shall have the same meaning as when used in the United States Standards for Winter Pears such as Anjou, Bosc, Winter Nelis, Comice, and other similar varieties §§ 51.1300 to 51.1321 of this title; "very seriously misshapen," shall have the same meaning as set forth in the Washington State Department of Agriculture Standards for D'Anjou, Bosc, Winter Nelis and Other Varieties of Winter Pears; "135 size," "165 size," "180 size," "193 size," and "225 size" shall mean that the pears are of a size which, as indicated by the size number, will pack, in acordance with the sizing and packing specifications of a standard pack, as specified in said United States Standards, 135, 165, 180, 193, or 225 pears, respectively, in a standard western pear box (inside dimensions, 18 inches long by 11½ inches wide by 8½ inches deep), and, except as otherwise specified, all other terms shall have the same meaning as when used in the amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 29, 1958.

[SEAL] FLOYD F. HEDLUND,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 58–5891; Filed, July 31, 1958; 8:48 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF LABOR

Wage and Hour Division

[29 CFR Parts 670, 673, 675, 677]

[Administrative Order 512]

VARIOUS INDUSTRIES IN PUERTO RICO

APPOINTMENT TO INVESTIGATE CONDITIONS AND RECOMMEND MINIMUM WAGES; NOTICE OF HEARING

Pursuant to authority contained in the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Reorganization Plan No. 6 of 1950 (3 CFR, 1950 Supp., p. 165), I hereby appoint, convene, and give notice of the hearings of Industry Committee No. 41–A for the Chemical, Petroleum, Rubber, and Related Products Industry in Puerto Rico; Industry Committee No. 41–B for the Food and Related Products Industry in Puerto Rico; Industry Committee No. 41–C for the Paper, Paper Products, Printing, and Publishing Industry in Puerto Rico; and Industry Committee No. 41–D for the Lumber and Wood Products Industry in Puerto Rico.

Industry Committee No. 41–A is composed of the following representatives:

For the public: Maynard E. Pirsig, Chairman, Minneapolis, Minnesota, Walter R. Johnson, Washington, D. C., Luz M. Torruellas, Rio Piedras, Puerto Rico.

For the employees: James E. Dicey, Sr., Portland, Oregon, Frank Grillo, Santurce, Puerto Rico, Herbert D. Dawson, Akron, Ohio.

For the employers: Joseph C. Fagan, Madison, Wisconsin, Arnold H. Toby, Canovanas, Puerto Rico, Manuel Pedreira, Roosevelt, Puerto Rico.

For the purpose of this order, the chemical, petroleum, rubber, and related products industry in Puerto Rico is defined as follows:

(a) The manufacture or packaging of chemicals, drugs, medicines, toilet preparations, cosmetics, and related products; the mining or other extraction or processing of any mineral used in the production of the foregoing; the mining or other extraction of petroleum, coal, or natural gases, and the manufacture of products therefrom; the manufacture of all products made chiefly of natural, synthetic, or reclaimed rubber or latex; and the manufacture of footwear by vulcanizing the entire article or by vulcanizing the sole to the upper: *Provided, however,* That the industry shall not include any activity included in the men's and boys' clothing and related products industry (29 CFR Part 703), the corsets, brassieres, and allied garments industry (29 CFR Part 614), or the alcoholic beverage and industrial alcohol industry (29 CFR Part 619), as defined in the wage orders for those industries in Puerto Rico, or the children's dress and related products industry or the needlework and fabricated textile products industry, as defined in Administrative Order No. 508 (22 F. R. 4036), or the food and related products industry, as defined in this Administrative Order No. 512, or any activity performed in the capacity of a public utility.

(b) The products of this industry include, among others: Primary plastic materials such as sheets, rods, tubes, filaments, granules, powders, and liquids; soap and glycerin; cleaning and polishing preparations; paints, varnishes, colors, dyes, inks, putty, and fillers; wood distillation and naval stores; fertilizers; vegetable and animal oils and fats; candles; glue and gelatin; compressed and liquefied gases; insecticides and fungicides; salt; explosives; fireworks and pyrotechnics; coke and coke-oven byproducts; paving mixtures and blocks containing asphalt, creosote, or tar; fuel briquettes; roofing felts and coatings; asphalt tile, rubber tile, and linoleum; new, rebuilt, and retreaded tires, and inner tubes; reclaimed rubber; industrial and mechanical rubber goods; rubber specialties, and sundries.

Industry Committee No. 41–B is composed of the following representatives:

For the public: Maynard E. Pirsig, Chairman, Minneapolis, Minnesota, Walter R. Johnson, Washington, D. C., Luz M. Torruellas, Rio Piedras, Puerto Rico.

For the employees: James E. Dicey, Sr., Portland, Oregon, Frank Grillo, Santurce, Puerto Rico, Ben J. Man, Washington, D. C.

For the employers: Joseph C. Fagan, Madison, Wisconsin, Harold E. Morgan, Playa de Ponce, Puerto Rico, Jose Unanue, Bayamon, Puerto Rico.

For the purpose of this order, the food and related products industry in Puerto Rico is defined as follows:

The canning, preserving (including freezing, drying, dehydrating, curing, pickling, and similar processes), or other manufacturing or processing, and the packaging in conjunction therewith, of foods, ice, and nonalcoholic beverages, including, but without limitation, meat animals and meat animal products, poultry and poultry products, milk and dairy products, fish and seafood products, fruits and vegetables, and fruit or vegetable products, grains and grain products, bakery products, confectionery and related products, and miscellaneous foods and food products; and the handling, grading, packing, or preparing in their raw or natural state of fresh vegetables, fresh fruits, or nuts, and the gathering of wild plant or animal life: *Provided, however,* That the industry shall not include any product or activity included in the sugar manufacturing industry (29 CFR Part 689), the alcoholic beverage and industrial alcohol industry (29 CFR Part 619), as defined in the wage orders for those industries in Puerto Rico, or the chemical, petroleum, rubber, and related products industry, as defined in this Administrative Order No. 512.

Industry Committee No. 41–C is composed of the following representatives:

For the public: Maynard E. Pirsig, Chairman, Minneapolis, Minnesota, Walter R. Johnson, Washington, D. C., Luz M. Torruellas, Rio Piedras, Puerto Rico.

For the employees: James E. Dicey, Sr., Portland, Oregon, Frank Grillo, Santurce, Puerto Rico, Ben J. Man, Washington, D. C.

For the employers: Joseph C. Fagan, Madison, Wisconsin, James E. Bain, Ponce, Puerto Rico, Frank Romero, San Juan, Puerto Rico.

For the purpose of this order, the paper, paper products, printing, and publishing industry in Puerto Rico is defined as follows:

The manufacture of pulp from wood, rags, bagasse, and other fibers; the conversion of such pulp into paper, paperboard, and building board; the manufactuer of paper, paperboard, and pulp into bags, boxes, containers, tags, cards, envelopes, pressed and molded pulp goods, and all other converted paper products; the printing performed on the foregoing and on allied products; the printing or publishing of newspapers, books, periodicals, maps, and music; and all manufacturing and service operations performed by typesetters, advertising typographers, electrotypers, stereotypers, photoengravers, steel and copper plate engravers, commercial printers, lithographers, gravure printers, private printing plants of concerns engaged in other business, binderies, and news syndicates: *Provided, however,* That the industry shall not include any product or activity included in the leather, leather goods, and related products industry (29 CFR Part 602), as defined in the wage order for that industry in Puerto Rico.

Industry Committee No. 41–D is composed of the following representatives:

For the public: Maynard E. Pirsig, Chairman, Minneapolis, Minnesota; Walter R. Johnson, Washington, D. C.; Luz M. Torruellas, Rio Piedras, Puerto Rico.

For the employees: Jamea E. Dicey, Sr., Portland, Oregon; Frank Grillo, Santurce, Puerto Rico; Ben J. Man, Washington, D. C.

For the employers: Joseph C. Fagan, Madison, Wisconsin, Herman Gaztambide-Arrillaga, Rio Piedras, Puerto Rico; Agustin Rexach, Hato Rey, Puerto Rico.

For the purpose of this order, the lumber and wood products industry in Puerto Rico is defined as follows:

Logging, wood preserving, and the manufacture of all products made from lumber and wood and related materials, including, but without limitation, sawmill products; planing and plywood mill products; furniture; office and store fixtures; boxes and containers; cooperage; window and door screens and blinds; caskets and coffins; matches; trays, bowls, and other woodenware; excelsior, cork, bamboo, rattan, and willowware articles such as hampers, baskets, coasters, and table pads; and charcoal: *Provided, however,* That the industry shall not include any product or activity in the construction, business service, motion picture, and miscellaneous industry (29 CFR Part 672); the metal, machinery, transportation equipment, and allied products industry (29 CFR Part 604); the button, jewelry, and lapidary work industry (29 CFR Part 616), or the straw, hair, and related products industry (29 CFR Part 613), as defined in the wage orders for those industries in Puerto Rico, or in the paper, paper products, printing, and publishing industry, as defined in this Administrative Order No. 512.

I hereby refer to each of the above-named industry committees the question of the minimum wage rate or rates to be fixed under the provisions of section 6 (c) of the act in the particular industries with which they are concerned. Each industry committee shall investigate conditions in its industry, and the committee, or any authorized sub-committee thereof, shall hear such witnesses and receive such evidence as may be necessary or appropriate to enable the committee to perform its duties and functions under the act.

Industry Committee No. 41–A shall convene at 10:00 a. m. on September 3, 1958, in the office of the Wage and Hour Division, United States Department of Labor, New York Department Store Building, Fortaleza and San Jose Streets, San Juan, Puerto Rico, to conduct its investigation and shall commence its hearing at 2:00 p. m. on the same date at the same place. Following this hearing, Industry Committees Nos. 41–B, 41–C, and 41–D, shall convene consecutively at the same place in that order at hours designated by the committee chairmen to conduct their investigations and to hold their hearings.

In order to reach as rapidly as is economically feasible the objective of the minimum wage prescribed in paragraph (1) of section 6 (a) of the act, each industry committee shall recommend to the Administrator the highest minimum wage rate or rates for the industry which it determines, having due regard to economic and competitive conditions, will not substantially curtail employment in the industry, and will not give any industry in Puerto Rico a competitive advantage over any industry in the United States outside of Puerto Rico, the Virgin Islands, and American Samoa. Where an industry committee finds that a higher minimum wage may be determined for employees engaged in certain activities or in the manufacture of certain products in the industry, the industry committee shall recommend such reasonable classifications within the industry as it determines to be necessary for the purpose of fixing for each classification the highest minimum wage rate that can be determined for it under the principles set forth herein which will not substantially curtail employment in such classifications and will not give a competitive advantage to any group in the industry. No classification shall be made, however, and no minimum wage shall be fixed solely on a regional basis or on the basis of age or sex. In determining whether there should be classifications within the industry, in making such classifications, and in determining the minimum wage rates for such classifications, the committee shall consider, among other relevant factors, the following: (1) Competitive conditions as affected by transportation, living, and production costs; (2) the wages established for work of like or comparable character by collective labor agreements negotiated between employers and employees by representatives of their own choosing; and (3) the wages paid for work of like or comparable character by employers who voluntarily maintain minimum wage standards in the industry.

The Administrator shall prepare an economic report for each committee containing such data as he is able to assemble pertinent to the matters herein referred to that committee. Copies of each such report may be obtained at the national and Puerto Rican offices of the United States Department of Labor as soon as they are completed and prior to the hearings. Each committee will take official notice of the facts stated in the economic report to the extent they are not refuted at the hearings.

The procedure of these industry committees will be governed by Part 511 of Title 29, Code of Federal Regulations. As a prerequisite to participation as witnesses or parties these regulations require, among other things, that interested persons in the present matters shall file a prehearing statement containing certain specified data, not later than August 25, 1958.

Signed at Washington, D. C., this 29th day of July 1958.

JAMES P. MITCHELL,
Secretary of Labor.

NOTICES

DEPARTMENT OF DEFENSE

Department of the Army

BYRON C. HEACOCK

EMPLOYMENT WITHOUT COMPENSATION AND STATEMENT OF BUISNESS INTERESTS

Pursuant to section 101 (a) of Executive Order 10647 (section 710 (b) of the Defense Production Act of 1950 as amended) notice is hereby given of the appointment of Mr. Byron C. Heacock on July 1, 1958, in the Department of the Army. Mr. Heacock is serving as Chief of the San Francisco Ordnance District, San Francisco, California.

Mr. Heacock is presently retired.

Mr. Heacock's statement of his personal business interests is set forth below.

Dated: July 30, 1958.

JOHN W. MARTYN,
Administrative Assistant.

Statement of Personal Business Interests

The following statement lists the names of concerns required by section 302 (b) of Executive Order 10647, dated November 28, 1955 (sub-section 710 (b) (6) of the Defense Production Act of 1950, as amended).

1. The names of any corporation of which I am, or within 60 days preceding this appointment have been, an officer or director:

a. F. E. Booth Co., San Francisco: Director.
b. Caterpillar Tractor Co., Peoria, Ill.: Director.
c. South Pacific Airlines, Inc., San Francisco, Calif.: Director.

2. The names of any corporation in which I own, or within 60 days preceding this appointment have owned, any stocks, bonds, or other financial interests:

a. F. E. Booth Co., San Francisco, Calif.: Stockholder, noteholder.
b. Caterpillar Tractor Company, Peoria, Ill.: Stockholder.
c. Oakland Bank of Commerce, Oakland, Calif.: Stockholder.
d. Scott Paper Co., Chester, Pa.: Stockholder.
e. South Pacific Airlines, Inc., San Francisco, Calif.: Stockholder.

3. The names of any partnerships in which I am, or within 60 days preceding this appointment have been, a partner:

None.

4. The names of any other businesses in which I own, or within 60 days preceding this appointment have owned, any similar interest:

None.

Dated: June 6, 1958.

BYRON C. HEACOCK.

Bureau of Land Management

[79890]

MINNESOTA

NOTICE OF FILING OF PLATS OF SURVEY

JULY 28, 1958.

Plats of Survey of the lands described below, accepted May 22, 1958, will be officially filed in the Eastern States Land Office, Bureau of Land Management, Department of the Interior, Washington 25, D. C., effective 10:00 a. m., on September 1, 1958.

FOURTH P. M., MINNESOTA

T. 43 N., R. 32 W.,
Sec. 3, Lot 3, containing 1.30 acres.
Sec. 4, Lots 5, 6, containing 5.16 acres.
T. 44 N., R. 32 W.,
Sec. 34, Lot 4, containing 0.77 acre.

FIFTH P. M., MINNESOTA

T. 132 N., R. 29 W.,
Sec. 17, Lots 2, 3, containing 4.85 acres.
Sec. 18, Lot 5, containing 3.38 acres.

These plats represent the survey of five islands in the Mississippi River which were not included in the original surveys of the townships.

All islands in the Mississippi River were withdrawn, by the Secretary of the Interior on April 10, 1891, at the request of the Secretary of War in the interest of navigation.

Anyone having a valid settlement or right to any of the lands described initiated prior to the date of withdrawal of the lands should assert the same within three months from the date on which the plat is officially filed by filing an application under appropriate public land law setting forth all facts relevant thereto.

All inquiries relating to the lands should be addressed to the Manager, Eastern States Land Office, Bureau of Land Management, Department of the Interior, Washington 25, D. C.

H. K. SCHOLL,
Manager.

Office of the Secretary

CERTAIN WATERS ADJACENT TO UPPER MISSISSIPPI RIVER WILDLIFE AND FISH REFUGE, IOWA, MINNESOTA, AND WISCONSIN

NOTICE OF INTENTION TO DESIGNATE AS CLOSED AREAS UNDER THE MIGRATORY BIRD TREATY ACT

Pursuant to section 4 (a) of the Administrative Procedure Act, approved June 11, 1946 (60 Stat. 238, 5 U.S.C. 1003), and the authority contained in section 3 of the Migratory Bird Treaty Act of July 3, 1918 (40 Stat. 755, 16 U. S. C. 704), as amended, notice is hereby given that the Secretary of the Interior intends to issue a regulation designating as closed areas in which the pursuing, hunting, taking, capture, or killing of migratory birds or attempting to take, capture, or kill migratory birds will not be permitted, all lands and waters below the highwater mark of the Mississippi River, lying within the exterior boundaries of the areas designated as closed to hunting by the Director, Bureau of Sport Fisheries and Wildlife, United States Fish and Wildlife Service, Department of the Interior, on March 25, 1957 (50 CFR 33.275; 22 F. R. 2129), and including the following-described reaches of the Mississippi River:

Pool 4: Beginning at the extreme southeast limits of the City Limits of Wabasha, Minnesota, and extending downstream to Lock and Dam No. 4 (Alma) and being within the Peterson Lake-Reicks Lake closed area.

Pool 5: Beginning at the south end of Fisher Island in Pool 5 and extending downstream about two and one-half miles to the mouth of the Whitewater River at the village of Minneiska and being between the Lost Island and Whitman closed areas.

Pool 5A: Beginning at the northern end of Island 63 and extending downstream about two and one-half miles to Lock and Dam No. 5A (Winona) and being within the Winona Pool closed area.

Pool 8: Beginning at the north end of Island 120 at the head of Raft Slough and extending downstream to Lock and Dam No. 8 (Genoa) and being within the Wisconsin Island closed area.

Pool 9: Beginning at the north end of Island 153 at the head of Harpers Slough and extending downstream to Lock and Dam No. 9 (Lynxville) and being within the Harpers Slough closed area.

Pools 10 and 11: Swift Slough from its head about one mile upstream from Lock and Dam No. 10 and extending downstream to its mouth about three-fourths mile below Lock and Dam No. 10 and being within the 12-Mile Island closed area.

All interested persons are hereby afforded an opportunity to participate in the formulation of the proposed regulation by submitting their views, data, or arguments in writing to D. H. Janson, Director, Bureau of Sport Fisheries and Wildlife, Washington 25, D. C., within 30 days of the date of publication of this notice in the FEDERAL REGISTER.

FRED A. SEATON,
Secretary of the Interior.

JULY 28, 1958.

DEPARTMENT OF AGRICULTURE

Forest Service

REGIONAL FORESTERS AND ACTING REGIONAL FORESTERS

DELEGATION OF AUTHORITY FOR PROCUREMENT OF ENGINEERING SERVICES BY NEGOTIATED CONTRACT

Pursuant to the authority vested in the Chief, Forest Service by the Secretary of Agriculture, under date of June 13, 1958 (23 F. R. 4387), authority is delegated to Regional Foresters and Acting Regional Foresters to negotiate contracts without advertising in accordance with section 302 (c) (4) and (9) of the Federal Property and Administrative Services Act of 1949, as amended (63 Stat. 377, 393; 41 U. S. C. 252), for professional engineering services required for all roads, trails, bridges, dams buildings, cadastral surveys, landscapes, architectural and related professional engineering services such as planning and design of campgrounds, picnic areas, trailer parks, observation points, and playgrounds; together with necessary structures, water, sanitation and other facilities that are involved in programs of the Forest Service. Operating procedures previously approved by the Director, Office of Plant and Operations, shall be applicable to these delegations.

The authority hereby delegated shall be exercised in accordance with the requirements of the above titled act, the delegation of authority of the Administrator, General Services Administration to the Secretary of Agriculture under date of May 26, 1958 (23 F. R. 3844), and the delegation of authority of the Secretary of Agriculture above mentioned, and shall not extend beyond July 1, 1959.

The authority herein delegated may not be redelegated. This delegation supersedes the prior delegation of authority on the same subject to Regional Foresters and Acting Regional Foresters, July 5, 1957 (22 F. R. 5553).

Done at Washington, D. C., this 18th day of July 1958.

FEDERAL POWER COMMISSION

[Docket No. G-14486]

CITIES SERVICE GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 28, 1958.

Take notice that on February 14, 1958, Cities Service Gas Company (Applicant) filed in Docket No. G-14486 an application, pursuant to section 7 (c) of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the construction and operation of field facilities to enable Applicant to take into its certificated main pipeline system natural gas which will be purchased from producers in the general area of its existing transmission system from time to time during the calendar year 1958 at a total cost not in excess of $1,000,000, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant has agreed to accept a certificate in this docket with a maximum limitation of $150,000 for any single project. The proposed facilities will be financed out of Applicant's treasury funds.

The purpose of this budget-type application is to augment Applicant's ability to act with reasonable dispatch in contracting for and connecting new supplies of gas in producing areas generally coextensive with its system.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on August 21, 1958, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] MICHAEL J. FARRELL,
Acting Secretary.

[F. R. Doc. 58-5893; Filed, July 31, 1958; 8:48 a. m.]

[Docket No. G-14180]

COLORADO-WYOMING GAS CO.

NOTICE OF APPLICATION TO AMEND ORDER ISSUING CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

JULY 28, 1958.

Take notice that on June 16, 1958, Colorado-Wyoming Gas Company (Applicant) filed an application to amend the Commission's order issued on March 24, 1958, in Docket No. G-14180 granting a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities, so as to cancel the authorization contained therein for the construction and operation of approximately 18,500 feet of new 16-inch suction line into Applicant's existing Mesa Compressor Station (Item 4 in the list of facilities outlined in said order of March 24, 1958), and so as to authorize the construction and operation of approximately 4,500 feet of 8-inch pipeline south of the City of Fort Collins, Colorado, and a new town border station for Fort Collins in lieu of the town border station which was part of Item 1 authorized in said order of March 24, 1958, all as more fully set forth in the application for amendment which is on file with the Commission and open to public inspection.

Applicant states that current operation of its facilities makes unnecessary the aforesaid 18,500 feet of new 16-inch suction line, and that a shift in the city limits of Fort Collins and in the building developments therein has caused the distributor customer to request the new location for the town border station

approximately one mile south and ⅞ mile east of the originally proposed location.

Protests or petitions to intervene in this matter may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958.

[SEAL] MICHAEL J. FARRELL,
Acting Secretary.

[F. R. Doc. 58-5894; Filed, July 31, 1958; 8:48 a. m.]

[Docket No. G-15538]

TEXAS CO.

ORDER FOR HEARING AND SUSPENDING PROPOSED CHANGES IN RATES

JULY 25, 1958.

The Texas Company (Texas) on June 27, 1958, tendered for filing proposed changes to its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of Change, undated.
Purchaser: Northern Natural Gas Company.
Rate schedule designation: Supplement No. 3 to Texas' FPC Gas Rate Schedule No. 10. Supplement No. 4 to Texas' FPC Gas Rate Schedule No. 11. Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 106. Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 107. Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 108. Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 109. Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 110.
Effective date: July 28, 1958 (effective date is the first day after expiration of required thirty days' notice).

In support of the proposed redetermined rate increases, Texas filed a copy of the instrument in which the seller and buyer agreed to the increased price as a result of the price being arbitrated to 12.0 cents per Mcf between Northern Natural Gas Company and Cities Service Oil Company (another producer).

The rates currently in effect under aforementioned Texas' FPC Gas Rate Schedule Nos. 106, 107, 108, 109, and 110 reflect the effect of Kansas Minimum Price Order [1] and Kansas gas severance tax,[2] both of which have been invalidated by court action.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that Supplement No. 3 to Texas' FPC Gas Rate Schedule No. 10, Supplement No. 4 to Texas' FPC Gas Rate Schedule No. 11, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 106, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 107, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 108, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 109 and Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 110, be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in Supplement No. 3 to Texas' FPC Gas Rate Schedule No. 10, Supplement No. 4 to Texas' FPC Gas Rate Schedule No. 11, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 106, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 107, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 108, Supplement No. 7 to Texas' FPC Gas Rate Schedule No. 109 and Supplement No. 7 to Texas, FPC Gas Rate Schedule No. 110.

(B) Pending such hearing and decision thereon, said supplements be and they are each hereby suspended and the use thereof deferred until December 28, 1958, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act, and such action is taken without prejudice to any action the Commission may take concerning the effectiveness of the invalidated Kansas Minimum Price Order or the Kansas gas severance tax.

(C) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rule of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] MICHAEL J. FARRELL,
Acting Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 24NY-4301]

RESEARCH MUTUAL CORP.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

JULY 25, 1958.

I. Research Mutual Corporation, a New York corporation, 50 Broad Street, New York, N. Y., filed with the Commission on May 17, 1956, a notification on Form 1-A and subsequently filed amendments thereto, relating to a proposed public offering of 150,000 shares of its common stock, 50 cents par value, at $1.50 per share of $225,000 in the aggregate, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder, and

II. The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that, the issuer has failed to file Form 2-A reports of sales, as required by Rule 224 of Regulation A.

B. On March 20, 1958, L. J. Mack & Company, Incorporated, 50 Broad Street, New York, N. Y., the underwriter, was permanently enjoined by a decree of the Supreme Court of the State of New York from engaging in the purchase and sale of securities in the State of New York as a result of its activities in the sale of Research Mutual Corporation common stock.

III. *It is ordered*, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for a hearing; that within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for a hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing, and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 58-5885; Filed, July 31, 1958; 8:46 a. m.]

[File No. 24NY-4199]

UNITED DRIVE-IN THEATRES CORP.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

JULY 25, 1958.

I. United Drive-In Theatres Corp., a New York corporation, 215 East 149th Street, New York 51, N. Y., filed with the Commission on January 16, 1956, a notification on Form 1-A and an offering circular and subsequently filed amendments thereto, relating to a proposed public offering of 250,000 shares of its common stock, 10 cents par value, at $1.00 per share, or $250,000 in the aggregate, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder; and

II. The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that written communications were used in connection with the offering of the securities which had not been filed with the Commission as required by Rule 221;

B. Oral representations were made in connection with the sale of the securities which contained untrue statements of material facts and which omitted to state material facts necessary in order to make the statements made in the light of the circumstances under which they were made not misleading, particularly, with respect to statements concerning the rise in value of the securities, the payment of dividends, the status of the issuer's business and the reputable nature of the underwriter's activities by reason of being subject to the jurisdiction of the Securities and Exchange Commission.

C. On March 20, 1958, L. J. Mack and Company, Inc. the underwriter of the offering, was permanently enjoined by the Supreme Court of the State of New York from engaging in the offer or sale of securities in that State.

D. The offering of securities would and did operate as fraud and deceit upon the purchasers.

It is ordered, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for a hearing, that within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for a hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing, and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

MOTOR CARRIER TRANSFER PROCEEDINGS

JULY 29, 1958.

Synopses of orders entered pursuant to section 212 (b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17 (8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC 35332. By order of July 21, 1958, the Transfer Board approved the lease to Kenneth G. Duncan, William J. Duncan, and Lloyd G. Duncan, a partnership, doing business as Duncan Truck Service, Flandreau, South Dakota; of certificate in No. MC 107957, issued April 19, 1948, to Earl Gageby, Ward, South Dakota, authorizing the transportation of: Livestock, Agricultural implements, Lubricating oils and greases, in containers, and animal and poultry feed, between certain named points in Iowa, South Dakota, Minnesota, and Nebraska. A. R. Fowler, 2288 University Avenue, St. Paul 14, Minn., for applicants.

No. MC-FC 61297. By order of July 21, 1958, the Transfer Board approved the transfer to Peter Zito, Jr., and Anthony N. Mark, Jr., a partnership, doing business as Z & M Garage, Philadelphia, Pennsylvania, of a permit in No. MC 36966, issued January 13, 1955, to Vincent D'Agata and Joseph Pagano, a partnership, doing business as D & P Transportation Co., Haddon Heights, New Jersey, authorizing the transportation of scales, machinery, and paper products, over irregular routes, between Philadelphia, Pa., on the one hand, and, on the other, points in New Jersey, and Delaware within 50 miles of the City Hall in Philadelphia, and those in New Castle County, Del. Jacob Polin, 314 Old Lancaster Road, Merion, Pennsylvania, and P. O. Box 317, Bala-Cynwyd, Pennsylvania, for applicants.

No. MC-FC 61339. By order of July 21, 1958, the Transfer Board approved the transfer to William Hawthorne and Mary H. Wiegand, a partnership, doing business as Hawthorne & Co., Philadelphia, Pa., of Certificate No. MC 20558, issued June 9, 1937, to Reginald H. McKeefrey, doing business as John A. McKeefrey Company, Philadelphia, Pa., authorizing the transportation of boats, bells, monuments, and heavy industrial and commercial machinery, equipment, and material between Philadelphia, Pa., on the one hand, and on the other, points in New Jersey, Delaware, and specified portions of Pennsylvania and Maryland. Winokur & Kahn, 512 Market Street National Bank Building, Juniper and Market Streets, Philadelphia 7, Pennsylvania, for applicants.

No. MC-FC 61340. By order of July 21, 1958, the Transfer Board approved the transfer to R. C. Meyers, doing business as Meyers Transfer and Storage Company, Magnolia, Arkansas, of a portion of certificate in No. MC 7670, issued December 17, 1940, to W. H. Boswell, doing business as Boswell Truck Lines, Waldo, Arkansas, authorizing the transportation of household goods, as defined by the Commission, over irregular routes, between points in Columbia County, Ark., on the one hand, and, on the other, points in Louisiana and Texas. Harry B. Colay, First National Bank Building, Magnolia, Arkansas, for applicants.

No. MC-FC 61362. By order of July 21, 1958, the Transfer Board approved the transfer to Arrow Express, Inc., Chattanooga, Tennessee, of a certificate in No. MC 113963, issued July 31, 1954, to Arrow Express Corporation, Chattanooga, Tennessee, authorizing the transportation of industrial plants, and in connection therewith, machinery, equipment, and bulk stocks, and Class A, B, and C explosives, between specified points in Tennessee, Alabama, Kentucky, Georgia, North Carolina, South Carolina, Virginia, and Mississippi. James W. Wrape, 2111 Sterick Building, Memphis, Tennessee, for applicants.

No. MC-FC 61379. By order of July 21, 1958, the Transfer Board approved the transfer to John Boyd, Inc., Erdenheim (Philadelphia), Pennsylvania, of Permit No. MC 22542, issued June 30, 1937, to Isabel Boyd, Erdenheim (Philadelphia), Pennsylvania, authorizing the transportation of lime and crushed stone, from Plymouth Meeting, Pa., to points in New Jersey. A. E. Enoch, 566 Main Street, Bethlehem, Pa., for applicants.

No. MC-FC 61399. By order of July 21, 1958, the Transfer Board approved the transfer to James C. Werling, doing business as Bowlus Trucking Co., Fremont, Ohio, of Corrected Permit No. MC 2110, issued May 7, 1942, to Harry S. Bowlus, doing business as Bowlus Trucking Co., Fremont, Ohio, authorizing the transportation of castings and scrap casting between Fremont, Ohio, on the one hand, and, on the other, Detroit, Hamtramck, and Monroe, Mich., iron and steel castings from Fremont, Ohio, to four specified towns in Indiana, and points in twenty-three specified counties in Michigan, and scrap-iron and steel and rejected castings, from the above-specified destination points to Fremont. Richard H. Brandon, 810 Hartman Building, Columbus 15, Ohio, for applicants.

No. MC-FC 61403. By order of July 21, 1958, the Transfer Board approved the transfer to Ed Galigher, Bowerston, Ohio, of certificates in Nos. MC 112479 Sub 2 and MC 112479 Sub 6, issued June 2, 1953, and September 10, 1956, respectively, to Chester A. Smith, Cadiz, Ohio, authorizing the transportation of earthenware, over irregular routes, from Scio, Ohio, to Washington, D. C., and specified points in Massachusetts, Illinois, New York, Missouri, Maryland, Pennsylvania, and New Jersey. Richard H. Brandon, Sanborn, Nacey and Brandon, Hartman Building, Columbus 15, Ohio, for applicants.

[SEAL] HAROLD D. McCOY, *Secretary.*

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 26—EMPLOYMENT WITH PUBLIC INTERNATIONAL ORGANIZATIONS

The title of Part 26 is amended to read as follows: "Employment with Public International Organizations." Sections 26.1 to 26.10 are redesignated as "Subpart A—Public International Organizations Generally" and a new Subpart B—"International Atomic Energy Agency" is added as set out below.

Subpart B—International Atomic Energy Agency

Sec.
26.201 Purpose.
26.202 Coverage.
26.203 Definitions.
26.204 Separation procedure.
26.205 Pay increases.
26.206 Retirement and insurance.
26.207 Entitlement to reemployment.
26.208 Department obligation to reemploy.
26.209 Failure to reemploy.
26.210 Resumption of Federal service.

AUTHORITY: §§ 26.201 to 26.210 issued under sec. 6, 71 Stat. 454; 22 U. S. C. 2025. E. O. 10774, 23 F. R. 5681.

SUBPART B—INTERNATIONAL ATOMIC ENERGY AGENCY

§ 26.201 *Purpose.* The purpose of the regulations in this subpart is to implement section 6 of the International Atomic Energy Agency Participation Act of 1957 (Pub. Law 85-177, approved August 28, 1957), and Executive Order 10774 of July 25, 1958, to protect civil service rights and privileges, whenever appropriate, for Federal employees or officers who are or have been separated from their department and who acept employment with the Agency.

§ 26.202 *Coverage.* The regulations in this subpart apply to all civilian employees and officers in any department in any branch of the Federal Government.

§ 26.203 *Definitions.* As used in this subpart, the term:

(a) "Act" means the International Atomic Energy Agency Participation Act of 1957 (Pub. Law 85-177, approved August 28, 1957).

(b) "Agency" means the International Atomic Energy Agency.

(c) "Commission" means the United States Civil Service Commission.

(d) "Department" means any department, agency, or independent establishment in any branch of the Federal Government, including Government-owned or -controlled corporations.

(e) "Employee" means any civilian Federal employee, other than a Presidential appointee or elected officer, who leaves his Federal position after August 27, 1957, with the consent of his department to enter employment with the Agency.

(f) "Life Insurance Act" means the Federal Employees' Group Life Insurance Act of 1954, as amended.

(g) "Officer" means any Presidential appointee or elected officer who leaves his position after August 27, 1957, and within 90 days enters employment with the Agency.

(h) "Retirement Act" means the Civil Service Retirement Act, approved July 31, 1956, as amended.

(i) "Term of employment" means not more than three consecutive years of employment beginning with entrance on duty in the Agency.

§ 26.204 *Separation procedure*—(a) *Request for employee.* The Agency's request for an employee shall be in writing and submitted to the department in which such employee is serving. The department may consent to the release of any non-temporary employee.

(b) *Letter of consent.* If the head of the losing department or his designated representative is agreeable to the separation of an employee with the benefits provided in this subpart, his consent shall be given in writing to the Agency.

(c) *Effective date.* The effective date of separation is to be established by mutual agreement between the department and the Agency.

(d) *Disapproval.* A refusal by the head of the department to consent to the separation is not reviewable by or appealable to the Commission.

(e) *Recording requirements.* A statement of the leave account of an employee or officer shall be furnished to him upon separation. In addition, the personnel action effecting the employee's separation shall clearly show that he has reemployment rights in the department.

§ 26.205 *Pay increases*—(a) *Employee.* An employee who is reemployed

Part 11	5878

in the Federal service in accordance with his right of reemployment is entitled to the rate of basic compensation to which he would have been entitled had he remained in the Federal service.

(b) *Officer.* An officer who is reemployed in the Federal position which he left or one of like seniority, status, and pay within 90 days of his separation from the Agency following a term of employment not exceeding the first three consecutive years of his entering the Agency is entitled to the rate of basic compensation to which he would have been entitled had he remained in the Federal service.

§ 26.206 *Retirement and insurance*—(a) *Coverage.* (1) To obtain retirement benefits for the term of employment with the Agency, an employee or officer covered by the Retirement Act shall, within ninety (90) days after the date he is separated from the Agency, pay to the Commission all necessary employee deductions and agency contributions for coverage under the Retirement Act for his term of employment with the Agency. Interest shall not be charged an employee or officer on any payment of necessary employee deductions and agency contributions. The amount of the employee deductions so paid shall be added to the employee's or officer's lump-sum credit in the civil service retirement and disability fund.

(2) To retain coverage under the Life Insurance Act during his term of employment with the Agency, an employee or officer covered by the Life Insurance Act shall currently pay employee deductions and agency contributions necessary for coverage under the Life Insurance Act for his term of employment with the Agency. Collections may be made under procedures which shall be determined in accordance with written agreements reached between accounting representatives of the Commission and the Agency.

(3) All retirement and insurance benefits and obligations shall be computed in the same manner as if the rate of basic compensation the employee or officer was receiving on the last day he was in his Federal position prior to employment with the Agency had continued without change.

(4) An employee or officer not covered by either the Retirement Act or Life Insurance Act in the Federal position which he last held or from which he separates to enter employment with the Agency shall not acquire such coverage or benefits based on employment with the Agency.

(b) *Death*—(1) *Coverage*—(i) *Employee.* An employee who dies during his term of employment with the Agency, or within ninety (90) days of separation therefrom, or following timely filing of application for reemployment after separation therefrom and prior to (*a*) reemployment in the Federal service or (*b*) filing of an appeal or the expiration of time limit for filing appeal, shall be deemed to have died in the Federal service.

(ii) *Officer.* An officer who dies during his term of employment or within ninety (90) days of his separation therefrom shall also be deemed to have died in the Federal service.

(2) *Service credit.* All periods of time specified in subparagraph (b) (1) of this section shall be creditable as Federal service, with all such periods of time other than the term of employment being counted as leave without pay. In the event an employee dies following ninety (90) days after separation without having made the retirement payments as required under § 26.206 (a) (1), no service credit shall be given for any of such periods.

§ 26.207 *Entitlement to reemployment.* An employee is entitled to reemployment if he meets the following conditions:

(a) He is separated, either voluntarily or involuntarily, from his term of employment without prejudice such as would reflect upon his suitability for further Federal service; and

(b) He makes application for reemployment to his former department (or its successor) within ninety (90) days from the date he is separated from his term of employment with the Agency.

§ 26.208 *Department obligation to reemploy.* An employee entitled to reemployment under this subpart shall be reemployed by his former department (or its successor) as promptly as possible but not later than thirty (30) days after receipt of his application for reemployment. Such reemployment shall be in the employee's former position, or in a position of like seniority, status, and pay.

§ 26.209 *Failure to reemploy*—(a) *Appeal from failure to reemploy.* (1) Should a department fail to reemploy an employee, it shall notify him in writing of the reasons and of his right to appeal within ten (10) days to the U. S. Civil Service Commission, Washington 25, D. C. The employee may file his appeal with the Commission not later than ten (10) days after receipt of notice denying reemployment.

(2) The Commission's decision on appeal is final and it shall be mandatory for the department to effect the action finally ordered by the Commission. Decisions favorable to the appellant may be made retroactively effective to the expiration of the department's thirty (30)-day time limit for effecting restoration. Adjudication of appeals will not be stopped by the death of the appellant.

§ 26.210 *Resumption of Federal service*—(a) *Service credit for Agency employment*—(1) *Employee.* An employee who is reemployed in the Federal service in accordance with his right of reemployment shall be given credit as Federal service for the period beginning with the term of employment with the Agency to the date of reemployment in the department. However, service credit shall not be given for Retirement Act purposes if the employee fails to comply with the requirements of § 26.206 (a) (1).

(2) *Officer.* An officer who is reemployed in the Federal service within 90 days after completion of his term of employment with the Agency shall be given credit as Federal service for his term of employment with the Agency. However, service credit shall not be given for Retirement Act purposes if the employee fails to comply with the requirements of § 26.206 (a) (1).

(b) *Reestablishment of sick leave account.* An employee who is reemployed through the exercise of his reemployment rights shall have his Federal sick leave account reestablished for credit or charge. Any other employee or officer shall have his sick leave account

reestablished for credit or charge, provided he returns to an appropriate leave system within 52 calendar weeks after the date he is separated from his term of employment with the Agency.

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] WM. C. HULL,

TITLE 6—AGRICULTURAL CREDIT

Chapter III—Farmers Home Administration, Department of Agriculture

Subchapter A—General Regulations

[FHA Instruction 402.1]

PART 303—SUPERVISED BANK ACCOUNTS

RECEIPTS FOR GOODS OF SERVICES PURCHASED

Section 303:5 (b) (2), Title 6, Code of Federal Regulations (22 F. R. 3215) is revised to allow notations on checks for goods or services purchased in lieu of a bill of sale, invoice or receipt and to provide for return of bills of sale, invoices and receipts to borrowers. The revised § 303.5 (b) (2) reads as follows:

§ 303.5 *Deposits and withdrawals.* • • •

(b) *Withdrawals.* • • •

(2) Ordinarily, a check will be countersigned before it is delivered to the payee. However, in justifiable circumstances such as when excessive travel on the part of the borrower or the Government would be involved, or the consummation of good purchases would be prevented, and the County Supervisor is assured the borrower can select goods and services in accordance with the plans, a check may be delivered to the payee by the borrower before being countersigned. When a check is delivered to the payee before being countersigned, the County Supervisor must make it clear to the borrower, and, when possible, clear to the payee, that such check will be countersigned only if the quantity and quality of items purchased are in accordance with approved plans. When a check is delivered to the payee before it is countersigned, it will bear the following legend in addition to the legend for countersignature: "Valid only upon countersignature of Farmers Home Administration." In such case, the check must be presented by the payee or his representative to the County Office of the Farmers Home Administration servicing the account for the required countersignature. Such a check must be accompanied by a bill of sale, invoice, or receipt signed by the borrower, clearly showing the goods or services purchased by the borrower and the cost thereof, or similar information must be indicated on the check. For real estate loans, bills of sale, invoices, and receipts will be returned to borrowers after all items of farm development have been completed, and for other types of loans, they will be returned to borrowers after review by a County Office employee authorized to countersign checks. Such a check is not valid unless countersigned and should not be placed in banking channels before the countersignature is affixed.

Chapter IV—Commodity Stabilization Service and Commodity Credit Corporation, Department of Agriculture

Subchapter B—Loans, Purchases, and Other Operations

[1958 C. C. C. Grain Price Support Bulletin 1, Supp. 2, Soybeans]

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1958-CROP SOYBEAN LOAN AND PURCHASE AGREEMENT PROGRAM

The 1958 C. C. C. Grain Price Support Bulletin 1 (23 F. R. 2663 and 5257) issued by the Commodity Credit Corporation and the Commodity Stabilization Service and containing the regulations of a general nature with respect to price support operations for certain grains and other commodities produced in 1958 was supplemented by 1958 C. C. C. Grain Price Support Bulletin 1, Supplement 1, Soybeans (23 F. R. 4441) containing specific requirements, applicable to price support operations on the 1958 soybean crop. These regulations are further supplemented by the addition of § 421.3437 as follows:

§ 421.3437 *Support rates.* Basic county support rates for soybeans placed under loan and for soybeans delivered under purchase agreement, and the schedule of premiums and discounts are set forth in this section. Farm-storage and warehouse-storage loans, and purchases under purchase agreements will be made on the basis of the support rate established for the county in which the soybeans were produced.

(a) *Basic county support rates.* (1) Basic county support rates per bushel for soybeans of the classes Green soybeans and Yellow soybeans grading No. 2 or better, and containing from 13.8 to 14.0 percent moisture, are as follows:

County	Rate per bushel
ALABAMA	
All counties	$2.03

(2) *Applicability of weed control provisions.* Where the State committee determines that State, district or county weed control laws, as administered, affect the soybean crop, the support rate in the case of farm storage shall be 10 cents below the applicable county support rate for the county in which the soybeans were produced unless the producer obtains a certificate from the appropriate weed control official indicating that the soybeans comply with the weed control laws. In the case of warehouse storage, whenever the State committee of the State in which the soybeans are stored determines that State, district or county weed control laws, as administered, affect soybeans stored in approved warehouses, the rate shall be 10 cents below the applicable support rate for the county in which the soybeans were produced unless the producer obtains a certificate from either the appropriate State, county or district weed control official or the storing warehouseman that the soybeans comply with the weed control laws, and in the case of the warehouseman, that he will save CCC harmless from loss or penalty because of the weed control laws. The certificate of the warehouseman may be in substantially the following form:

CERTIFICATION

This is to certify that the grain evidenced by warehouse receipt No. ------ issued to ---------- is not subject to seizure or other action under weed control laws or regulations in effect at point of storage. It is further certified and agreed that should such grain be taken over by CCC in settlement of a loan or be purchased under the purchase agreement program that the undersigned will save CCC from loss or penalty under weed control laws or regulations in effect at the point the grain was stored under the above warehouse receipt.

(Signature)

(Address)

(Date)

(b) *Discounts and premiums*—(1) *Farm-storage.* In the case of eligible soybeans placed under farm-storage loan the applicable cumulative discounts contained in this paragraph shall be applied to the basic rate at the time the loan is completed. Premiums for low moisture content shall not be applied until time of settlement. In the case of eligible soybeans delivered from farm-storage under purchase agreement, the applicable discounts and premiums shall be applied to the basic rate at the time of settlement.

(2) *Warehouse storage.* In the case of warehouse-storage loans, the applicable discounts and premiums for eligible soybeans shall be applied to the basic rate at the time the loan is completed. In the case of eligible soybeans represented by warehouse receipts tendered to C. C. C. under purchase agreements, the applicable discounts and premiums shall be applied to the basic rate at the time of settlement.

(3) *Classification discount.* The support rates for soybeans of the classes Black Soybeans, Brown Soybeans, and Mixed Soybeans shall be 25 cents per bushel less than the support rates for the classes Green Soybeans and Yellow Soybeans.

(4) *Discounts for test weight per bushel, splits, and damaged kernels.* The following discounts are cumulative and apply to all classes of soybeans:

Test weight per bushel	Discount	Splits	Discount	Damaged kernels [1]		Discount
				Heat	Total	
Pounds [1]	*Cents per bushel*	*Percent* [1]	*Cents per bushel*	*Percent* [1]	*Percent* [1]	*Cents per bushel*
53.0–53.9	½	20.1–25.0	½	0.6–0.7	3.1–4.0	½
52.0–52.9	1	25.1–30.0	1	0.8–1.0	4.1–5.0	1
51.0–51.9	1½	30.1–35.0	1½	1.1–1.5	5.1–6.0	1½
50.0–50.9	2	35.1–40.0	2	1.6–2.1	6.1–7.0	2
49.0–49.9	2½			2.2–3.0	7.1–8.0	2½

[1] The figures in these columns are inclusive.
[2] Use column which yields the higher applicable discount.

(5) *Premiums for low moisture content.* The following premiums are applicable to all classes of soybeans.

Moisture (percent)	Premium (cents per bushel)
12.2 or less	4
12.3 to 12.7 inclusive	3
12.8 to 13.2 inclusive	2
13.3 to 13.7 inclusive	1
13.8 to 14.0 inclusive	0

(Sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. 714b. Interprets or applies sec. 5, 62 Stat. 1072; secs. 301, 401, 63 Stat. 1053; 15 U. S. C. 714c, 7 U. S. C. 1447, 1421)

Issued this 29th day of July 1958.

[SEAL] CLARENCE L. MILLER,
Acting Executive Vice President,
Commodity Credit Corporation.

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

IDAHO PROPORTIONATE SHARE AREAS AND FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877) the Agricultural Stabilization and Conservation Idaho State Committee has issued the bases and procedures for dividing the State into proportionate share areas and establishing individual farm proportionate shares from the allocation of 86,965 acres established for Idaho by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at 1524 Vista Street, Boise, Idaho, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of Idaho. These bases and procedures incorporate the following:

§ 850.85 *Idaho*—(a) *Proportionate share areas.* Idaho shall be divided into five proportionate share areas as served by beet sugar companies. These areas shall be designated as follows: Amalgamated, Nampa-Nyssa; Amalgamated, Twin Falls-Rupert, and Layton; Utah-Idaho; Franklin County; and American Crystal. Acreage allotments for these areas shall be computed by applying to the planted sugar beet acreage records for each area a weighting of 80 percent to the average acreage for the crops of 1950 through 1954, as a measure of "past production" and a weighting of 20 percent to the largest acreage of any of the crops of 1950 through 1954, as a measure of "ability to produce", with a floor of 92.588 percent of the 1953–54 average acreage and with pro-rata adjustments to a total of 86,965 acres. For the American Crystal Area, this computation resulted in an allotment of 235 acres. Since no requests for shares were filed in this area, the 235 acres were pro-rated to the other four areas on the basis of their respective allotments. The adjusted allotments were as follows: Amalgamated; Nampa-Nyssa Area—31,575 acres; Amalgamated, Twin Falls-Rupert, and Layton Area—35,293 acres; Utah-Idaho Area—15,076 acres; and Franklin County Area—5,021 acres.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from area allotments as follows: For new producers—Amalgamated, Nampa-Nyssa Area—400 acres; Amalgamated, Twin Falls-Rupert, and Layton Area—440 acres; Franklin County Area—64 acres; and Utah-Idaho Area—155 acres; for appeals—Amalgamated, Nampa-Nyssa Area—315 acres; Amalgamated, Twin Falls-Rupert, and Layton Area—352 acres; Franklin County Area—50 acres; and Utah-Idaho Area—150 acres. For making adjustments in initial proportionate shares: Amalgamated Nampa-Nyssa Area—107 acres; Amalgamated, Twin Falls-Rupert, and Layton Area—54 acres; Utah-Idaho Area—186.9 acres; and Franklin County Area—78.8 acres.

(c) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC county office on form SU–100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date for such filing, as provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully completed form SU–100 shall be filed by March 18, 1958, before a proportionate share may be established for the farm. However, requests for proportionate shares may be accepted after such dates and shares may be established if the county committee determines that in any such case the farm operator was prevented from filing a complete form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(d) *Establishment of individual farm proportionate shares*—(1) *For old producers*—(i) *Farm bases.* For each farm in the Amalgamated, Nampa-Nyssa Area whose opeartor is a tenant having a personal accredited acreage during at least one of the crop years 1955–57, the 1958 base shall be determined by applying a weighting of 80 percent to the 4 year average of the operator's personal accredited acreage record during the base period (1954–57) and a weighting of 20 percent to the highest year in such base period, or by applying the above weightings in the same manner to the accredited acreage record of sugar beets on the farm, whichever gives the higher base. If the operator is the owner of the farm or is a tenant without a personal accredited acreage record in at least one of the crop years 1955–57, and the farm has such a record during at least one of such crop years, the base shall be determined by applying the above weightings to the accredited acreage record of the farm. The 1958 farm base for a farm operated by a tenant having a personal accredited acreage record as a new producer in 1955, 1956, or 1957 shall equal his most recent year's accredited acreage, but not to exceed his most recent established share. For each farm in any of the other proportionate share areas having an accredited acreage record for at least one of the years 1955–57, the 1958 farm base shall be the sum of 80 percent of the 4-year average of the accredited acreage record of sugar beets on the farm during the base period (1954–57) and 20 percent of the highest year in such base period. The 1958 farm base for a farm for which a new producer share was established in 1955, 1956 or 1957 shall equal the most recent years accredited acreage for the farm, but not to exceed the most recent established share.

(2) *Initial proportionate shares.* For each of the Amalgamated, Twin Falls-Rupert and Layton, and the Utah-Idaho areas the total of individual farm bases for old-producer farms, as established pursuant to this paragraph, is more than the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases in each proportionate share area by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides. For each of the Amalgamated, Nampa-Nyssa and the Franklin County areas, the total of individual farm bases for old producers, as established pursuant to this paragraph is equal to the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly the initial proportionate share shall coincide with the requested acreages for farms for which the respective requested acreages are equal to or less than farm bases, and for all other farms, initial shares shall be computed by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides, and the total of the initial shares established in accordance with the preceding part of this subparagraph.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(e) *Establishment of individual proportionate shares for new producers.* Within the acreage set aside for new producers in each proportionate share area, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) by taking into consideration the avail-

ability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(f) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused in each proportionate share area, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76 applicable to appeals.

(g) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment for each proportionate share area from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958-crop season. However, any acreage released by producers prior to March 1, 1958 in the Amalgamated Nampa-Nyssa, and Franklin County areas, and prior to March 15, 1958 in the Amalgamated, Twin Falls-Rupert, and Layton, and Utah-Idaho areas, shall be used to increase shares of small producers (less than 5 acres) to 5 acres, or the acreage requested, whichever is smaller, so as to promote the more efficient operation of farms. In increasing such small producer shares, the State Committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(h) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on form SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(i) *Redetermination of share.* If the Agricultural Stabilization and Conservation County Committee determines that the proportionate share for any farm was established with consideration for the personal history of a person who had no interest or did not acquire any interest in such farm as a tenant, or who was not the operator of the farm at the time of planting sugar beets on the farm, the State Committee shall be notified of the circumstances and the actual operator of the farm shall be given an opportunity to file a request for a share for such farm. Pursuant to such a request, the proportionate share for the farm shall be redetermined on the basis of the personal history of such actual operator, the farm history, or new producer procedure, whichever is applicable, even though a downward adjustment to zero acres may be required. The actual farm operator shall be furnished a form SU–103–A setting forth the redetermined share for the farm and he shall also be furnished a statement explaining the reasons for the adjustment. A copy of such statement shall be furnished the person to whom the original Form SU–103 was issued.

(j) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation Idaho State Committee for determining farm proportionate shares in Idaho in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

Idaho is again divided into the same five areas. Advisory committees, including grower and processor representatives, are utilized. In establishing proportionate shares for old producers, the factors of "past production" and "ability to produce" sugar beets are measured by applying formulas to the accredited acreages for the crop years 1954–57.

The procedure for establishing farm shares for new producers meets the related requirements of § 850.76.

The bases and procedures for making adjustments in initial proportionate shares, for adjusting shares subsequently because of unused acreage, and appeals, are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930 as amended; 7 U. S. C. 1131, 1132)

Dated: July 15, 1958.

[SEAL] GLEN W. HENDERSON,
Chairman, Agricultural Stabilization and Conservation Idaho State Committee.

Approved: July 25, 1958.

LAWRENCE MYERS,
Director, Sugar Division, Commodity Stabilization Service.

[Sugar Determination 850.76, as Amended, Supp. 11]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

MINNESOTA PROPORTIONATE SHARE AREAS AND FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325) the Agricultural Stabilization and Conservation Minnesota State Committee has issue the bases and procedures for dividing the State into proportionate share areas and establishing individual farm proportionate shares from the allocation of 73,070 acres established for Minnesota by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at Room 1104, Main Post Office Building, St. Paul, Minnesota, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of Minnesota. These bases and procedures incorporate the following:

§ 850.87 *Minnesota*—(a) *Proportionate share areas.* Minnesota shall be divided into two proportionate share areas comprising the East Grand Forks-Crookston-Moorhead and the Chaska-Mason City factory districts of the State. These areas shall be designated as the "Northwest Area" and the "Southern Area", respectively. Acreage allotments for these areas shall be computed by applying to the planted sugar beet acreage record for each area a weighting of 90 percent to the average acreage for the crops of 1950 through 1954, as a measure of "past production", and a weighting of 10 percent to the largest acreage of any of the crops of 1950 through 1954, as a measure of "ability to produce" with pro rata adjustments to a total of 73,070 acres. Acreage allotments computed as aforestated are established as follows: Northwest Area—59,048 acres and Southern Area—14,022 acres.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from area allotments as follows: Northwest Area—450 acres for new producers, 141 acres for small producers, 591 acres for appeals and 0 acres for adjustments in initial shares; Southern Area—1,222 acres for new producers, 140 acres for appeals, and 2,085 acres for adjustments in initial shares.

(c) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC county office on Form SU–100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date for such filing, provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully completed Form SU–100 shall be filed by April 1, 1958, before a proportionate share may be established for the farm. However, requests for proportionate shares may be accepted after such dates and shares may be established if the county committee determines that in any such case the farm operator was prevented from filing a completed Form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(d) *Establishment of individual farm proportionate shares for old producers*—(1) *Farm bases.* For each farm in each proportionate share area whose operator is a tenant, having a personal accredited acreage record for any of the crop years 1955–57, the farm base shall equal the most-recently established farm share for the farm which such tenant last operated. For each farm having an accredited acreage record for at least one of the above crop years, which is operated by the owner or by a tenant without a personal production record for at least one of such years, the farm base shall equal the portion of the most-recently established share for the farm representing the landowner's share of the crops covered by such share.

(2) *Initial proportionate shares.* For each proportionate share area, the total of individual farm bases for old-producer farms, as established pursuant to this paragraph, is more than the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases in each proportionate share area by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities, and the production experience of the operator.

(e) *Establishment of individual proportionate shares for new producers.* Within the acreage set aside for new producers in each proportionate share area, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(f) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused in each proportionate share area, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76, applicable to appeals.

(g) *Acreages for small producers.* In the Northwest Area, the set-aside for "small producers" of 141 acres shall be distributed to small producers (less than average for the area). Any acreage released in either area prior to May 1, 1958, shall be used to increase the shares of small producers to the extent determined by the State Committee to be necessary to provide for the more efficient operation of such farms. In increasing such small producers shares, the county committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(h) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment for each proportionate share area from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958-crop season.

(i) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Form SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a Form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(j) *Redetermination of share.* If the Agricultural Stabilization and Conservation County Committee determines that the proportionate share for any farm was established with consideration for the personal history of a person who had no interest or did not acquire any interest in such farm as a tenant, or who was not the operator of the farm at the time of planting sugar beets on the farm, the State Committee shall be notified of the circumstances and the actual operator of the farm shall be given an opportunity to file a request for a share for such farm. Pursuant to such a request, the proportionate share for the farm shall be redetermined on the basis of the personal history of such actual operator, the farm history, or new producer procedure whichever is applicable, even though a downward adjustment to zero acres may be required. The actual farm operator shall be furnished a Form SU–103–A setting forth the redetermined share for the farm and he shall also be furnished a statement explaining the reasons for the adjustment. A copy of such statement shall be furnished the person to whom the original Form SU–103 was issued.

(k) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation Minnesota State Committee for determining farm proportionate shares in Minnesota in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

Minnesota is again divided into the same two areas. Advisory committees, including grower and processor representatives, are utilized. In establishing proportionate shares for old producers, the factors of "past production" and "ability to produce" sugar beets are recognized. The procedure for establishing farm shares for new producers meets the related requirements of § 850.76.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

[Sugar Determination 850.76 as amended, Supp. 12]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

MONTANA PROPORTIONATE SHARE AREAS AND FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325) the Agricultural Stabilization and Conservation Montana State Committee has issued the bases and procedures for dividing the State into proportionate share areas and establishing individual farm proportionate shares from the allocation of 55,672 acres established for Montana by the determination. Copies of these bases and procedures are available for public inspection at the office of such Committee at 211 North Grand Avenue, Bozeman, Montana, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of Montana. These bases and procedures incorporate the following:

§ 850.88 *Montana*—(a) *Proportionate share areas.* Montana shall be divided into three proportionate share areas as served by beet sugar companies. These areas shall be designated as follows: American Crystal, Great Western, and

Holly. Acreage allotments for these areas shall be computed by applying to the planted sugar beet acreage record for each area a weighting of 75 percent to the average acreage for the crops of 1950 through 1954, as a measure of "past production", and a weighting of 25 percent to the largest acreage of any of the crops of 1950 through 1954, as a measure of "ability to produce", with a minimum of 97.4 percent of the 1954–55 average and pro rata adjustments to a total of 55,672 acres. Acreage allotments computed as aforestated are established as follows: American Crystal Area—5,113 acres; Great Western Area—26,513 acres; and Holly Area—24,046 acres.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from each area as follows: American Crystal Area: 51 acres for new producers, 51 acres for appeals, and 133 acres for adjustments in initial shares; Great Western Area: 265 acres for new producers, 265 acres for appeals and 575 acres for adjustments in initial shares; Holly Area: 241 acres for new producers, 241 acres for appeals, and 170 acres for adjustments in initial shares.

(c) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC County Office on Form SU–100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date for such filing, provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully-completed Form SU–100 shall be filed by April 1, 1958. However, requests for proportionate shares may be accepted after such dates and shares may be established if the County Committee determines that in any such case the farm operator was prevented from filing a complete Form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(d) *Establishment of individual proportionate shares for old producer farms*—(1) *Farm bases.* In each proportionate share area, the 1958 farm base for each old producer farm shall equal the most recent of the 1957, 1956, or 1955 crop shares established for the farm, including adjustments made under appeals but excluding any other upward adjustment made because the shares of other farms were not fully planted and excluding any downward adjustment made because the acreage planted on the farm was less than the share originally established for the farm.

(2) *Initial proportionate shares.* For each proportionate share area, the total of individual farm bases for old-producer farms, as established pursuant to this paragraph, is more than the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases in each proportionate share area by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities, and the production experience of the operator.

(e) *Establishment of individual proportionate shares for new-producer farms.* Within the acreage set aside for new producers in each proportionate share area, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(f) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused in each proportionate share area, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76, applicable to appeals.

(g) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment for each proportionate share area from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958–crop season. However, any acreage released by producers prior to April 2, 1958 shall be used to increase small proportionate shares (smaller-than-average for the area) so as to promote the more efficient operation of farms. In increasing such small-producer shares, the State Committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(h) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Form SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a Form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(i) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation Montana State Committee for determining farm proportionate shares in Montana in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

Montana is again divided into three areas. Farm proportionate shares of old producers are established so as to recognize "past production" and "ability to produce" sugar beets. The procedure for establishing farm shares for new producers meets the related requirements of such section.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930, as amended; 7 U. S. C. 1131, 1132)

Dated: July 8, 1958.

[SEAL] ROY M. KING,
Chairman, Agricultural Stabilization and Conservation Montana State Committee.

Approved: July 25, 1958.

[Sugar Determination 850.76, as Amended, Supp. 14]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

NEVADA FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325) the Agriculture Stabilization and Conservation Nevada State Committee has issued the bases and procedures for establishing individual farm proportionate shares from the allocation of 548 acres established for Nevada by the determination. Copies of these bases and procedures are available for public inspection at the office of the Agricultural Stabilization and Conservation Committee for Churchill County, in the Federal Building, Fallon, Nevada. These bases and procedures incorporate the following:

§ 850.90 *Nevada*—(a) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC county office on Form SU–100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date of such filing, as provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully-completed Form SU–100 shall be filed by February 14, 1958. However, requests for proportionate shares may be accepted after such dates and shares may be established if the county committee determines that in any such case the farm operator was prevented from filing a completed Form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from the State acreage allocation as follows: 50 acres for new producers, 10 acres for appeals, and 0 acres for adjustments in initial shares.

(c) *Establishment of individual proportionate shares for old producer farms*—(1) *Farm bases.* The 1958 farm base for each old-producer farm shall equal the most recent of the 1957 or 1956 crop shares established for the farm, including adjustments made under appeals but excluding any other upward adjustment made because the shares of other farms were not fully planted and excluding and downward adjustment made because the acreage planted on the farm was less than the share originally established for the farm.

(2) *Initial proportionate shares.* The total of individual farm bases for old-producer farms, as established pursuant to this paragraph is less than the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases as follows: For farms for which respective requested acreage are equal to or less than their farm bases, the initial shares shall coincide with the requested acreages; and for all other farms, initial shares shall be computed by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides and the total of the initial shares established in accordance with the prescribed part of this subparagraph.

(3) *Adjustments in initial shares.* Within the acreage available from initial shares in excess of requested acreage adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area, by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(d) *Establishment of individual proportionate shares for new-producer farms.* Within the acreage set aside for new producers, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) at the minimum level determined by the State Committee under usual circumstances to be economically feasible to plant sugar beets, by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(e) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76 applicable to appeals.

(f) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958-crop season. However, any acreage released by producers prior to February 15, 1958, shall be used to increase shares of small producers (less than 8 acres). In increasing such small-producer shares, the State Committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(g) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Farm SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals, or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(h) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation Nevada State Committee for determining farm proportionate shares in Nevada in accordance with the determination of proportionate shares for the 1958 crop of sugar beets as issued by the Secretary of Agriculture.

Advisory committees, including grower and processor representatives, are utilized. In establishing proportionate shares for old producers, the factors of "past production" and "ability to produce" sugar beets are recognized by using the most recently established farm shares as 1958 farm bases. The procedure for establishing farm shares for new producers meets the related requirements of § 850.76.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930, as amended; 7 U. S. C. 1131, 1132)

Dated: July 17, 1958.

[Sugar Determination 850.76, as Amended, Supp. 15]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

NEW MEXICO FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325) the Agricultural Stabilization and Conservation New Mexico State Committee has issued the bases and procedures for establishing individual farm proportionate shares from the allocation of 744 acres established for New Mexico by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at 1015 Tijeras Avenue NW., Albuquerque, New Mexico, and at the office of the Agricultural Stabilization and Conservation Committee in Estancia, Torrance County, New Mexico. These bases and procedures incorporate the following:

§ 850.91 *New Mexico*—(a) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC county office on Form SU–100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date for such filing, as provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully-completed Form SU–100 shall be filed by April 15, 1958. However, requests for proportionate shares may be accepted after such dates and shares may be established if the county committee de-

termines that in any such case the farm operator was prevented from filing a completed Form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from the State acreage allocation as follows: 50 acres for new producers, 8 acres for appeals, and 59 acres for adjustments in initial shares.

(c) *Establishment of individual proportionate shares for old-producer farms*—(1) *Farm bases.* The 1958 farm base for each old producer farm shall equal the most recent of the 1957, 1956 or 1955 crop shares established for the farm, including adjustments made under appeals but excluding any other upward adjustment made because the shares of other farms were not fully planted and excluding any downward adjustments made because the acreage planted on the farm was less than the share originally established for the farm.

(2) *Initial proportionate shares.* The total of individual farm bases for old-producer farms, as established pursuant to subparagraph (1) of this paragraph is equal to the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases as follows: For farms for which the respective requested acreages are equal to or less than their farm bases, the initial shares shall coincide with the requested acreages; and for all other farms, initial shares shall be computed by pro-rating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides and the total of the initial shares established in accordance with the preceding part of this subparagraph.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(d) *Establishment of individual proportionate shares for new-producer farms.* Within the acreage set aside for new producers, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) at the minimum level determined by the State Committee under usual circumstances to be economically feasible to plant to sugar beets by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(e) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76 applicable to appeals.

(f) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958-crop season. However, any acreage released by producers prior to March 15, 1958, shall be used to increase shares of small producers (less-than-average for the area). In increasing such small-producer shares, the State Committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(g) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Form SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals, or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a Form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(h) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation New Mexico State Committee for determining farm proportionate shares in New Mexico in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

Individual farm proportionate shares are again established directly from the State allocation, without subdividing the State into proportionate share areas. The basis used for establishing individual farm shares for old producers from the State allocation recognizes the factors of "past prodction" and "ability to produce" by the use of accredited acreages for the crop years 1955–57. The procedure for establishing farm shares for new producers meets the related requirements of § 850.76.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930 as amended; 7 U. S. C. 1131, 1133)

Dated: July 15, 1958.

[SEAL] CLAUDE B. EDMONDS,
Chairman, Agricultural Stabilization and Conservation New Mexico State Committee.

Approved: July 25, 1958.

LAWRENCE MYERS,
Director, Sugar Division, Commodity Stabilization Service.

[Sugar Determination 850.76, as Amended, Supp. 16]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

NORTH DAKOTA PROPORTIONATE SHARE AREAS AND FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325), the Agricultural Stabilization and Conservation North Dakota State Committee has issued the bases and procedures for dividing the State into proportionate share areas and establishing individual farm proportionate shares from the allocation of 38,027 acres established for North Dakota by the determination. Copies of these bases and procedures are available for public inspection at the office of such Committee at 304 de Lendrecie Building, Fargo, North Dakota, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of North Dakota. These bases and procedures incorporate the following:

§ 850.92 *North Dakota*—(a) *Proportionate share areas.* North Dakota shall be divided into two proportionate share areas comprising the separate sugar beet producing regions of the State, one of which is served by the American Crystal Sugar Company and the other by the Holly Sugar Corporation. These areas shall be designated the "Eastern Area" and the "Western Area", respectively. Acreage allotments for these areas shall be computed by applying to the planted sugar beet acreage record for each area a weighting of 85 percent to the average acreage for the crops of 1950 through 1954, as a measure of "past production", and a weighting of 15 percent to the largest acreage of any of the crops of 1950 through 1954, as a measure of "ability to produce", with pro rata adjustments to a total of 38,027 acres. Acreage allotments computed as aforestated are established as follows: Eastern Area—33,736 acres and Western Area—4,291 acres.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from area allotments as follows: Eastern Area—183 acres for new producers, 155 acres for small producers, 338 acres for appeals and 157 acres for adjustments in initial shares; Western Area—22 acres for new producers, 21 acres for small producers, 43 acres for appeals and 0 acres for adjustments in initial shares.

(c) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC County Office on Form SU–100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date for such filing, as provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully-completed Form SU–100 shall be filed by April 1, 1958. However, requests for proportionate shares may be accepted after such dates and shares may be established if the county committee determines that in any such case the farm operator was prevented from filing a completed Form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(d) *Establishment of individual proportionate shares for old-producer farms*—(1) *Farm bases.* In each proportionate share area, the 1958 farm base for each old-producer farm shall equal the most recent of the 1957, 1956 or 1955 crop shares established for the farm, including adjustments made under appeals but excluding any other upward adjustment made because the shares of other farms were not fully planted or downward adjustment made because the acreage of sugar beets on the farm was less than the share originally established for the farm.

(2) *Initial proportionate shares.* For each proportionate share area, the total of individual farm bases for old-producer farms, as established pursuant to this paragraph is more than the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases in each proportionate share area by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities, and the production experience of the operator.

(e) *Establishment of individual proportionate shares for new-producer farms.* Within the acreage set aside for new producers in each proportionate share area, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) at levels determined by the State Committee to be economically feasible to plant to sugar beets under usual circumstances, by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(f) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused in each proportionate share area, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76, applicable to appeals.

(g) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment for each proportionate share area from underplanting and failure to plant, and unused acreage from set-asides and other sources, adustments shall be made in farm proportionate shares during the 1958-crop season. However, any acreage released by producers prior to April 15, 1958, shall be used to increase small proportionate shares (less-than-average for the area) so as to promote the more efficient operation of farms. In increasing such small-producer shares, the State Committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(h) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Form SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a Form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(i) *Redetermination of share.* If the Agricultural Stabilization and Conservation County Committee determines that the proportionate share for any farm was established with consideration for the personal history of a person who had no interest or did not acquire any interest in such farm as a tenant, or who was not the operator of the farm at the time of planting sugar beets on the farm, the State Committee shall be notified of the circumstances and the actual operator of the farm shall be given an opportunity to file a request for a share for such farm. Pursuant to such a request, the proportionate share for the farm shall be redetermined on the basis of the personal history of such actual operator, the farm history, or new-producer procedure, whichever is applicable, even though a downward adjustment to zero acres may be required. The actual farm operator shall be furnished a Form SU–103–A setting forth the redetermined share for the farm and he shall also be furnished a statement explaining the reasons for the adjustment. A copy of such statement shall be furnished the person to whom the original Form SU–103 was issued.

(j) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation North Dakota State Committee for determining farm proportionate shares in North Dakota in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

The bases and procedures specified herein are essentially the same as those which were effective in the State for the 1957 crop. North Dakota is again divided into the same two areas. Advisory committees, including grower and processor representatives, are utilized. In establishing proportionate shares for old producers, the factors of "past production" and "ability to produce" sugar beets are recognized by using the most-recently established farm share as 1958 farm bases.

The procedure for establishing farm shares for new producers meets the related requirements of § 850.76. The acreage set aside for such producers is sufficient to establish shares for farms at the prescribed minimum levels for those having the required qualifications.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals, are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930, as amended; 7 U. S. C. 1131, 1132)

Dated: July 2, 1958.

[SEAL] RICHARD ASLAKSON,
Chairman, Agricultural Stabilization and Conservation North Dakota State Committee.

Approved: July 25, 1958.

LAWRENCE MYERS,
Director, Sugar Division, Commodity Stabilization Service.

[Sugar Determination 850.76, as Amended, Supp 17]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

OHIO PROPORTIONATE SHARE AREAS AND FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325), the Agricultural Stabilization and Conservation Ohio State Committee has issued the bases and procedures for dividing the State into proportionate share areas and establishing individual farm proportionate shares from the allocation of 22,125 acres established for Ohio by the determination. Copies of these bases and procedures are available for public inspection at the office of such Committee at Room 211 Old Federal Building, Columbus, Ohio, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of Ohio. These bases and procedures incorporate the following:

§ 850.93 *Ohio*—(a) *Proportionate share areas.* Ohio shall be divided into two proportionate share areas or districts comprising beet sugar factory districts as served by two beet sugar companies. These areas shall be designated "Northern Ohio District" and "Buckeye District", respectively. Acreage allotments for these districts shall be computed by applying to the planted sugar beet acreage record for each district a weighting of 75 percent to the average acreage for the crops of 1950 through 1954, as a measure of "past production", and a weighting of 25 percent to the largest acreage of any of the crops of 1950 through 1954, as a measure of "ability to produce", with a ceiling of 125 percent of the 1954 acreage and pro rata adjustments to a total of 22,125 acres. Acreage allotments computed as aforestated are established as follows: Northern Ohio District—15,663 acres; and Buckeye District—6,462 acres.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from district allotments as follows: Buckeye District—430 acres for new producers, 65 acres for appeals, and 1,292 acres for adjustments in initial shares; and Northern Ohio District—875 acres for new producers, 157 acres for appeals, and 3,133 acres for adjustments in initial shares.

(c) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC County Office on Form SU–100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date for such filing, provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully-completed Form SU–100 shall be filed by February 28, 1958. However, requests for proportionate shares may be accepted after such dates and shares may be established if the County Committee determines that in any such case the farm operator was prevented from filing a completed form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(d) *Establishment of individual proportionate shares for old-producer farms*—(1) *Farm bases.* In each proportionate share area, the 1958 farm base for each old-producer farm shall equal the most recent of the 1957, 1956 or 1955-crop shares established for the farm, including adjustments made under appeals but excluding any other upward adjustment made because the shares of other farms were not fully planted and excluding any downward adjustment made because the acreage planted on the farm was less than the share originally established for the farm.

(2) *Initial proportionate shares.* For each proportionate share area, the total of individual farm bases for old-producer farms, as established pursuant to this paragraph, is more than the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases in each proportionate share area by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration availability of and suitability of land, area of available fields, adequacy of drainage, availability of production and marketing facilities, and the production experience of the operator.

(e) *Establishment of individual proportionate shares for new producers.* Within the acreage set aside for new producers in each proportionate share area, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) by taking into consideration the availability and suitability of land, area of available fields, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(f) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused in each proportionate share area, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76 applicable to appeals.

(g) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment for each proportionate share area from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958-crop season. However, any acreage released by producers prior to April 29, 1958, shall be used to increase shares of small producers (less-than-average for the area). In increasing such small producers' shares, the State Committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(h) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Form SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a Form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(i) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation Ohio State Committee for determining farm proportionate shares in Ohio in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

The bases and procedures specified herein are essentially the same as those which were effective in the State for the 1957 crop. Advisory committees, including grower and processor representatives, are utilized. In establishing proportionate shares for old producers, the factors of "past production" and "ability to produce" sugar beets are measured by using the most recent of the 1957, 1956, or 1955 crop shares established for the farm as the base in prorating the acreage available for such producers. The procedure for establishing farm shares for new producers meets the related requirements of § 850.76.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930, as amended; 7 U. S. C. 1131, 1132)

Dated: June 30, 1958.

[Sugar Determination 850.76, as amended, Supp. 18]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

SOUTH DAKOTA FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325), the Agricultural Stabilization and Conservation South Dakota State Committee has issued the bases and procedures for establishing individual farm proportionate shares from the allocation of 5,952 acres established for South Dakota by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at 239 Wisconsin Street SW., Huron, South Dakota, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of South Dakota. These bases and procedures incorporate the following:

§ 850.94 *South Dakota*—(a) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC county office on form SU–100, Request for Sugar Beet Proportionate Share, under the conditions and on or before the closing date of such filing, as provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully completed Form SU–100 shall be filed by April 15, 1958. However, requests for proportionate shares may be accepted after such dates and shares may be established if the county committee determines that in any such case the farm operator was prevented from filing a completed Form SU–100 by such dates because of absence, illness or other reasons beyond his control.

(b) *Set-asides of acreage.* Set-asides of acreage shall be made from the State acreage allocation as follows: 218 acres for new producers, 63 acres for appeals, and 0 acres for adjustments in initial shares.

(c) *Establishment of individual proportionate shares for old-producer farms*—(1) *Farm bases.* The 1958 farm base for each old-producer farm having accredited acreage for at least one of the crop years 1955–57 shall equal one third of the total of the 1955–57 accredited acreages for the farm: *Provided*, That for a farm for which a new-producer share was established for 1955, 1956, or 1957, the farm base shall equal the most recent year's accredited acreage for the farm, but not to exceed the most-recently established share.

(2) *Initial proportionate shares.* The total of individual farm bases for old-producer farms, as established pursuant to the subparagraph (1) of this paragraph is less than the area allotment minus the set-asides of acreage established under paragraph (b) of this section. Accordingly, initial proportionate shares shall be established from the farm bases as follows: For farms for which the respective requested acreages are equal to or less than their farm bases, the initial shares shall coincide with the requested acreages; and for all other farms, initial shares shall be computed by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides, and the total of the initial shares established in accordance with the preceding part of this subparagraph.

(3) *Adjustments in initial shares.* Within the acreage available from initial shares in excess of requested acreages, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area, by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(d) *Establishment of individual proportionate shares for new-producer farms.* Within the acreage set aside for new producers, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) at the minimum level determined by the State Committee under usual circumstances to be economically feasible to plant sugar beets, by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marking facilities and the production experience of the operator.

(e) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76 applicable to appeals.

(f) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958-crop season. However, any acreage released by producers prior to April 1, 1958, shall be used to increase shares of small producers (less than 15 acres). In increasing such small-producer shares, the State Committee shall take into consideration the size of beet operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(g) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Form SU–103, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, appeals, or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU–103–A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a Form SU–103–B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(h) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation South Dakota State Committee for determining farm proportionate shares in South Dakota in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

Advisory committees, including grower and processor representatives, are utilized. In establishing proportionate shares for old producers, the factors of "past production" and "ability to produce" sugar beets are recognized by the use of accredited acreages for the crop years 1955–57. The procedure for establishing farm shares for new producers meets the related requirements of § 850.76.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930 as amended; 7 U. S. C. 1131, 1132)

Dated: July 1, 1958.

[SEAL] CARL J. SCHAEFER,
Chairman, Agricultural Stabilization and Conservation South Dakota State Committee.

Approved: July 25, 1958.

[Sugar Determination 850.76, as Amended; Supp. 19]

PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

TEXAS FARM PROPORTIONATE SHARES FOR 1958 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1958 Crop (22 F. R. 8107, 8175, 9877; 23 F. R. 4325) the Agricultural Stabilization and Conservation Texas State Committee has issued the bases and procedures for establishing individual farm proportionate shares from the allocation of 1,771 acres established for Texas by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at the U. S. D. A. Building, College Station, Texas, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of Texas. These bases and procedures incorporate the following:

§ 850.95 *Texas*—(a) *Set-asides of acreage.* From the State allocation there are set aside 44 acres for use in establishing farm proportionate shares for new producers, 18 acres for adjusting individual farm proportionate shares under appeals, and 56 acres for adjusting initial farm proportionate shares.

(b) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC County Office on Form SU-100, Request for Sugar Beet Proportionate Share, under the conditions, and on or before the closing date for such filing, as provided in § 850.76. If a preliminary request for a tentative farm proportionate share is filed, a fully completed Form SU-100 shall be filed by March 25, 1958. However, requests for proportionate shares may be accepted after such dates and shares may be established if the County Committee determines that in any such case the farm operator was prevented from filing a complete Form SU-100 by such dates because of absence, illness or other reasons beyond his control.

(c) *Establishment of individual farm proportionate shares for old producers*—(1) *Farm bases.* For each farm operated by an old producer having accredited acreage for at least one of the crop years 1955-57, the farm base shall be computed from the accredited sugar beet acreage record of the farm by giving a weighting of 50 percent to the average accredited acreage for the crops of 1952 through 1957, as a measure of "past production", and a weighting of 50 percent to the average acreage of the crops 1955 through 1957 as a measure of "ability to produce", except that the 1958 farm base for any farm operated by a new producer in 1955, 1956 or 1957 shall be the most recent accredited acreage for the farm, but not in excess of the most recent established farm share.

(2) *Initial proportionate shares.* The total of individual farm bases for old-producer farms, as established pursuant to the subparagraph (1) of this paragraph is less than the area allotment minus the set-asides of acreage established under paragraph (a) of this section. Accordingly, initial proportionate shares shall be established from the farm bases as follows: For farms for which the respective requested acreages are equal to or less than their farm bases, the initial shares shall coincide with the requested acreages; and for all other farms, initial shares shall be computed by prorating to such farms in accordance with their respective bases, the area allotment less the prescribed set-asides and the total of the initial shares established in accordance with the preceding part of this subparagraph.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares for old producers so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities, and the production experience of the operator.

(d) *Establishment of individual proportionate shares for new-producer farms.* Within the acreage set aside for new producers, proportionate shares shall be established in an equitable manner for farms to be operated during the 1958-crop year by new producers (as defined in § 850.76) at the minimum level determined by the State Committee under usual circumstances to be economically feasible to plant to sugar beets, by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(e) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of § 850.76 applicable to appeals.

(f) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment from underplanting and failure to plant, and unused acreage from set-asides and other sources, adjustments shall be made in farm proportionate shares during the 1958-crop season. However, any acreage released by producers prior to March 4, 1958, shall be used to increase shares of small producers (less-than-average for the area). In increasing such small-producer shares, the State Committee shall take into consideration the size of best operations for small farms in the area, the type of operations in the area, and other pertinent factors relating to efficient sugar beet production.

(g) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on Form SU-101, Notice of Farm Proportionate Share—1958 Sugar Beet Crop, even if the acreage established is "none". In each case of approved adjustment, whether resulting from the release of acreage, the redistribution of unused acreage, appeals, or the reconstitution of the farm, the farm operator shall be notified regarding the adjusted proportionate share on a Form SU-103-A or other similar written notice. For each tentative proportionate share which is established, the person filing the request for such share shall be notified on a Form SU-103-B specifying that such tentative share does not constitute a farm proportionate share for the purpose of payment under the Sugar Act of 1948, as amended.

(h) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.76.

Statement of bases and considerations. This supplement sets forth the bases and procedures established by the Agriculture Stabilization and Conservation Texas State Committee for determining farm proportionate shares in Texas in accordance with the determination of proportionate shares for the 1958 crop of sugar beets, as issued by the Secretary of Agriculture.

The bases and procedures specified herein are essentially the same as those which were effective in the State for the 1957 crop, although the base period is changed from 1950-56 to 1952-57. A weighting of 50 percent is given to the average accredited acreage on the farm for the period 1952-57, as a measure of "past production", and a weighting of 50 percent is given to the average accredited acreage for the period 1955-57, as a measure of "ability to produce". The procedure for establishing farm shares for new producers meets the related requirements of § 850.76.

The bases and procedures for making adjustments in initial proportionate shares and for adjusting shares subsequently because of unused acreage and appeals are designed to provide a fair and equitable proportionate share for each farm of the total acreage of sugar beets required to enable the domestic beet sugar area to meet its quota and provide a normal carryover inventory.

(Sec. 403, 61 Stat. 921; 7 U. S. C. 1153. Interprets or applies secs. 301, 302, 61 Stat. 929, 930, as amended; 7 U. S. C. 1131, 1132)

Dated: July 16, 1958.

[SEAL] SEARCY M. FERGUSON,
Chairman, Agricultural Stabilization and Conservation Texas State Committee.

Approved: July 25, 1958.

LAWRENCE MYERS,
Director, Sugar Division, Commodity Stabilization Service.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 147]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 922.447 *Valencia Orange Regulation 147*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 22, as amended (7 CFR Part 922), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said marketing agreement and order, as amended, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges as hereinafter provided will tend to effectuate the declared policy of the act by tending to establish and maintain such orderly marketing conditions for such oranges as will provide, in the interests of producers and consumers, an orderly flow of the supply thereof to market throughout the normal marketing season to avoid unreasonable fluctuations in supplies and prices, and is not for the purpose of maintaining prices to farmers above the level which it is declared to be the policy of Congress to establish under the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on July 31, 1958.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., August 3, 1958, and ending at 12:01 a. m., P. s. t., August 10, 1958, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 531,300 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: August 1, 1958.

[SEAL] G. R. GRANGE,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 58-6089; Filed, Aug. 1, 1958; 11:38 a. m.]

[Lemon Reg. 750]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF HANDLING

§ 953.857 *Lemon Regulation 750*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based becomes available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on July 30, 1958.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 3, 1958, and ending at 12:01 a. m., P. s. t., August 10, 1958, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 279,000 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 31, 1958.

[SEAL] G. R. GRANGE,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 58-6007; Filed, Aug. 1, 1958; 9:11 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

PART 27—AIRCRAFT DISPATCHER CERTIFICATES

REVISION OF PART

Adopted by the Civil Aeronautics Board at its office in Washington, D. C. on the 29th day of July 1958.

Part 27, adopted December 22, 1939, effective July 15, 1940, as amended, establishes the current requirements for the issuance of aircraft dispatcher certificates. Since that time other airman parts have been revised and are now different from Part 27 in format and terminology. It is, therefore, desirable to revise Part 27 to make it conform more closely to the newer airman parts.

Two Civil Air Regulations Draft Releases were issued entitled "Proposed Revision of Part 27 of the Civil Air Regulations—Aircraft Dispatcher Certificates." The first was Draft Release 55–22, dated October 31, 1955. The second was Draft Release 57–22, dated October 2, 1957, which was published in the FEDERAL REGISTER on October 8, 1957. Both draft releases proposed changes to clarify the section pertaining to skill, to make changes in the experience requirements, and to delete the recent experience requirements.

The more significant changes are as follows:

1. *Experience.* The current aeronautical experience requirements preclude the possibility of a person's securing an aircraft dispatcher certificate when serving in other than scheduled air carrier or scheduled military operations. This revision broadens the base of experience which may be credited toward qualification for a certificate by recognizing the fact that some operators other than scheduled air carriers have established well-organized dispatch organizations through which they exercise dispatch control over the operation of their aircraft, even though not required to do so by the Civil Air Regulations. It is hoped that the recognition of this experience will serve to encourage the voluntary establishment of dispatch organizations in aircraft operations other than scheduled air carrier operations.

2. *Knowledge.* The paragraph in the present aeronautical knowledge section dealing with the characteristics of an aircraft used in air carrier operations has been moved to the section pertaining to skill. This has been done because an applicant's competence in this regard can better be determined from the practical rather than the written examination.

3. *Skill.* This section has been rewritten to present clearly the aircraft characteristics with respect to which the applicant will be required to take a practical examination. The specific reference to the Morse code has been deleted since an applicant in complying with the knowledge requirements would demonstrate sufficiently his familiarity with the code.

4. *Recent experience requirements.* Airman training and recent experience requirements applicable to aircraft dispatchers are contained in certain of the air carrier operating parts of the Civil Air Regulations. It is appropriate that these requirements should continue to be contained in the air carrier operating parts since specialized recent experience with respect to the carrier's authorized routes and the particular types of aircraft used is needed by the dispatcher so that he can perform his assigned duties in a competent manner. On the other hand, the recent experience requirements contained in present Part 27 are general in nature and may not be pertinent to the specific duties to which dispatchers are assigned. Furthermore, they are not considered necessary in view of the more specialized requirements contained in the operating parts of the Civil Air Regulations. Therefore, the current recent experience requirements are deleted from this part. This deletion will in no way affect the training program and recent experience requirements prescribed in the operating parts.

Interested persons have been afforded an opportunity to participate in the revision of this part (22 F. R. 8006), and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby revises Part 27 of the Civil Air Regulations (14 CFR Part 27, as amended) as follows, effective November 1, 1958.

APPLICABILITY AND DEFINITIONS

Sec.
27.1 Applicability of this part.

APPLICABILITY AND DEFINITIONS

§ 27.1 *Applicability of this part.* This part establishes certification and general operating rules for aircraft dispatchers.

§ 27.2 *Definitions.* As used in this part, terms are defined as follows:

Administrator. The "Administrator" is the Administrator of Civil Aeronautics.

Air carrier. An "air carrier" is any citizen of the United States who undertakes directly, or by lease or by other arrangement, the carriage by aircraft of persons or property as a common carrier for compensation or hire, or the carriage of mail by aircraft.

Aircraft dispatcher. An "aircraft dispatcher" is an individual holding a valid aircraft dispatcher certificate issued by the Administrator who exercises responsibility with the pilot in command in the operational control of each flight.

Approved. "Approved," when used alone or as modifying terms such as means, method, action, equipment, etc., means approved by the Administrator.

Authorized representative of the Administrator. An "authorized representative of the Administrator" is any employee of the Civil Aeronautics Administrator or any private person, authorized by the Administrator to perform particular duties of the Administrator under the provisions of this part.

Flight time. "Flight time" is the time from the moment the aircraft first moves under its own power for the purpose of flight until it comes to rest at the next point of landing (block-to-block time).

Operational control. "Operational control" is the exercise of authority over initiation, continuation, diversion, or termination of a flight.

Pilot in command. The "pilot in command" is the pilot responsible for the operation and safety of the aircraft during the time defined as flight time.

CERTIFICATION RULES

§ 27.5 *Application for certificate.* An application for a certificate shall be made on a form and in a manner prescribed by the Administrator.

§ 27.6 *Issuance.* (a) An aircraft dispatcher certificate shall be issued by the Administrator to an applicant who meets the requirements of this part.

(b) Pending a review of an applicant's application and supplementary documents and the issuance of a certificate by the Administrator, an authorized representative of the Administrator may, subject to such conditions and limitations as the Administrator may prescribe, issue a temporary aircraft dispatcher certificate to an applicant who meets the requirements of this part.

§ 27.7 *Duration.* (a) An aircraft dispatcher certificate issued to a United States citizen shall remain in effect until surrendered, suspended, revoked, or otherwise terminated by order of the Board. A certificate issued to an applicant other than a United States citizen shall remain in effect for a period no longer than 12 months after the date of issuance; however, it may be reissued without further demonstration of technical competence.

(b) A temporary aircraft dispatcher certificate shall remain in effect for a period no longer than 90 days after the date of issuance.

(c) After revocation, and upon request after suspension, the certificate shall be returned to the Administrator.

§ 27.8 *Change of address.* Within 30 days after any change in the permanent mailing address of a certificated aircraft dispatcher, he shall notify the Administrator in writing of his new address. This notice shall be mailed to the Administrator of Civil Aeronautics, attention Airman Records Branch, Washington 25, D. C.

§ 27.21 *Citizenship.* An applicant for an aircraft dispatcher certificate may be a citizen of any country or a person without nationality.

§ 27.22 *Age.* 23 years is the minimum age for the issuance of an aircraft dispatcher certificate.

§ 27.23 *Education.* An applicant shall be able to read, speak, and understand the English language, or an appropriate operation limitation shall be placed on his aircraft dispatcher certificate.

§ 27.24 *Examinations and tests.* Examinations and tests shall be conducted by an authorized representative of the Administrator at such times and places as the Administrator may designate. The passing grade for such examinations and tests shall be at least 70 percent.

§ 27.25 *Re-examination after failure.* An applicant who has failed any prescribed written or practical examination or test may not apply for re-examination within a 30-day period from the date of such failure unless he presents a statement signed by a certificated aircraft dispatcher, an appropriately rated and certificated ground instructor, or an authorized representative of the Administrator, which attests that the applicant has received an additional 5 hours of instruction in each of the subjects failed and that the applicant is considered competent for re-examination.

§ 27.26 *Substantiation of experience.* An applicant shall present to the Administrator satisfactory documentary evidence to substantiate the experience qualifications for an aircraft dispatcher certificate.

QUALIFICATIONS FOR A CERTIFICATE

§ 27.31 *Experience.* (a) An applicant shall have served for a total of 2 of the 3 years immediately preceding the date of application in scheduled air carrier operations, scheduled military operations, or in other aircraft operations which the Administrator finds provides equivalent experience as:

(1) A pilot member of the crew, or

(2) A flight radio operator or ground radio operator, or

(3) A flight navigator, or

(4) A meteorologist, or

(5) An individual or an assistant performing the functions of an aircraft dispatcher, or

(6) An individual performing other functions which the Administrator finds provides equivalent experience; or

(b) An applicant shall have served for at least 2 of the 3 years immediately preceding the date of application as an air route traffic controller or as a certificated air-traffic control-tower operator; or

(c) An applicant shall have served for at least one of the 2 years immediately preceding the date of application as an assistant in the dispatching of scheduled air carrier aircraft performing all the duties of an aircraft dispatcher under the direct supervision of a certificated aircraft dispatcher; or

(d) An applicant, within 90 days immediately preceding the date of application, shall have completed successfully a course of instruction which the Administrator approves as adequate for the training of an aircraft dispatcher.

(e) An applicant may credit any combination of experience in paragraph (a) or in paragraphs (a) and (b) of this section provided that the aggregate of such experience is at least 2 years.

§ 27.32 *Knowledge.* An applicant shall satisfactorily pass a written examination on the following subjects:

(a) The provisions of the Civil Air Regulations applicable to the duties of an aircraft dispatcher;

(b) The general system of collection and dissemination of weather information;

(c) The interpretation of aviation weather reports, including the abbreviations and symbols employed therein, as prescribed in Department of Commerce Weather Bureau Circular N (Instructions for Airway Meteorological Service), as amended;

(d) The fundamentals of meteorology as applied to aircraft operations, with particular reference to:

(1) Surface and upper air weather maps and the general characteristics of air masses, pressure systems, and frontal systems, including the symbols and nomenclature pertaining thereto,

(2) Cloud forms and their significance,

(3) Icing,

(4) Turbulence,

(5) Thunderstorms,

(6) Fog and low ceilings,

(7) Winds aloft,

(8) Pressure pattern flying,

(9) Influence of terrain on meteorological conditions, and

(10) General principles of forecasting and analysis;

(e) Principles of aircraft navigation with particular respect to instrument operation and procedures;

(f) Communications facilities and procedures;

(g) Air navigation facilities and procedures; and

(h) Air traffic control procedures.

§ 27.33 *Skill.* An applicant shall satisfactorily pass a practical examination on at least the following:

(a) With respect to one type of large aircraft used in air carrier operations:

(1) Weight and balance limitations;

(2) Performance operating limitations;

(3) Use of cruise control charts; and

(4) Fuel and oil capacities and rates of consumption.

(b) The characteristics of air routes and airports with particular reference to:

(1) Landing areas;

(2) Lighting facilities; and

(3) Approach and landing facilities and procedures.

(c) The use and limitations of sensitive type altimeters.

(d) The application of available weather forecasts and reports for purposes of determining whether a flight can be made with safety.

(e) The dispatch and assistance of a flight under adverse weather conditions.

(f) Emergency procedures.

OPERATING RULES

§ 27.41 *Certificate required.* No individual shall serve as an aircraft dispatcher in connection with any civil aircraft used in air commerce without, or in violation of the terms of, a certificate required by the Civil Air Regulations and issued in accordance with the provisions of this part. He shall have his certificate in his personal possession when performing his duties.

§ 27.42 *Display.* An aircraft dispatcher shall, upon request, present his airman certificate for examination by any authorized representative of the Civil Aeronautics Board or the Administrator, or by any State or local law enforcement officer.

By the Civil Aeronautics Board.

[SEAL] MABEL MCCART,
Acting Secretary.

[F. R. Doc. 58–5966; Filed, Aug. 1, 1958; 8:55 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 14]

PART 600—DESIGNATION OF CIVIL AIRWAYS

ALTERATIONS

The civil airway alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Division, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 600 is amended as follows:

1. Section 600.16 *Green civil airway No. 6 (Alice, Tex., to Norfolk, Va.)* is amended by deleting the words "Bay Minette, Ala., nondirectional radio beacon;" and by adding the following in lieu thereof: "Mobile, Ala., nondirectional radio beacon;".

2. Section 600.210 *Red civil airway No. 10 (Wichita Falls, Tex., to Augusta, Ga.)* is amended by changing all after Atlanta, Ga., radio range station to read: "Atlanta, Ga., radio range station to the Augusta, Ga., radio range station, excluding the portion lying within the geographic limits of, and between the designated altitudes of, the Fort Gordon restricted area (R–124) during the restricted area's time of designation."

3. Section 600.217 *Red civil airway No. 17 (St. Louis, Mo., to Baltimore, Md.)* is amended by changing the words which read: "intersection of the northeast course of the Arcola, Va., radio range and the west course of the Baltimore, Md., radio range;" to read: "intersection of a line bearing 11° True from the Springfield, Va., nondirectional

radio beacon and the west course of the Baltimore, Md., radio range;".

4. Section 600.218 *Red civil airway No. 18 (Indianapolis, Ind., to Washington, D. C.)* is amended by changing all after Front Royal, Va., to read: "Front Royal, Va., radio range station to the Springfield, Va., nondirectional radio beacon."

5. Section 600.219 *Red civil airway No. 19 (Traverse City, Mich., to Norfolk, Va.)* is amended by changing the portion which reads: "From the intersection of the southwest course of the Arcola, Va., radio range and the west course of the Quantico, Va. (Navy), radio range" to read: "From the intersection of the southeast course of the Front Royal, Va., radio range and the west course of the Quantico, Va. (Navy), radio range".

6. Section 600.230 *Red civil airway No. 30 (Shreveport, La., to Jacksonville, Fla.)* is amended by changing all after New Orleans to read: "From the New Orleans, La., radio range station via the intersection of the east course of the New Orleans radio range and the southwest course of the Keesler AFB, Biloxi, Miss., radio range; Brookley AFB, Ala., nondirectional radio beacon; Saufley Field (Navy), Fla., nondirectional radio beacon; the intersection of a line bearing 057° True from the Saufley Field (Navy) nondirectional radio beacon to its intersection with the west course of the Crestview, Fla., radio range; Crestview, Fla., radio range station; the intersection of the east course of the Crestview radio range and the northwest course of the Tallahassee, Fla., radio range; Tallahassee, Fla., radio range station to the Jacksonville, Fla., radio range station. The portion of this airway below 2,000 feet MSL which lies within the Pensacola caution area C–488 is excluded; the portion which lies within the geographic limits of, and between the designated altitudes of the Valparaiso restricted area (R–383) is excluded during the restricted area's time of designation; the portions above 19,000 feet MSL which lies beneath and, also, the portions which lie within the geographic limits of, and between the designated altitudes of, the Tyndall AFB restricted area (R–336) are excluded during this restricted area's time of designation."

7. Section 600.233 *Red civil airway No. 33 (Norfolk, Va., to Boston, Mass.)* is amended by deleting the portion which reads: "From the Gordonsville, Va., radio range station via the Arcola, Va., radio range station to the intersection of the northeast course of the Arcola, Va., radio range and the southeast course of the Harrisburg, Pa., radio range."

8. Section 600.234 *Red civil airway No. 34 (Charleston, S. C., to Weeksville, N. C.)* is amended by correcting the last portion to read: "From the intersection of a line bearing 11° True from the New Bern, N. C., nondirectional radio beacon and the southwest course of the Norfolk, Va., radio range to the Weeksville, N. C. (Navy), radio range station."

9. Section 600.261 is amended to read:

§ 600.261 *Red civil airway No. 61 (Butler, Pa., to Johnstown, Pa.).* From the intersection of the southeast course of the Akron, Pa., radio range and the northwest course of the Pittsburgh, Pa., radio range via the Butler, Pa., nondirectional radio beacon to the Johnstown, Pa., nondirectional radio beacon.

10. Section 600.274 is amended to read:

§ 600.274 *Red civil airway No. 74 (Biloxi, Miss., to Brookley AFB, Ala.).* From the Keesler AFB radio range station, Biloxi, Miss., via the intersection of the southeast course of the Keesler AFB radio range with the centerline of Red civil airway No. 30; Mobile, Ala., nondirectional radio beacon to the Brookley AFB, Ala., nondirectional radio beacon.

11. Section 600.301 *Red civil airway No. 101 (Biloxi, Miss., to Pensacola, Fla.)* is revoked.

12. Section 600.310 *Red civil airway No. 110 (Mobile, Ala., to Pensacola, Fla.)* is revoked.

13. Section 600.624 is added to read:

§ 600.624 *Blue civil airway No. 24 (Brookley AFB, Ala., to Axis, Ala.).* From the Brookley AFB, Ala., nondirectional radio beacon to the intersection of a line bearing 360° True from the Brookley AFB nondirectional radio beacon with the centerline of Green civil airway No. 6.

14. Section 600.647 is amended to read:

§ 600.647 *Blue civil airway No. 47 (Blackstone, Va., to Philipsburg, Pa.).* From the intersection of the northeast course of the Raleigh, N. C., radio range and the south course of the Blackstone, Va., radio range via the Blackstone, Va., radio range station; Gordonsville, Va., radio range station; the intersection of the west course of the Quantico, Va. (Navy), radio range and the southeast course of the Front Royal, Va., radio range; Front Royal, Va., radio range station; intersection of the north course of the Front Royal, Va., radio range and the southeast course of the Pittsburgh, Pa., radio range; the intersection of the southeast course of the Pittsburgh, Pa., radio range and the south course of the Altoona, Pa., radio range; Altoona, Pa., radio range station to the Philipsburg, Pa., radio range station.

15. Section 600.6002 *VOR civil airway No. 2 (Seattle, Wash., to Boston, Mass.)* is amended by changing the portion which reads: "Mullan Pass, Mont., omnirange station, including a north alternate via the intersection of the Spokane omnirange 070° and the Mullan Pass omnirange 291° radials; Missoula, Mont., omnirange station;" to read: "Mullan Pass, Mont., omnirange station, including a north alternate via the intersection of the Spokane omnirange 070° and the Mullan Pass omnirange 291° radials, and also a south alternate from the Ephrata omnirange station to the Mullan Pass omnirange station via the intersection of the Ephrata omnirange 096° and the Mullan Pass omnirange 260° radials; Missoula, Mont., omnirange station;".

16. Section 600.6004 *VOR civil airway No. 4 (Seattle, Wash., to Washington, D. C.)* is amended by changing the portion which reads: "Kansas City, Mo., omnirange station, including a north alternate; Columbia, Mo., omnirange station, including a north alternate from the Kansas City omnirange station to the Columbia omnirange station via the intersection of the Kansas City omnirange 077° True and the Columbia omnirange 292° True radials and also a south alternate from the Topeka omnirange station to the Columbia omnirange station via the point of intersection of the Topeka omnirange 099° True and the Blue Springs omnirange 268° True, the Blue Springs omnirange station and the intersection of the Blue Springs omnirange 094° True and the Columbia omnirange 261° True radials; St. Louis, Mo., omnirange station, including a north and a south alternate; Troy, Ill., omnirange station;" to read: "Kansas City, Mo., omnirange station, including a north alternate and also a south alternate via the intersection of the Topeka 099° and the Kansas City omnirange 231° radials; Marshall, Mo., VORTAC; Columbia, Mo., omnirange station, including a north alternate from the Kansas City omnirange station via the intersection of the Kansas City omnirange 076° and the Columbia omnirange 292° radials; St. Louis, Mo., omnirange station, including a north alternate; Troy, Ill., omnirange station;".

17. Section 600.6006 *VOR civil airway No. 6 (Oakland, Calif., to New York, N. Y.)* is amended by changing the portion between "Battle Mountain, Nev., omnirange station;" and "Lucin, Utah, omnirange station;" to read "Battle Mountain Nev., omnirange station, including a north alternate via the intersection of the Lovelock omnirange 053° and the Battle Mountain omnirange 264° radials; intersection of the Battle Mountain omnirange 062° and the Wells omnirange 256° radials; Wells, Nev., omnirange station; Lucin, Utah, omnirange station;" and by changing the portion which reads: "Iowa City, Iowa, omnirange station including a north alternate via the intersection of the Des Moines omnirange 071° True and the Iowa City omnirange 283° True radials and also a south alternate via the intersection of the Des Moines omnirange 112° True and the Iowa City omnirange 252° True radials;" to read: "Iowa City, Iowa, omnirange station, including a south alternate via the intersection of the Des Moines omnirange 112° and the Iowa City omnirange 252° radials;".

18. Section 600.6011 *VOR civil airway No. 11 (Memphis, Tenn., to Detroit, Mich.)* is amended by changing all after "Indianapolis, Ind., omnirange station, including an east alternate via the intersection of the Scotland omnirange 041° True and the Indianapolis omnirange 185° True radial, and a west alternate via the intersection of the Scotland omnirange 011° True and the Indianapolis omnirange 230° True radials;" to read: "Indianapolis, Ind., omnirange station, including an east alternate via the intersection of the Scotland omnirange 041° and the Indianapolis omnirange 185° radials, and a west alternate via the intersection of the Scotland omnirange 011° and the Indianapolis omnirange 230° radials; intersection of the Indianapolis omnirange 021° and the Fort Wayne VORTAC 232° radials; Fort Wayne, Ind., VORTAC; intersection of the Fort Wayne VORTAC 031° and the Salem omnirange 227° radials; to the Salem, Mich., omnirange station."

19. Section 600.6012 *VOR civil airway No. 12 (Santa Barbara, Calif., to Philadelphia, Pa.)* is amended by changing the portion which reads: "Emporia, Kans., omnirange station, including a north alternate via the point of intersection of the Wichita omnirange direct radial to the point of intersection of the Hutchinson omnirange 062° True and the Topeka, Kans., omnirange 236° True radials with the Emporia omnirange direct radials to the Hutchinson, Kans., omnirange station; Kansas City, Mo., omnirange station; Columbia, Mo., omnirange station, including a north alternate via the intersection of the Kansas City omnirange 077° True and the Columbia omnirange 292° True radials; St. Louis, Mo., omnirange station, including a north and a south alternate; Vandalia, Ill., omnirange station; Terre Haute, Ind., omnirange station; Indianapolis, Ind., omnirange station, including a south alternate via the intersection of the Terre Haute omnirange 082° True and the Indianapolis omnirange 230° True radials; point of intersection of the Indianapolis omnirange 084° True and the Dayton omnirange 261° True radials; Dayton, Ohio, omnirange station, including a north alternate from the Indianapolis omnirange station to the Dayton omnirange station via the point of intersection of the Indianapolis omnirange 069° True and the Fort Wayne, Ind., omnirange 182° True radials; Appleton, Ohio, omnirange station, including a south alternate via the point of intersection of the Dayton omnirange 099° True and the Appleton omnirange 244° True radials;" to read: "Emporia, Kans., omnirange station, including a north alternate via the point of intersection of the Wichita omnirange direct radial to the point of intersection of the Hutchinson, Kans., omnirange 062° and the Topeka, Kans., omnirange 236° radials with the Emporia omnirange direct radial to the Hutchinson, Kans., omnirange station; point of intersection of the Topeka, Kans., omnirange 099° radial with the Emporia direct radial to the Kansas City, Mo., omnirange station; point of intersection of the Topeka, Kans., omnirange 099° and the Blue Springs omnirange 268° radials; Blue Springs, Mo., omnirange station; Blackwater, Mo., omnirange station; Readsville, Mo., omnirange station; Maryland Heights, Mo., omnirange station; Troy, Ill., omnirange station; Bible Grove, Ill., omnirange station; Lewis, Ind., omnirange station; Shelbyville, Ind., omnirange station; point of intersection of the Cincinnati, Ohio, omnirange 004° and the Dayton omnirange 209° radials; Dayton, Ohio, omnirange station; Appleton, Ohio, omnirange station, including a south alternate via the intersection of the Dayton omnirange 099° and the Appleton omnirange 244° radials;" and by adding a last sentence to read: "The portion of this airway which lies within the geographic limits of, and between the designated altitudes of, the Lake City restricted area R–307 is excluded during its time of designation."

20. Section 600.6016 *VOR civil airway No. 16 (Los Angeles, Calif., to Boston, Mass.)* is amended by changing all before "Blythe, Calif., omnirange station;" to read: "That airspace over the United States territory from the Los Angeles, Calif., omnirange station via the Ontario, Calif., omnirange station; intersection of the Ontario 091° and the Blythe omnirange 290° radials; Blythe, Calif., omnirange station;".

21. Section 600.6022 *VOR civil airway No. 22 (New Orleans, La., to Jacksonville, Fla.)* is amended by changing all before "Marianna, Fla., omnirange station;" to read "From the St. Rose, La., nondirectional radio beacon via the intersection of a line bearing 078° from the St. Rose radio beacon and the Mobile, Ala., omnirange 230° radial; Brookley AFB, Ala., terminal omnirange station; Pensacola (Saufley Field), Fla., omnirange station; Crestview, Fla., omnirange station; Marianna, Fla., omnirange station;" and by adding a last sentence to read: "The portion of this airway which lies within the geographic limits of, and between the designated altitudes of, the Valparaiso restricted area (R–383) is excluded during its time of designation."

22. Section 600.6023 *VOR civil airway No. 23 (San Diego, Calif., to Bellingham, Wash.)* is amended by changing the portion which reads: "Los Angeles, Calif., omnirange station; intersection of the Los Angeles omnirange 355° True and the Bakersfield omnirange 149° True radials; Bakersfield, Calif., omnirange station;" to read: "Los Angeles, Calif., omnirange station; intersection of the Los Angeles, Calif., 355° and the Lake Hughes omnirange 158° radials; Lake Hughes, Calif., omnirange station; intersection of the Lake Hughes omnirange 339° and the Bakersfield omnirange 149° radials; Bakersfield, Calif., omnirange station;".

23. Section 600.6025 *Vor civil airway No. 25 (Los Angeles, Calif., to Ellensburg, Wash.)* is amended by changing the portion which reads: "From the Camarillo, Calif., MF radio range via the Santa Barbara, Calif., omnirange station; Paso Robles, Calif., omnirange station; intersection of the Paso Robles omnirange 335° True and the Agnew omnirange 141° True radials; Agnew, Calif., omnirange station;" to read: "From the Los Angeles, Calif., omnirange station via the intersection of the Los Angeles omnirange 257° and the Oxnard omnirange 155° radials; Oxnard, Calif., omnirange station; Santa Barbara, Calif., omnirange station; Paso Robles, Calif., omnirange station; intersection of the Paso Robles omnirange 336° and the Agnew omnirange 141° radials; Agnew, Calif., omnirange station;" and by changing the portion which reads: "to the Ellensburg, Wash., omnirange station, excluding the portions of this airway which overlap the Yakima restricted area (R–247)." to read: "to the Ellensburg, Wash., omnirange station. The portions of this airway which lie within the geographic limits of, and between the designated altitudes of, the Point Mugu restricted area (R–100) and the Yakima restricted area (R–247) are excluded during their times of designation. The portion of this airway which lies within the geographic limits of, and between the designated altitudes of, the Point Mugu warning area (W–289) is excluded during its time of designation."

24. Section 600.6027 is amended to read:

§ 600.6027 *VOR civil airway No. 27 (Los Angeles, Calif., to Seattle, Wash.).* From the Los Angeles, Calif., omnirange station via the intersection of the Los Angeles omnirange 257° and the Oxnard omnirange 155° radials; Oxnard, Calif., omnirange station; Santa Barbara, Calif., omnirange station; Paso Robles omnirange station, including a west alternate via the intersection of the Santa Barbara omnirange 304° and the Paso Robles omnirange 169° radials; intersection of the Paso Robles omnirange 336° and the Salinas omnirange 134° radials; Salinas, Calif., omnirange station, including a west alternate from the Paso Robles omnirange to the Salinas omnirange via the intersection of the Paso Robles omnirange 314° and the Salinas omnirange 150° radials; intersection of the Salinas omnirange 319° and the Point Reyes omnirange 155° radials; Point Reyes, Calif., omnirange station, including a west alternate from the Salinas omnirange to the Point Reyes omnirange via the intersection of the Salinas omnirange 302° and the Point Reyes omnirange 155° radials; intersection of the Point Reyes omnirange 352° and the Ukiah omnirange 147° radials; Ukiah, Calif., omnirange station; Fortuna, Calif., omnirange station; Crescent City, Calif., omnirange station; North Bend, Oreg., omnirange station; Newport, Oreg., omnirange station; Hoquiam, Wash., omnirange station; to the Seattle, Wash., omnirange station. The portion of this airway which lies within the geographic limits of, and between the designated altitudes of, the Point Mugu warning area (W–289) is excluded during its time of designation. The portions of this airway which lie within the geographic limits of, and between the designated altitudes of, the Point Mugu restricted area (R–100), Fort Ord restricted area (R–284), Camp Roberts restricted area (R–415), Camp Cooke restricted area (R–531) and the Olympic restricted area (R–241) are excluded during these restricted areas times of designation.

25. Section 600.6032 *VOR civil airway No. 32 (Battle Mountain, Nev., to Fort Bridger, Wyo.)* is amended by changing the portion which reads: "From the Battle Mountain, Nev., omnirange station via the Elko, Nev., omnirange station;" to read: "From the Battle mountain; Nev., omnirange station via the Elko, Nev., omnirange station, including a north alternate via the Battle Mountain omnirange 062° and the Elko omnirange 273° radials."

26. Section 600.6034 *VOR civil airway No. 34 (Rochester, N. Y., to Wilton, Conn.)* is amended by changing the portion which reads: "to the point of intersection of the Wilton omnirange 090° True and the Norwich, Conn., omnirange

224° True radials." to read: "to the point of intersection of the Wilton omnirange 090° and the Norwich, Conn., omnirange 227° radials."

27. Section 600.6045 *VOR civil airway No. 45 (New Bern, N. C., to Saginaw, Mich.)* is amended by changing all before "Pulaski, Va., omnirange station;" to read: "From the New Bern, N. C., omnirange station via the intersection of the New Bern omnirange 297° and the Raleigh omnirange 121° radials; Raleigh, N. C., omnirange station; Greensboro, N. C., omnirange station, including an east alternate via the intersection of the Raleigh omnirange 305° and the Greensboro, N. C., 051° radials and also a west alternate via the intersection of the Raleigh omnirange direct radial to the Charlotte, N. C., omnirange station with the Greensboro omnirange 122° radial; Pulaski, Va., omnirange station:".

28. Section 600.6050 is amended to read:

§ 600.6050 *VOR civil airway No. 50 (Kirksville, Mo., to Dayton, Ohio).* From the Kirksville, Mo., omnirange station via the Quincy, Ill., omnirange station, including a south alternate via the intersection of the Kirksville omnirange 121° and the Quincy omnirange 258° radials; Springfield, Ill., omnirange station; Terre Haute, Ind., omnirange station; to the point of intersection of the Terre Haute omnirange 082° radial and the Indianapolis, Ind., Wier Cook Airport ILS localizer 225° course. From the Indianapolis, Ind., omnirange station via the intersection of the Indianapolis omnirange 084° and the Dayton omnirage 261° radials; Dayton, Ohio, omnirange station, including a north alternate from the Indianapolis omnirange station to the Dayton omnirange station via the point of intersection of the Indianapolis, Ind., omnirange 069° and the Fort Wayne, Ind., omnirange 187° radials.

29. Section 600.6055 is amended to read:

§ 600.6055 *VOR civil airway No. 55 (Dayton, Ohio, to Green Bay, Wis.).* From the Dayton, Ohio, omnirange station via the Fort Wayne, Ind., VORTAC, including a west alternate via the intersection of the Dayton omnirange 310° and the Fort Wayne VORTAC 163° radials; Goshen, Ind., omnirange station, including a west alternate via the point of intersection of the Fort Wayne VORTAC direct radial to the Peotone, Ill., omnirange station with the Goshen omnirange 168° radial; South Bend, Ind., omnirange station; Keeler, Mich., omnirange station; Pullman, Mich., omnirange station; Muskegon, Mich., VORTAC; intersection of the Muskegon VORTAC 342° and the Green Bay omnirange 118° radials; to the Green Bay, Wis., omnirange station.

30. Section 600.6058 *VOR civil airway No. 58 (Bergholz, Ohio, to Hartford, Conn.)* is amended by changing the portion which reads: "to the point of intersection of the Hartford omnirange 130° True and the Riverhead, N. Y., omnirange 042° True radials." to read: "to the point of intersection of the Hartford omnirange 130° and the Norwich, Conn., omnirange 227° radials."

31. Section 600.6064 is amended to read:

§ 600.6004 *VOR civil airway No. 64 (Los Angeles, Calif., to Blythe, Calif.).* From the point of intersection of the Long Beach omnirange 287° and the Los Angeles omnirange 149° radials; via the Long Beach, Calif., omnirange station; Thermal, Calif., omnirange station; to the Blythe, Calif., omnirange station.

32. Section 600.6072 is amended to read:

§ 600.6072 *VOR civil airway No. 72 (Troy, Ill., to Albany, N. Y.).* From the Troy, Ill., omnirange station via the Vandalia, Ill., omnirange station; Lafayette, Ind., omnirange station; to the point of intersection of the Lafayette omnirange 089° and the Fort Wayne, Ind., VORTAC 232° radials. From the Findlay, Ohio, omnirange station via the Cleveland, Ohio, omnirange station; Youngstown, Ohio, omnirange station; point of intersection of the Fitzgerald, Pa., omnirange 304° and the Bradford omnirange 260° radials; Bradford, Pa., omnirange station; point of intersection of the Bradford omnirange 078° radial with the Stonyfork, Pa., omnirange direct radial to the Wellsville, N. Y., omnirange station; Elmira, N. Y., omnirange station; Binghamton, N. Y., omnirange station; Rockdale, N. Y., omnirange station; to the Albany, N. Y., omnirange station.

33. Section 600.6074 *VOR civil airway No. 74 (Hugo, Colo., to Pine Bluff, Ark.)* is amended by changing the portion which reads: "From the Hugo, Colo., omnirange station via the intersection of the Hugo omnirange 112° and the Garden City VORTAC 296° radials; Garden City, Kans., VORTAC;" to read: "From the Hugo, Colo., omnirange station via the intersection of the Hugo omnirange 113° and the Garden City VORTAC 296° radials; Garden City, Kans., VORTAC;".

34. Section 600.6081 is amended to read:

§ 600.6081 *VOR civil airway No. 81 (Midland, Tex., to Salt Lake City, Utah).* From the Midland, Tex., omnirange station via the Lubbock, Tex., omnirange station; Amarillo, Tex., omnirange station, including an east alternate; Dalhart, Tex., omnirange station, including an east alternate; Tobe, Colo., VORTAC; to the Pueblo, Colo., omnirange station. From the Grand Junction, Colo., omnirange station via the Myton, Utah, omnirange station; to the Salt Lake City, Utah, omnirange station.

35. Section 600.6095 is amended to read:

§ 600.6095 *VOR civil airway No. 95 (Phoenix, Ariz., to Farmington, N. Mex.).* From the Phoenix, Ariz., omnirange station via the intersection of the Phoenix omnirange 004° and the Winslow omnirange 224° radials; Winslow, Ariz., omnirange station; to the Farmington, N. Mex., omnirange station.

36. Section 600.6096 is amended to read:

§ 600.6096 *VOR civil airway No. 96 (Lafayette, Ind., to Toledo, Ohio).* From the Lafayette, Ind., omnirange station via the intersection of the Lafayette 089° and the Fort Wayne VORTAC 232° radials; Fort Wayne, Ind., VORTAC; to the Waterville, Ohio, omnirange station.

37. Section 600.6107 *VOR civil airway No. 107 (Los Angeles, Calif., to Red Bluff, Calif.)* is amended by changing the portion which reads: "Fillmore, Calif., omnirange station; Coalinga, Calif., omnirange station; Oakland, Calif., omnirange station;" to read: "Fillmore, Calif., omnirange station; intersection of the Fillmore omnirange 318° and the Avenal omnirange 151° radials; Avenal, Calif., omnirange station; Panoche, Calif., omnirange station; Oakland, Calif., omnirange station;".

38. Section 600.6109 *VOR civil airway No. 109 (Paso Robles, Calif., to Fresno, Calif.) is revoked.*

39. Section 600.6109 is added to read:

§ 600.6109 *VOR civil airway No. 109 (Panoche, Calif., to Oakland, Calif.).* From the Panoche, Calif., omnirange station via the intersection of the Panoche omnirange 343° and the Oakland omnirange 078° radials; to the Oakland, Calif., omnirange station. The portion of this airway which lies within the geographic limits of, and between the designated altitudes of, the Vernalis restricted area (R–280) is excluded during its time of designation.

40. Section 600.6111 is amended to read:

§ 600.6111 *VOR civil airway No. 111 (Salinas, Calif., to Los Banos, Calif.).* From the Salinas, Calif., omnirange station to the point of intersection of the Salinas omnirange 041° radial with the Panoche, Calif., omnirange direct radial to the Oakland, Calif., omnirange station.

41. Section 600.6113 is amended to read:

§ 600.6113 *VOR civil airway No. 113 (Paso Robles, Calif., to Reno, Nev.).* From the Paso Robles, Calif., omnirange station via the Panoche, Calif., omnirange station; intersection of the Panoche omnirange 343° and the Modesto omnirange 205° radials; Modesto, Calif., omnirange station; to the Reno, Nev., omnirange station. The portion of this airway which lies within the geographic limits of, and between the designated altitudes of, the Vernalis restricted area (R–280) is excluded during its time of designation.

42. Section 600.6120 is amended to read:

§ 600.6120 *VOR civil airway No. 120 (Mullan Pass, Mont., to Miles City, Mont.).* From the Mullan Pass, Mont., omnirange station via the Great Falls, Mont., omnirange station; Lewiston, Mont., omnirange station; to the Miles City, Mont., omnirange station.

43. Section 600.6135 is amended to read:

§ 600.6135 *VOR civil airway No. 135 (Yuma, Ariz., to Tonopah, Nev.).* From the Yuma, Ariz., omnirange station via the Blythe, Calif., omnirange station; Rice, Calif., omnirange station; Needles, Calif., omnirange station; to the Las Vegas, Nev., omnirange station. From the point of intersection of the Tonopah omnirange 198° radial with the Coaldale, Nev., omnirange direct radial to Beatty, Nev., omnirange to the Tonopah, Nev., omnirange station.

44. Section 600.6137 *VOR civil airway No. 137 (Thermal, Calif., to Ukiah, Calif.)* is amended by changing all before Agnew, Calif., omnirange station to read: "From the Thermal, Calif., omnirange station via the Palmdale, Calif., omnirange station; Gorman, Calif., omnirange station; intersection of the Gorman omnirange 288° and the Avenal omnirange 151° radials; Avenal, Calif., omnirange station; to the Panoche, Calif., omnirange station. From the Salinas, Calif., omnirange station via the Agnew, Calif., omnirange station;".

45. Section 600.6165 is amended by changing the caption to read: "§ 600.6165 *VOR civil airway No. 165 (Long Beach, Calif., to Bakersfield, Calif.)*" and by changing the portion which reads: "Bakersfield, Calif., omnirange station; to the Coalinga, Calif., omnirange station." to read: "Bakersfield, Calif., omnirange station."

46. Section 600.6169 is amended to read:

§ 600.6169 *VOR civil airway No. 169 (Tobe, Colo., to Rapid City, S. Dak.).* From the Tobe, Colo., VORTAC via the Hugo, Colo., omnirange station; Thurman, Colo., omnirange station; to the Akron, Colo., omnirange station. From the Sidney, Nebr., omnirange station via the intersection of the Sidney omnirange 335° and the Chadron omnirange 197° radials; Chadron, Nebr., omnirange station; to the Rapid City, S. Dak., omnirange station, including an east alternate. The portion of this airway which lies within the geographic limits of, and between the designated altitudes of, the Scenic restricted area (R–190) is excluded during its time of designation.

47. Section 600.6177 is amended to read:

§ 600.6177 *VOR civil airway No. 177 (Fort Wayne, Ind., to Janesville, Wis.).* From the Fort Wayne, Ind., VORTAC via the point of intersection of the Chicago Heights omnirange 128° radial with the Peotone omnirange direct radial to the Fort Wayne VORTAC; Chicago Heights, Ill., omnirange station. From the Naperville, Ill., omnirange station to the Janesville, Wis., omnirange station.

48. Section 600.6187 is amended to read:

§ 600.6187 *VOR civil airway No. 187 (Albuquerque, N. Mex., to Billings, Mont.).* From the Albuquerque, N. Mex., omnirange station to the Farmington, N. Mex., omnirange station. From the Grand Junction, Colo., omnirange station to the Rock Springs, Wyo., omnirange station. From the Boysen Reservoir, Wyo., VORTAC to the Billings, Mont., omnirange station.

49. Section 600.6194 *VOR civil airway No. 194 (Lafayette, La., to Norfolk, Va.)* is amended by changing the portion which reads: "Charlotte, N. C., omnirange station; intersection of the Charlotte omnirange 067° and the Raleigh omnirange 240° radials; Raleigh, N. C., omnirange station;" to read: "Charlotte, N. C., omnirange station; Raleigh, N. C., omnirange station;".

50. Section 600.6200 *VOR civil airway No. 200 (Ukiah, Calif., to Kremmling, Colo.)* is amended by changing all after "Myton, Utah, omnirange station;" to read: "Myton, Utah, omnirange station; Meeker, Colo., VORTAC; to the Kremmling, Colo., omnirange station."

51. Section 600.6209 *VOR civil airway No. 209 (Los Angeles, Calif., to Paso Robles, Calif.)* is revoked.

52. Section 600.6210 is amended to read:

§ 600.6210 *VOR civil airway No. 210 (Los Angeles, Calif., to Wheeling, W. Va.).* From the Los Angeles, Calif., omnirange station via the point of intersection of the Los Angeles omnirange 057° and the Daggett omnirange 235° radials; point of intersection of the Daggett omnirange 235° and the Hector omnirange 265° radials; Hector, Calif., omnirange station; Goffs, Calif., omnirange station; Valle, Ariz., omnirange station; Farmington, N. Mex., omnirange station; Alamosa, Colo., omnirange station, including a south alternate via the intersection of the Farmington omnirange 090° and the Alamosa omnirange 232° radials; to the Pueblo, Colo., omnirange station, including a south alternate via the point of intersection of the Alamosa omnirange direct radial to the Lamar, Colo., omnirange station with the Las Vegas, N. Mex., omnirange direct radial to the Pueblo omnirange station. From the Kansas City, Mo., omnirange station via the Marshall, Mo., VORTAC; Columbia, Mo., omnirange station, including a north alternate via the intersection of the Kansas City omnirange 076° and the Columbia omnirange 292° radials; St. Louis, Mo., omnirange station, including a north alternate; Vandalia, Ill., omnirange station; Terre Haute, Ind., omnirange station; Indianapolis, Ind., omnirange station, including a south alternate via the intersection of the Terre Haute omnirange 082° and the Indianapolis omnirange 230° radials; point of intersection of the Indianapolis 069° and the Fort Wayne, Ind., omnirange 187° radials; Sidney, Ohio, omnirange station; Tiverton, Ohio, omnirange station; intersection of the Tiverton omnirange 096° and the Wheeling omnirange 282° radials; to the Wheeling, W. Va., omnirange station.

53. Section 600.6214 is amended to read:

§ 600.6214 *VOR civil airway No. 214 (Columbus, Ohio, to Wheeling, W. Va.).* From the Columbus, Ohio, Port Columbus Airport ILS localizer via the Zanesville, Ohio, omnirange station; point of intersection of the Parkersburg, W. Va., omnirange 006° and the Wheeling omnirange 252° radials; to the Wheeling, W. Va., omnirange station.

54. Section 600.6220 is amended to read:

§ 600.6220 *VOR civil airway No. 220 (Kremmling, Colo., to Wolbach, Nebr.).* From the Kremmling, Colo., omnirange station via the point of intersection of the Kremmling omnirange 081° and the Denver, Colo., omnirange 334° radials; Akron, Colo., omnirange station; Imperial, Nebr., omnirange station; intersection of the Imperial omnirange 078° and the Wolbach omnirange 242° radials; to the Wolbach, Nebr., omnirange station.

55. Section 600.6230 is amended to read:

§ 600.6230 *VOR civil airway No. 230 (Salinas, Calif., to Fresno, Calif.).* From the Salinas, Calif., omnirange station via the Panoche, Calif., omnirange station; to the Fresno, Calif., omnirange station.

56. Section 600.6242 is amended to read:

§ 600.6242 *VOR civil airway No. 242 (Mobile, Ala., to Brookley AFB, Ala.).* From the Mobile, Ala., omnirange station to the Brookley AFB, Ala., terminal omnirange station.

57. Section 600.6248 is amended to read:

§ 600.6248 *VOR civil airway No. 248 (Paso Robles, Calif., to Bakersfield, Calif.).* From the Paso Robles, Calif., omnirange station via the Avenal, Calif., omnirange station; to the Bakersfield, Calif., omnirange station.

58. Section 600.6259 is amended to read:

§ 600.6259 *VOR civil airway No. 259 (Charlotte, N. C., to Tri-City, Tenn.).* From the Charlotte, N. C., omnirange station to the Tri-City, Tenn., omnirange station, including an east alternate from the Charlotte omnirange to the Tri-City omnirange station via the Hickory, N. C., omnirange station and the intersection of the Hickory omnirange 298° and the Tri-City omnirange 146° radials.

59. Section 600.6264 is added to read:

§ 600.6264 *VOR civil airway No. 264 (Los Angeles, Calif., to Prescott, Ariz.).* From the Los Angeles, Calif., omnirange station via the Ontario, Calif., omnirange station intersection of the Ontario omnirange 091° and the Rice omnirange 258° radials; Rice, Calif., omnirange station; to the Prescott, Ariz., omnirange station.

60. Section 600.6267 *VOR civil airway No. 267 (Miami, Fla., to Jacksonville, Fla.)* is amended by changing the last sentence to read: "The portions of this airway which lie within the geographic limits of, and between the designated altitudes of, the Jacksonville restricted area (R–161A) and the Sterling restricted areas (R–169 and R–170) are excluded during the times of designation of these restricted areas."

61. Section 600.6278 is amended to read:

§ 600.6278 *VOR civil airway No. 278 (Guthrie, Tex., to Greenwood, Miss.).* From the Guthrie, Tex., omnirange station to the Fort Worth, Tex., omnirange station. From the Dallas, Tex., omni-

range station via the intersection of the Dallas omnirange 057° and the Texarkana omnirange 271° radials; Texarkana, Ark., omnirange station; to the Greenwood, Miss, omnirange station.

62. Section 600.6298 is added to read:

§ 600.6298 *VOR civil airway No. 298 (Dubois, Idaho, to Casper, Wyo.).* From the Dubois, Idaho, omnirange station via the Boysen Reservoir, Wyo., VORTAC; to the Casper, Wyo, omnirange station.

63. Section 600.6300 is added to read:

§ 600.6300 *VOR civil airway No. 300 (Sault Ste. Marie, Mich., to Toronto, Ontario).* From the Sault Ste. Marie, Mich., omnirange station via the Wiarton, Ontario, omnirange station, including a north alternate; to the Toronto, Ontario, omnirange station.

64. Section 600.6424 is added to read:

§ 600.6424 *VOR civil airway No. 424.* [Unassigned.]

65. Section 600.6425 is added to read:

§ 600.6425 *VOR civil airway No. 425 (Brookley AFB, Ala., to Axis, Ala.).* From the Brookley AFB, Ala., terminal omnirange station to the point of intersection of the Brookley AFB terminal omnirange 360° radial with the Mobile, Ala., omnirange direct radial to the Evergreen, Ala., omnirange station.

66. Section 600.6612 *VOR civil airway No. 1512 (Los Angeles, Calif., to New York, N. Y.)* is amended by changing the portion which reads: "Quincy, Ill., omnirange station; to the Springfield, Ill., omnirange station, including a south alternate from the Kansas City, Mo., omnirange to the Indianapolis, Ind., omnirange station via the Columbia, Mo., omnirange station, the St. Louis, Mo., omnirange station, the Vandalia, Ill., omnirange station and the Terre Haute, Ind., omnirange station." to read: "Quincy, Ill., omnirange station; to the Springfield, Ill., omnirange station, including a south alternate from the Kansas City, Mo., omnirange station to the Indianapolis, Ind., omnirange station via the Marshall, Mo., VORTAC, the Columbia, Mo., omnirange station, the St. Louis, Mo., omnirange station, the Vandalia, Ill., omnirange station and the Terre Haute, Ind., omnirange station."

67. Section 600.6614 *VOR civil airway No. 1514 (San Francisco, Calif., to New York, N. Y.)* is amended by changing the portion which reads: "Quincy, Ill., omnirange station to the Springfield, Ill., omnirange station, including a south alternate from the Kansas City, Mo., omnirange station to the Indianapolis, Ind., omnirange station via the Columbia, Mo., omnirange station, the St. Louis, Mo., omnirange station, the Vandalia, Ill., omnirange station and the Terre Haute, Ind., omnirange station." to read: "Quincy, Ill., omnirange station; to the Springfield, Ill., omnirange station, including a south alternate from the Kansas City, Mo., omnirange station to the Indianapolis, Ind., omnirange station via the Marshall, Mo., VORTAC, the Columbia, Mo., omnirange station, the St. Louis, Mo., omnirange station, the Vandalia, Ill., omnirange station, and the Terre Haute, Ind., omnirange station."

68. Section 600.6622 *VOR civil airway No. 1522 (Los Angeles, Calif., to Washington, D. C.)* is amended by changing all before "Blythe, Calif., omnirange station," to read: "That airspace over the United States territory from the Los Angeles, Calif., omnirange station via the Ontario, Calif., omnirange station; intersection of the Ontario omnirange 091° and the Blythe omnirange 290° radials; Blythe, Calif., omnirange station;".

69. Section 600.6629 is amended to read:

§ 600.6629 *VOR civil airway No. 1529 (Los Angeles, Calif., to United States-Canadian Border).* From the Los Angeles, Calif., omnirange station via the intersection of the Los Angeles omnirange 057° and the Daggett omnirange 235° radials; Daggett, Calif., omnirange station; Las Vegas, Nev., omnirange station; Mormon Mesa, Nev., omnirange station; Milford, Utah, omnirange station; Myton, Utah, omnirange station; Rawlins-Cherokee, Wyo., omnirange station; Casper, Wyo., omnirange station; Dickinson, N. Dak., omnirange station; Pembina, N. Dak., radio range station; to the United States-Canadian Border via a direct line from the Pembina radio range station to the Kenora, Ont., radio range station.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective 0001 e. s. t. August 28, 1958.

[SEAL] WILLIAM B. DAVIS,
Acting Administrator of Civil Aeronautics.

JULY 25, 1958.

[F. R. Doc. 58-5912; Filed, Aug. 1, 1958; 8:45 a. m.]

[Amdt. 15]

PART 601—DESIGNATION OF THE CONTINENTAL CONTROL AREA, CONTROL AREAS, CONTROL ZONES, REPORTING POINTS, AND POSITIVE CONTROL ROUTE SEGMENTS

ALTERATIONS

The control area, control zone and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Division, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 601 is amended as follows:

1. Section 601.261 is amended to read:

§ 601.261 *Red civil airway No. 61 control areas (Butler, Pa., to Johnstown, Pa.).* All of Red civil airway No. 61.

2. Section 601.274 is amended by changing the caption to read: *"Red civil airway No. 74 control areas (Biloxi, Miss., to Brookley AFB, Ala.)."*

3. Section 601.301 *Red civil airway No. 101 control areas (Biloxi, Miss., to Pensacola, Fla.)* is revoked.

4. Section 601.310 *Red civil airway No. 110 control areas (Mobile, Ala., to Pensacola, Fla.)* is revoked.

5. Section 601.624 is added to read:

§ 601.624 *Blue civil airway No. 24 control areas (Brookley AFB, Ala., to Axis, Ala.).* All of Blue civil airway No. 24.

6. Section 601.1020 is amended to read:

§ 601.1020 *Control area extension (Macon, Ga.).* The airspace bounded on the south by latitude 32°00'00", on the west by VOR civil airway No. 97, on the north by the Atlanta, Ga., control area extension (601.1052) and VOR civil airway No. 18, and on the east by a line extending from a point at latitude 33°31'00", longitude 82°30'00", to a point at latitude 32°15'00", longitude 82°30'00", to a point at latitude 32°00'00", longitude 82°51'00".

7. Section 601.1050 is amended to read:

§ 601.1050 *Control area extension (Bakersfield, Calif.).* Within 5 miles either side of the southwest course of the Bakersfield radio range extending from the radio range station to a point 25 miles southwest.

8. Section 601.1095 *Control area extension (Fort Wayne, Ind.)* is revoked.

9. Section 601.1095 is added to read:

§ 601.1095 *Control area extension (Mountain Home, Idaho).* The airspace southeast of Mountain Home bounded on the northeast by VOR civil airway No. 253, on the east by VOR civil airway No. 269, on the southwest by a line 5 miles southwest of and parallel to a direct line drawn between the Twin Falls omnirange station and the Mountain Home AFB terminal omnirange station, and on the west by the Mountain Home control area extension (601.1306). The portions of this control area extension which lie within the geographic limits of, and between the designated altitudes of, the Sailor Creek restricted area (R-254) shall not be used by aircraft during the time of designation of this restricted area unless prior approval is obtained from Civil Aeronautics Administration Air Traffic Control.

10. Section 601.1126 is amended to read:

§ 601.1126 *Control area extension (Knoxville, Tenn.).* The airspace within a 40-mile radius of the Knoxville radio range station beginning at a point south of Knoxville on the centerline of VOR civil airway No. 97, extending counterclockwise to a point east of Knoxville on the centerline of VOR civil airway No. 16, thence eastward to and including the airspace within a 50-mile radius of the Knoxville omnirange station beginning at a point east of Knoxville on the centerline of VOR civil airway No. 16 and extending counterclockwise to a point at latitude 36°06'30", longitude 84°45'00", thence bounded on the northwest by a straight line from this point to a point at latitude 36°00'00", longitude 84°56'45", thence bounded on the west by VOR civil airway No. 51, on the southwest by the Chattanooga control area extension (601.1373), on the south by VOR civil airway No. 54, and on the east by the centerline of VOR civil airway No. 97 thence to point of beginning; the airspace northeast of Knoxville bounded on the southeast by VOR civil airway No. 16-N, on the northeast by VOR civil airway No. 58, and on the northwest by VOR civil airway No. 115. The airspace which lies within Prohibited Area P-78 is excluded.

11. Section 601.1396 is amended to read:

§ 601.1396 *Control area extension (Ashville, N. C.).* The airspace east of Ashville bounded on the northwest by VOR civil airway No. 222, on the east by VOR civil airway No. 259, on the southeast by VOR civil airway No. 20, and on the southwest by VOR civil airway No. 296.

12. Section 601.1983 *Three-mile radius zones* is amended by adding the following airport: Torrence, Calif.: Torrence Municipal Airport.

13. Section 601.1984 *Five-mile radius zones* is amended by deleting the following airport: Moses Lake, Wash.: Larson AFB.

14. Section 601.2099 is amended to read:

§ 601.2099 *Fort Wayne, Ind., control zone.* Within a 5-mile radius of Baer Field, Fort Wayne, Ind., within 2 miles either side of the southwest course of the Fort Wayne radio range extending from the radio range station to a point 10 miles southwest, within 2 miles either side of the ILS localizer front course extending from the localizer to a point 12 miles southeast of the ILS outer marker, and within 2 miles either side of the 103°, 232°, 259°, and 325° True radials of the omnirange extending to points 12 miles beyond the omnirange station.

15. Section 601.2264 is amended to read:

§ 601.2264 *Spokane, Wash., control zone.* Within a 5-mile radius of Geiger Field to and including a 5-mile radius of Fairchild AFB, Spokane, Wash.

16. Section 601.2428 is amended by changing the caption *"Butler, Pa., control zone"* to read: *"Butler, Mo., control zone."*

17. Section 601.2435 is added to read:

§ 601.2435 *Moses Lake, Wash., control zone.* Within a 5-mile radius of Larson AFB and within 2 miles west of and 1½ miles east of a line bearing 161° True extending from Larson AFB to the Moses Lake nondirectional radio beacon.

18. Section 601.4016 *Green civil airway No. 6 (Alice, Tex., to Norfolk, Va.)* is amended by deleting the following reporting point: "Bay Minette, Ala., nondirectional radio beacon;" and by substituting the following reporting point in lieu thereof: "Mobile, Ala., nondirectional radio beacon;".

19. Section 601.4217 is amended to read:

§ 601.4217 *Red civil airway No. 17 (St. Louis, Mo., to Baltimore, Md.).* The Scott AFB, Belleville, Ill., radio range station; the intersection of a line bearing 11° True from the Springfield, Va., nondirectional radio beacon and the west course of the Baltimore, Md., radio range; Baltimore, Md., radio range station.

20. Section 601.4230 *Red civil airway No. 30 (Shreveport, La., to Jacksonville, Fla.)* is amended by deleting the following reporting point: "the intersection of the west course of the Pensacola, Fla., radio range and the northeast course of the Saufley Field (Navy) radio range;" and by adding the following reporting points in lieu thereof: "Brookley AFB, Ala., nondirectional radio beacon; Saufley Field (Navy), Fla., nondirectional radio beacon;".

21. Section 601.4233 is amended to read:

§ 601.4233 *Red civil airway No. 33 (Norfolk, Va., to Boston, Mass.).* No reporting point designation.

22. Section 601.4261 is amended to read:

§ 601.4261 *Red civil airway No. 61 (Butler, Pa., to Johnstown, Pa.).* Butler, Pa., nondirectional radio beacon.

23. Section 601.4274 is amended by changing the caption to read: *"Red civil airway No. 74 (Biloxi, Miss., to Brookley AFB, Ala.)."*

24. Section 601.4301 *Red civil airway No. 101 (Biloxi, Miss., to Pensacola, Fla.)* is revoked.

25. Section 601.4310 *Red civil airway No. 110 (Mobile, Ala., to Pensacola, Fla.)* is revoked.

26. Section 601.4624 is added to read:

§ 601.4624 *Blue civil airway No. 24 (Brookley AFB, Ala., to Axis, Ala.).* No reporting point designation.

27. Section 601.6004 is amended to read:

§ 601.6004 *VOR civil airway No. 4 control areas (Seattle, Wash., to Washington, D. C.).* All of VOR civil airway No. 4 including north and south alternates, but excluding the airspace between the main airway and its south alternate between the Seattle, Wash., omnirange station and the Yakima, Wash., omnirange station.

28. Section 601.6032 is amended to read:

§ 601.6032 *VOR civil airway No. 32 (Battle Mountain, Nev., to Fort Bridger, Wyo.).* All of VOR civil airway No. 32 including north alternates.

29. Section 601.6050 is amended to read:

§ 601.6050 *VOR civil airway No. 50 control areas (Kirksville, Mo., to Dayton, Ohio).* All of VOR civil airway No. 50 including a north and south alternate.

30. Section 601.6064 is amended to read:

§ 601.6064 *VOR civil airway No. 64 control areas (Los Angeles, Calif., to Blythe, Calif.)* All of VOR civil airway No. 64.

31. Section 601.6095 is amended to read:

§ 601.6095 *VOR civil airway No. 95 control areas (Phoenix, Ariz., to Farmington, N. Mex.)* All of VOR civil airway No. 95.

32. Section 601.6109 *VOR civil airway No. 109 control areas (Paso Robles, Calif., to Fresno, Calif.)* is revoked.

33. Section 601.6109 is added to read:

§ 601.6109 *VOR civil airway No. 109 control areas (Panoche, Calif., to Oakland, Calif.).* All of VOR civil airway No. 109.

34. Section 601.6120 is amended to read:

§ 601.6120 *VOR civil airway No. 120 control areas (Mullan Pass, Mont., to Miles City, Mont.).* All of VOR civil airway No. 120.

35. Section 601.6165 is amended to read:

§ 601.6165 *VOR civil airway No. 165 control areas (Long Beach, Calif., to Bakersfield, Calif.).* All of VOR civil airway No. 165.

36. Section 601.6169 is amended to read:

§ 601.6169 *VOR civil airway No. 169 control areas (Tobe, Colo., to Rapid City, S. Dak.).* All of VOR civil airway No. 169.

37. Section 601.6177 is amended to read:

§ 601.6177 *VOR civil airway No. 177 control areas (Fort Wayne, Ind., to Janesville, Wis.).* All of VOR civil airway No. 177.

38. Section 601.6187 is amended to read:

§ 601.6187 *VOR civil airway No. 187 control areas (Albuquerque, N. Mex., to Billings, Mont.).* All of VOR civil airway No. 187.

39. Section 601.6209 *VOR civil airway No. 209 control areas (Los Angeles, Calif., Paso Robles, Calif.)* is revoked.

40. Section 601.6210 is amended to read:

§ 601.6210 *VOR civil airway No. 210 control areas (Los Angeles, Calif., to Wheeling, W. Va.).* All of VOR civil airway No. 210 including north and south alternates.

41. Section 601.6214 is amended to read:

§ 601.6214 *VOR civil airway No. 214 control areas (Columbus, Ohio to Wheeling, W. Va.).* All of VOR civil airway No. 214.

42. Section 601.6220 is amended to read:

§ 601.6220 *VOR civil airway No. 220 control areas (Kremmling, Colo., to Wolbach, Nebr.).* All of VOR civil airway No. 220.

43. Section 601.6242 is amended to read:

§ 601.6242 *VOR civil airway No. 242 control areas (Mobile, Ala., to Brookley AFB, Ala.).* All of VOR civil airway No. 242.

44. Section 601.6259 is amended to read:

§ 601.6259 *VOR civil airway No. 259 control areas (Charlotte, N. C., to Tri-City, Tenn.).* All of VOR civil airway No. 259 including an east alternate.

45. Section 601.6264 is added to read:

§ 601.6264 *VOR civil airway No. 264 control areas (Los Angeles, Calif., to Prescott, Ariz.).* All of VOR civil airway No. 264.

46. Section 601.6278 is amended to read:

§ 601.6278 *VOR civil airway No. 278 control areas (Guthrie, Tex., to Greenwood, Miss.).* All of VOR civil airway No. 278.

47. Section 601.6298 is added to read:

§ 601.6298 *VOR civil airway No. 298 control areas (Dubois, Idaho, to Casper, Wyo.).* All of VOR civil airway No. 298.

48. Section 601.6300 is added to read:

§ 601.6300 *VOR civil airway No. 300 control areas (Sault Ste. Marie, Mich., to Toronto, Ontario).* All of VOR civil airway No. 300.

49. Section 601.6424 is added to read:

§ 601.6424 *VOR civil airway No. 424 control areas.* [Unassigned.]

50. Section 601.6425 is added to read:

§ 601.6425 *VOR civil airway No. 425 control areas (Brookley, Ala., to Axis, Ala.).* All of VOR civil airway No. 425.

51. Section 601.6629 is amended to read:

§ 601.6629 *VOR civil airway No: 1529 control areas (Los Angeles, Calif., to United States-Canadian Border).* All of VOR civil airway No. 1529.

52. Section 601.7001 *VOR domestic reporting points* is amended by changing the following reporting points to read:

Benito Intersection: The intersection of the Paso Robles, Calif., omnirange 336° T and the Salinas, Calif., omnirange 110° T radials.

Coldwater Intersection: The intersection of the Fort Wayne, Ind., omnirange 148° T and the Findlay, Ohio, omnirange 250° T radials.

Davenport Intersection: The intersection of the Point Reyes, Calif., omnirange 155° T, the Salinas, Calif., omnirange 302° T and the Agnew, Calif., omnirange 206° T radials.

Doby Intersection: The intersection of the Wells, Nev., omnirange station 256° T and the Elko, Nev., omnirange 338° T radials.

Edgerton Intersection: The intersection of the Fort Wayne, Ind., omnirange 030° T and the Goshen, Ind., omnirange 092° T radials.

La Grange Intersection: The intersection of the New Bern, N. C., omnirange 297° T and the Rocky Mount, N. C., omnirange 184° T radials.

Mount Hamilton Intersection: The intersection of the Agnew, Calif., omnirange station 097° T and the Oakland, Calif., omnirange 131° T radials.

Pioneer Intersection: The intersection of the Fort Wayne, Ind., omnirange 031° T and the Waterville, Ohio, omnirange 288° T radials.

Purgatoire Intersection: The intersection of the Tobe, Colo., omnirange 327° T and the Lamar, Colo., omnirange 231° T radials.

Saugus Intersection: The intersection of the Lake Hughes, Calif., omnirange 158° T and the Fillmore, Calif., omnirange 066° T radials.

White Oaks Intersection: The intersection of the Lake Hughes, Calif., omnirange 339° T and the Palmdale, Calif., omnirange 291° T radials.

by adding the following reporting points:

Bible Grove, Ill., omnirange station.
Blackwater, Mo., omnirange station.
Blue Spring, Mo., omnirange station.
Champaigne, Ill., omnirange station.
Kalamazoo, Mich., omnirange station.
Kokomo, Ind., omnirange station.
Lewis, Ind., omnirange station.
Lincoln, Nebr., omnirange station.
Marshall, Mo., omnirange station.
Maryland Heights, Mo., omnirange station.
Readsville, Mo., omnirange station.
Shelbyville, Ind., omnirange station.

and by revoking the following reporting points:

Coalinga, Calif., omnirange station.

Dog Intersection: The intersection of the New Orleans, La., omnirange 078° T and the Mobile, Ala., omnirange 244° T radials.

Farina Intersection: The intersection of the Vandalia, Ill., omnirange 136° T and the Bible Grove, Ill., omnirange 261° T radials.

Geyserville Intersection: The intersection of the Ukiah, Calif., omnirange 147° T and the Point Reyes, Calif., omnirange 352° T radials.

Panoche Intersection: The intersection of the Coalinga, Calif., omnirange 311° T and the Modesto, Calif., omnirange 176° T radials.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001 e. s. t. August 28, 1958.

[SEAL] WILLIAM B. DAVIS,
Acting Administrator of Civil Aeronautics.

JULY 25, 1958.

[F. R. Doc. 58-5913; Filed, Aug. 1, 1958; 8:46 a. m.]

[Amdt. 16]

PART 601—DESIGNATION OF THE CONTINENTAL CONTROL AREA, CONTROL AREAS, CONTROL ZONES, REPORTING POINTS, AND POSITIVE CONTROL ROUTE SEGMENTS

MISCELLANEOUS AMENDMENTS

Pursuant to the authority delegated to him by the Civil Aeronautics Board (see Special Civil Air Regulation 424, adopted May 28, 1958, effective June 15, 1958, and published in the FEDERAL REGISTER on June 5, 1958), the Administrator designated the airspace between 17,000 and 22,000 feet, within the lateral limits of certain airways, as "positive control route segments" (§ 601.8001, 23 F. R. 3917, June 5, 1958).

It has become apparent since the designation of these positive control route segments that in the near future, and more or less continuously, it will be necessary to realign the airways embracing the positive control route segments due primarily to the installation of new or the relocation of existing air navigation facilities, and for other reasons. It may also become necessary, although much less frequently, to extend these positive control route segments beyond their present terminal points. Heretofore all such changes in the airways embracing these segments have been duly coordinated through the Air Coordinating Committee and, if adopted, were promulgated as amendments to Part 601.

It appears only logical that as these airways may be from time to time realigned or extended, the positive control route segment should be correspondingly changed so as to be placed under positive control at simultaneously effective dates.

The positive control route segments are presently identified in said § 601.8001 by full legal description, i. e., a point-to-point legal description from terminal to terminal. Because of this, it would be necessary to make separate amendments requiring extensive rewriting of these legal descriptions each time these airways were realigned. This ought not to be necessary since it results in inefficiency and serves no useful purpose. It therefore is desirable to amend § 601.8001 by revising these present lengthy point-to-point legal descriptions to show only the existing terminal points of the respective positive control route segments. By so doing, it would, in the future, be necessary to amend § 601.8001 only when a positive control route segment is extended beyond its present terminal points. Changes in these segments between the terminal points would require no amendment of § 601.8001, since the basic description would remain unchanged.

In order to facilitate easy reference, § 601.8001 is also amended by listing the affected airways numerically.

Inasmuch as this amendment does not involve any substantive change, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedures Act is unnecessary and not required. This amendment shall become effective upon publication in the FEDERAL REGISTER.

Therefore §§ 601.1, 601.2, and 601.8001 are amended to read as follows:

SUBPART A—INTRODUCTION

1. Section 601.1 is amended to read as follows:

§ 601.1 *Basis and purpose.* The basis of this part is found in sections 205 and 601 of the Civil Aeronautics Act of 1938, as amended, and Part 60 of this title. The purpose of this part is to designate the continental control area, control areas, control zones, reporting points, and positive control route segments in order to provide for the safety of aircraft operating in interstate, overseas, and foreign air commerce.

2. Section 601.2 is amended to read as follows:

§ 601.2 *Explanation of terms.* As used in this part:

(a) "Control area" shall mean the airspace within an area designated in Subparts B and C, extending upward from an altitude of 700 feet, above the surface, but not including the airspace within that area designated as the continental control area. Within a control area air traffic control is exercised in accordance with the air traffic rules of Part 60 of this title.

(b) "Continental control area" shall mean the airspace above 24,000 feet, MSL, within the continental United States as designated in § 601.7101, within which air traffic control is exercised in accordance with the air traffic rules of Part 60 of this title.

(c) "Control zone" shall mean the airspace within an area designated in Subpart D of this part, upward from the surface to include one or more airports and within which rules additional to those governing flight in control areas are prescribed in Part 60 of this title, for protection of air traffic.

(d) "Reporting point" shall mean a geographic location in relation to which the position of an aircraft shall be reported in accordance with the requirements of § 60.47 of this title.

(e) "Positive control route segment" shall mean the airspace within the airway portions designated in Subpart I, including all coinciding airways embraced within them, between 17,000 feet and 22,000 feet, MSL, inclusive, within their existing lateral limits. Within a positive control route segment air traffic is regulated in accordance with the provisions of Special Civil Air Regulation 424.

(f) "Mile" means "statute mile" unless otherwise specified in this part.

(g) All bearings shall be true from the point of origin.

3. Subpart I is amended to read:

SUBPART I—DESIGNATED POSITIVE CONTROL ROUTE SEGMENTS

§ 601.8001 *Designation of positive control route segments.* The portions of civil airways described in this subpart are designated as positive control route segments.

VOR civil airway No. 6 (Oakland, Calif., to New York, N. Y.) (See § 600.6006 of this chapter.) The portion of VOR civil airway No. 6 from the Rock River, Wyo., omnirange station to the Grand Island, Nebr., omnirange station, excluding north and south alternates.

VOR civil airway No. 8 (Long Beach, Calif., to Washington, D. C.) (see § 600.6008 of this chapter). The portion of VOR civil airway No. 8 from the Goshen, Ind., omnirange station to the point of intersection of the Martinsburg, W. Va., omnirange direct radial to the Washington, D. C., terminal omnirange station with the Front Royal, Va., omnirange 068° radial, excluding north and south alternates.

VOR civil airway No. 32 (Battle Mountain, Nev., to Fort Bridger, Wyo.) (see § 600.6032 of this chapter). The portion of VOR civil airway No. 32 from the Elko, Nev., omnirange station to the Bonneville, Utah, omnirange station, excluding the north alternate.

VOR civil airway No. 50 (Kirksville, Mo., to Indianapolis, Ind.) (see § 600.6050 of this chapter). The portion of VOR civil airway No. 50 from the Springfield, Ill., omnirange station to the Terre Haute, Ind., omnirange station, excluding the south alternate.

VOR civil airway No. 144 (Chicago, Ill., to Washington, D. C.) (see § 600.6144 of this chapter). The portion of VOR civil airway No. 144 from the point of intersection of the Peotone, Ill., omnirange direct radial to the Fort Wayne, Ind., omnirange station with the Chicago Heights, Ill., omnirange direct radial to the Lafayette, Ind., omnirange station; to the Appleton, Ohio, omnirange station.

VOR civil airway No. 200 (Ukiah, Calif., to Kremmling, Colo.) (see § 600.6200 of this chapter). The portion of VOR civil airway No. 200 from the Williams, Calif., omnirange station to the Reno, Nev., omnirange station.

VOR civil airway No. 1504 (San Francisco, Calif., to Washington, D. C.) (see § 600.6604 of this chapter). The portion of VOR civil airway No. 1504 from the Sacramento, Calif., omnirange station to the Elko, Nev., omnirange station.

VOR civil airway No. 1506 (San Francisco, Calif., to Washington, D. C.) (see § 600.6606 of this chapter). The portion of VOR civil airway No. 1506 from the Bonneville, Utah, omnirange station to the Rock River, Wyo., omnirange station and the portion from the Appleton, Ohio, omnirange station to the point of intersection of the Front Royal, Va., omnirange 112° and the Washington, D. C., terminal omnirange 245° radials.

VOR civil airway No. 1510 (Los Angeles, Calif., to New York, N. Y.) (see § 600.6610 of this chapter). The portion of VOR civil airway No. 1510 from the point of intersection of the Los Angeles, Calif., omnirange 057° and the Long Beach, Calif., omnirange 024° radials to the Colts Neck, N. J., omnirange station, including a south alternate from the Iowa City, Iowa, omnirange station to the Waterville, Ohio, omnirange station.

VOR civil airway No. 1512 (Los Angeles, Calif., to New York, N. Y.) (see § 600.6612 of this chapter). The portion of VOR civil airway No. 1512 from the Ontario, Calif., omnirange station to the Colts Neck, N. J., omnirange station, including a south alternate from the Kansas City, Mo., omnirange station to the Indianapolis, Ind., omnirange station.

VOR civil airway No. 1514 (San Francisco, Calif., to New York, N. Y.) (see § 600.6614 of this chapter). The portion of VOR civil airway No. 1514 from the Pittsburgh, Pa., omnirange station to the Colts Neck, N. J., omnirange station, excluding the south alternate.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment is effective upon publication in the FEDERAL REGISTER.

[SEAL] WILLIAM B. DAVIS,
Acting Administrator of Civil Aeronautics.

JULY 25, 1958.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 54650]

PART 16—LIQUIDATION OF DUTIES

COUNTERVAILING DUTIES; CORDAGE FROM CUBA

Reference is made to T. D. 53534 dated July 19, 1954, imposing a contervailing duty of 2.488 cents per pound upon the entry for consumption of dutiable cordage, imported directly or indirectly from Cuba.

The Treasury Department is in receipt of official information that the payment of bounties or grants on exportation of cordage, rope, twine and cord from Cuba has been discontinued by a Cuban Government decree effective March 18, 1958, except for "baler twine" and "binder twine." As these two types of twine are free of ordinary duty under the Tariff Act of 1930, they do not come within the purview of section 303 of the Tariff Act of 1930 (19 U. S. C. 1303). Accordingly, the only foreseeable imposition of countervailing duties would be in the case of cordage which Cuba had considered to be "baler twine" or "binder twine," and therefore allowed to benefit from the grant or bounty, but which the United States (because of differing specifications or otherwise) does not consider to be "baler twine" or "binder twine" and as to which, therefore, an ordinary import duty is charged.

Therefore, as to cordage exported from Cuba on and after March 18, 1958, T. D. 53534 is hereby modified by restricting its application to cordage which has benefited from a grant or bounty bestowed by the Cuban Government on the ground that it is "baler twine" or "binder twine," but which is not classifiable under the Tariff Act of 1930, as amended, as "baler twine" or "binder twine" and is, therefore, subject to ordinary United States import duties.

This decision shall be applicable with respect to all such products exported from Cuba on or after March 18, 1958, which are or will be entered, or withdrawn from warehouse, for consumption, and which have not been liquidated or the liquidation of which has not become final on the date of publication of this Treasury decision in the FEDERAL REGISTER.

The table in § 16.24 (f) of this chapter is amended by inserting the number of this Treasury decision immediately following number 53534 in the column headed "Treasury Decision" and the words "T. D. 53534 modified" in the column headed "Action".

(R. S. 251, secs. 303, 624, 46 Stat. 687, 759; 19 U. S. C. 66, 1303, 1624)

[SEAL] D. B. STRUBINGER,
Acting Commissioner of Customs.

Approved: July 29, 1958.

A. GILMORE FLUES,
Acting Secretary of the Treasury.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter A—General

PART 3—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

LABEL DECLARATION OF D-ERYTHROASCORBIC ACID WHEN IT IS AN INGREDIENT OF A FABRICATED FOOD

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 701 (a), 52 Stat. 1055, as amended; 21 U. S. C. 371) and delegated

to the Commissioner of Food and Drugs by the Secretary (22 F. R. 1045), and pursuant to the Administrative Procedure Act (sec. 3, 60 Stat. 237; 5 U. S. C. 1002), the following statement of interpretation is issued:

§ 3.51 *Label declaration of D-erythroascorbic acid when it is an ingredient of a fabricated food.* (a) The article D-erythroascorbic acid (D-araboascorbic acid, D-erythro-3-ketohexonic acid lactone) has sometimes been designated as D-isoascorbic acid. However, this designation is capable of misleading purchasers of food in which it is used as an ingredient because of the similarity of such designation to the chemical name and the common name of vitamin C, which is ascorbic acid. Ascorbic acid (vitamin C) is capable of preventing the deficiency disease scurvy, but D-isoascorbic acid is ineffective for this purpose.

(b) The Joint Committee on Nomenclature of the American Institute of Nutrition and the Society of Biological Chemists has considered this matter, and pursuant to the Committee's recommendation the respective scientific organizations approved a resolution to drop the use of the designation D-isoascorbic acid and to adopt as a common name the name erythorbic acid for D-erythroascorbic acid.

(c) The compound D-erythroascorbic acid is not specified as an ingredient of any food for which a standard has been established. For foods other than those for which standards have been established, section 403 (i) (2) of the Federal Food, Drug, and Cosmetic Act requires that ingredients be listed on labels by their common or usual names. If the label on a food that contains D-erythroascorbic acid designates that ingredient by the name erythorbic acid, the requirement that the label bear the common or usual name of the ingredient will be regarded as having been met.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371. Interprets or applies sec. 403, 52 Stat. 1047, as amended; 21 U. S. C. 343)

Dated: July 28, 1958.

[SEAL] GEO. P. LARRICK,
Commissioner of Food and Drugs.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter V—Foreign Assets Control, Department of the Treasury

PART 500—FOREIGN ASSETS CONTROL REGULATIONS

IMPORTATION OF AND DEALINGS IN CERTAIN MERCHANDISE

The Foreign Assets Control Regulations, 31 CFR 500.101–500.808, are hereby amended as follows:

The following items are added to the list set forth in § 500.204 (a) (4):

Feather manufacturers.
Graphite.
Honey.
Poultry, including pigeons, frozen or otherwise prepared or preserved.

Section 500.322 (a) (5) is hereby amended (1) by deleting the words "the French Establishments in India", and (2) by deleting the words "Laos (except those areas under Communist Control)", and by substituting for them the word "Laos".

(Sec. 5, 40 Stat. 415, as amended; 50 U. S. C. App. 5; E. O. 9193, July 6, 1942, 7 F. R. 5205; 3 CFR 1943 Cum. Supp., E. O. 9989, Aug 20, 1948, 13 F. R. 4891; 3 CFR 1948 Supp.)

[SEAL] JULIAN B. BAIRD,
Acting Secretary of the Treasury.

[F. R. Doc. 58-5900; Filed, Aug. 1, 1958; 8:45 a. m.]

PART 505—TRANSACTION CONTROL REGULATIONS

DELETION FROM SCHEDULE

The Transaction Control Regulations, 31 CFR 505.01 to 505.60, are hereby amended by deleting from the schedule in § 505.10 the words "Laos (only those areas under Communist control)."

(Sec. 5, 40 Stat. 415, as amended; 50 U. S. C. App. 5; E. O. 9193, July 6, 1942, 7 F. R. 5205; 3 CFR 1943 Cum. Supp., E. O. 9989, Aug. 20, 1948, 13 F. R. 4891; 3 CFR 1948 Supp.)

[SEAL] JULIAN B. BAIRD,
Acting Secretary of the Treasury.

TITLE 41—PUBLIC CONTRACTS

Chapter II—Division of Public Contracts, Department of Labor

PART 202—MINIMUM WAGE DETERMINATIONS

DRUGS AND MEDICINE INDUSTRY

This matter is before me for decision on the exceptions which have been filed to my proposed redetermination of the prevailing minimum wage for the drugs and medicine industry as published in the FEDERAL REGISTER (23 F. R. 2863).

The time for exceptions has expired, and only two have been filed. One is on behalf of the American Federation of Labor and Congress of Industrial Organizations, contending that the proposed rate of $1.20 per hour is too low, and the other is on behalf of Philadelphia Ampoule Laboratories, contending that it is too high.

The contention that the proposed rate is too low merely renews the argument in support of a higher rate, first advanced by the party filing the exception at the hearing and in its post-hearing submittal of proposed findings, conclusions, and supporting reasons. This contention and the reasons for its disallowance are presented very fully in the tentative decision. As no new arguments or reasons are advanced, by this exception to the findings and conclusions in the tentative decision, no further discussion of these issues is necessary, and this exception is overruled.

Philadelphia Ampoule Laboratories has not heretofore participated in this proceeding. It suggests that in this industry wage scales are usually higher in the larger firms than they are in the smaller ones. Without further reference to fact or argument, this exception expresses a need to "go on record as opposing the arguments which are used to substantiate the 20 cent rise in minimum wages for our industry where Government contracts are involved."

The proposed decision discusses in considerable detail the differences in minimum wages between establishments of different size in this industry. It finds substantial support for the proposed minimum wage in each of the size categories from the smallest to the largest. The remainder of this exception, quoted above, merely objects to the proposal in general, without pointing to specific error in its formulation.

Each finding and conclusion in the proposal has been re-examined, and they are hereby adopted as my final decision.

Accordingly, upon the findings and conclusions and reasons therefor stated herein and in the Notice of Proposed Decision in this proceeding, pursuant to authority under the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U. S. C. 35–45) and in accordance with the Administrative Procedure Act (60 Stat. 237, 5 U. S. C. 1001),

1. The headnote and paragraphs (a) and (b) of § 202.28 of the Code of Federal Regulations are amended to read as follows:

§ 202.28 *Toilet preparations and cosmetics industry*—(a) *Definition.* The toilet preparations and cosmetics industry is defined as that industry which manufactures or furnishes any of the following products: Dentrifices, cosmetics, perfume, shaving creams and shampoos which do not contain soap or soap synthetics, or other preparations designed or intended for external application to the person for the purpose of cleansing, improving the appearance of, or refreshing the person. The foregoing shall not be deemed to include the manufacture or packaging of shaving cream and shampoo containing soap or soap synthetics, essential (volatile) oils, glycerine, and soap.

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of products of the toilet preparations and cosmetics industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis.

2. A new section is added to Part 202 of Title 41 of the Code of Federal Regulations to read as follows:

§ 202.60 *Drugs and medicine industry*—(a) *Definition.* (1) The drugs and medicine industry is defined to include the following: Drugs or medical preparations (other than food) intended for internal or external use in the diagnosis, treatment, or prevention of diseases in, or to affect the structure or any functions of the body of man or other animal.

(i) Typical products of the industry are: Bulk organic and inorganic medicinal chemicals and their derivatives; endocrine products; basic vitamins; active medicinal principles, such as alkaloids from botanical drugs and herbs; drugs and medicines in pharmaceutical preparations, such as ampules, tablets, capsules, ointments, solutions, and suspensions for human and veterinary use, including vitamin preparations and galenicals, such as fluid extracts and tinctures; viruses, serums, toxins, and analogous products, such as allergenic extracts, and normal serums and plasmas for human or veterinary use; and bacteriological media.

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of products of the drugs and medicine industry under contracts subject to the Walsh-Healey Public Contracts Act shall be not less than $1.20 per hour arrived at either on a time or piece-rate basis.

(c) *Effect on other obligations.* Nothing in this section shall affect any obligation for the payment of minimum wages that an employer may have under any law or agreement more favorable to employees than the requirements of this section.

(d) *Effective date.* This section shall be effective, and the minimum wage herein established shall apply, as to all contracts subject to the Public Contracts Act, bids for which are solicited or negotiations otherwise commenced on or after September 1, 1958.

(Sec. 4, 49 Stat. 2038; 41 U. S. C. 38)

Signed at Washington, D. C., this 29th day of July 1958.

JAMES P. MITCHELL,
Secretary of Labor.

[F. R. Doc. 58-5929; Filed, Aug. 1, 1958; 8:49 a. m.]

PART 202—MINIMUM WAGE DETERMINATIONS

SURGICAL INSTRUMENTS AND APPARATUS INDUSTRY; REDETERMINATION OF PREVAILING MINIMUM WAGES

This matter is before me for decision on exceptions to my proposed decision in the redetermination of prevailing minimum wages for the surgical instruments and apparatus industry as published in the FEDERAL REGISTER (23 F. R. 2227). Such exceptions have been filed on behalf of the Manufacturers Surgical Trade Association and the American Federation of Labor and Congress of Industrial Organizations.

The labor federation supports the proposal to preserve, in these redetermination proceedings, the industry-wide approach which has characterized the former determinations of prevailing minimum wages in this industry, but the management association has renewed its contention, first asserted at the recent hearing, that these proceedings should depart from past practice by making different determinations of prevailing minimum wages for different geographic portions of this industry.

"The management association excepts to the statement in the proposed decision that management's recommendation of geographic wage differentials is based entirely on differing median wage rates in the three geographic regions, asserting that its recommendation is based on the differing wage structures of those regions as revealed by the Bureau of Labor Statistics wage survey. This clarification of the Association's position is, of course, accepted. The distinction makes no difference, however, under the rationale supporting an industry-wide determination as set out in the proposed decision. It is the area of competition, rather than the wages paid, which determines the geographic area for which prevailing minimum wages will be determined.

The management association excepts to the finding that "management and labor representatives at the hearing agreed that competition in this industry was industry-wide, and that none of the regions into which the wage and procurement data were divided could be described as self-contained." The transcript references cited in support of the exception have been re-examined. They include page 82, on which Arthur L. Faubel, appearing on behalf of the management association, testified that in his opinion "there is a great deal of nationwide competition in the industry," and that "I doubt very much that any one of those regions is self-contained." These references also include pages 90 and 91, on which Bert Seidman, appearing on behalf of the labor unions, testified "that with respect to competition for Government contracts, there is no particular regional concentration. In other words, plants manufacturing products for Government purchase in this industry under Government contracts apparently ship them to all parts of the United States rather than just to destination points within the region of manufacture."

As this testimony was not limited or contradicted, this exception is overruled, and the proposed finding in question is adopted.

The final Association criticism of the support for the proposal to make an industry-wide determination objects to the finding that "The undisputed facts of record here make it plain that a procurement officer composing an invitation for bids in this industry will be unable to predict even the broad geographic region in which the successful bidder's plant will be located."

The objection is based on a suggestion that regional segregation of the manufacturers of the many diverse products of the industry, would enable the procurement officer to make such a prediction on the basis of the particular articles to be purchased. But the exceptions frankly confess "that this was not brought out at the hearing." Nor does the Association tender evidence now, tending to support the suggestion, or in any other way overcome the abundant evidence of industry-wide competition in the products of the industry which is in the record here, and is fully discussed in the proposed determination. Section 10 (b) of the Walsh-Healey Act requires this wage determination to be made "on the record after opportunity for a hearing." Under section 4 (b) of the Administrative Procedure Act, this imports the requirement of section 7 (c) of that act requiring findings to be "supported by and in accordance with the reliable, probative, and substantial evidence." These statutory provisions preclude reliance on the unsupported suggestion of the management association contradicted by the evidence of record, as a basis for departure from the soundly based finding in the proposed determination.

The management association seeks to distinguish the decision in Mitchell v. Covington Mills, 229 F. 2d 506, (C. A., D. C.) certiorari denied, 351 U. S. 934, which holds that industry-wide competition requires an industry-wide wage determination to achieve the purposes of the act, even where there are geographical differences in the wage structure. The effort to distinguish this decision is predicated on an assumption that there is "a fairly complete homogeneity of the products of the cotton, silk and synthetic branch of the textile industry," which was involved in the Covington case, whereas the surgical instruments and apparatus industry is one "making a wide and heterogeneous assortment of products." But, in the rationale of that decision and this one, the crucial difference is not responsive to a choice between "homogeneous" and "heterogeneous." In any event, there is no factual basis for the position asserted since the non-competitive range of this industry, "from an operating table to a suture," on which the management association relies for its distinction, is fully duplicated in the non-competitive range of the named branch of the textile industry, from a spool of cotton thread to a bolt of pure silk broad woven fabric (§ 202.43). The proposed finding and decision to determine the prevailing minimum wage on an industry-wide basis is hereby made final.

The labor unions agree with the finding in the proposed determination that $1.25 was the prevailing minimum wage for covered workers in this industry (excluding beginners) on the wage survey date, but the management association takes exception. Aside from repeating its views that prevailing minimum wages should be determined separately for the several different geographic areas, its position is summarized in two excerpts from its brief: "Admittedly, the term 'prevailing minimum wage' is not as precise as is desirable in a mathematical concept, but management takes exception to the Secretary's 'stretching' the concept of a minimum to include 56.7 percent of the workers in an industry. * * * Management contends, as we did at the hearing, that 'prevailing minimum wage' means the base on which the wage structures build up and we believe it is both reasonable and realistic to assume that approximately 10 percent of the workers included in a wage distribution constitute a thoroughly adequate segment for purposes of determining the minimum wage prevailing in an industry."

The "56.7 percent of the workers," to which the management association refers, are all of the covered workers (excluding beginners) who are employed in establishments having plant-wide minimum wages which range from $1.25 to

$2.20, and which, collectively, pay no such worker less than $1.25. Less than 1 percent of the total employment of 5,487 such workers in those plants are paid as little as $1.25 per hour.

The principle expressed by the management association "that 'prevailing minimum wage' means the base on which the wage structures build up" appears to recognize that there is more than one wage structure in this industry and the geographic segments of it for which the Association recommends separate determination. These different wage structures are, of course, the ones in effect in the several factories, plants, and establishments which manufacture or furnish its products. The error in this principle is its assumption that there is but one "base" for all of these wage structures, and that it must necessarily be the wage received by the employee who is 10 percent up from the bottom when the wages of all employees in the group for whom determination is being made are assembled together as though they were one wage structure. Though some such approach might produce a fair estimate of the prevailing minimum wage in the absence of more specifically relevant data, it may often, and does here, miss the mark by yielding a minimum which cannot be said to be prevailing because it is neither a minimum actually in effect in a large portion of the plants, nor one so placed that it may fairly be said to represent the minimum wage practice of the industry as a whole.

The management association objects to any determination which would increase labor costs, on the ground that this would give advantage to foreign manufacturers and offend the President's appeal for restraint in wage-price policies. The President's appeal clearly is not directed to wages paid by an industry, including its prevailing minimum wage, but to future agreements between management and labor for increases in existing wages resulting in price increases to the public. The companion reason for the objection is similarly unavailable. Consideration of actual or potential competition from foreign producers for Government contracts as to the products of this industry is not committed to my discretion, and is neither pertinent nor appropriate to a determination under the Walsh-Healey Act of the prevailing minimum wages in this industry. The Tariff Act of 1930, as amended, commits to the President exclusive authority in this area of the public interest. Finally, the Association's argument is dependent on the contention that the proposed determination is, in fact, found at a level in excess of the minimum wage actually prevailing, but as it does not exceed the level most representative of the minimum wages arrived at by the industry itself without reference to the Walsh-Healey Act, and for the further reasons stated, this objection is denied.

Both management and labor groups express satisfaction with the definition of the industry and the disposition of the beginner issue in the proposed determination.

The union representatives renew their request for an upward adjustment of the $1.25 figure to reflect minimum wage increases which have occurred since the Bureau of Labor Statistics survey. This proposal was carefully considered in the proposed determination and rejected for lack of adequate evidentiary support. The exception filed by the labor representatives offers no new evidence, suggests no new appraisal of the evidence in the record, and fails to deal with the reasons for rejecting this request expressed in the proposed determination. Under these circumstances this exception is overruled.

Accordingly, upon the findings, conclusions and the reasons therefor stated herein and in the Notice of Proposed Decision in the Redetermination of Prevailing Minimum Wages in the Surgical Instruments and Apparatus Industry filed in these proceedings, pursuant to authority under the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U. S. C. 35 et seq.) and in accordance with the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001), § 202.48 of Title 41 of the Code of Federal Regulations is hereby amended to read as follows:

§ 202.48 *Surgical Instruments and Apparatus Industry*—(a) *Definition.* The surgical instruments and apparatus industry is defined as that industry which manufactures or furnishes instruments, apparatus, and equipment used in, or in connection with, or in the aid of the practice of medicine and surgery, such as surgical and diagnostic instruments, apparatus, and equipment for medical and surgical treatment. This definition shall include the manufacture of sutures and sterilizers for surgical purposes, but shall not include the manufacture of (1) surgical dressings, (2) electro-surgical instruments and apparatus in which electricity is the diagnostic, therapeutic, or functioning element, such as X-ray, fluoroscope, and high frequency apparatus and equipment, ultraviolet and infra-red ray and other therapeutic and heating lamps, apparatus and equipment, and (3) orthopedic appliances, such as trusses, braces, supports, splints, artificial limbs, and elastic belts and stockings.

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of the products of the surgical instruments and apparatus industry under contracts subject to the Walsh-Healey Public Contracts Act shall be not less than $1.25 per hour.

(c) *Tolerance.* Beginners as defined in this paragraph may be employed in the surgical instruments and apparatus industry for a period of not more than 320 hours at a rate not less than $1.15 per hour. A beginner for the purpose of this paragraph is defined as a new plant employee hired at a rate lower than that established for a specific job during the period of time required to receive orientation or initial training for that job, and who has less than 320 hours experience in the plant in which he is employed.

(d) *Effective date.* This section shall be effective and the minimum wages established herein shall apply as to all contracts subject to the Public Contracts Act, bids for which are solicited or negotiations otherwise commenced on or after September 1, 1958.

(Sec. 4, 49 Stat. 2038; 41 U. S. C. 38)

Signed at Washington, D. C., this 29th day of July 1958.

JAMES P. MITCHELL,
Secretary of Labor.

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Department of Health, Education, and Welfare

Subchapter E—Fellowships, Internships, Training

PART 61—FELLOWSHIPS

APPLICABILITY AND PURPOSE

Notice of proposed rule making, public rule making procedures and delay in effective date have been omitted in the issuance of the following amendment to this subpart which deals with fellowship awards. The amendment will add studies and investigations relating to the causes, control and prevention of water pollution to the purposes for which the Public Health Service fellowships are awarded.

1. Section 61.1 is amended to read:

§ 61.1 *Applicability.* (a) The regulations in this part apply to the establishment and award of all fellowships in the Public Health Service, except those financed under programs of the Department of State. (See 22 CFR Part 65.)

(b) The regulations in this part shall also apply to the establishment and award of fellowships under the Federal Water Pollution Control Act.

(Sec. 10, 70 Stat. 506, 33 U. S. C. 466i. Interprets and applies section 4 (a), 70 Stat. 499, 33 U. S. C. 466c)

2. Section 61.2 is amended to read:

§ 61.2 *Purpose of fellowships.* Fellowships in the Public Health Service are for the purpose of encouraging and promoting studies or investigations relating to the physical and mental diseases and impairments of man and to the causes, prevention, and control of water pollution. Fellowships may be established (a) to provide assistance to individuals for advanced training in research, or for carrying out independent research, or (b) to obtain the assistance and services of individuals for research work of the Public Health Service where the nature of the work or the character of the individual's services render customary employing relationships impracticable or less effective.

(Sec. 215, 58 Stat. 690, as amended; 42 U. S. C. 216)

Dated: July 17, 1958.

[SEAL] L. E. BURNEY,
Surgeon General.

Approved: July 29, 1958.

E. L. RICHARDSON,
Assistant Secretary of Health, Education, and Welfare.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1696]

[07340]

IDAHO

MODIFYING EXECUTIVE ORDER NO. 4226 OF MAY 16, 1925

By virtue of the authority vested in the President by section 1 of the act of June 25, 1910 (36 Stat. 847; 43 U. S. C. 141), and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Executive Order No. 4226 of May 16, 1925, which withdrew the following-described public lands in Idaho for classification, is hereby modified to the extent necessary to permit disposal of the lands under applicable public-land laws by a State exchange or State selection:

BOISE MERIDIAN

T. 3 S., R. 18 E.,
Sec. 17, NE¼.

The area described contains 160.57 acres.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 28, 1958.

[F. R. Doc. 58-5916; Filed, Aug. 1, 1958; 8:46 a. m.]

[Public Land Order 1697]

[Fairbanks 013619]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF DEPARTMENT OF AIR FORCE FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Alaska are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral-leasing laws but not the act of July 31, 1947 (61 Stat. 681; 69 Stat. 367; 30 U. S. C. 601–604) as amended, and reserved for use of the Department of the Air Force for military purposes:

FAIRBANKS MERIDIAN

T. 2 N., R. 1 E.
Sec. 2, N½NE¼SW¼NW¼, and
All that part of lot 4 as described by the following aliquot parts: SW¼NW¼NW¼, S½NE¼NW¼NW¼, and E½SW¼NW¼NW¼.

The areas described contain approximately 25 acres.

The Department of the Interior retains jurisdiction over the management of the surface and subsurface resources, including mineral resources of the lands. No disposal of such resources will be made except under applicable public land laws with the concurrence of the Department of the Air Force and, where necessary, only after appropriate modification of the provisions of this order.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 28, 1958.

[Public Land Order 1698]

[Fairbanks 010043]

ALASKA

PARTIALLY REVOKING PUBLIC LAND ORDER NO. 1173 OF JUNE 24, 1955, WHICH WITHDREW CERTAIN LANDS FOR USE IN MAINTENANCE OF AIR NAVIGATION FACILITIES AS ADDITION TO AIR NAVIGATION SITE WITHDRAWAL NO. 146

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Public Land Order No. 1173 of June 24, 1955, so far as it withdrew the following-described lands under the jurisdiction of the Civil Aeronautics Administration, Department of Commerce, for use in the maintenance of air navigation facilities as an addition to Air Navigation Site Withdrawal No. 146, is hereby revoked:

Beginning at a point on line 11–12 of United States Survey 2639 from which corner No. 12 bears N. 42°54' W., 8,000 feet, thence
S. 47°04' W., 3,700 feet;
S. 42°56' E., 3,350 feet to line of mean high water of the west bank of Napaskiak Slough;
Northeasterly, 3,800 feet along line of mean high tide to a point on line 11–12, U. S. S. 2639;
N. 42°54' W., 2,875 feet along line 11–12 to point of beginning.

The tract described contains approximately 265 acres.

2. Subject to any existing valid rights and the requirements of applicable law, the lands are hereby opened to settlement and to filing of such applications, selections, and locations as are allowable on unsurveyed lands in accordance with the following:

a. Subject to the applications and claims described in paragraph b (1) below, the lands, beginning at 10:00 a. m. on September 2, 1958, will be subject to settlement under the Homestead and Alaska Home Site Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended). Beginning at 10:00 a. m. on December 2, 1958, any remaining lands will be subject to settlement under these laws by other qualified persons.

b. Applications and selections under the nonmineral public-land laws and applications and offers under the mineral-leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having preference rights conferred by existing laws or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended), presented prior to 10:00 a. m. on September 2, 1958, will be considered as simultaneously filed at that hour. Rights under such preference-right applications after that hour will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public-land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral-leasing laws, presented prior to 10:00 a. m. on December 2, 1958, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

c. The lands will be open to applications and offers under the mineral-leasing laws, and to location under the United States mining laws beginning at 10:00 a. m. on December 2, 1958.

3. Persons claiming veteran's preference rights under paragraph b (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon statutory preference or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

4. The Territory of Alaska has waived the preference right of selection granted it by section 202 (b) of the Alaska Mental Health Enabling Act of July 28, 1956 (70 Stat. 711; 48 U. S. C. 46.3 (b)).

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Fairbanks, Alaska.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 28, 1958.

[F. R. Doc. 58-5917; Filed, Aug. 1, 1958; 8:46 a. m.]

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 11—INDUSTRIAL RADIO SERVICES

ORDER GRANTING EXCEPTION TO RULE

In the matter of requests for exception to § 11.8 (a) of the Commission's rules.

1. By First Report and Order of June 18, 1958, in Docket No. 11991 (FCC 58–602, released June 23, 1958) the Commission amended (effective August 1, 1958) § 11.8 (a) of its Industrial Radio Services Rules in several particulars. As amended, § 11.8 (a) specifies definite and detailed procedures for effecting coordination in the selection of frequencies and also specifies an alternative procedure whereby an applicant may submit an advisory recommendation from a frequency advisory committee so organized as to be representative of all persons eligible in the area purported to be served by such committee. Although § 11.8 (a) has heretofore required applicants and licensees in the Industrial Radio Services to cooperate in the selection and use of frequencies, and although frequency advisory committees of the type contemplated by the amendment have been in existence in many of the Commission's services for a number of years, the above procedures are relatively new to users in the Special Industrial Radio Service.

2. The Commission has received a request from the Special Industrial Radio Service Frequency Advisory System Organizing Committee, among others, seeking exception, for two months, to so much of the amended § 11.8 (a) as requires applications for frequencies in the Special Industrial Radio Service to be accompanied by evidence of frequency coordination in one of the forms set forth in the said section.[1] These requests are based upon the newness—as above described—of the procedures established, and upon the correlative consideration that the additional time is necessary in order for interested persons to acclimate themselves to such procedures. There appears to be considerable warrant for the relief requested, particularly, in light of the heterogeneous nature of the various activities provided for in the Special Industrial service.

3. In view of the foregoing, and pursuant to § 0.291 (b) (7) of the Commission's Rules, *It is ordered*, Effective August 1, 1958, that the above-described requests for exception are granted, and that, until October 1, 1958, applicants in the Special Industrial Radio Service (and applicants in the Business Radio Service for frequencies adjacent to frequencies available to the Special Industrial Radio Service) are excepted from so much of § 11.8 (a) as requires the submission of evidence of frequency coordination in one of the forms set forth therein.

Adopted: July 29, 1958.

Released: July 30, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5940; Filed, Aug. 1, 1958; 8:52 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR (1954) Part 270]

CIGARS AND CIGARETTES; MANUFACTURERS, IMPORTERS, AND DEALERS

NOTICE OF PROPOSED RULEMAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury or his delegate. Prior to final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U. S. C. 7805).

[SEAL] RUSSELL C. HARRINGTON,
Commissioner of Internal Revenue.

In order to require the payment to the collector of customs, on the basis of a return, of any internal revenue tax due and payable on cigars imported in passengers' baggage, in excess of the quantity exempted from tax by law and customs regulations, or by mail where the value does not exceed $250, and such cigars are for the personal consumption of the importer or for disposition as his bona fide gift, regulations 26 CFR Part 270 are amended as follows:

PARAGRAPH 1. Section 270.64 is amended by adding in the third sentence after the words "That a manufacturer or an importer of cigars" the words "except where such cigars are imported in passengers' baggage, or by mail where the value does not exceed $250, for the personal consumption of the importer or for disposition as his bona fide gift,".

PAR. 2. Paragraph (a) of § 270.190 is amended to read as follows:

(a) *General.* All cigars and cigarettes shall, before removal, be put up by the importer in packages which shall bear the stamps, class designation, and mark, as required by this subpart. Such packages shall be of such construction as will securely contain the cigars and cigarettes therein and maintain such stamps, class designation, and mark thereon: *Provided*, That cigars imported in passengers' baggage, or by mail where the value does not exceed $250, where such cigars are for the personal consumption of the importer or for disposition as his bona fide gift, shall be exempt from the provisions of this paragraph.

PAR. 3. The first sentence of § 270.191 is amended to read as follows: "Every package of large cigars subject to tax shall, before removal, have legibly imprinted thereon, or on a label securely affixed thereto, a class designation, for tax purposes, corresponding with the rate of tax imposed by section 5701 (b) (2), I. R. C., on the cigars contained therein: *Provided*, That cigars imported in passengers' baggage, or by mail where the value does not exceed $250, where such cigars are for the personal consumption of the importer or for disposition as his bona fide gift, shall be exempt from the provisions of this section."

PAR. 4. Section 270.191a is amended to read as follows:

§ 270.191a *Mark.* Every package of cigars on which tax is paid by return shall, before removal, have legibly imprinted thereon, or on a label securely affixed thereto, the number of cigars contained in such package: *Provided*, That cigars imported in passengers' baggage, or by mail where the value does not exceed $250, where such cigars are for the personal consumption of the importer or for disposition as his bona fide gift, shall be exempt from the provisions of this section.

PAR. 5. Section 270.230 is amended as follows:

(A) Paragraph (a) is amended to read as follows:

(a) *General.* Where cigars on which tax has not been paid are imported into the United States, the importer may, except as provided in paragraphs (c) and (d) of this section, pay tax thereon by filing a tax return, Form 2135, with remittance, with the district director for each removal of such cigars from customs custody subject to tax. The importer shall secure from the district director a copy of the tax return bearing acknowledgment of receipt of the remittance. Such copy shall be presented by the importer to the appropriate customs officer before such cigars are released from customs custody. When the cigars are so released, the customs officer shall endorse the copy of Form 2135 to show release of the cigars and return this copy to the importer who shall retain such copy of the tax return for two years following the close of the calendar year in which the return was filed and shall make it available for inspection by any revenue officer upon his request.

(B) By adding a new paragraph (c) to read as follows:

(c) *Noncommercial importations in passengers' baggage.* Where cigars on which tax has not been paid are imported into the United States in passengers' baggage, for the personal consumption of the importer or for disposition as his bona fide gift, in excess of the quantity exempted from tax by law and customs regulations, the importer shall, prior to removal, pay tax thereon by return to the collector of customs, in accordance with customs requirements.

(C) By adding a new paragraph (d) to read as follows:

(d) *Noncommercial importations by mail.* Where cigars on which the tax has not been paid are imported into the United States by mail, for the personal consumption of the importer or for disposition as his bona fide gift, and the value does not exceed $250, the importer shall, prior to removal, pay tax thereon by return to the collector of customs, in accordance with customs requirements.

PAR. 6. Section 270.231 is amended by deleting the words "to the district director" from the first sentence.

PAR. 7. A new § 270.232 to read as follows is added:

§ 270.232 *Customs' collection of internal revenue taxes on certain importations of cigars.* Internal revenue taxes payable on cigars imported in passengers' baggage, or by mail where the value does not exceed $250, shall be collected, acounted for, and deposited as internal revenue collections by collectors of customs in accordance with customs requirements.

[F. R. Doc. 58-5938; Filed Aug. 1, 1958; 8:51 a. m.]

[1] Requests have been filed by or on behalf of American Iron Ore Association, American Mining Congress, Associated General Contractors, National Canners Association, National Industrial Sand Association, National Ready Mixed Concrete Association, National Sand and Gravel Association, Petroleum Equipment Suppliers Association, and Special Industrial Radio Service Association.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 1003]

HANDLING OF DOMESTIC DATES PRODUCED OR PACKED IN LOS ANGELES AND RIVERSIDE COUNTIES OF CALIFORNIA

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO APPROVAL OF BUDGET OF EXPENSES OF DATE ADMINISTRATIVE COMMITTEE FOR 1958–59 CROP YEAR AND FIXING RATE OF ASSESSMENT FOR SUCH CROP YEAR

Notice is hereby given that the Secretary of Agriculture is considering the approval of a budget of expenses of the Date Administrative Committee for the 1958–59 crop year and the fixing of a rate of assessment for that year, as hereinafter set forth. The amount of the budget and rate of assessment were unanimously recommended by the aforesaid committee in accordance with the provisions of Marketing Agreement No. 127, and Order No. 103 (7 CFR Part 1003), regulating the handling of domestic dates produced or packed in Los Angeles and Riverside Counties of California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Consideration will be given to any data, views, or arguments pertaining thereto which are filed in triplicate with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., and received not later than the close of business on the eighth day after publication of this notice in the FEDERAL REGISTER. In the event the said eighth day after publication should fall on a legal holiday, Saturday, or Sunday, such submissions must be received by the Director not later than the close of business on the next following business day.

The proposed budget of expenses and rate of assessment follow:

§ 1003.303 *Budget of expenses of the Date Administrative Committee and rate of assessment for the 1958–59 crop year*—(a) *Budget of expenses.* Expenses in the amount of $38,595 are reasonable and are likely to be incurred by the Date Administrative Committee for its maintenance and functioning for the crop year which begins on August 1, 1958 and ends on July 31, 1959.

(b) *Rate of assessment.* Each handler shall pay to the Date Administrative Committee, in accordance with the provisions of Marketing Agreement No. 127, and Order No. 103, an assessment of 15 cents per hundredweight of dates which he handles or has had certified for handling or for further processing during the crop year which begins on August 1, 1958 and ends on July 31, 1959. Such assessment rate is hereby fixed as each handler's pro rata share of the aforesaid expenses.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 29, 1958.

[SEAL] FLOYD F. HEDLUND,
Deputy Director,
Fruit and Vegetable Division.

Agricultural Research Service

[9 CFR Part 131]

[Docket No. AO 16–A7]

HANDLING OF ANTI-HOG-CHOLERA SERUM AND HOG-CHOLERA VIRUS

NOTICE OF HEARING ON PROPOSED AMENDMENT TO MARKETING AGREEMENT AND ORDER, AS AMENDED

Pursuant to the provisions of the Anti-Hog-Cholera Serum and Hog-Cholera Virus Marketing Agreement Act, as amended (7 U. S. C. 851 et seq.), and the rules of practice and procedure governing formulation of marketing agreements and marketing orders applicable to anti-hog-cholera serum and hog-cholera virus (9 CFR Part 132), notice is hereby given of a public hearing to be held in Room 209, United States Courthouse, 219 South Clark Street, Chicago, Illinois, beginning at 10:00 a. m., c. d. t., August 6, 1958, for the purpose of receiving evidence on the proposed amendment hereinafter set forth, or appropriate modifications thereof, to the marketing agreement and order, as amended, regulating the handling of anti-hog-cholera serum and hog-cholera virus (9 CFR Part 131).

Amendment to the marketing agreement and order is made necessary due to the recent amendment to the aforesaid act, effective immediately. Said amendment revised section 58 (b) of the act (7 U. S. C. 853 (b)) to read as follows:

(b) Terms and conditions requiring each manufacturer to have in inventory in his own possession on April 1 of each year a reserve supply of completed serum equivalent to not less than 40 per centum of his previous year's sales of all serum, except that any marketing agreement may provide that upon written application by a manufacturer filed before September 1 of the preceding year, the Secretary may fix another date between January 1 and May 1 on which such manufacturer shall have such inventory if the Secretary finds that such action will tend to effectuate the purposes of this Act. The Secretary may impose such terms and conditions upon granting any such application as he finds necessary to effectuate the purposes of this Act. Serum used in computing the required reserve supply of any manufacturer shall not again be used in computing the required reserve supply of any other manufacturer.

The proposed amendment to the marketing agreement and order is as follows:

1. Amend § 131.79 to read as follows:

§ 131.79 *Emergency reserve.* (a) Except as provided in paragraph (b) of this section, each manufacturer shall have in inventory in his own possession on April 1 of each year a reserve supply of completed serum equivalent to not less than 40 per centum of his previous year's sales of all serum. Serum used in computing the required reserve supply of any manufacturer shall not again be used in computing the required reserve supply of any other manufacturer.

(b) Upon the written application by a manufacturer filed before September 1 of the preceding year, the Secretary may fix another date between January 1 and May 1 on which such manufacturer shall have the inventory specified in paragraph (a) of this section for a particular year if the Secretary finds that such action will tend to effectuate the purposes of the act. The Secretary may impose such terms and conditions upon granting any such application as he finds necessary to effectuate the purposes of the act.

2. Add a new § 131.80 to read as follows:

§ 131.80 *Procedure for filing and decision on application filed pursuant to section 131.79 (b) of this subpart*—(a) *Time and place of filing.* Application for a date between January 1 and May 1 on

which a manufacturer shall have the inventory specified in § 131.79 (a) for a particular year shall be filed with the Director, Animal Inspection and Quarantine Division, Agricultural Research Service, United States Department of Agriculture, Washington, D. C., before September 1 of the preceding year. Said application shall be deemed to be filed when received by the Office of the Director.

(b) *Form and content of application.* The application shall be in writing and signed by the applicant. If the applicant is a corporation, the application shall be signed by an officer of such corporation, and if applicant is a partnership, it shall be signed by one of the partners. The application shall contain (1) the name, address, principal place of business and form of business organization of applicant. If it is a corporation, such fact shall be stated together with the state of incorporation, date of incorporation and the names of its officers and directors; if it is a partnership, the name and address of each partner; (2) a request for a definite date between January 1 and May 1 which applicant desires the Secretary to set on which the applicant shall have said inventory specified in § 131.79 (a); and (3) a full statement of the facts upon which applicant relies to support his application which statement shall include information with respect to the area of his distribution of serum, giving the percentage of his total marketings for each State within said area and for export and may include information covering other factors specified in paragraph (d) of this section. The Secretary may, at any time following receipt of the application, request additional information from applicant.

(c) *Notice of filing.* Following the receipt of such applications the Secretary may publish in the FEDERAL REGISTER a notice setting forth the names of the applicants and the date so requested by each of them, and may afford all interested parties the opportunity of filing written data, views and arguments with respect to any or all such applications within a time to be fixed by the Secretary. After publication of the aforesaid notice an application may be withdrawn only upon written request to the Secretary showing good cause therefor, but in no event may an application be withdrawn after final decision thereon by the Secretary.

(d) *Basis of decision.* The setting of a date other than April 1 of each year on which a manufacturer shall have the inventory specified in § 131.79 (a) will be conditioned on whether the setting of such date will tend to effectuate the purposes of the act. In granting or denying such applications consideration will be given, but not limited to, the following factors: (1) the areas of distribution of serum by applicant; (2) the incidence of the disease of hog cholera in the area of distribution of serum of the applicant, the time of its greatest incidence in said marketing area and the time of its greatest incidence nationally; (3) the farrowing season or seasons of the pig crop nationally and in said marketing area; (4) conditions with respect to the available supply of serum nationally and in said area; and (5) the percentage of the national pig crop inoculated. Consideration will be given to all relevant and material matters submitted and all other available information and data relating to the applications, including information and data on file in the Department.

(e) *Final decision.* The Secretary shall issue a decision on all applications and such decisions shall be final: *Provided*, That any decision setting a date other than April 1 may be reviewed and may be vacated if it is subsequently found that any material fact upon which such determination was based was materially erroneous or false. A true copy of the final decision shall be sent to the applicant by registered mail. Upon the granting of an application, or applications, the Secretary may publish in the FEDERAL REGISTER the name of each such applicant and the date set for each such applicant on which he shall have the inventory specified in § 131.79 (a).

3. Delete the second sentence of paragraph (a) of § 131.48 and add a new paragraph (c) to § 131.48 to read as follows:

(c) Except as provided in the last sentence of this paragraph, each manufacturer, on or before May 1 of each year, shall file a sworn report with the Secretary, on a form furnished by and available from the Secretary, setting forth the cubic centimeter volume of completed serum such manufacturer had in inventory in his own possession on April 1 of such year, identifying such serum by serial number, the quantity covered by each serial number and the name and address of the facility where such serum was stored on April 1 of such year. If any such serum was acquired from another handler, the name of the manufacturer and of the seller, the serial numbers and the amount so acquired, together with the delivery date thereof, shall be set forth in the report. The report shall also set forth the cubic centimeter volume of all serum sold by such manufacturer during the preceding calendar year. In the event a date other than April 1 is set for a particular manufacturer by the Secretary pursuant to the provision of § 131.79 (b) of this subpart, the report specified in this paragraph shall be filed by such manufacturer within 30 days after said date set by the Secretary and the information given therein with respect to his serum inventory shall be given as of the date set by the Secretary.

4. Amend § 131.1 and add new §§ 131.17 and 131.18 to read as follows:

§ 131.1 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States, or any officer or employee of the Department to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

§ 131.17 *Completed serum.* "Completed serum" as used in this subpart means "completed serum" and "finished serum" as defined in § 119.23 (a) (5) and (6), respectively, of the regulations of the Secretary governing the production of anti-hog-cholera serum (Part 119 of this title).

§ 131.18 *Inventory in his own possession.* "Inventory in his own possession" as used in this subpart means completed serum owned by a manufacturer and stored for his own account in premises owned or leased by him.

5. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from the hearing.

In view of the provisions of the amendment to the act with respect to the filing of applications before September 1, evidence also will be received as to whether a recommended decision should be omitted as provided in § 132.12 (d) of the rules of practice and procedure.

Copies of this notice of hearing may be obtained from the Hearing Clerk, Room 112, Building A, United States Department of Agriculture, Washington, D. C., or may there be inspected.

Done at Washington, D. C. this 1st day of August 1958.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

NOTICES

DEPARTMENT OF THE TREASURY

Foreign Assets Control

IMPORTATION OF CERTAIN MERCHANDISE DIRECTLY FROM HONG KONG AND THE NETHERLANDS

AVAILABLE CERTIFICATIONS BY THE GOVERNMENTS OF HONG KONG AND THE NETHERLANDS

Notice is hereby given that:

(1) Certificates of origin issued by the Hong Kong Department of Commerce and Industry under procedures agreed upon between that Government and the Foreign Assets Control are now available with respect to the importation into the United States directly, or on a through bill of lading, from Hong Kong of the following commodity:

Graphite.

(2) Certificates of origin issued by the Department of Agriculture, Fisheries and Food of the Government of The Netherlands under procedures agreed upon between that Government and the Foreign Assets Control are now available with respect to the importation into the United States directly, or on a through bill of lading, from The Netherlands of the following commodity:

Rhubarb, Chinese type.

[SEAL] ELTING ARNOLD,
Acting Director,
Foreign Assets Control.

[F. R. Doc. 58-5902; Filed, Aug. 1, 1958; 8:45 a. m.]

Office of the Secretary

[1958 Dept. Circular 1013]

1½ PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES D-1959; TAX ANTICIPATION SERIES

OFFERING OF CERTIFICATES

JULY 29, 1958.

I. *Offering of certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions from the people of the United States for Tax Anticipation Certificates of Indebtedness of the United States, designated 1½ percent Treasury Certificates of Indebtedness of Series D-1959. The amount of the offering is $3,500,000,000, or thereabouts. The books will be open only on July 29 for the receipt of subscriptions.

II. *Description of certificates.* 1. The certificates will be dated August 6, 1958, and will bear interest from that date at the rate of 1½ percent per annum, payable on a semiannual basis on March 24, 1959. They will mature March 24, 1959. They will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates is subject to all taxes imposed under the Internal Revenue Code of 1954. The certificates are subject to estate, inheritance, gift or other exercise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The certificates will be acceptable to secure deposits of public moneys. They will be accepted at par plus accrued interest to maturity in payment of income and profits taxes due on March 15, 1959.

4. Bearer certificates with one interest coupon attached will be issued in denominations of $1,000, $5,000, $10,000, $100,000, and $1,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington. Commercial banks, which for this purpose are defined as banks accepting demand deposits, may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies. Others than commercial banks will not be permitted to enter subscriptions except for their own account. Subscriptions from commercial banks for their own account will be received without deposit. Subscriptions from all others must be accompanied by payment of 2 percent of the amount of certificates applied for, not subject to withdrawal until after allotment. Following allotment, any portion of the 2 percent payment in excess of 2 percent of the amount of certificates allotted may be released upon the request of the subscribers.

2. Commercial banks in submitting subscriptions will be required to certify that they have no beneficial interest in any of the subscriptions they enter for the account of their customers, and that their customers have no beneficial interest in the banks' subscriptions for their own account.

3. The Secretary of the Treasury reserves the right to reject or reduce any subscription, and to allot less than the amount of certificates applied for; and any action he may take in these respects shall be final. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par and accrued interest, if any, for certificates allotted hereunder must be made or completed on or before August 6, 1958, or on later allotment. In every case where payment is not so completed, the payment with application up to 2 percent of the amount of certificates allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. Any qualified depositary will be permitted to make payment by credit for certificates allotted to it for itself and its customers up to any amount for which it shall be qualified in excess of existing deposits when so notified by the Federal Reserve Bank of its District.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] ROBERT B. ANDERSON,
Secretary of the Treasury.

[F. R. Doc. 58-5939; Filed, Aug. 1, 1958; 8:51 a. m.]

GENERAL SERVICES ADMINISTRATION

QUININE HELD IN NATIONAL STOCKPILE

PROPOSED DISPOSITION

Pursuant to the provisions of section 3 (e) of the Strategic and Critical Materials Stock Piling Act, 53 Stat. 811, as amended, 50 U. S. C. 98b (e), notice is hereby given of a proposed disposition of approximately 13,860,000 ounces of quinine now held in the national stockpile.

The Office of Defense Mobilization has made a revised determination, pursuant to section 2 (a) of the Strategic and Critical Materials Stock Piling Act, that there is no longer any need for stockpiling quinine. The revised determination was by reason of obsolescence of quinine for use in time of war and was based upon the finding of the Office of Defense Mobilization that new and better materials, within the meaning of section 3 (e) (2) of the act, have been developed for the uses for which quinine was stockpiled.

It will be necessary for any purchaser of the quinine to reprocess it to meet present standards. There are no longer any facilities for such reprocessing in the United States. The domestic consumption of quinine has been steadily decreasing while the European demand for quinine is still relatively large. General Services Administration therefore proposes to negotiate for the sale of the entire quantity of such quinine to one or more European quinine companies or a group of such companies. If such negotiations are unsuccessful, it is proposed to negotiate sales of the quinine in relatively small quantities over a period of many years.

It is believed that this plan of disposition will protect the United States against avoidable loss on the sale of the quinine and also protect producers, processors, and consumers against avoidable disruption of their usual markets.

It is proposed to make such quinine available for sale six months after publication of this notice in the FEDERAL REGISTER.

Dated: July 29, 1958.

FRANKLIN FLOETE,
Administrator of General Services.

ATOMIC ENERGY COMMISSION

[Docket No. 50-75]

NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS

NOTICE OF AMENDMENT TO CONSTRUCTION PERMIT NO. CPCX-11

Please take notice that the Atomic Energy Commission has issued the following amendment (No. 1) to Construction Permit No. CPCX-11. The amendment extends to November 1, 1958, the latest completion date for construction

of the homogeneous zero power research reactor to be located at the NACA Lewis Flight Propulsion Laboratory in Cleveland, Ohio. In accordance with the Commission's rules of practice (10 CFR 2) the Commission will direct the holding of a formal hearing on the matter of the issuance of the license amendment upon receipt of a request therefor from the licensee or an intervener within thirty days after the issuance of the license amendment. For further details see the application for amendment at the Commission's Public Document Room, 1717 H Street NW., Washington, D. C.

Dated at Germantown, Md., this 23d day of July 1958.

[Construction Permit No. CPCX-11, Amdt. 1]

Condition A of Construction Permit No. CPCX-11 is hereby amended by changing the second sentence thereof to read as follows:

The latest date for completion of the reactor is November 1, 1958.

Date of issuance: July 23, 1958.

For the Atomic Energy Commission.

H. L. PRICE,
Director, Division of Licensing and Regulation.

[F. R. Doc. 58-5909; Filed, Aug. 1, 1958; 8:45 a. m.]

[Docket No. F-9]

REGENTS OF THE UNIVERSITY OF CALIFORNIA AND NORTH AMERICAN AVIATION, INC.

NOTICE OF WITHDRAWALS OF FACILITY LICENSE APPLICATIONS

Please take notice that by letters dated June 11, 1958, and June 26, 1958, respectively, the Regents of the University of California and North American Aviation, Inc., have withdrawn their applications, dated June 2, 1955, and March 10, 1955, respectively requesting a facility license pertaining to the proposed construction and operation of a reactor for medical research and therapy and related physical research at the University of California at Los Angeles.

Dated at Germantown, Md., this 23d day of July 1958.

For the Atomic Energy Commission.

H. L. PRICE,
Director, Division of Licensing and Regulation.

[F. R. Doc. 58-5910; Filed, Aug. 1, 1958; 8:45 a. m.]

[Docket No. 27-4]

AMERICAN MAIL LINE LTD.

NOTICE OF PROPOSED ISSUANCE OF BYPRODUCT AND SOURCE MATERIAL LICENSE TO PROVIDE RADIOACTIVE WASTE DISPOSAL SERVICE

Please take notice that the Atomic Energy Commission proposes to issue a Byproduct and Source Material License to American Mail Line, Ltd., 740 Stuart Building, Seattle 1, Washington, substantially in the form set forth in Annex "A" below unless within fifteen (15) days after filing of this notice with the Federal Register Division a request for a formal hearing is filed with the Commission in the manner prescribed by the Commission's rules of practice (10 CFR 2). There is also set forth below as Annex "B" a memorandum submitted by the Division of Licensing and Regulation which sumarizes the principal factors considered in reviewing the application for a license. The license application is available for inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D. C.

Dated at Germantown, Md.; this 25th day of July 1958.

For the Atomic Energy Commission.

H. L. PRICE,
Director, Division of Licensing and Regulation.

[Docket No. 27-4]

[License No. 46-3623-1 (G60)]

AMERICAN MAIL LINE LTD.

ANNEX "A", BYPRODUCT AND SOURCE MATERIAL LICENSE

Pursuant to the Atomic Energy Act of 1954 and Title 10, Code of Federal Regulations, Chapter 1, Part 30, "Licensing of Byproduct Material" and Title 10, Code of Federal Regulations, Chapter 1, Part 40, "Control of Source Material", and in reliance on statements and representations heretofore made by the applicant, a license is hereby issued to American Mail Line, Ltd., 740 Stuart Building, Seattle 1, Washington, to receive, possess and dispose of waste byproduct and source material packaged under Byproduct Material License No. 46-91-8 (G60) issued to Boeing Airplane Company, Seattle, Washington.

This license shall be deemed to contain the conditions specified in section 183 of the Atomic Energy Act of 1954, and is subject to the provisions of 10 CFR Part 20, "Standards for Protection Against Radiation", and all other applicable rules, regulations, and orders of the Atomic Energy Commission now or hereafter in effect and to the following conditions:

1. The licensee shall not possess or receive more than 10 curies total of byproduct material at any one time.

2. The licensee shall not receive possession of more than 15 pounds of source material.

3. The waste disposal operations shall be under the supervision of H. V. Walker and/or H. A. Greenwood, American Mail Line, Ltd.

4. The waste disposal operation shall be conducted in accordance with the procedures described in the licensee's application dated October 24, 1957, and letters dated September 10, 1957, January 24, 1958, and March 6, 1958, from H. V. Walker, General Traffic Manager, American Mail Line, Ltd.

5. The packaged radioactive waste shall be transported aboard vessels owned by American Mail Line, Ltd.

6. The licensee shall dispose of the radioactive waste in the Pacific Ocean at a location at least 150 miles from the continental shelf and at a minimum sea depth of 1,000 fathoms.

7. At least 10 days prior to each disposal the licensee shall notify the Director, Division of Licensing and Regulation, Atomic Energy Commission of the proposed date for disposal, the proposed disposal location in latitude and longitude, the total number of containers, the total activity in millicuries, and the most hazardous radioisotope in each container.

This license shall be effective on the date issued and shall expire on July 31, 1960.

For the Atomic Energy Commission.

JAMES R. MASON,
Chief, Isotopes Branch, Division of Licensing and Regulation.

ANNEX "B"

MEMORANDUM

American Mail Line, Ltd., 740 Stuart Building, Seattle 1, Washington, filed an application dated October 24, 1957, for a Byproduct and Source Material License as defined in the Code of Federal Regulations, Title 10, Chapter I, Part 30, "Licensing of Byproduct Material", and Part 40, "Control of Source Material", to receive byproduct and source material wastes packaged by the Boeing Airplane Company, Seattle, Washington, and dispose of them in the Pacific Ocean.

The Atomic Energy Commission has found that:

A. The applicant meets the general requirements for the issuance of a specific license as required by § 30.23, 10 CFR 30 and § 40.22, 10 CFR 40.

B. American Mail Line, Ltd., is qualified to provide the proposed sea waste disposal service for packaged byproduct and source materials.

C. American Mail Line, Ltd., has submitted sufficient information to provide reasonable assurance that the licensed material can be handled and disposed of in accordance with AEC regulations.

D. The issuance of a Byproduct and Source Material License to American Mail Line, Ltd., will not be inimical to the health and safety of the public.

The above findings were reached after a consideration of the following information submitted by the applicant:

1. *Experience of Personnel.* The Radiological Safety Officer for the entire disposal operation will be Mr. William E. Morgan who is the radiation hygienist for the Boeing Airplane Company. He completed the Atomic Energy Commission fellowship program in Radiological Physics at the University of Washington. Mr. Morgan's training and experience appear satisfactory to perform the functions of Radiological Safety Officer for this operation. The American Mail Line, Ltd. personnel who will supervise the handling and disposal of the waste packages are: Mr. H. V. Walker, General Traffic Manager; and Mr. H. A. Greenwood, Superintendent of Operations. Neither of these individuals has had experience with radioactivity. However, the American Mail Line, Ltd., personnel will handle the radioactive waste only after complete packaging has been performed by the Boeing Airplane Company. Therefore, the qualifications of these individuals appear adequate for the waste disposal operation.

2. *Facilities, Equipment, and Procedures.* American Mail Line, Ltd., will not package or ground transport the radioactive wastes. It will receive the packaged wastes from Boeing Airplane Company and load them aboard vessels owned and operated by American Mail Line, Ltd. Adequate storage facilities are available at the dock for holding the waste prior to final disposal. Aboard ship the containers will be stored away from living quarters in an area not frequented by personnel. The waste containers will be disposed of at sea during commercial voyages. Based on these operations, the facilities, equipment, and procedures specified by American Mail Line, Ltd., appear adequate for the waste disposal program.

The waste packages will be transported from the Boeing Airplane Company to the American Mail Line dock in trucks owned by Boeing. These shipments will be accompanied by a member of the Boeing Industrial Hygiene Unit who will be responsible for radiation protection during such transit.

3. *Packaging of Waste.* The radioactive waste will be packaged by the Boeing Airplane Company. The package will consist of a primary or inner container, a secondary or outer container and a concrete filler. The primary container will be metal with a tight fitting cover. Dry wastes will be compressed and a filler will be added when necessary to eliminate voids. Liquid waste will be neutralized and mixed with plaster of paris or cement to form a solid homogenous mass within the container. Non-aqueous liquids will be mixed with earth or absorbent clay. The primary container will be sealed with masking tape. The density of the primary container will be sufficient to insure it will not float if it becomes separated from the waste package. Each primary container will be monitored for radioactive contamination and any detectable contamination removed prior to packaging. The outer container will be a standard 55 gallon steel drum. Concrete with a minimum density of 135 lbs./cu. ft. will be used as the filler. The outer container will be capped with a dome of concrete. The completed waste package will have a minimum density of 10 lbs./gal. to insure sinking. Sufficient shielding will be provided so that the radiation level will be less than 10 mr/hr at the surface of the container and less than 1 mr/hr at one meter from the surface. The proposed waste package will meet the recommendations of the National Committee on Radiation Protection as contained in NBS Handbook 58 "Radioactive Waste Disposal in the Ocean" and will meet the labeling requirements of Part 20 of the Code of Federal Regulations "Standards for Protection Against Radiation".

4. *Records.* American Mail Line, Ltd., will maintain records of the time, date, and location of the disposal site to the nearest minute of latitude and longitude. The Boeing Airplane Company will maintain records of the contents of each waste package.

5. *Disposal Site.* The disposal site will be in the Pacific Ocean at least 150 miles from the continental shelf at a minimum depth of 1,000 fathoms. At least 10 days prior to each disposal event the Atomic Energy Commission will be notified of the proposed date of disposal, the proposed disposal location in latitude and longitude, the total number of containers, the total activity in millicuries and the most hazardous radioisotope in each container.

Conclusion: The disposal of the types and levels of radioactive waste specified in the application in the ocean at a depth of 1,000 fathoms when packaged in such a manner as to provide reasonable assurance that the material reaches the bottom is considered to be a safe method of radioactive waste disposal. These amounts of radioactive material, if released into sea water and diluted with the available dilution media at the specified depth are highly unlikely to exceed, and in all probability will be less than, the permissible concentrations for drinking water in unrestricted areas as specified in Part 20 "Standards for Protection Against Radiation".

Dated: July 25, 1958.

For the Division of Licensing and Regulation.

H. L. PRICE,
Director.

DEPARTMENT OF THE INTERIOR

Office of the Secretary

KENAI NATIONAL MOOSE RANGE, ALASKA

AGREEMENT CLASSIFYING LANDS FOR OIL AND GAS LEASING PURPOSES

Notice is hereby given that, pursuant to the regulation 43 CFR, 192.9 (Circular 1990), agreement, as reflected by the map herein referred to, has been consumated between the Bureau of Land Management and the United States Fish and Wildlife Service of this Department, designating those lands within the Kenai National Moose Range on the Kenai Peninsula, Alaska, which are hereby closed to oil and gas leasing because such activities would be incompatible with management thereof for wildlife purposes. The lands excluded from leasing are specifically delineated on the map of the Kenai National Moose Range, set forth below, which was approved on January 29, 1958, and are identified on said map as follows:

Closed area. The following described lands within the boundaries of the Kenai National Moose Range, Alaska, are not opened to oil and gas leasing:

SEWARD MERIDIAN

Ts. 1, 2, and 3 N., R. 3 W. (Unsurveyed)
Portion in Moose Range.

The balance of the lands within the Kenai National Moose Range are subject to the filing of oil and gas lease offers in accordance with the provisions of the Mineral Leasing Act of 1920, as amended (41 Stat. 437) and the regulations in 43 CFR, Part 192 and the provisions hereof. Offers to lease covering any of these lands which have been pending and upon which action was suspended in accordance with the regulation 43 CFR 192.9 (d) will now be acted upon and adjudicated in accordance with the regulations.

All offers to lease must be submitted on Form 4–1158 and in accordance with the regulation 43 CFR 192.42, accompanied by a $10 filing fee and the advance first year's rental of 50 cents per acre in accordance with the provisions of Public Law 85–505 enacted July 3, 1958.

In accordance with the regulation 43 CFR 192.9 (Circular 1990), lease offers for lands which have not been excluded from leasing will not be accepted for filing until the tenth day after the agreement and map are noted on the records of the land office of the Bureau of Land Management in Anchorage, Alaska. All lease offers filed in that office on that day and until 10 a. m., on the tenth day thereafter will be treated as having been filed simultaneously. The priorities of all offers which conflict in whole or in part will be determined in accordance with the procedure outlined in the regulation 43 CFR 295.8.

All leases will be subject to the special stipulations (Form 4–1383) approved April 18, 1958 and published in the FEDERAL REGISTER April 22, 1958 (23 F. R. 2636, 2637).

FRED A. SEATON,
Secretary of the Interior.

HENDERSON COUNTY BROADCASTING CO. (KBUD) AND UNIVERSITY ADVERTISING CO.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of J. B. McNutt, Jr., tr/as The Henderson County Broadcasting Company (KBUD), Athens, Texas; Docket No. 12542, File No. BP-11301; University Advertising Company, Highland Park, Texas; Docket No. 12543, File No. BP-11850; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of July 1958;

The Commission having under consideration the above-captioned applications of J. B. McNutt, Jr., trading as The Henderson County Broadcasting Company for a construction permit to change the facilities of Station KBUD, Athens, Texas (from operation on 1410 kilocycles with a power of 250 watts, daytime only, to operation on 1150 kilocycles with a power of 500 watts, daytime only; and of the University Advertising Company for a construction permit for a new standard broadcast station to operate on 1150 kilocycles with a power of 500 watts, directional antenna, daytime only, at Highland Park, Texas;

It appearing that, except as indicated by the issues specified below, both applicants are legally, technically, financially and otherwise qualified to operate their

proposed stations but that the operation of the proposals would result in mutually destructive interference; that proposal of KBUD would cause interference to Station WTAW, College Station, Texas (1150 kc, 1 kw, Day); that the proposed operation of KBUD would cause interference to Station KNED, McAlester, Oklahoma (1150 kc, 500 w, 1 kw-LS, DA-N, U); that the interference which would be received by the proposed operation of KBUD from Stations WTAW and KNED may affect more than ten percent of the population within the proposed primary service area in contravention of § 3.28 (c) of the Commission's rules; and that, in the event of a grant of the application of The Henderson County Broadcasting Company, a complete proof of performance would be required to establish that the antenna system meets the minimum radiation efficiency required by the Commission's rules; and

It further appearing that, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the instant applicants were advised of the aforementioned deficiencies and that the Commission was unable to conclude that a grant of either of the applications would be in the public interest; and

It further appearing that both applicants filed timely replies to the Commission's letter; and

It further appearing that, by letters dated June 6, 1958, the licensee of Station KNED requested that both applications be designated for hearing; and

It further appearing that the Commission's study indicates that no interference would be caused to Station KNED by the University Advertising Company proposal; and

It further appearing that, by letter dated June 10, 1958, the licensee of Station WTAW requested that the applications be designated for hearing; and

It further appearing that, on June 11, 1958, The Henderson County Broadcasting Company filed an amendment which includes measurement data purporting to show that less than ten percent of the population within the proposed primary service areas of KBUD would be affected by interference from existing stations, but that the material submitted is insufficient to establish that conductivities in the area are as low as claimed by the applicant, and, therefore, it appears that the proposed operation of Station KBUD may not be in compliance with § 3.28 (c) of the Commission's rules; and

It further appearing that the Commission, after consideration of the above, is of the opinion that a hearing is necessary;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-captioned applications are designated for hearing in the consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the operation of Station KBUD as proposed and the availability of other primary service to such areas and populations.

2. To determine the areas and populations which would receive primary service from the proposed operation of the University Advertising Company and the availability of other primary service to such areas and populations.

3. To determine whether the proposed operation of Station KBUD would cause objectionable interference to Station KNED, McAlester, Oklahoma, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

4. To determine whether the proposed operation of KBUD would cause objectionable interference to Station WTAW, College Station, Texas, or any other existing standard broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

5. To determine the nature and extent of the interference, if any, that each of the instant proposals would cause to and receive from each other and all existing standard broadcast stations, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

6. To determine whether, because of interference received, the proposed operation of Station KBUD would comply with § 3.28 (c) of the Commission's rules; and if compliance with § 3.28 (c) is not achieved, whether circumstances exist which would warrant a waiver of said section of the rules.

7. To determine in the light of section 307 (b) of the Communications Act of 1934, as amended, which of the proposals herein would better provide a fair, efficient and equitable distribution of radio service.

8. To determine in the light of the evidence adduced pursuant to the foregoing issues, which of the applications should be granted.

It is further ordered, That WTAW Broadcasting Corp. and the Pittsburg County Broadcasting Co., licensees of Stations WTAW and KNED, respectively, are made parties to the proceeding.

It is further ordered, That, to avail themselves of the opportunity to be heard, the applicants and parties respondent herein, pursuant to § 1.140 of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

It is further ordered, That the issues in this proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon sufficient allegations of fact in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give reasonable assurance that the proposals set forth in the application will be effectuated.

It is further ordered, That, in the event of favorable action on the application of The Henderson County Broadcasting Company in the hearing ordered above, a complete proof of performance shall be required to establish that the antenna system meets the minimum radiation efficiency required by the Commission's rules.

Released: July 29, 1958.

REVISION OF RADIO REGULATIONS OF INTERNATIONAL TELECOMMUNICATION UNION

SIXTH NOTICE OF INQUIRY

On December 9, 1957, the Commission released its First Notice of Inquiry in this Docket, inviting interested persons to file comments on or before January 23, 1958, setting forth their views with respect to changes in the Atlantic City Radio Regulations.

As indicated in the First Notice, various Government-industry committees under the auspices of the Department of State are in the process of preparing proposed amendments to the Radio Regulations to be submitted for consideration at the Radio Conference of the International Telecommunication Union in 1959. The Commission stated in the First Notice that it intended to make available for comment some of the specific proposals under consideration. Although most of the preparatory committees are still engaged in their work, the Commission considers that some of the proposals, while they do not as yet have any formal status, have reached a stage where it is appropriate to make them available for comments in this Docket. It should be recognized that these proposals are subject to change, but it is the Commission's opinion that they provide a basis for interested persons to make known their views, and that such views will be of value to the Commission in formulating its recommendations to the Department of State which has the overall responsibility for formulating the position of the United States in these matters. It should be noted that the Department of State receives recommendations not only from the Commission but also from other interested agencies of the Government.

The Commission has set forth in the attachment[1] certain proposed changes to Article 37 of the Radio Regulations. This text has been approved by an appropriate Department of State preparatory committee.

New material proposed is underscored while existing material proposed to be deleted has been struck through. The numbers in the left margin refer to the paragraphs of the existing Atlantic City Radio Regulations or are new numbers supplied for editorial reasons. The reasons for the various proposals are set forth following each paragraph, section or article.

[1] Filed as part of the original document. Copies may be obtained from the Federal Communications Commission, Washington 25, D. C.

Any interested person is invited to file comments with the Commission concerning this matter on or before September 2, 1958. In view of the necessity for preparing the United States position at the earliest possible time, the Commission does not expect to be able to grant an extension of time for filing comments. In accordance with the provisions of § 1.54 of the Commission's rules, an original and fourteen (14) copies of all comments shall be furnished to the Commission.

Adopted: July 23, 1958.

Released: July 30, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5952; Filed, Aug. 1, 1958; 8:53 a. m.]

[Docket No. 12263; FCC 58-721]

REVISION OF RADIO REGULATIONS OF INTERNATIONAL TELECOMMUNICATION UNION

SEVENTH NOTICE OF INQUIRY

On December 9, 1957, the Commission released its First Notice of Inquiry in this Docket, inviting interested persons to file comments on or before January 23, 1958, setting forth their views with respect to changes in the Atlantic City Radio Regulations.

As indicated in the First Notice, various Government-industry committees under the auspices of the Department of State are in the process of preparing proposed amendments to the Radio Regulations to be submitted for consideration at the Radio Conference of the International Telecommunication Union in 1959. The Commission stated in the First Notice that it intended to make available for comment some of the specific proposals under consideration. Although most of the preparatory committees are still engaged in their work, the Commission considers that some of the proposals, while they do not as yet have any formal status, have reached a stage where it is appropriate to make them available for comments in this Docket. It should be recognized that these proposals are subject to change, but it is the Commission's opinion that they provide a basis for interested persons to make known their views, and that such views will be of value to the Commission in formulating its recommendations to the Department of State which has the overall responsibility for formulating the position of the United States in these matters. It should be noted that the Department of State received recommendations not only from the Commission but also from other interested agencies of the Government.

Accordingly, the Commission has set forth in the attachment[1] certain proposed changes to the Radio Regulations. Proposals concerning Articles 28 and 33 and Appendices 10 and 12 bis, and portions of Articles 1 and 9 and Appendix 3 are shown. This material has either

been adopted by certain Department of State preparatory committees or in a few instances is on the agenda for consideration in such committees. It is understood that in some instances dissent was expressed by some members with respect to certain of the paragraphs in the attached texts. It is further emphasized that final action by the Department of State preparatory committees with respect to all these items has not taken place.

New material proposed is underscored while existing material proposed to be deleted has been struck through. The numbers in the left margin refer to the paragraphs of the existing Atlantic City Radio Regulations or are new numbers supplied for editorial reasons. The reasons for the various proposals are set forth following each paragraph, section or article.

It is expected that Notices similar to this one will be released with respect to other Articles in the Radio Regulations as soon as possible.

Any interested person is invited to file comments with the Commission concerning this matter on or before September 2, 1958. In view of the necessity for preparing the United States position at the earliest possible time, the Commission does not expect to be able to grant an extension of time for filing comments. In accordance with the provisions of § 1.54 of the Commission's rules, an original and fourteen (14) copies of all comments shall be furnished to the Commission.

Adopted: July 23, 1958.

Released: July 29, 1958.

[Docket No. 12263; FCC 58-722]

REVISION OF RADIO REGULATIONS OF INTERNATIONAL TELECOMMUNICATION UNION

EIGHTH NOTICE OF INQUIRY

On December 9, 1957, the Commission released its First Notice of Inquiry in this Docket, inviting interested persons to file comments on or before January 23, 1958, setting forth their views with respect to changes in the Atlantic City Radio Regulations.

As indicated in the First Notice, various Government-industry committees under the auspices of the Department of State are in the process of preparing proposed amendments to the Radio Regulations to be submitted for consideration at the Radio Conference of the International Telecommunication Union in 1959. The Commission stated in the First Notice that it intended to make available for comment some of the specific proposals under consideration. Although most of the preparatory committees are still engaged in their work, the Commission considers that some of the proposals, while they do not as yet have any formal status, have reached a stage where it is appropriate to make them available for comments in this Docket. It should be recognized that these proposals are subject to change, but it is the Commission's opinion that they provide a basis for interested persons to make known their views, and that such views will be of value to the Commission in formulating its recommendations to the Department of State which has the overall responsibility for formulating the position of the United States in these matters. It should be noted that the Department of State receives recommendations not only from the Commission but also from other interested agencies of the Government.

The Commission has set forth in the attachment[1] certain proposed changes to Article 34 of the Radio Regulations. This text is that approved by Department of State Preparatory Committee V with editorial changes to make the format consistent with draft proposals for other articles.

New material proposed is underscored while existing material proposed to be deleted has been struck through. The numbers in the left margin refer to the paragraphs of the existing Atlantic City Radio Regulations or are new numbers supplied for editorial reasons. The reasons for the various proposals are set forth following each paragraph, section or article.

It is expected that Notices similar to this one will be released with respect to other Articles in the Radio Regulations as soon as possible.

Any interested persons is invited to file comments with the Commission concerning this matter on or before September 2, 1958. In view of the necessity for preparing the United States position at the earliest possible time, the Commission does not expect to be able to grant an extension of time for filing comments. In accordance with the provisions of § 1.54 of the Commission's rules, an original and fourteen (14) copies of all comments shall be furnished to the Commission.

Adopted: July 23, 1958.

[Docket No. 12263; FCC 58-723]

REVISION OF RADIO REGULATIONS OF INTERNATIONAL TELECOMMUNICATION UNION

NINTH NOTICE OF INQUIRY

On December 9, 1957, the Commission released its First Notice of Inquiry in this Docket, inviting interested persons to file comments on or before January 23, 1958, setting forth their view with respect to changes in the Atlantic City Radio Regulations.

As indicated in the First Notice, various Government-industry committees under the auspices of the Department of State are in the process of preparing proposed amendments to the Radio Regulations to be submitted for consideration at the Radio Conference of the International Telecommunication Union in 1959. The Commission stated in the First Notice that it intended to make available for comment some of the specific proposals under consideration. Although most of the preparatory committees are still engaged in their work, the Commission considers that some of the proposals, while they do not as yet have any formal status, have reached a stage where it is appropriate to make them available for comments in this Docket. It should be recognized that these proposals are subject to change, but it is the Commission's opinion that they provide a basis for interested persons to make known their views, and that such views will be of value to the Commission in formulating its recommendations to the Department of State which has the overall responsibility for formulating the position of the United States in these matters. It should be noted that the Department of State receives recommendations not only from the Commission but also from other interested agencies of the Government.

The Commission has set forth in the attachment[1] certain proposed changes to Appendix 4 of the Radio Regulations. This text has been considered in Committee IV where it has met with substantial agreement. It is understood that certain members of the Committee expressed dissent with regard to the term "Occupied Bandwidth" as used in the heading of the table and in Notes 3 and 4 of the Appendix. It is further emphasized that final action by the Department of State preparatory committees with respect to all these items has not taken place.

It is expected that Notices similar to this one will be released with respect to other Articles in the Radio Regulations as soon as possible.

Any interested person is invited to file comments with the Commission concerning this matter on or before September 2, 1958. In view of the necessity for preparing the United States position at the earliest possible time, the Commission does not expect to be able to grant extension of time for filing comments. In accordance with the provisions of § 1.54 of the Commission's rules, an original and fourteen (14) copies of all comments shall be furnished to the Commission.

Adopted: July 23, 1958.

Released: July 30, 1958.

REVISION OF RADIO REGULATIONS OF INTERNATIONAL TELECOMMUNICATIONS UNION

ELEVENTH NOTICE OF INQUIRY.

On December 9, 1957, the Commission released its First Notice of Inquiry in this Docket, invited interested persons to file comments on or before January 23, 1958, setting forth their views with respect to changes in the Atlantic City Radio Regulations.

As indicated in the First Notice, various Government-industry committees under the auspices of the Department of State are in the process of preparing proposed amendments to the Radio Regulations to be submitted for consideration at the Radio Conference of the International Telecommunication Union in 1959. The Commission stated in the First Notice that it intended to make available for comment some of the specific proposals under consideration. Although most of the preparatory committees are still engaged in their work, the Commission considers that some of the proposals, while they do not as yet have any formal status, have reached a stage where it is appropriate to make them available for comments in this Docket. It should be recognized that these proposals are subject to change, but it is the Commission's opinion that they provide a basis for interested persons to make known their views, and that such views will be of value to the Commission in formulating its recommendations to the Department of State which has the overall responsibility for formulating the position of the United States in these matters. It should be noted that the Department of State receives recommendations not only from the Commission but also from other interested agencies of the Government.

The Commission has set forth in the attachment[1] certain proposed changes to Article 20 and Appendix 6 of the Radio Regulations. These texts have been approved by two subcommittees of the appropriate Department of State preparatory committees.

Any interested person is invited to file comments with the Commission concerning this matter on or before September 2, 1958. In view of the necessity for preparing the United States position at the earliest possible time, the Commission does not expect to be able to grant an extension of time for filing comments. In accordance with the provisions of § 1.54 of the Commission's rules, an original and fourteen (14) copies of all comments shall be furnished to the Commission.

Adopted: July 23, 1958.

Released: July 30, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

[F. R. Doc. 58-5957; Filed, Aug. 1, 1958; 8:53 a. m.]

[Docket No. 12263; FCC 58-724]

REVISION OF RADIO REGULATIONS OF INTERNATIONAL TELECOMMUNICATION UNION

TENTH NOTICE OF INQUIRY

On December 9, 1957, the Commission released its First Notice of Inquiry in this Docket, inviting interested persons to file comments on or before January 23, 1958, setting forth their views with respect to changes in the Atlantic City Radio Regulations.

As indicated in the First Notice, various Government-industry committees under the auspices of the Department of State are in the process of preparing proposed amendments to the Radio Regulations to be submitted for consideration at the Radio Conference of the International Telecommunication Union in 1959. The Commission stated in the First Notice that it intended to make available for comment some of the specific proposals under consideration. Although most of the preparatory committees are still engaged in their work, the Commission considers that some of the proposals, while they do not as yet have any formal status, have reached a stage where it is appropriate to make them available for comments in this Docket. It should be recognized that these proposals are subject to change, but it is the Commission's opinion that they provide a basis for interested persons to make known their views, and that such views will be of value to the Commission in formulating its recommendations to the Department of State which has the overall responsibility for formulating the position of the United States in these matters. It should be noted that the Department of State receives recommendations not only from the Commission but also from other interested agencies of the Government.

The Commission has set forth in the attachment[1] certain proposed changes to Appendices 8, 9, and 16 of the Radio Regulations. The text of Appendix 8 is that adopted in Committee V, and the text of Appendix 9 is the Committee V version with editorial changes to make the format consistent with the draft proposals for other articles. The text for Appendix 16 has not so far been considered by any preparatory committee.

Any interested person is invited to file comments with the Commission concerning this matter on or before September 2, 1958. In view of the necessity for preparing the United States position at the earliest possible time, the Commission does not expect to be able to grant an extension of time for filing comments. In accordance with the provisions of § 1.54 of the Commission's rules, an original and fourteen (14) copies of all comments shall be furnished to the Commission.

Adopted: July 23, 1958.

Released: July 30, 1958.

[Docket No. 12263; FCC 58-726]

REVISION OF RADIO REGULATIONS OF INTERNATIONAL TELECOMMUNICATION UNION

TWELFTH NOTICE OF INQUIRY

On December 9, 1957, the Commission released its First Notice of Inquiry in this Docket, inviting interested persons to file comments on or before January 23, 1958, setting forth their views with respect to changes in the Atlantic City Radio Regulations.

As indicated in the First Notice, various Government-industry committees under the auspices of the Department of State are in the process of preparing proposed amendments to the Radio Regulations to be submitted for consideration at the Radio Conference of the International Telecommunication Union in 1959. The Commission stated in the First Notice that it intended to make available for comments some of the specific proposals under consideration. Although most of the preparatory committees are still engaged in their work, the Commission considers that some of the proposals, while they do not as yet have any formal status, have reached a stage where it is appropriate to make them available for comments in this Docket. It should be recognized that these proposals are subject to change, but it is the Commission's opinion that they provide a basis for interested persons to make known their views, and that such views will be of value to the Commission in formulating its recommendations to the Department of State which has the overall responsibility for formulating the position of the United States in these matters. It should be noted that the Department of State receives recommendations not only from the Commission but also from other interested agencies of the Government.

The Commission has set forth in the attachment[1] certain proposed changes to Article 44 of the Radio Regulations. While this version of Article 44 has not been considered in any Department of State preparatory committee, it is edited from the version adopted previously by the appropriate preparatory committee, in order to make the text consistent with the draft proposals for other articles of the Radio Regulations.

Any interested person is invited to file comments with the Commission concerning this matter on or before September 2, 1958. In view of the necessity for preparing the United States position at the earliest possible time, the Commission does not expect to be able to grant an extension of time for filing comments. In accordance with the provisions of § 1.54 of the Commission's rules, an original and fourteen (14) copies of all comments shall be furnished to the Commission.

Adopted: July 23, 1958.

Released: July 30, 1958.

FEDERAL POWER COMMISSION

[Docket Nos. G–13018, G–13019]

PACIFIC NORTHWEST PIPELINE CORP. AND EL PASO NATURAL GAS CO.

NOTICE OF CONSOLIDATION AND FIXING DATE OF HEARING

JULY 25, 1958.

In the matters of Pacific Northwest Pipeline Corporation, Docket No. G–13018; El Paso Natural Gas Company, Docket No. G–13019.

On August 7, 1957, Pacific Northwest Pipeline Corporation (Pacific), filed in Docket No. G–13018, an application, to which subsequent amendments have been filed, pursuant to section 7 (b) of the Natural Gas Act, for permission and approval for the abandonment of its facilities subject to the jurisdiction of the Federal Power Commission, and the service rendered by means of such facilities, subject to El Paso Natural Gas Company receiving a certificate of public convenience and necessity as applied for in Docket No. G–13019 to acquire by merger these facilities and service rendered by Pacific. Due notice of the filing of this application has been given including publication in the FEDERAL REGISTER on October 1, 1957 (22 F. R. 7776–7).

On August 7, 1957, El Paso Natural Gas Company (El Paso) filed in Docket No. G–13019, an application, to which subsequent amendments have been filed, for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act to acquire and operate the above-mentioned pipeline system of Pacific as presently constituted and as it may be enlarged or extended prior to the date of the proposed acquisition, including the right to construct any extensions, additions or other facilities which have been certificated prior to such date. Due notice of the filing of this application has been given including publication in the FEDERAL REGISTER on October 1, 1957 (22 F. R. 7776–7).

Take notice that the above-entitled proceedings are consolidated for hearing and pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing be held commencing on September 17, 1958, at 10 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by the above-entitled applications.

FOURTH SECTION APPLICATIONS FOR RELIEF

JULY 30, 1958.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 34849: *Substituted service—Pennsylvania Railroad for motor carrier-Riss & Company.* Filed by Riss & Company, Inc., Agent (No. 2), for itself and The Pennsylvania Railroad Company. Rates on various commodities loaded in highway trailers and transported on railroad flat cars between specified junction points in official territory, on traffic originating at or destined to points on motor carriers described in the application.

Grounds for relief: Motor truck competition.

FSA No. 34850: *Brick from and to points in southern territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on brick and related articles, carloads from specified points in southern territory to specified points in southern territory, including Ohio and Mississippi River crossings border points, points in Virginia and Washington, D. C.

Grounds for relief: Short-line distance formula, grouping, and relief line arbitraries.

Tariff: Supplement 149 to Southern Freight Association tariff I. C. C. 1278.

FSA No. 34851: *Asphalt—Rogerslacy, Miss., to Illinois territory.* Filed by O. W. South, Jr., Agent (SFA No. A3709), for interested rail carriers. Rates on asphalt, carloads from Rogerslacy, Miss., to specified points in Illinois, Iowa, Missouri, and Wisconsin.

Grounds for relief: Market competition with New Orleans, La.

Tariff: Supplement 108 to Southern Freight Association tariff I. C. C. 1561.

FSA No. 34852: *Paper and paper articles from and to points in the Southwest.* Filed by Southwestern Freight Bureau, Agent (SWFB No. B–7314), for interested rail carriers. Rates on paper and paper articles, carloads; also platforms and skids, carloads, returned to point of origin between points in Arkansas, Louisiana (west of the Mississippi River), southern Missouri, New Mexico, Oklahoma, and Texas, and from points in such states or portions thereof to specified points in Kansas, Illinois, western trunk line and southern territories, as more fully described in the application.

Grounds for relief: Short-line distance formulas, and market competition.

Tariffs: Supplement 28 to Southwestern Freight Bureau tariff I. C. C. 4271. Supplement 5 to Southwestern Freight Bureau tariff I. C. C. 4289. Supplement 89 to Southwestern Freight Bureau tariff I. C. C. 4198.

FSA No. 34853: *Soda ash between points in official territory.* Filed by O. E. Schultz, Agent (ER 2452), for interested rail carriers. Rates on soda ash, carloads, as described in the application between points in official territory, including northern Illinois, southern Wisconsin, and extended zone "C" in Wisconsin, as more fully described in the application.

Grounds for relief: Short-line distance formulas, grouping, and special rate treatment for short or weak lines.

Tariff: Supplement 47 to Trunk Line-Central Territory Railroads Tariff Bureau tariff I. C. C. 4772.

By the Commission.

[Notice 8]

MOTOR CARRIER TRANSFER PROCEEDINGS

JULY 30, 1958.

Synopses of orders entered pursuant to section 212 (b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice, any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17 (8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC–FC 61095. By order of July 23, 1958, Division 4, approved the transfer to V. C. Trucking Service, Inc., Flushing, Long Island, N. Y., of a portion of certificate No. MC 20915, issued January 13, 1942, to Skyway, Inc., North Bergen, N. J., authorizing the transportation over irregular routes of: *Chemicals, tile,* and *cement,* between New York, N. Y., Lincoln and North Bergen, N. J., on the one hand, and, on the other, New York, N. Y., and points in Rockland, Westchester, and Nassau Counties, N. Y., and those in Union County, N. J., the order of approval being conditioned on revocation of that portion of Certificate No. MC 20915, authorizing the transportation over irregular routes of chemicals, tile, and cement, between New York, N. Y. and points in Bergen County, N. J. William D. Traub, 10 East 40th Street, New York 16, N. Y., for applicants.

No. MC–FC 61173. By order of July 23, 1958, the Transfer Board approved the transfer to Robert L. Browning and Mrs. Irene Browning, a Partnership, doing business as Browning Truck Lines, 401 South Washington Street, Clinton, Mo., of Certificate No. MC 83517, issued June 30, 1952, to Ernest Browning and Robert L. Browning, a Partnership, doing business as Browning Truck Line, 401 South Washington Street, Clinton, Mo., authorizing the transportation of livestock from Clinton to Kansas City and East St. Louis, Mo., general commodities, with certain exceptions, from Kansas City, Kans., to Clinton, Mo., and from Clinton, Mo., to East St. Louis, Ill., and household goods and emigrant movables, between Clinton, Mo., and points within 20 miles thereof, on the one hand, and, on the other, points in Kansas and Iowa.

No. MC–FC 61299. By order of July 28, 1958, the Transfer Board approved

the transfer to Douglas W. Kluever, Bigelow, Minn., of Certificates Nos. MC 93573 and MC 93573 Sub 1, issued May 27, 1941, and May 30, 1942, respectively, to Addison H. Kramer, Bigelow, Minn., authorizing the transportation of livestock, over irregular routes, between Bigelow, Minn., and points within 15 miles thereof, on the one hand, and, on the other, Sioux Falls, S. Dak., and Sioux City, Iowa, and in two Iowa townships, farm machinery, emigrant movables, and feed, between points within 15 miles of Bigelow, and sand and gravel, between points within 20 miles of Bigelow. Raymond E. Mork, P. O. Box 45, Worthington, Minn., for applicants.

No. MC–FC 61321. By order of July 23, 1958, the Transfer Board approved the transfer to Stockberger Transfer & Storage, Inc., Mason City, Iowa, of Certificates Nos. MC 43162 and MC 43162 Sub 5, issued August 1, 1957 and September 27, 1957, respectively, to Dairy Freight Service, Inc., Mason City, Iowa, authorizing the transportation of: Malt beverages, from St. Paul, St. Peter, and Mankato, Minn., LaCrosse and Milwaukee, Wis., and Chicago, Ill., to Mason City, Iowa; and empty malt beverage containers, from Mason City, Iowa, to the above-specified origin points; Carbonated beverages, from Maywood, Ill., to Mason City, Iowa; poultry and eggs, from Mason City, Iowa, to Chicago, Ill.; general commodities, with exceptions, from Chicago, Ill., to Mason City, Cedar Rapids, and Marshalltown, Iowa; hides and pelts, in truckload lots only, from Mason City, Iowa, to Chicago, Ill.; meat and packing-house products, in truckload lots only, between Mason City, Iowa, and Chicago, Ill.; and dairy and creamery products, eggs, and dressed poultry, from points in Kossuth, Winnebago, Hancock, Franklin, Emmet, and Cerro Gordo Counties, Iowa, to Mason City, Iowa. Stephen Robinson, 1020 Savings and Loan Building, Des Moines 9, Iowa, for applicants.

No. MC–FC 61416. By order of July 23, 1958, the Transfer Board approved the transfer to Reliable Transport of Virginia, Incorporated, Portsmouth, Virginia, of a portion of Certificate in No. MC 34837, issued November 12, 1940, to Reliable Transport, Incorporated, Raleigh, North Carolina, authorizing the transportation of *Liquid petroleum products,* in tank trucks, over irregular routes, from Norfolk and Hopewell, Va., and Wilmington, N. C., and points within 10 miles of each, to points in that part of North Carolina on and east of U. S. Highway 21. Vaughan S. Winborne, 209 Security Bank Building, Portsmouth, Va., for applicants.

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1958-CROP WHEAT LOAN AND PURCHASE AGREEMENT PROGRAM

The regulations issued by the Commodity Credit Corporation and the Commodity Stabilization Service published in 23 F. R. 3485 and 5317, containing the specific requirements for the 1958-crop wheat price support program are hereby amended as follows:

1. Section 421.3043 (a) (3) (i) is amended to include Baton Rouge, Louisiana, so that the amended subdivision reads as follows:

(i) Notwithstanding the foregoing provisions of this paragraph, the support rate for wheat shipped by rail or water and stored at any of the following terminal markets and for which neither registered freight bills nor registered freight certificates are presented to guarantee outbound movement at the minimum proportional domestic interstate freight rate, shall be equal to the applicable terminal rate:

Los Angeles, San Francisco, Stockton, and Oakland, Calif.
New Orleans and Baton Rouge, La.
Baltimore, Md.
Duluth, Minn.
Portland and Astoria, Oreg.
Albany and New York, N. Y.
Philadelphia, Pa.
Galveston, Houston, Corpus Christi, and Port Arthur, Tex.
Norfolk, Va.
Seattle, Longview, Tacoma, and Vancouver, Wash.
Superior, Wis.

2. Section 421.3043 (a) (3) (ii) is amended to provide a deduction from the terminal rate for wheat received by truck at Baton Rouge, Louisiana, so that the amended subdivision reads as follows:

(ii) Notwithstanding the foregoing provisions of this paragraph, the support rate for wheat received by truck and stored at any of the terminal markets listed in subdivision (i) of this subparagraph shall be determined by making a deduction from the terminal rate as follows:

Terminal	Amount of deduction (cents per bushel)
Los Angeles, San Francisco, Stockton, and Oakland, Calif.; Duluth, Minn.; Portland and Astoria, Oreg.; Seattle, Longview, Tacoma, and Vancouver, Wash.; Superior, Wis.	4½
New Orleans and Baton Rouge, La.; Baltimore, Md.; Philadelphia, Pa.; Galveston, Houston, Corpus Christi, and Port Arthur, Tex.; Norfolk, Va.; Albany and New York, N. Y.	6

number of acres which the producer agreed to place in the acreage reserve."

2. Section 485.286 (a) is amended by deleting the words "harvesting any crop from" in the last sentence thereof and inserting in lieu thereof the word "grazing".

3. Section 485.287 is amended by adding at the end thereof the following: "For purposes of this section, if the county committee determines that the producer designated an acreage of land in excess of the number of acres which he agreed to place in the acreage reserve, the planting of a crop on such excess acres of land shall not be considered as planting a crop on the acreage reserve if the producer planted such crop in good faith and there are eligible acres in the acreage reserve other than those upon which such planting took place sufficient to equal the number of acres which the producer agreed to place in the acreage reserve."

4. Section 485.290 (d) is amended by deleting the word "shareholder" in the first sentence thereof and inserting in lieu thereof the word "sharecropper".

(Sec. 124, 70 Stat. 198; 7 U. S. C. 1812)

Issued at Washington, D. C. this 31st day of July 1958.

[SEAL] MARVIN L. MCLAIN, *Acting Secretary.*

[F. R. Doc. 58-6011; Filed, Aug. 4, 1958; 8:55 a. m.]

TITLE 7—AGRICULTURE

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter I—Determination of Prices

PART 871—SUGAR BEETS

1958 CROP

Pursuant to the provisions of section 301 (c) (2) of the Sugar Act of 1948, as amended (herein referred to as "act"), after investigation, and due consideration of evidence presented at the public hearings held in November 1957 (for southern Oregon, California, and western Nevada), and during December 1957 (for States other than those regions), the following determination is hereby issued:

§ 871.11 *Fair and reasonable prices for the 1958 crop of sugar beets.* A producer of sugar beets who is also a processor of sugar beets (herein referred to as "processor") shall have paid, or contracted to pay for sugar beets of the 1958 crop grown by other producers and processed by him, in accordance with the following requirements:

(a) *Purchase agreements.* (1) The price for sugar beets in regions other than Imperial Valley, California, shall be not less than that determined pursuant to the 1958 crop sugar beet purchase contract between the processor and producers; (2) the price for sugar beets in Imperial Valley, California, shall be not less than that determined by an appropriate amendment to this determination.

(b) The requirements of this section are applicable to all sugar beets grown by a producer and processed by the processor for the extraction of sugar or liquid sugar: *Provided,* That such requirements shall not apply with respect to sugar beets grown on acreage in excess of the proportionate share for the farm if such sugar beets are marketed (or processed) for the production of sugar or liquid sugar for livestock feed or for the production of livestock feed.

(c) *Subterfuge.* The processor shall not reduce returns to producers below those determined in accordance with the requirements of this section through any subterfuge or device whatsoever.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination establishes the fair and reasonable price requirements which must be met, as one of the conditions for payment under the act, by a producer who processes sugar beets of the 1958 crop grown by other producers.

(b) *Requirements of the act.* Section 301 (c) (2) of the act provides that the producer on the farm who is also, directly or indirectly, a processor of sugar beets or sugarcane, as may be determined by the Secretary, shall have paid, or contracted to pay under either purchase or toll agreements, for any sugar beets or sugarcane grown by other producers and processed by him at rates not less than those that may be determined by the Secretary to be fair and reasonable after investigation and due notice and opportunity for public hearing.

(c) *1958 fair price determination.* The 1958 price determination provides that in regions other than Imperial Valley, California, a processor shall be deemed to have complied with the fair price provisions of the act if he has paid, or contracted to pay, prices for sugar beets not less than those determined pursuant to his 1958 crop purchase contract with producers. The price for 1958 crop sugar beets in Imperial Valley, California will be determined by an amendment to this determination after the holding of a supplemental hearing scheduled for this region on August 5, 1958 in El Centro, California.

At the time the public hearings were held contract negotiations between processors and producers in most regions either had not started or had not been completed. However, since that time copies of all purchase agreements applicable to 1958 crop sugar beets, except in the Imperial Valley, California, have been received. An analysis of these contracts, which have been negotiated by processors and producer representatives, indicates that the payments for sugar beets are essentially the same as those provided in the 1957 contracts. Changes have been made in some contracts which increase the price of processed sugar beet seed; provide for the purchase of monogerm seed at a fixed price; increase charges to producers for freight on beets; specify beet top tare procedures; and modify dates of initial and final payments. However, the effect of these changes on the returns to producers is considered to be nominal.

Consideration has also been given to the testimony presented at the hearings, to the results of an investigation of economic conditions, to anticipated volume of production, and to comparative operating results of processors and producers. The analysis indicates that prices payable for sugar beets as specified in the 1958 crop purchase contracts are fair and reasonable at average prices of sugar which may be expected during the marketing season.

Accordingly, I hereby find and conclude that the foregoing price determination will effectuate the price provisions of the Sugar Act of 1948 as amended.

(Sec. 403, 61 Stat. 932; 7 U. S. C. 1153. Interprets or applies sec. 301, 61 Stat. 929 as amended; 7 U. S. C. 1131)

Issued this 31st day of July 1958.

[SEAL] MARVIN L. MCLAIN, *Acting Secretary.*

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 937—NECTARINES GROWN IN CALIFORNIA

DETERMINATION RELATIVE TO EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR INITIAL FISCAL PERIOD

Notice was published in the July 16, 1958, daily issue of the FEDERAL REGISTER (23 F. R. 5381) that consideration was being given to proposals regarding the expenses and the fixing of the rate of assessment for the initial fiscal period ending February 28, 1959, under the marketing agreement and Order No. 37 (7 CFR Part 937; 23 F. R. 4616) regulating the handling of nectarines grown in California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.). After consideration of all relevant matters presented, including the proposals set forth in such notice which were submitted by the Nectarine Administrative Committee (established pursuant to said marketing agreement and order) it is hereby found and determined that:

§ 937.201 *Expenses and rate of assessment for the initial fiscal period*—(a) *Expenses.* The expenses that are reasonable and likely to be incurred by the Nectarine Administrative Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, to enable such committee to perform its functions, in accordance with the provisions thereof, during the initial fiscal period beginning June 25, 1958, and ending February 28, 1959, will amount to $19,460.00.

(b) *Rate of assessment.* The rate of assessment, which each handler who first handles nectarines shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said marketing agreement and

order is hereby fixed at one cent ($0.01) per standard lug box, or equivalent quantity of nectarines in other containers or in bulk so handled by such handler during such initial fiscal period.

It is hereby further found that it is impracticable and contrary to the public interest to postpone the effective time hereof until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) shipments of nectarines are now being made; (2) the rate of assessment is applicable to all nectarines shipped during the aforesaid initial fiscal period; and (3) it is essential that the specification of assessment rate be issued immediately so as to enable the said Nectarine Administrative Committee to perform its duties and functions in accordance with said marketing agreement and order.

Terms used in the marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said marketing agreement and order, and "standard lug box" shall mean the No. 26 standard lug box set forth in section 828.4 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 30, 1958, to become effective upon publication in the FEDERAL REGISTER.

[SEAL] FLOYD F. HEDLUND,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 58-5991; Filed, Aug. 4, 1958; 8:50 a. m.]

[Nectarine Order 9]

PART 937—NECTARINES GROWN IN CALIFORNIA

LIMITATION OF SHIPMENTS

§ 937.309 *Nectarine Order 9*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 37 (7 CFR Part 937; 23 F. R. 4616) regulating the handling of nectarines grown in the State of California, effective June 25, 1958, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the Nectarine Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of nectarines in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than the date hereinafter specified. The Nectarine Administrative Committee at its meeting on July 24, 1958, concluded that misrepresentation of the variety and size of nectarines was contributing to disorderly marketing conditions for such nectarines and adversely affecting returns to growers. Such meeting was held, after giving due notice thereof, to consider the need for, and the extent of, regulation of shipments of such nectarines. Interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; shipment of the current crop of such nectarines is already in progress; this section should be applicable, insofar as possible, to all such shipments in order to effectuate the declared policy of the act; the provisions of this section are identical with the aforesaid recommendation of the committee; and information concerning such provisions and effective time has been disseminated among handlers of such nectarines and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., August 10, 1958, and ending at 12:01 a. m., P. s. t., November 1, 1958, no handler shall handle any package or container of any variety of nectarines unless such package or container bears in plain sight and plain letters on one outside end (i) the name of the variety, if known, and when not known the words "unknown variety"; and (ii) the size description of the nectarines in accordance with applicable requirements of standard pack.

(2) When used herein, "standard pack" shall have the same meaning as set forth in the United States Standards for Nectarines (§§ 51.3145–3159 of this title; 23 F. R. 3994); and all other terms shall have the same meaning as when used in the marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 31, 1958.

[SEAL] G. R. GRANGE,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 58-6008; Filed, Aug. 4, 1958; 8:54 a. m.]

PART 960—MILK IN AKRON-STARK COUNTY, OHIO, MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and of the order regulating the handling of milk in the Akron-Stark County, Ohio, marketing area (7 CFR Part 960), it is hereby found and determined that:

(a) The following provisions of the order, do not tend to effectuate the declared policy of the Act for the month of July 1958:

(1) The phrase in § 960.46 (b) which reads ", in series beginning with the lowest-priced utilization";

(2) The phrase in § 960.46 (c) which reads ", in series beginning with the lowest-priced utilization"; and

(3) § 960.72 (b).

(b) Notice of proposed rule making, public procedure thereon, and 30 days notice of effective date hereof are impractical, unnecessary, and contrary to the public interest in that:

(1) This suspension order does not require of persons affected substantial or extensive preparation prior to the effective date.

(2) This suspension order is necessary to reflect current marketing conditions and to maintain orderly marketing conditions in the marketing area.

(3) The information on which this action is based did not become available in time sufficient for such compliance, inasmuch as need for the action was precipitated by curtailment of shipments of producer milk by a strike of which there was no advance notice.

(4) This suspension order would remove substantial monetary obligations which would otherwise be incurred by those handlers who found it necessary to purchase other source milk as the only available source of supply.

(5) It is necessary that this suspension action be effective for the entire month of July due to the inability of handlers to make advance preparation for separate records, and the fact that these and other provisions of the order relate to monthly accounting periods.

Therefore, good cause exists for making this order effective July 1, 1958.

It is therefore ordered, That the aforesaid provisions of the order are hereby suspended effective July 1, 1958, for the period July 1, 1958, through July 31, 1958.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Issued at Washington, D. C., this 30th day of July 1958.

[SEAL] DON PAARLBERG,
Assistant Secretary.

[F. R. Doc. 58-5988; Filed, Aug. 4, 1958; 8:49 a. m.]

PART 975—MILK IN CLEVELAND, OHIO, MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and of the order regulating the handling of milk in the Cleveland, Ohio, marketing area (7 CFR Part 975), it is hereby found and determined that:

(a) The following provisions of the order, do not tend to effectuate the declared policy of the act for the delivery period of July 1958:

(1) The phrase in § 975.56 (b) which reads ", in series beginning with the lowest-priced utilization";

(2) The phrase in § 975.56 (c) which reads ", in series beginning with the lowest-priced utilization";

(3) § 975.71 (c); and

(4) § 975.72.

(b) Notice of proposed rule making, public procedure thereon, and 30 days notice of effective date hereof are impractical, unnecessary, and contrary to the public interest in that:

(1) This suspension order does not require of persons affected substantial or extensive preparation prior to the effective date.

(2) This suspension order is necessary to reflect current marketing conditions and to maintain orderly marketing conditions in the marketing area.

(3) The information on which this action is based did not become available in time sufficient for such compliance, inasmuch as need for the action was precipitated by curtailment of shipments of producer milk by a strike of which there was no advance notice.

(4) This suspension order would remove substantial monetary obligations which would otherwise be incurred by those handlers who found it necessary to purchase other source milk as the only available source of supply.

(5) It is necessary that this suspension action be effective for the entire month of July due to the inability of handlers to make advance preparation for separate records, and the fact that these and other provisions of the order relate to monthly accounting periods.

Therefore, good cause exists for making this order effective July 1, 1958.

It is therefore ordered, That the aforesaid provisions of the order are hereby suspended effective July 1, 1958, for the period July 1, 1958, through July 31, 1958.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Issued at Washington, D. C., this 30th day of July 1958.

[SEAL] DON PAARLBERG,
Assistant Secretary.

[F. R. Doc. 58-5989; Filed, Aug. 4, 1958; 8:49 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 14]

PART 600—DESIGNATION OF CIVIL AIRWAYS

Correction

In Federal Register Document 58-5912, published at page 5865, issue dated Saturday, August 2, 1958, the following change should be made in paragraph 8: The headnote for § 600.234 should read "*Red civil airway No. 34 (Charleston, W. Va., to Weeksville, N. C.)*".

[Amdt. 35]

PART 610—MINIMUM EN ROUTE IFR ALTITUDES

MISCELLANEOUS AMENDMENTS

The minimum en route IFR altitudes appearing hereinafter have been coordinated with interested members of the industry in the regions concerned insofar as practicable. The altitudes are adopted without delay in order to provide for safety in air commerce. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 610 is amended as follows: (Listed items to be placed in appropriate sequence in the sections indicated).

Section 610.16 *Green civil airway 6* is amended to read in part:

From Keesler AFB, Miss., LFR; to Mobile, Ala., LF/RBN; MEA 1,200.
From Mobile, Ala., LF/RBN; to Maxwell AFB, Ala., LFR; MEA 1,500.

Section 610.104 *Amber civil airway 4* is amended to read in part:

From Waco, Tex., LFR; to Valley Mills INT, Tex.; MEA 2,000.
From Valley Mills INT, Tex.; to Stadium INT, Tex.; MEA 2,100.

Section 610.218 *Red civil airway 18* is amended to delete:

From Front Royal, Va., LFR; to Ashburn INT, Va.; MEA 4,000.
From Ashburn INT, Va.; to Herndon INT, Va.; MEA 3,000.

Section 610.218 *Red civil airway 18* is amended by adding:

From Front Royal, Va., LFR; to Springfield, Va., LF/RBN; MEA 4,000.

Section 610.230 *Red civil airway 30* is amended to delete:

From New Orleans, La., LFR; to Cat INT, La.; MEA 1,500.
From Cat INT, La.; to Bon Secour INT, Ala.; MEA 1,100.
From Bon Secour INT, Ala.; to Whiting, Fla., LFR; MEA 2,000.
From Whiting, Fla., LFR; to Crestview, Fla., LFR; MEA 1,400.

Section 610.230 *Red civil airway 30* is amended by adding:

From New Orleans La., LFR; to Cat INT, La.; MEA 2,000.
From Cat INT, La.; to Brookley AFB, Ala., LF/RBN; MEA 1,600.
From Brookley AFB, Ala., LF/RBN; to Saufley Fld. (Navy) LF/RBN; MEA 2,000.
From Saufley Fld. (Navy) LF/RBN; to Crestview, Fla., LFR; MEA 2,000.

Section 610.233 *Red civil airway 33* is amended to delete:

From Gordonsville, Va., LFR; to Remington INT, Va.; MEA 3,000.
From Remington INT, Va.; to Arcola, Va., LFR; MEA 2,400.
From Arcola, Va., LFR; to Westminster INT, Md.; MEA 2,500.
From Westminster INT, Md.; to Lancaster INT, Pa.; MEA 2,000.

Section 610.261 *Red civil airway 61* is amended to delete:

From Int. N crs Front Royal, Va., LFR and NW crs Arcola LFR; to Bunker Hill INT, Md.; MEA 4,000.
From Bunker Hill INT, Md.; to Arcola, Va., LFR; MEA 3,000.
From Arcola, Va., LFR; to Mount Vernon INT, Va.; MEA 1,500.

Section 610.274 *Red civil airway 74* is amended to read:

From Keesler AFB, Miss., LFR; to Moss INT, Miss.; MEA 1,300.
From Moss INT, Miss.; to Mobile, Ala., LF/RBN; MEA 1,200.
From Mobile, Ala., LF/RBN; to Brookley AFB, Ala., LF/RBN; MEA 1,600.

Section 610.301 *Red civil airway 101* is deleted.

Section 610.310 *Red civil airway 110* is deleted.

Section 610.624 *Blue civil airway 24* is added to read:

From Brookley AFB, Ala., LF/RBN; to Axis INT, Ala.; MEA 1,600.

Section 610.647 *Blue civil airway 47* is amended to delete:

From Int. SE crs Front Royal, Va., and SE crs Arcola, Va., LFR; to Front Royal, Va., LFR; MEA 5,000.

Section 610.647 *Blue civil airway 47* is amended by adding:

From Gordonsville, Va., LFR; to Remington INT, Va.; MEA 3,000.
From Remington INT, Va.; to Front Royal, Va., LFR; MEA 5,000.

Section 610.670 *Blue civil airway 70* is amended to read in part:

From Valley Mills INT, Tex.; to Lipan INT, Tex.; MEA 2,300.

Section 610.1001 *Direct routes, U. S.* is amended by adding:

From Albany, Ga., VOR; to Valdosta, Ga., VOR; MEA 1,600.
From Ardmore, Okla., VOR; to Int. SPS–VOR 037 and ADM–VOR 283; MEA 2,400.
From College Station, Tex., VOR; to Int. CLL–VOR 293 and ACT–VOR 187; MEA *3,900. *2,100—MOCA.
From Daisetta INT, Tex.; to Int. LCA–VOR 263 and BPT–VOR 052; MEA *5,000. *1,800—MOCA.
From Dallas, Tex., VOR; to McAlester, Okla., VOR; MEA *3,400. *2,500—MOCA.
From Fort Smith, Ark., VOR; to Tulsa, Okla., VOR (TUL–140 and FSM–278); MEA *2,800. *2,400—MOCA.

From Indianapolis, Ind., VOR; to *Cowan INT, Ohio; MEA 2,800. *3,000—MRA.

Section 610.6214 *VOR civil airway 214* is amended to delete:

From Troy, Ill., VOR; to Mound INT, Ill.; MEA 1,900.

From Mound INT, Ill.; to Bible Grove, Ill., VOR; MEA 2,000.

From Bible Grove, Ill., VOR; to Lewis, Ind., VOR; MEA 2,000.

From Lewis, Ind., VOR; to Banta INT, Ind.; MEA 2,200.

From Banta INT, Ind.; to Shelbyville, Ind., VOR; MEA 2,000.

From Shelbyville, Ind., VOR; to *Camden INT, Ohio; MEA **3,700. *3,700—MCA Camden INT, westbound. **2,300—MOCA.

Section 610.6220 *VOR civil airway 220* is amended to read in part:

From Ward INT, Colo.; to *Longmont INT, Colo.; MEA 16,500. *14,000—MCA Longmont INT, westbound.

From Longmont INT, Colo.; to *Hudson INT, Colo; westbound, MEA 13,000; eastbound, MEA 10,500. *9,000—MRA.

From Hudson INT, Colo.; to Roggen INT, Colo.; MEA 9,000.

Section 610.6220 *VOR civil airway 220* is amended by adding:

From Akron, Colo., VOR; to Imperial, Nebr., VOR; MEA 5,600.

From Imperial, Nebr., VOR; to Lexington INT, Nebr.; MEA *6,000. *4,300—MOCA.

From Lexington INT, Nebr.; to Loup INT, Nebr.; MEA *7,000. *4,100—MOCA.

From Loup INT, Nebr.; to Wolbach, Nebr., VOR; MEA *5,400. *3,500—MOCA.

Section 610.6230 *VOR civil airway 230* is amended to read in part:

From Salinas, Calif., VOR; to Panoche, Calif., VOR; MEA 6,000.

From Panoche, Calif., VOR; to Fresno, Calif., VOR; eastbound, MEA 2,000; westbound, MEA 4,500.

Section 610.6242 *VOR civil airway 242* is amended to read:

From Mobile, Ala., VOR; to Brookley, Ala., TVOR; MEA 1,600.

Section 610.6248 *VOR civil airway 248* is amended to read:

From Paso Robles, Calif., VOR; to *Avenal, Calif., VOR; MEA 4,500. *4,000—MCA Avenal VOR, westbound.

From Avenal, Calif., VOR; to Bakersfield, Calif., VOR; MEA 2,000.

Section 610.6258 *VOR civil airway 258* is amended to read in part:

From Beckley, W. Va., VOR; to *Marie INT, Ky; MEA 6,000. *8,000—MRA.

From Marie INT, Ky.; to Roanoke, Va., TVOR; MEA 6,000.

Section 610.6264 *VOR civil airway 264* is amended to read:

From Los Angeles, Calif., VOR; to Ontario, Calif., VOR; MEA 4,000.

From La Habra, Calif., FM; to Los Angeles, Calif., VOR, westbound only; MEA 3,000.

From *Ontario, Calif., VOR; to Moreno INT, Calif.; westbound, MEA 5,500; eastbound, MEA 13,000.

From Banning, Calif., FM; to Moreno INT, Calif., westbound only; MEA 8,000.

From Moreno INT, Calif.; to *Palm Springs INT, Calif.; MEA 13,000. *13,000—MCA Palm Springs INT, westbound.

From Palm Springs INT, Calif.; to Cones INT, Calif.; MEA 8,000.

From Cones INT, Calif.; to Rice, Calif., VOR; MEA 6,500.

From Rice, Calif., VOR; to Prescott, Ariz., VOR; MEA 10,000.

Section 610.6267 *VOR civil airway 267* is amended to read in part:

From Orlando, Fla., VOR via E alter.; to Daytona Beach, Fla., VOR via E alter.; MEA 1,700.

From Daytona Beach, Fla., VOR via E alter.; to *Roy INT, Fla., via E alter.; MEA **3,000. *3,000—MRA. **1,300—MOCA.

Section 610.6278 *VOR civil airway 278* is amended by adding:

From Texarkana, Ark., VOR; to *Waterloo INT, Ark.; MEA 1,700. *4,000—MRA.

From Waterloo INT, Ark.; to *Hampton INT, Ark.; MEA **8,500. *4,500—MRA. **1,600—MOCA.

From Hampton INT, Ark.; to Jerome INT, Ark.; MEA *8,500. *1,600—MOCA.

From Jerome INT, Ark.; to Greenwood, Miss., VOR; MEA *3,000. *1,600—MOCA.

Section 610.6298 *VOR civil airway 298* is added to read:

From *Dubois, Idaho, VOR; to Boysen Reservoir, Wyo., VORTAC; MEA 15,000. *11,000—MCA Dubois VOR, eastbound.

From Boysen Reservoir, Wyo., VORTAC; to Casper, Wyo., VOR; MEA 10,000.

Section 610.6300 *VOR civil airway 300* is added to read:

From Sault Ste. Marie, Mich., VOR via N alter.; to U. S.-Canadian Border via N alter.; MEA 2,200.

Section 610.6425 *VOR civil airway 425* is added to read:

From Brookley, Ala., TVOR; to Axis INT, Ala.; MEA 1,600.

Section 610.6612 *VOR civil airway 1512* is amended to read in part:

From Kansas City, Mo., VOR via S alter.; to Marshall, Mo., VORTAC via S alter.; MEA 2,400.

From Marshall, Mo., VORTAC via S alter.; to Columbia, Mo., VOR via S alter.; MEA 2,400.

Section 610.6614 *VOR civil airway 1514* is amended to read in part:

From Kansas City, Mo., VOR via S alter.; to Marshall, Mo., VORTAC via S alter.; MEA 2,400.

From Marshall, Mo., VORTAC via S alter.; to Columbia, Mo., VOR via S alter.; MEA 2,400.

Section 610.6622 *VOR civil airway 1522* is amended to read in part:

From *Palm Springs INT, Calif.; to Blythe, Calif., VOR; MEA 8,000. *18,000—MCA Palm Springs INT, westbound.

From *Waterloo INT, Ark.; to **Hampton INT, Ark.; MEA ***4,500. *4,000—MRA. **4,500—MRA. ***1,400—MOCA.

From Hampton INT, Ark.; to Jerome INT, Ark.; MEA *8,500. *1,400—MOCA.

From Greensboro, N. C., VOR; to *Reid INT, N. C.; MEA 2,300. *2,500—MRA.

Section 610.6629 *VOR civil airway 1529* is amended by adding:

From Pembina, N. Dak., LFR; to Kenora, Ontario, LFR; MEA *2,500. *For that airspace over U. S. territory.

Section 610.6631 *VOR civil airway 1531* is amended to read in part:

From Pocatello, Idaho, VOR; to Billings, Mont., VOR; MEA *16,000. *Continuous navigation signal coverage does not exist over the entire route segment below 18,000 feet.

Section 610.6635 *VOR civil airway 1535* is added to read:

From Lovelock, Nev., VOR; to Sod House, Nev., VOR; MEA 12,000.

From Sod House, Nev., VOR; to Rome, Oreg., VOR; MEA 10,500.

From Rome, Oreg., VOR; to *Reynolds INT, Idaho; MEA 10,000. *13,700—MRA.

From Reynolds INT, Idaho; to Boise, Idaho, VOR; northeastbound, MEA 8,000; southwestbound, MEA 10,000.

From Boise, Idaho, VOR; to Missoula, Mont., VOR; MEA 15,000.

From Missoula, Mont., VOR; to Cut Bank, Mont., VOR; MEA 15,000.

From Cut Bank, Mont., VOR; to Swift Current, Saskatchewan, Canada, LFR; MEA *15,000. *For that airspace over U. S. territory.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

These rules shall become effective August 28, 1958.

[SEAL] WILLIAM B. DAVIS,
Acting Administrator of Civil Aeronautics.

JULY 25, 1958.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign Commerce, Department of Commerce

Subchapter B—Export Regulations

[9th Gen. Rev. of Export Regs., Amdt. 3 [1]]

PART 374—PROJECT LICENSES

PART 377—TIME LIMIT (TL) LICENSE

PART 382—DENIAL OR SUSPENSION OF EXPORT PRIVILEGES

MISCELLANEOUS AMENDMENTS

1. Part 374—Project Licenses is amended in the following particulars:

[1] This amendment was published in Current Export Bulletin 803, dated July 31, 1958.

a. Section 374.2 *Commodities subject to project license* is amended to read as follows:

§ 374.2 *Commodities subject to project license.* The project licensing procedure is applicable to all Positive List commodities for which a validated license is required.

b. Section 374.5 *Action by Bureau of Foreign Commerce on license applications* paragraph (a) *Approved license application* is amended to read as follows:

(a) *Approved license application*—(1) *Issuance of license.* When an application for a project license is approved by the Bureau of Foreign Commerce, an export license is issued on a separate document (Form FC–628) authorizing, subject to provisions of the Export Regulations and to the terms and provisions of the license, the exportation of Positive List commodities during the validity period shown on the license. A project license shall be used for exportations of Positive List commodities only. The project license will be similar to validated license documents described in § 372.11 of this chapter with the following exceptions:

(i) *Validation.* The license will be validated in the license number space with a stamp which includes a facsimile of the Department of Commerce seal and a series of numbers which identifies the date on which the license was validated. The stamp will include the letter "D" and a series of numbers to indicate the year, month, and day on which the license was validated. A validation stamp in this space which reads "D–8–110" indicates that the license was validated in the year 195(8) in the month of January (1) and on the 10th day of the month (10).

(ii) *License number.* Immediately below the validation stamp the license number assigned to the project will be indicated. This license number will be a four-digit number prefixed by the letter DL and suffixed by a one letter code indicating the Bureau of Foreign Commerce product division to which the project was assigned. (See § 374.4 (b) (1).)

(iii) *Entries.* (*a*) Entries will be made on the license document in the appropriate space but there will be no specific description of quantities, kinds, or values of commodities. Instead, there will appear in the commodity description item on the license the following legend:

PROJECT LICENSE STATEMENT

This license authorizes exportation of commodities requiring a validated license subject to the specific limitations set forth in the Export Regulations and on this license.

(*b*) If any special conditions are imposed with respect to the use of a specific project license more restrictive than the general conditions set forth in the Export Regulations, these conditions will be set forth on the license document at the time of issuance, or the licensee will be advised by other means.

(2) *Notification to Collectors of Customs.* The Bureau of Foreign Commerce will notify all Collectors of Customs of the issuance of the project license.

c. Section 374.6 *Exportations of commodities identified on the Positive List by the symbol "B"* is revoked.

d. Section 374.9 *Export clearance,* paragraph (b) *Presentation of license or other approved action* and paragraph (c) *Shipper's Export Declaration* are amended to read as follows:

(b) *Presentation of license or other approval action.* When clearing shipments for export under a project license, the licensee shall, on demand, show to the Collector of Customs either the original or a photostatic copy of the license or amendment. The license or amendment however is not required to be filed with the Collector of Customs.

(c) *Shipper's Export Declaration.* The Shipper's Export Declaration covering an exportation made under a project license shall be prepared in accordance with standard instructions covering the preparation of declarations except as modified by the following special instructions:

(1) *Project license number.* The declaration shall include the project license number.

(2) *Additional copy of declaration.* When clearing shipments under a project license, the licensee shall file with the Collector of Customs an additional copy of the declaration. The licensee shall enter the symbol "DL" on the declaration in the upper right corner.

NOTE: Although the project license and extensions thereto describe the commodities only in broad descriptive categories, the description of the commodity on the declaration shall conform to the Positive List description in sufficient detail to identify precisely the commodity being exported.

2. Part 377—Time Limit (TL) license is amended in the following particulars:

a. Section 377.2 *Commodities subject to TL License* is amended to read as follows:

§ 377.2 *Commodities subject to TL license.* The commodities which may be exported under the Time Limit (TL) license procedure are all RO commodities on the Positive List of Commodities (§ 399.1 of this chapter).

b. Section 377.6 *Issuance of licenses,* paragraph (b) *Validity period* is amended to read as follows:

(b) *Validity period.* A TL license will be valid for a period of one year from date of issuance, and the expiration date will be indicated on the license form.

3. Section 382.51 *Supplement 1; Table of denial and probation orders currently in effect,* paragraph (b) *Table of denial and probation orders* is amended in the following respects:

a. The following entries are added to the list:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
Ban-Ling, Chang, 806 Bank of East Asia Bldg., Hong Kong.	7-10-58	Duration	General and validated licenses, all commodities, any destination, also exports to Canada. (Party related to Oversea Trading Co. (H. K.) Ltd., which see.)	23 F. R. 7-16-58.
Elimex, Apostelnkloster 21 25, Cologne, Germany.	7-9-58	Duration	General and validated licenses, all commodities, any destination, also exports to Canada. (Party related to Richard Fleschner which see.)	23 F. R. 7-12-58.
Firma Leo Savelsberg, Feldsaaten-Grosshandlung, 21 Durenerstrasse, Julich, Rhineland, Germany.	7-16-58	Indefinite	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 7-22-58.
Kastenhuber & Lehrfeld, Inc., 21 West 46th St., New York, N. Y.	7-10-58	1-10-59	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 7-16-58.
Kauftmann, Alfred, 806 Bank of East Asia Bldg., Hong Kong.	7-10-58	Duration	General and validated licenses, all commodities, any destination, also exports to Canada. (Party related to Oversea Trading Co. (H. K.) Ltd., which see.)	23 F. R. 7-16-58.
Lippig, F. O., d. b. a. Elimex, Apostelnkloster 21-25, Cologne, Germany.	7-9-58	Duration	General and validated licenses, all commodities, any destination, also exports to Canada. (Party related to Richard Fleschner, which see.)	23 F. R. 7-12-58.
Oversea Trading Co., (H. K.) Ltd., 806 Bank of East Asia Bldg., Hong Kong.	7-10-58	Duration	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 7-16-58.
Savelsberg, Leo, d. b. a. Firma Leo Savelsberg, Feldsaaten-Grosshandlung, 21 Durenerstrasse, Julich, Rhineland, Germany.	7-16-58	Indefinite	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 7-22-58.
Tsong, C. S., 806 Bank of East Asia Bldg., Hong Kong.	7-10-58	Duration	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 7-16-58.
Woodward, John, 21 West 46th St., New York, N. Y.	7-10-58	1-10-59	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 7-16-58.

b. The following entries are amended to read as follows:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
Fleschner, Richard, d. b. a., Richard Fleschner Import-Export, Detmolder Str. 46, Berlin-Wilmersdorf, West Germany.	7-9-58	Duration...	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 5310, 7-12-58.
Hanke-Chemie, Hochstrasse 19, Frankfurt, Goldfinkweg 46, Berlin-Dahlem, West Germany, and/or Postplatz 26, Vaduz, Liechtenstein.	4-21-54	Duration..	General and validated licenses, all commodities, any destination, also exports to Canada.	19 F. R. 2432, 4-24-54.
Hanke, Franz a/k/a Hanke, Gunther, Goldfinkweg 46, Berlin-Dahlem, West Germany, and/or Hegelgasse 5, Vienna I, Austria.	4-21-54	Duration..	General and validated licenses, all commodities, any destination, also exports to Canada.	19 F. R. 2432, 4-24-54.
Hanke, Franz Gunther (Chemika-lien-Grosshandel), Goldfinkweg 46, Berlin-Dahlem, West Germany and/or Hegelgasse 5, Vienna I, Austria.	4-21-54	Duration..	General and validated licenses, all commodities, any destination, also exports to Canada. (Related to Hanke Chemie, et al., which see.)	19 F. R. 2432, 4-24-54.

c. The following entries are deleted from the list:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
Soc. Generale d'Entreprises, Maritimes "Sogemar" S. A., 14 Rue du Margrave, Antwerp, Belgium.	5-15-58	Indefinite.	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 3417, 5-20-58.
Sogemar, S. A., 14 Rue du Margrave, Antwerp, Belgium.	5-15-58	Indefinite.	General and validated licenses, all commodities, any destination, also exports to Canada.	23 F. R. 3417, 5-20-58.

This amendment shall become effective as of July 31, 1958, unless otherwise indicated.

(Sec. 3, 63 Stat. 7, as amended; 50 U. S. C. App. 2023. E. O. 9630, 10 F. R. 12245, 3 CFR, 1945 Supp., E. O. 9919, 13 F. R. 59, 3 CFR, 1948 Supp.)

NATHANIEL KNOWLES,
Acting Director,
Bureau of Foreign Commerce.

[9th Gen. Rev. of Export Regs., Amdt. P. L. 3 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The following commodity is deleted from the Positive List:

Dept. of Commerce Schedule B No.	Commodity
	URANIUM AND THORIUM, ALL FORMS, AND SPECIAL NUCLEAR MATERIAL
62570	Thoriated tungsten wire. (Formerly 664583.)[1]

[1] All outstanding licenses for this commodity issued by the Department of Commerce prior to July 31, 1958 remain valid until they expire or are revoked.

2. The letter symbol "B" in the column headed "Commodity lists" is deleted wherever it appears in that column.

This amendment shall become effective as of July 31, 1958.

[1] This amendment was published in Current Export Bulletin 803, dated July 31, 1958.

(Sec. 3, 63 Stat. 7, as amended; 50 U. S. C. App. 2023. E. O. 9630, 10 F. R. 12245, 3 CFR, 1945 Supp., E. O. 9919, 13 F. R. 59, 3 CFR, 1948 Supp.)

NATHANIEL KNOWLES,
Acting Director,
Bureau of Foreign Commerce.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 7004]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

SURPLUS TIRE CO., INC., ET AL.

Subpart—*Advertising falsely or misleadingly:* § 13.70 *Fictitious or misleading guarantees;* § 13.140 *Old, reclaimed, or reused as new;* § 13.155 *Prices:* Retail or selling as wholesale, jobbing, factory distributors', etc., or discounted; § 13.185 *Refunds, repairs, and replacements.* Subpart—*Delaying or withholding corrections, adjustments or action owed:* § 13.675 *Delaying or withholding corrections, adjustments or action owed.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Surplus Tire Co., Inc., et al., Chicago, Ill., Docket 7004, June 11, 1958]

In the Matter of Surplus Tire Co., Inc., a Corporation, and Jacob (Jack) Roth and Seymour Roth, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging sellers of automotive tires in Chicago, largely by use of post cards offering "Factory surplus", to cease selling cleaned, repainted, and, in some instances, used tires as new ones—frequently not of the brand or size ordered but concealing that fact by wrappings until after delivery by the carrier—and with failing to make guaranteed shipments and refunds to dissatisfied customers and offering instead an unprofitable exchange deal.

After acceptance of an agreement providing for entry of a consent order, the hearing examiner made his initial decision and order to cease and desist which became on June 11 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Surplus Tire Co., Inc., a corporation, and its officers, and Jacob (Jack) Roth and Seymour Roth, individually and as officers of said corporation, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of tires or other merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or indirectly:

1. That merchandise which has been used, in any respect, is new.

2. That respondents will ship the brand or size of merchandise ordered, unless such is the fact.

3. That a refund of the purchase price of merchandise will be made in case the merchandise is not as represented, unless refunds are in fact made.

4. That merchandise is guaranteed unless the extent of the guarantee and the manner in which the guarantor will perform are clearly and conspicuously disclosed.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 11, 1958.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[Docket 7048]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

LA FLORIDANA CIGAR FACTORY, INC., ET AL.

Subpart—*Misbranding or mislabeling:* § 13.1185 *Composition.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 13.1845 *Composition;* § 13.1865 *Manufacture or preparation.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, La Floridana Cigar Factory, Inc., et al., Tampa, Fla., Docket 7048, June 11, 1958]

In the Matter of La Floridana Cigar Factory, Inc., a Corporation, and Faustino Casares, William E. Diaz and Violet C. Diaz, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging manufacturers of cigars in Tampa, Fla., with representing falsely, by using the words "Havana" and "Habana" on boxes and bands of cigars containing large amounts of non-Cuban tobacco, that the cigars were composed entirely of tobacco grown in Cuba; and with failing to disclose to the purchasing public their practice of using a processed paper as the binder for certain of their cigars.

Following acceptance of an agreement containing consent order, the hearing examiner made his initial decision including order to cease and desist which became on June 11 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondent La Floridana Cigar Factory, Inc., a corporation, and its officers, and respondents Faustino Casares, William E. Diaz and Violet C. Diaz, individually and as officers of said corporation and their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of cigars in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the terms "Havana" or "Habana" or any other term or terms indicative of tobacco grown on the island of Cuba, either alone or in conjunction with any other terms, to describe, designate or refer to cigars not made entirely from tobacco grown on the island of Cuba; except that cigars containing a substantial amount of tobacco grown on the island of Cuba may be described, designated or referred to as "blended with Havana" or by any term of similar import or meaning, provided that the qualifying words are clearly and conspicuously set out in immediate connection with the word "Havana" or other term indicative of tobacco grown on the island of Cuba.

2. Failing to disclose in the labeling and advertising that their cigars contain a paper binder, when such is the fact.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the above named respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 11, 1958.

By the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 54649]

PART 80—IMPORTATION OF ARTICLES IN CONNECTION WITH THE CALIFORNIA INTERNATIONAL TRADE FAIR AND INDUSTRIAL EXPOSITION AT LOS ANGELES, CALIFORNIA

The following regulations under Public Law No. 85-402, 85th Congress,[1] approved May 16, 1958, relate to the entry of articles in connection with the California International Trade Fair and Industrial Exposition to be held at Los Angeles, California, April 1 to April 12, 1959, inclusive.

Sec.
80.1 Invoices; marking; bond.
80.2 Entry; appraisement; procedure.
80.3 Compliance, provisions of Plant Quarantine Act of 1912, and Federal Food, Drug, and Cosmetic Act.
80.4 Detail of customs officers to protect revenue; expenses.
80.5 Withdrawal of articles from exhibition for exportation, abandonment, destruction, or for consumption or entry under the general tariff law; involuntary abandonment.

AUTHORITY: §§ 80.1 to 80.5 issued under Pub. Law No. 85-402.

§ 80.1 *Invoices; marking; bond.* (a) Articles intended for exhibition under the provisions of Public Law No. 85-402, 85th Congress, and valued at over $500, are subject to the usual special customs invoice requirements if of a class for which such invoices are required under the Tariff Act of 1930, as amended, and the regulations issued thereunder. The invoices shall be on either customs Form 5515 or on foreign service Form 138 and shall contain the information prescribed under section 481 of the Tariff Act of 1930 (19 U. S. C. 1481).

(b) The marking requirements of the Tariff Act of 1930, as amended, and the regulations promulgated thereunder will not apply to articles imported under the regulations in this part except when such articles are withdrawn for consumption or use in the United States, in which case they shall be released from customs custody only upon a full compliance with the marking requirements of the tariff act, as amended, and the regulations promulgated thereunder.

(c) The California International Trade Fair and Industrial Exposition shall give to the collector of customs at Los Angeles, California, a bond in an amount to be determined by the collector and containing such conditions for compliance with Public Law No. 85-402, 85th Congress, and the regulations in this part, as shall be approved by the Bureau of Customs.

§ 80.2 *Entry; appraisement; procedure.* (a) All entries under the regulations in this part shall be made at the port of Los Angeles, California, in the name of the California International Trade Fair and Industrial Exposition which shall be deemed for customs purposes the sole consignee of the merchandise entered under the act and which shall be held responsible to the Government for all duties and charges due to the United States on account of such

[1] • • • That any article which is imported from a foreign country for the purpose of exhibition at the California International Trade Fair and Industrial Exposition (hereinafter in this joint resolution referred to as the "exposition") to be held at Los Angeles, California, from April 1, to April 12, 1959, inclusive, by the Sixth Agricultural District, agency of the State of California, or for use in constructing, installing, or maintaining foreign exhibits at the exposition, upon which article there is a tariff or customs duty, shall be admitted without payment of such tariff or customs duty or any fees or charges under such regulations as the Secretary of the Treasury shall prescribe.

SEC. 2. It shall be lawful at any time during or within three months after the close of the exposition to sell within the area of the exposition any articles provided for in this joint resolution, subject to such regulations for the security of the revenue and for the collection of import duties as the Secretary of the Treasury shall prescribe. All such articles, when withdrawn for consumption or use in the United States, shall be subject to the duties, if any, imposed upon such articles by the revenue laws in force at the date of their withdrawal; and on such articles which shall have suffered diminution or deterioration from incidental handling or exposure, the duties, if payable, shall be assessed according to the appraised value at the time of withdrawal from entry under this joint resolution for consumption or entry under the general tariff law.

SEC. 3. Imported articles provided for in this joint resolution shall not be subject to any marking requirements of the general tariff laws, except when such articles are withdrawn for consumption or use in the United States, in which case they shall not be released from customs custody until properly marked, but no additional duties shall be assessed because such articles were not sufficiently marked when imported into the United States.

SEC. 4. At any time during or within three months after the close of the exposition, any article entered under this joint resolution may be abandoned to the United States or destroyed under customs supervision, whereupon any duties on such articles shall be remitted.

SEC. 5. Articles which have been admitted without payment of duty for exhibition under any tariff law and which have remained in continuous customs custody or under a customs exhibition bond and imported articles in bonded warehouses under the general tariff law may be accorded the privilege of transfer to and entry for exhibition at the exposition, under such regulations as the Secretary of the Treasury shall prescribe.

SEC. 6. The California International Trade Fair and Industrial Exposition shall be deemed, for customs purposes only, to be the sole consignee of all merchandise imported under this joint resolution. The actual and necessary customs charges for labor, services, and other expenses in connection with the entry, examination, appraisement, release, or custody, together with the necessary charges for salaries of customs officers and employees in connection with the supervision, custody of, and accounting for articles imported under this joint resolution, shall be reimbursed by the California International Trade Fair and Industrial Exposition, to the United States under regulations to be prescribed by the Secretary of the Treasury. Receipts from such reimbursement shall be deposited as refunds to the appropriation from which paid, in the manner provided for in section 524 of the Tariff Act of 1930, as amended (19 U. S. C. 1524). (P. L. No. 85-402)

entries; but, in the case of merchandise withdrawn from entry under the regulations in this part, an entry under the general tariff law in the name of any person duly authorized in writing by the California International Trade Fair and Industrial Exposition to make such entry may be accepted by the collector.

(b) Articles to be entered under the regulations in this part which arrive at ports other than Los Angeles shall be entered for immediate transportation without appraisement to the latter port in the manner prescribed by the general customs regulations.

(c) Upon the arrival at the port of Los Angeles of articles to be entered under the regulations in this part, they shall be entered on a special form of entry to read substantially as follows:

ENTRY FOR EXHIBITION

Entry No. ....

Entry at the port of Los Angeles of articles consigned or transferred to the California International Trade Fair and Industrial Exposition under.....

.....

..... I. T. No. ..... ex S. S. .....

from ..... on the ..... day of ..... 19..., for exhibition purposes under Public Law No. 85-402 of the 85th Congress, approved May 16, 1958.

Mark	Number	Package and contents	Quantity	Invoice value

CALIFORNIA INTERNATIONAL TRADE FAIR AND INDUSTRIAL EXPOSITION

By .....

(d) Upon such entry being made, the collector shall issue a special permit for the transfer of the articles covered thereby to the buildings in which they are to be exhibited or used, or, in the discretion of the collector, to the appraiser's stores for examination and subsequent transfer to the buildings in which they are to be exhibited or used. The articles shall be tentatively appraised prior to their exhibition or use. All imported exhibits entered under these regulations shall be kept segregated from domestic articles and imported duty-paid articles and shall not be removed from the exhibition building except in accordance with § 80.5 (a).

(e) If for any reason articles imported for entry under the regulations in this part are not upon their arrival to be delivered immediately at an exhibition building, the importer should so indicate to the collector in writing, who will cause such articles to be placed in a bonded warehouse under a "general order permit" at the importer's risk and expense, and such articles may be entered at any time within one year from the date of importation for exhibition, as herein provided for, or under the general tariff law, or for exportation. If not so entered within such period, they will be regarded as abandoned to the Government.

(f) Articles which have been admitted without payment of duty for exhibition under any customs law and which have remained in continuous customs custody or under a customs exhibition bond may be transferred to entry for exhibition at the fair in the manner prescribed in § 10.49 (c) of this chapter, except that in each case an entry under paragraph (c) of this section shall be filed, which shall supersede any previous entry, and no new bond other than that specified in § 80.1 (c) shall be required. Imported articles in bonded warehouses under the general tariff law may be transferred to entry for exhibition at the fair in the manner prescribed in § 8.33 of this chapter.

§ 80.3 *Compliance, provisions of Plant Quarantine Act of 1912, and Federal Food, Drug, and Cosmetic Act.* The entry of plant material subject to restriction under the Plant Quarantine Act of 1912, as amended (7 U. S. C. 151-164a, 167), shall not be permitted except under permits issued therefor by the Plant Quarantine Branch of the Agriculture Research Service, Department of Agriculture, and in accordance with the plant quarantine regulations. The entry of food products shall conform to the requirements of the Federal Food, Drug, and Cosmetic Act, as amended (21 U. S. C. 301 et seq.), and regulations issued thereunder.

§ 80.4 *Detail of customs officers to protect revenue; expenses.* (a) The collector of customs at Los Angeles, California, shall detail an officer to act as his representative at the fair and shall station inside the exhibition buildings as many additional customs officers and employees as may be necessary to properly protect the revenue.

(b) All actual and necessary charges for labor, services, and other expenses in connection with the entry, examination, appraisement, release, or custody of imported articles, together with the necessary charges for salaries of customs officers and employees in connection with the supervision and custody of, and accounting for, articles imported for exhibition at the fair or transferred thereto for exhibition, shall be reimbursed by the California International Trade Fair and Industrial Exposition to the Government, payment to be made monthly to the collector of customs, Los Angeles, California, for deposit to the credit of the Treasurer of the United States as a refund to the appropriation "Salaries and Expenses, Bureau of Customs."

§ 80.5 *Withdrawal of articles from exhibition for exportation, abandonment, destruction, or for consumption or entry under the general tariff law; involuntary abandonment.* (a) Any article entered under the regulations of this part may be withdrawn for exportation, for abandonment to the Government, for destruction under customs supervision, or for consumption or entry under the general tariff law, but not otherwise, at any time prior to the opening of the fair or at any time during or within three months after the close of the fair. Upon the withdrawal of such articles for consumption or for entry under the general tariff law, or at the expiration of three months after the close of the fair in the case of articles not previously so withdrawn, they shall be appraised with due allowance made for diminution or deterioration from incidental handling or exposure. Such appraisal shall be final in the absence of an appeal to reappraisement, as provided in section 501 of the Tariff Act of 1930, as amended (19 U. S. C. 1501). In the case of such articles withdrawn for entry under the general tariff law under a warehouse bond or a bond conditioned upon exportation, the statutory period of the bond and any extension thereof shall be computed form the date of withdrawal from entry under the provisions of Public Law No. 85-402, 85th Congress.

(b) At any time prior to the opening of the fair, or at any time during or within three months after the close of the fair, any article entered hereunder may be abandoned to the Government or destroyed under customs supervision, as provided in § 15.4 of this chapter.

(c) Any articles entered under the regulations in this part which have not been withdrawn for consumption, entry under the general tariff law, or exportation, or which have not been abandoned to the Government or destroyed under customs supervision, before the expiration of three months after the close of the fair, shall be regarded as abandoned to the Government.

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

Subchapter B—Statements of General Policy or Interpretation Not Directly Related to Regulations

PART 791—JOINT EMPLOYMENT RELATIONSHIP UNDER FAIR LABOR STANDARDS ACT OF 1938

In accordance with section 3 of the Administrative Procedure Act and pursuant to authority under the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), Reorganization Plan No. 6 of 1950 (3 CFR, 1950 Supp., p. 165), and General Order No. 45-A of the Secretary of Labor (15 F. R. 3290), Title 29 of the Code of Federal Regulations is hereby amended by adding a new Part 791 to read as follows:

Sec.
791.1 Introductory statement.
791.2 Joint employment.

AUTHORITY: §§ 791.1 and 791.2 issued under 52 Stat. 1060, as amended; 29 U. S. C. 201-219.

§ 791.1 *Introductory statement.* The purpose of this part is to make available in one place the general interpretations of the Department of Labor pertaining to the joint employment relationship under the Fair Labor Standards Act of

1938.[1] It is intended that the petitions stated will serve as "a practical guide to employers and employees as to how the office representing the public interest in its enforcement will seek to apply it."[2] These interpretations contain the construction of the law which the Administrator believes to be correct and which will guide him in the performance of his duties under the act, unless and until he is otherwise directed by authoritative decisions of the courts or he concludes upon reexamination of an interpretation that it is incorrect. To the extent that prior administrative rulings, interpretations, practices, and enforcement policies relating to sections 3 (d), (e), and (g) of the act, which define the terms "employer", "employee", and "employ", are inconsistent or in conflict with the principles stated in this part, they are hereby rescinded. The interpretations contained herein may be relied upon in accordance with section 10 of the Portal to Portal Act,[3] so long as they remain effective and are not modified, amended, rescinded, or determined by judicial authority to be incorrect.

§ 791.2 *Joint employment.* (a) A single individual may stand in the relation of an employee to two or more employers at the same time under the Fair Labor Standards Act of 1938, since there is nothing in the act which prevents an individual employed by one employer from also entering into an employment relationship with a different employer. A determination of whether the employment by the employers is to be considered joint employment or separate and distinct employment for purposes of the act depends upon all the facts in the particular case. If all the relevant facts establish that two or more employers are acting entirely independently of each other and are completely disassociated with respect to the employment of a particular employee, who during the same workweek performs work for more than one employer, each employer may disregard all work performed by the employee for the other employer (or employers) in determining his own responsibilities under the act.[4] On the other hand, if the facts establish that the employee is employed jointly by two or more employers, i. e., that employment by one employer is not completely disassociated from employment by the other employer(s), all of the employee's work for all of the joint employers during the workweek is considered as one employment for purposes of the act. In this event, all joint employers are responsible, both individually and jointly, for compliance with all of the applicable provisions of the act, including the overtime provisions, with respect to the entire employment for the particular workweek.[5] In discharging the joint obligation each employer may, of course, take credit toward minimum wage and overtime requirements for all payments made to the employee by the other joint employer or employers.

(b) Where the employee performs work which simultaneously benefits two or more employers, or works for two or more employers at different times during the workweek, a joint employment relationship generally will be considered to exist in situations such as:

(1) Where there is an arrangement between the employers to share the employee's services, as, for example, to interchange employees;[6] or,

(2) Where one employer is acting directly or indirectly in the interest of the other employer (or employers) in relation to the employee;[7] or,

(3) Where the employers are not completely disassociated with respect to the employment of a particular employee and may be deemed to share control of the employee, directly or indirectly, by reason of the fact that one employer controls, is controlled by, or is under common control with the other employer.[8]

Signed at Washington, D. C., this 28th day of July 1958.

CLARENCE T. LUNDQUIST,
Administrator.

[F. R. Doc. 58-5931; Filed, Aug. 4, 1958; 8:45 a. m.]

[1] 29 U. S. C. 201-219. Under Reorganization Plan No. 6 of 1950 and pursuant to General Order No. 45-A, issued by the Secretary of Labor on May 24, 1950, interpretations of the provisions (other than the child labor provisions) of the act are issued by the Administrator of the Wage and Hour Division on the advice of the Solicitor of Labor. See 15 F. R. 3290.

[2] Skidmore v. Swift and Company, 323 U. S. 134, 138.

[3] 61 Stat. 84; 29 U. S. C. 251-262.

[4] Walling v. Friend, et al., 156 F. 2d 429 (C. A. 8).

[5] Both the statutory language (section 3 (d) defining "employer" to include anyone acting directly or indirectly in the interest of an employer in relation to an employee) and the Congressional purpose as expressed in section 2 of the act, require that employees generally should be paid overtime for working more than 40 hours a week, irrespective of the number of employers they have. Of course, an employer should not be held responsible for an employee's action in seeking, independently, additional part-time employment. But where two or more employers stand in the position of "joint employers" and permit or require the employee to work more than 40 hours a week, both the letter and the spirit of the statute require payment of overtime.

PART 61—FELLOWSHIPS

APPLICABILITY AND PURPOSE

Correction

In Federal Register Document 58-5931, published on page 5876 in the issue for Saturday, August 2, 1958, the title for E. L. Richardson should read *"Acting Secretary of Health, Education, and Welfare"*.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter F—Alaska Commercial Fisheries

PART 111—PRINCE WILLIAM SOUND AREA

ADDITIONAL FISHING TIME

Basis and purpose. Field observations reveal that the pink salmon runs continue strong in Prince William Sound with good escapements already achieved, and it has been determined that additional fishing time can be permitted.

Therefore, notwithstanding the table contained in the proviso of § 111.5, fishing will be permitted until 6 a. m. August 6, 1958.

Since immediate action is necessary in order to permit full utilization of the salmon runs, notice and public procedure on this relaxation of the seasonal closing date are impracticable and not in the public interest. This amendment shall become effective immediately upon publication in the FEDERAL REGISTER. (68 Stat. 237; 5 U. S. C. 1001 et seq.)

(Sec. 1, 43 Stat. 464, as amended; 48 U. S. C. 221)

DONALD L. MCKERNAN,
Director,
Bureau of Commercial Fisheries.

AUGUST 1, 1958.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans Administration

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

INCREASE IN DEATH PENSION RATES TO DEPENDENTS OF DECEASED VETERANS OF MEXICAN, CIVIL, INDIAN, AND SPANISH-AMERICAN WARS

A new § 4.496 is added to read as follows:

§ 4.496 *Increase in death pension rates to dependents of deceased veterans of the Mexican, Civil, Indian, and Spanish-American Wars—(a) Scope.* Section 1 of Public Law 85-425 amends sections 431 through 437 of Public Law 85-56 to increase death pension rates as follows:

(1) *Mexican War.* Subsection (1) amends section 431 to increase the rate payable to widows of Mexican War veterans from $52.50 to $65 per month.

(2) *Civil War; widows.* Subsection (2) amends subsection 432 (a) to increase the monthly rate payable to a Civil War veteran's widow who is 70 years of age or older from $54.18 to $65. If she was the wife of the veteran during his service in the Civil War, the monthly rate payable is increased from $67.73 to $75.

(3) *Civil War; children.* Subsection (4) amends section 433 to increase from $48.77 to $73.13 the monthly rate payable to a child of a Civil War veteran where there is no widow entitled.

(4) *Indian Wars; widows.* Subsection (5) amends subsection 434 (a) to increase the monthly rate payable to an Indian War veteran's widow who is 70 years of age or older from $54.18 to $65. If she was the wife of the veteran during his service in one of the Indian Wars, the monthly rate payable is increased from $67.73 to $75.

(5) *Indian Wars; children.* Subsection (6) amends section 435 to increase from $48.77 to $73.13 the monthly rate payable to a child of an Indian War veteran where there is no widow entitled.

(6) *Spanish-American War; widows.* Subsection (7) amends subsection 436 (a) to increase the monthly rate payable to a Spanish-American War veteran's widow from $54.18 to $65. If she was the wife of the veteran during his service in the Spanish-American War, the monthly rate payable is increased from $67.73 to $75.

(7) *Spanish-American War; children.* Subsection (8) amends section 437 to increase from $62.31 to $73.13 the monthly rate payable to a child of a Spanish-American War veteran where there is no widow entitled.

(b) *Effective date.* Section 2 of Public Law 85–425 makes the increased rates effective July 1, 1958.

(c) *Erroneous finance adjustments.* Where subsequent review of the file discloses that the automatic adjustment to a higher rate was made erroneously, an amended award will be made to show the correct rate payable from the day following date of last payment.

(d) *Prior adjudications.* Previous determinations on which an award was based will be accepted as correct in the absence of clear and unmistakable error, or fraud.

(e) *Widows receiving rate for less than 70 years of age*—(1) *Indian Wars.* Former widows of Indian War veterans are not entitled to the rates provided for unremarried widows who are 70 years of age or older, or who were married to the veterans during their periods of service. If the $40.64 rate is being paid to unremarried widow and evidence of record is sufficient to establish her age, an amended award will be made. Where conflicting evidence as to age is of record, the youngest age will be used. The effective date of an increased award for age 70 will be:

(i) The date of filing claim for increase if it was filed prior to January 1, 1958, and after the widow attained the age of 70 years; or

(ii) January 1, 1958, or the widow's 70th birthday, whichever is later, if no claim for increase has been filed or if such claim is filed on or after January 1, 1958. The amended award will further show the increased rate effective July 1, 1958.

(2) *Civil War.* Where the $40.64 rate is being paid to either a former or unremarried widow of a Civil War veteran and evidence establishes her age but the award does not show an increase for age 70, an amended award will be made. Should conflicting evidence as to age be of record, the youngest age will be used. The effective date of an increased award for age 70 will be the widow's 70th birthdate.

TABLES OF RATES FOR USE IN ADJUSTING SPANISH-AMERICAN, CIVIL, INDIAN, AND MEXICAN WAR DEATH PENSION PAYABLE UNDER PUBLIC LAW 85-56 AS AMENDED BY PUBLIC LAW 85-425 EFFECTIVE JULY 1, 1958

TABLE A—SPANISH-AMERICAN WAR—DEATH PENSION RATES

Beneficiary	Old rate	New rate effective July 1, 1958
Widow	$54.18	$65.00
Widow and 1 child	67.73	75.00
Widow and 2 children	62.31	73.13
Widow and 3 children	75.86	83.13
Widow and 4 children	70.44	81.26
Widow and 5 children	83.99	91.26
Each additional child	78.57	89.39
Child—no widow	92.12	99.39
2 children—no widow	86.70	97.52
3 children—no widow	100.25	107.52
4 children—no widow	94.83	105.65
5 children—no widow	108.38	115.65
Each additional child, total equally divided	8.13	8.13
	62.31	73.13
	each 35.22	each 40.63
	each 26.19	each 29.79
	each 21.67	each 24.38
	each 18.96	each 21.13
	8.13	8.13

Apportioned rates			
Widow	Children	Widow	Children
$37.92		$44.51	
51.48	$24.38	54.51	$28.62
37.92		44.51	
51.48	each 16.25	54.51	each 18.37
37.92		44.51	
51.48	each 13.54	54.51	each 14.96
37.92		44.51

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1699]

[Fairbanks 011042]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF BUREAU OF LAND MANAGEMENT AS ADMINISTRATIVE SITES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1955, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Alaska are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral-leasing laws but not the act of July 31, 1947 (61 Stat. 681; 69 Stat. 367; 30 U. S. C. 601-604) as amended, and reserved for use of the Bureau of Land Management as administrative sites:

Buffalo Center Administrative Site

U. S. Survey No. 2777.

The tract described contains 4.76 acres.

Chicken Administrative Site

Beginning at a point from which Milepost 67.75 on the centerline of Taylor Highway (Latitude 64°5'15" M., Longitude 141°55' W.), bears south 2.27 chains, thence,
North, 10.38 chains;
West, 10.00 chains;
South, 12.31 chains;
N. 79° E., 10.20 chains to the point of beginning.

The tract described contains 11.35 acres.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 30, 1958.

[F. R. Doc. 58-5971; Filed, Aug. 4, 1958; 8:45 a. m.]

[Public Land Order 1700]

[Fairbanks 016448, 58459]

ALASKA

PARTIALLY REVOKING PUBLIC LAND ORDER NO. 731 OF JUNE 25, 1951, WHICH WITHDREW PUBLIC LANDS FOR USE OF DEPARTMENT OF AIR FORCE FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Public Land Order No. 731 of June 25, 1951, as amended by Public Land Order No. 1311 of July 3, 1956, withdrawing public lands for use of the Department of the Air Force for military purposes, is hereby revoked so far as it affects the following-described lands:

Tatalina River-Takotna Area

Parcel 1. Beginning at a point in the valley of the Tatalina River from which the intersection of the centerline of the Kuskokwim Landing-Takotna Highway Bridge and the center of the Tatalina River, approximate latitude 62°53'05" N., longitude 155°56'28" W., bears North, 1,000 feet, thence
North, 2 miles;
East, 1 mile;
South, 2 miles;
West, 1 mile to the point of beginning.
The tract described contains 1,280 acres.

Parcel 2. Beginning at a point which bears West, 1 mile and North, 2 miles from the point of beginning of Parcel 1 above; thence
West, 0.5 mile;
North, 2 miles;
East, 0.5 mile;
South, 2 miles to the point of beginning.
The tract described contains 640 acres.

Parcel 3. Beginning at a point which bears West, 2 miles from the point of beginning of Parcel 1 above; thence
West, 0.5 mile;
North, 1.5 miles;
East, 0.5 mile;
South, 1.5 miles to the point of beginning.
The tract described contains 480 acres.

The three parcels total 2,400 acres.

2. Pursuant to section 202 (b) of the act of July 28, 1956 (70 Stat. 709, 711; 48 U. S. C. 46-3 (b)), and subject to the requirements of that act and the regulations in 43 CFR Part 76, the Territory of Alaska shall be entitled until 10:00 a. m. on October 30, 1958, to a preferred right of selection of the restored lands in connection with its mental health program, except as against prior existing valid rights or as against equitable claims subject to allowance and confirmation.

3. Subject to any existing valid rights, the requirements of applicable law, and the selection rights of the Territory of Alaska the lands are hereby opened to settlement and to filing of such applications, selections, and locations as are allowable on unsurveyed lands in accordance with the following:

a. Subject to the applications and claims described in paragraph b (1) below, the lands, beginning 10:00 a. m. on October 30, 1958, will be subject to settlement under the Homestead and Alaska Home Site Laws by qualified veterans of World War II or of the Korean conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284 as amended). Beginning 10:00 a. m. on January 29, 1959, any remaining lands will be subject to settlement under these laws by other qualified persons.

b. Applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having preference rights conferred by existing laws or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Small Tract Laws by qualified veterans of World War II or of the Korean conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284 as amended), presented prior to 10:00 a. m. on October 30, 1958, will be considered as simultaneously filed at that hour. Rights under such preference right applications after that hour will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a. m. on January 29, 1959, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

c. The lands will be open to applications and offers under the mineral-leasing laws, and to location under the United States mining laws beginning at 10:00 a. m. on January 29, 1959.

4. Persons claiming veterans preference rights under paragraphs 3 (b) (1) and (2) must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Fairbanks, Alaska.

ROGER ERNST,
Assistant Secretary of the Interior.

JULY 30, 1958.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 1023]

[Docket No. AO-295]

MILK IN DES MOINES, IOWA, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Des Moines, Iowa, on June 11-24, 1957, pursuant to notice thereof issued on May 17, 1957 (22 F. R. 3588), upon a proposed marketing agreement and order regulating the handling of milk in the Des Moines, Iowa, marketing area.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Acting Deputy Administrator, Agricultural Marketing Service, on May 29, 1958 (23 F. R. 3881), filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision, containing notice of opportunity to file written exceptions thereto.

The material issues of record relate to:

1. Whether the handling of milk produced for sale in the proposed marketing area is in the current of interstate commerce, or directly burdens, obstructs, or affects interstate commerce in milk or its products;

2. Whether marketing conditions show the need for the issuance of a milk marketing agreement or order which will tend to effectuate the policy of the act; and

3. If an order is issued, what its provisions should be with respect to:

(a) The scope of regulation;

(b) The classification and allocation of milk;

(c) The determination and level of class prices;

(d) Distribution of proceeds to producers; and

(e) Administrative provisions.

Findings and conclusions—1. *Character of commerce.* The handling of milk in the proposed marketing area is in the current of interstate commerce and directly burdens, obstructs or affects interstate commerce in milk and its products.

The marketing area specified in the proposed order, hereinafter referred to as the Des Moines marketing area, includes all the territory in the counties of Adair, Appanoose, Boone, Clarke, Dallas, Decatur, Greene, Guthrie, Jasper, Lucas, Madison, Mahaska, Marion, Monroe, Polk, Story, Union, Warren, Wapello, and Wayne and the city of Grinnell, all in the state of Iowa. Milk handled in the marketing area moves in many forms over state lines. Milk that is processed and packaged in the marketing area is distributed on routes in various communities in the State of Missouri and, conversely, some milk from Missouri plants is distributed in the marketing area. During those months in recent years when producer deliveries were inadequate for the needs of the market, milk for distribution in the marketing area was purchased from plants in Wisconsin.

When the supply of producer milk is in excess of local requirements milk is shipped for fluid use to points in Nebraska and as far distant as Texas. Fluid milk for which a fluid market is not available is usually disposed of through such plants as the Des Moines Cooperative Dairy, which manufacture substantial quantities of butter, cheese, nonfat dry milk powder and condensed milk. These manufactured dairy products are distributed over a wide area in the stream of interstate commerce.

Routes of handlers under the North Central Iowa and Cedar Rapids-Iowa City Federal milk marketing orders extend into the proposed marketing area, where milk is sold in competition with distributors who would be handlers under the Des Moines order. At the plants of these handlers who are regulated by other Federal orders the interstate commerce factor is indicated by the receipts of milk from and distribution to locations outside the State of Iowa.

2. *Need for an order.* Marketing conditions in the Des Moines, Iowa, marketing area justify the issuance of a marketing agreement and order.

There is no overall plan whereby farmers supplying milk to this marketing area are assured of payment for their milk in accordance with its use. In some segments of the area there is no procedure whereby farmers may participate in price determinations necessary for the marketing of their milk which, because of its perishability, must be delivered to the market as it is produced.

A certain amount of reserve milk in excess of the actual trade sales is necessary to assure an adequate supply of milk at all times. Fluctuations brought on by the seasonal nature of milk production, together with a relatively uniform level of consumption, necessitate the disposition of some of the Grade A milk produced for the market into manufacturing channels. This excess milk must be manufactured into butter, cheese, and similar products and sold in competition with products from ungraded milk.

Milk disposed of to manufacturing outlets returns considerably less than that marketed for fluid use. Consequently, a well defined and uniformly applied plan of use classification, with the proper pricing of milk in such uses, is necessary to prevent such excess milk from depressing the market price of all Grade A milk. To be successful, the classification of milk in accordance with its use and the payment to producers on the use basis, require the full participation of all those engaged in marketing milk in this market. Orderly marketing of the milk produced for fluid consumption requires uniformity of pay prices by handlers and a means whereby the lower average returns resulting from surplus milk may be shared equitably among producers.

The problems of unstable marketing encountered by producers in the Des Moines marketing area are not uncommon in fluid milk markets. The problems which have resulted in unrest and instability in this area are similar to those characteristic of the fluid milk industry in the absence of regulation or a well-defined classified pricing plan. A marketing order as herein proposed will promote orderly marketing by assuring producers prices equivalent to those contemplated under the act.

The buying practices of various handlers in the market have caused chaotic conditions and instability in the marketing of milk. Prices paid farmers for milk for fluid use have frequently been below the Class I prices an order would provide. Many producers have no means of ascertaining how their milk is utilized at the plants to which they deliver or whether the basis on which they are paid will be revised, and there is uncertainty among some regarding the accuracy of the weights and butterfat tests on which they are paid for their deliveries. Payment of surplus prices by handlers for milk which producers believe was needed in the market for fluid consumption is one of the causes of instability and uncertainty in the market.

Several handlers in the area have dealt with farmers in such a way as to discourage or completely thwart cooperative action by these farmers. Some handlers refused to make deductions for cooperative dues from payments due member producers even though such deductions had been properly authorized by producers. Failure to make such deductions has limited producers in instituting check weighing and testing programs.

Handlers at various localities throughout the marketing area have refused or failed to recognize or to bargain with the authorized representatives of producer groups as to the price or any other terms with respect to the sale of the milk of the producers. Various means have been used by handlers to discourage or to completely prevent producers from affiliating with cooperative associations. Such handlers have advised producers that they prefer to deal with them individually and in some instances indicated that action of a producer is fostering or abetting cooperative organizations would mean the loss of his market. Several producers who had served as officers or otherwise taken an active part in a cooperative were shut off from their Grade A markets when their activity had been found out by the handlers to whom they shipped. A reason commonly given for cutting off a producer was that his milk did not meet required sanitary standards even though no inspection had been made or other action taken by the

Health Department having jurisdiction in this matter.

The attitude of handlers in being hostile to and in impeding the efforts of producers to organize has apparently been especially purposeful on the part of some handlers. With a strong producer organization, for example, it is not likely that those producers delivering to an Ottumwa handler would have been forced to purchase through the fieldman of the handler the tanks needed on their farms to change to a bulk tank system of operation. Neither would these producers have had unauthorized deductions made from the payments due them by the handler to defray some of the expenses incurred by him in expanding his sales area to include a nearby city.

The stated base and excess prices paid producers are generally at the option of the handler and not meaningful. A producer's base is often changed without his being aware of it and arbitrary methods have been used in some instances in arriving at the percentage of milk to be paid for at the base price. Some of the statements issued by handlers, which accompany the payments to producers, fail to reveal the proportion of a producer's deliveries which is being paid for as surplus milk and no means are available to ascertain the actual utilization of milk by such handlers. Under these conditions, payment to a producer at the excess or surplus price for any of his milk does not indicate that such milk was not used for fluid purposes.

Des Moines is the largest city in the proposed marketing area and Des Moines handlers distribute milk in every county in the area. These handlers obtain their milk supplies, principally by direct delivery, from producer members of the Des Moines Cooperative Dairy. The Cooperative has enjoyed good relations with its buying handlers and, for an extended period of time, has been able to bargain effectively with them. Within the past several years, however, handlers have been exerting increasing pressure on the Des Moines Cooperative to adjust prices downward so that they may meet competition from handlers in that portion of the marketing area outside the city of Des Moines. Although less milk is distributed by Des Moines handlers outside Des Moines than within its boundaries, the disruptive marketing practices which prevail at various localities throughout the proposed marketing area are tending to create chaotic and unstable marketing conditions throughout the entire area.

It is not uncommon for handlers operating in the proposed marketing area to purchase milk from producers for fluid use at prices more comparable to the blend price of the Des Moines Cooperative than to its Class I price. For example, the producer members of the Farmers Cooperative Creamery, who produce approximately 110,000 pounds of Grade A milk monthly for John's Dairy of Corning, Iowa, are paid the Des Moines Cooperative's blend price for their total deliveries. Milk from this plant has displaced milk of Des Moines handlers in a number of the cities in the marketing area. The intense competition throughout the area from John's Dairy and other handlers similarly situated has resulted in price wars with their accompanying disruptive marketing practices.

Producers are generally required to bear the burden of such price wars by reduced returns, and the Des Moines Cooperative Dairy was requested by some of its handlers to make Grade A milk available to them at such prices as would enable them to meet the reduced prices of their competitors. For the Des Moines Cooperative to accede to the continuing requests of its buying handlers for reduced prices might enable the Des Moines handlers to overcome temporarily such advantages as they allege their competitors have, but could seriously threaten the maintenance of an adequate supply of Grade A milk for the Des Moines market.

The Des Moines Cooperative provides many services to its handlers. Each handler is supplied his Class I needs daily at his plant by direct delivery from producer members of the association. On such days as a plant is closed the milk normally delivered to it is received by the Cooperative at its plant. This is an especially valuable service, since some plants in the market receive milk from producers on only 3 days during the week. In periods of short supply, when milk from its producers is not adequate for the needs of its buying handlers, the Cooperative obtains milk from outside sources for the handlers. Cream and skim milk as needed, either for fluid use or for manufacturing purposes, are supplied to handlers by the Cooperative from its plant.

The argument of Des Moines handlers that they are suffering a competitive disadvantage in many parts of the sales area, because of such factors as price wars and of competitors buying on a flat-price basis, has been a significant deterrent to obtaining any increase in the rate of payment by handlers, directly or indirectly, for milk and milk products and for the many services provided the handlers, irrespective of the extent to which such increased prices or changes might be warranted. Producers contend that only a device such as a Federal milk marketing order can halt the continual deterioration in their bargaining position and bring about orderly marketing and stability in the sales area served by its buying handlers.

The conditions complained of by producers and herein cited with regard to the unstable marketing conditions are not peculiar to one or several localities in the marketing area, but apply throughout the area. Moreover, those handlers who would be regulated by the attached order compete with one another throughout the proposed marketing area.

There is a lack of detailed market information relative to the procurement of milk for and disposition of milk throughout the marketing area. Such information is essential to the effectuation of orderly marketing. Some data on receipts and utilization of milk for fluid and manufacturing uses were made available for the hearing by various handlers and cooperative associations. This information is incomplete with regard to the overall receipts and utilization of milk and milk products in the area. The institution of regulation would provide the basis for complete information on receipts and utilization of milk from producers.

It is concluded that the issuance of a marketing agreement and order for the Des Moines marketing area would contribute substantially to the improvement of many of the conditions complained of and would tend to effectuate the declared policy of the act. The adoption of a classified price plan based on the audited utilization of handlers would provide a uniform system of minimum prices to handlers for milk purchased from producers and a fair division among all producers of the proceeds from the sale of their milk. The procedures required by the Agricultural Marketing Agreement Act would afford all interested parties the opportunity to take part in determining, through public hearings, what the various order provisions should be.

3. (a) *Scope of regulation.* It is necessary to designate clearly what milk and what persons would be subject to the various provisions of the order. This can best be done by providing definitions which set forth the categories of persons, plants and milk products for purposes of classification of milk and of application of other provisions of the order.

Marketing area. The marketing area should include all of the territory within the counties of Adair, Appanoose, Boone, Clarke, Dallas, Decatur, Greene, Guthrie, Jasper, Lucas, Madison, Mahaska, Marion, Monroe, Polk, Story, Union, Warren, Wapello, Wayne and the city of Grinnell, all in the State of Iowa.

According to the 1950 census, the population in the territory proposed to be regulated is approximately 625,000. Because a significant portion of the sales of fluid milk products by handlers who would be regulated is in rural communities and because of the substantial population immediately surrounding the various cities, the marketing area should be defined, insofar as it is practicable, on the basis of county rather than city boundaries.

Grade A milk products sold for fluid consumption throughout the proposed marketing area must be approved by health authorities who are governed by health ordinances, practices and procedures patterned after the United States Public Health Milk Ordinance and Code. Movements of Grade A milk, both in bulk and packaged form, between various locations in the marketing area take place through reciprocal approval of the responsible health authorities. Ratings by the United States Public Health Service are recognized as a basis for approval of outside sources of milk. The degree of similarity of minimum health standards throughout the area justifies uniform regulation for milk marketed throughout the area.

Des Moines, the largest city in Iowa, is the principal city in the proposed marketing area. Its 1950 population was 178,000 and that of the next largest cities, Ottumwa and Ames, was 34 and 23 thousand, respectively. Other cities which are important in connection with

the distribution of milk throughout the area are Boone, Newton, Oskaloosa, Creston, Centerville, Knoxville, Grinnell, Perry, Chariton, Indianola, Albia, Jefferson, Winterset, Osceola, Lamoni, Greenfield, Guthrie Center, and Corydon.

Des Moines is the principal point at which milk from producers is processed and packaged for distribution throughout the marketing area. The eight handlers whose plants are in Des Moines receive milk from about 1100 of the approximately 1450 producers supplying handlers who would be regulated by the proposed order. From these plants in Des Moines milk is distributed on routes or through stores in most of the cities in the marketing area. All producers shipping to Des Moines handlers are members of the Des Moines Cooperative Dairy.

The three plants in Ottumwa receive milk from 139 producers, 103 of which are members of the Milk Producers Association of Ottumwa. The major portion of the fluid milk distribution from these plants is made in the proposed marketing area in competition with Des Moines handlers and other handlers who would be regulated by the proposed order.

In addition to the Des Moines and Ottumwa handlers there are about 15 other handlers who would be brought under regulation by the proposed order. These handlers, in the aggregate, distribute over a wide area and compete with Des Moines and Ottumwa handlers at numerous locations throughout the marketing area. The quantities of milk distributed by these handlers, who receive milk from a total of about 200 producers, are significantly smaller on the average than are the quantities distributed by Des Moines and Ottumwa handlers.

Although the city of Grinnell is in Poweshiek County it is very near the eastern border of Jasper County. Approximately 60 percent of the fluid milk distribution from the plant of the one handler in Grinnell is within the city of Grinnell. Distribution by this handler in Jasper and Mahaska Counties, both of which are proposed to be part of the marketing area herein recommended, is 20 percent and 6 percent, respectively. If Grinnell were not included in the marketing area, it might reasonably be expected that this handler would be regulated by the order because of his sales in Jasper and Mahaska Counties. However, if Grinnell were excluded from the marketing area the Grinnell handler would be at an economic disadvantage because all milk sold from his plant would be subject to pricing under an order while sales in Grinnell by any unregulated handler would not be subject to order prices.

The aggregate of the marketing area proposals contained in the notice of hearing include, in addition to that provided by this decision, the counties of Marshall, Adams, Ringgold and Taylor. The latter three are rural in character and do not represent important outlets for milk for handlers serving the proposed area. The 1950 population of Adams, Ringgold and Taylor Counties was 9, 10, and 12 thousand, respectively. These counties are on the fringe of the Des Moines marketing area and the milk distributed in them is principally from the plants of handlers who would otherwise not be regulated by the proposed order. These three counties should not be included in the marketing area.

The inclusion of Marshall County in the marketing area was proposed by Des Moines handlers. Although some sales are made in Marshall County by Des Moines handlers and other handlers who would be regulated by the proposed order, the principal distribution in this county is from the plants of handlers in Marshalltown, the major city in the county. On October 1, 1957, Order No. 105, regulating the handling of milk in the North Central Iowa marketing area, became effective (22 F. R. 7455). The city of Marshalltown is included in the marketing area under that order. In view of this, no purpose would now be accomplished by the inclusion of any portion of Marshall County in the proposed Des Moines marketing area, especially since practically all of the milk sold in the county would be subject to pricing under an existing order or the proposed Des Moines order. Accordingly, Marshall County should not be included in the marketing area.

One Ottumwa handler has 40 percent of his Class I sales outside the marketing area herein proposed. He argued that the city of Ottumwa should be included in a separate order that would take in the Iowa cities of Burlington, Fort Madison and Keokuk and other communities to the south and east of Ottumwa. This handler, the majority of whose sales is in 3 counties in the recommended marketing area, distributes milk in at least 7 Missouri counties and 7 Iowa counties outside the marketing area. Sales in these latter counties from his plant are scattered over a large area and are a significantly lesser quantity than his sales in the marketing area. This handler's principal competitors in the marketing area have practically no distribution in the Missouri and Iowa counties outside the marketing area in which he distributes milk. Accordingly, it would be impracticable to exclude Ottumwa from the marketing area under the proposed order or to conclude, on the basis of the record, that it would be more appropriate to include this city in the marketing area under some other order.

Other handlers stated that the marketing area considered at the hearing was inappropriate in that it does not include various places where milk from their plants is distributed. The distribution of milk in localities outside the marketing area from pool plants as defined under the proposed order is not in itself justification for the inclusion of such localities in the marketing area. Neither was it established that marketing conditions in these localities are such that their inclusion would be appropriate or justified at this time.

It is neither administratively feasible nor necessary to include all territory in the marketing area in which handlers to be regulated distribute milk. Furthermore, it would not be possible to designate a marketing area of reasonable size which would include all sales outlets of each and every handler that would be subject to regulation. As additional territory would be added, the problems associated with the extension of regulation to distributors that made a substantial portion of their fluid milk sales outside the marketing area would be increased many fold. By providing for a marketing area as proposed herein, regulation is at a minimum for milk distributors with a large proportion of their sales outside the marketing area and their operations will not be unduly disturbed with respect to the major portion of their sales in communities wherein they compete with other distributors who would not be regulated at all by the proposed order.

In the course of the operation of an order the question may arise whether any territory within the boundaries of the designated marketing area which is occupied by government (Municipal, State or Federal) reservations, installations, institutions, or other establishments shall be considered as within the marketing area. No proposal was made to exempt sales by a handler in any territory or to any agency from the provisions of the order and no evidence was presented at the hearing which would justify such exemption. However, so that there will be no doubt as to the meaning or the intent of the application of the marketing area definition in the proposed order, it should be indicated that the designated counties and city in the recommended Des Moines marketing area shall include territory within such boundaries which is occupied by government (Municipal, State or Federal) reservations, installations, institutions, or other establishments.

Definition of plants. The minimum class prices of the order should apply to that milk eligible for distribution as Grade A milk in the marketing area which is received from dairy farmers at plants primarily engaged in supplying fluid milk products for sale on retail and wholesale routes in the marketing area. Such plants would be defined as "pool plant".

The basis for determining which plants shall be pool plants under the order, and thereby fully subject to regulation, should be clearly set forth in the order and apply uniformly to all plants, wherever located. Pool plant status should not be determined solely on an occasional shipment of milk to the market, or on approval by a specified health authority. Such a method for determining which plants shall be subject to regulation would not provide a workable basis for administering an order for the Des Moines marketing area.

Since the production of high quality milk involves extra expenses, it is important that the amount of milk produced under Grade A inspection be no more than the minimum necessary to provide the market with an adequate and dependable supply of quality milk. To encourage more than enough production of such milk would represent an economic waste, since the expenditures involved in producing Grade A milk not

needed on the market would result in no extra value to consumers.

Essential to the operation of a market-wide pool is the establishment of performance standards to apply uniformly to all plants. Any plant, regardless of its location, should have equal opportunity to comply with the standards and thereby to participate in the marketwide pool and have its producers share in the Class I sales of the market. Any producer who meets the necessary health department requirements should be permitted, under the order, to sell his milk to plants meeting the standards of qualification. Whether or not plants and producers choose to supply the Des Moines order market will depend on the economic circumstances with which they are confronted, such as prices, transportation costs, and alternative outlets.

Performance standards should be such that any plant which has as its major function the supplying of milk to the market would pool its sales and share in the marketwide equalization. On the other hand, plants only casually, or incidentally, associated with the market should not be subject to complete regulation. Neither should they be permitted or required to equalize their sales with all handlers in the market. If a milk plant were to be permitted to share on a pro rata basis the Class I utilization of the entire market without being genuinely associated with the market, then the differentials paid by users of Class I milk would be dissipated without accomplishing their intended purpose. If a plant were to be qualified and fully regulated merely by making a token shipment of milk or cream into the market for sale as Class I milk, then any milk plant which found itself in a position where it was selling a smaller share of its milk in Class I than the average for all regulated handlers might make such shipment and receive equalization payments from the pool. The only qualification such a plant would be required to meet would be compliance with the necessary health department standards.

Since reserve milk is an essential part of any fluid milk business there will always be some excess milk in the plants of handlers supplying other markets. This will be particularly true in the months of flush production. Plants selling primarily to other markets, or plants shipping milk on an opportunity basis to any market where supplies happen to be short, do not represent sources of milk on which the Des Moines marketing area may depend. If such a plant, by selling a token quantity of Class I milk in the marketing area, were allowed to pool its surplus, the operator thereof could gain an unwarranted advantage in paying producers by receiving equalization payments from the Des Moines order pool. Such a distribution of equalization payments would, in fact, reduce the blend price to producers regularly supplying the market, thereby having an adverse effect on the milk supplies upon which the market depends. This could result in the need for higher Class I prices than would otherwise be required to supply the market adequately.

Because of the difference in marketing practices and functions between distributing plants and supply plants, separate performance standards have been provided for them. A "distributing plant" under the order would be defined as a plant in which milk is processed or packaged and from which any fluid milk products (as hereinafter defined) are disposed of during the month on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets (except pool plants) located in the marketing area. "Supply plant" would be defined to mean a plant (except a distributing plant) from which milk, skim milk or cream, acceptable to the appropriate health authority for distribution in the marketing area under a Grade A label, is shipped during the month to a distributing plant which is qualified as a pool plant.

In order to qualify as a pool plant, a distributing plant should be required to distribute at least 15 percent of its milk from producers and other plants during the month as Class I milk on retail or wholesale routes to outlets in the marketing area.

A distributing plant having more than 85 percent of its business outside the marketing area or in other outlets should not be considered as essentially associated with the market. It is not considered advisable to bring such a plant under full regulation because of the minor share of its business which is in the marketing area. Full regulation in such case would not be necessary to accomplish the purposes of the order, and might well place such plant at a competitive disadvantage in relation to its competitors in supplying the unregulated market.

Such a minimum is necessary also to avoid the possibility that a plant otherwise not associated with the market might qualify itself for equalization payments to its own advantage, and to the disadvantage of the market, by means of minor sales in the marketing area.

It is contemplated that only plants primarily engaged in route distribution of fluid milk products should be qualified as pool plants under this definition. In order to preserve this distinction, a further condition is placed on distributing plants that their total distribution of Class I milk on routes to wholesale or retail outlets, both inside and outside the marketing area, must amount during the month to at least 35 percent of their receipts of milk from dairy farmers and from other plants. Any plant which does not qualify on this basis should be deemed to be primarily a supply plant and its pool status should be judged by the standards applied to such plants.

A plant from which milk for Class I uses is distributed regularly in the marketing area under normal circumstances may be expected to dispose of its milk in such a way as to exceed by a reasonable margin the minimum performance standards necessary to qualify as a pool plant. There may be from time to time plants supplying milk to the marketing area which would not qualify for pool status. Such plants should be required to file reports, make available their records for audit by the market administrator, and be subject to payments hereinafter discussed if they are not fully subject to regulation.

The performance standards for supply plants to qualify for pool plant status should reflect the fact that currently the quantity of milk produced for the market is adequate on an annual basis for the needs of the market. At times, especially during the months of seasonally high production, distributors in the market may not need all of the milk available from producers in order to keep their Class I outlets fully supplied. In order to assure that all the producer milk which is pooled with the market will be available for Class I, supply plant standards should be set at levels which require that such milk will be available.

In order to qualify for pool plant status a supply plant should ship to distributing plants which are pool plants at least 35 percent of its receipts of milk from dairy farmers in any month in the form of fluid milk products. A supply plant from which a proportionately larger quantity of milk is disposed of in this manner should not, under the present conditions in the market, be considered as primarily associated with the regulated market.

It is recognized that if there is any demand for milk from supply plants it will be greatest during the season of low production. For sustained periods during the months of flush production supplies of milk received at plants located in or near the marketing area may be sufficient to supply the Class I outlets. During this part of the year, it would be more economical to leave the most distant milk in the country for manufacture, and use local supplies for Class I use. The performance provisions should not force milk to be transported to distributing plants in the months of seasonally high production in order to maintain the eligibility of supply plants to pool.

To avoid this, provision should be made whereby a supply plant may maintain pool plant status throughout the year if it supplies a substantial portion of its producer milk to distributing plants during the months when milk production tends to be lowest. The proposed standards require that a supply plant provide distributing plants which are pool plants with milk to the extent of 50 percent of its producer milk receipts during the period of September through November to maintain automatic pool status for the months of March through June.

The source of supply for all distributing plants in and near the city of Des Moines is from producer members of the Des Moines Cooperative Dairy. Milk from these producers is moved to such plants directly from their farms. In addition, various of the plants supplement their producer deliveries with purchases of milk, cream, and skim milk, both for fluid use and for manufacturing purposes, from the plant operated by the Cooperative. It is the practice of these plants to accept from producers only such quantities of milk as are needed for

their fluid operations and all milk in excess thereof is moved to the Cooperative's plant.

Most of the handlers supplied by producer members of the Des Moines Cooperative Dairy do not operate their plants on one or more days each week. On such days the producers ship to the Cooperative's plant. Because of the irregular day-to-day requirements of handlers, the Des Moines Cooperative Dairy must maintain extensive plant facilities for the handling of surplus milk.

Approximately 75 percent of the dairy farmers supplying handlers who would be regulated by the proposed order are members of the Des Moines Cooperative Dairy. The plant of the association is unusually well equipped to receive and handle large quantities of milk, most of which, on an annual basis, is used at the plant in the production of butter and skim milk powder. The marketing of milk in the Des Moines area requires the use of this plant to which producer deliveries are moved when not needed by handlers for Class I purposes. The service to the market provided by maintaining a plant such as is operated by the Des Moines producer association is necessary to insure orderly marketing in the proposed area.

In view of the above, it is concluded that the best interest of the market would be served by providing that a plant operated by a cooperative association whose membership represents more than one-half of the total number of producers shipping to the pool plants of other handlers during the month should be a pool plant for such month.

A pool plant or a distributing plant which is not a pool plant should be defined as an "approved plant", thereby including in one designation all plants for which reports are required to be submitted to the market administrator. Such a definition will enable the market administrator to use the same report forms for all distributing plants, both pool and nonpool. In addition, it will facilitate formulating the language in the various order provisions as they apply to such plants, especially with respect to those distributing plants which are not pool plants.

Some handlers in the market receive milk from both Grade A and ungraded producers. Where such an operation takes place, it is generally the practice of the handler to maintain the ungraded operation physically apart from that of his Grade A operation. The handler who operates an ungraded plant which is in the adjoining or same building as his Grade A plant should not be restricted in the operation of his ungraded plant to any greater degree than the operator of any other ungraded plant. However, proper safeguard should be provided in the order to insure that the ungraded and graded portions of a plant operated by the same handler are maintained as separate entities. It is concluded, therefore, that if a portion of a plant is physically apart from the Grade A portion of such plant, is operated separately and is not approved by any health authority for the receiving, processing or packaging of any fluid milk product for Grade A disposition, it should not be considered a part of a pool plant. However, if the graded and ungraded operations of a plant are not maintained separately, the entire operation of such plant would be considered as that of a pool plant, and all ungraded milk received at such plant would be considered as other source milk received at a pool plant.

Some milk that is distributed in the marketing area is from plants which are fully subject to the classification and pricing provisions of other Federal milk marketing orders. It is not necessary to extend full regulation under this order to such plants which dispose of a major portion of their receipts in another regulated marketing area. To do so would subject such plants to duplicate regulation. However, in order that the market administrator may be fully apprised of the continuing status of such a plant, the operator thereof should, with respect to the total receipts and utilization or disposition of skim milk and butterfat at the plant, make reports to the market administrator at such time and in such manner as the market administrator may require and allow verification of such reports by the market administrator.

Handler. Handler should be defined as any person in his capacity as the operator of one or more approved plants. The definition should also include any cooperative association with respect to producer milk diverted for the account of such association from a pool plant to a nonpool plant.

A handler is the person who receives approved milk and who is responsible for reporting the receipts, utilization and payment thereof. A cooperative association which markets the milk of its members may for short periods of time need to divert such milk from a pool plant to a nonpool plant. If the association is defined as a handler for such milk, even though it has no plant, the producers whose milk is so diverted will continue to receive the uniform price under the order and their production will be available to the market for fluid use when needed.

A handler operating more than one approved plant should be required to report separately for each plant so that its pool plant status can be determined each month by the market administrator. If a handler operates a plant not associated with the regulated market, he would not be a handler with respect to such plant.

Approved dairy farmer. Approved dairy farmer should mean any person, except a producer-handler, who produces milk in compliance with the Grade A inspection requirements of a duly constituted health authority, which milk is received at an approved plant.

Producer. Producer should mean an approved dairy farmer whose milk is received at a pool plant.

Fluid milk product. Fluid milk product should mean milk, skim milk, buttermilk, milk drinks (plain or flavored) cream or any mixture in fluid form of skim milk and cream (except aerated cream products, ice cream mix, evaporated or condensed milk, and sterilized products packaged in hermetically sealed containers). The items designed as fluid milk products pursuant to this definition are those products which when disposed of by handlers are considered as Class I milk.

Approved milk. Approved milk should be defined as all skim milk and butterfat contained in milk received at an approved plant directly from approved dairy farmers or diverted from an approved plant to a nonpool plant. Milk transferred to an approved plant from the plant of another handler should not be included in the approved milk definition. When receipts at a shipping plant are from approved dairy farmers and from other sources, the milk is intermingled and it cannot always be ascertained whether the milk being moved is that from approved dairy farmers, from other sources or a mixture of the two.

When approved milk is not needed in the market for Class I purposes, the movement of such milk to a nonpool plant for manufacturing purposes should be facilitated. Allowing for unlimited diversion during those months when reserve supplies of milk are heaviest will contribute to this end. Unlimited diversion is neither necessary nor desirable during the other months of the year when approved milk regularly associated with the market is needed to supply the Class I needs of the market. It is necessary, however, to provide for limited diversion during such months to enable handlers to divert approved milk on such occasions as weekends or holidays when the milk is not needed in the market for Class I purposes.

Provision should be made so that the approved milk regularly received at an approved plant may be diverted for the account of a handler to a nonpool plant any day during the flush production months and on not more than the numbers of days that milk was delivered to an approved plant from the farm of the approved dairy farmer during any other months and still retain approved milk status under the order. Diverted milk should be deemed to have been received at the plant from which it was diverted.

Producer milk. Producer milk should be defined as approved milk which is received at a pool plant.

Other source milk. Other source milk should be defined as all skim milk and butterfat contained in or represented by fluid milk products utilized by the handler in his operations except approved milk, fluid milk products received from pool plants, and inventory at the beginning of the month. Thus, other source milk would represent skim milk and butterfat which is not subject to the pricing provisions of this order during the month. It would include all milk products from plants other than pool plants and all manufactured dairy products from any source which are reprocessed or converted into another product during the month. It would include those manufactured products from a plant's own production which are made and are reprocessed or converted into another product during the same or a later month.

Producer-handler. Producer-handler should be defined as any person who operates a dairy farm and a distributing

plant but who, during the month, receives no approved milk or other source milk at such plant. The order is not intended to establish minimum prices for such operators, but they should be required to make reports to the market administrator. Such reports are necessary to make a determination as to whether the operator is a producer-handler and to facilitate accounting with respect to the transfer of milk from other handlers.

It was proposed by producers that the plant of a producer-handler from which an average of more than 1,000 pounds of milk daily is disposed of in the marketing area should be a pool plant. Proponents claimed that under an order such a producer-handler would have the benefit of a share of the Class I market without carrying his fair share of the burden of surplus for the market. This was not substantiated on the record in connection with current or prospective marketing conditions in the proposed marketing area.

No testimony was presented describing the operations of the various producer-handlers now on the market, including such producer-handlers, if any, distributing an average of more than 1,000 pounds of milk daily in the marketing area. However, it was stated by proponents that unless their proposed producer-handler definition is adopted an additional number of producers would come on the market as producer-handlers, bringing about unstable and demoralized marketing conditions. The information contained in the hearing record does not justify this conclusion.

Classification provisions of the proposed order should provide that any milk, skim milk, or cream transferred from an approved plant to the plant of a producer-handler will be Class I milk. Any supplemental supplies of milk which may be obtained from such plants may, by virtue of the type of operation involved, be presumed to be needed by the producer-handler for fluid use and should be classified in the supplying handler's plant as Class I milk. A producer-handler may receive milk from approved plants and still maintain his status as a producer-handler. Pursuant to the proposed order, any milk which a handler receives from a producer-handler would be other source milk and would, therefore, be allocated to the lowest class utilization at the pool plant of a handler after the allocation of shrinkage on approved milk. Milk disposed of to another handler by a producer-handler would normally be surplus to the operation of the producer-handler.

(b) *Classification of milk.* Milk and milk products received by handlers should be classified on the basis of skim milk and butterfat according to the form in which, or the purpose for which such skim milk and butterfat was used or disposed of as either Class I milk or Class II milk.

Milk is received at approved plants directly from approved dairy farmers, from other handlers, and from other sources. Milk from all of these sources is intermingled in handlers' plants. It is necessary, therefore, to classify all receipts of milk to afford a means to establish the classification of approved milk and to apply the classified price plan.

The products which should be included in Class I milk are those generally required by health authorities in the marketing area to be obtained from milk or milk products from approved "Grade A" sources. The extra cost of getting quality milk produced and delivered to the market in the condition and quantities required makes it necessary to provide a price for milk used in Class I products somewhat above the ungraded or manufacturing milk price. This higher price should be at such a level as will yield a blend price to farmers that will encourage production of enough milk to meet market needs.

Milk not needed for Class I purposes is utilized in the manufacture of various dairy products which are sold in competition with the same products made from ungraded milk. Milk so used should be classified as Class II milk and priced in accordance with its value in such outlets.

In accordance with these standards, Class I milk should comprise all skim milk (including concentrated and reconstituted skim milk) and butterfat disposed of in the form of milk, skim milk, buttermilk, milk drinks, (plain or flavored), cream and any mixture in fluid form of skim milk and cream (except aerated cream products, sour cream, ice cream mixes, evaporated or condensed milk, and sterilized products packaged in hermetically sealed containers); and skim milk and butterfat not accounted for as Class II milk.

Class I products which contain concentrated skim milk solids, such as skim milk drinks to which extra solids have been added or concentrated whole milk disposed of for fluid use, would be included under the Class I milk definition. Products such as evaporated or condensed milk packaged in bulk or in hermetically sealed cans would not be considered as concentrated milk.

All skim milk and butterfat used to produce products other than those classified in Class I milk should be Class II milk. Included as Class II milk are products such as ice cream, ice cream mix and other frozen desserts and mixes; aerated cream products, sour cream, butter, cheese (including cottage cheese); evaporated and condensed milk (plain or sweetened); nonfat dry milk solids, dry whole milk, condensed or dry buttermilk; and any other products not specified as Class I milk. The health ordinances applicable in the marketing area do not require that these products be made from Grade A milk.

Handlers have inventories of milk and milk products at the beginning and end of each month which enter into the accounting for current receipts and utilization. The accounting procedure would be facilitated by providing that month-end inventories of all fluid milk products be classified in Class II milk. Such inventories would be substracted under the proposed allocation procedure, from any available Class II milk in the following month. The higher use value of any fluid milk products in inventory which are allocated to Class I milk in the following month should be reflected in returns to producers. The mechanics of the attached order provide for the reclassification of inventories on that basis.

Inventories should include all the skim milk and butterfat in fluid milk products, whether in bulk or in packages. Since the disposition of skim milk and butterfat in non-fluid milk products had been accounted for when used to produce a manufactured dairy product (and classified as Class II milk), such skim milk and butterfat should not be included in inventories.

Inventories of fluid milk products on hand at an approved plant at the beginning of any month during which such plant becomes an approved plant for the first time should likewise be allocated to any available Class II utilization of the plant during the month. This will preserve the priority of assignment of current approved milk receipts to current Class I use.

Skim milk which is dumped or disposed of for livestock feed should be classified as Class II milk. The only outlets for surplus skim milk for many handlers are located at considerable distances from their processing plants. Transportation costs are such that it is uneconomical for these handlers to ship relatively small quantities of unneeded skim milk to such outlets.

It would not be practicable to permit in an unlimited manner the dumping of skim milk by pool plant handlers. Neither would it be appropriate to classify such skim milk, for which no better outlet is available, in other than Class II. Accordingly, the order should clearly specify a Class II classification for skim milk dumped, with a proviso that the market administrator be notified in advance and be afforded the opportunity to verify the dumping.

Shrinkage should be determined by subtracting from the total pounds of skim milk and butterfat received by the handler his total established utilization of skim milk and butterfat, respectively. Shrinkage not in excess of 2 percent of the handler's receipts of approved and other source milk should be prorated between approved and other source milk on the basis of the pounds received from each source. None of the shrinkage should be assigned to milk received from other approved plants because shrinkage on such milk would be allowed to the transferring handler. A plant which is operated in a reasonably efficient manner, and for which complete and accurate records of receipts and utilization are maintained, should have total shrinkage of less than 2 percent of total receipts. It is concluded that shrinkage which is not more than 2 percent of total receipts of approved and other source milk should be classified as Class II milk and any shrinkage in excess of this quantity should be classified as Class I milk.

Skim milk and butterfat are not used in most products in the same proportions as contained in the milk received from farmers, and therefore should be classified according to their separate uses. The skim milk and butterfat content of

milk products received and disposed of by a handler can be determined through certain testing procedures. Some products such as ice cream and condensed products present a difficult problem of testing in that some of the water contained in the milk has been removed. It is desirable, in the case of such products, to provide an acceptable means of ascertaining the amount of skim milk and butterfat contained in, or used to produce, these products. This may be accomplished through the use of appropriate plant records or by means of standard conversion factors of skim milk and butterfat used to produce such products. The accounting procedure to be used in the case of any concentrated milk product such as condensed milk or nonfat dry milk solids should be based on the pounds of milk or skim milk required to produce such product.

Butterfat and skim milk used to produce Class II products should be considered to be disposed of when so used. Handlers will need to maintain stock records on such products, however, to permit audit of their utilization records by the market administrator. Class II products from any source used in the production of any product, including products in Class I milk, should be considered to be a receipt of other source milk. This will maintain priority of assignment of current receipts of approved milk to Class I utilization.

Each handler must be held responsible for a full accounting of all his receipts of skim milk or butterfat in any form. A handler who first receives milk from approved dairy farmers should be responsible for establishing the classification of and making payment for such milk. Fixing responsibilities in this manner is necessary to effectively administer the provisions of the order.

Except for such limited quantities of shrinkage, which under certain conditions (as set forth elsewhere in this decision) may be classified in Class II, all skim milk and butterfat which is received and for which the handler cannot establish utilization should be classified as Class I milk. This provision is necessary to remove any advantage to handlers who fail to keep complete and accurate records and to assure that dairy farmers receive payment for their milk on the basis of its use. Accordingly, the burden of proof should be on the handler to establish the utilization of any milk as other than Class I.

Transfers. Classification of butterfat and skim milk used in the production of Class II milk items should be considered to have been established when the product is made. Classification of Class I milk should be established when the butterfat or skim milk is disposed of. However, some Class I items may be disposed of to other plants for Class II use. Classification of any product so transferred to another plant should, under certain circumstances, be determined according to its utilization in the plant to which transferred.

Fluid milk products transferred by a handler to a pool plant should be classified as Class I milk unless utilization as Class II milk is claimed for both plants on the reports submitted for the month to the market administrator. However, sufficient Class II utilization must be available at the transferee-plant for such assignment after prior allocation of shrinkage and other source milk. Moreover, if other source milk had been received at either or both plants during the month, the skim milk or butterfat in fluid milk products involved in such transfer should be classified at both plants so as to allocate the greatest possible Class I utilization to the producer milk at both plants.

Fluid milk products transferred or diverted to a nonpool plant should be classified as Class I milk unless certain conditions are met. The operator of the nonpool plant, if requested, should make his books and records available to the market administrator for the purpose of verifying the receipts and utilization of milk in such nonpool plant. Provision for verification by the market administrator is reasonable and necessary to insure proper application to the classification procedures prescribed in the order.

In order to classify such transfers or diversions as Class II milk the fluid milk products disposed of from the receiving nonpool plant should not exceed the receipts of skim milk and butterfat in milk received during the month from dairy farmers directly supplying such plant. However, if the fluid milk products disposed of from the receiving nonpool plants exceeds the receipts of skim milk and butterfat from dairy farmers regularly supplying such plant, the difference should be assigned to the fluid milk products transferred or diverted from an approved plant and classified as Class I milk. If the transfers and diversions to the nonpool plant during the month are from two or more plants subject to the provisions of this and other orders issued pursuant to the act, the skim milk and butterfat assigned to Class I milk at each such approved plant under the Des Moines order should be not less than that obtained by prorating the assignable Class I milk at the nonpool plant over the receipts from all plants subject to the provisions of this and other orders issued pursuant to the act.

The method herein recommended for classifying transfers and diversions from approved plants to nonpool plants accords equitable treatment to Des Moines order handlers and gives appropriate recognition to handlers in other regulated markets in the classification of milk transferred to a common nonpool plant. Giving priority to dairy farmers directly supplying a nonpool plant recognizes that they are the regular and dependable source of supply of milk for fluid use at such plant. The proposed method of classification will safeguard the primary functions of the transfer provision of the order by promoting orderly disposal of reserve supplies and in assuring that shipments to nonpool plants will be classified in an equitable manner.

The provision for classifying fluid milk products as Class II milk should not be extended to include milk transferred or diverted to nonpool plants located more than 150 miles from the nearest of the Post Offices of Corydon, Creston, Des Moines, Grinnell, Jefferson, and Ottumwa. The area thus described is adequate to dispose of reserve milk for Class II uses. Fluid milk products moving greater distances are normally for Class I use.

When milk or skim milk in bulk has been transferred or diverted to a nonpool plant located not more than 150 miles from Corydon, Creston, Des Moines, Grinnell, Jefferson, and Ottumwa, the market administrator is required to verify the utilization claimed by such nonpool plant. It may reasonably be expected that the market administrator will be able to make such verification within such "surplus disposal area" without incurring undue expense. It would not, however, be administratively feasible or otherwise justifiable to have a surplus disposal area of unlimited expanse or to cover a geographical area which is larger than that provided herein. Making such provision might tend to make unreasonable demands on the market administrator in connection with the verification of occasional or irregular shipments to nonpool plants located beyond the area wherein handlers who would be subject to the Des Moines order normally dispose of reserve supplies of milk for Class II purposes.

As stated elsewhere in this decision, any fluid milk product transferred to a producer-handler should be classified in Class I and should not be subject to reclassification.

Allocation. The order provides for determining the value of approved milk at a plant each month on the basis of the classification of such milk. It is necessary, therefore, if a plant has butterfat or skim milk other than that received in milk from approved dairy farmers, to determine the quantities of milk in each class to be assigned to approved milk.

The milk of approved dairy farmers who are primarily engaged in supplying the market should be given priority in the assignment to the Class I utilization at approved plants. This is necessary to insure the stability of the classified pricing program of the order. If the order permitted handlers to obtain other source milk whenever it was advantageous to do so for Class I use while approved milk in the plant was utilized in Class II, the order would not be effective in carrying out the purpose of the act. Also, the market would be deprived of a dependable supply of milk.

Other source milk from ungraded sources should be assigned to Class II milk first. The plants supplying such milk may not have purchased such milk from dairy farmers on a classification and use basis and it is not feasible to determine this or other conditions of sale. There is no assurance that such milk would not be used to displace approved milk in Class I to the advantage of the purchasing handler.

When supplemental supplies are obtained under conditions which assure that such supplies were paid for at Class I prices under another Federal order, a limited priority of assignment to Class I

should be permitted under the order. Accordingly, provision should be made that 5 percent of approved milk may be assigned to Class II before any assignment of Federally regulated other source milk to such class. This will permit a handler whose approved milk supplies run short to bring in milk from other Federal order markets and have it assigned to Class I, even though he has a small amount of reserve milk in his plant. Such other source milk will be assigned to any Class I milk in excess of 5 percent of approved milk. This is necessary to assure approved dairy farmers that no more than the necessary reserve supplies will be allocated to Class II use when supplemental supplies are imported from other regulated markets.

If after making the prescribed assignments of skim milk and butterfat pursuant to the allocation provisions of the order, the total of all Class I and Class II milk assigned to approved milk exceeds the amount of approved milk reported to have been received at a plant, such "overage" should be assigned first to the available Class II utilization and any remainder to Class I. The value of such overage should be computed at the applicable class prices.

(c) *Class prices.* Class I prices should be established at a level which, in conjunction with the Class II prices hereinafter concluded to be appropriate, will result in returns to producers high enough to maintain an adequate but not excessive supply of quality milk to meet the requirements of the marketing area. If prices remain too low, insufficient quantities of milk will be produced to assure that the Class I market will be fully supplied. Conversely, if prices are too high, production will be overstimulated and consumption curtailed. This would cause more milk to be produced than is needed to satisfy the demand for Class I milk, resulting in the development of unnecessary and uneconomic surpluses.

When milk produced locally is insufficient to meet the Class I needs of the market, supplemental supplies of Grade A milk are purchased by handlers in the marketing area from plants outside the regular supply area. Other items which influence the prices at which such milk will be available to Des Moines order handlers include the cost of transporting such milk to the marketing area and the alternative outlets for such milk.

Proper recognition must be given the prices at which alternative sources of supply are available, especially since any milk plant wherever located may, by meeting the prescribed qualifications, become a pool plant under the order. It is necessary, therefore, that the Class I prices in the proposed Des Moines milk marketing order should not be set at levels which will bring the cost of such milk above the cost of obtaining regular and dependable Grade A milk supplies from other areas.

Both producers and handlers emphasized in their testimony that the Class I price in the Des Moines order should be appropriately aligned with the Class I prices in nearby markets, especially with those Iowa markets under Federal milk marketing orders. There are six Federal milk orders currently in effect in Iowa: the so-called Missouri Valley Federal order markets of Omaha-Lincoln-Council Bluffs and Sioux City in the extreme western part of the state; the so-called Mississippi Valley Federal order markets of Quad Cities, Dubuque, and Cedar Rapids-Iowa City in the eastern part of the state; and the recently established North Central Iowa order market.

The Cedar Rapids-Iowa City order was amended effective August 1, 1957, to provide for a Class I price 15 cents above the Chicago order Class I price. This is the same as the price contained in the North Central Iowa order which became effective October 1, 1957. Since May 1, 1957, the Quad Cities order Class I price has been computed by adding 20 cents to the Chicago order Class I price and the Dubuque order Class I price is 10 cents below that of the Quad Cities order. For the year ending May 31, 1957, the Chicago Class I price per hundredweight of 3.5 percent milk averaged 4.01.

The average Class I prices per hundredweight of 3.5 percent milk under the Omaha-Lincoln-Council Bluffs and Sioux City orders for the year ending May 31, 1957, were $4.52 and $4.61, respectively.

Des Moines is the principal point from which milk is distributed in the proposed marketing area. Handlers in the city of Des Moines obtain their supplies from producer members of the Des Moines Cooperative Dairy, whose 1100 Grade A producers represent about 75 percent of the dairy farmers who would be producers under the attached order. The price paid to the Des Moines Cooperative by handlers for milk for fluid use received from its members is computed each month by adding 15 cents to the average of the Omaha-Lincoln-Council Bluffs order Class I price and a price patterned after the Quad Cities order Class I price. For the year ending May 31, 1957, the price paid by Des Moines handlers for milk for fluid use averaged $4.50 per hundredweight of 3.5 percent milk.

For the year ending May 31, 1957, the "base price" per hundredweight of 3.5 percent milk paid to the 139 producers supplying Ottumwa handlers—Beatrice Foods, Wapello Dairy, and Williams Dairy—averaged $4.07, $4.10 and $4.15, respectively. In some instances milk paid for as base milk by these handlers was utilized in the manufacture of ice cream and cottage cheese.

Boone Dairy, which receives milk from 31 producers, is the largest handler in Boone. This handler pays a Class I price of $4.40 for 3.5 percent milk. However, only bottled whole milk is considered in the Class I milk category by the handler. Milk used for fluid cream and other products which would be Class I under the proposed order are paid for at a lower price by Boone Dairy.

The three handlers in Ames receive milk from about 65 producers. The price for "base milk" paid to their producers is $4.00 per hundredweight of 3.5 percent milk. In addition to this base price, one Ames handler pays his producers a 20-cent per hundredweight quality premium.

Waterloo, Fort Dodge and Marshalltown are major cities in the North Central Iowa marketing area. Handlers in each of these communities are in competition with various handlers who would be regulated by the proposed Des Moines order. Although Des Moines order handlers sell in competition with Waterloo handlers in a number of places outside the proposed marketing area, Des Moines order handlers are in substantially greater competition with Marshalltown handlers.

Marshalltown, which is 51 miles northeast of Des Moines, is less than 15 miles from the nearest point in the proposed Des Moines marketing area. Waterloo is 52 miles northeast of Marshalltown. Fort Dodge, 88 miles north of Des Moines, is about 25 miles from the nearest point in the proposed Des Moines marketing area.

Marshalltown distributors are in competition with Des Moines order handlers both in and outside the proposed marketing area. In addition, there is an overlapping of the production areas for both markets.

Both Cedar Rapids and Iowa City are 119 miles east of Des Moines. There is some overlapping of the sales areas served from plants in the city of Des Moines and those under the Cedar Rapids-Iowa City order. There is, however, substantially greater competition for sales at various localities between Cedar Rapids-Iowa City handlers and other handlers who would be regulated by the proposed order, especially Ottumwa handlers.

Council Bluffs is 135 miles west of Des Moines and about 70 miles west of the nearest point in the Des Moines marketing area. The territory between Des Moines and Council Bluffs is not heavily populated and there is relatively little overlapping of the sales territories served by Omaha-Lincoln-Council Bluffs handlers and those who would be regulated by the Des Moines order.

Sioux City is 193 miles from Des Moines. No Sioux City handlers compete for sales in any territory served by handlers who would be regulated by the Des Moines order and there is no overlapping of the production areas for these markets.

Producers proposed a Class I price per hundredweight of 3.5 percent milk that would be computed each month by adding $1.40 to a basic formula price, which basic formula price would be the higher of either the average of the prices paid by specified midwestern condenseries or a price based on a butter-powder formula. For the year ending May 31, 1957, a price thus computed would have averaged $4.46. This price, although averaging 4 cents below that received by the Des Moines Cooperative for Class I sales to handlers during the same period, is 30 cents above the average price of $4.16 which would have been obtained by using the Class I pricing formula now contained in the North Central Iowa and Cedar Rapids-Iowa City orders.

In justification of the price level requested, producers stated that it costs more to produce milk in the production area for the Des Moines marketing area than in the milkshed for the North Central Iowa and Cedar Rapids-Iowa City markets. It was also argued that, historically, Class I prices in the proposed marketing area have been higher than in the eastern Iowa markets. It was claimed that the Class I price under the proposed order should be based primarily on local marketing conditions and not on the basis of the prices prevailing in nearby markets. Local conditions, it was argued, would justify a pricing basis and a Class I price level such as is now contained in the Omaha-Lincoln-Council Bluffs order. The average Class I price for 3.5 percent milk under that order for the year ending May 31, 1957, of $4.52 is comparable to the average price which was obtained for Class I milk by the Des Moines Cooperative Dairy in the same period and that which would have been realized by using the Class I formula proposed by the cooperative.

Handlers proposed that the level of the Class I price in the Des Moines order should be similar to that presently provided in the North Central Iowa and Cedar Rapids-Iowa City orders. The Class I price under these orders was proposed as an appropriate price for the Des Moines order by handlers even though it was testified by their representatives that currently and historically the Class I prices applicable to the major portion of producer milk purchased by them are higher than those in the North Central Iowa and Cedar Rapids-Iowa City orders. There were no proposals at the hearing for a Class I price lower than those prescribed in the North Central Iowa and Cedar Rapids-Iowa City orders.

There was no substantial objection from producers or handlers to using the Chicago order Class I price as a basis for computing the Class I price under the Des Moines order if the level of the price thus obtained would be equal to that proposed by them. In this connection, the producers stated that the Class I price under the proposed order should be equal to the Chicago Class I price plus 45 cents and the handlers claimed that a Class I price 15 cents above that in the Chicago order would be adequate.

The Chicago milkshed is one of the principal milk production areas in the United States. At various times throughout the year, especially during the months of low production, milk from this area is shipped great distances throughout the country. The Chicago order Class I price is used extensively as a recognized price quotation both locally and nationally. It is not uncommon to fix Class I prices in a market on the basis of the price in a major milk marketing area, such as Chicago, or on the basis of obtaining alternative sources of supply from such major market.

The Class I price under the Chicago order, which averages $4.01 for the year ending May 31, 1957, is determined on the basis of a "basic formula price" which reflects the value of milk for manufacturing purposes nationally. As such, it may be expected to be a most appropriate basis for use in establishing the Des Moines order Class I price, especially since handlers in this market must compete in various localities with handlers regulated by other orders whose Class I prices are based on the Chicago order Class I price. Unless handlers regulated by the Des Moines order are able to anticipate and project the prices they will be required to pay for Class I milk in relation to recognized and established price quotations used in major markets, they will be at a disadvantage with handlers from other markets in competing for Class I sales beyond the confines of the marketing area. Determining the Des Moines order Class I price on a direct relationship with the Chicago order Class I price will provide an economically sound pricing basis.

In order to insure the maintenance of an adequate supply of milk for the Des Moines market it is necessary that the Class I price for such market be appropriately aligned with the Class I prices in the eastern Iowa order markets. The principal factor used in computing the Class I price in the Eastern Iowa order markets is the Chicago order Class I price.

In the recommended decision it was proposed that the Class I price be at the level of the Chicago Class I price plus 30 cents. This Class I price would be applicable to all plants located in the "base zone", which should be defined to include all the territory within the boundaries of Polk County, Iowa. The Class I price for milk received from approved dairy farmers at plants outside the base zone as proposed in the recommended decision would be 5 cents less.

Polk County, in which is located the city of Des Moines, is the most heavily populated county in Iowa. Although the 8 handlers whose plants are in Polk County distribute about three-quarters of all milk sold in the entire proposed marketing area, approximately 60 percent of the Class I sales from these plants are to retail and wholesale customers in Polk County. Producers shipping to plants in Polk County must pay more for hauling their milk than do their neighbors supplying plants in the more rural communities in the marketing area. Consequently, prices which have been paid for producer deliveries to plants in Polk County have been higher than those paid to producers delivering to plants at other locations in and near the marketing area.

Exceptions to the recommended decision claim that a Class I price in the base zone at the level of the Chicago order Class I price plus 30 cents is inappropriate. It was pointed out that this price is at least 15 cents below that proposed by producers and is an even greater amount below the price that handlers in the city of Des Moines have been paying for Class I milk. It was also stated that, historically, the prices paid by handlers in the base zone have been significantly greater than those paid by other handlers who would be regulated by the proposed order. The exceptions to the recommended decision with respect to the Class I price for milk received at plants outside the base zone indicate that such price should be at least 10 cents lower than in the base zone.

In view of the above stated consideration, it is concluded that the intent of the act will best be effectuated by fixing the Class I price at the level of the Chicago Class I price plus 35 cents at plants in the base zone and at a 10-cent lower rate at other plants.

This pricing gives consideration to the overall historical relationship of prices in the various communities in and near the marketing area. The level of prices thus obtained at the various localities where milk is received from producers should be helpful toward insuring the maintenance of orderly and stable marketing conditions throughout the territory where milk is distributed by Des Moines order handlers.

Class II price. Some milk in excess of Class I requirements is necessary in order to maintain an adequate supply of fluid milk for the market on an annual basis. The Class II price for such excess milk should be maintained at the highest level consistent with facilitating its movement to manufacturing outlets when it is not needed in the market for Class I purposes. The Class II price should be at such a level that handlers will accept and market whatever quantities of milk in excess of Class I needs may arise from time to time. The price, however, should not be so low that handlers will be encouraged to procure milk supplies solely for the purpose of converting them into Class II products.

Producers proposed a Class II price, based on a butter-powder formula which would be calculated each month as follows: (1) Multiply the Chicago 92-score butter price quotation for the month by 4.24, (2) multiply by 8.2 the weighted average of carlot prices for non-fat dry milk solids for human consumption, spray process, f. o. b. manufacturing plants in the Chicago area as published for the period from the 26th day of the immediately preceding month through the 25th day of the current month, and (3) add the amounts obtained in the above computations and subtract 75.2 cents therefrom. This formula, except for using the 92-score instead of 93-score price quotation, is used in computing the Class IV milk price under the Chicago order. For the year ending May 31, 1957, the monthly prices which would have been obtained by using this formula averaged $3.04. The monthly Class IV milk prices under the Chicago order for the same period also averaged $3.04.

The Class II price in the North Central Iowa, Cedar Rapids-Iowa City, Quad Cities, and Dubuque orders is based on the average of the pay prices at seven specified manufacturing plants, six in Illinois and one in Iowa. Of these, the Carnation Company plant at Waverly, Iowa, about 115 miles from Des Moines, is nearest the proposed marketing area. It was suggested at the hearing that the average of the prices paid by these manufacturing plants would be a suitable basis for determining the Class II price under the Des Moines order. For the year ending May 31, 1957, an average Class II price of $3.07 would have been realized by using these pay prices.

Each handler in the city of Des Moines receives daily only as much producer milk as is needed on that particular day for his fluid operations. Producer milk that handlers do not take is delivered to the plant of the Des Moines Cooperative Dairy. This plant, which has facilities for receiving, holding, and manufacturing large quantities of milk, is by a wide margin the leading user of milk for manufacturing purposes in the area. Although a number of dairy products are manufactured at this plant, the principal disposition of milk received at this plant is in the manufacture of butter and skim milk powder. In addition to receiving the Grade A milk of its members when it is not needed by handlers for Class I purposes, the cooperative receives substantial quantities of milk from ungraded dairy farmers for manufacturing purposes. The prices paid for ungraded milk of 3.5 percent butterfat range from $2.30 to $3.00 per hundredweight, depending on the quality of the milk. The 3.5 percent price paid by this cooperative to its producers for manufacturing purposes was $3.00 at the time of the hearing and averaged $2.94 for the year ending May 31, 1957. The actual returns to Grade A producers for milk for manufacturing purposes is further increased by the "13th check" which is paid annually to Grade A producers by the cooperative.

There is much variation in the handling and marketing of surplus milk by the various handlers in the marketing area outside the City of Des Moines. A significant proportion of the milk utilized for Class I purposes in the market is handled at plants with extremely limited manufacturing facilities. However, a relatively large number of plants which would be pool plants under the order maintain manufacturing operations, especially for such items as ice cream and cottage cheese. Throughout the year, particularly in the spring months of heavy production, producer milk not needed by some handlers is moved to manufacturing plants by the handler who regularly receives the milk or by the cooperative association responsible for marketing such producer milk. Producers are generally paid whatever is realized in the sale of such milk. In a number of instances, payments to producers for "over base" milk utilized for manufacturing purposes or otherwise disposed of follows no consistent pattern.

Throughout the milkshed area there are a number of plants which are primarily manufacturing plants and which would not be subject to the order. These plants, which include Story City Cooperative Creamery at Story City, Farmers Cooperative Creamery at Corning, Brooklyn Cooperative Creamery at Brooklyn, Lytton Cooperative Creamery at Lytton, and Hudson Cooperative Creamery at Hudson, are engaged principally in the manufacture of butter, skim milk powder and ice cream mix. These plants are all potential outlets for surplus milk from plants which would be regulated by the Des Moines order. Complete information was not submitted with respect to the prices paid by the various manufacturing plants in the area.

Prices paid by manufacturing plants may differ because of changes in the relative prices of the product which they manufacture and because of variations in the quantities of milk available for manufacturing purposes. Handlers will dispose of excess milk to those plants which are paying the highest price at the time of such disposal. Because of smaller volume and inefficient means of handling, it is possible that some handlers may at times incur losses in handling their necessary reserve supply of milk. The handling of such reserve milk is incidental, however, to the handling of fluid milk.

Elsewhere in this decision the need for maintaining an alignment of the Des Moines order Class I price with those in the eastern Iowa Federal order markets is emphasized. Providing for such alignment with respect to the Class II price for the Des Moines marketing area is no less necessary. However, the various manufacturing plants whose pay prices are used in computing the Class II price in the eastern Iowa order markets are relatively far from the marketing area and do not have any significant association with the Des Moines order market. Moreover, the disposition of surplus milk under the proposed order would be preponderantly in the manufacture of butter and skim milk powder. Established price quotations for both these products are available and can be used appropriately in computing a Class II price under the Des Moines order. Such a price under the formula proposed by producers, experience has indicated, would result in a price approximating the level of that provided in the eastern Iowa orders. Accordingly, it is concluded that the Class II price under the proposed order should be established by using the quotations for 93-score butter at Chicago and for nonfat dry milk powder on the basis of the formula proposed by producers. Although the price resulting from this formula will in some instance be above that which has been obtained by various handlers for producer milk disposed of for manufacturing purposes, the price here proposed reasonably approximates that which producers in the milkshed have been receiving for such milk and appropriately reflects the value of milk for manufacturing purposes in the area.

Provision is made in the attached order to permit a handler to divert directly to manufacturing plants any milk not needed in his own operations. Handlers who need and desire the entire output of producers during periods of short supply should assume the responsibility of paying producers at least the competitive manufacturing prices for Class II milk throughout the year.

Butterfat differentials. Provision is made elsewhere in this decision that butterfat and skim milk should be accounted for separately for classification purposes. It will be necessary, therefore, to adjust Class I and Class II prices of milk in accordance with the average test of milk in each class by a butterfat differential which will reflect differences in value due to variations in the butterfat content of each product.

The butterfat differential having the greatest application throughout the Des Moines marketing area is 6 cents for each one-tenth of one percent butterfat in a hundredweight of milk. This is the rate used by the Des Moines Cooperative Dairy, the organization representing 1,100 of the approximately 1,450 Grade A dairy farmers on the market. The Farmers Cooperative Creamery at Corning uses the 6-cent differential not only in paying its Grade A farmers but also in making payment for the large quantities of milk received from ungraded farms. A rate of 5.9 cents is used in Ottumwa. Although applicable to a considerably smaller proportion of the total quantity of milk produced for the marketing area, a 7-cent differential is used by handlers in Ames, Boone, and Corydon. The practice followed throughout the area is to pay farmers the same differential for all milk shipped irrespective of its use.

The values, to the nearest one-tenth cent, resulting from multiplying the 92-score Chicago butter price by 0.120 for Class I milk and by 0.110 for Class II milk, will obtain butterfat differentials which will approximate on an overall basis those which have been used in the market and will provide an appropriate basis for adjusting class prices. The use of butter prices in this manner will reflect changes in the central market prices of butterfat and follows standard practices in most fluid milk markets for adjusting for butterfat variations. The basing point from which adjustments are made should be 3.5 percent butterfat. This is the basis having widest acceptance in the Des Moines marketing area.

The lower butterfat differential for Class II milk will facilitate the movement of butterfat in the reserve supply of milk to manufacturing outlets and thereby eliminate the potentialities of unstable marketing conditions which milk without a market tends to create. The butterfat differential value of 110 percent of the Chicago butter price should be high enough so as not to give an unnatural incentive to the movement of butterfat to the manufacture of butter and Cheddar cheese at the expense of preferred outlets such as for condensed milk and frozen desserts. Moreover, at the recommended rate, the cost of butterfat in the market will be competitive with butterfat from alternative sources of supply.

In order that it may be known early each month, the Class I differential would be based on the average price of butter in the preceding month. This will permit announcement of the applicable butterfat differential at the same time that the Class I price is announced.

The Class II price and butterfat differential will not be announced until after the end of the month. Although handlers will not know the exact cost of such milk as it is utilized, they will know that their cost will tend to follow movements in daily or weekly dairy product prices and, in any event, the cost of milk of their principal competitors for manufactured product outlets.

The butterfat differential used in making payments to producers should be calculated at the average of the return actually received from the sale of butterfat in producer milk. The rate to be used for this purpose would be the average of the Class I and Class II differentials weighted by the proportion of butterfat in producer milk classified in each class. Thus, producer returns for butterfat will reflect the actual sale value of their butterfat at the class prices provided in the order. The producer butterfat differential in no way affects the handlers' cost of milk but merely prorates returns among producers whose milk differs in butterfat test.

Location differentials. A schedule of location differentials should be incorporated in the order to provide an appropriate adjustment of order prices at the location of any plant from which milk is moved to the marketing area.

It would be neither practicable nor economically justifiable to require each handler to pay the same minimum class prices for milk regardless of the location of his plant in relation to the marketing area. With the same class prices applicable, milk received at a plant outside the marketing area and moved to the marketing area for processing and packaging may be expected to be more costly to a handler than milk received directly from producers at his processing plant in the marketing area. In the same manner, additional transportation costs would be incurred by the operator of a plant from which packaged milk is moved a relatively long distance to the marketing area. Unless provision is made in the order for the application of location differentials, producers delivering milk to plants located at some distance from the marketing area would be paid the same uniform prices as producers delivering to plants in the marketing area.

It is economically more feasible to meet the needs of the market for fluid purposes from those farms or plants nearest the market before bringing in milk from more distant plants. The value of milk to the market for fluid purposes is greater at the location of a plant in the marketing area which packages it for distribution than at a plant from which milk must be moved to the marketing area for Class I uses. Recognition in the order through the medium of a location differential should be given to this difference in value.

So as to be equitable to all handlers the minimum Class I price to be paid for producer milk should not be dependent upon the type of plant receiving the milk. However, to the extent that milk is received elsewhere from producers and brought to the marketing area by a handler, the handler has assumed a transportation cost which might otherwise be borne by producers. Accordingly, the Class I price should be adjusted downward in the case of a plant which assumes the cost of hauling milk to the marketing area.

It is customary, in both regulated and unregulated markets, for handlers to pay producers delivering milk to plants farther removed from the market a lesser price per hundredweight than is paid producers delivering directly to plants in or near the marketing area. To the extent that this represents a lower price because of the location of the milk, such difference in value should be recognized under the order.

It was suggested that the location differential adjustment provision in this order be patterned after those contained in the Quad Cities and North Central Iowa orders. In the Quad Cities order, prices for Class I milk received from producers at a pool plant located more than 50 miles from the principal city (Rock Island, Illinois) in the marketing area is reduced by 10 cents for the first 65 miles or less and 1.5 cents for each additional 10 miles or fraction thereof that such plant is from the Rock Island City Hall. The applicable rates under the North Central Iowa order are the same as those for the Quad Cities except that the mileages are measured from the nearest of the city halls of the four principal cities from which milk is distributed throughout the marketing area.

Milk from approximately 40 producer members of the Des Moines Cooperative Dairy is received at a plant at Gowrie, Iowa, and transported from that country plant to the Des Moines Cooperative Dairy plant in Des Moines. The charge for this haul of approximately 75 miles is 20 cents per hundredweight. As might be expected, this rate is somewhat greater than that charged by commercial haulers specializing in hauling milk and milk products in tank trucks, since such companies generally carry relatively large and full loads. Such a company, the Dairyland Transport Corporation, charges 15 cents per hundredweight for a 70-mile haul.

It was proposed that a location differential deduction of 20 cents be applied to milk received at the Gowrie, Iowa, plant and that no other location differential be provided for in the order. Another proposal would base location differential adjustments on the distance of a plant from the city of Des Moines. The economic justification for these proposals was not established on the record. Moreover, it was shown that to adopt either of these proposals would unwarrantably create inequities among handlers.

In applying location differentials under the Des Moines order the mileage zone of a plant should be determined by its distance from the nearest of the cities of Corydon, Creston, Des Moines, Grinnell, Jefferson, and Ottumwa. These cities are so situated with respect to the overall marketing area so that basing location differential mileage zones from the nearest of them would be equitable to all handlers.

The post offices in each of these cities would be appropriate sites from which to measure the mileages used in applying location differential adjustments. Computing the location differential adjustments in this manner will reflect the value of the milk in relation to the nearest potential outlets in the marketing area and it may reasonably be expected that the source of the milk which is moved for regular distribution or as supplementary supplies would be nearer to the city to which the shipments were made than any other city in the marketing area. This method of arriving at location differential adjustments will result in values for milk at plants at different locations in such a manner as to promote the economical allocation of available supplies in accordance with location of such supplies with respect to the major consuming centers in the marketing area.

Because the Des Moines marketing area is spread over a relatively large territory and because milk distributed in the marketing area is moved great distances, it would be inappropriate to have location differential applicable at plants which are less than 60 miles from any of the cities named herein. Accordingly, it is concluded that the Class I price under the Des Moines order should be reduced by 10 cents for the first 75 miles and 1.5 cents for each additional 10 miles or fraction thereof with respect to producer milk received at a plant which is not less than 60 miles from the nearest of the post offices of Corydon, Creston, Des Moines, Grinnell, Jefferson and Ottumwa.

The location differential here recommended is economically sound and will be applicable to all handlers wherever located. The proposed rates are fundamentally the same as those contained in various other orders and are representative of the cost of hauling milk by an efficient means to the market.

Prices paid producers supplying plants to which location differentials apply should be reduced to reflect the lower value of such milk f. o. b. the point to which delivered.

As provided elsewhere in this decision the specified Class I price would be reduced by 10 cents for milk received at plants outside the base zone. It is appropriate, therefore, that the same amount should be deducted from the uniform price for producer milk delivered to these plants. Such deduction, to facilitate the accounting procedures under the order, should be considered as a separate location differential in making payment for producer milk.

No adjustment should be made in the Class II price because of the location of the plant to which the milk is delivered. There is little difference in the value of milk for manufactured uses associated with location of the plant receiving the milk. This is because of the low cost per hundredweight of milk involved in transporting manufactured products. The prices paid for ungraded milk received at various sections of the milkshed do not indicate any difference in value associated with location.

After a handler receives milk for Class II use, he should be expected to handle and dispose of the milk by the most advantageous possible method. Prices paid producers for such milk should not be made dependent upon the method employed by the handler in disposing of such milk. To do otherwise would remove part of the incentive for keeping handling costs at a minimum. To insure that milk will not be moved unnecessarily at producers' expense, the order should contain a provision to determine whether milk transferred between plants may receive the location differential credit. This should provide that

any milk transferred be assigned to any Class II use remaining in the transferee plant after a maximum assignment of 5 percent of the direct producer receipts to Class II milk at such plant.

Use of equivalent prices. If for any reason a price quotation required by this order for computing class prices or for other purposes is not available in the manner described, the market administrator should use a price determined by the Secretary to be equivalent to the price which is required. Including such a provision in the order will leave no uncertainty with respect to the procedure which shall be followed in the absence of any price quotations which are customarily used and thereby prevent any unnecessary interruption in the operation of the order.

Payments on unpriced milk. The order should provide that payment be made into the producer-settlement fund with respect to unpriced milk which is allocated to Class I milk in a pool plant. There was no opposition at the hearing to the proposal of producers for including such a provision in the order.

Receipt of milk in excess of Class I disposition is necessary to operate a fluid milk business. Because of seasonal fluctuations in production without corresponding changes in demand, this excess or reserve milk must be marketed in manufactured form in competition with products made from ungraded milk. The existence of this reserve Grade A milk, which must be marketed at a lower price, is the primary cause of the instability which may affect fluid milk markets.

Considerable volumes of Grade A milk must be disposed of as surplus by various unregulated plants from which the Des Moines order handlers may obtain milk. When milk is available in substantial volumes from nonpool sources, handlers under the order could obtain such milk at prices reflecting its value as surplus milk, which prices would approximate the Class II price under the order. During the seasonally high production months of April, May and June, the compensation payment on other source milk allocated to Class I milk should be the difference between the minimum price of producer milk used for surplus (Class II) and the Class I price adjusted to the location of the plant from which such other source milk was received from farmers. This rate will reflect generally the difference in the value between unregulated and regulated milk for Class I use at that time.

During the months of July through March, when milk supplies tend to be shorter than in other months, it is not likely that other source fluid milk products will be available to the market at surplus prices. It may reasonably be expected that during such months milk would be available from unregulated sources at prices more nearly at the level of the uniform price under the order. The compensation payment during these months should be the difference between the marketing area uniform price to producers and the Class I price adjusted to the location of the plant from which such fluid milk products are supplied. The relationship between the supply of and demand for milk in the market in the July through March period tends to fluctuate from year to year according to marketing conditions. These conditions will generally prevail also in surrounding markets which are potential sources of supply for unpriced milk. Thus, the rate of compensation payment based on the difference between Class I and uniform prices will adjust itself automatically in these months in accordance with the proportion of Class I milk to the total milk pooled and this will tend to affect also conditions in the area from which unpriced milk is obtained.

The rates which are here found to be appropriate for the Des Moines marketing area give recognition to general competitive conditions in the purchase and sale of fluid milk products. However, such conditions do not prevail uniformly in all instances since all transactions are not made under the same circumstances and it would not be administratively feasible to adjust prices or payments to individual transactions.

It is therefore necessary to have definite and specified rates applicable to all handlers similarly situated. The rates herein proposed are those which will best effectuate the intent of the act under current marketing conditions in the area.

Other source milk used in the form of concentrated milk products should be considered to be from a source at the location of the pool plant where it is used. In some instances there will be no and in all cases insignificant transportation charges per hundredweight experienced by handlers on such other source milk under the skim milk equivalent basis of accounting provided in the order. By following this procedure, the compensation payment on other source milk derived from concentrated products, such as condensed milk or nonfat dry milk solids, will be comparable to that on any other source milk which is allocated to Class I milk.

In the case of a handler whose distributing plant fails to qualify as a pool plant but who has sales of fluid milk products on routes in the marketing area, such handler also should under certain conditions be required to make payments to the producer-settlement fund. The amount of these payments would be the lesser of (1) the amount of Class I milk sold in the marketing area multiplied by the difference between the Class I and Class II price during April, May and June and by the difference between the Class I and uniform price during other months, or (2) the amount by which total payments to dairy farmers are less than the total amount of the plant's obligation to producers if such obligation is computed as if such plant were a pool plant.

If the handler elects to make payments under the first option, the regulatory plan will be protected in the same manner and to the same extent as is provided with respect to compensatory payments on other source milk. If the handler chooses to pay the full utilization value of his milk either directly to his own farmers or by combination of payments to his farmers and to the producer-settlement fund, he will obviously not have any advantage in terms of the minimum order class prices on his sales of Class I milk in the marketing area, for his total minimum obligation for milk will be determined in exactly the same way as if he were a fully regulated handler.

Affording this last option to nonpool plants which distribute some Class I milk in the marketing area will adequately protect the regulatory plan in this market. In the areas from which it is expected such nonpool handlers would procure supplies, no great quantities of milk are available. Moreover, the size of handlers who would use this option is relatively small. It is expected also that the difference between the Class I price and uniform price, which will prevail in this market, will be relatively minor. Consequently, the price which these handlers would be required to pay under the option and the uniform price payable by wholly regulated handlers would not differ greatly. Consequently, the exercise of this option could not have a disruptive influence on the handling of milk in this area. For these reasons, it is not necessary, in order to maintain the integrity of the regulatory plan in this market, to require these partially regulated plants to make payments into the producer-settlement fund if it is ascertained that they have paid their producers at least the total amount of money which they would be required to pay if they were fully regulated.

No compensation payment should be required on milk classified and priced as Class I under another Federal milk marketing order. The minimum prices for Class I milk under other Federal orders where Des Moines order handlers might obtain supplemental supplies approximate or exceed the Des Moines order Class I price as adjusted for location of the supplying plants. Since handlers operating plants under other Federal orders must pay for producer milk on a utilization basis, they would not be in a position to dispose of their surplus producer milk in the Des Moines marketing area for Class I use at less than Class I prices.

Handlers proposed that no compensatory payment be required on other source milk received at a pool plant during a month when receipts of producer milk are below 120 percent of Class I sales. Some handlers on the market purchase milk from a sufficient number of producers to insure their having an adequate supply of producer milk to meet their Class I needs in the months of lowest production. A number of other handlers limit their purchases of milk from producers and obtain supplemental supplies to meet their Class I requirements from other sources during the months of seasonally low production.

Production from dairy farms in the milkshed for the proposed marketing area is more than adequate to meet the Class I needs of the market throughout the year. In addition to those Grade A dairy farmers now supplying the market, there are in the production area a large

number of farmers now shipping ungraded milk which could, on short notice, meet the qualifications to ship Grade A milk. A number of handlers stated that they had long waiting lists of such producers wanting to ship to them. In effect, the Des Moines marketing area is not a deficit market with regard to the potential availability of producer milk for the Class I needs of the market.

If the provision that no compensatory payment be required on other source milk received at a pool plant during a month when receipts of producer milk are below 120 percent of Class I sales were incorporated in the order, it would not be expected to have any effect in the seasonally high production months of April through June. During the months of July through March the compensatory payment rate herein provided of the difference between the Class I price and uniform price would adjust itself automatically to changes in the relationship between the producer milk supply and the Class I sales of the market. Thus, with producer milk receipts at a ratio of less than 120 percent of Class I sales the compensatory payment rate would be relatively small or completely nonexistent. In view of this, there is no need for providing in the order that the compensatory payment provision shall be inoperative when producer receipts are below 120 percent of Class I sales. Moreover, such a provision would be harmful to the best interests of the market by encouraging handlers to limit their purchases of producer milk and thereby bring about an uneconomic procurement pattern for the market at the expense of nearby dairy farmers.

(d) *Distribution of the proceeds to producers.* A marketwide equalization pool should be included in the order as a means of distributing to producers the proceeds from the sale of their milk. Such a pool will assure each producer supplying the market that he will receive a return based on his pro rata share of the Class I sales of the entire market. The "blend" price that a producer receives will depend on the overall utilization of all producer milk received at the pool plants of all regulated handlers during the month. Although each handler subject to the order will be required to pay uniform prices for producer milk in accordance with the classification of such milk pursuant to the order, the minimum blend prices payable to producers will be the same for all producers in the market irrespective of the use made of such milk by the individual handler.

The uniformity of payments to producers which is provided under a marketwide pool permits a handler either to maintain a manufacturing operation in his plant to handle the seasonal and daily reserve supplies of milk or to limit the operation at his plant to the handling of milk for Class I purposes only, without affecting the blend prices payable to his producers as against other producers in the market. The facilities in the various plants in the area for handling producer milk which is in excess of that needed for Class I purposes vary considerably. While a number of plants in the market are exclusively Class I operations and handle no surplus milk, many plants which would be subject to the order handle substantial quantities of milk for manufacturing purposes. Under these conditions a marketwide pool in the Des Moines marketing area will facilitate the marketing of producer milk. A marketwide pool will make it possible for the producers' associations to assist in diverting seasonal reserve milk and thus keep producers on the market who are needed to fulfill the year-round requirements of the market. It assists in apportioning among all producers the lower returns from reserve milk where otherwise this burden may be placed on individual groups of producers. A marketwide pool will thereby contribute to market stability and the attainment of an adequate and dependable supply of producer milk.

Although Order No. 105, regulating the handling of milk in the nearby North Central Iowa marketing area provides for individual handler pools, there was no support at the hearing for this type of pooling under the Des Moines order. Marketing conditions in the proposed Des Moines marketing area are significantly different from those in the North Central Iowa market. Most marked in this regard is that the principal cooperative in the Des Moines order market operates a plant and utilizes for manufacturing purposes any milk not needed by its buying handlers for Class I purposes. None of the major producer organizations in the North Central Iowa market operates a plant. Moreover, no handler, under the North Central Iowa order carries an undue proportion of excess milk in order to supply other handlers with supplemental milk. In the Des Moines order market this is not the case, and the sharing by all producers on the market of the Class I sales and the burden of surplus through the medium of a marketwide pool would, in conjunction with the various other provisions contained in the attached proposed order, best effectuate the intent of the act in the area proposed to be regulated.

Producers proposed a "Louisville plan" of fall production incentive payments. Such a plan provides for setting aside a portion of the payments made by handlers for producer deliveries in the spring months of flush production to be paid to producers on the basis of their deliveries during the fall months of low production. Except for the operation of such a plan by the cooperative association supplying the handler in Grinnell, the Louisville plan of distributing returns to producers is not now used in the market.

Handlers did not support the proposal for a Louisville plan but suggested instead the adoption of a base and excess plan for distributing returns to producers. Producers stated that they would have no objection to the order making provision for a base and excess plan if the record failed to support the inclusion of a Louisville plan in the order.

There are a number of base and excess plans in operation throughout the milkshed area. This method of distributing returns to producers is utilized in various forms by a number of handlers in the market. While the principles embodied in the base and excess plans now in operation are fundamentally the same, there are many differences in the practices followed in administering them and in the months used for the base forming and base paying periods.

The Des Moines Cooperative Dairy, the major producer organization in the area, operates neither a base and excess plan nor a Louisville plan in distributing returns to producers. Although the association was a proponent of a Louisville plan provision, a spokesman for the cooperative stated that the association would not be unfavorable to having a base and excess plan in the proposed order.

The seasonal pricing in the proposed Des Moines order follows the same pattern as the Class I pricing provisions in the nearby North Central Iowa and Cedar Rapids-Iowa City Federal orders, neither of which provides for a Louisville plan or a base and excess plan.

The price of Class I milk in the attached proposed order, which is calculated by adding 30 cents to the Chicago order Class I price varies seasonally by significant amounts. For example, the Class I price of $4.50 which would have prevailed for November 1956 is 59 cents above the $3.91 Class I price which would have resulted the following May. In contrast, the prices which have been paid for milk used for Class I purposes by handlers who would be subject to the proposed order have varied relatively little seasonally or have remained at fixed levels for indefinite periods. The seasonal pricing recommended in this decision, by returning to producers a higher price for fall production and a correspondingly lower price in the spring months of high production than have generally prevailed in the market, will provide to a considerable extent the incentive for more even production throughout the year, the purpose for which a Louisville plan is frequently employed. In view of this, no provision should be made at this time for including a Louisville plan in the order.

It would be neither desirable nor administratively practicable to provide for a base and excess plan within the framework of the proposed order at this time. Even though some producer groups in the milkshed have been paid on the basis of various base and excess plans and have, in some degree, adapted their production to the particular schemes under which they operate, producers who represent a major portion of the milk produced for the market have not been paid in accordance with such a plan. Such producers would need some time to adapt their dairy farm operations to an order with a base and excess plan.

While there might be some merit to making provision at this time for a Louisville plan or a base and excess plan that would become operative at a date subsequent to the effective date of the order, it would be more appropriate, if any action is then warranted, to give consideration to such plans at a hearing after the order had been in effect for a reasonable period of time. By then the information gained through operation of the order, which information would then be available to the market, could be used ad-

vantageously in determining whether there is then justification for a Louisville plan or a base and excess plan and what the provisions of such plan should be.

Payments to producers. The order should provide that each handler shall pay each producer for milk received from such producer, and for which payment is not made to a cooperative association, at not less than the applicable uniform price on or before the 15th day after the end of each month. Since it has been the practice in this area for handlers to pay producers semimonthly, provision should be made for partial payments to producers on or before the last day of each month for milk delivered during the first 15 days of such month at not less than the Class II milk price per hundredweight for the preceding month. No adjustment for butterfat content is required on such partial payment.

It was proposed by producers that provision be made for a cooperative association to receive payment for the producer milk which it causes to be delivered to a pool plant. The taking of title to milk of its members and the blending of the proceeds for the sale of such milk will tend to promote the orderly marketing of milk and will assist a cooperative association in discharging its responsibility to its members and to the market. Such functions can be accomplished more expediently if the association is collecting payments for the sales of members' milk.

The contracts with their members authorize the principal cooperative in the market to collect payment for producer milk. The act provides for the payment by handlers to cooperative associations of producers for milk delivered by them and permits the blending of all proceeds from the sale of members' milk. It is concluded, therefore, that each handler shall, if requested by a cooperative association, pay such association an amount equal to the sum of the individual payments otherwise payable to such producers. Handlers should be required to make such payments to the cooperative association on or before the 26th of the month for milk received during the first 15 days of the month and make the final settlement for milk received during the month on or before the 13th day of the following month.

At the time final settlement is made for milk received from producers during the month, the handler should be required to furnish to each producer a supporting statement. Such statement should show the pounds and butterfat tests of milk received from him, the rate of payment for such milk and a description of any deductions claimed by the handler.

Producer-settlement fund. Because all producers will receive payment at the rate of the marketwide uniform price each month and because the payment due from each handler for producer milk at the applicable class prices may be more or less than he is required to pay directly to producers, a method of equalizing this difference is necessary. A producer-settlement fund should be established for this purpose. A handler whose obligation for producer milk received during the month is greater than the amount he is required to pay producers for such milk at the applicable uniform price would pay the difference into the producer-settlement fund, and each handler whose obligation for producer milk is less than the applicable uniform price value would receive payment of the difference from the fund. Provision for the establishment and maintenance of the producer-settlement fund as set forth in the attached order is similar to that contained in all other Federal orders with marketwide pools.

Experience has indicated that it is desirable to set aside a reasonable reserve or balance in such fund at the end of each month. Such a reserve is necessary in order to provide for contingencies such as the failure of a handler to make payment of his monthly billing to the fund or the payment to a handler from the fund by reason of an audit adjustment. The reserve which would be operated as a revolving fund and adjusted each month, is established in the attached order at not less than four nor more than five cents per hundredweight of producer milk in the pool for the month. The unobligated balance in the producer-settlement fund remaining from the preceding month would be added to the values used in calculating the uniform prices each month. The amount of the reserve which is provided herein should be adequate to enable the producer-settlement fund to perform its function efficiently.

As indicated elsewhere in this decision compensatory payments received by the market administrator from any handler would be deposited in the producer-settlement fund. Money thus deposited into the producer-settlement fund would be included in the uniform price computation and thereby be distributed to all producers on the market.

If at any time the balance in the producer-settlement fund is insufficient to cover payments due to all handlers from the producer-settlement fund, payments to such handlers would be reduced uniformly per hundredweight of milk. The handlers may then reduce payments to producers by an equivalent amount. The remaining amounts due such handlers from the fund would be paid as soon as the balance in the fund becomes adequate to meet such payments, and handlers would then complete payments to producers. In order to reduce the possibility of this occurring, milk received by any handler who has failed to make the required payments to the producer-settlement fund for the preceding month would be eliminated in the computation of the uniform price.

(e) *Administrative provisions.* Provisions should be included in the order with respect to the administrative steps necessary to carry out the proposed regulation.

In addition to the definitions discussed earlier in this decision which define the scope of the regulation, certain other terms and definitions are desirable in the interest of brevity and to assure that each usage of the term denotes the same meaning. Such terms as are defined in the attached order are common to many other Federal milk orders.

Market administrator. Provision should be made for the appointment by the Secretary of a market administrator to administer the order and to set forth the powers and duties for such agency essential to the proper functioning of such office.

Records and reports. Provisions should be included in the order requiring handlers to maintain adequate records of their operations and to make reports necessary to establish classification of approved milk and payments due therefor. Time limits must be prescribed for filing such reports and for making the payments therefor.

Handlers should maintain and make available to the market administrator all records and accounts of their operations, together with facilities which are necessary to determine the accuracy of information reported to the market administrator or any other information upon which the classification of approved milk depends. The market administrator must likewise be permitted to check the accuracy of weights and tests of milk and milk products received and handled, and to verify all payments required under the order.

As indicated elsewhere in this decision, detailed reports to the market administrator and complete records available for his inspection by all handlers would be used to determine whether the plants of such handlers qualify as pool plants. Reports of handlers operating nonpool plants from which fluid milk products are distributed in the marketing area are needed by the market administrator in order to compute the amounts payable to the producer-settlement fund on such unpriced milk.

In addition to the regular reports required of handlers, provision is made for a handler to notify the market administrator when he intends to divert producer milk or when he intends to import other source milk. This will facilitate the check-testing program of the market administrator. Such information on a marketwide basis also may assist handlers in locating local sources of producer milk and expedite the transfer of such milk among handlers.

It is necessary that handlers retain records to prove the utilization of the milk and that proper payments were made thereto. Since the books and records of all handlers cannot be completed or audited immediately after the milk has been delivered to a plant, it therefore becomes necessary to keep such records for a reasonable period of time.

The order should provide limitations on the period of time handlers shall be required to retain such books and records and on the period of time in which obligations under the order shall terminate. Provision made in this regard is identical in principle with the general amendment made to all milk orders in operation on July 30, 1947, following the Secretary's decision of January 26, 1949 (14 F. R. 444). That decision, covering the retention of records and limitation of claims, is equally applicable in this situation and is adopted as a part of this decision.

Expense of administration. Each handler should be required to pay the market administrator, as his pro rata share of the cost of administering the order, not more than 4 cents per hundredweight or such lesser amount as the Secretary may prescribe, on (a) producer milk, (b) other source milk at a pool plant which is classified as Class I milk, and (c) approved milk received at a nonpool plant.

The market administrator must have sufficient funds to enable him to administer properly the terms of the order. The act provides that such cost of administration shall be financed through an assessment on handlers. One of the duties of the market administrator is to verify the receipts and disposition of milk from all sources. The record indicates that other source milk is received by some handlers to supplement local supplies of approved milk. Equity in sharing the cost of administration of the order among handlers will be achieved, therefore, by applying the administrative assessment to approved milk (which includes a handler's own production) and to other source milk allocated to Class I milk.

If a nonpool handler from whose plant Grade A milk is distributed in the marketing area elects to make payment to the producer-settlement fund at the rate of payment applied to other source milk at a pool plant (instead of making payment for milk received from dairy farmers according to the utilization at such plant at not less than the prices prescribed in the order) the scope of the audit of his records by the market administrator would be significantly lessened. Under such circumstances, it would be necessary to ascertain only the quantities of fluid milk products distributed in the marketing area from such plant during the month and the percentage that such distribution is of the total receipts of such plant. In such instances, only the fluid milk products disposed of in the marketing area from the nonpool plant should be subject to the administrative assessment.

In view of the anticipated volume of milk and the cost of administering orders in markets of comparable circumstances, it is concluded that an initial rate of 4 cents per hundredweight is necessary to meet the expenses of administration. Provision should be made to enable the Secretary to reduce the rate of assessment below the 4 cents per hundredweight maximum without necessitating an amendment to the order. This should be done at any time experience in the market reveals that a lesser rate will produce sufficient revenue to administer the order properly.

Marketing services. Provision should be made in the order for furnishing marketing services to producers, such as verifying tests and weights and furnishing market information. These services should be provided by the market administrator and the cost should be borne by the producer receiving the service. If a cooperative association is performing such services for any member producers and is approved for such activities by the Secretary, the market administrator may accept this in lieu of his own service.

There is a need for a marketing service program in connection with the administration of an order in this area. Orderly marketing will be promoted by assuring individual producers that payments received for their milk are based on the pricing provisions of the order, and reflect accurate weights and tests of such milk. To accomplish this fully, it is necessary that the butterfat tests and weights of individual producer deliveries of milk as reported by the handler be verified for accuracy.

An important phase of the marketing service program is to furnish producers with current market information. Detailed information regarding market conditions is not now regularly available either to producers or to cooperative associations. Efficiency in the production, utilization and marketing of milk will be promoted by the dissemination of current information on a marketwide basis to all producers.

To enable the market administrator to furnish such services, provision should be made for a maximum deduction of 5 cents per hundredweight with respect to receipts of milk from producers for whom he renders marketing services. Comparison of the extent of the milkshed and the volume of milk involved with that of several other markets now under Federal regulation indicates that this will reflect the maximum cost of such services. If later experience indicates that marketing services can be performed at a lesser rate, provision is made for the Secretary to adjust the rate downward without the necessity of a hearing.

Rulings on proposed findings and conclusions. Briefs and proposed findings and conclusions were filed on behalf of certain interested parties in the market. These briefs, proposed findings, and conclusions and the evidence in the record were considered in making the findings and conclusions set forth above.

To the extent that the suggested findings and conclusions filed by interested parties are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or to reach such conclusions are denied for the reasons previously stated in this decision.

General findings. (a) The proposed marketing agreement and order and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed marketing agreement and order will regulate the handling of milk in the same manner as, and will be applicable to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Rulings on exceptions. In arriving at the findings and conclusions, and the regulatory provisions of this decision, each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions, and the regulatory provisions of this decision are at variance with any of the exceptions, such exceptions are hereby overruled for the reasons previously stated in this decision.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Marketing agreement regulating the handling of milk in Des Moines, Iowa, marketing area", and "Order regulating the handling of milk in the Des Moines, Iowa, marketing area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the attached order which will be published with this decision.

Referendum order; determination of representative period; and designation of referendum agent. It is hereby directed that a referendum be conducted among producers to determine whether the issuance of the attached order regulating the handling of milk in the Des Moines, Iowa, marketing area, is approved or favored by the producers, as defined under the terms of the proposed order, and who, during the representative period, were engaged in the production of milk for sale within the aforesaid marketing area.

The month of May 1958 is hereby determined to be the representative period for the conduct of such referendum.

Hobart E. Crone is hereby designated agent of the Secretary to conduct such referendum in accordance with the procedure for the conduct of referenda to determine producer approval of milk marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5177), such referendum to be completed on or before the 20th day from the date this decision is published in the FEDERAL REGISTER.

Issued at Washington, D. C., this 30th day of July 1958.

[SEAL] DON PAARLBERG,
Assistant Secretary.

Order [1] Regulating the Handling of Milk in the Des Moines, Iowa, Marketing Area

Sec.
1023.0 Findings and determinations.

DEFINITIONS

1023.1 Act.
1023.2 Secretary.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

Sec.
1023.3 Department.
1023.4 Person.
1023.5 Cooperative association.
1023.6 Des Moines, Iowa, marketing area.
1023.7 Approved dairy farmer.
1023.8 Producer.
1023.9 Distributing plant.
1023.10 Supply plant.
1023.11 Approved plant.
1023.12 Pool plant.
1023.13 Nonpool plant.
1023.14 Handler.
1023.15 Producer-handler.
1023.16 Approved milk.
1023.17 Producer milk.
1023.18 Fluid milk product.
1023.19 Other source milk.
1023.20 Base zone.
1023.21 Chicago butter price.

MARKET ADMINISTRATOR

1023.25 Designation.
1023.26 Powers.
1023.27 Duties.

REPORTS, RECORDS AND FACILITIES

1023.30 Reports of receipts and utilization.
1023.31 Other reports.
1023.32 Records and facilities.
1023.33 Retention of records.

CLASSIFICATION

1023.40 Skim milk and butterfat to be classified.
1023.41 Classes of utilization.
1023.42 Shrinkage.
1023.43 Responsibility of handlers and reclassification of milk.
1023.44 Transfers.
1023.45 Computation of the skim milk and butterfat in each class.
1023.46 Allocation of skim milk and butterfat classified.

MINIMUM PRICES

1023.50 Class prices.
1023.51 Butterfat differentials to handlers.
1023.52 Location differentials to handlers.
1023.53 Use of equivalent prices.

APPLICATION OF PROVISIONS

1023.60 Producer-handler.
1023.61 Plants subject to other Federal orders.
1023.62 Handlers operating nonpool plants.
1023.63 Rate of payment on unpriced milk.

DETERMINATION OF UNIFORM PRICE

1023.70 Computation of value of milk at each approved plant.
1023.71 Computation of aggregate value used to determine uniform price.
1023.72 Computation of uniform price.

PAYMENT FOR MILK

1023.80 Time and method of payment.
1023.81 Butterfat differentials to producers.
1023.82 Location differentials to producers.
1023.83 Producer-settlement fund.
1023.84 Payments to the producer-settlement fund.
1023.85 Payments out of the producer-settlement fund.
1023.86 Adjustment of accounts.
1023.87 Marketing services.
1023.88 Expense of administration.
1023.89 Termination of obligations.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

1023.90 Effective time.
1023.91 Suspension or termination.
1023.92 Continuing power and duty of the market administrator.
1023.93 Liquidation after suspension or termination.

MISCELLANEOUS PROVISIONS

1023.100 Separability of provisions.
1023.101 Agents.

AUTHORITY: §§ 1023.0 to 1023.101 issued under sec. 5, 49 Stat. 753 as amended; 7 U. S. C. 608c.

§ 1023.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed order regulating the handling of milk in the Des Moines, Iowa, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest;

(3) The said order regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in a marketing agreement upon which a hearing has been held;

(4) All milk and milk products handled by handlers, as defined in this order, are in the current of interstate commerce or directly burden, obstruct, or affect interstate commerce in milk or its products; and

(5) It is hereby found that the necessary expense of the market administrator for the maintenance and functioning of such agency will require the payment by each handler, as his pro rata share of such expense, 4 cents per hundredweight or such amount not to exceed 4 cents per hundredweight as the Secretary may prescribe, with respect to (a) producer milk, (b) other source milk at a pool plant which is allocated to Class I milk pursuant to § 1023.46, and (c) approved milk received at a nonpool plant: *Provided*, That if payment for such milk is not made pursuant to § 1023.80 (b) the expense of administration payable shall be applicable only to the Class I milk disposed of in the marketing area (except to a pool plant) from such plant.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Des Moines, Iowa, marketing area shall be in conformity to, and in compliance with, the following terms and conditions:

DEFINITIONS

§ 1023.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

§ 1023.2 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States or any officer or employee of the United States authorized to exercise the powers or to perform the duties of the said Secretary of Agriculture.

§ 1023.3 *Department.* "Department" means the United States Department of Agriculture or any other Federal Agency authorized to perform the price reporting functions of the United States Department of Agriculture.

§ 1023.4 *Person.* "Person" means any individual, partnership, corporation, association or any other business unit.

§ 1023.5 *Cooperative Association.* "Cooperative association" means any cooperative marketing association which the Secretary determines, after application by the association:

(a) To be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act" and

(b) To have full authority in the sale of milk of its members and is engaged in making collective sales of or marketing milk or its products for its members.

§ 1023.6 *Des Moines, Iowa, Marketing Area.* "Des Moines, Iowa, marketing area" (hereinafter called the "marketing area"), means all the territory within the boundaries of the city of Grinnell and the counties of Adair, Appanoose, Boone, Clarke, Dallas, Decatur, Greene, Guthrie, Jasper, Lucas, Madison, Mahaska, Marion, Monroe, Polk, Story, Union, Warren, Wapello, and Wayne, all in the State of Iowa, including territory within such boundaries which is occupied by government (Municipal, State or Federal) reservations, installations, institutions, or other establishments.

§ 1023.7 *Approved dairy farmer.* "Approved dairy farmer" means any person, except a producer-handler, who produces milk in compliance with Grade A inspection requirements of a duly constituted health authority which milk is received at an approved plant.

§ 1023.8 *Producer.* "Producer" means an approved dairy farmer whose milk is received at a pool plant.

§ 1023.9 *Distributing plant.* "Distributing plant" means a plant which is approved by an appropriate health authority for the processing or packaging of Grade A milk and from which any fluid milk product is disposed of during the month on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets (except pool plants) located in the marketing area.

§ 1023.10 *Supply plant.* "Supply plant" means a plant from which milk, skim milk or cream which is acceptable to the appropriate health authority for distribution in the marketing area under a Grade A label is shipped during the month to a pool plant qualified pursuant to § 1023.12.

§ 1023.11 *Approved plant.* "Approved plant" means a pool plant or a distributing plant which is not a pool plant.

§ 1023.12 *Pool plant.* "Pool plant" means:

(a) A distributing plant from which a volume of Class I milk equal to not less than 35 percent of the Grade A milk received at such plant from dairy farmers and from other plants is disposed of during the month on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets (except pool plants) and not less than 15 percent of such receipts are so disposed of to such outlets in the marketing area: *Provided*, That if a portion of a plant is physically apart from the Grade A portion of such plant, is operated separately and is not approved by any health authorities for the receiving, processing or packaging of any fluid milk product for Grade A disposition, it shall not be considered as part of a pool plant pursuant to this section.

(b) A supply plant from which the volume of fluid milk products shipped during the month to pool plants qualified pursuant to paragraph (a) or (c) of this section is equal to not less than 35 percent of the Grade A milk received at such plant from dairy farmers during such month: *Provided*, That if such shipments are not less than 50 percent of the receipts of Grade A milk directly from dairy farmers at such plant during the immediately preceding period of September through November, such plant shall be a pool plant for the months of March through June, unless written application is filed with the market administrator on or before the 15th day of any of the months of March, April, May, or June to be designated a nonpool plant for such month and for each subsequent month through June of the same year: *And provided further*, That if a portion of a plant is physically apart from the Grade A portion of such plant, is operated separately and is not approved by any health authority for the receiving, processing or packaging of any fluid milk product for Grade A disposition, it shall not be considered as part of a pool plant pursuant to this section.

(c) A plant operated by a cooperative association whose members are the majority of the total number of producers shipping to pool plants of other handlers during the month: *Provided*, That if a portion of such association's plant is physically apart from the Grade A portion of such plant, is operated separately and is not approved by any health authority for the receiving, processing or packaging of any fluid milk product for Grade A disposition, it shall not be considered as part of a pool plant pursuant to this section.

§ 1023.13 *Nonpool plant.* "Nonpool plant" means any plant other than a pool plant which receives milk from dairy farmers or is a milk manufacturing, processing or bottling plant.

§ 1023.14 *Handler.* "Handler" means: (a) Any person in his capacity as the operator of one or more approved plants, or (b) any cooperative association with respect to the milk from approved dairy farmers diverted by the association for the account of such association from an approved plant to a nonpool plant.

§ 1023.15 *Producer-handler.* "Producer-handler" means any person who operates a dairy farm and a distributing plant but who receives no milk from approved dairy farmers or from sources other than approved plants.

§ 1023.16 *Approved milk.* "Approved milk" means the skim milk and butterfat contained in milk received at an approved plant directly from an approved dairy farmer: *Provided*, That milk diverted from an approved plant to a nonpool plant for the account of either the operator of the approved plant or a cooperative association shall be deemed to have been received by the diverting handler at the plant from which diverted: *And provided further*, That in any of the months of July through March milk diverted from the farm of an approved dairy farmer on more than the number of days that milk was delivered to an approved plant from such farm during the month shall not be deemed to have been received by the diverting handler at the plant from which diverted on such days.

§ 1023.17 *Producer milk.* "Producer milk" means approved milk which is received at a pool plant.

§ 1023.18 *Fluid milk product.* "Fluid milk product" means milk, skim milk, buttermilk, milk drinks (plain or flavored), cream or any mixture in fluid form of skim milk and cream (except aerated cream products, sour cream, ice cream mix, evaporated or condensed milk, and sterilized products packaged in hermetically sealed containers).

§ 1023.19 *Other source milk.* "Other source milk" means all skim milk and butterfat contained in or represented by:

(a) Receipts during the month in the form of fluid milk products except (1) fluid milk products received from pool plants, (2) approved milk, or (3) inventory at the beginning of the month; and

(b) Products other than fluid milk products from any source (including those produced at the plant) which are reprocessed or converted to another product in the plant during the month.

§ 1023.20 *Base zone.* "Base zone" means all the territory within the boundaries of Polk County, Iowa.

§ 1023.21 *Chicago butter price.* "Chicago butter price" means the simple average as computed by the market administrator of the daily wholesale selling prices (using the midpoint of any range as one price) per pound of Grade A (92-score) bulk creamery butter at Chicago as reported during the month by the Department.

MARKET ADMINISTRATOR

§ 1023.25 *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

§ 1023.26 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend amendments to the Secretary.

§ 1023.27 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including but not limited to, the following:

(a) Within 45 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon his duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(d) Pay out of the funds provided by § 1023.88 the cost of his bond and of the bonds of his employees, his own compensation, and all other expenses, except those incurred under § 1023.87, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided for in this part, and, upon request by the Secretary, surrender the same to such person as the Secretary may designate;

(f) Publicly announce, at his discretion, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the name of any person who, after the date upon which he is required to perform such acts, has not made reports pursuant to §§ 1023.30 and 1023.31 or payments pursuant to §§ 1023.62, 1023.80, 1023.84, 1023.86, 1023.87, and 1023.88;

(g) Submit his books and records to examination by the Secretary and furnish such information and reports as may be required by the Secretary;

(h) Prepare and disseminate publicly such statistics and informations as he deems advisable and as do not reveal confidential information;

(i) Verify all reports and payments of each handler by audit, if necessary, of such handler's records and the records of any other handler or person upon whose utilization the classification of skim milk and butterfat for such handler depends, or by such investigation as the market administrator deems necessary;

(j) Publicly announce and notify each handler in writing on or before:

(1) The 5th day of each month, the minimum price for Class I milk pursuant

to § 1023.50 (a) and the Class I butterfat differential pursuant to § 1023.51 (a), both for the current month; and the minimum price for Class II milk pursuant to § 1023.50 (b) and the Class II butterfat differential pursuant to § 1023.51 (b) both for the preceding month; and

(2) The 10th day after the end of each month, the uniform price pursuant to § 1023.72, and the butterfat differential pursuant to § 1022.81; and

(k) On or before the 10th day after the end of each month, report to each cooperative association, which so requests, the percentage of the milk caused to be delivered by the cooperative association or by its members to the pool plant of each handler during the month that was utilized in each class. For the purpose of this report the milk so delivered shall be allocated to each class in the same ratio as all producer milk received at such plant during the month.

REPORTS, RECORDS AND FACILITIES

§ 1023.30 *Reports of receipts and utilization.* On or before the 7th day after the end of each month each handler, except a producer-handler, shall report to the market administrator for such month, reporting separately for each of his approved plants, in the detail and on forms prescribed by the market administrator;

(a) The quantities of skim milk and butterfat contained in or represented by receipts of approved milk;

(b) The quantities of skim milk and butterfat contained in or represented by fluid milk products received from pool plants;

(c) The quantities of skim milk and butterfat contained in or represented by other source milk;

(d) The quantities of skim milk and butterfat contained in or represented by approved milk diverted to nonpool plants pursuant to § 1023.16;

(e) Inventories of fluid milk products on hand at the beginning and end of the month; and

(f) The utilization of all skim milk and butterfat required to be reported pursuant to this section, including a separate statement of the disposition of Class I milk outside the marketing area.

§ 1023.31 *Other reports.* (a) Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may prescribe.

(b) Each handler, except a producer-handler, shall report to the market administrator in detail and on forms prescribed by the market administrator:

(1) On or before the 20th day after the end of the month for each of his pool plants his producer payroll for such month which shall show for each producer: (i) His name and address, (ii) the total pounds of milk received from such producer, (iii) the number of days, if less than the entire month, for which milk was received from such producer, (iv) the average butterfat content of such milk, and (v) the net amount of such handler's payment, together with the price paid and the amount and nature of any deductions;

(2) On or before the first day other source milk is received in the form of any fluid milk product at his pool plant, his intention to receive such product, and on or before the last day such product is received, his intention to discontinue receipt of such product;

(3) Prior to his diversion of producer milk to a nonpool plant, his intention to divert such milk, the proposed date or dates of such diversion and the plant to which such milk is to be diverted; and

(4) Such other information with respect to the utilization of butterfat and skim milk as the market administrator may prescribe.

§ 1023.32 *Records and facilities.* Each handler shall maintain and make available to the market administrator or to his representative during the usual hours of business such accounts and records of his operations, together with such facilities as are necessary for the market administrator to verify or establish the correct data with respect to:

(a) The receipts and utilization of all skim milk and butterfat handled in any form during the month;

(b) The weights and butterfat and other content of all milk, skim milk, cream, and other milk products handled during the month;

(c) The pounds of skim milk and butterfat contained in or represented by all milk products on hand at the beginning and end of each month; and

(d) Payments to approved dairy farmers and cooperative associations including the amount and nature of any deductions and the disbursement of money so deducted.

§ 1023.33 *Retention of records.* All books and records required under this part to be made available to the market administrator shall be retained by the handler for a period of 3 years to begin at the end of the month to which such books and records pertain: *Provided*, That if, within such 3-year period, the market administrator notifies the handler in writing that the retention of such books and records is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case, the market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 1023.40 *Skim milk and butterfat to be classified.* The skim milk and butterfat which are required to be reported pursuant to § 1023.30 shall be classified each month by the market administrator, pursuant to the provisions of §§ 1023.41 to 1023.46.

§ 1023.41 *Classes of utilization.* Subject to the conditions set forth in § 1023.44 the classes of utilization shall be as follows:

(a) *Class I milk.* Class I milk shall be all skim milk (including concentrated and reconstituted skim milk) and butterfat (1) disposed of in the form of a fluid milk product (except as provided in paragraph (b) (2) of this section) and (2) not accounted for as Class II milk.

(b) *Class II milk.* Class II milk shall be (1) skim milk and butterfat used to produce any product other than a fluid milk product; (2) skim milk disposed of for livestock feed or dumped if the market administrator has been notified in advance and afforded the opportunity of verifying such dumping; (3) skim milk and butterfat contained in inventory of fluid milk products on hand at the end of the month; and (4) skim milk and butterfat in shrinkage allocated to receipts of approved milk and other source milk (except milk diverted to a nonpool plant pursuant to § 1023.16) but not in excess of 2 percent of such receipts of skim milk and butterfat, respectively.

§ 1023.42 *Shrinkage.* The market administrator shall allocate shrinkage over a handler's receipts as follows:

(a) Compute the total shrinkage of skim milk and butterfat at each approved plant; and

(b) Prorate the resulting amounts between the receipts of skim milk and butterfat contained in approved milk and other source milk.

§ 1023.43 *Responsibility of handlers and reclassification of milk.* All skim milk and butterfat shall be Class I milk unless the handler who first receives such skim milk or butterfat can prove to the market administrator that such skim milk or butterfat should be classified otherwise.

§ 1023.44 *Transfers.* Skim milk or butterfat disposed of each month from an approved plant shall be classified:

(a) As Class I milk, if transferred in the form of a fluid milk product to a pool plant unless utilization as Class II milk is claimed for both plants on the reports submitted for the month to the market administrator pursuant to § 1023.30: *Provided*, That the skim milk or butterfat so assigned to Class II milk shall be limited to the amount thereof remaining in Class II milk in the plant of the transferee-handler after the subtraction of other source milk pursuant to § 1023.46 and any additional amounts of such skim milk or butterfat shall be classified as Class I milk: *Provided further*, That if the transferor plant is a nonpool plant the skim milk or butterfat transferred shall be classified as Class I milk and as Class II milk in the same ratio as other source milk at the transferee plant is allocated to each class pursuant to § 1023.46 (a) (2) and the corresponding step in paragraph (b) thereof: *And provided further*, That if other source milk was received at either or both plants the skim milk or butterfat so transferred shall be classified at both plants so as to allocate the greatest possible Class I utilization to the producer milk of both handlers;

(b) As Class I milk, if transferred to a producer-handler in the form of a fluid milk product;

(c) As Class I milk, if transferred or diverted in the form of a fluid milk product to a nonpool plant located more than 150 miles, by the shortest highway distance as determined by the market administrator, from the nearest of the Post Offices of Corydon, Creston, Des Moines, Grinnell, Jefferson and Ottumwa, Iowa; and

(d) As Class I milk if transferred or diverted in the form of a fluid milk product in bulk to a nonpool plant located not more than 150 miles, by the shortest highway distance as determined by the market administrator, from the nearest of the Post Office of Corydon, Creston, Des Moines, Grinnell, Jefferson and Ottumwa, unless:

(1) The transferring or diverting handler claims classification in Class II milk in his report submitted to the market administrator pursuant to § 1023.30 for the month within which such transactions occurred;

(2) The operator of such nonpool plant maintains books and records showing the utilization of all skim milk and butterfat received at such plant which are made available if requested by the market administrator for the purpose of verification; and

(3) The skim milk and butterfat in the fluid milk products (except in ungraded cream disposed of for manufacturing uses) disposed of from such nonpool plant do not exceed the receipts of skim milk and butterfat in milk received during the month from dairy farmers who the market administrator determines constitute the regular source of supply for such plant: *Provided,* That any skim milk or butterfat in fluid milk products (except in ungraded cream disposed of for manufacturing uses) disposed of from the nonpool plant which is in excess of receipts from such dairy farmers shall be assigned to the fluid milk products so transferred or diverted and classified as Class I milk: *And provided further,* That if the total skim milk and butterfat which were transferred or diverted during the month to such nonpool plant from all plants subject to the classification and pricing provisions of this part and other orders issued pursuant to the act is more than the skim milk and butterfat available for assignment to Class I milk pursuant to the preceding proviso hereof, the skim milk and butterfat assigned to Class I milk at an approved plant shall be not less than that obtained by prorating the assignable Class I milk at the transferee plant over the receipts at such plant from all plants subject to the classification and pricing provisions of this and other orders issued pursuant to the act.

§ 1023.45 *Computation of the skim milk and butterfat in each class.* For each month the market administrator shall correct for mathematical and for other obvious errors the reports of receipts and utilization for each approved plant and shall compute the pounds of butterfat and skim milk in each class at each such plant: *Provided,* That if any of the water contained in the milk from which a product is made is removed before the product is utilized or disposed of by a handler, the pounds of skim milk disposed of in such product shall be considered to be an amount equivalent to the nonfat milk solids contained in such product plus all of the water reasonably associated with such solids in the form of whole milk.

§ 1023.46 *Allocation of skim milk and butterfat classified.* After making the computations pursuant to § 1023.45, the market administrator shall determine the classification of approved milk received at each approved plant each month as follows:

(a) Skim milk shall be allocated in the following manner:

(1) Subtract from the total pounds of skim milk in Class II milk the pounds of skim milk assigned to approved milk pursuant to § 1023.41 (b) (4);

(2) Subtract from the remaining pounds of skim milk in each class, in series beginning with Class II milk, the pounds of skim milk in other source milk received in the form of fluid milk products which were not subject to the Class I pricing provisions of an order issued pursuant to the act;

(3) Subtract from the remaining pounds of skim milk in each class, in series beginning with Class II milk, the pounds of skim milk in other source milk other than that received in the form of fluid milk products;

(4) Subtract from the remaining pounds of skim milk in Class II milk an amount equal to such remainder, or the product obtained by multiplying the pounds of skim milk in approved milk by 0.05, whichever is less;

(5) Subtract from the remaining pounds of skim milk in each class, in series beginning with Class II milk, the pounds of skim milk in other source milk which were received in the form of fluid milk products which are subject to the Class I pricing provisions of another order issued pursuant to the act;

(6) Add to the pounds of skim milk remaining in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (4) of this paragraph;

(7) Subtract from the remaining pounds of skim milk in each class the skim milk in fluid milk products received from pool plants according to the classification of such products as determined pursuant to § 1023.44 (a);

(8) Subtract from the remaining pounds of skim milk in each class, in series beginning with Class II milk, the pounds of skim milk contained in inventory of fluid milk products on hand at the beginning of the month; and

(9) Add to the pounds of skim milk remaining in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph and if the remaining pounds of skim milk in both classes exceed the pounds of skim milk contained in approved milk, subtract such excess from the remaining pounds of skim milk in series beginning with Class II. Any amount of excess so subtracted shall be called "overage".

(b) Butterfat shall be allocated in accordance with the same procedure prescribed for skim milk in paragraph (a) of this section.

(c) Determine the weighted average butterfat content of approved milk remaining in each class computed pursuant to paragraphs (a) and (b) of this section.

MINIMUM PRICES

§ 1023.50 *Class prices.* Subject to the provisions of §§ 1023.51 and 1023.52 the class prices per hundredweight for the month shall be as follows:

(a) *Class I milk price.* The Class I milk price shall be the price for Class I milk established under Federal Order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, marketing area, plus 35 cents; *Provided,* That for milk received from approved dairy farmers at an approved plant outside the base zone the price otherwise applicable pursuant to this paragraph shall be reduced 10 cents.

(b) *Class II milk price.* The Class II milk price shall be computed as follows:

(1) Multiply by 4.24 the simple average, as computed by the market administrator, of the daily wholesale selling prices (using the midpoint of any price range as one price) of Grade AA (93-score) bulk creamery butter per pound at Chicago, as reported by the Department, during the delivery period: *Provided,* That if no price is reported for Grade AA (93-score) butter, the highest of the prices reported for Grade A (92-score) butter for that day shall be used in lieu of the price for Grade AA (93-score) butter;

(2) Multiply by 8.2 the weighted average of carlot prices for nonfat dry milk solids for human consumption, spray process, f. o. b. manufacturing plants in the Chicago area as published for the period from the 26th day of the immediately preceding month through the 25th day of the current month;

(3) Add into one sum the amounts obtained in subparagraphs (1) and (2) of this paragraph; and

(4) Subtract 75.2 cents therefrom.

§ 1023.51 *Butterfat differentials to handlers.* For milk containing more or less than 3.5 percent butterfat, the class prices for the month calculated pursuant to § 1023.50 shall be increased or decreased, respectively, for each one-tenth percent butterfat at the appropriate rate, rounded to the nearest one-tenth cent, determined as follows:

(a) *Class I price.* Multiply the Chicago butter price for the preceding month by 0.120.

(b) *Class II prices.* Multiply the Chicago butter price for the current month by 0.110.

§ 1023.52 *Location differentials to handlers.* For approved milk which is received at an approved plant located 60 miles or more from the Post Offices of Corydon, Creston, Des Moines, Grinnell, Jefferson, and Ottumwa, Iowa, by the shortest hard-surfaced highway distance as determined by the market administrator, and which is classified as Class I milk, the price specified in § 1023.50 shall be reduced by 10 cents for the first 75 miles or less and by 1.5 cents for each additional 10 miles or fraction thereof that such plant is from the nearest of the Post Offices of Corydon, Creston, Des Moines, Jefferson, Grinnell, and Ottumwa: *Provided,* That for the

purpose of calculating such location differential, fluid milk products which are transferred between approved plants shall be assigned to any remainder of Class II milk in the transferee-plant after making the calculations prescribed in § 1023.46 (a) (4), and the comparable steps in § 1023.46 (b) for such plant, such assignment to transferor plants to be made in sequence according to the location differential applicable at each plant, beginning with the plant having the largest differential.

§ 1023.53 *Use of equivalent prices.* If for any reason a price quotation required by this order for computing class prices or for other purposes is not available in the manner described, the market administrator shall use a price determined by the Secretary to be equivalent to the price which is required.

APPLICATION OF PROVISIONS

§ 1023.60 *Producer-handler.* Sections 1023.40 to 1023.46, 1023.50 to 1023.52, 1023.70 to 1023.72 and 1023.80 to 1023.88 shall not apply to a producer-handler.

§ 1023.61 *Plants subject to other Federal orders.* The provisions of this part shall not apply to a distributing plant or a supply plant during any month in which such plant would be subject to the classification and pricing provisions of another order issued pursuant to the act unless such plant is qualified as a pool plant pursuant to § 1023.12 and a greater volume of fluid milk products is disposed of from such plant to retail or wholesale outlets and to pool plants in the Des Moines marketing area than in the marketing area regulated pursuant to such other order: *Provided,* That the operator of a distributing plant or a supply plant which is exempt from the provisions of this part pursuant to this section shall, with respect to the total receipts and utilization or disposition of skim milk and butterfat at the plant, make reports to the market administrator at such time and in such manner as the market administrator may require (in lieu of the reports required pursuant to § 1023.30) and allow verification of such reports by the market administrator.

§ 1023.62 *Handlers operating nonpool plants.* Unless payment for approved milk at such plant is made pursuant to § 1023.80 (b), each handler in his capacity as the operator of a nonpool plant shall, on or before the 13th day after the end of each month, pay to the market administrator for deposit into the producer-settlement fund an amount obtained by multiplying the total hundredweight of butterfat and skim milk disposed of as Class I milk from such plant to retail or wholesale outlets (including sales by vendors and plant stores) in the marketing area during the month by the rate determined pursuant to § 1023.63.

§ 1023.63 *Rate of payment on unpriced milk.* The rate of payment per hundredweight to be made by handlers on unpriced other source milk allocated to Class I milk shall be any plus amount obtained by subtracting from the Class I price adjusted by the Class I butterfat and location differentials applicable at a pool plant of the same location as the nonpool plant supplying such other source milk;

(a) During the months of April, May and June, the Class II price adjusted by the Class II butterfat differential; and

(b) During the months of July through March, the uniform price pursuant to § 1023.72 adjusted by the Class I butterfat differential.

DETERMINATION OF UNIFORM PRICE

§ 1023.70 *Computation of value of milk at each approved plant.* The value of approved milk received during each month at each approved plant shall be a sum of money computed by the market administrator as follows:

(a) Multiply the pounds of milk in each class by the applicable class price and add together the resulting amounts;

(b) Add the amounts computed by multiplying the pounds of overage deducted from each class pursuant to § 1023.46 (a) (9) and the corresponding step of (b) by the applicable class prices;

(c) Add the amount obtained in multiplying the difference between the Class II price for the preceding month and the Class I price for the current month by the lesser of (1) the hundredweight of approved milk classified in Class II less shrinkage during the preceding month or (2) the hundredweight of milk subtracted from Class I pursuant to § 1023.46 (a) (8) and the corresponding step of (b);

(d) Add an amount calculated by multiplying the hundredweight of skim milk and butterfat subtracted from Class I milk pursuant to § 1023.46 (a) (2) and (3) and the corresponding step of (b) by the rate of payment on unpriced milk determined pursuant to § 1023.63 at the nearest nonpool plant(s) from which an equivalent amount of other source skim milk or butterfat was received: *Provided,* That if the source of any such fluid milk product received at an approved plant is not clearly established, or if such skim milk and butterfat is received or used in a form other than a fluid milk product, such product shall be considered to have been received from a source at the location of the approved plant where it is classified.

§ 1023.71 *Computation of aggregate value used to determine uniform price.* For each month the market administrator shall compute an aggregate value from which to determine the uniform price per hundredweight for producer milk of 3.5 percent butterfat content, f. o. b. plants located within the base zone, as follows:

(a) Combine into one total the values computed pursuant to § 1023.70 for all pool plants for which the reports prescribed in § 1023.30 for such month were made, except those in default of payments required pursuant to § 1023.84 for the preceding month;

(b) Add or subtract for each one-tenth percent that the average butterfat content of producer milk represented by the values included under paragraph (a) of this section is less or more, respectively, than 3.5 percent, an amount computed by multiplying such differences by the butterfat differential to producers, and multiplying the result by the hundredweight of such producer milk;

(c) Add an amount equal to the sum of the location differential deductions to be made pursuant to § 1023.82; and

(d) Add an amount equal to one-half of the unobligated cash balance in the producer-settlement fund.

§ 1023.72 *Computation of uniform price.* For each month the market administrator shall compute a uniform price for producer milk of 3.5 percent butterfat content f. o. b. pool plants located within the base zone, as follows:

(a) Divide the aggregate value computed pursuant to § 1023.71 by the total hundredweight of producer milk included in such computations; and

(b) Subtract not less than 4 cents nor more than 5 cents from the price computed pursuant to paragraph (a) of this section. The resulting figure shall be the uniform price for producer milk.

PAYMENT FOR MILK

§ 1023.80 *Time and method of payment.* (a) Each handler shall pay each producer for producer milk for which payment is not made to a cooperative association pursuant to paragraph (c) of this section, as follows:

(1) On or before the last day of each month, for producer milk received during the first 15 days of the month, at not less than the Class II price for the preceding month; and

(2) On or before the 15th day after the end of each month, for producer milk received during such month, an amount computed at not less than the uniform price adjusted pursuant to §§ 1023.81, 1023.82 and 1023.87 and less the payment made pursuant to subparagraph (1) of this paragraph.

(b) Unless payment is made to the producer-settlement fund pursuant to § 1023.62, each handler shall make payment on or before the 15th day after the end of each month to each approved dairy farmer for approved milk received from him during the month at an approved plant which is a nonpool plant at not less than the price per hundredweight, adjusted by the butterfat differential pursuant to § 1023.81, obtained by dividing the value of approved milk at such plant computed pursuant to § 1023.70 by the hundredweight of approved milk at such plant: *Provided,* That if the total amount paid to such approved dairy farmers is less than that prescribed by this paragraph, payment of the difference shall be made to the producer-settlement fund.

(c) Each handler shall make payment to a cooperative association for producer milk which it caused to be delivered to such handler, if such cooperative association is authorized to collect such payments for its members and exercises such authority, an amount equal to the sum of the individual payments otherwise payable for such producer milk, as follows:

(1) On or before the 26th day of each month for producer milk received during the first 15 days of the month; and

(2) On or before the 13th day after the end of each month for milk received during such month.

(d) In making the payments for producer milk pursuant to this section, each handler shall furnish each producer or cooperative association from whom he has received milk with a supporting statement in such form that it may be retained by the recipient, which shall show:

(1) The month and identity of the handler and of the producer;

(2) The daily and total pounds and the average butterfat content of producer milk;

(3) The minimum rate or rates at which payment to the producer is required pursuant to the order;

(4) The rate which is used in making the payment, if such rate is other than the applicable minimum rate;

(5) The amount or the rate per hundredweight and nature of each deduction claimed by the handler; and

(6) The net amount of payment to such producer or cooperative association.

§ 1023.81 *Butterfat differentials to producers.* The uniform price for producer milk shall be increased or decreased for each one-tenth of one percent that the butterfat content of such milk is above or below 3.5 percent, respectively, at the rate determined by multiplying the pounds of butterfat in producer milk allocated to Class I and Class II milk pursuant to § 1023.46 by the respective butterfat differential for each class, dividing the sum of such values by the total pounds of such butterfat, and rounding the resultant figure to the nearest one-tenth cent.

§ 1023.82 *Location differentials to producers.* (a) The uniform price for producer milk received at a pool plant located 60 miles or more from the Post Offices of Corydon, Creston, Des Moines, Grinnell, Jefferson, and Ottumwa, Iowa, by the shortest hard-surfaced highway distance as determined by the market administrator shall be reduced by 10 cents for the first 75 miles or less and by 1.5 cents for each additional 10 miles or fraction thereof that such plant is from the nearest of the Post Offices of Corydon, Creston, Des Moines, Grinnell, Jefferson, and Ottumwa; and

(b) The uniform price for producer milk received at a pool plant outside the base zone shall be reduced 10 cents.

§ 1023.83 *Producer-settlement fund.* The market administrator shall maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made to such fund and out of which he shall make all payments from such fund pursuant to §§ 1023.62, 1023.80, 1023.84, 1023.85, and 1023.86; *Provided,* That the market administrator shall offset the payment due to a handler against payments due from such handler.

§ 1023.84 *Payments to the producer-settlement fund.* On or before the 12th day after the end of each month each handler shall pay to the market administrator the amount by which the obligation pursuant to § 1023.80 of such handler for producer milk received during the month is less than the value of such producer milk pursuant to § 1023.70.

§ 1023.85 *Payments out of the producer-settlement fund.* On or before the 13th day after the end of each month the market administrator shall pay to each handler the amount by which the obligation, pursuant to § 1023.80, of such handler for producer milk received during the month exceeds the value of such producer milk pursuant to § 1023.70: *Provided,* That if the balance in the producer-settlement fund is insufficient to make all payments pursuant to this section, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. A handler who has not received the balance of such payments from the market administrator shall not be considered in violation of § 1023.80 if he reduces his payments to producers by not more than the amount of the reduction in payment from the producer-settlement fund.

§ 1023.86 *Adjustment of accounts.* Whenever verification by the market administrator of reports or payments of any handler discloses errors in payments to or from the producer-settlement fund pursuant to §§ 1023.84 and 1023.85, the market administrator shall promptly bill such handler for any unpaid amounts and such handler shall, within 15 days of such billing, make payments to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler, the market administrator shall, within 15 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer or to a cooperative association discloses payment of an amount less than is required by § 1023.80 the handler shall make up such payment to the producer or cooperative association not later than the time of making payment next following such disclosure.

§ 1023.87 *Marketing services.* (a) Except as set forth in paragraph (b) of this section, each handler in making payments to each producer pursuant to § 1023.80 shall deduct 5 cents per hundredweight or such lesser amount as the Secretary may prescribe with respect to producer milk received by such handler (except such handler's own farm production) during the month, and shall pay such deductions to the market administrator not later than the 15th day after the end of the month. Such money shall be used by the market administrator to verify or establish weights, samples, and tests of producer milk and to provide producers with market information. Such services shall be performed in whole or in part by the market administrator or by an agent engaged by and responsible to him.

(b) In the case of producers for whom a cooperative association is performing, as determined by the Secretary, the services set forth in paragraph (a) of this section, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions as are authorized by such producers and, on or before the 15th day after the end of each month, pay over such deductions to the association rendering such services.

§ 1023.88 *Expense of administration.* As his pro rata share of the expense of the administration of the order, each handler shall pay to the market administrator on or before the 15th day after the end of each month 4 cents per hundredweight or such lesser amount as the Secretary may prescribe with respect to butterfat and skim milk contained in (a) producer milk, (b) other source milk at a pool plant which is allocated to Class I milk pursuant to § 1023.46, and (c) approved milk received at a nonpool plant: *Provided,* That if payment for such milk is not made pursuant to § 1023.80 (b), the expense of administration payable pursuant to this section shall be applicable only to the Class I milk disposed of in the marketing area (except to a pool plant) from such plant.

§ 1023.89 *Termination of obligations.* The provisions of this section shall apply to any obligation under this part for the payment of money.

(a) The obligation of any handler to pay money required to be paid under the terms of this order shall, except as provided in paragraph (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator received the handler's utilization report on milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain, but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler falls or refuses, with respect to any obligation under this part, to make available to the market administrator or his representative all books and records required by this order to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a

fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or set-off by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler within the applicable period of time, files pursuant to section 8c (15) (a) of the act, a petition claiming such money.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

§ 1023.90 *Effective time.* The provisions of this part, or any amendments to this part, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated.

§ 1023.91 *Suspension or termination.* The Secretary shall suspend or terminate any or all of the provisions of this part, whenever he finds that it obstructs or does not tend to effectuate the declared policy of the act. The part shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

§ 1023.92 *Continuing power and duty of the market administrator.* (a) If, upon the suspension or termination of any or all of the provisions of this part, there are any obligations arising under this part, the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(b) The market administrator, or such other person as the Secretary may designate shall (1) continue in such capacity until discharged by the Secretary; (2) from time to time account for all receipts and disbursements and deliver all funds or property on hand together with the books and records of the market administrator or such person, to such person as the Secretary shall direct; and (3) if so directed by the Secretary execute such assignment or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

§ 1023.93 *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions of this part the market administrator, or such person as the Secretary may designate, shall if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under this control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions of this part, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 1023.100 *Separability of provisions.* If any provision of this part, or its application to any person or circumstances, is held invalid, the application of such provision, and of the remaining provisions of this part, to other persons or circumstances shall not be affected thereby.

§ 1023.101 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions of this part.

CIVIL AERONAUTICS BOARD

[14 CFR Ch. I]

[Economic Regs., Draft Release No. 95-A]

OPERATIONS PERMITTED BY FOREIGN AIR CARRIERS

SUPPLEMENTAL NOTICE OF PROPOSED RULEMAKING; EXTENSION OF TIME TO SUBMIT COMMENTS

JULY 30, 1958.

The Board gave notice in 23 F. R. 4704 and by circulation of Civil Air Regulations Draft Release No. 95, dated June 20, 1958, that it had under consideration an interpretative rule relating to certain aspects of the authority of holders of foreign air carrier permits issued pursuant to section 402 of the act (Docket No. 9240). In its notice the Board requested that interested parties submit such comments as they may desire not later than August 7, 1958.

The Board has been requested to extend the date for return of comments on the questions outlined in its aforesaid Notice to August 28, 1958.

The undersigned, acting under authority duly delegated to him by the Board, finds that good cause has been shown for the aforestated request and that the request is reasonable and not inconsistent with the public interest. Notice, therefore, is hereby given that the time within which comments on Draft Release No. 95 will be received is extended to August 28, 1958.

(Sec. 205 of the Civil Aeronautics Act, as amended, 52 Stat. 984; 49 U. S. C. 425)

[SEAL] FRANKLIN M. STONE,
General Counsel.

[F. R. Doc. 58-6014; Filed, Aug. 4, 1958; 8:55 a. m.]

NOTICES

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

CYPRESS AUCTION YARD ET AL.

PROPOSED POSTING OF STOCKYARDS

The Director of the Livestock Division, Agricultural Marketing Service, United States Department of Agriculture, has information that the livestock markets named below are stockyards as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 202), and should be made subject to the provisions of the act.

Cypress Auction Yard, Cypress, California.
Owen Brothers Livestock Commission Company, Texarkana, Texas.

Notice is hereby given, therefore, that the said Director, pursuant to authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), proposes to issue a rule designating the stockyards named above as posted stockyards subject to the provisions of the act, as provided in section 302 thereof.

Any person who wishes to submit written data, views, or arguments concerning the proposed rule may do so by filing them with the Director, Livestock Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., within 15 days after publication thereof in the FEDERAL REGISTER.

Done at Washington, D. C., this 30th day of July, 1958.

[SEAL] DAVID M. PETTUS,
Director,
Livestock Division,
Agricultural Marketing Service.

[F. R. Doc. 58-5992; Filed, Aug. 4, 1958; 8:50 a. m.]

JONESBORO STOCKYARDS, INC.

DEPOSTING OF STOCKYARD

It has been ascertained that the Jonesboro Stockyards, Inc., Jonesboro, Arkansas, originally posted on June 20, 1941, as being subject to the Packers

and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), no longer comes within the definition of a stockyard under said act for the reason that it is no longer being conducted or operated as a public market. Accordingly, notice is given to the owner thereof and to the public that such livestock market is no longer subject to the provisions of the Act.

Notice or other public procedure has not preceded promulgation of the foregoing rule since it is found that the giving of such notice would prevent the due and timely administration of the Packers and Stockyards Act and would, therefore, be impracticable and contrary to the public interest. There is no legal warrant or justification for not depositing promptly a stockyard which no longer is within the definition of that term contained in said act.

The foregoing is in the nature of a rule granting an exemption or relieving a restriction and, therefore, may be made effective in less than 30 days after publication in the FEDERAL REGISTER. This notice shall become effective upon publication in the FEDERAL REGISTER.

(42 Stat. 159, as amended and supplemented; 7 U. S. C. 181 et seq.)

Done at Washington, D. C., this 30th day of July 1958.

[SEAL] DAVID M. PETTUS,
Director,
Livestock Division,
Agricultural Marketing Service.

CERTAIN OFFICIALS

DELEGATION OF AUTHORITY TO EXECUTE CERTAIN DOCUMENTS AND FUNCTIONS

Pursuant to the assignment of functions and the authority delegated (22 F. R. 1452) to the undersigned, the following delegations of authority and assignment of functions are hereby made:

1. Authority is hereby delegated to the various Market Administrators of Federal Milk Orders, to the various marketing specialists of the Market Orders Branch, Dairy Division, and to the various marketing specialists of the Fruit and Vegetable Division, charged with the responsibility of representing said Director in the respective areas, to perform the functions of the Deputy Administrator prescribed by the general regulations in section 900.4 (b) and (c) as follows:

(a) Except in the case of a new program pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, (7 U. S. C. 601 et seq.), the various market administrators of Federal Milk orders in respect to a hearing regarding an order administered by him, shall mail a true copy of the notice of hearing to each of the persons known to him to be interested in the hearing, based upon records available to the market administrator in the respective area, as required by the General Regulations in § 900.4 (b) (1) (ii), (23 F. R. 4027), and execute an affidavit or certificate as therein prescribed.

(b) In the case of new programs and programs in operation pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), the various marketing specialists of the Market Orders Branch, Dairy Division, charged with the responsibility of representing the Director in connection with hearings regarding proposed milk orders or amendments to existing milk orders with respect to which a notice of hearing has been issued, shall, except as notification has been given pursuant to paragraph 1 (a) hereof, mail a true copy of the notice of hearing to each of the persons known to such representatives to be interested in such hearing as required by the General Regulations in § 900.4 (b) (1) (ii), (23 F. R. 4027), and execute the affidavit or certificate as therein prescribed.

(c) The marketing specialist of the Fruit and Vegetable Division, charged with the responsibility of representing the Director in the respective areas subject to regulation by the order or the proposed order in question concerning other than milk with respect to which a notice of hearing has been issued, shall mail a true copy of the notice of hearing to each of the persons, disclosed by the information available to such representative in the respective areas subject to regulation or proposed to be regulated, to be interested in such hearing as required by the General Regulations in § 900.4 (b) (1) (ii), (23 F. R. 4027), and execute the affidavit or certificate as therein prescribed.

2. Authority is hereby delegated to the Information Specialists, Marketing Information Division, Agricultural Marketing Service, in Washington, D. C., or in the various area offices, to make available a copy of the press release issued by the Department to such newspapers in the area, subject to regulation, or proposed to be subjected to regulation, as will tend to bring the notice to the attention of interested persons as required by § 900.4 (b) (1) (iii) of the general regulations (23 F. R. 4027) and to execute the affidavit or certificate as therein prescribed.

3. Authority is hereby delegated to the Hearing Clerk, United States Department of Agriculture, to notify the Governors of the several states of the United States and the Executive Heads of the Territories and Possessions of the United States as the Deputy Administrator has determined shall be notified, by forwarding copies of the notice of hearing to them, as required by § 900.4 (b) (1) (iv) of the general regulations (23 F. R. 4027). Hereafter, where a determination has been made with respect to an order, the same officials shall be notified with respect to a later hearing on such order until such determination has been amended, and to execute the affidavit or certificate as therein prescribed.

4. If for any reason, any officer or employee of the Department, assigned functions hereunder, finds it impractical or impossible to give the notice involved with respect to any hearing, he shall immediately notify the Director concerned of such facts with the reasons for his so finding in order that a decision may be made as to the need for a determination being filed in the proceeding as prescribed in § 900.4 (c) of said regulations.

Done at Washington, D. C., this 31st day of July 1958, to become effective upon publication in the FEDERAL REGISTER.

[SEAL] H. L. FOREST,
Director, Dairy Division, Agricultural Marketing Service.

FRANKLIN THACKREY,
Director, Marketing Information Division, Agricultural Marketing Service.

G. R. GRANGE,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Office of the Secretary

ADMINISTRATOR, COMMODITY STABILIZATION SERVICE

DELEGATION OF AUTHORITY TO AUTHORIZE SETOFF

The Administrator, Commodity Stabilization Service, is hereby delegated the authority to specifically authorize setoff pursuant to § 13.3 (e) of the setoff regulations published in the FEDERAL REGISTER, dated May 30, 1958 (23 F. R. 3757). The authority delegated hereunder may be redelegated by the said Administrator.

Issued this 31st day of July 1958.

[SEAL] MARVIN L. McLAIN,
Acting Secretary.

ATOMIC ENERGY COMMISSION

[Docket No. 50-109]

AMERICAN MACHINE & FOUNDRY CO.

NOTICE OF FILING OF APPLICATION FOR FACILITY EXPORT LICENSE

Please take notice that American Machine & Foundry Company, 261 Madison Avenue, New York 16, New York, has submitted an application dated June 11, 1958, for a license to export a 5,000 kilowatt tank-type research reactor to Osterreichische Studiengesellschaft Fur Atomenergie Gesellschaft m. b. h., Austria.

Pursuant to section 104 of the Atomic Energy Act of 1954 and Title 10, CFR, Chapter I, Part 50, "Licensing of Production and Utilization Facilities", and upon finding that (a) the reactor proposed to be exported is a utilization facility as defined in said Act and regulations and (b) the issuance of a license for the export thereof is within the scope of and is consistent with the terms of an agreement for cooperation with the Government of Austria, the Commission may issue a facility export license au-

thorizing the export of the reactor to Austria.

In its review of applications for licenses sought solely to authorize the export of production or utilization facilities, the Commission does not evaluate the health and safety characteristics of the subject reactors.

In accordance with the procedures set forth in the Commission's rules of practice (10 CFR Part 2) a petition for leave to intervene in these proceedings must be served upon the parties and filed with the Atomic Energy Commission within 30 days after the filing of this notice with the Federal Register Division.

Dated at Germantown, Md., this 30th day of June 1958.

For the Atomic Energy Commission.

E. R. PRICE,
Acting Director, Division of Licensing and Regulation.

CIVIL AERONAUTICS BOARD

[Docket No. 9746]

AEROVIAS "Q" S. A.

NOTICE OF HEARING

In the matter of the application of Aerovias "Q" S. A. for an amendment of its foreign air carrier permit authorizing foreign air transportation of persons, property and mail between Havana, Cuba, and Palm Beach, Florida, by including Fort Lauderdale, Florida, as a co-terminal point with Palm Beach on said route.

Notice is hereby given that the hearing in the above-entitled proceeding is assigned to be held on August 11, 1958, at 10:00 a. m., e. d. s. t., in Room 1510, Temporary Building No. 4, 17th Street and Constitution Avenue NW., Washington, D. C., before Examiner Richard A. Walsh.

Dated at Washington, D. C., July 29, 1958.

[SEAL] FRANCIS W. BROWN,
Chief Examiner.

FEDERAL POWER COMMISSION

[Docket No. G-15546]

TEXAS CO.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

The Texas Company (Operator) (Respondent), on June 27, 1958, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: United Fuel Gas Company.
Rate schedule designation: Supplement No. 4 to Respondent's FPC Gas Rate Schedule No. 2.
Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date: *Provided*, That within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however*, That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rate and charge and the proposed increased rate and charge hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charge allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order becomes effective, and under the rate allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-_____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____.

_____
By _____

Attest:

_____
(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of

paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-5973; Filed, Aug. 4, 1958; 8:45 a. m.]

[Docket No. G-15550]

UNION PRODUCING CO. ET AL.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGES IN RATES, AND ALLOWING INCREASED RATES TO BECOME EFFECTIVE

JULY 30, 1958.

Union Producing Company (Operator) et al. (Respondent) on June 30, 1958, tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of Change, dated June 30, 1958.

Purchaser: United Gas Pipe Line Company.

Rate schedule designation: Supplement No. 4 to Respondent's FPC Gas Rate Schedule No. 89. Supplement No. 4 to Respondent's FPC Gas Rate Schedule No. 76. Supplement No. 5 to Respondent's FPC Gas Rate Schedule No. 86. Supplement No. 4 to Respondent's FPC Gas Rate Schedule No. 88. Supplement No. 12 to Respondent's FPC Gas Rate Schedule No. 207. Supplement No. 6 to Respondent's FPC Gas Rate Schedule No. 208.

Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rates and charges so proposed are intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rates and charges until August 2, 1958, and thereafter to permit them to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rates be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in the above-designated supplements to Respondent's FPC Gas Rate Schedules.

(B) Pending such hearing and decision thereon, said supplements are each hereby suspended and the use thereof deferred until August 2, 1958, and until such further time as each is made effective in the manner hereinafter prescribed.

(C) The rates, charges, and classifications set forth in the above-designated supplements to Respondent's FPC Gas Rate Schedules shall be effective as of August 2, 1958: *Provided, however,* That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rates and charges and the proposed increased rates and charges hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rates or charges allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rates in effect immediately prior to the date upon which the increased rates allowed by this order become effective, and under the rates allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-_____, _____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order; and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____.

(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[Docket No. G-15551]

SHELL OIL CO.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGES IN RATES, AND ALLOWING INCREASED RATES TO BECOME EFFECTIVE

JULY 30, 1958.

Shell Oil Company (Respondent) on July 1, 1958, tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notice of Change.

Purchasers: (1) Transcontinental Gas Pipe Line Corporation. (2 and 3) Arkansas Louisiana Gas Company. (4) Tennessee Gas Transmission Company. (5 and 6) United Gas Pipe Line Company.

Rate schedule designation: 1. Supplement No. 2 to Respondent's FPC Gas Rate Schedule No. 25. 2. Supplement No. 5 to Respondent's FPC Gas Rate Schedule No. 30. 3. Supplement No. 5 to Respondent's FPC Gas Rate Schedule No. 31. 4. Supplement No. 5 to Respondent's FPC Gas Rate Schedule No. 49. 5. Supplement No. 2 to Respondent's FPC Gas Rate Schedule No. 53. 6. Supplement No. 2 to Respondent's FPC Gas Rate Schedule No. 54.

Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rates and charges so proposed are intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rates and charges until August 2, 1958, and thereafter to permit them to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rates be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in the above-designated supplements to Respondent's FPC Gas Rate Schedules.

(B) Pending such hearing and decision thereon, said supplements are each hereby suspended and the use thereof deferred until August 2, 1958, and until such further time as each is made effective in the manner hereinafter prescribed.

(C) The rates, charges, and classifications set forth in the above-designated supplements to Respondent's FPC Gas Rate Schedules shall be effective as of August 2, 1958: *Provided, however*, That within 20 days from the date of this order, Respondent shall execute a file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rates and charges and the proposed increased rates and charges hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rates or charges allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rates in effect immediately prior to the date upon which the increased rates allowed by this order become effective, and under the rates allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ To Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-____, _____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____.

By _____

Attest:

_____ (Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[Docket No. G-15575]

DAVID CROW

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

David Crow, Trustee (Respondent), on July 1, 1958, tendered for filing a proposed change in his presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change, June 27, 1958.

Purchaser: Transcontinental Gas Pipe Line Corporation.

Rate schedule designation: Supplement No. 2 to Respondent's FPC Gas Rate Schedule No. 2.

Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however*, That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rate and charge and the proposed increased rate and charge hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charge allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order become effective, and under the rate allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-____, _____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____.

By _____

Attest:

_____ (Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If the Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[Docket No. G-15584]

E. J. HUDSON ET AL.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE, AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

E. J. Hudson et al. (Respondent), on July 7, 1958, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.

Purchaser: Tennessee Gas Transmission Company.

Rate schedule designation: Supplement No. 1 to Respondent's FPC Gas Rate Schedule No. 6.

Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act of No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date: *Provided*, That within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforce-

ment of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however,* That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rate and charge and the proposed increased rate and charge hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charge allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order becomes effective, and under the rate allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of ---------- to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued ----------, in Docket No. G-------, ---------- hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this ------ day of ----------.

By ----------

Attest:

(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[Docket No. G-15585]

MOUND CO. ET AL.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE, AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

Mound Company et al. (Respondent), on July 10, 1958, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.

Purchaser: American Louisiana Pipeline Company.

Rate schedule designation: Supplement No. 2 to Respondent's FPC Gas Rate Schedule No. 14.

Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however,* That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rate and charge and the proposed increased rate and charge hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charge allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order becomes effective, and under the rate allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of ---------- to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued ----------, in Docket No. G-------, ---------- hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this ------ day of ----------.

By ----------

Attest:

(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[Docket No. G-15120]

COLORADO INTERSTATE GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 29, 1958.

Take notice that Colorado Interstate Gas Company (Applicant), a Delaware corporation with a principal place of business in Colorado Springs, Colorado, filed on May 16, 1956, an application pursuant to section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of a measuring station in the Hugoton Field in Kansas for the sale and delivery of approximately 800,000 Mcf annually to Kansas-Colorado Utilities, Inc., for the period ending December 31, 1959, subject to the jurisdiction of the Commission, all as more fully represented in the application on file with the Commission and open for public inspection.

The application recites Applicant's gas supply is temporarily in excess of its system requirements, due in part to Applicant's acquisition of additional reserves to support the expansion program proposed in Docket No. G-10176, not yet authorized by the Commission.

The estimated capital cost of the proposed facilities is $4,411, which will be defrayed from funds on hand.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on September 4, 1958, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket No. G-4904]

PAN AMERICAN PETROLEUM CORP.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 30, 1958.

Take notice that Pan American Petroleum Corporation (Applicant), an independent producer, filed an application on November 16, 1954, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the sale of natural gas in interstate commerce, as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open to public inspection.

In its application filed on November 16, 1954, Applicant seeks authority to sell natural gas in interstate commerce to Cities Service Gas Company (Cities), for resale from production in the Hugoton Field, under a basic contract dated June 23, 1950.

On September 26, 1957, and January 9, 1958, Applicant supplemented its original application herein, deleting certain acreages assigned to Graham-Michaelis Drilling Company and Edwin G. Bradley, respectively. In the supplement filed September 26, 1957, Applicant shows that by five assignments, one dated October 30, 1956; two dated November 9, 1956 and two dated January 2, 1957, it assigned approximately 1,760 acres to Graham-Michaelis Drilling Company. In the supplement filed Janu-

ary 9, 1958, Applicant deleted 480 acres assigned to Edwin G. Bradley, by an assignment dated June 26, 1956.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on September 9, 1958, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 20, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[Docket No. G-6067]

SUPERIOR OIL CO.

NOTICE OF MOTION TO MODIFY CERTIFICATE

JULY 30, 1958.

Take notice that on June 2, 1958, The Superior Oil Company (Applicant) filed a motion for modification of the certificate of public convenience and necessity issued to it on May 9, 1955, in Docket No. G-6067 to sell gas to American Louisiana Pipe Line Company, so as to substitute one heretofore undedicated tract of about 22,500 acres, known as Block 71 Field, West Cameron Area, Louisiana, for two presently dedicated tracts aggregating about 9,500 acres, known as offshore Blocks 71 and 76, Vermilion Area, Louisiana, all as more fully set forth in the motion which is on file with the Commission and open to public inspection.

The subject tracts are located offshore of southern Louisiana in the Gulf of Mexico. The original certificate authorization included other onshore and offshore producing areas from which natural gas was to be sold to American Louisiana Pipe Line Company (American Louisiana) pursuant to a gas sales contract dated July 17, 1953.

By filing on June 6, 1958, American Louisiana concurred in Applicant's motion for modification, and submitted estimates to the effect that the recoverable dry gas reserve in the acreage proposed to be dedicated is 86,621 MMcf as compared to combined proven recoverable dry gas reserve of 74,230 MMcf in the two tracts proposed to be deleted.

The proposed substitution will eliminate the necessity for Superior to construct about 49.5 miles of pipeline, largely offshore, to the deleted acreage. The tract proposed to be added will be crossed by a proposed 52 mile line, also largely offshore, to another dedicated tract.

Protests or petitions to intervene in this proceeding may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[Docket No. G-12372]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 30, 1958.

Take notice that El Paso Natural Gas Company (Applicant) a Delaware corporation with its principal place of business at El Paso, Texas, filed an application on April 10, 1957 (supplemented on October 18, 1957) for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of $1\frac{1}{2}$ miles of $3\frac{1}{2}$-inch pipeline and appurtenant facilities thereto for the sale and delivery of an additional 1551 Mcf per day of natural gas to the Apache Powder Company (Apache) an existing direct sale customer, upon an interruptible basis, for consumption by Apache in its industrial plant near Curtis, Cochise County, Arizona. The proposed lateral line will extend from a point on Applicant's existing $10\frac{3}{4}$-inch line at approximately 55 miles north of Station 5 and will loop the present 2-inch line to Apache and will become an integral part of Applicant's natural gas pipeline system.

The estimated cost of the proposed facilities is $22,700 which will be financed from the Applicant's working capital funds.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission, by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on September 4, 1958, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket No. G-15039]

MISSISSIPPI RIVER FUEL CORP.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 30, 1958.

Take notice that Mississippi River Fuel Corporation (Applicant) a Delaware corporation, with its principal place of business in St. Louis, Missouri, filed an application on May 5, 1958, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the sale of natural gas in interstate commerce as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open to public inspection.

Applicant seeks authority to make a field sale of natural gas from its interest in State Lease 2792 in the Coquille Bay Field, Plaquemines Parish, Louisiana, to Southern Natural Gas Company (Southern), under a gas sales contract dated February 1, 1958, executed by and between Southern, Applicant, Callery Properties, Inc. and Francis A. Callery.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on September 9, 1958, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket No. G-15261]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 29, 1958.

Take notice that on June 11, 1958, Northern Natural Gas Company (Applicant) filed in Docket No. G-15261 an application, pursuant to section 7 (c) of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the construction and operation of a measuring and regulating station on its 8-inch Austin, Minnesota, lateral pipeline for the purpose of rendering firm natural gas service to Interstate Power Company (Interstate) for resale in a housing addition northeast of Albert Lea, Freeborn County, Minnesota, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The estimated cost of the proposed facilities will be $3,750. The estimated annual requirement of gas is 3,144 Mcf, with a peak day demand of 35 Mcf, for the estimated 18 homes and one State Highway Department involved. Sales will be made under the existing contract demand obligation of Northern to Interstate.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on September 2, 1958, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 18, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request thereof is made.

[Docket No. G-15573]

DAVID CROW ET AL.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE, AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

David Crow, Trustee, et al. (Respondent), on July 2, 1958, tendered for filing a proposed change in his presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change, June 30, 1958.

Purchaser: Southern Natural Gas Company.

Rate schedule designation: Supplement No. 3 to Respondent's FPC Gas Rate Schedule No. 2.

Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however*, That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rate and charge and the proposed increased rate and charge hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charge allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order becomes effective, and under the rate allowed by this order to become effective, together with the differences in the revenues so computed:

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of ---------- to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued ----------, in Docket No. G--, ---------- hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this ------ day of -------.

By ----------

Attest:

(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[Docket No. G-15574]

DAVID CROW

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE, AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

David Crow (Respondent) on July 1, 1958, tendered for filing a proposed change in his presently effective rate schedue for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of Change, June 28, 1958.

Purchaser: Texas Eastern Transmission Corporation.

Rate schedule designation: Supplement No. 3 to Respondent's FPC Gas Rate Schedule No. 6.

Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however,* That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner may be required by final order of Commission, the difference between presently effective rate and charge the proposed increased rate and charge hereby allowed to become effective in event the additional tax of one cent Mcf levied by the State of Louisiana for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana make refund, with interest, of the tax moneys collected pursuant to the said Act No. of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charge allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order becomes effective, and under the rate allowed by this order to become effective together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of ---------- to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued ----------, in Docket No. G--, ---------- hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this ------ day of ----------.

By ----------

Attest:

(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[Docket No. G-15587]

CONTINENTAL OIL CO.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE, AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

Continental Oil Company (Respondent), on July 7, 1958, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: Arkansas Louisiana Gas Company.
Rate schedule designation: Supplement No. 5 to Respondent's FPC Gas Rate Schedule No. 131.
Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date: *Provided,* That within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however,* That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rate and charge and the proposed increased rate and charge hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charged allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order becomes effective, and under the rate allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-____, _____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____.

_____
By _____

Attest:

_____
(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by § § 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[Docket No. G-15547]

TEXAS CO. ET AL.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGES IN RATES, AND ALLOWING INCREASED RATES TO BECOME EFFECTIVE

JULY 30, 1958.

The Texas Company (Operator) et al. (Respondent), on June 27, 1958, tendered

for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of changes, undated.
Purchaser: United Fuel Gas Company.
Rate schedule designation: (1) Supplement No. 10 to Respondent's FPC Gas Rate Schedule No. 3. (2) Supplement No. 6 to Respondent's FPC Gas Rate Schedule No. 6.
Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rates and charges so proposed are intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rates and charges until August 2, 1958, and thereafter to permit them to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rates be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in the above-designated supplements to Respondent's FPC Gas Rate Schedules.

(B) Pending such hearing and decision thereon, said supplements are each hereby suspended and the use thereof deferred until August 2, 1958, and until such further time as each is made effective in the manner hereinafter prescribed.

(C) The rates, charges, and classifications set forth in the above-designated supplements to Respondent's FPC Gas Rate Schedules shall be effective as of August 2, 1958: *Provided, however,* That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rates and charges and the proposed increased rates and charges hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rates or charges allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rates in effect immediately prior to the date upon which the increased rates allowed by this order become effective, and under the rates allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-_____, _____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____

By _____

Attest:

_____
(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[Docket No. G-15556]

ARKANSAS FUEL OIL CORP.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGE IN RATE, AND ALLOWING INCREASED RATE TO BECOME EFFECTIVE

JULY 30, 1958.

Arkansas Fuel Oil Corporation (Respondent), on June 27, 1958, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated June 23, 1958.
Purchaser: United Gas Pipe Line Company.
Rate schedule designation: Supplement No. 1 to Respondent's FPC Gas Rate Schedule No. 51.
Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rate and charge so proposed is intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rate and charge until August 2, 1958, and thereafter to permit it to become effective as of that date; provided, that within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rate be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in the above-designated supplement to Respondent's FPC Gas Rate Schedule.

(B) Pending such hearing and decision thereon, said supplement be and it hereby is suspended and the use thereof deferred until August 2, 1958, and until such further time as it is made effective in the manner hereinafter prescribed.

(C) The rate, charge, and classification set forth in the above-designated supplement to Respondent's FPC Gas Rate Schedule shall be effective as of August 2, 1958: *Provided, however,* That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rate and charge and the proposed increased rate and charge hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rate or charge allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rate in effect immediately prior to the date upon which the increased rate allowed by this order becomes effective, and under the rate allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-_____, _____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____

By _____

Attest:

_____
(Secretary)

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

[Docket No. G-15572]

HUNT OIL CO.

ORDER FOR HEARING, SUSPENDING PROPOSED CHANGES IN RATES, AND ALLOWING INCREASED RATES TO BECOME EFFECTIVE

JULY 30, 1958.

Hunt Oil Company (Respondent), on July 2 and 3, 1958, tendered for filing proposed changes in certain of its rate schedules presently in effect for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of Change, all undated.
Purchaser: (1) through (5) Arkansas Louisiana Gas Company. (6) United Gas Pipe Line Company.
Rate schedule designations: (1) Supplement No. 11 to Respondent's FPC Gas Rate Schedule No. 2. (2) Supplement No. 6 to Respondent's FPC Gas Rate Schedule No. 3. (3) Supplement No. 5 to Respondent's FPC Gas Rate Schedule No. 25. (4) Supplement No. 3 to Respondent's FPC Gas Rate Schedule No. 29. (5) Supplement No. 4 to Respondent's FPC Gas Rate Schedule No. 14. (6) Supplement No. 8 to Respondent's FPC Gas Rate Schedule No. 5.
Effective date: August 1, 1958 (effective date is the date proposed by Respondent).

The increased rates and charges so proposed are intended to reflect (in whole or in part) the additional "excise, license, or privilege tax" of one cent per Mcf levied by the State of Louisiana pursuant to Act No. 8 of 1958 (House Bill No. 303), as approved on June 16, 1958, amending Title 47 of the Louisiana Revised Statutes of 1950. The Commission is advised that litigation is being instituted to challenge the constitutionality of the said Act No. 8 of 1958. In consideration of this fact, and in order to assure appropriate refund in the event said Act No. 8 of 1958 should be declared unconstitutional or otherwise held invalid by final judicial decision, it is deemed advisable to suspend the said proposed increased rates and charges until August 2, 1958, and thereafter to permit them to become effective as of that date: *Provided,* That within 20 days from the date of this order Respondent shall file with the Secretary of the Commission an appropriate undertaking to assure such refund as may be ordered.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

(2) It is necessary and proper in the public interest in carrying out the provisions of the Natural Gas Act that Respondent's proposed increased rates be made effective as hereinafter provided and that Respondent be required to file an undertaking as hereinafter ordered and conditioned.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections

4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in the above-designated supplements to Respondent's FPC Gas Rate Schedules.

(B) Pending such hearing and decision thereon, said supplements are each hereby suspended and the use thereof deferred until August 2, 1958, and until such further time as each is made effective in the manner hereinafter prescribed.

(C) The rates, charges, and classifications set forth in the above-designated supplements to Respondent's FPC Gas Rate Schedules shall be effective as of August 2, 1958: *Provided however*, That within 20 days from the date of this order, Respondent shall execute and file with the Secretary of the Commission the agreement and undertaking described in paragraph (E) below.

(D) Respondent shall refund at such times and in such amounts to the persons entitled thereto, and in such manner as may be required by final order of the Commission, the difference between the presently effective rates and charges and the proposed increased rates and charges hereby allowed to become effective in the event the additional tax of one cent per Mcf levied by the State of Louisiana is for any reason held to be invalid. Should such additional tax eventually be held invalid and the State of Louisiana makes refund, with interest, of the tax monies collected pursuant to the said Act No. 8 of 1958, then, and in that event, a proportionate part of the interest so received by the Respondent herein shall be passed on and paid to the persons entitled thereto at such times and in such amounts, and in such manner as may be required by final order of the Commission. Respondent shall bear all costs of any such refunding; shall keep accurate accounts in detail of all amounts received by reason of the increased rates or charges allowed by this order to become effective, for each billing period, specifying by whom and in whose behalf such amounts were paid; and shall report (original and four copies), in writing and under oath, to the Commission quarterly, or monthly if Respondent so elects, for each billing period, and for each purchaser, the billing determinants of natural gas sales to such purchasers and the revenues resulting therefrom, as computed under the rates in effect immediately prior to the date upon which the increased rates allowed by this order become effective, and under the rates allowed by this order to become effective, together with the differences in the revenues so computed.

(E) As a condition of this order, within 20 days from the date of issuance thereof, Respondent shall execute and file in triplicate with the Secretary of this Commission its written agreement and undertaking to comply with the terms of paragraph (D) hereof, signed by a responsible officer of the corporation, evidenced by proper authority from the board of directors, and accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved, as follows:

Agreement and Undertaking of _____ to Comply with the Terms and Conditions of Paragraph (D) of Federal Power Commission's Order Making Effective Proposed Rate Changes.

In conformity with the requirements of the order issued _____, in Docket No. G-__, _____ hereby agrees and undertakes to comply with the terms and conditions of paragraph (D) of said order, and has caused this agreement and undertaking to be executed and sealed in its name by its officers, thereupon duly authorized in accordance with the terms of the resolution of its board of directors, a certified copy of which is appended hereto this _____ day of _____.

Unless Respondent is advised to the contrary within 15 days after the date of filing such agreement and undertaking, the agreement and undertaking shall be deemed to have been accepted.

(F) If Respondent shall, in conformity with the terms and conditions of paragraph (D) of this order, make the refunds as may be required by order of the Commission, the undertaking shall be discharged; otherwise, it shall remain in full force and effect.

(G) Neither the supplements hereby suspended nor the rate schedules sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission.

(H) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

[Project No. 704]

CALIFORNIA OREGON POWER CO.

NOTICE OF MODIFICATION OF LAND WITHDRAWAL—OREGON

JULY 30, 1958.

Conformable to the provision of section 24 of the act of June 10, 1920 (41 Stat. 1063) as amended, this Commission, on July 19, 1926, gave notice of the reservation of approximately 160 acres of United States land pursuant to the filing by the California Oregon Power Company, on June 7, 1926, of an application for License for a transmission line right-of-way from its Copco plant in the State of California to Klamath Falls in the State of Oregon.

On February 4, 1958, the Licensee filed an application for amendment of License, supported by map "Exhibit K-1" (F. P. C. No. 704-13) filed February 5, 1958, which reflects changes in the alignment of the transmission line upon lands of the United States within Sec. 25, T. 40 S., R. 6 E., W. M., Oregon.

Therefore, in accordance with section 24 of the Federal Power Act (June 10, 1920) notice is hereby given that the lands hereinafter described, insofar as title thereto remains in the United States, are included in project No. 704 and are, from the date of filing of completed application, February 5, 1958, reserved from all forms of disposal under the laws of the United States until otherwise directed by the Commission or by Congress.

WILLAMETTE MERIDIAN

All portions of the following described subdivisions lying within a strip 100 feet wide (50 feet on each side of center line survey) as delimited upon a map designated "Exhibit K-1 sheet 1" (F. P. C. No. 704-13) entitled "Application for Amendment to License, The California Oregon Power Company, Transmission Line from Fall Creek, California, to Klamath Falls, Oregon, Detail Map" and filed in the Office of the Commission February 5, 1958.

T. 40 S., R. 6 E.,
Sec. 26: Lots 6, 7 and 8.

The general determination made by the Commission at its meeting of April 17, 1922, with respect to lands reserved for transmission line purposes only, is applicable to these lands.

This notice modifies that given July 19, 1926, insofar as it refers to the location of the transmission line in parts of the above-noted subdivisions. The area reserved under this notice embraces approximately 7.29 acres all of which have been heretofore reserved for power purposes under prior withdrawal for this project (No. 704), project No. 215, or Power Site Reserve No. 258.

A copy of map Exhibit "K-1" (F. P. C. No. 704-13) has been transmitted to the Bureau of Land Management and Geological Survey.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F. R. Doc. 58-6000; Filed, Aug. 4, 1958; 8:52 a. m.]

GENERAL SERVICES ADMINISTRATION

GEM QUALITY DIAMONDS HELD IN NATIONAL STOCKPILE

PROPOSED DISPOSITION

Pursuant to the provisions of section 3 (e) of the Strategic and Critical Materials Stock Piling Act, 53 Stat. 811, as amended, 50 U. S. C. 98b (e), notice is hereby given of a proposed disposition of approximately 47,049 carats of rough cuttable gem quality diamonds and approximately 8,412 carats of cut and polished gem quality diamonds now held in the national stockpile.

Such gem quality diamonds were obtained principally through transfer to the stockpile pursuant to section 6 (a) of the Strategic and Critical Materials Stock Piling Act at times when the stockpile objectives for industrial diamond stones had not been reached. Based upon the fact that the stockpile inventory of

industrial diamond stones now meets the stockpile objectives, the Office of Defense Mobilization, prior to July 1, 1958, made a revised determination, pursuant to section 2 (a) of the Strategic and Critical Materials Stock Piling Act, that there is no longer any need for stockpiling gem quality diamonds.

General Services Administration proposes to sell said gem quality diamonds by competitive bidding, either through public auction or by formal advertising for sealed bids. In order to encourage bidding by all prospective purchasers, the diamonds will be available for sale in lots of varying sizes.

It is believed that this plan of disposition will protect the United States against avoidable loss on the sale of such diamonds and also protect producers, processors and consumers against avoidable disruption of their usual markets.

It is proposed to make the gem quality diamonds covered by this notice available for sale six months after the date of publication of this notice in the FEDERAL REGISTER. Since the revised determination is not by reason of obsolescence of gem quality diamonds for use in time of war, this proposed disposition is being referred to the Congress for its express approval, as required by section 3 (e) of the Strategic and Critical Materials Stock Piling Act.

Dated: July 29, 1958.

FRANKLIN FLOETE,
Administrator of General Services.

INTERSTATE COMMERCE COMMISSION

[Notice 9]

MOTOR CARRIER TRANSFER PROCEEDINGS

JULY 31, 1958.

Synopses of orders entered pursuant to section 212 (b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17 (8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC 61110. By order of July 29, 1958, the Transfer Board approved the transfer to Harold Peterson, Ellsworth, Wis., of Certificate No. MC 22643, issued January 23, 1956, to Roland W. Thom, Ellsworth, Wis., authorizing the transportation of *General commodities*, with exceptions, between points in Hartland, Salem, and Ellsworth Townships, Pierce County, Wis., on the one hand, and, on the other, St. Paul, South St. Paul, Minneapolis, and Red Wing, Minn. A. R. Fowler, 2288 University Avenue, St. Paul 14, Minn., for applicants.

No. MC-FC 61189. By order of July 28, 1958, the Transfer Board approved the transfer to Clyde O. Dyer, Jr., and Evelyn A. Dyer, a partnership, doing business as Imperial Valley Van & Storage Co., 137 West Main Street, Imperial, California, of Certificate No. MC 111635, issued February 10, 1958 to Irene Taylor, doing business as Imperial Valley Van & Storage Company, 137 West Main Street, Imperial, California, authorizing the transportation of: Household goods, as defined by the Commission, between points in California within 80 miles of El Centro, Calif., including El Centro.

No. MC-FC 61251. By order of July 28, 1958, the Transfer Board approved the transfer to Remo Ciavarella, doing business as Remo Cartage Company, Chicago, Ill., of Corrected Permit in No. MC 116272, issued November 5, 1957, to William F. Ranson, doing business as Remo Cartage Co., Chicago, Ill., authorizing

the transportation of: *Used baking pans*, between Chicago, Ill., on the one hand, and, on the other, all points in Illinois and Indiana and specified points in Iowa, Michigan, Missouri, and Wisconsin. Lewis B. Baron, First National Bank Building, Chicago 3, Illinois, for applicants.

No. MC–FC 61392. By order of July 28, 1958, the Transfer Board approved the transfer to Harry Russell & Sons, Inc., Mount Vernon, Ind., of Certificate No. MC 116311, issued November 14, 1957, to W. Harry Russell and Winifred D. Russell, a partnership, doing business as Russell & Son, Mount Vernon, Ind., authorizing the transportation of *Water* and *crude oil*, in bulk, in tank vehicles, between points in that part of Indiana on and west of U. S. Highway 31 and on and south of U. S. Highway 40 and points in Wabash, Edwards, White, and Gallatin Counties, Ill. Robert W. Loser, Attorney at law, 317 Chamber of Commerce Building, Indianapolis, Ind., for applicants.

No. MC–FC 61396. By order of July 28, 1958, the Transfer Board approved the transfer to Elton E. Babbitt, doing business as New Home Transit, New Brighton, Minn., of a portion of Certificate No. MC 113975, issued March 29, 1956, and Certificate No. MC 113975, issued December 31, 1957, to Move-Way Vans, Inc., Minneapolis, Minn., authorizing the transportation of Prefabricated buildings, complete, knocked down, or in sections, including all component parts, equipment and materials incidental to the erection and completion of such buildings when shipped therewith, from Bloomington, Litchfield, and Golden Valley, Minn., to points in North Dakota and South Dakota, and from Bloomington and Litchfield, Minn., to points in Illinois, Kansas, Michigan, Iowa, Nebraska, Colorado, Wisconsin, Wyoming, Montana, and Missouri. Donald A. Morken, 1100 First National-Soo Line Building, Minneapolis, 2, Minn., for transferee. F. J. Van Osdel, 506 First National Bank Building, Fargo, North Dakota, for transferor.

No. MC–FC 61410. By order of July 28, 1958, the Transfer Board approved the transfer to Arthur Queen and John Queen, a partnership, doing business as Queen Brothers, Glen Burnie, Md., of Certificate No. MC 102129, issued May 18, 1956, to Arthur Queen, Glen Burnie, Md., authorizing the transportation of *Passengers and their baggage*, restricted to traffic originating at the points indicated, in round-trip charter operations, from Camp Parole, Freetown, Robinson, Broadneck, St. Margaret, and Queenstown, Md., to Gettysburg, Pa., and points in that part of Delaware, Virginia and the District of Columbia, within 100 miles of Annapolis, Md., and return; and *Passengers and their baggage*, in round-trip charter operations, beginning and ending at Camp Parole, Freetown, Robinson, Broadneck, St. Margaret, and Queenstown, in Anne Arundel County, Md., and extending to points in Pennsylvania (except Gettysburg), New York, Ohio, New Jersey, North Carolina, West Virginia, and points in Virginia more than 100 miles from Annapolis, Md. Albert R. May, attorney at law, Commonwealth Building, 1625 K Street NW., Washington 6, D. C., for applicants.

VOLUME 23 NUMBER 153

Washington, Wednesday, August 6, 1958

TITLE 3—THE PRESIDENT

PROCLAMATION 3252

NATIONAL DAY OF PRAYER, 1958

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Our fathers trusted in God, and they were not confounded. Believing that all men are "endowed by their Creator with certain unalienable Rights," they conquered the wilderness, built homes, charted the course of free institutions, and defended their liberties against forces which threatened from within and from without.

In our time, buffeted by unprecedented changes and challenged by an aggressive denial of Divine Providence, we have continuing need of the wisdom and strength that come from God, and we shall always find our highest satisfaction in a steadfast purpose to know and to do His will.

In this spirit, the Congress, by a joint resolution approved April 17, 1952 (66 Stat. 64), has provided "That the President shall set aside and proclaim a suitable day each year, other than a Sunday, as a National Day of Prayer, on which the people of the United States may turn to God in prayer and meditation at churches, in groups, and as individuals."

It is a privilege to carry out this resolution, and I accordingly set aside Wednesday, the first day of October 1958, as a National Day of Prayer; and I call upon my fellow Americans and all who may be visitors in our country, each according to his own faith, to join in prayer for our Nation and for all mankind, and especially:

First, that we may be humbly mindful that this Nation, under God, arrived at its present position by the toil and sacrifice of many citizens who subordinated personal interests to the common welfare and passed on to us a heritage with which we are singularly blessed;

Second, that we may have Divine guidance in our efforts to lead our children in the paths of truth and to provide a healthy environment in which they may grow in body, mind, and spirit;

Third, that we may ever exercise a compassionate concern for human suffering, whether at home or in distant lands, and that we may strive to alleviate hunger, eradicate disease, and advance the well-being of our neighbors;

Fourth, that we may be saved from blinding pride and from any act hurtful to the concord of free nations joined in building a just and durable peace under the guiding hand of Almighty God;

And, finally, that we may have courage to move forward in the unconquerable spirit of a free people, strong in faith, having a will to endure the burdens which have been given us to carry in our day, and to work toward goals of human betterment which may be attained only beyond our span of years.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this first day of August in the year of our Lord nineteen hundred and [SEAL] fifty-eight, and of the Independence of the United States of America the one hundred and eighty-third.

DWIGHT D. EISENHOWER

By the President:

JOHN FOSTER DULLES,
Secretary of State.

[F. R. Doc. 58-6317; Filed, Aug. 5, 1958; 9:33 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter F—Alaska Commercial Fisheries

PART 109—COOK INLET AREA

ADDITIONAL FISHING TIME

AUGUST 4, 1958.

Basis and purpose. Field observations indicate a continuing good run of pink salmon at Port Dick and good escapements have already been realized. It has been determined, therefore, that additional fishing time can be permitted.

Subparagraph (2) of paragraph (d) of § 109.5 is amended by changing the period after August 2 to a colon and adding the following proviso: "*Provided,*

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 54653]

PART 6—AIR COMMERCE REGULATIONS

LANDING RIGHTS OF SCHEDULED AIRLINES

The authority to grant landing rights to scheduled aircraft is being delegated by the Commissioner to the Deputy Commissioner, Management and Controls Division. Consistent with that action the following changes are necessary in the language of §§ 6.2 and 6.3, Customs regulations.

Section 6.2 (a) is amended by substituting "Bureau" for "Commissioner" in the second and third sentences and by substituting "the Bureau" for "he" in the third sentence.

Section 6.3 (b) is amended by deleting the last five words and placing a period after the word "purpose".

(R. S. 161, 251, secs. 624, 644, 46 Stat. 759, 761, sec. 7, 44 Stat. 572, as amended; 5 U. S. C. 22, 19 U. S. C. 66, 1624, 1644; 49 U. S. C. 177)

[SEAL] RALPH KELLY,
Commissioner of Customs.

Approved: July 30, 1958.

A. GILMORE FLUES,
Acting Secretary of the Treasury.

[F. R. Doc. 58–6130; Filed, Aug. 5, 1958; 8:49 a. m.]

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

[Departmental Reg. 108.371]

PART 41—VISAS: DOCUMENTATION OF NONIMMIGRANT ALIENS UNDER THE IMMIGRATION NATIONALITY ACT

ISSUANCE OF NONIMMIGRANT VISAS

Part 41, Chapter I, Title 22 of the Code of Federal Regulations, is amended in the following respect:

Section 41.11 *Authority to issue nonimmigrant visas in the Department*, is amended to read as follows:

§ 41.11 *Authority to issue nonimmigrant visas in the Department.* The Director of the Visa Office of the Department and such members of his staff as he may designate are authorized, in their discretion, to issue nonimmigrant visas, or to revalidate nonimmigrant visas previously issued, to qualified aliens in the United States (a) who are within a class of nonimmigrants described in section 101 (a) (15) (A), section 101 (a) (15) (G), or section 101 (a) (15) (I) of the Act, or within a class of nonimmigrants classifiable under the visa symbol NATO–1, NATO–2, NATO–3, or NATO–4, (b) who have been duly notified to the Secretary of State in such nonimmigrant status, or who, in cases of aliens classifiable under section 101 (a) (15) (I), are bearers of passports containing a used I visa which was, on a basis of reciprocity, limited in validity to a single application for admission into the United States as an A or G visa, and who have been duly accredited by a foreign information medium, and (c) who, after a temporary absence, desire to reenter the United States in the nonimmigrant status specified in the visa.

(Sec. 104, 66 Stat. 174; 8 U. S. C. 1104)

The regulation contained in this order shall become effective upon publication in the FEDERAL REGISTER. The provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) relative to notice of proposed rule making and delayed effective date are inapplicable to this order because the regulation contained therein involves foreign affairs functions of the United States.

Dated: July 31, 1958.

RODERIC L. O'CONNOR,
Administrator,
Bureau of Security and Consular Affairs.

[F. R. Doc. 58–6213; Filed, Aug. 5, 1958; 8:51 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter B—Economic Regulations

[Regulation No. ER–234]

PART 241—UNIFORM SYSTEM OF ACCOUNTS AND REPORTS FOR CERTIFICATED AIR CARRIERS

CAPITALIZATION OF INTEREST

Adopted by the Civil Aeronautics Board at its office in Washington, D. C. on the 1st day of August 1958.

A notice of proposed rule-making to amend the Board's revised accounting manual was published in the FEDERAL REGISTER (23 F. R. 1627) and circulated to the industry as Economic Regulations Draft Release No. 90, dated March 3, 1958.

Draft Release No. 90 proposed to remove the existing prohibition against capitalization of interest by air carriers (except as to inclusion in capitalized extension and development costs of interest actually paid by newly certificated carriers before inauguration of service) to the extent of premitting capitalization of interest on funds deposited with aircraft manufacturers or contractors and on funds segregated from working capital prior to their actual use for such purposes, both within stated limitations as to amounts and time. An interest rate representative of the carrier's long term debt is to be used, and there are provisions requiring in substance that earnings realized, or constructive earnings, on deposited or segregated funds must be offset against the amount of interest capitalized.

Written comments were received from interested parties. In substance, the comments generally favor the regulation on its merits except that some of them urge that the cost of equity capital should be a factor in determining the

[illegible] rate of interest.[1] Several of the air carriers contend that there is an issue in the General Passenger Fare Investigation, Docket 8008, of whether or not for rate making purposes funds committed for equipment purchases should be included in the investment base, or whether or not the interest cost thereof should be capitalized. These carriers express apprehension that by adopting this regulation the Board would prejudge the issue in the fare case. They urge, therefore, that the Board defer decision on this rule-making project until conclusion of the fare case and, in the meantime, grant relief to air carriers on an individual basis by waivers of the prohibition against capitalization of interest.

Upon due consideration of all comments, the Board has concluded that the regulation should be adopted in the form as proposed. The merits of the abstract argument in favor of an interest rate which takes into account the air carrier's cost of equity capital are overcome by the practical considerations that the yardstick for ascertaining the interest rate must be sufficiently simple and definite to be applied by the carrier itself without involving the controversial question of the fair cost of equity capital for particular carriers; that the cost of equity financing always is an uncertain and fluctuating item and may not even be susceptible of estimation in the case of some air carriers which have not enjoyed a stable earnings record; that debt-financing is the method chiefly used by air carriers to finance equipment purchases and major construction; and that on the other hand, the difference in amounts capitalized is not likely to be very substantial in light of the relatively short periods of time during which interest is capitalized.

We cannot agree with the contention that adoption of this accounting regulation would involve prejudgment of the issues in the General Passenger Fare Investigation. Since accounting is to reflect the Board's regulatory policies as nearly as may be, and not vice versa, an inference from the adoption of an accounting rule to the future adoption of a rate policy can not be drawn unless it were assumed that the Board had already considered and made up its mind on the policy issue. Of course, no serious contention to this effect can be made. The correct inference from the suggested comparison with ER–230 is not that promulgation of this regulation should be deferred but that the regulation should be adopted, since there as here the regulation accomplished a liberalization of a previously effective prohibition in the accounting rules pending the policy decision in the fare case; and there as here this liberalization relieves the Board from the necessity of passing on requests for waivers and determining issues of fact similar to those pending in the rate case. Depending on the outcome of the General Passenger Fare Investigation, amending these or other accounting regulations at that time may be in order.

Since this regulation does not impose an additional burden on any person but liberalizes existing rules, observance of the statutory 30-day period between promulgation and effective date is not required and the regulation may be made effective immediately.

Interested persons have been afforded opportunity to participate in the making of this rule and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 241 of the Economic Regulations, effective August 1, 1958, by amending § 241.2–10 to read as follows:

§ 241.2–10 *Capitalization of interest.* (a) The cost of operating property and equipment may include, for accounting purposes, a component for capitalized interest properly computed in accordance with the provisions of this section upon funds actually committed as equipment purchase deposits or actually used to finance construction work in progress from the date when such funds are first employed for either of these purposes to the date upon which the unit of equipment or property concerned is ready to be placed in operation: *Provided, however,* That the charging of interest on all funds thus committed or used shall be limited in both time and amount to the air carrier's reasonable requirements therefor.

(b) The cost of operating property and equipment may also include a component for interest upon all funds segregated from working capital and carried in account 1550 Special Funds—Other, in advance of the date when such funds are scheduled under a legally binding contract to be committed as bona fide deposits with an aircraft manufacturer or as sums payable to contractors for construction work: *Provided, however,* That the charging of interest upon such funds shall be limited in amount to the carrier's reasonable requirements therefor, as well as limited to a reasonable period which, in no event, shall exceed six months.

(c) In determining the amount of interest to be capitalized under the provisions of paragraphs (a) and (b) of this section, the air carrier shall utilize an interest rate which is representative of the current rate for long term debt for such air carrier. Any interest or other earnings realized upon equipment purchase funds on deposit with, or for the account of, an aircraft manufacturer or construction contractor shall be offset against the amount of such capitalized interest. The amount of interest capitalized with respect to funds segregated prior to their actual employment as deposits or investments in construction work shall also be reduced by an amount equal to the constructive earnings on such segregated funds, to be calculated as the product of the amount of such segregated funds multiplied by the average rate of earnings on the carrier's investment in interest-bearing securities (if any) but not to exceed the actual amount of such interest earned.

(d) Interest capitalized in accordance with provisions of paragraphs (a), (b), and (c) of this section, shall be charged to balance sheet account 1689, Construction Work in Progress, and cleared to separate sub-accounts of the appropriate property and equipment balance sheet account when each unit of property or equipment is placed in operation and shall be credited to an Interest Charged to Construction-Credit sub-account of profit and loss account 83, Interest Income. The amount of cumulated interest charged to account 1689 shall be identified in each balance sheet by appropriate notations to the Form 41 report. The amount capitalized shall be amortized, together with other capital costs, over the useful life of the asset as a part of depreciation expense: *Provided,* That the air carriers shall reverse all entries capitalizing interest in the event that funds segregated in advance are not ultimately used as equipment purchase deposits or on-account payments to contractors, or in the event that equipment or property for the acquisition or construction of which funds were deposited or paid on account is not actually acquired, or if the amounts on which interest has been capitalized are allowed by the Board as a part of the rate base during all or a part of the period for which interest has been capitalized.

(e) In the case of a newly certificated carrier, interest on funds actually employed prior to inauguration of services, in developmental projects not covered in paragraphs (a) and (b) of this section, may be capitalized as developmental cost in accordance with the provisions of paragraph (c) of this section. Such capitalized interest shall be charged to balance sheet account 1830, Developmental and Preoperating Costs, and credited to an Interest Charged to Development sub-account of profit and loss account 83, Interest Income, and amortized as a part of extension and development cost to profit and loss account 74, Amortization.

(f) Any capitalization of interest permitted under this section shall be entered in the air carrier's accounts on a current basis and may not be recorded retroactively, except that as to funds which are on deposit during the carrier's accounting year in which this section takes effect, interest may be capitalized from the time the funds were first so deposited.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies Sec. 407, 52 Stat. 1000; 49 U. S. C. 487)

By the Civil Aeronautics Board.

[SEAL] MABEL McCART,
Acting Secretary.

[F. R. Doc. 58–6094; Filed, Aug. 5, 1958; 8:46 a. m.]

[1] A statement in one of the comments (Ozark) that the total period for which interest may be capitalized is limited to six months, is erroneous. This limitation applies only to the period during which funds are segregated from working capital but not yet committed as deposits with a manufacturer or contractor.

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 82]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedures appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (L/MFR, ADF, VOR, TerVOR, VOR/DME, ILS, or RADAR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is cancelled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The very high frequency omnirange (VOR) procedures prescribed in § 609.100 (c) are amended to read in part:

VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots
					65 knots or less	More than 65 knots	

PROCEDURE CANCELLED, EFFECTIVE JULY 3, 1958.

City, Muskegon; State, Mich.; Airport Name, Muskegon County; Elev., 628'; Fac. Class, BVOR; Ident., MKG; Procedure No. 1, Amdt. 2; Eff. Date, Nov. 26, 1955; Sup. Amdt. No. 1; Dated, Mar. 30, 1954

These procedures shall become effective on the dates indicated on the procedures.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

[SEAL]

S. A. KEMP,
Acting Administrator of Civil Aeronautics.

JULY 31, 1958.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6942]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

PACIFIC AMERICAN FISHERIES, INC., ET AL.

Subpart—*Discriminating in price under section 2, Clayton Act, as amended*—Payment or acceptance of commission, brokerage, or other compensation under 2 (c): § 13.820 *Direct buyers.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interprets or applies sec. 2, 38 Stat. 730, as amended; 15 U. S. C. 13) [Cease and desist order, Pacific American Fisheries, Inc., et al., Bellingham, Wash., Docket 6942, June 12, 1958]

In the Matter of Pacific American Fisheries, Inc., a Corporation, and Deming & Gould Company, a Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a packer of canned salmon and other sea food products and its corporate sales agent in Bellingham, Washington, with discriminating in price in violation of sec. 2 (c) of the Clayton Act by making direct sales to certain favored customers at prices lower than those paid by buyers purchasing through brokers, the reduced prices reflecting in whole or in part the customary brokerage paid on sales to the non-favored customers.

Following acceptance of an agreement containing consent order, the hearing examiner made his initial decision and order to cease and desist which became on June 12 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That Pacific American Fisheries, Inc., a corporation, and Deming & Gould Company, a corporation, and Respondents' officers, directors, agents, representatives or employees, directly or through any corporate or other device, in connection with the sale of their seafood products in commerce as "commerce" is defined in the aforesaid Clayton Act, do forthwith cease and desist from:

Paying, granting, or allowing, directly or indirectly, to any buyer, or to anyone acting for or in behalf of, or who is subject to the direct or indirect control of such buyer, anything of value as a commission, brokerage, or other compensation, or any allowance or discount in lieu thereof, upon or in connection with any sale of their seafood products to such buyer for his own account.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Pacific American Fisheries, Inc., a corporation, and Deming & Gould Company, a corporation, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 12, 1958.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[F. R. Doc. 58-6084; Filed, Aug. 5, 1958; 8:46 a. m.]

[Docket 7015]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

ACCURATE STYLE MANUFACTURING CO., INC., ET AL.

Subpart—*Advertising falsely or misleadingly:* § 13.60 *Earnings and profits;* § 13.115 *Jobs and employment service;* § 13.143 *Opportunities.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Accurate Style Manufacturing Company, Inc., et al., Freeport, Long Island, N. Y., Docket 7015, June 11, 1958]

In the Matter of Accurate Style Manufacturing Company, Inc., a Corporation, and Mrs. D. T. Ruhl and Joseph Soviero, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a concern engaged in Freeport, Long Island, N. Y., in the mail order sale of pre-cut fabrics for making dresses at home, with representing falsely in "Help Wanted" advertisements in newspapers that it was offering to employ persons to sew ready-cut housecoats in their homes and would pay "from $17.40 to $26.16 dozen" for such services.

Following acceptance of an agreement for consent order, the hearing examiner made his initial decision and order to cease and desist which became on June 11 the decision of the Commission.

Said order to cease and desist is as follows:

It is ordered, That respondent, Accurate Style Manufacturing Company, Inc., a corporation, and its officers, and Mrs. D. T. Ruhl, individually and as an officer of said corporation, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of pre-cut fabrics, or any other article of merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or by implication, that respondents are offering employment or payment for services to be rendered, when, in fact, the offer is to sell merchandise.

It is further ordered, That the complaint, insofar as it relates to respondent Joseph Soviero, be, and the same hereby is, dismissed.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Accurate Style Manufacturing Company, Inc., a corporation, and Mrs. D. T. Ruhl, individually and as an officer of said corporation, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 11, 1958.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[F. R. Doc. 58-6085; Filed, Aug. 5, 1958; 8:46 a. m.]

[Docket 7033]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

SYLVETTE WATCH CO.

Subpart—*Advertising falsely or misleadingly:* § 13.15 *Business status, advantages, or connections:* Foreign status, branches, etc.; § 13.70 *Fictitious or misleading guarantees;* § 13.235 *Source or origin:* Place: *Foreign, in general.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 13.1845 *Composition.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Saul Frisch trading as Sylvette Watch Co., New York, N. Y., Docket 7033, June 11, 1958]

In the Matter of Saul Frisch, an Individual trading as Sylvette Watch Co.

This proceeding was heard by a hearing examiner on the complaint of the Commission charging an importer in New York City with selling watches of simulated gold or gold alloy without disclosing that the cases were composed of base metal; and with representing falsely by the words "Sylvette of Switzerland" on the cardboard boxes packaging the watches that he maintained a place of business in Switzerland, and representing falsely on counter display cards widely distributed to jobbers and dealers that the watches were "Guaranteed".

Following acceptance of an agreement containing consent order, the hearing examiner made his initial decision and order to cease and desist which became on June 11, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondent Saul Frisch, an individual trading as Sylvette Watch Co., or under any other name, and his agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Offering for sale or selling watches, the cases of which are composed of base metal, manufactured or otherwise processed to simulate or have the appearance of precious metal, without marking such cases so as to disclose clearly the true metal composition thereof;

2. Representing in any manner that respondent maintains an office and place of business in Switzerland;

3. Representing that merchandise is guaranteed, unless the nature and extent of the guarantee and the manner in which the guarantor will perform thereunder are clearly and conspicuously disclosed.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That Saul Frisch, an individual trading as Sylvette Watch Co., shall, within sixty (60) days after service upon him of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which he has complied with the order to cease and desist.

Issued: June 11, 1958.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Commodity Stabilization Service and Commodity Credit Corporation, Department of Agriculture

Subchapter B—Loans, Purchases, and Other Operations

[C. C. C. Rice Bulletin A, Amdt. 1]

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1958 CROP RICE PRICE SUPPORT PROGRAM

DEFINITION OF "RICE ACREAGE"

The purpose of this amendment is to exclude from the definition of "rice acreage" certain acreages outside field border levees or inside of drainage ditch banks under certain conditions when such acreages cannot be harvested or destroyed by mechanical means.

Section 421.3328 (f) (definition of "rice acreage") is amended by striking out the word "and" immediately preceding the language "(5)", by changing the period at the end thereof to a comma, and by adding the following language: "and (6) any acreage seeded to rice outside of the field border levee where such levee is bounded by a fence or other barrier which would make it impossible to harvest or destroy the rice from such area by mechanical means, and any acreage seeded to rice inside of drainage ditch banks where the topography would make it impossible to harvest or destroy the rice from such acreage by mechanical means: *Provided*, That the seeding operations have been performed with an end gate seeder or by airplane."

(Sec. 4, 62, Stat. 1070 as amended; 15 U. S. C. 714b. Interprets or applies sec. 5, 62 Stat. 1072, secs. 401, 408, 63 Stat. 1054, 68 Stat. 904, sec. 125, 70 Stat. 198; 15 U. S. C. 714c, 7 U. S. C. 1421, 1428, 1374, 1813)

Issued this 1st day of August 1958.

[SEAL] MARVIN L. MCLAIN,
Acting Secretary.

Subchapter D—Regulations Under Soil Bank Act

[Amdt. 22]

PART 485—SOIL BANK

SUBPART—CONSERVATION RESERVE PROGRAM

MISCELLANEOUS AMENDMENTS

The regulations governing the conservation reserve part of the Soil Bank Program, 21 F. R. 6289, as amended, are hereby further amended as follows:

1. Section 485.156 (b) is amended by deleting the period at the end of the fifth sentence and adding the following: "except that the Administrator, CSS, may, in order to prevent undue hardship, authorize the county committee to accept such application or contract after the dates specified in this sentence if, because of misinformation or misunderstanding, the producer was under the

impression that he had filed such application or contract, or did not realize that he had to file such application or contract by the dates specified."

2. Section 485.165 (a) is amended by deleting the period at the end of the last sentence and adding the following: "except that the Administrator, CSS, may authorize payment of cost-shares upon application submitted after such date if, in his judgment, such action is necessary in order to prevent undue hardship."

3. Section 485.165 (b) is amended by deleting the period at the end of the last sentence and adding the following: "except that the Administrator, CSS, may authorize payment of the annual payment upon application after such date if, in his judgment, such action is necessary in order to prevent undue hardship."

4. Section 485.181 is deleted in its entirety.

(Sec. 124, 70 Stat. 198; 7 U. S. C. 1812)

Issued at Washington, D. C., this 1st day of August 1958.

[SEAL] MARVIN L. MCLAIN,
Acting Secretary.

TITLE 46—SHIPPING

Chapter II—Federal Maritime Board, Maritime Administration, Department of Commerce

Subchapter B—Regulations Affecting Maritime Carriers and Related Activities

[Amdt. 3]

PART 221—DOCUMENTATION, TRANSFER OR CHARTER OF VESSELS

STATEMENT OF POLICY

Effective July 31, 1958, section I B of the Statement of Policy appearing as an Appendix to this part is amended as follows:

1. By deleting the second paragraph under the heading *Other criteria and conditions* and substituting therefor the following new paragraph:

The U. S. company which commits itself to construct a new vessel under this policy, shall be the owner, directly or indirectly through a U. S. parent or U. S. subsidiary or U. S. related company, of the U. S.-flag vessel which is approved for transfer to foreign ownership and registry. Such approval may not be assigned or in any manner transferred to another U. S. citizen without the approval of the Maritime Administrator, who shall be satisfied that the benefits of the transfer are invested in the new ship.

2. By deleting the third paragraph under said heading and substituting therefor the following new paragraphs:

In the event the new vessel is not constructed and documented under United States laws by the applicant or any U. S. subsidiary or affiliate of the applicant within the time limit prescribed, said corporation and the principal U. S. citizen stockholders thereof, jointly and severally, shall pay a stipulated sum to the United States, as liquidated damages and not as a penalty. The liquidated damages for failure to build are not payable unless the U. S. owner has defaulted in its commitment to build a U. S. vessel and has transferred a U. S. vessel to foreign ownership and/or registry.

Where the new construction is to be financed under a plan which includes use of the proceeds from the sale or the net earnings derived from the mortgaging, chartering, operation, or from any source or arrangement whatsoever relating to the transferred vessel, and in order to assure the construction in a United States shipyard of the vessel constituting the replacement of the vessel(s) approved for transfer to foreign ownership and/or registry, the individual or corporation which obligates himself or itself to build the replacement vessel(s) shall agree that such proceeds shall be deposited by the aforesaid obligated individual or corporation in an escrow account in accordance with, and subject to, any and all terms and conditions prescribed by the Maritime Administration. The escrow account to be established, as aforesaid, shall be a controlled account and no withdrawals may be made therefrom without the prior written approval of the Maritime Administration. The terms and conditions governing the escrow account and the proceeds to be deposited therein will be prescribed by the Maritime Administration on a case-to-case basis depending on the nature of the transfer.

(Sec. 19, 41 Stat. 995, as amended, sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 876, 1114)

Dated: July 31, 1958.

[SEAL] CLARENCE G. MORSE,
Maritime Administrator.

[F. R. Doc. 58-6115; Filed, Aug. 5, 1958; 8:48 a. m.]

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Rules Amdt. 9-21]

[Docket No. 10690; FCC 58-801]

PART 9—AVIATION SERVICES

POSTING STATION LICENSES AND TRANSMITTER IDENTIFICATION CARDS

In the matter of Amendment of Part 9 of the Commission's rules governing Aviation Services.

1. Notice of Proposed Rule Making in the above-entitled matter was released by the Commission on September 17, 1953 (18 F. R. 5666). That Notice, which proposed amendment of § 9.118 (b) to require that an aircraft radio station license "be prominently displayed in the aircraft," was intended to expedite inspection of aircraft radio stations by removing the alternative of keeping the license "at a convenient easily accessible location in the aircraft." Final action in this proceeding was withheld at the request of Aeronautical Radio, Inc. (ARINC) and various air carriers, pending Commission action on an earlier ARINC petition for rule amendment to provide for fleet licensing of air carrier aircraft radio stations. Fleet licensing in the Aviation Services has since been implemented by Commission action in Docket 10776.

2. Subsequently, ARINC filed a petition (February 4, 1957) for amendment of Part 9 to simplify authorization posting requirements for ground stations. The existing rules require that when a ground station authorization covers transmitters as several locations, such authorization must be posted at one of the transmitter locations and a photographic copy thereof must be posted at all other transmitter locations. The ARINC petition requested that the rules be changed to require the posting of the authorization only at the principal control point of a station, thereby eliminating, at many installations, the necessity of preparing and posting large numbers of photocopies. Inasmuch as the ARINC petition related to station authorization posting requirements, the captioned proceeding was enlarged on September 27, 1957, by Further Notice of Proposed Rule Making (22 F. R. 7801) to encompass the added ground station license posting issue presented by that petition.

3. In response to the Further Notice of Proposed Rule Making, comments were filed by the National Business Aircraft Association, Inc. (NBAA) and by ARINC.

4. Neither respondent opposed the simplification of authorization posting requirements for ground stations in the manner proposed; such simplification was, in fact, fully suported by ARINC as satisfying its petition of February 4, 1957. In this connection, there are now approximately 1900 remotely controlled transmitters licensed to ARINC alone, and the number of license modifications issued annually by the Commission for some gateway stations approaches twenty. Elimination of the present requirement that a photocopy of the station authorization be posted at each transmitter site will, as attested by ARINC, appreciably reduce the burden on ground station licensees arising from frequent license modifications. The Commission finds that this improvement can be accomplished without impeding, in any way, the effectiveness of the field inspection program. Accordingly, the ground station license posting requirements adopted herein are unchanged from the Commission's Further Notice of Proposed Rule Making.

5. The remaining proposal that "the current authorization for an aircraft station shall be prominently displayed within the aircraft * * *" was opposed by both NBAA and ARINC. NBAA argued that cockpit and cabin space limitations make this proposal objectionable when applied to some types of business aircraft. ARINC objected to this proposal on the same grounds. While conceding that air carriers could comply with this requirement if given sufficient lead time to accomplish the necessary cockpit alterations during scheduled overhaul periods, ARINC alleged that private aircraft operators subscribing to its service would suffer particular hardship in view of the previously mentioned space limitations. In support of this contention, the ARINC comment was accompanied by an attachment summarizing the views of its business aircraft subscribers.

6. In passing on the merits of the proposed aircraft license posting requirement, its value to the Commission's field inspection program must be weighed against the undue hardship alleged by the user public. Inasmuch as an aircraft must be entered in order to carry out a satisfactory inspection, the Commission is basically concerned with the amenability of the license to an inspector once entry has been made. In this connection, there have been numerous instances in which the license was neither posted nor found among the aircraft's papers.

7. It is believed that the efficiency of aircraft inspection can be improved, while at the same time meeting the above-described objections by requiring that aircraft radio station licenses either be posted or kept with the aircraft registration certificate. This certificate must, in accordance with CAA regulations, be carried aboard the aircraft at all times (14 CFR 501.8). The language of § 9.118 (b) has been modified accordingly.

8. In view of the foregoing, *It is ordered*, Pursuant to sections 303 (n) and (r) of the Communications Act of 1934, as amended, that, effective September 8, 1958, Part 9 of the Commission's rules be amended as set forth below; and

9. *It is further ordered*, That the proceedings in Docket No. 10690 are hereby terminated.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: July 31, 1958.

Released: August 1, 1958.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] GORDON J. KENT,
Acting Secretary.

Amend Part 9—Aviation Services, as indicated below: Amend paragraphs (a) and (b) of § 9.118 to read as follows:

§ 9.118 *Posting station licenses and transmitter identification cards.* (a) The current authorization for each station at a fixed location shall be prominently displayed at the principal control point of the transmitter or transmitters.

(b) The current authorization for an aircraft radio station shall be posted prominently in the aircraft or shall be kept with the aircraft registration certificate. In the case of air carriers licensed by means of a single authorization for the operation of all fleet aircraft, the original authorization, or photocopy thereof, shall be posted prominently in the aircraft or shall be kept with the aircraft registration certificate.

[F. R. Doc. 58-6123; Filed, Aug. 5, 1958; 8:48 a. m.]

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 609—WOMEN'S AND CHILDREN'S UNDERWEAR AND WOMEN'S BLOUSE AND NECKWEAR INDUSTRY IN PUERTO RICO

WAGE ORDER GIVING EFFECT TO RECOMMENDATIONS

Pursuant to section 5 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1062, as amended; 29 U. S. C. 205), the Secretary of Labor by Administrative Order No. 508 (23 F. R. 4036), as amended by Administrative Order No. 511 (23 F. R. 5215), appointed, convened, and gave notice of the hearing of Industry Committee No. 40-B to recommend the minimum wage rate or rates to be paid under section 6 of that Act (52 Stat. 1062, as amended; 29 U. S. C. 206) to employees in the women's and children's underwear and women's blouse and neckwear industry in Puerto Rico who are engaged in commerce or in the production of goods for commerce.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the committee filed with the Administrator a report containing its findings and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1064, as amended; 29 U. S. C. 208), Reorganization Plan No. 6 of 1950 (64 Stat. 1263; 3 CFR, 1950 Supp., p. 165), and General Order No. 45-A of the Secretary of Labor (15 F. R. 3290), the recommendations of the committee are hereby published in this order amending the Code of Federal Regulations. Effective August 22, 1958, 29 CFR Part 609 is amended to read as follows:

Sec.
609.1 Definition of the industry.
609.2 Wage rates.
609.3 Notices.

AUTHORITY: §§ 609.1 to 609.3 issued under sec. 8, 52 Stat. 1064, as amended; 29 U. S. C. 208. Interpret or apply sec. 6, 52 Stat. 1062, as amended; 29 U. S. C. 206.

§ 609.1 *Definition of the industry.* The knitting, or manufacture from woven or knit fabric, of women's, misses', girls', boys' size 6x or under, and infants' underwear and nightwear, including, but not by way of limitation, slips, petticoats, nightgowns, negligees, panties, undershirts, briefs, shorts, pajamas, sleepers, and similar articles; and the manufacture of women's and misses' blouses, shirts, waists, neckwear (including collar and cuff sets), and scarves (except square scarves): *Provided, however*, That the industry shall not include any product or activities included in the corsets, brassieres, and allied garments industry in Puerto Rico (29 CFR Part 614); or the outlining, or embroidery of lace by machine or the embroidery of any article or trimming by a crochet beading process or with bullion thread.

§ 609.2 *Wage rates.* (a) Wages at a rate of not less than 48 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the women's and children's underwear and women's blouse and neckwear industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the hand-sewing classification, which is defined as the operations of hand-sewing, hand-embroidering, hand-embellishing, ornamental stitching, and similar operations involving decorative effects: *Provided, however*, That mending, repairing, sewing of labels, tacking, and similar operations on articles which are wholly machine-sewn or machine-knit shall not be included.

(b) Wages at a rate of not less than 70 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the women's and children's underwear and women's blouse and neckwear industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the other operations classification, which is defined as all operations in the women's and children's underwear and women's blouse and neckwear industry in Puerto Rico other than those operations in the hand-sewing classification of this industry.

§ 609.3 *Notices.* Every employer subject to the provisions of § 609.2 shall post in a conspicuous place in each department of his establishment where employees subject to the provisions of § 609.2 are working such notices of this part as shall be prescribed from time to time by the Administrator of the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Administrator may prescribe.

Signed at Washington, D. C., this 1st day of August 1958.

CLARENCE T. LUNDQUIST,
Administrator.

[F. R. Doc. 58-6142; Filed, Aug. 5, 1958; 8:50 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Mines

[30 CFR Part 25]

[Bureau of Mines Schedule 16D]

MULTIPLE-SHOT BLASTING UNITS

PROPOSED REVISION OF PROCEDURES FOR TESTING AND APPROVAL

Pursuant to section 4 (a) of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003), notice is hereby given that under authority contained in sec. 5, 36 Stat. 370, as amended, 30 U. S. C. 7; and sec. 1, 66 Stat. 709, 30 U. S. C. 482 (a); it is proposed to revise the regulations in Part 25, Title 30, Code of Federal Regulations, as set forth below.

The principal revisions are the inclusion of definitions and specifications to provide for the testing and approval of multiple-shot blasting units that are capable of detonating not more than twenty (20) short-delay electric detonators with a single application of electrical energy. The existing regulations

provide for the testing and approval of multiple-shot blasting units that are capable of detonating not more than ten (10) short-delay electric detonators with a single application of electrical energy. Recent developments in underground mining operations have made it desirable, under certain circumstances, to provide for greater capacity multiple-shot blasting units that may be used safely in gassy coal mines. The proposed revisions are designed to meet the blasting requirements for such operations.

Interested persons may submit, in triplicate, written comments, suggestions, or objections with respect to the proposed revisions to the Director, Bureau of Mines, Washington 25, D. C., within 30 days after the date of publication of this notice in the FEDERAL REGISTER.

MARLING J. ANKENY,
Director,
Bureau of Mines.

Approved: July 30, 1958.

FRED A. SEATON,
Secretary of the Interior.

I. The present text of 30 CFR Part 25 is designated "Subpart A—General Provisions," in which the following revisions are made:

(1) Paragraph (d) of § 25.2 *Definitions* is amended to read as follows:

(d) "Multiple - shot blasting unit" means a blasting unit capable of detonating short-delay electric detonators, as further defined in § 25.20 or § 25.25.

(2) Paragraphs (i) and (j) of § 25.7 *Specifications; all types of units* are amended to read as follows:

(i) The energy applied to the firing circuit by the blasting unit shall be as stated in § 25.21 (a) or § 25.26 (a).

(j) The difference of potential at the terminals of the blasting unit shall be as stated in § 25.21 (b) or § 25.26 (b).

II. Subparts B and C are added.

As so revised, Part 25 reads as follows:

Subpart A—General Provisions

Sec.
25.1 Purpose.
25.2 Definitions.
25.3 Consultation.
25.4 Fees for investigation.
25.5 Tests and investigations.
25.6 Applications.
25.7 Specifications; all types of units.
25.8 Specifications; particular types of units.
25.9 Conduct of investigations and demonstrations.
25.10 Certificate of approval.
25.11 Approval plate.
25.12 Changes after approval.
25.13 Withdrawal of approval.

Subpart B—Blasting Units Capable of Detonating 10 Short-Delay Electric Detonators

25.20 Definition.
25.21 Specifications.

Subpart C—Blasting Units Capable of Detonating 20 Short-Delay Electric Detonators

25.25 Definition.
25.26 Specifications.

AUTHORITY: §§ 25.1 to 25.26 issued under sec. 5, 36 Stat. 370, as amended, sec. 212, 66 Stat. 709; 30 U. S. C. 7, 482. Interpret or apply secs. 2, 3, 36 Stat. 370, as amended, secs. 201, 209, 66 Stat. 692, 703; 30 U. S. C. 3, 5, 471, 479.

SUBPART A—GENERAL PROVISIONS

§ 25.1 *Purpose.* The regulations in this part set forth the specifications and requirements for multiple-shot blasting units to procure their approval on certification as permissible for use in coal mines; procedures for applying for such certification; and fees.

§ 25.2 *Definitions.* As used in this part—

(a) "Permissible," as applied to a multiple-shot blasting unit, means that the unit conforms to the specifications and requirements of this part, and that a certificate of approval to that effect has been issued.

(b) "Certificate of approval" means a formal document issued by the Bureau stating that the unit has met the specifications and requirements in this part and authorizing the use and attachment of an official approval plate.

(c) "Blasting unit" means an apparatus for detonating high explosives by applying electric current to electric detonators.

(d) "Multiple-shot blasting unit" means a blasting unit capable of detonating short-delay electric detonators, as further defined in § 25.20 or § 25.25.

(e) "Short-delay electric detonator" means a delay-type detonator (blasting cap) the delay periods of which range in nominal value from 25 to 500 milliseconds, and which will initiate (detonate) multiple charges of high explosives in succession with one application of the firing current.

(f) "Bureau" means the United States Bureau of Mines.

(g) "Applicant" means an individual, partnership, company, corporation, association, or other organization that designs, manufactures, or assembles, and that seeks a certificate of approval or preliminary testing of, a multiple-shot blasting unit.

§ 25.3 *Consultation.* By appointment, applicants or their representatives may visit the Bureau's Central Experiment Station, 4800 Forbes Avenue, Pittsburgh 13, Pennsylvania, to discuss with qualified Bureau representatives proposed designs of equipment to be submitted in accordance with the requirements of the regulations of this part. No charge is made for such consultation.

§ 25.4 *Fees for investigation.* (a) The fee for a complete investigation of a multiple-shot blasting unit is $250.

(b) The full fee must accompany an application for retesting a unit which has been previously tested and disapproved; but if less work is involved than for a complete investigation, the charge will be in proportion to the work done, and any surplus will be refunded to the applicant.

(c) The fee for tests covering only part of a complete investigation, such as to assist an applicant in developing a unit, will be charged according to the work involved and will be in proportion to that charged for a complete investigation. A fee for such tests shall be determined in advance by the Bureau and the applicant notified accordingly in writing.

(d) Ordinarily a fee is not charged for an application covering an extension of approval that does not require test work. Each case, however, will be considered individually, and if a fee is required, the applicant will be notified accordingly and the fee must be paid in advance before the investigation will be undertaken.

§ 25.5 *Tests and investigations.* Unless the application states otherwise, it will be presumed that a complete investigation for certification is desired. However, the application may be expressly limited to some element or phase less than a complete investigation; and in any case if the tests at any stage indicate that the unit does not conform to the specifications in this part, the Bureau may treat the application as one for a partial investigation up to that point. Complete investigation for certification will not be undertaken unless the unit has been fully developed, is ready to be marketed, and is submitted completely assembled including parts, connectors, and all related materials.

§ 25.6 *Applications.* (a) No investigation or testing will be undertaken by the Bureau except pursuant to a written application, in duplicate, accompanied by a check, bank draft, or money order, payable to the United States Bureau of Mines, to cover the fees, and all prescribed drawings, specifications, and related material. The application and all related matters and all correspondence concerning it shall be sent to the Central Experiment Station, Bureau of Mines, 4800 Forbes Avenue, Pittsburgh 13, Pennsylvania, Attention: Chief, Branch of Electrical-Mechanical Testing.

(b) The unit to be tested may be shipped (charges prepaid) at the same time the application is submitted, or at the option of the applicant shipment of the unit may be deferred until the Bureau has notified the applicant that the application will be accepted.

(c) Drawings and specifications shall be adequate in number and detail to identify fully the design of the unit and to disclose its materials, detailed dimensions of all parts, and wiring diagram. Drawings must be numbered and dated to insure accurate identification and reference to records, and must show the latest revision. Specifications must be given for materials, components, and subassemblies.

§ 25.7 *Specifications; all types of units.* (a) The Bureau will not test or investigate any unit that in its opinion is not constructed of suitable materials, that evidences faulty workmanship, or that is not designed upon sound engineering principles. In addition to any specifications or requirements imposed by the regulations in this part, the Bureau may impose such further specifications or requirements as in its opinion are necessary or proper to investigate or test the particular device submitted.

(b) Any unit that satisfies all of the requirements of this part may be certified as permissible.

(c) Adequacy of design and construction will be determined in connection with the following factors: Kind and durability of materials, test of active parts, resistance to moisture, drop test, insulation measurements, durability of construction, practicality in operation, suitability for underground service, and performance characteristics during the investigation.

(d) The unit must not ignite explosive gas-air mixtures or cause misfires or premature firing under any condition of use.

(e) The firing operation must be accomplished by a removable key or other acceptable means to prevent accidental or premature firing.

(f) A suitable means, incorporated as an integral part of the blasting unit, shall be provided to indicate, before each round of shots is fired, the ability of the unit to meet the average current and energy requirements, as stated in paragraphs (h) and (i) of this section.

(g) The voltage must be cut off or be reduced within 15 milliseconds (0.015 second) after the firing contact is made to such a value that no incendive spark (an electric spark of sufficient intensity to ignite flammable methane-air mixtures) can result from accidental post-firing contact of wires in the firing circuit.

(h) The average current produced by the unit shall be not less than 1.5 amperes, based on a 5-millisecond application to the bridgewire of the short-delay electric detonator.

(i) The energy applied to the firing circuit of the blasting unit shall be as stated in § 25.21 (a) or § 25.26 (a).

(j) The difference of potential at the terminals of the blasting unit shall be as stated in § 25.21 (b) or § 25.26 (b).

(k) Terminals of the unit for connecting the firing (blasting) cable shall be well insulated, without exposed parts that can become "alive" when energized.

(l) The housing for the unit shall be sealed to prevent tampering with the contents, and mechanically strong for mine service.

§ 25.8 *Specifications; particular types of units.* (a) Generator type: The energy output shall not depend upon the physical effort of an operator of the blasting unit.

(b) Generator or battery, condenser-discharge type:

(1) Condensers must be capable of withstanding 25,000 charge and discharge cycles at the normal rate specified by the applicant.

(2) An automatic means shall be provided to insure that no residual electrical charge will remain in the conderser(s) when the blasting unit is not in use.

(3) Firing shall not occur automatically upon operation of the device provided for charging the condenser(s) but must be accomplished by a separate manual operation.

(4) If battery-powered, the unit shall be so designed and constructed that the battery can be replaced without disturbing or damaging other electrical components.

§ 25.9 *Conduct of investigations and demonstrations.* (a) Prior to the issuance of a certificate of approval, only Bureau personnel, representatives of the applicant, and such other persons as may be mutually agreed upon, may observe the investigations or tests. After the issuance of a certificate of approval, the Bureau may conduct such public demonstrations and tests of the approved unit as it sees fit. The conduct of all investigations, tests, and demonstrations shall be under the sole direction and control of the Bureau, and any other persons shall be present only as observers. The Bureau shall hold as confidential and shall not disclose the results of chemical analyses of material or the contents of the application and its accompanying drawings, specifications, and related material.

§ 25.10 *Certificate of approval.* (a) Upon the completion of the investigation the Bureau shall issue to the applicant either a certificate of approval or a written notice of disapproval. If a certificate of approval is issued, no test data or detailed results of the test will accompany it. If the unit is disapproved, the notice of disapproval will be accompanied by details of the defects, with a view to possible correction. The Bureau will hold as confidential the results of tests of units that are disapproved.

(b) Only formal written certificates of approval or notices of disapproval will be given.

(c) A certificate of approval will be accompanied by a list of the drawings and specifications covering the details of design and construction upon which the approval is based, and with the official approval number marked thereon. Applicants shall keep exact duplicates of the drawings and specifications that have been submitted to the Bureau and that relate to any unit which has received a certificate of approval, and these are to be adhered to exactly in production of the approved unit for commercial purposes.

§ 25.11 *Approval plate.* (a) A certificate of approval will be accompanied by a photograph of a design for an approval plate, bearing the seal of the Bureau, space for the approval number, the type, the serial number, the class of unit to which the approval relates, and the name of the applicant. When necessary, an appropriate statement of the precautions to be observed in maintaining the unit in an approved condition shall be added.

(b) The applicant shall reproduce the design either as a separate plate or by stamping or molding it in some suitable place on each unit to which it relates. The size, type, method of attaching and location of approval plates are subject to the approval of the Bureau. The method of affixing the plate shall not impair the explosion-proof features of any enclosure.

(c) The approval plate identifies the unit to which it is attached as permissible, and is the applicant's guarantee that the unit complies with the specifications and requirements in this part. Without an approval plate, no unit has the status of "permissible" under the provisions of this part.

(d) Use of the approval plate obligates the applicant to maintain the quality of each unit bearing it and guarantees that it is manufactured and assembled according to the drawings and specifications upon which a certificate of approval is based. Use of the approval plate is not authorized except on units that conform strictly with the drawings and specifications upon which the certificate of approval is based.

§ 25.12 *Changes after approval.* If an applicant desires to change any feature of an approved unit and still have it covered by an existing certificate of approval, he shall first obtain the Bureau's approval of the change, pursuant to the following procedures:

(a) Application shall be made, as for an original certification, requesting that the existing certificate of approval be extended to cover the proposed change. The application shall be accompanied by drawings and specifications and related material as in the case of an original application.

(b) The application will be examined by the Bureau to determine whether inspection and testing of the modified unit or any part thereof will be required. Generally, inspection and testing will be necessary if there is a possibility that the modification may affect adversely the performance of the unit. The Bureau will inform the applicant whether such inspection and testing is required, the parts or materials to be submitted for that purpose, and the fee required.

(c) If the proposed modification meets the requirements and specifications of this part, a formal "extension of approval" will be issued accompanied by a list of new and corrected drawings and specifications to be added to those already on file as the basis for the certificate of approval.

§ 25.13 *Withdrawal of approval.* The Bureau reserves the right to rescind, for cause, at any time, any approval granted under this part.

SUBPART B—BLASTING UNITS CAPABLE OF DETONATING 10 SHORT-DELAY ELECTRIC DETONATORS

§ 25.20 *Definition.* As used in this subpart: "Multiple-shot blasting unit" means that the unit is capable of consistently detonating not to exceed ten (10) short-delay electric detonators with a single application of electrical energy to the firing circuit, with the detonators connected in series, and with a total firing-circuit resistance of not less than 125 ohms.

§ 25.21 *Specifications.* (a) The electrical energy applied to the firing circuit by the multiple-shot blasting unit shall be not less than 1.4 watt-seconds under any condition of use.

(b) The difference of potential at the terminals of the multiple-shot blasting unit shall not exceed 375 volts.

SUBPART C—BLASTING UNITS CAPABLE OF DETONATING 20 SHORT-DELAY ELECTRIC DETONATORS

§ 25.25 *Definition.* As used in this subpart—(a) "Multiple-shot blasting unit" means that the unit is capable of consistently detonating not to exceed twenty (20) short-delay electric detonators with a single application of electrical

energy to the firing circuit, with the detonators connected in series, and with a total firing-circuit resistance of not less than 150 ohms.

§ 25.26 *Specifications.* (a) The electrical energy applied to the firing circuit by the multiple-shot blasting unit shall be not less than 1.7 watt-seconds under any condition of use.

(b) The difference of potential at the terminals of the multiple-shot blasting unit shall not exceed 400 volts.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 903]

[Docket No. AO-10-A22]

HANDLING OF MILK IN ST. LOUIS, MISSOURI, MARKETING AREA

DECISION TERMINATING PROCEEDING WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at St. Louis, Missouri, on March 12-15, 1957, pursuant to notice thereof issued on March 1, 1957 (22 F. R. 1439). The Deputy Administrator, Agricultural Marketing Service, on September 12, 1957 (22 F. R. 7398) filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision containing notice of the opportunity to file written exceptions thereto.

The Department has now been advised by Sanitary Milk Producers and Producers Creamery Company (representing the majority of producers in the market), which made the original request for a hearing on proposed amendments to the marketing order regulating handling of milk in the St. Louis, Missouri, marketing area, that conditions in the market have changed since the hearing closed and the associations no longer believe that the proposed amendments to the order are necessary at this time.

In view of this substantial change in the material facts to be considered, it is concluded that no action relative to the proposed amendments to the tentative marketing agreement and order should be taken on the basis of the existing public hearing record, and the proceeding is hereby terminated.

This decision filed at Washington, D. C., this 31st day of July 1958.

[SEAL] DON PAARLBERG,
Assistant Secretary.

[F. R. Doc. 58-6093; Filed, Aug. 5, 1958; 8:46 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 9]

[Docket No. 12574; FCC 58-800]

AVIATION SERVICES

NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of § 9.412, Part 9—Aviation Services, to provide for the exemption of Airdrome Control Stations from the maintenance of a listening watch on the frequency 3023.5 kc.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. A recent request for exemption from the 3023.5 kc. listening watch as required by § 9.412 (b) (2) of the Commission's rules has been received from the Hughes Aircraft Co., Culver City, California. The circumstances in this case, together with the general trend toward the use of VHF for air/ground communications, make it appear desirable specifically to provide in the rules for the granting of such exemptions where it can be demonstrated to the Commission's satisfaction that discontinuance of such listening watch will not jeopardize the safety of life and property in the air. Accordingly, the Commission is proposing at this time to amend § 9.412 (b) (2) of the rules as shown below.

3. The proposed amendment is issued under authority of sections 303 (b) and 303 (r) of the Communications Act of 1934, as amended.

4. Any interested person who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before September 11, 1958, written data, views, or arguments setting forth his comments. Comments in support of the proposed amendments may also be filed on or before the same date. Rebuttal comments may be filed within 10 days from the last day for filing of original comments. No additional comments may be filed unless (1) specifically requested by the Commission, or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments prior to taking final action in this matter, and if comments are submitted warranting oral argument, notice of the time and place of such oral argument will be given.

5. In accordance with the provisions of § 1.54 of the Commission's rules, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 31, 1958.

Released: August 1, 1958.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] GORDON J. KENT,
Acting Secretary.

Amend Part 9—Aviation Services, as indicated below: Amend § 9.412 (b) (2) to read as follows:

(2) *High frequency.* 3023.5 kc. Upon application therefor, the Commission may exempt any station from the requirement to maintain listening watch on this frequency when a showing is made that such service is not required for the preservation of life and property in the air.

[F. R. Doc. 58-6125; Filed, Aug. 5, 1958; 8:48 a. m.]

[47 CFR Parts 31, 34, 35]

[Docket No. 12568; FCC 58-782]

ACCOUNTING FOR CERTAIN OF AMOUNTS CHARGED CUSTOMERS UPON TERMINATION OF SERVICE

NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of Parts 31, 34, and 35 of the Commission's rules with respect to the accounting for certain of the amounts charged customers upon the termination of service.

1. American Telephone and Telegraph Company, on behalf of itself and the Bell System companies, by letter dated May 23, 1958, has requested the Commission to amend Part 31 of its rules (Uniform System of Accounts for Class A and Class B Telephone Companies) with respect to the acounting for amounts received at the termination of service when such amounts are designed to cover the loss of investment in the particular case.

2. Paragraph (b) (1) of § 31.5-49, "Purpose of operating revenue accounts," of the Commission's rules provides that the operating revenue accounts shall be credited with all amounts charged for termination of service. American Telephone and Telegraph Company believes that this provision gives a proper result in most situations, but not in all. A. T. & T. gives as an example of a case where it believes the provision does not give a proper result the special situations that arise where the rendering of service requires special construction of facilities for a customer and there is no other expected future use for the facilities so constructed. In such cases, if service is terminated within a specified time, a charge is made to the customer which may be designed to recover the loss of investment suffered in the particular case. A. T. & T. believes that such charges are somewhat comparable to the reimbursements received for losses in connection with plant relocations, as covered in the Commission's case 18-R-1 appended to Part 31 of its rules. Accordingly, A. T. & T. requests that this type of termination charge should be required to be credited to the depreciation reserve rather than to the revenue accounts.

3. A. T. & T. suggests that its requested change in accounting be given effect by adding after paragraph (b) (1) of § 31.5-50 "Note: Amounts which are designed to recover the loss of investment in the particular case at the termination of service shall be credited to Account 171, Depreciation Reserve. See Note under paragraph (b) of Account 171." A. T. & T. also proposes adding a note under paragraph (b) of § 31.171, "Depreciation

Reserve," reading "Note: Account 171 shall be credited with amounts received at the termination of service when such amounts are designed to recover the loss of investment in the particular case."

4. The Note to paragraph (b) of § 31.2-31, "Purpose of telephone plant accounts," provides that amounts received for construction which are ultimately to be repaid wholly or in part shall be credited to the accounts charged with the cost of such construction to the extent that they are not refunded. A. T. & T. makes mention of this Note and states that it does not believe there is a conflict between its proposed changes and the Note since it interprets the latter as being limited in its application to initial nonrecurring charges, and therefore not applicable to termination charges. It is to be observed, however, that the amounts received for construction are credited to the plant accounts while A. T. & T. proposes that termination charges, which are also in reimbursement of construction expenditures, be credited to the depreciation reserve.

5. A. T. & T. requests that in the event of favorable action on its proposal, the Commission's order include permission for the companies to make the change effective as soon after date of the order as is desirable, without waiting for the mandatory date specified in the order.

6. It appears that The Western Union Telegraph Company in its land line operations may be making termination charges in situations practically identical to those envisaged by A. T. & T. in its proposal. Consequently, it appears that it may be desirable to make changes in Part 35 of the Commission's rules (Uniform System of Accounts for Wire-telegraph and Ocean-cable Carriers) comparable to any ordered in the telephone system of accounts. Also, since Part 34 of the Commission's rules (Uniform System of Accounts for Radiotelegraph Carriers) generally runs parallel to Part 35 and thought is being given to their eventual consolidation, it appears that any amendment made in Part 35 should also be made in Part 34. It is not believed necessary that any changes be made in Part 33 of the Commission's rules (Uniform System of Accounts for Class C Telephone Companies) because it is thought that any telephone company making termination charges of the type under consideration would not be using Part 33. As may be inferred from the foregoing, Parts 33, 34, and 35 of the Commission's rules, in common with Part 31, all provide that termination charges shall be credited to the revenue accounts.

7. The Commission believes that its systems of accounts are in need of amendment with respect to the accounting for the type of termination charges described by A. T. & T. The rules as presently written require the crediting to operating revenues of termination charges designed to recover the loss of investment suffered because there is no other use for the facilities released and they were released before the expiration of any reasonable service life that could have been foreseen and provided for through depreciation accruals. This results in "bulges" in revenues with no corresponding nonrecurring increases in expenses because the premature retirements of plant are normally absorbed in the depreciation reserve. The result might be a significant mismatching of revenues and expenses. A. T. & T. would correct this situation by crediting the termination charges to the depreciation reserve rather than to revenues.

8. As a matter of editorial form, the substantive content of the Notes which A. T. & T. suggests adding after §§ 31.5-50 (b) (1) and 31.171 (b) might be incorporated in the sub-paragraph and paragraph, respectively, of the two Sections. If the A. T. & T. approach is finally adopted, the Commission will decide which editorial course is to be followed and will give consideration to any comments submitted in this connection.

9. The Commission is taking no position on the A. T. & T. proposal other than that it agrees with A. T. & T. that accounting revisions are needed. There is, however, another method of accomplishing the A. T. & T. objective which the Commission believes has sufficient merit that interested parties should be invited to comment upon it as well as upon the A. T. & T. proposal. The alternative method is to add a sentence to the text of § 31.609, "Extraordinary retirements," reading "It shall also include the loss of investment recovered through amounts designed to accomplish such recovery received at the termination of service." A sentence should be added to § 31.02-83, "Plant retired for causes not factors in depreciation," reading "Account 609 shall also be charged, and Account 171 concurrently credited, with the loss of investment recovered through amounts designed to accomplish such recovery received at the termination of service." It can be argued that the plant retirements compensated for by these termination charges are closely akin to and in effect merely an extension of the extraordinary retirements contemplated by § 31.609 as now written. There is no escaping the fact that termination charges are charges for utility service from the standpoint of the customer. It would be possible to avoid termination charges through the use of or increasing the amount of initial nonrecurring installation charges and higher regularly recurring service charges. All of the latter are credited to revenues in all our systems of accounts and most of the former are credited to revenues in the telephone system of accounts and all to revenues in the telegraph systems of accounts.

10. Question arises whether or not the general rule should be that all charges for service be credited to revenues. Should differences in rate structure be permitted to result in different accounting to the extent that, if reimbursements for plant losses suffered from early cancellation of service are through initial nonrecurring charges and regularly recurring charges, they find their way into operating revenues but, if such reimbursements are received in lump sums through termination charges, they shall be credited to depreciation reserve? Is an income statement prepared from accounts wherein some charges to customers are excluded from the income accounts more or less useful than an income statement prepared from accounts wherein the maximum number of transactions with customers is reflected in the income accounts? The Commission is taking no position on these questions at this point but would welcome the views of persons who believe that the merits of one course clearly outweigh those of the other.

11. Sections 34.4925 and 35.4925 of our rules, each entitled "Extraordinary Plant Losses," are comparable to § 31.609 of the rules. If the alternative presented for comment were adopted, it is contemplated that these sections would be amended by the addition of the same sentence added to § 31.609. The substance of the sentence added to § 31.02-83 would be added to paragraph (b) of § 34.04-4, "Plant retired for causes not known to be in current operation," and to § 35.04-4, "Extraordinary retirements." Similarly, as noted in paragraph 6 above, if the A. T. & T. proposal is adopted, it is contemplated that like language would be added to, or noted under, paragraph (b) (1) of §§ 34.31-2 and 35.31-2, each of which sections relate to "Basis of credits to operating revenue accounts," and paragraph (a) of §§ 34.1515 and 35.1515, each of which sections is what is popularly known as the depreciation reserve account.

12. The language suggested by A. T. & T. for its "Capital Accounting" handling of termination charges has also been used in the alternative possibility of "Revenue and Expense Accounting" handling of such charges. The Commission is not satisfied that the language proposed by A. T. & T. cannot be improved upon by being made more explicit and desires suggestions to this end. The "significant mismatching of revenues and expenses" mentioned in paragraph 7 above as being the situation sought to be avoided probably results from the larger termination charges, first, because they are large and, second, because they are on large installations of types relatively few in number in the plant so that they do not recur sufficiently frequently and at regular enough intervals so that by the law of averages depreciation expense on the plant as a whole can match the termination charge revenues. It should be added that regular depreciation accrual rates probably do not comprehend the extraordinary retirements in these relatively few large plant installations so that the depreciation reserve deserves some "sweetening" by one accounting device or another when sudden unforeseen cancellations of service occur. This reasoning leads to the thought that special accounting for termination charges might be resorted to only on the large transactions and that a minimum amount might be written into the accounting rules. Thus the A. T. & T. suggested language might be supplemented to read "Account 171 shall be credited with amounts exceeding

$10,000 received at the termination of service when such amounts are designed to recover the loss of investment in the particular case."

13. This Notice of Proposed Rule Making is issued under authority of sections 4 (i) and 220 of the Communications Act of 1934, as amended.

14. Any interested party who is of the opinion that neither of the proposed amendments should be adopted, or should not be adopted in either of the forms proposed herein, may file with the Commission on or before September 15, 1958, a statement or brief setting forth his comments. Comments in support of one of the proposed amendments and those suggesting revised wording may also be filed on or before the same date. Comments or briefs in reply to the original comments or briefs may be filed within 20 days of the last day for filing said original comments or briefs. No additional comments may be filed unless (1) specifically requested by the Commission, or (2) good cause for filing such additional comments is established. The Commission will consider all such comments that are presented before taking action in the matter and, if any comments are submitted which appear to warrant the holding of oral argument, notice of the time and place of such oral argument will be given.

15. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and fourteen copies of all statements or briefs filed shall be furnished to the Commission.

Adopted: July 31, 1958.

Released: August 1, 1958.

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JULY 28, 1958.

The U. S. Forest Service of the Department of Agriculture has filed an application, Serial Colorado 021326, for withdrawal of the lands described below from location and entry under the General Mining Laws, subject to existing valid claims.

The applicant desires the land for use as an administrative site.

For a period of thirty days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, 339 New Custom House, P. O. Box 1018, Denver 1, Colo.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

NEW MEXICO PRINCIPAL MERIDIAN, COLORADO

GUNNISON NATIONAL FOREST

Ropers Administrative Site

T. 51 N., R. 1 E.,
Sec. 33, SE¼SE¼NW¼ and NE¼SW¼.

The above area aggregates 50 acres.

[Docket No. S-73]

WATERMAN STEAMSHIP CORP.

AMENDED NOTICE OF HEARING

The notices published in the FEDERAL REGISTER on June 4, 1957, August 21, 1957, and June 25, 1958, concerning a public hearing to be held under sections 605 (c) and 805 (a) of the Merchant Marine Act, 1936, as amended, upon an application of Waterman Steamship Corporation for an operating-differential subsidy agreement, are hereby amended to delete the descriptions of the services on which subsidy was shown to have been requested and to substitute in lieu thereof the following service descriptions. In all other respects the notices of June 4, 1957, August 21, 1957, and June 25, 1958, remain unchanged.

1. U. S. Gulf/U. K. and Continent Service: Between U. S. Gulf ports (Key West to Mexican border) and ports in the United Kingdom, Eire and Continental Europe north of Portugal, with the privilege of calling approximately one sailing per month outbound only at North Atlantic ports for cargo destined to Continental Europe north of Portugal (but not including Baltic and Scandinavian ports). (30 to 42 sailings per year.)

2. Gulf-California/Far East Service—*Westbound:* From U. S. Gulf ports (Key West-Mexican border) via Panama Canal, completing at California ports to Far East (Japan, Formosa, the Philippines and the Continent of Asia from Union of Soviet Socialist Republics to Siam, inclusive); and *Eastbound:* From Far East to U. S. Atlantic ports and U. S. Gulf ports. (18 to 30 sailings per year.)

3. Pacific Coast/Far East Service: Between California, Washington and Oregon ports and ports in the Far East with approximately one sailing per month last from California ports and one sailing per month last from Washington and Oregon ports; the third monthly sailing usually calling at both California and Washington and Oregon ports, alternating each month its last call at such areas. (30 to 42 sailings per year.)

4. U. S. North Atlantic/Continent Service: Between U. S. North Atlantic ports (Maine-Virginia inclusive) and ports in Continental Europe north of Portugal (but not including Baltic and Scandinavian ports). (18 to 30 sailings per year.)

The hearing will be before an Examiner, at a time and place to be announced, in acordance with the Federal Maritime Board's Rules of Practice and Procedure and a recommended decision will be issued.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies) desiring to intervene in the proceeding are requested to notify the Secretary of the Federal Maritime Board by close of business on August 20, 1958, and should promptly file petitions for leave to intervene in accordance with said rules of practice and procedure.

Dated: August 1, 1958.

By order of the Federal Maritime Board.

JAMES L. PIMPER,
Secretary.

[Docket No. 842]

ATLANTIC & GULF/HAWAII CONFERENCE; REDUCTION IN RATES ON PLASTERBOARD AND WALLBOARD

NOTICE OF INVESTIGATION AND OF HEARING

On July 23, 1958, the Federal Maritime Board entered the following order:

It appearing that there has been filed with the Federal Maritime Board, by Walter R. Greiner, Agent, Atlantic and Gulf/Hawaii Conference, comprised of the following participating carriers: American President Lines, Ltd., Isthmian Lines, Inc., Lykes Bros. Steamship Company, Inc. (Lykes Orient Line), Matson Navigation Company, United States Lines Company (American Pioneer Line) and Waterman Steamship Corporation, a tariff item setting forth a new reduced rate on Boards, viz: Plasterboard and Wallboard applicable from Atlantic and Gulf ports of the United States to ports in the Hawaiian Islands to become effective July 24, 1958, designated as follows:

Second Revised Page No. 19, Item 205, Cancels First Revised Page No. 19. Walter R. Greiner, Agent, Atlantic & Gulf/Hawaii Conference F. M. B. F—No. 19.

It further appearing that a protest has been filed against said item and upon consideration thereof there is reason to believe that it would, if permitted to become effective, result in rates which would be unjust and unreasonable and in violation of the Shipping Act, 1916, and the Intercoastal Shipping Act, 1933, as amended; and

It further apearing that an investigation and hearing should be made to determine the lawfulness of the rates contained in said item, with a view to making such findings and orders in the premises as the facts and circumstances shall warrant; and good cause appearing therefor;

It is ordered, That the Board enter upon an investigation and hearing concerning the reasonableness of the rates in said item;

It is further ordered, That the application of said item be and it is hereby suspended in full and that the use thereof be deferred to and including November 23, 1958 unless otherwise ordered by this Board;

It is further ordered, That the item hereby suspended or altered thereby may not be changed until this investigation and suspension proceeding has been disposed of or until the period of suspension has expired, unless otherwise authorized by the Board;

It is further ordered, That there shall be filed immediately with the Board by Walter R. Greiner, Agent, Atlantic and Gulf/Hawaii Conference, a numbered supplement to tariff F. M. B. F.—No. 19 which shall reproduce the portion of this Order wherein the suspended designated item is described, and shall state that such item is suspended and that the rates therein stated may not be used until the 24th of November, 1958, unless otherwise authorized by the Board; and that the rates or those altered thereby may not be changed during the period of suspension or any extension thereof, unless otherwise authorized by the Board;

It is further ordered, That copies of this order shall be filed with said tariff in the Regulation Office of the Federal Maritime Board; that a copy hereof be forthwith served upon the Atlantic and Gulf/Hawaii Conference, Agent Walter R. Greiner and all participating carriers named in the aforesaid tariff and said agent and carriers be, and they are hereby, made respondents in this proceeding; that said protestants, agent and carriers be duly notified of the time and place of the hearing herein ordered and that this order and notice of such hearing be published in the FEDERAL REGISTER.

Pursuant to the above order, notice is hereby given that a public hearing in this proceeding will be held before an examiner of the Board's Hearing Examiners' Office at a date and place to be determined and announced by the Chief Examiner. The hearing will be conducted in accordance with the Board's Rules of Practice and Procedure, and an initial decision will be issued by the examiner.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies), having an interest in this proceeding and desiring to intervene therein, should notify the

Secretary of the Board promptly and file petitions for leave to intervene in accordance with Rule 5 (n) of said Rules.

Dated: August 1, 1958.

By order of the Federal Maritime Board.

CLASS B FM BROADCAST STATIONS

REVISED TENTATIVE ALLOCATION PLAN

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 30th day of July 1958;

The Commission having under consideration a proposal to amend the Revised Tentative Allocation Plan for Class B FM Broadcast Stations;

It appearing that Notice of Proposed Rule Making (FCC 58-591) setting forth the above proposal was issued by the Commission on June 23, 1958 and was duly published in the FEDERAL REGISTER (23 F. R. 4709), which notice provided that interested parties might file statements or briefs with respect to the said proposal on or before July 18, 1958; and

It further appearing that no comments were filed, either in favor of or opposing the proposed amendment; and

It further appearing that adoption of the proposed amendment will make Channel 298 available for assignment in Winston-Salem, North Carolina, for which an application, File No. BPH-2429, has been filed by Winsonett, Inc.; and

It further appearing that authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r), and 307 (b) of the Communications Act of 1934, as amended;

It is ordered, That effective July 30, 1958, the Revised Tentative Allocation Plan for Class B FM broadcast stations is amended as follows in respect to the city of Winston-Salem, North Carolina:

General area	Channel	
	Delete	Add
Winston-Salem, N. C.	.....	298

Released: August 1, 1958.

ATOMIC ENERGY COMMISSION

[Docket No. 50-112]

UNIVERSITY OF OKLAHOMA

NOTICE OF APPLICATION FOR UTILIZATION FACILITY LICENSE

Please take notice that the University of Oklahoma, Norman, Oklahoma, under section 104c of the Atomic Energy Act of 1954, filed an application dated July 16, 1958, for a license to acquire, possess and operate on the University's campus a fifteen watt research reactor. The reactor is designated by the manufacturer, Aerojet-General Nucleonics, as Model AGN-211, Serial No. 102. A copy of the application is on file in the AEC Public Document Room located at 1717 H Street NW., Washington, D. C.

Dated at Germantown, Md., this 31st day of July 1958.

For the Atomic Energy Commission.

[F. R. Doc. 58-6092; Filed, Aug. 5, 1958; 8:46 a. m.]

FEDERAL POWER COMMISSION

[Docket No. E-6834]

NORTHERN STATES POWER CO.

NOTICE OF APPLICATION

AUGUST 1, 1958.

Take notice that on July 28, 1958, an application was filed with the Federal Power Commission pursuant to sections 203 and 204 of the Federal Power Act by Northern States Power Company ("NSP Minn") seeking an order authorizing (1) the issuance of 15,304 shares of its $5 par value Common Stock and (2) the acquisition of the remaining minority stock interest of its subsidiary, Northern States Power Company of Wisconsin ("NSP Wis"), consisting of 1,855 shares of $100 par value Common Stock. NSP Minn is a corporation organized under the laws of the State of Minnesota, and does business in Minnesota, North Dakota and South Dakota, with its principal business office in Minneapolis, Minnesota. Its subsidiary, NSP Wis, is incorporated in Wisconsin and does business in Wisconsin and Minnesota. An agreement was executed by NSP Minn the St. Paul Fire and Marine Insurance Company ("St. Paul") on July 10, 1958, for the issuance and delivery by NSP Minn of 15,304 shares of its Common Stock to St. Paul in exchange for 1,855 shares of its NSP Wis Common Stock held by St. Paul. 8.25 shares of NSP Minn Common Stock is being exchanged for one share of NSP Wis Common Stock. The aforementioned transaction has for its purpose the elimination of the remaining minority stock interest in NSP Wis, and NSP Minn states this will also result in further simplification of NSP's system. NSP Minn also states that because holders of NSP Wis have a pre-emptive right to purchase additional shares, the elimination of the minority stock interest will simplify the issuance of additional Common Stock of NSP Wis and will eliminate all of the reporting and accounting required to show the minority stock interest.

Any person desiring to be heard or to make any protest with reference to said application should on or before the 22d day of August 1958, file with the Federal Power Commission, Washington 25, D. C., petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file and available for public inspection.

INTERSTATE COMMERCE COMMISSION

[Notice 10]

MOTOR CARRIER TRANSFER PROCEEDINGS

AUGUST 1, 1958.

Synopses of orders entered pursuant to section 212 (b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice, any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17 (8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC 35331. By order of July 28, 1958, the Transfer Board approved the lease to E. M. Keller & Co., Inc., Pampa, Texas, of Certificate No. MC 31229, issued July 11, 1956, to E. M. Kel-

ler, doing business as E. M. Keller & Company, Pampa, Texas, authorizing the transportation of: Machinery, equipment, materials, and supplies used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission and distribution of natural gas and petroleum and their products and by-products; machinery, materials, equipment, and supplies used in or in connection with the construction, operation, repair, servicing, maintenance and dismantling of pipe lines, including the stringing and picking up thereof, except the stringing or picking up of pipe in connection with main or trunk pipe lines; and heavy machinery and heavy or cumbersome commodities, which because of size or weight, require the use of special equipment, and parts thereof; between points in that part of Texas west of a line beginning at the Texas-Oklahoma State line and extending along U. S. Highway 81 to Fort Worth, Tex., and north of a line beginning at Fort Worth and extending along U. S. Highway 30 to El Paso, Tex., including points on the indicated portions of the highways specified; between points in Texas north of a line beginning at the Texas-New Mexico State line and extending along the southern boundaries of Parmer, Castro, Swisher, Briscoe, Hall, and Childress Counties, Tex., to junction of Hardeman County line, thence west of a line extending along the Childress-Hardeman County line to the Texas-Oklahoma State line, on the one hand, and, on the other, points in New Mexico, Oklahoma, and Kansas, with provisions for combining the above described irregular route authorities; Machinery, equipment, materials, and supplies used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum, and their products and by-products; and machinery, equipment, materials, and supplies used in, or in connection with, the construction, of pipelines, including the stringing and picking up thereof except the stringing and picking up of pipe in connection with main or trunk pipelines, between Ulysses, Kans., on the one hand, and, on the other, points in Oklahoma; and Machinery, equipment, materials, and supplies used in, or in connection with, the construction, operation, repair, servicing, maintenance, and dismantling of pipelines, including the stringing and picking up thereof, between points in New Mexico. Aaron Sturgeon, Suite 202, Combs-Worley Building, Pampa, Texas, for applicants.

No. MC–FC 61250. By order of July 25, 1958, Division 4, approved the transfer to Matson, Inc., Cedar Rapids, Iowa, of a portion of certificate in No. MC 61592, issued November 13, 1956, to K & A Truck Lines, Inc., Bettendorf, Iowa, authorizing the transportation over irregular routes of: *Structural iron and steel*, from Rock Island, Ill., to points in that part of Iowa on and east of U. S. Highway 69, EXCEPT, that no service may be performed between Davenport and Bettendorf, Iowa, and Rock Island, Moline, East Moline, Silvis, Carbon Cliff, and Milan, Ill.; and *paving and building equipment*, between points in Illinois, on the one hand, and, on the other, points in Iowa, EXCEPT, that no service may be performed between Moline, Ill., and points within 10 miles of Moline, Ill. William A. Landau, 1307 East Walnut Street, Des Moines 16, Iowa, for applicants.

No. MC–FC 61332. By order of July 28, 1958, the Transfer Board approved the transfer to Arrow Motor Transit, Inc., Chicago, Illinois, of certificates Nos. MC 35840, MC 35840 Sub 4, and MC 35840 Sub 5, issued December 4, 1941, July 31, 1951, and November 8, 1954, respectively, to August Dinovo, Salvatore Dinovo, and Russell Dinovo, a partnership, doing business as Arrow Motor Transit, Chicago, Illinois, authorizing the transportation of: general commodities, with exceptions, over regular routes, between Chicago, Ill., and Fort Wayne, Ind., with service to and from all intermediate points, and the off-route points in the Chicago, Ill., commercial zone, as defined, and with service to and from points within five miles of Fort Wayne, Ind., including the site of Baer Field (Ferguson, Ind.) as intermediate or off-route points in connection with carrier's presently-authorized regular-route operations to and from Fort Wayne; and between Hammond, Ind., and the junction of U. S. Highways 41 and 6 and Indiana Highway 152. Harold T. Halfpenny, 111 West Washington Street, Chicago 2, Illinois, for applicants.

No. MC–FC 61365. By order of July 29, 1958, the Transfer Board approved the transfer to George Williams, Roy Williams, Warren Littlejohn and Warren Higgenbotham, Partners, doing business as Williams Trucking Service, Gladstone, Oregon, of certificates in Nos. MC 7155 Sub 1, MC 7155 Sub 2, MC 7155 Sub 3, MC 7155 Sub 4, and MC 7155 Sub 5, issued October 19, 1938, April 18, 1941, November 8, 1948, December 5, 1950, and January 2, 1952, respectively, to Roy Williams, Gladstone, Oregon, authorizing the transportation of specific commodities from, to, and between points in Oregon, Washington, Idaho, and Utah. Ralf H. Erlandson, 1935 Washington Street, Milwaukie 22, Oregon, for applicants.

[Notice 46]

MOTOR CARRIER ALTERNATE ROUTE DEVIATION NOTICES

AUGUST 1, 1958.

The following letter-notices of proposals to operate over deviation routes for operating convenience only with no service at intermediate points have been filed with the Interstate Commerce Commission, under the Commission's Special Rules Revised, 1957 (49 CFR 211.1 (c) (8)) and notice thereof to all interested persons is hereby given as provided in such rules (49 CFR 211.1 (d) (4)).

Protests against the use of any proposed deviation route herein described may be filed with the Interstate Commerce Commission in the manner and

form provided in such rules (49 CFR 211.1 (e)) at any time but will not operate to stay commencement of the proposed operations unless filed within 30 days from the date of publication.

Successively filed letter-notices of the same carrier under the Commission's Deviation Rules Revised, 1957, will be numbered consecutively for convenience in identification and protests if any should refer to such letter-notices by number.

MOTOR CARRIERS OF PROPERTY

No. MC 36151 (Deviation No. 1), HENRY JENKINS TRANSPORTATION CO., INCORPORATED, 32 Rigis Road, Boston, Mass., filed July 25, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between the Eastern Terminus of the Massachusetts Turnpike at Weston, Mass., and Westfield, Mass., as follows: from the Eastern Terminus of the Massachusetts Turnpike over the Massachusetts Turnpike and access routes to Westfield and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Boston, Mass., and Hartford, Conn., over the following pertinent routes: from Boston over Massachusetts Highway 9 to Ware, Mass., thence over Massachusetts Highway 32 to Palmer, Mass., thence over U. S. Highway 20 to Springfield, Mass., and thence over U. S. Highway 5 to Hartford (also from Springfield, Mass., over Alternate U. S. Highway 5 to Hartford); and from Boston over Massachusetts Highway 9 to junction U. S. Highway 20, thence over U. S. Highway 20 to junction Massachusetts Highway 15, thence over Massachusetts Highway 15 to the Massachusetts-Connecticut State line, thence over Connecticut Highway 15 to East Hartford, Conn., and thence over U. S. Highway 6 to Hartford.

No. MC 69116 (Deviation No. 5), SPECTOR FREIGHT SYSTEM, INC., 3100 South Wolcott Avenue, Chicago 8, Ill., dated July 21, 1958. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between junction Indiana Highways 9 and 67 (about four miles north of Huntsville, Ind.), and junction U. S. Highways 25 and 224 at Findlay, Ohio, as follows: from junction Indiana Highways 9 and 67 over Indiana Highway 67 to the Indiana-Ohio State line, thence over Ohio Highway 29 to junction U. S. Highway 33 at St. Marys, Ohio, thence over U. S. Highway 33 to junction U. S. Highway 25 at Wapakoneta, Ohio, thence over U. S. Highway 25 to junction U. S. Highway 224 at Findlay, and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between junction Indiana Highways 9 and 67 (about four miles of Huntsville, Ind.), and Findlay, Ohio, over the following pertinent route: from junction Indiana Highways 9 and 67 over Indiana Highway 9 to junction U. S. Highway 224 at Huntington, Ind., thence over U. S. Highway 224 to Findlay.

No. MC 113427 (Deviation No. 1), ROBERT E. LIVESAY, 4030 Wabash, Kansas City, Mo., filed July 11, 1958. Attorney for said carrier, Floyd D. Strong, 214 Insurance Building, 701 Jackson Street, Topeka, Kans. Carrier proposes to operate as a *common carrier* by motor vehicle of *general commodities*, with certain exceptions, over a deviation route, between Leavenworth, Kans., and St. Joseph, Mo., as follows: from Leavenworth over U. S. Highway 73 (through Atchison) to junction U. S. Highway 36 at Hiawatha, Kans., thence over U. S. Highway 36 to St. Joseph and return over the same route, for operating convenience only, serving no intermediate points. The notice indicates that the carrier is presently authorized to transport the same commodities between Leavenworth, Kans., and St. Joseph, Mo., over the following pertinent route: from Leavenworth over Kansas Highway 92 to the Kansas-Missouri State line, thence over Missouri Highway 92 to junction U. S. Highway 71, thence over U. S. Highway 71 to St. Joseph.

By the Commission.

[Notice 228]

MOTOR CARRIER APPLICATIONS

AUGUST 1, 1958.

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers and by brokers under sections 206, 209, and 211 of the Interstate Commerce Act and certain other procedural matters with respect thereto. (49 CFR 1.241)

All hearings will be called at 9:30 o'clock a. m., United States standard time (or 9:30 o'clock a. m., local daylight saving time), unless otherwise specified.

APPLICATIONS ASSIGNED FOR ORAL HEARING OR PRE-HEARING CONFERENCE

MOTOR CARRIERS OF PROPERTY

No. MC 263 (Sub No. 97), filed June 27, 1958. Applicant: GARRETT FREIGHTLINES, INC., 2055 Pole Line Road, Pocatello, Idaho. Applicant's attorney: Maurice H. Greene, P. O. Box 1554, Boise, Idaho. Authority sought to operate as a *common carrier*, by motor vehicle, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, serving The Navajo Dam Site about 10 miles northeast of Blanco, N. Mex., and points within 10 miles thereof as off-route points in connection with applicant's authorized regular route operations between Durango, Colo., and Gallup, N. Mex., over U. S. Highway 550. Applicant is authorized to conduct operations in Washington, Idaho, Montana, California, Nevada, Oregon, Wyoming, Utah, Arizona, New Mexico, and Colorado.

HEARING: October 2, 1958, at the New Mexico State Corporation Commission, Santa Fe, N. Mex., before Joint Board No. 87, or, if the Joint Board waives its right to participate, before Examiner Leo A. Riegel.

No. MC 603 (Sub No. 12), filed May 5, 1958. Applicant: T. R. SHUMPERT, doing business as SHUMPERT TRUCK LINE, Highway 278 W. Amory, Miss. Applicant's attorney: Edward G. Grogan, Commerce Title Building, Memphis 3, Tenn. Authority sought to operate as a *common carrier*, by motor vehicle, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, serving Hamilton and Caledonia, Miss., as off-route points in connection with applicant's authorized regular route operations between Memphis, Tenn., and Amory, Miss. Applicant is authorized to conduct operations in Alabama, Mississippi, and Tennessee.

HEARING: September 18, 1958, at the Robert E. Lee Hotel, Jackson, Miss., before Joint Board No. 97, or, if the Joint Board waives its right to participate, before Examiner Reece Harrison.

No. MC 1313 (Sub No. 7), filed June 23, 1958. Applicant: RIDGELY TRANSPORT, doing business as PIONEER-RIDGLEY FREIGHT LINES, 1509 Bent Avenue, Cheyenne, Wyo. Applicant's attorney: Marion F. Jones, Suite 526 Denham Building, Denver 2, Colo. Authority sought to operate as a *common carrier*, by motor vehicle, transporting: *General commodities, including Class A and B explosives*, but excluding commodities of unusual value, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, serving points within a 50 mile radius of Cheyenne, Wyo., as off-route points in connection with applicant's authorized regular route operations to and from Cheyenne. Applicant is authorized to conduct operations in Colorado, Nebraska, and Wyoming.

NOTE: Applicant states that the purpose of this application is solely to serve launching sites of the Inter-Continental Ballistics Missiles, and any authority granted may be so restricted. In Docket No. MC-F 6828, application is pending for authority to merge applicant with Buckingham Transportation, Inc.

HEARING: September 26, 1958, at the New Customs House, Denver, Colo., before Joint Board No. 198, or, if the Joint Board waives its right to participate, before Examiner Leo. A. Riegel.

No. MC 4073 (Sub No. 10), filed May 21, 1958. Applicant: CARL EDWIN KELTON, doing business as C. E. KELTON MOTOR TRANSPORTATION, Taft Avenue, White River Junction, Vt. Applicant's attorney: Mary E. Kelley, 10 Tremont Street, Boston 8, Mass. Authority sought to operate as a *common*

carrier, by motor vehicle, over irregular routes, transporting: *Sugar* and *sugar products*, from White River Junction, Vt., to points in Vermont. Applicant is authorized to conduct operations in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, and the District of Columbia.

HEARING: September 15, 1958, at the Washington County Court House, Montpelier, Vt., before Joint Board No. 116, or, if the Joint Board waives its right to participate, before Examiner Donald R. Sutherland.

No. MC 11207 (Sub No. 192), filed May 21, 1958. Applicant: DEATON TRUCK LINE, INC., 3409 10th Avenue, North, P. O. Box 1271, Birmingham, Ala. Applicant's attorney: John W. Cooper, 818–821 Massey Building, Birmingham 3, Ala. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Structural steel*, from Decatur, Ala., to points in Tennessee, Mississippi, Louisiana, and Arkansas. Applicant is authorized to conduct operations in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas.

HEARING: September 25, 1958, at the Hotel Thomas Jefferson, Birmingham, Ala., before Examiner Harold W. Angle.

No. MC 11207 (Sub No. 194), filed May 21, 1958. Applicant: DEATON TRUCK LINE, INC., 3409 10th Avenue, North, P. O. Box 1271, Birmingham, Ala. Applicant's attorney: John W. Cooper, 818–821 Massey Building, Birmingham 3, Ala. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Cast iron pipe* and *fiber pipe*, and *connections, fittings, and accessories* therefor, from Holt, Ala., to points in Arkansas; and (2) *Cast iron pipe, structural and reinforcing steel*, and *iron and steel articles*, from Gasden and Anniston, Ala., to points in Arkansas. Applicant is authorized to conduct operations in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas.

HEARING: September 26, 1958, at the Hotel Thomas Jefferson, Birmingham, Ala., before Joint Board No. 408, or, if the Joint Board waives its right to participate, before Examiner Harold W. Angle.

No. MC 11220 (Sub No. 65), filed July 17, 1958. Applicant: GORDONS TRANSPORTS, INC., 185 West McLemore Avenue, Memphis, Tenn. Applicant's attorney: James W. Wrape, 2111 Sterick Building, Memphis, Tenn. Authority sought to operate as a *common carrier*, by motor vehicle, transporting: *General commodities*, except automobiles set up on wheels, those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, serving the site of the Forest Products Division of the Olin Mathieson Chemical Corporation plant located approximately six (6) miles southwest of Joliet, Ill., on the Des Plaines River and just off U. S. Highway 6, as an off-route point in connection with applicant's authorized regular route operations. Applicant is authorized to conduct operations in Alabama, Arkansas, Illinois, Indiana, Louisiana, Mississippi, Missouri, and Tennessee.

HEARING: September 11, 1958, in Room 852, U. S. Custom House, 610 South Canal Street, Chicago, Ill., before Joint Board No. 149.

No. MC 22300 (Sub No. 8), filed June 23, 1958. Applicant: SMITH TRADING CO., INC., 1160 Beck Street, Salt Lake City, Utah. Applicant's attorney: Harry D. Pugsley, 721 Continental Bank Building, Salt Lake City 1, Utah. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Salt* and *salt products*, from Lakepoint, Flux, and Saltair, Utah, to points in Harney, Malheur, Grant, Baker, Union, Wallowa, and Umatilla Counties, Oreg., and *empty containers or other such incidental facilities* (not specified) used in transporting the above-specified commodities on return. Applicant is authorized to transport salt and salt products in Colorado, Idaho, Montana, Oregon, Utah, and Wyoming.

NOTE: A proceeding has been instituted under section 212 (c) of the Interstate Commerce Act to determine whether applicant's status is that of a contract or common carrier, assigned Docket No. MC 22300 (Sub No. 7).

HEARING: September 17, 1958, at Utah Public Service Commission, Salt Lake City, Utah, before Joint Board No. 346, or, if the Joint Board waives its right to participate, before Examiner Leo A. Riegel.

No. MC 30803 (Sub No. 3), filed June 2, 1958. Applicant: THOMAS A. WALSH, doing business as WALSH BROS., 354 Adams Street, Newark 5, N. J. Applicant's attorney: Bernard F. Flynn, Jr., 1060 Broad Street, Newark 2, N. J. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Piling*, wooden, and *forest products*, treated, between Port Reading, Carteret, and Port Newark, N. J., on the one hand, and, on the other, points in New York, Connecticut, Rhode Island, Massachusetts, Pennsylvania, Maine, New Hampshire, and Vermont. Applicant is authorized to conduct operations in New Jersey, New York, Connecticut, and Pennsylvania.

HEARING: September 15, 1958, at 346 Broadway, New York, N. Y., before Examiner Allen W. Hagerty.

No. MC 35211 (Sub No. 3), filed June 2, 1958. Applicant: FRANK MURPHY, 730 Richmond Terrace, New Brighton, Staten Island, N. Y. Applicant's attorney: August W. Heckman, 880 Bergen Avenue, Jersey City 6, N. J. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Brick*, between Roseton, Beacon, and New York, N. Y., on the one hand, and, on the other, points in New Jersey, points in Connecticut west of the Connecticut River, and points in Nassau, Suffolk, Kings, Queens, Bronx, New York, Richmond, Westchester, Rockland, Orange, Putnam, Sullivan, Ulster, Dutchess, Rensselaer, Columbia, and Albany Counties, N. Y. Applicant is authorized to conduct operations in New York, Pennsylvania, Connecticut, Massachusetts, New Hampshire, New Jersey, Rhode Island, and Vermont.

HEARING: September 26, 1958, at 346 Broadway, New York, N. Y., before Examiner Allen W. Hagerty.

No. MC 43144 (Sub No. 4), filed May 27, 1958. Applicant: GUILFORD TRUCKING, INC., 338 Copeland Street, Wellaston 70, Mass. Applicant's attorney: Carmine Garofalo, 3814 Alton Place, NW., Washington 16, D. C. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Pig iron*, from Everett, Mass., to points in Connecticut, points in Rhode Island (except Providence, R. I.), points in Maine on and south of U. S. Highways 1 and 2, including Dexter, Maine, points in New Hampshire on and south of U. S. Highway 11, and points in Vermont on and south of U. S. Highway 4; *scrap metals* and *salvage materials*, between points in Massachusetts, Connecticut, Rhode Island, that portion of Maine lying on and south of U. S. Highways 1 and 2, including Dexter, Maine, that portion of New Hampshire lying on and south of U. S. Highway 11, and that portion of Vermont lying on and south of U. S. Highway 4. Applicant is authorized to conduct operations from and to specified points in Massachusetts and Rhode Island.

HEARING: September 19, 1958, at the New Post Office and Court House Building, Boston, Mass., before Examiner Donald R. Sutherland.

No. MC 47323 (Sub No. 2), filed July 1, 1958. Applicant: TAJON TRUCKING CO., a Corporation, 818 Frick Building, Pittsburgh 19, Pa. Applicant's attorney: Arthur J. Diskin, 810 Frick Building, Pittsburgh 19, Pa. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such bulk commodities* as are transported in dump trucks, between points in Butler and Venango Counties, Pa., on the one hand, and, on the other, points in Lake County, Ohio. Applicant is authorized to transport such bulk commodities as are transported in dump trucks between points in Beaver, Lawrence and Mercer Counties, Pa., on the one hand, and on the other, points in Ashtabula, Trumbull, Mahoning, and Columbiana Counties, Ohio.

NOTE: Applicant received the authority it presently holds from this Commission (Certificate No. MC 47323) in a transfer proceeding in No. MC-FC 61077 by order therein dated May 9, 1958.

HEARING: September 12, 1958, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner C. Evans Brooks.

No. MC 47323 (Sub No. 3), filed July 8, 1958. Applicant: TAJON TRUCKING CO., a Corporation, 818 Frick Building, Pittsburgh 19, Pa. Applicant's attorney: Arthur J. Diskin, 810 Frick Building, Pittsburgh 19, Pa. Highway 30S, serving all intermediate points, and the off-route point of Croydon (Morgan County), Utah; (17) Between Salt Lake City, Utah, and Ogden, Utah, over U. S. Highway 89, serving all intermediate points, and the off-route points of Bountiful, Centerville, and Farmington, Utah; (18) Between Salt Lake City, Utah, and junction Alternate U. S. Highway 50 and U. S. Highway 40, west of Salt Lake City, over U. S. Highway 40, serving all intermediate points, and the off-route point of Saltair, Utah; (19) Between Brigham City, Utah, and Logan, Utah, over Utah Highway 69, serving all intermediate points, and the off-route points of Mendon, Clarkston, and Cache Junction (Cache County), Utah; (20) Between junction U. S. Highway 91 and Utah Highway 37 near Roy, Utah, and junction U. S. Highway 91 and Utah Highway 37 near Hot Springs, Utah, over Utah Highway 37, serving all intermediate points; (21) Between Blackfoot, Idaho, and Salmon, Idaho, from Blackfoot over U. S Highway 26 to junction Alternate U. S. Highway 93, thence over Alternate U. S. Highway 93 to junction U. S. Highway 93, thence over U. S. Highway 93 to Salmon, and return over the same route, serving all intermediate points, and the off-route points of Challis and Aberdeen, Idaho; (22) Between Idaho Falls, Idaho, and Salmon, Idaho, from Idaho Falls over U. S. Highway 91 to junction Idaho Highway 28, thence over Idaho Highway 28 to Salmon, and return over the same route, serving all intermediate points; (23) Between Bellevue, Idaho, and Twin Falls, Idaho, from Bellevue over Idaho Highway 23 to Carey, Idaho, thence over Alternate U. S. Highway 93 to Shoshone, Idaho, thence over U. S. Highway 93 to Twin Falls, and return over the same route, serving all intermediate points; (24) Between Ely, Nev., and Fallon, Nev., over U. S. Highway 50, serving all intermediate points, and the off-route point of Lund, Nev.; (25) Serving Morgan, Kamas, Loa, Bicknell, Neola, Altamont (Duchesne County), and Little Valley, Utah, as off-route points in connection with applicant's authorized regular route operations; (26) Between Salt Lake City, Utah, and Butte, Mont., from Salt Lake City over U. S. Highway 91 to Brigham City, Utah, thence over U. S. Highway 191 to junction U. S. Highway 91, thence over U. S. Highway 91 to Butte, and return over the same route, serving all intermediate points; (27) Between Idaho Falls, Idaho, and Ashton, Idaho, over U. S. Highway 191, serving all intermediate points, and the off-route points of Afton and Thayne, Wyo., and Lewiston, Hyde Park, and Hyrum, Utah; (28) Between Dillon, Mont., and Butte, Mont., from Dillon over Montana Highway 41 to junction U. S. Highway 10S, thence over U. S. Highways 10S to Butte, Mont., and return over the same route, serving the intermediate point of Twin Bridges, Mont., and the off-route point of Sheridan, Mont.; (29) Between Downey, Idaho and Brigham City (formerly Brigham), Utah, over U. S. Highway 91, serving all intermediate points, and the off-route points of Oxford, Clifton, and Dayton, Idaho; (30) Between junction U. S. Highways 30N and 91, near McCammon, Idaho, and Preston, Idaho, from junction U. S. Highways 30N and 91 over U. S. Highway 30N to junction Idaho Highway 34, thence over Idaho Highway 34 to Preston, and return over the same route, serving all intermediate points; (31) Between junction U. S. Highway 30N and Idaho Highway 34 (west of Alexander, Idaho), and Logan, Utah, from junction U. S. Highway 30N and Idaho Highway 34 over U. S. Highway 30N to Montpelier, over U. S. Highway 89 to Logan, and return over the same route, serving all intermediate points, and the off-route point of Conda, Idaho; (32) Between junction U. S. Highway 191 and Idaho Highway 26 (northeast of Idaho Falls, Idaho) and Rigby, Idaho, from junction U. S. Highway 191 and Idaho Highway 26 over Idaho Highway 26 to Ririe, Idaho, thence over Idaho Highway 48 to Rigby, and return over the same route, serving the intermediate point of Ririe, Idaho; (33) Between junction U. S. Highways 89 and 91, north of Salt Lake City, Utah, and Ogden, Utah, over U. S. Highway 89, serving no intermediate points; (34) Between junction U. S. Highways 89 and 30S near Uintah, Utah, and junction U. S. Highways 30S and 189 near Echo City, Utah, over U. S. Highway 30S, serving no intermediate points or the terminus near Uintah, as an alternate route for operating convenience only, joined with the route specified immediately above in connection with applicant's authorized regular route operations; (35) Between Salt Lake City, Utah, and Rock Springs, Wyo., from Salt Lake City over U. S. Highway 40 to Kimball Junction, Utah, thence over Utah Highway 42 to Wanship, near Coalville, Utah, thence over U. S. Highway 189 to junction U. S. Highway 30S, thence over U. S. Highway 30S to junction U. S. Highway 30, thence over U. S. Highway 30 to Rock Springs, and return over the same route, serving all intermediate points, and the off-route point of Mountainview, Wyo.; (36) Between Salt Lake City, Utah, and Ely, Nev. over Alternate U. S. Highway 50, serving all intermediate points, and the off-route point of Tooele, Utah; (37) Between junction U. S Highways 191 and 30S near Tremonton, Utah, and Weiser, Idaho, from junction U. S. Highways 191 and 30S over U. S. Highway 30S to Declo, Idaho, thence over Idaho Highway 77 across the Snake River to junction U. S. Highway 30N, thence over U. S. Highway 30N to Rupert, Idaho, thence over Idaho Highway 25 to Paul, Idaho, thence over Idaho Highway 27 across the Snake River to Burley, Idaho, thence over U. S. Highway 30 to junction U. S. Highway 20 just north of Caldwell, Idaho, thence over U. S. Highway 20 to junction U. S. Highway 26 south of Ontario, Oreg., thence over U. S. Highway 26 to junction U. S. Highway 30, thence over U. S. Highway 30 across the Snake River to junction U. S. Highway 95, thence over U. S. Highway 95 to Weiser, and return over the same route, serving all intermediate points in Idaho and Oregon, and the off-route point of Adrian, Oreg.; (38) Between Declo, Idaho, and Burley, Idaho, over U. S. Highway 30S, serving all intermediate points; (39) Between Pocatello, Idaho, and Bliss, Idaho, from Pocatello over U. S. Highway 30N to Rupert, Idaho, thence over Idaho Highway 25 to Bliss, and return over the same route, serving all intermediate points, and the off-route point of Aberdeen, Idaho; (40) Between Bliss, Idaho, and Shoshone, Idaho, over Idaho Highway 24, serving the intermediate point of Gooding, Idaho; (41) Between Gooding, Idaho, and Wendell, Idaho, over Idaho Highway 46, serving no intermediate points; (42) Between junction Idaho Highway 25 and U. S. Highway 93 and Sun Valley, Idaho, from junction Idaho Highway 25 and U. S. Highway 93 over U. S. Highway 93 to junction Idaho Highway 75, thence over Idaho Highway 75 to Sun Valley, and return over the same route, serving all intermediate points; (43) Between Malta, Idaho, and Declo, Idaho, over Idaho Highway 77, serving the intermediate point of Albion, Idaho; (44) Between Payette, Idaho, and Boise, Idaho, from Payette over Idaho Highway 52 to junction Idaho Highway 16, thence over Idaho Highway 16 via Emmett, Idaho, to junction Idaho Highway 44, east of Star, Idaho, thence over Idaho Highway 44 to Boise, and return over the same route, serving the intermediate point of Emmett, Idaho; (45) Between Parma, Idaho, and Caldwell, Idaho, from Parma over U. S. Highway 95 to junction Idaho Highway 20, west of Marsing, Idaho, thence over Idaho Highway 20 to Caldwell, and return over the same route, serving the intermediate points of Homedale and Marsing, Idaho; (46) Between Kimball Junction, Utah, and Vernal, Utah, over U. S. Highway 40, serving all intermediate points, and the off-route points of Park City and Midway, Utah; (47) Between Salt Lake City, Utah, and Kanab, Utah, from Salt Lake City over U. S. Highway 91 to Spanish Fork, Utah, thence over U. S. Highway 6 to Thistle, Utah, thence over U. S. Highway 89 to Kanab, and return over the same route, serving all intermediate points, and the off-route points of Escalante, Tropic, Springdale, Eureka, Fountain Green, Monroni, and Monroe, Utah, and those in Salt Lake County, Utah; (48) Between Spanish Fork, Utah, and Nephi, Utah, over U. S. Highway 91, serving all intermediate points; and (49) Between Thistle, Utah, and Green River, Utah, over U. S. Highway 50, serving all intermediate points, and the off-route points of Kenilworth, Sunnyside, Dragerton, Columbia, Huntington, and Castle Dale, Utah; and (B) *Films and articles associated with the exhibition of motion pictures* as described in Paragraphs A and B of *Descriptions in Motor Carrier Certificates*, 61 M. Martin Plant near Littleton, Colo., and Cheyenne, Wyo., and points within twenty (20) miles of Cheyenne. Applicant is authorized to conduct operations in Colorado, Florida, Louisiana, New Mexico, and Texas.

HEARING: September 24, 1958, at the New Customs House, Denver, Colo., before Examiner Leo A. Riegel.

No. MC 108223 (Sub No. 10), (CLARIFICATION) filed July 7, 1958, published Federal Register issue of July 23, 1958. Applicant: CENTURY-MATTHEWS MOTOR FREIGHT, INC., 202 South 26th Avenue West, Duluth, Minn. Applicant's attorney: Hoyt Crooks, 842 Raymond Avenue, St. Paul 14, Minn. Applicant's attorney advises that the *general commodities* proposed to be transported moving in express service will *exclude Class A and B explosives.* The purpose of this publication is to amend item 2 of the previous publication so that the commodity description therein will read: (2) *general commodities,* moving in express service.

No. MC 109385 (Sub No. 23), filed July 2, 1958. Applicant: SUBLER TRANSFER, INC., East Main Street, Versailles, Ohio. Applicant's attorney: Taylor C. Burneson, 3510 Leveque-Lincoln Tower, Columbus 15, Ohio. Authority sought to operate as a *contract or common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Frozen foods*, from Jackson, Ohio, to points in Connecticut, Delaware, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia; and (2) *Ingredients* (See Note 1), *materials, and supplies* (See Note 2) (not including liquids, in bulk, in tank vehicles), used in the processing, manufacture, packaging or transportation of frozen foods, from points in Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New York, Pennsylvania, Virginia, West Virginia, and Wisconsin to Jackson, Ohio. Applicant is authorized to conduct operations in Connecticut, Delaware, Illinois, Indiana, Kentucky, Maryland, Massachusetts, Michigan, Missouri, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Virginia, West Virginia, Wisconsin, and the District of Columbia.

NOTE 1: Applicant states the word "ingredients" is intended to embrace such commodities as (not limited to) shortening, salt, salt tablets, cornstarch, flour, powdered eggs, frozen pork, beef, and chicken, frozen shrimp, frozen cherries, soya sauce, bamboo shoots, water chestnuts, mushrooms, peanut oil, onions, rice, canned red peppers, carmel coloring powder, mung beans, dehydrated onions, green onions, celery, green peppers, dry milk powder, tomato puree, tomato paste, dehydrated apples, canned pineapples, almonds, vinegar, various powdered seasonings, and sugar.

NOTE 2: Applicant states the words "materials" and "supplies" are intended to embrace such commodities as (not limited to) duck sauce packets, mustard packets, shipping cartons and cases, foil over-wrap, food packages, aluminum foil dinner, aluminum dinner trays, cans and covers, can labels. A proceeding has been instituted under section 212 (c) to determine whether applicant's status is that of a contract or common carrier in No. MC 109385 (Sub No. 16).

HEARING: September 12, 1958, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner Herbert L. Hanback.

No. MC 109689 (Sub No. 64), filed May 9, 1958. Applicant: W. S. HATCH CO., a corporation, 643 South 800 West, Woods Cross, Utah. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities* in bulk, except liquid petroleum and petroleum products and acids and chemicals, from Garfield and Geneva (Utah County), Utah, and points within 25 miles of each, to points in Arizona, Califorina, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Washington, and Wyoming, and *rejected or contaminated shipments* of the above-described commodities on return. Applicant is authorized to conduct operations in Arizona, Colorado, Idaho, Montana, Nevada, Oregon, Utah, and Wyoming.

HEARING: September 15, 1958, at the Utah Public Service Commission, Salt Lake City, Utah, before Examiner Leo A. Riegel.

No. MC 110193 (Sub No. 33), filed June 12, 1958. Applicant: SAFEWAY TRUCK LINES, INC., 4625 West 55th Street, Chicago, Ill. Applicant's attorney: Joseph M. Scanlan, 111 West Washington Street, Chicago 2, Ill. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cocoa, cocoa butter, cocoa grease, candy, confectionery* and *chewing gum*, from points in Massachusetts and Connecticut to points in Illinois, Iowa, Kansas, Missouri, Nebraska, Minnesota, Wisconsin, and Denver, Colo., and *empty containers or other such incidental facilities* (not specified), used in transporting the above commodities on return. Applicant is authorized to conduct operations in Arkansas, Colorado, Connecticut, Delaware, District of Columbia, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Jersey, Ohio, Pennsylvania, Rhode Island, and Wisconsin.

HEARING: September 17, 1958, at the New Post Office and Court House Building, Boston, Mass., before Examiner Donald R. Sutherland.

No. MC 110284 (Sub No. 7), filed May 15, 1958. Applicant: H. W. MILLER TRUCKING COMPANY, A Corporation, Hillsboro Road, P. O. Box 605, West Durham Station, Durham, N. C. Applicant's attorney: A. W. Flynn, Jr., 201–204 Jefferson Building, Greensboro, N. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Prefabricated and precut building and houses*, complete, knocked down, or in sections, and *all component parts necessary to the construction, erection or completion of such buildings and houses*, from Durham, N. C., to points in Florida, Tennessee, Vir-

ginia, and Maryland, and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application on return. Applicant is authorized to conduct operations in Georgia, Maryland, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia.

HEARING: September 3, 1958, at the North Carolina Utilities Commission State Library Building, Morgan Street, Raleigh, N. C., before Examiner Harold W. Angle.

No. MC 111159 (Sub No. 57), filed June 13, 1958. Applicant: MILLER TRANSPORTERS, LTD., a Corporation, Highway 80 West, P. O. Box 1123, Jackson, Miss. Applicant's attorney: Phineas Stevens, 900 Milner Building, P. O. Box 141, Jackson, Miss. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Petroleum* and *petroleum products*, in bulk, in tank vehicles, from Memphis, Tenn., to points in Alabama (except that portion on and west and north of a line extending from the Tennessee-Alabama State line along U. S. Highway 31 to Cullman, Ala., thence along Alabama Highway 69 to junction Alabama Highway 18, thence along Alabama Highway 18 to the Alabama-Mississippi State Line), to points in Georgia, points in that portion of Kentucky on and east of U. S. Highway 41, and to points in that portion of Indiana on and south of U. S. Highway 50 and Cincinnati, Ohio, and points in Ohio within 25 miles of Cincinnati. Applicant is authorized to conduct operations in Alabama, Arkansas, Florida, Georgia, Illinois, Kentucky, Louisiana, Mississippi, Missouri, Oklahoma, and Tennessee.

NOTE: Any duplication with present authority to be eliminated.

HEARING: September 24 1958, at the Peabody Hotel, Memphis, Tenn., before Examiner Reece Harrison.

No. MC 111159 (Sub No. 58), filed June 13, 1958. Applicant: MILLER TRANSPORTERS, LTD., a Corporation, Highway 80 West, P. O. Box 1123, Jackson, Miss. Applicant's attorney: Phineas Stevens, 900 Milner Building, P. O. Box 141, Jackson, Miss. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Petroleum* and *petroleum products*, in bulk, in tank vehicles, from points in Warren and Washington Counties, Miss., to points in Arkansas, points in Louisiana on and north of U. S. Highway 84, and those in Tennessee west of the Tennessee River. Applicant is authorized to conduct operations in Alabama, Arkansas, Florida, Georgia, Illinois, Kentucky, Louisiana, Mississippi, Missouri, Oklahoma, and Tennessee.

NOTE: Any duplication with present authority to be eliminated.

HEARING: September 17, 1958, at the Robert E. Lee Hotel, Jackson, Miss., before Examiner Reece Harrison.

No. MC 111434 (Sub No. 15), filed June 23, 1958. Applicant: DON WARD, INC., 720 Equitable Building, Denver 2, Colo. Applicant's attorney: John H. Lewis, The 1650 Grant Street Building, Denver 3, Colo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Sulphuric acid*, in bulk, in tank vehicles, from Rico, Colo., and points within 10 miles thereof to points in Grand and San Juan Counties, Utah. Applicant is authorized to conduct operations in Colorado, Utah, and New Mexico.

HEARING: September 18, 1958, at the Utah Public Service Commission, Salt Lake City, Utah, before Joint Board No. 213, or, if the Joint Board waives its right to participate, before Examiner Leo A. Riegel.

No. MC 111435 (Sub No. 18), filed July 3, 1958. Applicant: C. & E. TRUCKING CORP., R. D. No. 3, Box 4A3, Saugerties, N. Y. Applicant's representative: Bert Collins, 140 Cedar Street, New York 6, N. Y. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Liquid sugar, invert sugar* and *corn syrup*, and *blends or mixtures thereof*, and *flavoring syrup*, in bulk, in tank vehicles, from Pittsburgh, Pa., to points in Virginia, West Virginia, and Ohio, and *rejected, damaged* and *returned shipments* of the above commodities, on return. Applicant is authorized to conduct operations in New York, New Jersey, Maryland, Virginia, Vermont, and Michigan.

HEARING: September 12, 1958, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner David Waters.

No. MC 111677 (Sub No. 2), filed May 22, 1958. Applicant: BELLIPANNI BROTHERS, INC., Highway 82, Indianola, Miss. Applicant's attorneys: Arthur B. Clark, Jr., Indianola, Miss., and Phineas Stevens, Suite 900 Milner Building, P. O. Box 141, Jackson, Miss. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Brick* and *structural tile*, (1) from Indianola, Miss., and points within 10 miles thereof to points in Alabama, Arkansas, Georgia, Louisiana, and Tennessee; (2) from Birmingham and Phoenix City, Ala., and points within 10 miles of each to points in Mississippi, and *empty containers or other such incidental facilities* (not specified) used in transporting the above commodities on return. Applicant is authorized to conduct operations in Louisiana, Arkansas, and Mississippi.

HEARING: September 15, 1958, at the Robert E. Lee Hotel, Jackson, Miss., before Examiner Reece Harrison.

No. MC 112173 (Sub No. 16), filed April 14, 1958. Applicant: BOYD E. RICHNER, INC., 404 Third Avenue, Durango, Colo. Applicant's attorney: John H. Lewis, The 1650 Grant Street Building, Denver 3, Colo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Salt*, in bulk, from points in Utah, and from railheads in Colorado located west of the Continental Divide to Slick Rock, Maybell, Uravan, Naturita, Durango, and Gunnison, Colo., and *empty containers or other such incidental facilities* (not specified) used in transporting salt, from the above-specified destination points to the above-described origin points. Applicant is authorized to conduct regular route operations in Colorado and Wyoming, and irregular route operations in Colorado, New Mexico, Utah, and Wyoming.

HEARING: September 18, 1958, at Utah Public Service Commission, Salt Lake City, Utah, before Joint Board No. 213, or, if the Joint Board waives its right to participate, before Examiner Leo A. Riegel.

No. MC 112330 (Sub No. 3), filed May 26, 1958. Applicant: A. G. OGDEN, P. O. Box 236, Naranja, Fla. Applicant's attorney: Frank B. Hand, Jr., Transportation Building, Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Insecticides, fungicides, pesticides, herbicides* and *fertilizers*, in containers, from points in New Jersey, Delaware, Maryland, Pennsylvania, and Strang, Texas, to points in Florida.

HEARING: September 10, 1958, at the Angebilt Hotel, Orlando, Fla., before Examiner Harold W. Angle.

No. MC 112497 (Sub No. 110), filed May 10, 1958. Applicant: HEARIN TANK LINES, INC., 6440 Rawlins Street, Baton Rouge, La. Applicant's attorney: Harry C. Ames, Jr., Transportation Building, Washington, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Rosin sizing*, in bulk, in tank vehicles, from Hattiesburg, Miss., to points in Louisiana and Texas. Applicant is authorized to conduct operations in Louisiana, Mississippi, Arkansas, Alabama, Georgia, Florida, Tennessee, Texas, New Jersey, Missouri, South Carolina, Kentucky, New York, California, Ohio, Illinois, Indiana, Pennsylvania, Virginia, and North Carolina.

HEARING: September 18, 1958, at the Robert E. Lee Hotel, Jackson, Miss., before Joint Board No. 246, or, if the Joint Board waives its right to participate, before Examiner Reece Harrison.

No. MC 113843 (Sub No. 26), filed June 2, 1958. Applicant: REFRIGERATED FOOD EXPRESS, INC., 316 Summer Street, Boston 10, Mass. Applicant's attorney: James M. Walsh, 316 Summer Street, Boston 10, Mass. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, from Dundee, N. Y., to points in Arkansas, Colorado, Iowa, Kansas, Minnesota, Nebraska, and Oklahoma. HEARING: September 26, 1958, at the Federal Building, Syracuse, N. Y., before Examiner Donald R. Sutherland.

No. MC 114091 (Sub No. 21), filed June 11, 1958. Applicant: DIRECT TRANSPORT COMPANY OF KENTUCKY, INC., 3601 South Seventh Street Road, Louisville, Ky. Applicant's attorney:

Ollie L. Merchant, 712 Louisville Trust Building, Louisville 2, Ky. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Petroleum* and *petroleum products*, as described in Appendix XIII to the report in *Descriptions in Motor Carrier Certificates*, 61 M. C. C. 209, in bulk, in tank vehicles, from points in Butler County, Ohio to points in Indiana, Kentucky, Michigan, Pennsylvania, and West Virginia. Applicant is authorized to conduct similar operations in Arkansas, Illinois, Indiana, Kentucky, Mississippi, North Carolina, Ohio, South Carolina, and Tennessee.

HEARING: September 30, 1958, at the Kentucky Hotel, Louisville, Ky., before Examiner Reece Harrison.

No. MC 114106 (Sub No. 11), filed June 2, 1958. Applicant: MAYBELLE TRANSPORT COMPANY, Box 461, 1820 South Main, Lexington, N. C. Applicant's attorney: Dale C. Dillon, 1825 Jefferson Place, Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid sugar, corn syrup*, and *blends of corn syrup and liquid sugar*, in bulk, in tank vehicles, from Charlotte and Lexington, N. C., to points in Tennessee on and east of a line extending along U. S. Highway 11W from Bristol, Tenn.-Va., to Knoxville, Tenn., thence along U. S. Highway 11 to Chattanooga, Tenn., those in Virginia on and south of U. S. Highway 60, and those in South Carolina and Georgia. Applicant is authorized to conduct operations in North Carolina, South Carolina, Virginia, Georgia, and Tennessee. Applicant is also authorized to operate as a contract carrier by virtue of Permit No. MC 115176. Duplication of authority should be eliminated.

HEARING: September 5, 1958, at the North Carolina Utilities Commission, State Library Building, Morgan Street, Raleigh, N. C., before Examiner Harold W. Angle.

No. MC 114364 (Sub No. 38), filed April 24, 1958. Applicant: WRIGHT MOTOR LINES, INC., 16th and Elm, Rocky Ford, Colo. Applicant's attorney: Marion F. Jones, 526 Denham Building, Denver 2, Colo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Solid carbon dioxide* (Dry Ice), in insulated vehicles, from the site of the Emerald Oil & Carbonia Co. plant, approximately 32 miles south of Las Animas, Colo., to points in Texas; and (2) *Lumber*, from points in Louisiana to points in Colorado, Wyoming, points in Kansas and Nebraska on and west of U. S. Highway 183, points in New Mexico on and north of U. S. Highway 66, and those in San Juan County, Utah, and Moab, Utah. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 23, 1958, at the New Customs House, Denver, Colo., before Examiner Leo A. Riegel.

No. MC 114364 (Sub No. 39), filed July 10, 1958. Applicant: WRIGHT MOTOR LINES, INC., 16th and Elm, Rocky Ford, Colo. Applicant's attorney: Marion F. Jones, Suite 526 Denham Building, Denver 2, Colo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Glass containers*, from Palestine, Tex., to points in Colorado and Wyoming, and those in New Mexico on and north of U. S. Highway 66. Applicant is authorized to conduct operations throughout the United States.

HEARING: September 24, 1958, at the New Customs House, Denver, Colo., before Examiner Leo A. Riegel.

No. MC 114553 (Sub No. 5), filed May 19, 1958. Applicant: DUDLEY TRUCKING COMPANY, INC., 717 Memorial Drive SE., Atlanta 16, Ga. Applicant's attorney: R. J. Reynolds, Jr., 1403 Citizens and Southern National Bank Building., Atlanta 3, Ga. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Bakery products*, from the plant site of Aunt Fanny's Pie Company at Atlanta, Ga., to points in Alabama, Florida, North Carolina, South Carolina, Virginia, and Tennessee, except Chattanooga, and *stale bakery products* and *empty containers or other such incidental facilities* (not specified) used in transporting bakery products on return. Applicant is authorized to transport similar commodities in Georgia, Tennessee, Alabama, Florida, North Carolina, South Carolina, and Virginia.

NOTE: A proceeding has been instituted under section 212 (c) to determine whether applicant's status is that of a contract or common carrier in No. MC 114553 (Sub No. 3).

HEARING: September 16, 1958, at 680 West Peachtree Street NW., Atlanta, Ga., before Examiner Harold W. Angle.

No. MC 114939 (Sub No. 10), filed May 28, 1958. Applicant: BULK CARRIERS LIMITED, Box 368, Sarnia, Ontario, Canada. Applicant's attorney: Walter N. Bieneman, Guardian Building, Detroit 26, Mich. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Malt vinegar*, in bulk, in tank vehicles, from ports of entry on the boundary between the United States and Canada at Buffalo, Niagara Falls, and Rockport, N. Y., and Port Huron and Detroit, Mich., to points in Massachusetts, New York, Connecticut, Pennsylvania, New Jersey, Maryland, Ohio, Indiana, Illinois, and Wisconsin. Applicant is authorized to conduct operations from and to specified ports of entry on the United States-Canadian boundary from and to specified points in Michigan, and from specified ports of entry in Michigan to points in Illinois, Indiana, Michigan, and Ohio.

NOTE: Applicant states the proposed operation is to be restricted to traffic originating in Canada.

HEARING: October 1, 1958, at the Hotel Buffalo, Washington and Swan Streets, Buffalo, N. Y., before Examiner Donald R. Sutherland.

No. MC 115001 (Sub No. 2), filed May 19, 1958. Applicant: WESTERN OIL TRANSPORTATION CO., INC., 611 West Texas Street, Midland, Tex. Applicant's attorneys: Thomas E. James and Charles D. Mathews, 1020 Brown Building, P. O. Box 858, Austin, Tex. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fracturing fluids*, in bulk, in tank vehicles, from Hobbs, N. Mex., to points in Lea, Chaves, Roosevelt, Eddy, and Curry Counties, N. Mex., and to points in Terry, Gaines, Yoakum, Andrews, Pecos, Reeves, Crockett, Upton, Midland, Howard, Martin, Ector, Winkler, Hockley, and Cochran Counties, Tex. Applicant is authorized to transport crude oil in New Mexico and Texas.

NOTE: Applicant states that the proposed service will be conducted from point of supply or storage to actual well locations located in the above-described counties.

HEARING: October 1, 1958, at the New Mexico State Corporation Commission, Santa Fe, N. Mex., before Joint Board No. 33, or, if the Joint Board waives its right to participate, before Examiner Leo A. Riegel.

No. MC 115322 (Sub No. 10), filed May 26, 1958. Applicant: J. M. BLYTHE, doing business as J. M. BLYTHE MOTOR LINES, P. O. Box 489, Sanford, Fla. Applicant's attorney: Frank B. Hand, Jr., Transportation Building, Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, from points in Florida to points in Connecticut, Rhode Island, Delaware, Massachusetts, New Hampshire, Vermont, and Maine. Applicant is authorized to conduct operations in Alabama, Florida, Georgia, Maine, New Hampshire, New York, North Carolina, Pennsylvania, South Carolina, Vermont, and Virginia.

NOTE: Applicant states he will surrender any duplication authority.

HEARING: September 8, 1958, at the Angebilt Hotel, Orlando, Fla., before Examiner Harold W. Angle.

No. MC 115606 (Sub No. 3), filed May 29, 1958. Applicant: NORTH CREEK TRUCKING, INC., North Creek, N. Y. Applicant's attorney: John J. Brady, Jr., 75 State Street, Albany 7, N. Y. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Rough lumber*, (1) from points in Essex, Warren, Herkimer, Onondaga, Otsego, Lewis, Washington, Delaware, Franklin, Hamilton, Saratoga, Madison, and Clinton Counties, N. Y., and those in Vermont and Massachusetts to points in Maryland, North Carolina, South Carolina, Virginia, Ohio, Rhode Island, Tennessee, Michigan, Indiana, New York, Georgia, and Washington, D. C., (2) from points in Rensselaer, Washington, Saratoga and Clinton Counties, N. Y. to points in New York, New Jersey, Pennsylvania, Massachusetts, Connecticut, New Hampshire, Maine, Vermont, and Rhode Island; (3) from the ports of entry at Rouses Point, Champlain, Cornwall, and Niagara Falls, N. Y., on the international boundary line between the United States and Canada to points in New York, New Jersey, Pennsylvania, Rhode Island, Massachusetts, New Hampshire, Vermont, Connecticut, and Maine; (4) from points in Ohio to points in New York, Massachusetts, and New Jersey; (5) from points in Virginia, Georgia, Tennessee, North Carolina, South Carolina, and Maryland to points in New York, Massachusetts, New Hampshire, and New Jersey; *Baled shavings*, from points in Hartimer, Essex, Warren, and Washington Counties, N. Y., to points in New York, New Jersey, Massachusetts, Pennsylvania, New Hampshire, Connecticut, Maine, and Rhode Island. Applicant is authorized to conduct contract carrier operations by virtue of Permit No. MC 114411. A proceeding has been instituted under section 212 (c) to determine whether applicant's status is that of a contract or common carrier in MC 114411 (Sub No. 1).

HEARING: September 24, 1958, at the Federal Building, Albany, N. Y., before Examiner Donald R. Sutherland.

No. MC 116038 (Sub No. 5), filed June 10, 1958. Applicant: NORTHERN MOTOR CARRIERS, INC., Route 9, Saratoga Road, Fort Edward, N. Y. Applicant's attorney: Harold G. Hernly, 1624 Pye Street NW., Washington 6, D. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cinders, shale or slate*, in dump trailers, from Cohoes, N. Y., to points in New Jersey, Pennsylvania, Maine, Massachusetts, Vermont, Connecticut, Rhode Island, and New Hampshire. Applicant is authorized to conduct operations in New York, New Jersey, Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont, and Pennsylvania.

HEARING: September 25, 1958, at the Federal Building, Albany, N. Y., before Examiner Donald R. Sutherland.

No. MC 116045 (Sub No. 6), filed May 19, 1958. Applicant: NEUMAN TRANSIT CO., INC., P. O. Box 31, Rawlins, Wyo. Applicant's attorney: Robert S. Stauffer, 1510 East 20th Street, Cheyenne, Wyo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Sulphuric acid*, in bulk, in tank vehicles, from Riverton, Wyo., and points within five miles of Riverton, to points in South Dakota, and *contaminated and rejected shipments* of the above-specified commodity on return. Applicant is authorized to operate in Colorado and Wyoming.

HEARING: September 11, 1958, at the Wyoming Public Service Commission, Supreme Court and State Library Building, Cheyenne, Wyo., before Joint Board No. 183, or, if the Joint Board waives its right to participate, before Examiner Leo A. Riegel.

No. MC 116564 (Sub No. 1), filed July 18, 1958. Applicant: LEWIS W. McCURDY AND MARGARET J. McCURDY, doing business as McCURDY'S TRUCKING CO., 571 Unity Street, Latrobe, Pa. Applicant's attorney: Paul F. Sullivan, 1821 Jefferson Place, N.W., Washington 6, D. C. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Malt beverages*, in containers, from Latrobe, Pa., to points in Maryland (except Baltimore, Aberdeen, and Capitol Heights, Md.), Akron and Cleveland, Ohio, Detroit and Monroe, Mich., and Elmira and Olean, N. Y., and *empty containers or other such incidental facilities* (not specified) used in transporting Malt beverages on return. Applicant is authorized to transport similar commodities in Delaware, Maryland, and Pennsylvania.

HEARING: September 16, 1958, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner James I. Carr.

No. MC 116722 (Sub No. 5), filed June 23, 1958. Applicant: DENVER-CLIMAX TRUCK LINE, INC., 5460 Colorado Boulevard, P. O. Box 6735, Denver 16, Colo. Applicants attorney: John H. Lewis, The 1650 Grant Street Building, Denver 3, Colo. Authority sought to operate as a *common carrier*, by motor vehicle, over a regular route, transporting: *General commodities*, including *Class A and B explosives, articles of unusual value*, and *household goods as defined by the Commission*, but excluding commodities in bulk, in tank vehicles, and those requiring special equipment, between Denver, Colo., and Leadville, Colo., from Denver over U. S. Highway 6 to junction Colorado Highway 91, thence over Colorado Highway 91 to Leadville, and return over the same route, serving all intermediate points west of the Continental Divide except Kokomo and Climax, Colo., and serving the off-route points of Breckenridge and Montezuma, Colo., but restricted against traffic moving between the terminal points of Denver and Leadville, Colo. Applicant is authorized to conduct operations in Colorado.

NOTE: Applicant states that the purpose of the instant application is to add all intermediate points west of the Continental Divide, except those points presently authorized to applicant and to add the off-route points of Breckenridge and Montezuma, Colo. Duplication with present authority to be eliminated.

HEARING: September 25, 1958, at the New Customs House, Denver, Colo., before Joint Board No. 126, or, if the Joint Board waives its right to participate, before Examiner Leo A. Riegel.

No. MC 116979 (Sub No. 2), filed May 23, 1958. Applicant: LAICO TERMINAL WAREHOUSE, INC., Industrial Road, Carlstadt, N. J. Applicant's attorney: Jerome L. Kessler, 55 Commerce Street, Newark 2, N. J. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Such merchandise as is dealt in by wholesale and retail appliance stores*, from Carlstadt, N. J., to New York, N. Y., and points in Nassau, Orange, Rockland, Suffolk, and Westchester Counties, N. Y., and *returned, repossessed and trade-in shipments* of the above-described commodities on return.

NOTE: Applicant states the proposed service is under a continuing contract with Vim Electric Co., Inc.

HEARING: September 22, 1958, at 346 Broadway, New York, N. Y., before Examiner Allen W. Hagerty.

No. MC 117246 (Sub No. 2), filed June 23, 1958. Applicant: MARINE EXPRESS CO., INC., Reidy Place, Greenwood Lake, Hewitt, N. J. Applicant's representative: A. David Milliner, 1060 Broad Street, Newark 2, N. J. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Boats*, uncrated, (1) from Manistee, Mich., to points in Connecticut, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, and the District of Columbia; (2) from Peekskill, N. Y., to points in Ohio, Michigan, and Indiana, and those in Pennsylvania on and west of U. S. Highway 15; (3) from Trenton, N. J., to points in Ohio and Michigan.

HEARING: September 16, 1958, at 346 Broadway, New York, N. Y., before Examiner Allen W. Hagerty.

No. MC 117312, filed March 31, 1958. Applicant: DENNIS CARRUTHERS, doing business as TRUCK EQUIPMENT AND SUPPLY, 363 Loma Vista, Torrington, Wyo. Applicant's attorney: Robert S. Stauffer, 1510 East 20th Street, Cheyenne, Wyo. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Beer and other malt beverages, malt beverage containers and cartons, advertising matter*, and *brewery products moving incidental to the movement of malt beverages*, from Minneapolis and St. Paul, Minn., Omaha, Nebr., St. Louis, Mo., and Milwaukee, Wis., to points in Wyoming, and *empty containers or other such incidental facilities* (not specified) used in transporting the above-specified commodities and advertising matter on return; and (2) *Bentonite* and *bentonite products*, from Casper and Upton, Wyo., to Minneapolis and St. Paul, Minn., St. Louis and Kansas City, Mo., Chicago, Ill., Milwaukee, Wis., Tulsa and Oklahoma City, Okla., and Kokomo, Ind.

HEARING: September 12, 1958, at the Wyoming Public Service Commission, Supreme Court and State Library Building, Cheyenne, Wyo., before Examiner Leo A. Riegel.

No. MC 117344 (Sub No. 8) (CORRECTION), filed July 7, 1958, published in the FEDERAL REGISTER July 23, 1958, at page 5596. Applicant: THE MAXWELL CO., 2200 Glendale-Milford Road, Cincinnati 15, Ohio. Applicant's attorney: Herbert Baker, 50 West Broad Street, Columbus 15, Ohio. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Sugar*, in bulk, in tank or hopper-type trucks, from Cincinnati, Ohio to points in Indiana, and Kentucky, and *empty containers or other such incidental facilities* (not specified) used in transporting the above commodities on return. The purpose of this republication is to include the State of Kentucky as a destination territory which was inadvertently omitted in the July 23, 1958 issue. Applicant is authorized to conduct operations as a contract carrier in Alabama, Arkansas, Georgia, Illinois, Indiana, Kentucky, Maryland, Michigan, Mississippi, Missouri, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin.

NOTE: A proceeding has been instituted under section 212 (c) to determine whether applicant's status is that of a contract or common carrier in MC 50404 (Sub No. 55).

HEARING: Remains as assigned September 25, 1958, in the New Post Office Building, Columbus, Ohio, before Joint Board No. 208.

No. MC 117355 (Sub No. 1), filed July 22, 1958. Applicant: JESSE A. KRONINGER, INC., R. D. No. 1, Mertztown, Pa. Applicant's attorney: Christian V. Graf, 11 North Front Street, Harrisburg, Pa. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Coal*, in bulk, from points in Northumberland County, Pa., to points in New York, New Jersey, Delaware, and Maryland.

HEARING: September 17, 1958, at the Offices of the Interstate Commerce Commission, Washington, D. C., before Examiner Harold P. Boss.

No. MC 117370 (REPUBLICATION AND CLARIFICATION), filed April 28, 1958. Applicant: JACK STAFFORD, doing business as STAFFORD TRUCKING, 1137 North 45th Street, Milwaukee, Wis. Applicant's attorney: Claude J. Jasper, One West Main Street, Madison 3, Wis. The subject application was previously published in the FEDERAL REGISTER, issue of May 21, 1958, at page 3479, under those applications in which handling without oral hearing is requested. By Order dated July 1, 1958, the proceeding was reopened for oral hearing and transferred to the hearing docket. The application seeks authority to transport, as a *common carrier*, over irregular routes: *Foundry sand*, in bulk, in a non-radial operation, between points in the States of Wisconsin, Michigan, Indiana, Illinois, and Iowa, as follows: (1) all points in Wisconsin, (2) that part of the upper peninsula of Michigan on and west of U. S. Highway 41, from Menominee, Mich., to Marquette, Mich., and in the lower peninsula of Michigan, commencing at Lake Michigan, at or near Grand Haven, Mich., thence on a line due east a distance of a few miles, to the junction of U. S. Highway 31 and Michigan Highway 50, thence along Michigan Highway 50 to Grand Rapids, Mich., thence along U. S. Highway 131 to the Michigan-Indiana State line, at or near Cassopolis, Mich., (3) points in Indiana from the Indiana-Michigan State line at or near Elkhart, Ind., and extending along Indiana Highway 15 to its junction with Indiana Highway 14, thence along Indiana Highway 14 to its junction with Indiana Highway 10, and thence along Indiana Highway 10 to the Illinois State line at or near Lowell, Ind., (4) points in Illinois from the Illinois-Indiana State line at or near Momence, Ill., thence along Illinois Highway 17 to the Iowa-Illinois State line, at or near New Boston, Ill. (erroneously shown as Illinois-Indiana State line in previous publication), (5) points in Iowa from the Illinois-Iowa State line at or near Muscatine, Iowa, over Iowa Highway 22 to its junction with U. S. Highway 218, thence over U. S. Highway 218 to Cedar Rapids, Iowa, thence over U. S. Highway 151 to, and including Dubuque, Iowa, at the tri-state junction of Iowa, Wisconsin, and Illinois.

HEARING: September 9, 1958, at the Wisconsin Public Service Commission, Madison, Wis., before Examiner Richard H. Roberts.

No. MC 117390 (Sub No. 1), filed May 19, 1958. Applicant: G. L. WHITEHEAD AND SON, INC., 207 New Britain Avenue, Hartford, Conn. Applicant's attorney: Hugh M. Joseloff, 410 Asylum Street, Hartford 3, Conn. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wrecked, disabled, and repossessed motor vehicles and trailers*, in driveaway and truckaway service, with transportation of replacement motor vehicle to point of wreck, damage, or disablement, between points in Connecticut, on the one hand, and, on the other, points in Rhode Island, Massachusetts, Vermont, New Hampshire, Maine, New York, New Jersey, and Pennsylvania.

HEARING: September 9, 1958, at the U. S. Court Rooms, Hartford, Conn., before Examiner Donald R. Sutherland.

No. MC 117407, filed may 20, 1958. Applicant: TERRY'S AUTO SALVAGE, INC., 170 Mystic Avenue, Medford, Mass. Applicant's attorney: Jeanne M. Hession, 64 Harvest Street, Dorchester, Mass. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Used, disabled, and junk automobiles and motor vehicles*, between points in Massachusetts, Connecticut, New Hampshire, Vermont, Maine, Rhode Island, New Jersey, New York, and Pennsylvania.

HEARING: September 12, 1958, at the New Post Office and Court House Building, Boston, Mass., before Examiner Donald R. Sutherland.

No. MC 117418, filed May 26, 1958. Applicant: GUS FRASK, EDWARD RZONCA AND WALTER VOYTUS, doing business as G. E. & W. TRUCKING CO., 37–25 58th Street, Woodside 77, N. Y. Applicant's attorney: Irving Abrams, 1776 Broadway, New York 19, N. Y. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Uncrated new furniture*, from New York, N. Y., to points in Fairfield, Litchfield, New Haven, Hartford, and Middlesex Counties, Conn., and points in Bergen, Passaic, Hudson, Union, Essex, Morris, Somerset, Middlesex, Mercer, and Monmouth Counties, N. J., and *returned, refused, rejected and damaged shipments of uncrated new furniture* on return. Applicant holds contract carrier authority in Permit No. MC 101362 to transport the above commodity between New York, N. Y., on the one hand, and, on the other, points in New Jersey within 35 miles of New York, N. Y.

NOTE: Applicant states it consents to the cancellation of its present Permit if the authority requested is granted. A proceeding has been instituted under section 212 (c) of the Interstate Commerce Act to determine whether applicant's status is that of a contract or common carrier, assigned Docket No. MC 101362 (Sub No. 1).

HEARING: September 22, 1958, at 346 Broadway, New York, N. Y., before Examiner Allen W. Hagerty.

No. MC 117434, filed June 2, 1958. Applicant: LEONARD TRUCK RENTING CORP., 607–615 Sackett Street, Brooklyn, N. Y. Applicant's attorney: Herbert Burstein, 160 Broadway, New York 38, N. Y. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Corrugated paper boxes and products*, and *empty containers or other such incidental facilities* used in transporting the commodities specified, between points in Westchester, Ulster, Rockland, Putnam, Sullivan, Dutchess, Nassau, Suffolk, Orange, Greene, Columbia, Richmond, Kings, Queens, New York, Atlantic, Salem, Ocean, Monmouth, Camden, Warren, Bergen, Hunterdon, Passaic, Gloucester, Sussex, Cape May, Hudson, Burlington, Cumberland, Middlesex, Essex, Morris, Somerset, Union, and Mercer Counties, New Jersey, Hartford, New Haven, Litchfield, Fairfield, and Middlesex Counties, Connecticut, and Montgomery, Northampton, Delaware, Berks, Carbon, Lehigh, Wayne, Pike, Chester, Bucks, Schuylkill, Monroe, and Philadelphia Counties, Pennsylvania.

HEARING: September 23, 1958, at 346 Broadway, New York, N. Y., before Examiner Allen W. Hagerty.

No. MC 117435, filed June 2, 1958. Applicant: EUGENE YORK, doing business as GENE YORK TRUCKING, 4136 Cane Run Road, Louisville, Ky. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Lumber, building materials*, and *materials* used in the construction of farm buildings, between points in Kentucky, Tennessee, Arkansas, Georgia, Mississippi, Alabama, Indiana, Ohio, Illinois, and Michigan.

HEARING: September 29, 1958, at the Kentucky Hotel, Louisville, Ky., before Examiner Reece Harrison.

No. MC 117437, filed June 4, 1958. Applicant: WHITNEY POINT TRACTOR, INC., Route 11, Whitney Point, N. Y. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors, accessories* and *attachments*, and parts for tractors, in the same vehicle with tractors, *farm implements, lumber, machinery*, and *implements*, between Whitney Point, Buffalo, and Syracuse, N. Y., Churubusco, Ind., Rockford and Rock Island, Ill., Burlington, Iowa, Racine, Wis., points in New York, Pennsylvania, Ohio, Massachusetts, Vermont, New Hampshire, Connecticut, and Rhode Island. Applicant states J. L. Case Co. factories are located in the above-specified points in Indiana, Illinois, Iowa, and Wisconsin. Applicant states it wishes to pick up machinery at these factories and deliver to dealers in the eight States last named above.

HEARING: September 29, 1958, at the Federal Building, Syracuse, N. Y., before Examiner Donald R. Sutherland.

No. MC 117446, filed June 10, 1958. Applicant: VAN D. GRADY, P. O. Box 1349, Hattiesburg, Miss. Applicant's attorney: Rubel L. Phillips, 829 Deposit Guaranty Bank Building, Jackson, Miss. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Machinery, materials, equipment*, and *supplies*, incidental to or used in the construction, development, operation, and maintenance of facilities for the discovery, development, and production of natural gas, oil, and petroleum; and *machinery, materials, equipment*, and *supplies* used in, or in connection with, the construction, operation, repair, servicing, maintenance, and dismantling of pipe lines, between points in Mississippi and Louisiana.

HEARING: September 16, 1958, at the Robert E. Lee Hotel, Jackson, Miss., before Joint Board No. 28, or, if the Joint Board waives its right to participate, before Examiner Reece Harrison.

No. MC 117461, filed June 17, 1958. Applicant: KENNETH RIVERBARK, 307 North Frisco Street, Warsaw, N. C. Applicant's attorney: A. Mitchell Britt, Warsaw, N. C. Authority sought to operate as a *contract carrier*, by motor vehicle, over a regular route, transporting: *Agricultural chemicals*, in drums or cans, and *insecticides*, including insecticide dust, in boxes or cans, and *empty containers* or other such incidental facilities (not specified) used in transporting the above-specified commodities, between Warsaw, N. C., and Charleston, S. C., from Warsaw over U. S. Highway 117 in a southerly direction to Wilmington, N. C., thence over U. S. Highway 17 to Charleston, thence in a northerly direction over U. S. Highway 52 to junction Alternate U. S. Highway 17, at Monks Corner, S. C., thence over Alternate U. S. Highway 17 to junction U. S. Highway 17 at Georgetown, S. C., thence over U. S. Highway 17 to Wilmington, N. C., thence over U. S. Highway 117 to Warsaw, serving no intermediate points.

NOTE: Applicant states that the proposed service will be performed for Carter Insecticide and Chemical Company, located in Wallace, N. C.

HEARING: September 3, 1958, in the North Carolina Utilities Commission State Library Building, Morgan Street, Raleigh, N. C., before Joint Board No. 2, or, if the Joint Board waives its right to participate, before Examiner Harold W. Angle.

No. MC 117474, filed June 23, 1958. Applicant: R. L. MARTIN AND R. D. STURDIVANT, doing business as M & S TRANSPORT, 528 South Salisbury Street, Raleigh, N. C. Applicant's attorney: Bailey and Dixon, P. O. Box 1773, Seventh floor, Raleigh Building, Raleigh, N. C. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Lumber*, except plywood and veneer, from points in North Carolina to points in Virginia, Maryland, New Jersey, New York, Connecticut, and Ohio, and *empty containers or other such incidental facilities* (not specified) used in transporting the above-specified commodities on return.

HEARING: September 4, 1958, at the North Carolina Utilities Commission State Library Building, Morgan Street, Raleigh, N. C., before Examiner Harold W. Angle.
